GOOD FRIDAY — CLOSED FROM 12:00 to 3:00 P. M.

Card of Thanks

We wish to thank the nurses and the doctors at the Charlevoix Hospital and all of our friends and relatives who helped us during my wifes recent illness. Your many kindnesses are deeply appreciated.

Floyd and Eve Wagner 12c

Card of Thanks

I would like to express my thanks and appreciation to my friends for the cards and letters I received while I was in the hospital and also to Dr. Saltonstall and Dr. Grate and the nurses for their kindness and care. Also to the ministers for their calls and prayers and those who visited me.

Mrs. Raymond Stafford 12x

COURIER WANT ADS DO THE BUSINESS

Five Crop Tests Conducted Last Year By Farmer Vets

There were five different demonstrations conducted by veterans in cooperation with the Veterans' Institute in Charlevoix County.

These were corn varieties, oats and barley varieties with Harrison Warner, oats varieties with Howard Crouterfield, fertilizer rates with Harold Thomas and also with Roy Megee.

The corn varieties used were: Kingscrost KE 3; Master F 21; United U 20; Wisconsin 255; Michigan 11 A; De Kalb 56; Michigan 51 B.

The classes harvested measured areas of the corn on October 23 and made computations for moisture content and bushels of shelled corn per acre at 15½% moisture content.

	% moisture	Bu. per. A. at 15½% moisture
KE 3	32.2	48.7
F 21	32.7	53.2
U 20	31.8	42.0
De Kalb 56	42.5	49.0
Michigan 11A	35.2	57.8
Michigan 51B	36.7	64.7
Wisconsin 255	36.0	49.2

The Oat varieties used were Eaton, Kent, Clinton, Bonham, and Bonda.

For last year — the varieties Eaton and Bonda gave the best yields.

The Barley varieties were Wisconsin 38, Bay and Moore. The Moore variety is a new variety and it showed better ability to stand without the heads breaking over and shattering. The yield was better than Wisconsin 38.

* * *

THE FERTILIZER demonstrations with Harold Thomas and Roy Magee were on grass to show the effects of Nitrogen on growth.

Ammonium Nitrate and 10-10-10 fertilizer was used on grass and 0-20-20 on alfalfa brome and pasture.

Rates used were 10-10-10 at 400 lbs per acre and Ammonium Nitrate (33%) at 250 lbs. per acre 0-20-20 at 400 lbs. per acre.

The ammonium nitrate gave the best results in growth of the grass, also it gave the greenest color.

* * *

THE 0-20-20 on pasture promoted the growth of white Dutch Clover and thickened the stand.

Nearly all of the veterans tried out some new variety of crop or different rates of application of fertilizer or two or more different analysis of fertilizers.

Lloyd Cummings applied 0-20-0 at the rate of 200 lbs. per acre on half of his alfalfa field after the first cutting.

In the fall the half receiving the phosphate was green and several inches taller than the untreated half. The untreated half was yellowish in color and went into the winter in poor condition.

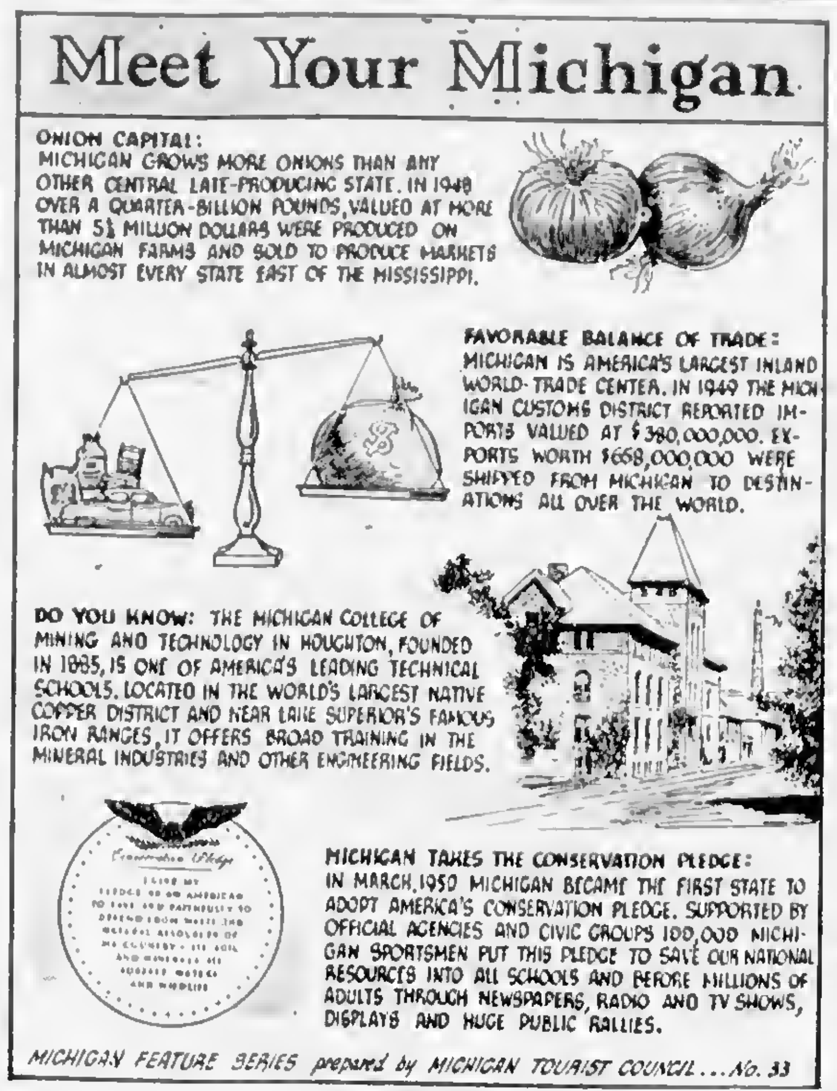
Field trips by the classes were made to these demonstrations during the growing season to make observations on the crops in the field.

Undulant Fever Hits Without Warning

Thousands of Michigan people have undulant fever and don't even know it, Dr F. S. Leeder, director of disease control, Michigan department of Health said today.

Many people have undulant fever or Brucellosis, as it is properly called, who simply feel tired, worn-out, depressed and uneasy. Their symptoms may include headache, aching joints and muscles, chills and fever, listlessness, loss of appetite, sweating, sleeplessness or numbness in the arms and legs. The fever shows up in the acute stage of the illness when it may range from 101 to 104 degrees in a wavelike succession which gives the disease its common name.

Meet Your Michigan



ONION CAPITAL: MICHIGAN GROWS MORE ONIONS THAN ANY OTHER CENTRAL LATE-PRODUCING STATE. IN 1948 OVER A QUARTER-BILLION POUNDS, VALUED AT MORE THAN 5½ MILLION DOLLARS WERE PRODUCED ON MICHIGAN FARMS AND SOLD TO PRODUCE MARKETS IN ALMOST EVERY STATE EAST OF THE MISSISSIPPI.

FAVORABLE BALANCE OF TRADE: MICHIGAN IS AMERICA'S LARGEST INLAND WORLD-TRADE CENTER. IN 1949 THE MICHIGAN CUSTOMS DISTRICT REPORTED IMPORTS VALUED AT $380,000,000. EXPORTS WORTH $668,000,000 WERE SHIPPED FROM MICHIGAN TO DESTINATIONS ALL OVER THE WORLD.

DO YOU KNOW: THE MICHIGAN COLLEGE OF MINING AND TECHNOLOGY IN HOUGHTON, FOUNDED IN 1885, IS ONE OF AMERICA'S LEADING TECHNICAL SCHOOLS. LOCATED IN THE WORLD'S LARGEST NATIVE COPPER DISTRICT AND NEAR LAKE SUPERIOR'S FAMOUS IRON RANGES, IT OFFERS BROAD TRAINING IN THE MINERAL INDUSTRIES AND OTHER ENGINEERING FIELDS.

MICHIGAN TAKES THE CONSERVATION PLEDGE: IN MARCH, 1950 MICHIGAN BECAME THE FIRST STATE TO ADOPT AMERICA'S CONSERVATION PLEDGE. SUPPORTED BY OFFICIAL AGENCIES AND CIVIC GROUPS 100,000 MICHIGAN SPORTSMEN PUT THIS PLEDGE TO SAVE OUR NATIONAL RESOURCES INTO ALL SCHOOLS AND BEFORE MILLIONS OF ADULTS THROUGH NEWSPAPERS, RADIO AND TV SHOWS, DISPLAYS AND HUGE PUBLIC RALLIES.

MICHIGAN FEATURE SERIES prepared by MICHIGAN TOURIST COUNCIL . . . No. 33

States Stepping Up Lures for Tourist Dollars, Surveys Show

Competition among the states for tourist dollars reached a new high during the 1950 summer season, according to Robert J. Furlong, executive secretary of the Michigan Tourist Council.

"Five years ago two-thirds of the states were spending public funds for tourist advertising. This year all but two had legislative appropriations for this purpose," Furlong said.

He pointed out that Michigan was one of the first to recognize the potentialities of the tourist industry as a source of revenue and for some three decades has promoted its vacation attractions. This long history of advertising and promoting established for the state a clientele among the nation's tourists which meant "repeat business" year after year.

* * *

FURLONG WARNED, however, that serious inroads are being made on that clientele as a result of the new competition from other states. "Not only are more states than ever before promoting themselves, but the advertising budgets of our old competitors are larger than they have ever been," he said. "Those of Canada and Mexico have also reached new highs."

Referring to a nation-wide survey by the Crowell-Collier Publishing Co., Furlong commented that Michigan ranked third in the number of tourists entertained in 1949. While the state maintained this enviable position among the leaders, it dropped to 13th place in the amount of state appropriations for tourists promotion.

The unprecedented competition among the states is due to a realization that the tourist industry has become and will remain a vital factor in the general economy of each state and of the nation, according to the Council officials.

"It is true," he said, "that bad weather had a crippling effect on the industry in Michigan and throughout the Midwest during the past summer season. But this by no means implies that a permanent downward trend is under way. America has acquired the vacation habit and there is every reason to believe that the habit is a permanent one."

To support his statement, Furlong referred to a report of the Automobile Manufacturers Association which shows that about nine in every ten job holders in the nation are now covered by some type of vacation payment plan. Public health authorities, he said, have gone on record with the statement that vacations constitute one of the biggest factors in checking the increase in mental and physical ills.

Mar. 25-31 Is National Wildlife Restoration Week

School children, farmers, sportsmen's clubs, garden and nature clubs, and other conservation-minded groups will join in statewide observance of National Wildlife Restoration Week, March 25-31.

Special emphasis this year will be give to the nation's most basic conservation problems, soil conservation.

Governor Williams urges participation of all Michigan citizens "that they may become more aware of the need for conserving and restoring Michigan's natural resources, and learn how they can help in that important phase of good citizenship."

The 14th annual observance of the week, originally established by Presidential proclamation in 1938, is sponsored by the National Wildlife Federation.

Michigan United Conservation Clubs are arranging special meetings and programs throughout the state.

Autos Take Toll Of State Game

Jackson — Getting across the highway is hazardous business for wildlife having to compete with fast driving motorists.

Forty-eight pieces of road-killed game were observed along the 82-mile stretch of U.S. 12 from Paw Paw to Jackson by conservation department field man, Russell Patterson. Included were 34 muskrats, five rabbits, five skunks, two squirrels, one raccoon and one opossum.

Seasonal move of the yearlings to find mates and "stake out new territories" appears to be ealier this year.

Invest In The
Electric Light and Power Industry

Year after year, many of our clients systematically add to their holdings in the utility industry. Its record of continuous dividends indicates a consistent and satisfactory investment return.

We have prepared, and will gladly mail to you, a report giving information which demonstrates the stability of these companies. These utility stocks yield about 6% on an investment, based on the current market prices and the past year's dividend rates. We maintain active markets on the securities, either buying or selling, at all times.

The American Way
BEER
AMERICA'S BEVERAGE OF MODERATION

Table tennis is a popular indoor pastime in all parts of Michigan. And after a fast, friendly game or two . . . it's "The American Way" to treat yourself to a cool, sparkling glass of Michigan brewed beer.

For beer belongs . . . to pleasant living, to good fellowship, to sensible moderation. And our right to enjoy it, this too, belongs . . . to our own American heritage of personal freedom. Beer Belongs . . . Enjoy It

IRONTON

Mrs. Robert King

If old signs and sayings are true, winter must be on the run, for a huge flock of wild geese passed over Ironton last Wednesday. Mrs. Colwell says they were really flying low. They will get a cold reception here, won't they?

Mrs. Colwell was pleasantly surprised on Wednesday when her daughter and son-in-law, Mr. and Mrs. A. Walton came; bringing some of her old friends, Mrs. Rebecca Clark and Mrs. P. A. Clemmons from Central Lake.

Another of our neighbors out here who had a very nice surprise was Mrs. Elwyn Johnson. She had a telephone call from her son, Edward Ward, and her two daughters, Mrs. Harry Oberlander and Mrs. Robert Wetherbee all of Three Rivers. Some of you may remember Ed when he lived here in 1949 and went to high school. He is doing nicely in Three Rivers and expects to return home for a visit when the weather permits. He says hello to all his friends.

Mrs Sue Myers and a friend spent the week-end in Ironton and Charlevoix—fishing and just visiting. Sue is now in Ann Arbor.

Mr. and Mrs. Pete Bennett spent one evening last week with Mr and Mrs. Fred Willis in Charlevoix.

Mrs. Hilda Alexander left for Detroit Thursday for a short visit. She will return with Mr. Alexander and Mr. Paul next week.

Mrs. Tom Sarna was taken to Petoskey Little Traverse hospital Thursday by Mrs. Pete Bennett. While she is away little Tommy will stay with Mrs. Geer and Larry with Mrs. Bennett. Get well soon Betty.

Mr. and Mrs. Elwyn Johnson spent Saturday evening with Mr. and Mrs. Aloy Worth, playing canasta and then they all enjoyed home made ice cream and what was left of Mr. Worth's birthday cake and coffee.

On Sunday Mr. and Mrs. Worth were with the Johnson's for a real old fashioned chicken dinner and all the trimmings. The afternoon was spent playing cards and they finished all that "wonderful ice cream", doesn't that make you hungry?

Ernie Brown has all those "cute little buckets" on the trees again, has had for a week now I guess, but we need lots of warm days and cold nights before they'll fill up very quickly. It must be wonderful to see them make the syrup. But then it tastes pretty wonderful too. Hope you make lots of it this year, Ernie and Mac.

A nice letter came this week from Margie and Don Feagan. They wish to be remembered to all their friends. They are in Orlando, Fla. and say they have a wonderful tan. Elsie and Jerry Scudder are near Daytona Beach and they see the Feagans often.

The Ladies Aid met this week with Mrs. Melvin Jones. There were five ladies to work on the aprons and pot holders. They discussed making bandages for cancer patients. Mrs. Jones then served the ladies cherry cake and tea.

Due to Easter, there will not be aid this week. They will meet March 29th with Mrs. John Knudson.

Mr. and Mrs. Pete Bennett had dinner with Mr. Bennett's mother Tuesday in East Jordan, at the home of another son, Dan. It was her 85th birthday and they held open house all day. She received many callers and lovely gifts.

Another brother, Hank, was also present. Mrs. Eva Peterson baked a lovely birthday cake for Mrs. Bennett. Mrs. Bennett has raised nine sons, who are all living but one.

The Geer children have been ill this past week with flu.

The Associated Farm Women met Thursday with Mrs. Oakley Saunders. Twelve ladies attended and discussed plans for the annual banquet of the Junior Farm Bureau.

The County Farm Bureau board of directors met Tuesday night with Oakley Saunders. There were 16 present.

Mr. and Mrs. Glen Williams and daughter are home from their trip to Detroit. Glen says all the shanties are off the ice now and hopes they stay off. The ice is very rotten and fishing is nearly finished until smelt start running.

Mr. and Mrs. Ray Williams and Mrs. Vaughn Orvis left for Detroit Friday morning for a week or longer.

Mr. and Mrs "Sonny" Williams left for Detroit last Wednesday for a short stay.

Mrs. Noel Thompson and daughters are at home again after their trip to Dayton, Ohio. Mrs. Thompson says the weather is beautiful there, grass green and men working in the fields.

The Frank Milwards are anxious to be back, they said in a letter to Glen Williams, and soon will be making plans to start.

The Bob Wilsons were to be here in Ironton this week but called and canceled all their plans Mrs. E. Brown was telling me, but says she expects them most anytime, anyway.

Mr. and Mrs. Harry Foster are in Florida now. Mrs. Foster seems to be feeling much better since they left Little Rock.

Had a card from Mrs. Lottie Tumath from Lake Helen, Fla. She is enjoying the sunshine this winter and reading our news. Thanks Mrs. Tumath, see you this summer.

Grant Hammond, who is in Charlevoix convalescent home, is doing fairly well these days.

Mr. and Mrs. Pete Bennett were dinner guests of Mr. and Mrs. Tom Nielson Saturday evening.

Mr. and Mrs. Tom Nielson spent Tuesday with Mr. and Mrs. John Hall of East Jordan.

Mr. and Mrs. Raymond Nowland of Charlevoix spent Saturday evening with Mr. and Mrs. R. King.

Mr. and Mrs. Oakley Saunders spent Friday evening in Bayshore with Mrs. Saunders mother.

Mr. and Mrs. Harold Taber and son, Bruce, and his guest are here spending Easter vacation with Mrs. Taber's brother, Mr. Ole Nielson, and relatives.

I stopped in at Little Traverse hospital Saturday to see Mrs. Betty Sarno who is there for surgery. She is feeling as well as can be expected after an operation but probably will get mighty lonesome and would appreciate seeing anyone who is in Petoskey and can drop in to see her.

I guess that's oll for now; from the sound of the March wind today, that ice will soon be leaving and that always means warmer weather. Lets hope, we can do with a bit of it and will love seeing those trees pop out in buds.

Banks Seniors To Present Class Play in April

Ellsworth—The senior class of the Banks township school has chosen the play entitled "Good Gracious, Grandma" which they will present on Friday and Saturday, April 13 and 14.

The play is a comedy with Adrian Goeman, in the role of George, playing the part of Grandma. His friend, Henry (Alonzo Barror) and P. Sam (John Best) the colored man help to over up the deceit. In the meantime, Mrs. Lennox (Jennie Veenstra) tries to collect the rent from the wayward boys. Two college girls, Helen (Phyllis Hart) and Cecile (Gladys Fielstra) with their maid Delicia (Jeanette Taylor) complete the affair. Of course, Clancy (Chester Farrell) the cop and his assistant Higgins (Leonard Strange) enter the scene.

Ellsworth Churches Plan Activities

Ellsworth—Revival meetings at the Pilgrim Holiness church will begin on April 8 and last through April 22. The speaker for these meetings will be Rev. A. C. Doehring of Flint. Mr. and Mrs. Joseph Crouse from Wilmore, Kentucky will furnish special music.

There will be a special Good Friday service at the Atwood Reformed church at 8:00 o'clock Friday evening with Rev. Lemmon in charge.

There will be an Easter Sunrise service at the Eastport Baptist church Sunday morning at 7:00 o'clock, with Rev. Joe Bekkering as speaker. The churches from this vicinity are participating in this service and everyone is cordially invited.

The Ellsworth Christian Reformed church is having a special Good Friday service at 2:00 p.m. Friday afternoon.

Name Committee for Banks School Supper

Ellsworth—A ham supper will be served at the Banks township school, next Tuesday evening at 7:00. This is in honor of the boys and girls basketball teams, but is for everyone. Awards and letters will be presented to those who have earned them in basketball, cheer-leading and baseball.

Mrs. George Brown is making the favors for the affair, Mrs. John DeYoung and Louise Campbell will have charge of the kitchen, assisted by Mesdames Rose Carpenter, Isabelle Elzinga, Gertrude Elzinga, Ida Klooster and Mrs. Fielstra.

Mrs. Con Klooster is chairman of the tables, with Mrs. Art DeVries and Mrs. Lou Essenberg serving on the committee with her. Mrs. Henry Smith is general chairman. Team members are selling tickets, or tickets may be purchased at the school at the time of the banquet.

Ellsworth Spotlight

Mrs. William Best

Peter Wieland was in Boyne City Wednesday attending an R.E.A. board meeting.

Several local people attended the tournament games in Petoskey this week.

Elmer Klooster made three trips to Detroit after steel for Morry Steel Poducts this week. His son, Arthur accompanied him on the last trip. There are three shifts working at the plant again now.

Mr. and Mrs. Leonard Hillman and Mary of Gaylord were supper guests at the Merion Best home Friday evening.

William P Smith has been ill and confined to his bed for several days.

Fred Schoenfelder has made several business trips to various places recently in the interest of the Chamber of Commerce.

The officials of Reid Murdoch and Co. and the local union met Thursday and Friday negotiating a contract.

Wesley Shooks was in Grand Rapids on a business trip last week Wednesday and Thursday.

Mr. and Mrs. Charles Edson are spending a week in Grand Rapids and Lansing visiting relatives, also, attending the state basketball tournaments.

John Wieland is driving a new Chevrolet.

Marvin Elzinga and Max Bolser left Friday to attend the state basketball tournament.

Mr. and Mrs. Frank Finch called on his sister in Traverse City Thursday and also did some shopping while there.

Mr. and Mrs. Bernard Best and Marvin and her mother, Mrs. R Staudenmeyer, returned home Wednesday from Chicago where they had been visiting relatives.

Several local people have been out of town on business trips this week. Mr. and Mrs. Harm Fielstra to Petoskey, Friday; Mr. and Mrs. Dean Fiedler to Traverse City, Saturday; and Mrs. Allie Klooster and daughter, Beverly, and Betty Alward to Boyne City.

Several people gathered at the John Tornga home on Friday evening for a birthday party. Those having birthdays were Mrs. Tornga and son, Stanley, and Myrna Veenstra. Attending the party were Mr. and Mrs. Art DeVries and family, Mr. and Mrs. Silas Doctor and family, Mr. and Mrs. Jerry Aardema and family of Central Lake, John Veenstra and Mr. and Mrs. Miner Veenstra and family.

A bake sale will be held at the Quality Food Market sponsored by the eighth grade class.

Mrs. Joe Tornga is on the sick list. She was taken to Charlevoix hospital on Wednesday.

Dr. J. VanDellen left for California early Friday morning to attend a medical convention there. The doctor drove to Grand Rapids and took a plane from there the remainder of the way. He plans to be gone a week.

Tom Wieland, Conrad Klooster and Mike Edson left Saturday morning for Lansing to attend the final games of the state tournament.

The Ellsworth Farm Bureau group will meet Wednesday night at the Wren Chellis home.

The teachers from the Banks township public school were in Mancelona Friday attending teachers institute, thus, giving the youngsters a one day vacation.

Mr. and Mrs. Gerrit Rubingh left Friday for Mt. Pleasant where they will spend a few days visiting relatives.

William Dawson of Dayton, Ohio, owner of Big Fish Inn was here from Tuesday until Friday on business.

Twenty-three young people from the Pilgrim Holiness church gathered at the Miner Veenstra home Saturday evening for a party. The evening was spent playing games after which Mrs. Veenstra served a delicious lunch to the group.

Henry Smith, Glenn Aylsworth, Henry Klooster and Jim Smith attended the state basketball tournaments in Lansing Friday night and Saturday.

There will be no school at the Banks township school on Friday, March 23. School will reconvene on Monday.

The Banks township school and the Ebeneger Christian school will put on a combined Easter program at the Hall on Thursday afternoon at 1:30.

Baby Deborah Lynn, daughter of Mr. and Mrs. Si Goeman was brought home Saturday after spending several days in Munson hospital. However, her condition became worse and her parents returned her to the hospital on Sunday.

Mr. and Mrs. James Patterson and family have moved to Hillsdale.

Mr. and Mrs. Howard Elzinga and family of Bay City are spending this week with his parents, Mr. and Mrs. Henry Elzinga.

Mr. and Mrs. H. E. VanderArk returned home Sunday afternoon from a five weeks Florida vacation.

Mrs. Edith LaClaire and daughter, Judy of Lansing, spent a few days at the home of her mother, Mrs. Flossie Sommerville.

Mrs. Maggie Timmer of Zeeland spent a few days with her mother, Mrs. Rena Postmus this week.

Rev. H. Goodyke of Atwood was the speaker at both services Sunday at the Ellsworth Reformed church.

There will be an independent basketball tournament at the Community hall on Wednesday, Thursday, Friday and Saturday nights of this week. Nine teams have entered the tournaments.

Vote Non-Partisan Ballot

On April 2 voters will be handed at least 3 Ballots, one of them the Non-Partisan Judicial Ballot. By using it, all voters will have an opportunity to re-elect 2 Supreme Court Justices. The names of the undersigned Supreme Court Justices will be on the Non-Partisan Ballot for re-election, based on their experience, and their past records in that office. In any event, PLEASE VOTE. In the world today the RIGHT TO VOTE is important. Do not throw it away. Vote EVERY Ballot. Thank you.

Your REFRIGERATOR has it —
....Why not Your HOUSE?

THE mechanism of your refrigerator operates only a few minutes at a time. Yet, even in a broiling-hot kitchen, your refrigerator maintains a frigid 20° — yes, some compartments even stay below zero. Why? Because the insulation in your refrigerator walls stops the passage of heat.

Insulation in the walls and roof of your home will stop heat in the same way as in your refrigerator. In winter, it will keep your rooms warmer — *with up to 40% less fuel!* — and in summer, it will keep them up to 15° cooler.

Find out how little it costs to have this comfort and economy in your home with fireproof

FORD WINS AGAIN!

V-8 TAKES FIRST PLACE IN CLASS "A"
1951 MOBILGAS ECONOMY RUN

Both Ford V-8 and SIX Deliver more than 25.9 miles per gallon

Gruelling 840-mile test proves Ford Economy

Again this year . . . it's high honors for Ford! In the most important economy trial for American stock model cars . . . the famous annual Mobilgas Economy Run . . . A Ford 100-h.p. V-8 equipped with Overdrive took first place competing against all cars in its price class, making 54.587 ton-miles per gallon* and 25.994 miles per gallon. And its companion in quality, the new Ford SIX with Overdrive, was right up there with the winner. In fact, both cars averaged better than 25.9 miles per gallon.

Traditional Ford economy, for the second straight year, has been proved in open competition. Proved on the tough 840-mile grind from Los Angeles to the Grand Canyon . . . a course that included city traffic, below-sea-level desert heat and 7,000-foot mountain passes. Ford's Automatic Mileage Maker, standard equipment on all Ford V-8's and SIXES, contributed to this great achievement by squeezing the last mile out of every drop of gasoline.

Why not "Test Drive" the new Ford at your neighborhood Ford Dealer's? There's no better way to be convinced that "You can pay more but you can't buy better!"

*The AAA Contest Board determines the winner by a "ton-mile per gallon" formula to insure equal chance for all cars in each class regardless of size and weight. Ton-miles per gallon equals the car weight (including passengers) in tons, multiplied by number of miles travelled, divided by number of gallons of gasoline consumed.

FORD V-8 with Overdrive P.C.A.

Charlevoix County Farm News

Forecast Good Prices for Most Field Crops this Year

With spring planting time looming up, now's the time to shape up those final field crops plans.

If you're still pondering over expected demands and prices, here are some up-to-the minute pointers on the farm crops outlook that may help.

C. E. Prentice, Michigan State College agricultural economist, says that with good management maximum production of all crops except potatoes will be the goal this season. Prices will bump the parity ceiling for all storable commodities grown in Michigan. The seasonal price decrease at harvest time is expected to be less than normal.

Even with large carryovers of feed grains, grain prices will rise as corn advances to the parity level. Increased livestock numbers and higher livestock prices are adding to the demand for grain and concentrates, Prentice points out.

The price of soybean oil, boosted by military demands, has already reached the current legal maximum even though the 1050 crop was the largest in history.

Large government holdings of dry edible beans have tended to hold prices down. But excessive stocks of Michigan beans of marketable quality are expected to disappear by 1951 crop harvest time. The crop support price will be 75 percent of parity, but a price nearer 90 percent of parity is expected in Michigan.

No support for potatoes is indicated, and acreage should be reduced. A 15 percent cut has been requested in the U.S., 13 percent for Michigan. Higher prices can be expected for the 1951 crop if these recommendations are followed, Prentice said.

Three Woodlot Meets Planned By Farmer Vets

Management of woodlots and the problems they present the farmer will be the topic for discussion at three farm woodlot meetings to be held in the county Wednesday, March 28. The meetings are being sponsored by the Charlevoix Veterans' Institute in cooperation with Ed Rebman, county agricultural agent.

Time and place of meetings are scheduled as follows: 10 a.m. Harry Howard's woodlot, north of Porter's cherry orchard; 1 p.m. Bob Straw lot on former Anson Cook farm; 3 p.m. Clarence Smith sugar bush on Boyne City road west of Horton's Bay.

Lester Bell, extension forester from Michigan State college, will discuss woodlot problems at each of these meetings and offer suggestions to farmers who have individual problems. County Agent Rebman urges all farmers who have woodlots to attend one or all of these demonstration and discussions.

Drooping Candles

Candles that are used for decorative purposes will not droop if given a coat of shellac. To be cleaned, they need only be wiped with a damp cloth.

Plan Meeting to Discuss Artificial Beef Breeding

All farmers in this area who are interested in securing beef semen to be used on their cows are urged to come and hear the program discussed at a meeting tonight, Thursday, starting promptly at 8:30 p.m. according to Ed. Rebman, county agricultural agent. This meeting will be held in the agricultural room of the East Jordan high school.

Several reasons are given why people are interested in securing beef bulls on their dairy cattle. One is to breed a heifer to veal or yearling for beef than a beefy type bull and get a better they would if they used a dairy bull. Another reason is to breed those cows that you don't want to keep calves from and also have a better market animal for beef for sale. The beef breed available at the present time is Angus, others may be added later.

Both the Boyne City Artificial Breeders association and the Antrim - Charlevoix Artificial Breeders association will be represented at this meeting at East Jordan.

Both the associations now have a very good inseminator. Joe Schantz is the inseminator at Boyne City and he has a very good record as far as quality of work is concerned. Dick Wieland of Ellsworth is the inseminator for the Charlevoix association and Dick has also been doing a very good job. Farmers in this area who would like to join one of these associations should contact one of the inseminators or call at the county agents office.

The first dirigible trip around the world was made by the Graf Zepplin in 1929.

4-H Youth Plan National Center

Charlevoix County 4-H clubs have pledged themselves to contribute funds to help purchase a National 4-H Center says K. C. Festerling, district 4-H Club agent.

The business transaction for the center has been completed. The property is the former Chevy Chase Junior College at Washington, D. C. The property consists of a 12 acre campus with five beautiful buildings. It is o 20 minute drive from the White House. A twenty minute drive north brings you to the open country side of the beautiful state of Maryland. It is a valuable piece of property. In area, location, adaptability for use as a 4-H center it far surpasses the fondest dreams of those who have worked on this project since 1027.

The center will provide lodging, dining and conference facilities for groups up to 300 persons. It will be operated year around on a non-profit basis, for visiting groups of 4-H members, members of adult extension groups, and extension agents.

Contributions will be solicited from the entire nation. Each members share is 10c. Charlevoix County's quota is $45.70. Each club will plan some special way to raise their quota.

Seed Walnuts Are Now Available

Black walnuts to plant for growing valuable veneer timber are available from the forest nursery operated by Michigan State College, according to W. Ira Bull, nursery supervisor.

Orders for these walnuts can be placed on regular forest tree seedling order blanks, available from county agricultural agents or from the Forestry Department Michigan State College, East Lansing, Michigan.

ORCHARD NOTES

By Claude Fairman

I am repeatedly asked by potato growers as to what fruit could be grown on the same principle as potatoes. That is, to handle a large lot in a short time. Although much has been written on this subject, here are a few reasons, and looking at it from a long range and why.

The beginner, starting from scratch, usually starts with berries until his trees are bearing. However, where one has another set-up until trees are bearing, of course the Montmorency canning cherry and processing apples would be the leading fruits to plant.

Good, well grown trees come into bearing at an early age, both cherries and apples. Sour cherries and processing apples are not grown extensively in the west, whereas the West grows an abundance of sweet cherries, eating apples, pears, apricots, etc. The West, like Oregon, Washington, etc., usually sets the price for canned sweet cherries.

On the other hand, sour cherries do not grow well out there, due to a large number of diseases we do not have here. Also, climate conditions are such that they do not produce a good canning sour cherry and the same on canning apples.

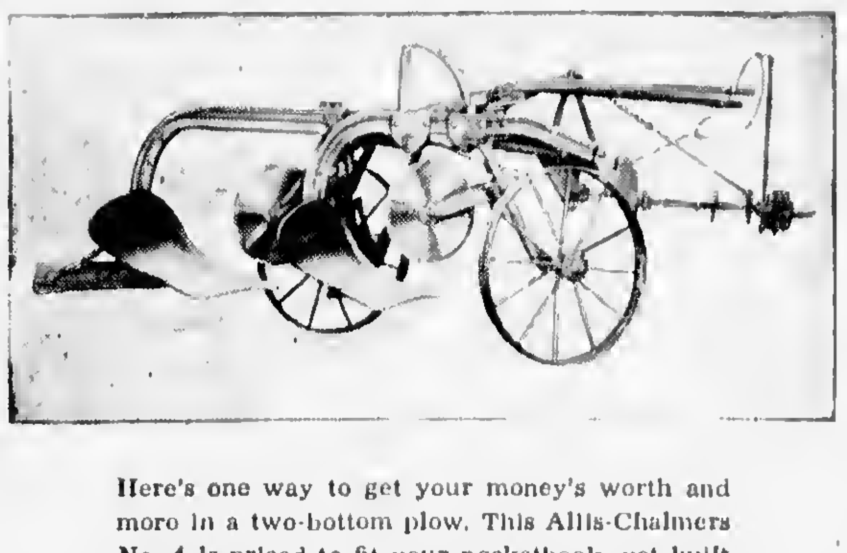
As to site, a general description could be written, on the other hand, one wants to use the land he already has, if possible. In which case, an experienced fruit grower could decide better than anyone else. As sour cherries and apples can be grown on lower land than sweet cherries or peaches. Sites will be discussed in detail next week.

Time Is Here to Buy Baby Chicks

Baby chicks take at least three weeks to hatch, so you can't just go in and shop like you do at a supermarket, cautions H. C. Zindel, Michigan State College extension poultryman, in advising farmers to purchase chicks now.

A baseball has a cork center about the size of a marble.

BEST BUY TODAY
IN TWO-BOTTOM PLOWS



Here's one way to get your money's worth and more in a two-bottom plow. This Allis-Chalmers No. 4 is priced to fit your pocketbook, yet built to give real field performance with 12 or 14-inch bottoms. It's medium weight to make your tractor power go further, yet reinforced for extra strength at critical points.

The No. 4 plow beams have plenty of clearance for 18-inch coulters and heavy trash. Spring release hitch is standard equipment. We have this two-bottom value on hand. May we bring one out and let you see what a difference a new plow can make?

Rock Elm News

By Mrs. A. B. Lawton

About all the signs of the coming of spring to be seen so far are some spots of ground in the fields, and the roads are now in quite good condition, but this has certainly been a long winter. It has been said that an early Easter is a sign of an early spring so here is hoping that it will prove true.

Conditions are not favorable yet for starting farm work. All a farmer can do now is to plan for the time ahead when weather and soil conditions are right for preparing the ground and planting the crops.

If our law makers keep on lowering the draft age it won't be long until all boy babies will have to be registered for the draft as soon as they are born, and if they keep on sending our men to fight in foreign lands there will be no one left to defend the home land but women and old men.

How long will it take for those in the Truman administration who are responsible for the present muddle to admit the fact that someone has blundered?

Inwood News

Mrs. John Fratrick

Mr. and Mrs. Charles Wells were callers at the Clyde Warner home Sunday evening.

Charles Wells, Earl Hoskins and Hope Leitz left Tuesday on a business trip to Grand Rapids. Earl will visit his parents while there.

Mrs. John Fratrick had a Stanley party at her home last Thursday afternoon. Mrs. Charles Wells from Inwood is the demonstrator.

Callers at the William Ager home recently were Emil Chavatil, Mr. and Mrs. Clyde Smith and the John Fratricks. Mr. and Mrs. Charles Dhasleer and family were also visitors Sunday afternoon.

Will Ager visited his mother, Mrs. Jennie Ager, of Charlevoix Saturday. Glad to see the former feeling and looking so well again.

Dinner guests of the Murray girls Sunday were Louanne Baumbach and Bud Barber both of Charlevoix.

Mr. and Mrs. Clarence Murray were callers in Bayshore Sunday afternoon.

Buce Murray will have his tonsils removed Tuesday morning. Good luck "little man" and get well soon.

Sorry to hear Mr. Fiedler (C. J. Fiedlers father) has been sick with the flu.

Mrs. C. J. Fiedler and daughter, Joyce, and Mr. and Mrs. Dean Fiedler were business callers in Traverse City Saturday.

Mrs. Keith Ager and two children are now living in Philadelphia, Pa. with Mr. Ager who reenlisted in the Navy in January and expects to be stationed their for an indefinate time.

Mr. and Mrs. Lige Obrien were dinner guests of Mr. and Mrs. Harrison Trimble of Charlevoix Sunday.

"Easter Greetings"

Friday afternoon Mr. and Mrs. George Clark visited at the home of Mr. Clark's sister and brother-in-law, Mr. and Mrs. Howard Gornell in Barnard.

Mr. and Mrs. Clifford Gennett spent Saturday evening at the home of Mr. and Mrs. Plenny Gennett in Charlevoix.

Visitors at the home of Mr. and Mrs. Addison Chew Sunday were Mrs. Chew's brother, Russell Shaw and son of Traverse City.

Mr. and Mrs. Lawrence Supernaw and daughter, Mrs. William Marme, were shopping in Traverse City Friday, also visited with relatives.

Mr. and Mrs. Addison Chew visited Saturday at the home of Mr. and Mrs. Clare Gair in Barnard.

Clare Gibelyou of Grand Rapids spent the week-end at the home of Mr. and Mrs. Lee Heckman.

Mr. and Mrs. Datus Dean were Sunday dinner guests at the home of Mr. and Mrs. Jay Adams in Charlevoix.

Sunday evening lunch guests at the home of Mr. and Mrs. Datus Dean were Mr. and Mrs. Clarence Odegs and Mrs. Weaver of Petoskey.

Hazen and Gordon Giar visited their parents, Mr. and Mrs. Clare Giar, in Barnard Sunday.

Gene Gibelyou and son, Clare, Edwin and Buddy Mann of Grand Rapids spent the week-end visiting friends and relatives in this community.

The Loeb 4-H members and leaders met on Monday evening March 12 with K. C. Festerling at the home of Mrs. Russell Curtis. Officers of the "The Lucky Loebers" are as follows: president, Jane Mort; vice-president, David Clarke; secretary-treasurer, JoAnn Liston; reporter, Gail Ann Curtis. They spent the evening playing games and a lovely pot luck lunch was served by the hostess, Mrs. Russell Curtis. New members were, Robert Houghton and Ernest Cassidy in handicraft under the leadership of Lee Heckman. Linda Towsley, Bernice Houghton and JoAnn Liston under the leadership of Mrs. Chew and Mrs. Curtis.

Sorry that Mrs. Addison Chew Keith Mort, Merrie and Roberta Case and Vera Towsley were sick with the flu.

Nineteen members now in the Lucky Loebers and doing wonderful work along with their leaders.

Barnard News

By Mrs. Clyde Smith

We hope this is the last storm of the winter.

We notice that Guy Best is driving a new car.

Billie Mayer motored to Stockbridge to visit his parents a few days last week.

We note several absences from school and church services due to the prevalent flu.

Mrs. Howard Gornell and Mrs. Guy Best attended a Stanley party at the home of Mrs. John Fratrick on Thursday.

Quite a few from this vicinity attended the funeral of Robert Watson in Central Lake last Tuesday.

Mr. and Mrs. Homer Warner and children and Mr. and Mrs. Carl Bogart were visitors at the Hiram Potter home on Sunday.

A nice group attended the Study class on Friday evening. The lesson "The Rural Churches Mission" was very interesting and timely. The date and place of the next meeting will be announced later.

Easter Sunday will be observed by both churches with special music and sermon. The Methodist church school will give a short program at the end of their session.

NORWOOD

By Mrs. Milton Richardson

Mrs. Floyd Wagner returned home Tuesday from the Charlevoix hospital where she had spent the past two weeks.

WSCS met with Mrs. William Jolliffe Wednesday for a potluck dinner at noon. Next week we will meet at the hall and begin quilting.

Mr. and Mrs. Glenn Holecheck and family left Monday for Grand Rapids where he will be employed.

Mr. and Mrs. Harrison Warner and son were Sunday dinner guests of Mr. and Mrs. Vern Baumback.

Mr. and Mrs. William Jolliffe spent Wednesday evening with Mr. and Mrs. Raymond Stafford and daughter, Imogene.

Norwood welcomes Mr. and Mrs. Don Farrell and family to our community. They have bought the 80 acre farm from Mr. and Mrs. Raymond Stafford and plan to move soon.

Percy Empey and Merrill Richardson spent Tuesday in Traverse City. While there they called on the Jack McCalls.

Rev. Robert Moore of East Jordan called on several in the neighborhood Friday.

Mr. and Mrs. Aberly of Grand Rapids spent the week-end with their daughter-in-law, Mrs. Chas. Aberly and son at the Percy Empey home.

Mr. and Mrs. Milton Richardson spent Thursday morning in Petoskey.

Mrs. Clarence Heise spent Thursday with her parents, Mr. and Mrs. E. R. Jones.

Mrs. Harold Totten was a Saturday caller at the William Alword home.

Will you Be Ready ?

Now is the time to avoid that last minute delay in sowing spring grains and seeding. Have that oat and barley seed cleaned and treated now with the new Ceresan M. You'll be ready then and those valuable last minute hours can be spent on fitting your fields.

How About Grass Seed?

Tree Trunk Girdling Produces Earlier Northern Spy Apple Crop

Northern Spy apple trees don't usually bear fruit until they are 12 to 18 years old. However, in tests conducted by the Michigan State College Agricultural Experiment Station, trees were made to produce sizable crops when only 9 years old. The tree trunks were girdled by removing a strip of bark one-eighth-inch wide, 12 inches above ground level. The cut was made to the depth of the wood, completely encircling the trunk. The girdling wounds were then coated with grafting compound. Trees girdled in late May of their eighth year produced fruit the ninth year. While subsequent girdling did not produce as great yields, girdled trees were far ahead of ungirdled trees by the time the latter began to produce fruit. Full information about girdling to produce apple crops more efficiently can be obtained by calling or writing your County Agricultural Agent.

Power augers increase efficiency . . .

Digging a hole for a telephone pole used to take a long time. Today Michigan Bell does this job more quickly and more efficiently with power-driven augers which can dig a pole hole in a couple of minutes. This is another example of the way Michigan Bell provides more and better telephone service to farmers at a reasonable cost.

Red Cross Far Short of $3,550 Goal for County

The Charlevoix county chapter of the American Red Cross is in its third week of the annual fund raising campaign to raise $3,550.

To date only a small percentage of the county's goal has been raised, Walter C. Bergeon, county fund chairman reports.

The American Red Cross has been a national institution of humanitarianism and mercy for so many years that it should seem wholly unnecessary to exhort the citizenry to support its activities. Yet it is a fact that the Red Cross could not attain the funds that are necessary for its program without an annual repetition of the Red Cross achievements.

THE CHARLEVOIX county goal of $3,550 is a modest one, even though it is $350 above the 1950 goal. The increase is understandable in view of the expanding military program and in recognition of the inflationary trend of recent months.

The Red Cross slogan this year is "Mobilize for Defense", pointing up as it does the important part the Red Cross plays in serving members of the armed forces and their families.

For many humanitarian needs, the Red Cross is the only agency with the experience, the training and the mobilization capable of rendering the services required.

Plan to be as generous in your contribution to the Red Cross as you possibly can, remembering particularly that the contribution you made to the Red Cross last year should be increased in view of today's expanding needs.

Freedmans Win Volley Ball Title

City volley ball championship title went to the Freedman Artcraft team when it defeated the Edwards Food Mart team two out of three games at the high school gym Tuesday evening. All games were hard fought and several times spirited rallys by Freedman's saved them from defeat.

In the semi-final play Freedmans won over Michigan Cleaners, two out of three games. Edwards Food Mart defeated Walt Moore's two out of three. Dick Edwards was the only casualty of the tournament. He suffered a strained ankle.

New Members Appointed to Tax Allocation Board

Three new members have been appointed to the Charlevoix tax allocation board by Judge of Probate Floyd A. Supp.

They are Alfred G. Rogers of East Jordan, Clarence Healey of South Arm township and William G. Korthase Sr., of Boyne City

Other members of the board by reason of their offices are Lillis Flanders, county treasurer; Catherina C. Bergeon, county superintendent of schools and Howard C. Stephens, chairman of the county auditing committee of the board of suocrvisors.

Fenton R. Bulow, county clerk, is also clerk of the tax allocation board.

Heavyweights

The average weight of 3,425,252 hogs received by Chicago's union stock yard in 1949 was 260 pounds

Community Chest Calls Public Meeting April 4

Launching of plans for the 1051 Community Chest drive will be started Wednesday evening, April 4, with a meeting at the court house of all residents who are interested in this project, according to an announcement by Mrs. Ruth Heilig secretary; Jack Mailganization.

Main purpose of this meeting is to elect directors and set the machinery in motion for this years program. Present officers and directors are: Charles Bleha, president; Larry Feindt, treasurer Ruth Heilig, secetary; Jack Mailhot, Archie Rounds, Mrs. Herbert Campbell, Gordon Freedman and Robert Bridge, directors.

Officers and directors of the organization feel that the Community Chest merits the wholehearted support of the community because it's purpose is to bring together all agencies soliciting financial contribution. They point out that this plan provides one conserted drive and eliminates the continuous process of soliciting when each organization conducts its own campaign.

Most of the organizations which solicit funds in Charlevoix agreed to dispense with their individual campaigns last year and accept their proportionate share of the fund collected by the Community Chest.

Directors feel that the public should be fully aware that the Community Chest is, as the name implies, a community project and that responsibility for it operation is the business of every person in the community. For that reasons all residents should attend the Community Chest meetings and have a voice in the operation of the organization, and in the naming of directors.

While the annual Community Chest campaign is not conducted until fall, it is imparitive that the planning be done well in advance of the actual drive.

Northern Cagers Strong Contenders For State Titles

Northern Michigan can well be proud of its representatives in the state basketball tournament recently.

In Class C Boyne City defeated a strong Soo Loretto team by a 52 to 54 score at Petoskey last week to move into the semi-finals at Lansing where they were paired with Detroit St. Andrews. The Ramblers bowed to the Detroit five as the latter moved into the finals and drubbed Marlette to take the state championship in the C division.

In Class B Petoskey edged past a strong Marquette team in an overtime in the quarter finals at Cheboygan to meet St. Joe in the semi-finals at Lansing. Petoskey gave them a good battle all the way as St. Joe won by four points and went into the finals against River Rouge. The St. Joe team came through to take the Class B title.

The Brimley team from the upper peninsula, which many fans saw play at Petoskey last week, took the Class D title for the second time. Kalamazoo Central captured the Class A title for the third straight time.

Weighty Currency

In early Colonial days, some New England ministers were paid in bars of iron.

Local Churches Offer Special Services

(Continued from Page 1)

The evening services will be held at 8 p.m. and the Sunday school will meet at 1 p.m.

* * *

Christian Science Society

Special Easter music and reading will be a part of the service of the Christian Science Society at the 11 a.m. meeting. Sunday school will be at 0:30 a.m.

* * *

First Baptist Church

The Baptist church will open Easter worship at a sunrise service at 6:30 a.m. sponsored by the Young People of the church.

Rev. L. L. Lewis will preach on "The Power of the Resurrection" at the 11 a.m. service and the 7:30 p.m. evangelistic message will be "Christian Suffering and Conduct in the Light of Full Salvation".

The children of the Sunday school will present a special program for each department at 10 a.m.

* * *

Community Church of God

A 6:30 a.m. Sunrise service will mark the opening of the Easter worship at the Church of God. The service will be followed by a breakfast in Fellowship hall served by the Young people of the church.

"Meet the Risen Christ" will be the theme of Rev. W. D. Wood's sermon at the 11 a.m. worship service.

The combined choirs of the church will present a cantata, "The Easter Sunrise Song" by Fred B. Holton at the 8 p.m. service.

Both choirs will also sing at the morning services.

* * *

Assembly of God

A sunrise service at 6 a.m. will precede the 11 a.m. church service at the Assembly of God.

Rev. R. B. Warner has selected as the topic for his Easter sermon "Where Did Christ Go from the Cross".

The Rev. Miss Virginia Hamlin of Battle Creek will preach at the 3 p.m. service Sunday. Miss Hamlin will fill the pulpit of the church until May 6 while Rev. and Mrs. Warner are on a vacation trip.

The Sunday school department will present an Easter program at the Sunday school hour 10 a.m.

* * *

Barnard Methodist Church

"He is Risen" has been the subject selected by the Rev. Robert Moore for his Easter sermon at the Barnard Methodist church at 2:30 Sunday.

Special Easter music by the choir will also be featured at the service.

The Sunday school children will present an Easter program at 1:30 p.m. preceding the regular church service.

* * *

Congregational Church

Rev. Jackson E. Turner's Easter Sermon will be "Soul Force" and will be presented at the 11 a.m. service.

At 10 a.m. Sunday the church school will present a program for parents.

At 8:00 p.m. Thursday a communion service will be held

* * *

Christ Episcopal Church

Maunday Thursday services at 7:30 p.m. will open the Holy week services at the Christ Episcopal church. The combined choirs of the local church and Emmanuel church of Petoskey will sing at the service.

On Friday the two congregations will join at the Emmanuel church in Petoskey for Good Friday services from 12 to 3 p.m.

A Holy Communion service will be held here at 8:30 a.m. Sunday morning. Sunday school at 11 a.m. will follow.

The Rev. Carl A. Hoch is pastor of the two churches.

* * *

St. Mary's Church

Holy hour at 7:30 Thursday will open the Holy week observances at St. Mary's church.

The Mass of the Pre-Santified at 7:30 a.m. Good Friday will be followed by the way of the Cross and a sermon at 2 p.m.

Mass on Holy Saturday will start at 7 a.m.

On Easter Sunday morning High Mass will be celebrated at 8:30 a.m. and Low Mass at 10:30 a.m.

Tile Proves Value On Heavy Clay Soil

Tiling is one of the most expensive, most permanent, and best paying improvements that can be made on a farm with heavy, clay soils, says Willard A. Cutler, Michigan State College agricultural engineer.

Tile, however, must be properly maintained and can be justified only on first class land, he adds. It can increase the production per acre and make it possible to produce more at less expense because it saves seed, fertilizer, lime, and power.

He warns against tiling without adequate survey and design. Quality tile is also important. Many tile systems last through two generations if properly installed and maintained.

Small Vote Expected at Monday's Election

★ ★ ★

Slip Candidate Opposes Zeitler in 2nd Ward

Election prognosticators are of the general opinion that the biennial spring election in Charlevoix will attract little interest with the Second Ward being a possible exception. Harry Zeitler who received the nomination as Alderman for the Second Ward will have opposition from Oscar Ward who will attempt to get enough votes on slips to win the seat.

Other candidates for city offices nominated at the primary have no opposition and their success at the primary is tantamount to election. Candidates on the ballot are: John Knight for mayor, Hugh Mayne for clerk, Nelle A. Hammond for treasurer, Hubert Paddock for Justice of the peace; first ward, Charles Bellinger for alderman and George O. Haggard for supervisor; second ward, Harry Zeitler for alderman and Arthur Bergeon for superervisor; third ward, Harry Gebeau for alderman and C. B. Meggison for supervisor. All are incumbents except Bellinger and Zeitler.

• • •

ON THE STATE ticket are eight judicial and educational posts to be filled and three constitutional amendments to be decided Monday.

Despite the importance of the state offices at stake there has appeared no lively issue to arouse the voter interest. This situation leaves some Republican incumbents a little worried because a last minute rally on the part of a minority group in a few well chosen precincts could produce startling upsets.

Dr. Lee M. Thurston, Republican candidate for re-election to the office of State Superintendent of Public Instruction, has been conceded a favorite. The Litchfied school enrollment padding investigation could, however, easily produce an unexpected calamity. Thus far he has managed well in conducting the inquiry. There is always the possibility of an investigator losing prestige with the people being investigated.

Thurston's principal opponent in Edgar W. Waugh professor at Michigan State Normal college. Rumors in this area indicate that Waugh's principal vote strength will come from the metropolitan areas. Thurston has always had a strong rural following.

• •

TWO JOBS on the supreme court have attracted six candidates on the non-partisan ballot. Emerson R. Boyles of Charlotte and Meil E. Reid of Mt. Clemens are seeking re-election. Ready to unseat them are Theodore P. Ryan of Lansing, James H. Lee, C. Lebron Simmons and Mortan A. Eden all of Detroit.

Republicans offer Roscoe O. Bonisteel of Ann Arbor for re-election to the post of university regent and Leland I. Doan, Dow Chemical executive, as his running mate. Former Gov. Murray D. VanWagner, recently appointed regent and Wheaton L. Strom of Escanaba, are the Democratic candidates.

Charles E. Burns of Detroit, Republican, is a candidate for re-election to the state board of education. He is opposed by Louis J. McGuinness, Democrat of Detroit.

For membership on the state board of agriculture, Republican incumbents Forest H. Akers of Detroit and Frederick H Mueller of Grand Rapids are matched against Democrats Mrs. Raymond W Starr of Grand Rapids and Hiram A Sackett of McBrides.

Nominees for all officers on the ballot have been named by the Prohibition. Progressive, Socialist Labor and Socialist Workers parties. None is expected to poll any threatening strength.

William Blissett who is in Manitowoc awaiting the opening of the sailing season when he will sail aboard the freighter, E. P. Thomas, and Marilyn Blissett who is employed in Grand Rapids spent Easter week-end with their mother, Mrs. Marie Blissett.

Townships to Elect Officers Monday, April 2

Most townships in the west part of the county have nominated all are part of two slates of candidates to run for township officers in Monday's election. Indication are that Hayes is the only township in which a race is likely to develope.

H. C. Stepheus, Hayes supervisor. lost his position on ticket No. 1 to George Smith in the primary election. Only five candidates were named to run on ticket No. 2. Other nominees and ticket No. 1 are: Frank Burnett, clerk; Lee Sneathen, Jr., treasurer; Grant Furgeson, highway commissioner; Leo Burnett, board of review; William Hair and Alfred Allison, justices; Leo Berg, Harry Smith and Clifford Struthers, constables. Ticket No. 2; Peter Winnick, clerk; Hazel Evers, treasurer; Clare White, board of review; William Price, justice.

Norwood Township

Orton VanDusen, incumbent for Norwood, appears on ticket No. 1 with Clyde Warner on ticket

Call Meeting at Petoskey to Form Reserve Squadron

Eligible reserve officer and enlisted personnel of Northern Michigan who are assigned to the 10th Air Force are now authorized promotions in rank and grade, Hq. 10th Air Force recently announced.

To become eligible for promotions, Air Force Reservists must be assigned to a unit of the 9617th Voluntary Air Reserve Training Squadron whose headquarters are located in Traverse City.

A flight of the 9617th Squadron is being organized in Petoskey and will meet on Tuesday, April 3, at 7:30 p.m., in the American Legion hall.

Hq. 10th Air Force stated that all reservists not assigned to units of the voluntary reserve training program will be transferred to the reserve pool at Selfridge Air Force Base, Mt. Clemens. Possibility of recall to active duty is greater when assigned to the reserve pool than when assigned to the voluntary reserve. Promotions are not authorized to reservists assigned to the pool.

All officers and enlisted reserve air force personnel at this area who are interested in clarifying their reserve status are invited to attend the flight meeting on April 3rd.

Willis H. Chew, 86, Dies in Pennsylvania

Willis H. Chew, 86, of Conneaut Lake, Pa., died March 12 following a long illness. He was a resident of Hayes township from 1879 to 1886.

His brother M. K. Chew of Hayes township, who has been spending the winter in Bay City, went to Pennsylvania for the funeral.

Mrs. Amy Kneale Dies at Alpena

News of the death of Mrs. Amy Kneale in Alpena Saturday has been received by friends here.

Funeral services were held in Alpena Tuesday.

Mrs. Kneale was the aunt of Dr. G. B. Saltonstall of this city and Dr. Richard Saltonstall of Detroit.

Third Graders Hold Bird Study

Photo by Fran Martin

If you can't identify that bird you've been seeing in your yard recently, you might call on any third grade pupil in Mrs. Jeanette Abfalter's room for he will probably know the answer.

As part of their bird study this winter the youngsters made ten of the most common birds of this area which are now on display in their room.

The birds were made from paper bags and colored with paints which have given them a very natural look. The youngsters also planned the attractive display.

Pictured looking at the display with Mrs. Abfalter are Marilyn Novak and Douglas Bergmann.

The exhibit will be one of the features of the Open house to be held in the Charlevoix schools April 10.

Funeral Service Here Friday for Mrs. E. B. Ward

Funeral services for Mrs. E. B. Ward, 86, former resident who died Tuesday in Jackson after a long illness, will be held at the See Funeral Home here at 2 p.m. Friday with the Rev. George E. Whitten officiating. Burial will be in Brookside cemetery.

Born in Canada Nov. 13, 1864, the former Annie Meggison came to this community with her family as a young woman. In 1893 she was married to Mr. Ward who preceded her in death in August 1922. For many pears she had spent the winter months in Jackson with her sisters, the Misses Grace and Ella Meggison, returning here for the summer. As a young matron she had been active in the Methodist church.

She is survived by a daughter, Mrs. Frederick G. Beattie of Detroit; three sisters, the Misses Meggison with whom she had made her home for many years and Mrs. Leslie Everts of this city; three brothers, Albert of Chicago, Thomas of Traverse City and George of Charlevoix and two grandchildren, Erie and Ann Beattie of Detroit.

Faculty Members Take Advantage of Easter Recess

The long Easter holiday this year saw many faculty members leaving town for the recess.

Among them were Mr. and Mrs. Max Novak and children who spent the week in Grand Rapids.

Mrs. Robert Goss and daughter, Toni, and Mrs. Ralph McRae were in Detroit with relatives and friends. Mr. Goss and Mr. McRae joined them for the week-end. Doona Valley was also in Detroit with her family and was accompanied by Grayde Patterson who visited relatives there.

Mr and Mrs. Dean Davenport and family were also in Detroit with his brother and sister-in-law, Mr. and Mrs. Howard Davenport.

K. of P. Sponsors Annual Dinner For Red Rayders

The Charlevoix Rayders basketball team, their coaches and the cheerleaders will be honored at a basketball banquet to be given Monday by the Knights of Pythias at the K. of P. hall at 6:30 p.m.

The dinner and program are being arranged by a committee composed of Alvin Cunningham, Albert Smith, Herman Askren, Albert Novotny and Frank Novotny. Edward Edwards will preside as toastmaster.

Anyone desiring tickets may purchase them from a member.

Bogarts Observe Golden Wedding With Open House

Mr. and Mrs. William J. Bogart, former residents now living in Lansing, observed their golden wedding anniversary Tuesday, March 27.

To celebrate the occasion they will be honored at an open house at the home of their son-in-law and daughter, Mr. and Mrs. A. G. Farmer at 4015 N. Grand River in Lansing, Sunday, April 1.

The Bogarts were reared in the north and were residents of Charlevoix for 43 yeas of their married life before going to Lansing seven years ago because of ill health. Their permanent home is now at 1555 E. Grand River.

The couple has three children Mrs. Farmer and William Jr. of Lansing and Mrs. Charles Vincent of Wickliffe, Ohio. They also have four grandchildren.

New Lions Club Mapping Program To Aid Community

Co-operation of the Lions club with the growth and development of the community was featured on the program of the second meeting of the organization held at the Argonne last Thursday evening.

Members of the Lions club of Petoskey were present to offer assistance to the newly organized Charlevoix club The visitors outlined the program now operating in Petoskey and gave particular emphasis to the White Cane project. O. H. Smith, president of the Petoskey club presided.

Other Petoskey members who attended the meeting were Robert Clark, Walter Dow, George Malloy, C. A. Crago, Dalton Robbins, Harold Hendricks, Ray Burrows, L. W. Fochtman and Henry LaFontaine.

Local Editor Buys Interest in Graphic

The holdings of Charles Fowler, publisher of the Emmet County Graphic, have been purchased by Victor Spanjolo, editor and part owner of the Courier, and Mrs. Fern Lucas of Davison, according to an announcement released from Harbor Springs this week.

Paul Verseput, managing editor of the Graphic, will retain his interest in the paper.

Ed Note—In newspaper parlance, we got "scooped" on our own story.

Rev. and Mrs. Warner Vacation in West

The Rev. and Mrs. R. B. Warner left Sunday for a six weeks vacation trip. They plan to go to Salem, Idaho, where they will hold two weeks special services.

In their absence Rev. Miss Virginia Hamlin of Battle Creek will fill the pulpit of the local Assembly of God church.

Sgt. W. C. Hannah Found Dead in Car, Burial to Be Here

Sgt. William C. Hannah, 27, who was stationed at Williams Air Force Base, Chandler, Ariz., was found dead of carbon monoxide asphyxiation in his car eight miles west of Benson, Ariz., Friday, his parents, Mr. and Mrs. Luther Hannah were notified late Friday by his commanding officer, Col. James D. Mayden.

The message also said death had come at an early hour Wednesday and that details would be sent to the family in a letter.

The body will be brought here from Tucson, Ariz., for funeral services and burial.

Sgt. Hannah, a veteran of World War II, was born in Charlevoix July 11, 1923, and graduated from the Charlevoix high school. He entered the army air force in January, 1942, and received extensive training as a mechanic-gunner at Keesler Air Force Base, Miss., the Douglas Aircraft Corp., Long Beach, Calif, Syracuse, N. Y., Austin, Tex., Willow Run, Mich. and Baer Field, Ind. He went overseas in June, 1944 and flew 57 missions over the hump from India, the Ledo Road area in Burma and from Shanghai, China. He returned to this country and was discharged from the service Feb. 24, 1046.

Until re-enlisting in the Air Force in Dec. 1947 he had an orchestra here and also a sign painting business. He had been stationed at Williams, Air Force Base in Arizonia since he returned to the service.

He was the only child of Mr. and Mrs. Hannah.

Joel Johnston, 77, Dies Unexpectedly In Louisiana

Joel Johnston, 77, Hayes township resident, died unexpectedly Saturday in New Orleans, La., where he had been spending the winter months.

Funeral services will be held at the See Funeral Home here at 2 p.m. Saturday. Burial will be in the Brookside cemetery.

Born in Canada June 15, 1873, he came to Charlevoix county at an early age and came to Charlevoix in 1925 where he operated the Johnston Dahlia Farm until 1945. For the past five years he had resided on a small farm in Hayes township.

He is survived by a niece, Mrs. Marybelle Young who lives in Charleston, W. V.

March of Dimes County Drive Breaks Record

The final report on the March of Dimes fund drive held in Charlevoix county in January has been announced by Mrs. Walter Davis of East Jordan, county chairman, and revealed that a total of $3,566.87 was contributed in the county.

The amount exceeds the 1950 drive by $1,082.72.

The totals for each community and its surrounding area follow:

Charlevoix and Beaver Island	$1,302.67
East Jordan	1,041.00
Boyne City	897.60
Walloon Lake	136.31
Boyne Falls	133 67
Ironton	52.62

Results of earlier drives which will show the large increase made in contributions in recent years were $202.10, 1948, $873.16, 1949; $2,484.15, 1950.

Guest Speaker at Church of God

Rev. Ray Tuttle, Traverse City, secretary of the board of church extension of the Church of God will be guest pastor at the Community Church of God for the next two Sundays.

Rev. William D. Wood, resident pastor, will be attending meetings in Kalamazoo for the next week.

Three Proposals Go to Voters April 2 Election

Three proposed amendments to the state constitution are to be decided by the voters at the biennial spring election Monday, April 2.

Proposal No. 1 would change the state constitution to provide for the legislature to meet in regular session on the second Wednesday of January of each year. The present constitution stipulates that the legislature meet in regular session every second year, or it may be called in special session by the governor.

Proposal No. 2 would add a section to article X of the constitution and provide for a death benefit bonus with respect to military service. It would authorize the state to pay, from money borrowed, the sum of $500 to specific near relatives of a person who dies from service connected causes on or after Dec. 16, 1950 and before termination of the national emergency as determined by the legislature.

PROPOSAL NO. 3, as stated on the ballot, would permit "an increase of salaries of Supreme Court Justices after election or appointment, so that all Justices serving currently may receive the same salary."

This resolution appears to take a negative approach to the question. The joint resolution proposing and amendment to section 3 of article 16, as passed by the legislature, reads as follows: "Neither the legislature nor any municipal authority shall grant or authorize extra compensation to any public officer, agent, employee or contractor after the service has been rendered or the contract entered into. Salaries of public officers, **except supreme court justices and circuit judges**, shall not be increased, nor shall the salary of any public officer be decreased, after election or appointment."

This proposal appears to provide an exception for salary adjustments to supreme court justices and circuit judges at any time and the same clause would not permit salary adjustments for any other state employee except at the beginning of his contract period.

Old Man Winter Takes One Last Fling--We Hope

Old Man Winter had one last swing before stepping aside for Spring when he blew up one of the worst blizzards of the year Friday to give Charlevoix a white Easter.

The storm started at 2:30 p.m. and before it was over less than 24 hours later, at least a foot of snow had fallen and accompanied by high winds had drifted up to three feet in some spots.

Snowplows were out all week-end and it was Sunday before some side roads were open.

The storm was general north of Reed City and highways were closed or had only one-way traffic for several hours.

Independent Cagers Meet Ludington Here April 7

The Charlevoix Independent basketball team will be host to the Ludington Independents in a game here April 7, John Knight, manager of the local team has announced.

The game will be the forerunner of a program which will include pictures of the Rose Bowl game with Vic Heyliger, Michigan hockey coach and athletic personnel director, as commentator. The pictures of the Tournament of Roses parade will also be shown.

Ludington has a strong team which finished third in the west Michigan league and recently defeated Traverse City State Hospital team 72-56. The Traverse City team is favored to win the northern Michigan Independent tourney now in progress at Petoskey.

The Charlevoix team will be strengthened by Ed Kotlarzck Indian River coach, Mike Hoben, Cheboygan coach, Ace Zagraphos and Lewis Brown of Petoskey, Gayle Saxton of East Jordan and Bill Wallace.

The basketball game will start at 8 p.m. and the movies at 0:20 p.m. The tournament of roses parade film will last about a half hour and the football pictures for 45 minutes.

Admissions will be 50c for adults and 25 cents for students.

Blue Cross Will Accept Individual Enrollments Now

Annual community enrollment of individuals under age 65 in the Blue Cross-Blue Shield non-group prepayment plan of hospital and surgical care has been launched to continue through April 15th Frank G. Snyder, Blue Cross district manager, announced today.

The local program which is coordinated with the sate-wide enrollment program sponsored by the Michigan Medical society and the Michigan Hospital association provides the only time in the year when persons not connected with any group may participate in the benefits, Snyder pointed out. A similar Campaign was held in this area last year with favorable results.

The enrollment is conducted entirely by mail. Applications and folders are available in any hospital alliliated with Blue Cross, in an doctor's office, or may be obtained by calling the local Blue Cross district office, he added No personal solicitations are made. Application and enrollment is handled entirely by mail.

Mr. and Mrs. Angus Fochtman left Sunday for a vacation trip to Florida.

Capt. George Wachelin left Monday for Fairport, Ohio, to resume command of the freighter G. G. Post after spending the winter in Charlevoix with his wife and family. Capt. and Mrs. Wachelin spent last week in Cleveland on business, returning home Saturday.

Coming Events

March 29 — Charlevoix high school and Charlevoix city band concert at auditorium at 8 p.m.

March 29—Etha Nagler circle will meet with Mrs George Glades at 2:30 p m.

What's Wrong with the Ballot

With the biennial spring election approaching we might recall the last general election and the resulting confusion caused by the recount. Many hasty conclusions were drawn and charges were made with little or no evidence to support them.

There was no evidence of fraud, so says the special committee on election laws of the State Bar of Michigan. This committee is composed of lawyers who served as special attorneys general in the statewide gubernatorial recount conducted last December. The committee report did, however, point out certain errors commonly committed by election inspectors and officials.

It would be amiss if voters as well as election officials were familiar with the five errors most commonly committed by election boards. They were:

Failure of election inspectors to properly initial ballots; failure to remove the detachable corner containing serial number of ballot; failure to properly count and record the ballots cast; failure of the election boards to be sworn in and election inspectors to sign the poll book and make requisite affidavits; failure to properly wrap, tie and seal the ballots and the ballot boxes.

Indications are that many of the errors in our voting system can be corrected by proper education and schooling of inspectors and officials who are responsible for proper conduct of the elections.

Christmas Observance and Customs Told in Letter from Missionaries

Observance of Christmas in Jamaica is the text of a most interesting letter recently received from Mr. and Mrs. Fred Struthers who have been doing missionary work there for the last five years. The following excerpts are taken from the letter.

Dear Friends,

Life is surely full these days so that even if one wants to be lazy it isn't very possible. Christmas days are very special in Jamaica. People must have new clothes whether it is possible or not and also eat, drink, and be merry with plenty of fire works. Christmas seems like the 4th of July except the fire crackers start long before December 25th and continue long after. All of these customs date back to slavery days when the slaves had Christmas Day and Boxing Day, Dec. 26, for play.

The owners gave them new clothes and extra little niceties to eat plus drinks. This resulted in parades with everyone together in front of the big mansion and elsewhere to celebrate. They had masquerades in connection with all of this (reminding us Americans of Holloween). With all of these customs plus sunshine, green plants, and beautiful flowers blooming everywhere plus perhaps a swim in the sea we find it rather difficult to feel that it is really the Christmas season.

Our little artificial tree is growing faded now but we are trusting that it will serve us for our sixth Christmas, which will be Dec. 25, 1951 and then perhaps we won't need it again for we hope to once more experience the joy of tramping through the snow to chop our own little Christmas tree.

On the day befre Christmas we went to the church in Port Antonio, where we had three services for the day. They weren't little short services either and still the people seemed willing to sit longer. About the time for us to start home the rain came pouring down and poured most of the 60 miles home as we came over mountains. It was late by the time we came home and John and Fred were so excited for the next morning to come that they could hardly go to sleep.

Before daylight we called Vicky, turned on the bubble lights, played some Christmas carols on the victrola, read the Christmas story, and prayed. Then Daddy acted as Santa and handed out the presents. There was a saddle for the boys and their donkey, thanks to Uncle Ben. They received their first shirts and ties. LeRoy blessed them each with a big sea toy (one a shark and one a turtle.) The shark had a false nose and moustache, a ball of kite string, a ball, balloons, starlights and peanuts. In fact so many things happened that all of us had shining eyes. We wish to thank all of you that helped to give us a happy Christmas. For breakfast we had some date muffins and along with our stuffed rooster for dinner we had some cranberry sauce. It tasted so good for it seems years since we have tasted any. All of you are assured now that we were overblessed.

* * *

THE DAY BEFORE New Year's day we spent up in the mountains in Penlyne Castle with a full day: a morning service, a Christmas program at 5:30, a parent teacher's meeting at 9:30, which was followed immediately by a watch night service. At this service I gave the flannelgraph story of Judge Morse which created a very quiet atmosphere for the breaking of the New Year. John had walked all of the way up the mountain and was bubbling over with energy early New Year's morning to start the long walk down. After weeks of rain the donkey paths were slippery and full of ruts but we walked the five miles safely and soon found ourselves back at J.B.I. ready for the school harness again.

Miss Young spent Christmas week in the country parts also. She told about attending a wedding. In fact she was asked to give quite a lengthy lecture to the bride and groom at the ceremony. Then they all went to the home for the toasts while enjoying the toasts, cake and drinks. When they arrived the cake was veiled and the toastmaster refused to unveil until after playing a little game. He put 3 shillings down against the unveiling of the cake then someone challenged him and put 2/6 in favor. The guests added their coins gradually until it seemed that all were satisfied. In the end, of course, those wanting to unveil the cake won and the 25 or 30 shillings were tied up in the bride's handkerchief to help her start out on her housekeeping venture. We understand that at some weddings they refuse to cut the cake until several pounds are raised to help the bride and groom defray expenses.

Ielda told us that on Christmas Eve in her home community they always choose an old man to sacrifice on behalf of the community. Some of the young men sleep with him to be sure that he doesn't escape. What he is sacrificed to and the exact reason she wasn't able to tell me but it seems to be a carry over from those far off days of long ago and now they carry it on just for fun. In the middle of the night the men of the community carry out the old man (he is usually very much frightened and very vexed); then they pretend to carry out the kill with such a combustion of fireworks that the old fellow is certain that the whole affair is true. Many of the poorer uneducated class of young people seem to get a great deal of fun out of tormenting older people.

On New Year's morning up in the mountains we heard the drums beating and the bamboo flutes playing hymns and choruses. There seemed to be a large number of them together announcing to the community that 1951 had arrived. This announcement was lead by the Christian Youth of the community. Where other conditions prevail there would be other music than Church hymns. I must say that there is surely something alluring in the drum beating. These people can produce rhythm and music without ever studying a bar of music

Charles, Florence, John and Fred Struthers.

Weather Retarding Perch-Smelt Runs

LANSING—Perch or smelt runs have not started yet, the conservation department is advising numerous inquirers.

First spring spawning runs normally get underway anytime from the last week of March to early April. Weather is the chief factor in advancing or retarding migrations.

ODDS 'N ENDS

By Fran Martin

Can you believe the Easter came and went in such a hurry . . . and in the middle of such a storm . . . Winter arrived Nov. 10 in just such a blizzard so let's hope it's making its exit in just such a manner and that's the last we'll see of it until next year . . . It sure raised havoc with the Easter garb . . . which included good warm clothes and boots in order to get through the snow to church . . . a few brave souls wore Easter hats but we'll bet the flowers were nipped with the frost by the time their wearers arrived home . . . But despite the weather, the beautiful services held in all the churches in a setting of Easter lilies and other spring flowers told one it was Easter . . the time of rejoicing, of renewal of one's faith and a new hope . .

During the storm the other night the Charlevoix county road commission was called upon to give an 'assist' to the stork . . . about 4 a.m. when the storm was at its peak a young lady decided to make her entrance into the world . . . her daddy couldn't get his car out, the city truck was out plowing on the southside and the police car couldn't get to the north side to take the expectant mother to the hospital . . . so . . . a county snowplow driven by John Martin was sent to the rescue . . pulling into the yard of the Dick Herricks, Mrs. Herrick (Anne Campbell) was placed into the cab of the truck and taken to the hospital . . . the driver then went for Dr. Grate who arrived in time to usher little Carolyn Susan into this world . . never a dull moment . . . even in the middle of a storm

Lucky were the people who braved the weather Friday night to hear the Michigan State glee club . . . for their efforts they were entertained royally by the boys who sang countless encores to show their appreciation . . . it was a rare treat . . . and it's unfortunate that more people couldn't have heard them . . . but it was an appreciative audience to which they sang . . . and they were rewarded . . .

A grand letter the other day from Mrs. Rose Pearl who is spending the winter at Greenwood, Miss . . . she tells us the fields are plowed for the cotton crop . . . the leaves are all out and the flowers in bloom . . . and what with the colorful birds in the gardens it's a beautiful sight . . . that we can believe . . She also told us something else we didn't know . . . that Greenwood is in the heart of the largest long grade cotton district in the U.S. . . . and is second only to the Nile in Egypt in this particular type of cotton . . .

We met Mrs. Dick Farmer the other day and she was telling us about the wonderful model planes her son, Danny, has been making . . . as you remember he suffered a couple of leg fractures within a short time and has spent a good part of his time for the more than a year in bed . . . While in a cast and flat on his back he made some wonderful models . . . even one which operates with a motor . . . oh, for the patience and diligence to do such a work . . . They would be something to see . . . a well-done to a plucky lad . . .

Mrs. Ray Faulkner has called to our attention a story in the February issue of Guideposts written by Mrs. I. E. Towe, now of Holland . . . It's called the Case of the Waiting Trunk and is an inspiring story of how she received her college education . . no doubt many of you have heard it from her personally, as we had, but in re-reading it one can't help but feel the great story of faith it tells . . . We wouldn't attempt to re-tell it for it might spoil it for you but we're sure Mrs. Faulkner would be happy to lean you her copy of this fine little magazine . . .

Sermonette

What The Fool Said

Rev. J. Bekkering

Minister Barnard Reformed church.

In Psalm 14:1 we read: "the fool hath said in his heart, There is no God." This verse intimates that believing in God is not so much a matter of piety as of common sense. In fact we do not even need the Bible in order to convince us that there is a God. Nature proves the existence of God. Just take a microscope and look at the smallest form of life — everywhere there is order, and purpose and perfect beauty. Or take a telescope and turn it to the stars and the moon — again you will find law and intelligence. It all proves a mighty Creator of the universe in which we live. Perhaps you have heard the story of the Arab, who was guiding a Frenchman, an unbeliever, across the desert. Now and then the Arab would spread his mat on the sand and kneel down and pray. That irritated the Frenchman, and once when the Arab got up from his prayer, he said to him: "How do you know there is a God?" The Arab replied: "How do I know that a man and a camel past our tent last night? I know it by their footprints in the sand. You want to know how I know there is a God. Look at the sun — Is that the footprint of a man?" That was good reasoning of the Arab. Many years ago David sang already: "the heavens declare the glory of God and the firmament showeth his handiwork." You can find God's signature in every muscle of your body and in every hair on your head if you are only willing to look for it. There is not a being, nor a leaf, nor a flower but it bears the marks of God's hands. No wonder that the Bible states that only the fool hath said in his heart: "There is no God." And yet, how many fools there are in this world! How many people there are, who, although they do not openly deny that there is a God, yet completely ignore Him and do as if He does not exist.

How many thousands there are, who refuse to obey the claims of our Creator! God commanded us to keep the Sabbath Day holy, but never has there been so much Sabbath-breaking all around us! God commanded us to go to church on Sunday (Hebrews 10:25) but the empty pews in many churches prove that many give a plain denial to the just requests of God. Only the fool ignores God and His Word. Let us rather give the claims of God a fair consideration. Thus saith the Lord: "Consider your ways."

Charlevoix IN UNIFORM

Donald C. Mort, seaman recruit, USN, son of Mr. and Mrs. Arthur C. Mort of Route 2, is undergoing recruit training at the world's largest Naval training center, Great Lakes, Illinois.

Recruit training is the sharp break between civilian and Naval life in which the new Navy man learns the fundamental principles of the Naval service.

Upon completion of his training the recruit is assigned either to units of the fleet or to a service school for specialized training.

Cooking Eggs

To make sure they will be tender, eggs should always be cooked over ... heat

To: All Voters of the 2nd Ward

Due to the close results of the primary election in the 2nd Ward, along with the fact that scores of my supporters have urged me to run again in the April election, I have decided to re-enter the election for Alderman in the 2nd Ward.

I sincerely believe that the interest shared by the majority of you citizens in our City's future and my interest in representing you are mutual.

I sincerely believe my qualifications are sufficient and my familiarity with the issue facing our city makes it possible for me to do a job for you.

But your support is vitally needed and I am urging all of you to get out and vote.

Sincerely,

OSCAR WILSON WARD

Kit Carson Lumber Co.

Charlevoix, Michigan

I See by the Courier . . .

- Mrs. Moran has returned to her home on Clinton St.
- Mr. and Mrs. Jack Zimmerman of Bay City visited with Mrs. Zimmerman's parents, Mr. and Mrs. E. B. Bowman over the week-end.
- Mr. and Mrs. E. B. Bowman recently were on a business trip in Illinois. Enroute home they visited Mrs. Bowman's sister in Rensselaer, Indiana and other relatives.
- Mr. and Mrs. Clare Staley and two daughters, Nancy and Suzie, of Frankfort spent Easter Sunday with Mrs. Staley's parents. Mr. and Mrs. Charles Tuhy and also with Mr. and Mrs. Gordon Dennis and family.
- Mr. and Mrs. Dean Davenport and family were in Detroit for a week's holiday vacation.
- Margaret Milner of Detroit spent the Easter week-end with her mother, Mrs. Thomas Milner.
- Ruth Richards who teaches at Evart spent the holiday week-end with her parents, Mr. and Mrs. Robert Richards.
- Easter week-end guests at the home of Mr. and Mrs. Leo Carey were their sons and daughter-in-law, Mr. and Mrs. Keith Carey and two daughters, of Midland, Don of Mason and Bill and Bob of East Lansing.
- Mrs. H. G. Clarke returned home recently from an extended visit in Wolcottville, Ind. She is now at the Baker Apartments.
- Gerald Left and Edwin McCann, officers aboard the John L. A. Galster of the Petoskey Portland Cement Co. left recently for Manitowoc to prepare the ship for the opening of navigation. John Ryder, Jr. has also joined the crew.
- Mr. and Mrs. Charles Hamlin were in southern Michigan and Indiana to bring their son and daughter home for the long week-end. Tom, a student at Notre Dame University in South Bend and Pat a student at a business college in Lansing returned home with them. They were also accompanied by Sally Eccleston, a business school student with Pat who spent the week-end with her mother, Mrs. Anna Eccleston.
- Miss F. L. Edson returned home last week after spending two months in Florida as well as in Stillwater, Okla.
- Mrs. Bessie Hyek of Hayes township is a medical patient at Little Traverse Hospital in Petoskey.
- Mr. and Mrs. Louis O'Neill and son, Edward, spent the long week-end in McConnellsville, Ohio with relatives.
- Mr. and Mrs. Arthur Heilig and two children spent the Easter week-end with relatives in Dayton, Ohio.
- Mr. and Mrs. Franklin Boss and two children returned home last Wednesday after spending the winter at Pompano, Fla.
- Mr. and Mrs. Howard White spent Sunday and Monday in Lowell with relatives. They were accompanied by Maudelaine VerWys who also visited relatives over the week-end.
- Mr. and Mrs. O. P. North and daughter, Eleanor, of Newaygo, spent the Easter week-end with their son and daughter-in-law, Mr. and Mrs. Howard North.
- Ann Gill, Marilyn Blissett and Annamae Maxwell, all of Grand Rapids, spent the Easter week-end with their respective families. Larry Petersen also of Grand Rapids was home for the holiday week-end.
- Mrs. Jean Gallagher spent the Easter week-end with relatives in Detroit.
- Mr. and Mrs. Frank Martin spent the week-end in Rochester with the former's brother-in-law and sister, Mr. and Mrs. Rex Supernaw.
- Mr. and Mrs. Lloyd Cummings and family returned home after a week's visit with relatives in Detroit.
- Gregory Bryan and George VerWys spent the week-end in Lowell with the former's parents, Mr. and Mrs. Kenneth Bryan. Mrs. Bryan brought them back on Monday and remained for a brief visit.
- Mrs. Raymond Nowland, Jr. and children, Don and Linda, left last week for a ten-day visit with relatives in Detroit. Mr. Nowland will join them this week-end and they will return with him.
- Mr. and Mrs. Paul Schantz have as their guests their daughter, Mrs. Richard Rinal and two children who have come from Cleveland for an extended visit. They plan to make their home in Traverse City where Mr. Rinal is employed. Another son-in-law and daughter, Mr. and Mrs. Gerald Reed and family of Windsor, Ont., spent the week-end here.
- Among those from away who attended the funeral services for Rasmus H. Hendricksen last Tuesday were Mr. and Mrs. C. D. Usher and daughter of Grand Rapids; Mrs. Arthur Cook and daughter, Sue, of LaGrange, Ill.; Mr. and Mrs. George Tutten of Battle Creek; Mr. and Mrs. Frank Wlodkowski and family; Mrs. Edna Duvall; Mr. and Mrs. Russell Duvall and son and Mr. and Mrs. James Camillo of Muskegon; Mr. and Mrs. Jack Jardine of Harbor Springs.
- Phyllis Trimble and William Poole, students at Ferris Institute, Big Rapids, spent the week-end with their respective families. Edward Novotny, another student there, was here from Thursday until Saturday when he went to Muskegon to join his wife and daughter. His parents, Mr. and Mrs. A. F. Novotny and son, Jimmy, accompanied him for the week-end.
- Mr. and Mrs. Edward Thorp and family of Lansing spent the Easter week-end with relatives here.
- Mr. and Mrs. Jerry Finney of Birmingham spent the week-end with the latter's parents, Mr. and Mrs. Arthur Ranger.
- Mr. and Mrs. Charles Stevens and son, Bruce, of Twin Lakes, spent the Easter week-end with relatives here.
- Mr. and Mrs. John Zeitler and family spent the week-end here on business.
- Pat Rose spent the Easter week-end in Ann Arbor with her sister, Donna Rose.
- Mr. and Mrs. Richard Hull, Don and Joyce Hardy, spent the holiday week-end with relatives in Detroit and Ohio.

Luyckx-Gibbons Speak Vows At Nuptial Mass in Detroit

Margaret Arden Luyckx became the bride of Charles Gibbons in a double ring ceremony performed by the Rev. Edmund Muir at a nuptial Mass celebrated at the Church of the Visitation in Detroit at 10 o'clock Monday. The altar was decorated with Easter lilies for the service.

Mrs. Charles Gibbons

The bride is the daughter of Mrs. Harry Ward Luyckx and the late Mr. Luyckx. The bridegroom's parents are Dr. and Mrs. Gerald Gibbons of this city.

The bride chose a gown styled with Chantilly lace bodice and sleeves over white satin. The skirt ended in a short train. Her helmet was of pearl trimmed satin and held her finger-tip illusion veil.

She was given in marriage by her uncle, William J. Luyckx.

Mrs. Edward A. Macholl Jr, sister of the bride, was matron of honor and bridesmaids were Nancy Luyckx and Gretchen Luyckx, cousins of the bride, and Marianne King. All the attendants were dressed in identical gowns of spring green net over taffeta with chantilly lace jackets, helmets and gloves. Mrs. Macholl carried yellow tulips and the bridesmaids carried daffodils.

The flower girls, Patti Macholl, niece of the bride, and Mary Ann Gibbons, sister of the bridegroom, wore gowns of pale yellow taffeta made with marquisette yokes. They wore matching helmets and gloves and carried jonquils.

James Gibbons assisted his brother as best man and ushers were another brother, Gerald Gibbons, Raymound Waugh of Washington, Joseph Martin of Lansing and Richard Luyckx, cousin of the bride.

Mrs. Luyckx chose a soft green crepe gown, a flower trimmed hat and matching accessories including a handbag adorned with tulips for her daughter's wedding. Mrs. Gibbons wore a soft blue crepe gown with white accessories and gardenias.

Spring green and pale yellow was the theme for the breakfast and reception which followed the ceremony. Honoring the young couple, one hundred guests were invited to join the wedding party and their relatives at the Abington Hotel.

The couple left via train for a week's wedding trip at the St. Moritz Hotel in New York. They will return to Detroit via plane. For traveling the bride was attired in a navy gabardine suit, matching accessories and a gold topper with a white orchid.

The bride is a graduate of St. Mary's Academy, Monroe, and attended the University of Detroit. The bridegroom is a student at the University of Detroit.

Dr. and Mrs. Gibbons and family went to Detroit Friday to attend the final pre-nuptial party for the bridal couple.

Second Ward

Election Monday, April 2

What's the Issue?

Your chief interest will be to have a representative on the City Council who will constantly strive for efficiency and economy in City government and be on the alert to foster every project for the betterment of Charlevoix.

I ask your support on that pledge.

Let's go to the polls Monday and vote.

No car was ever so eager to go!

Hudson . . . Most DURABLE car your money can buy!

Hudson—only car with "step-down" design

From start to end of the run, no car was ever so eager to go as the new Hudson Hornet.

For here is Miracle H-Power! And that means blazing pick-up, exciting *action* at any speed, the like of which has never been built into a motor car before.

This *performance unlimited* comes from an engine so quiet and smooth that you might even forget it is powering you on your way. And this new, high-compression H-145 engine is simple in design for lowest upkeep and longest life—built to outlast any engine of its kind!

We invite you to try this new "step-down" designed† car with sleek exterior lines, and a luxurious interior with the most room, best ride and greatest safety to be found anywhere. *We invite you to drive the new Hudson Hornet*—today!

†*We have a free booklet for you explaining the many advantages of "step-down" design.*

Important today—perhaps VITAL tomorrow: All Hudsons give high-compression performance on REGULAR GAS!

Tune in THE BILLY ROSE SHOW, ABC-TV Network

Standard trim and other specifications and accessories are subject to change without notice.

From where I sit ... *by* Joe Marsh

Slim And His "Ali Species"

Slim Baker, who's always doing something crazy, had a lot of people smiling last week because his entry won a ribbon in the Women's Club Annual Pet Show.

Seems as though Slim saw a strange-colored alley cat with no tail over at Central City and brought it home. He washed, combed, and brushed it and put a collar on it with a card reading "Ali Species." Then he enters it in the show.

Hanged if the ladies didn't think it was some rare kind of cat and gave it a special award! When one of them asked Slim where she could get one like it, he said, "It's all yours, M'am - I can get an '*Alley Cat*' anytime I want!"

From where I sit, some of us are pretty easily "taken in" just because someone else says it's so. Whether it's awarding prizes or passing judgment on a person's right to enjoy a temperate glass of beer—let's take a good look from stem to stern, and learn what it's all about before making up our minds.

Joe Marsh

"We've driven our 5 Dodge cars over a million miles"

Says GEORGE GILL, Taxicab Fleet Operator, Red Bank, New Jersey

"When five standard Dodge sedans cover a million miles you realize what Dodge dependability means. All those miles were safe, dependable, comfortable miles for our passengers—amazingly economical and trouble-free miles for us."

DEPENDABILITY

Specifications and equipment subject to change without notice.

Depend on it! This great new Dodge will see you thru the long pull ahead!

In times like these, it pays to own a car you know is engineered through and through to stand up better, serve you longer at lower cost.

That's why we suggest you drive the car whose reputation for long life, ruggedness and stamina is recognized the world over.

Spend 5 Minutes With Us. Come in today. Five minutes is all it takes to check and compare . . . to learn how much more Dodge dependability can mean to you. Learn how you could pay up to $1,000 more for a car and still not get all the extra-value features of today's big, dependable Dodge.

SLOW
DEPENDABILITY

SMOOTHER RIDE . . . longer car life. New Oriflow Shock Absorber system gives a truly new kind of ride . . . "floats" you over roads that stop other cars. Reduces wear on vital chassis parts. Adds miles to car life.

1951 Dependable

DODGE

Just a few dollars more than the lowest-priced cars!

NEW SUNOCO DYNALUBE
CERTIFIED TEST AAA
ROAD TESTED

ROAD TESTED from Quebec to Key West and back. **AAA CERTIFIED RESULTS:** Long Mileage, Engine Cleanliness, Long Engine Life. Cars using NEW Dynalube were driven over 2,000 miles, on the average, before a drop of oil had to be added.

SUNOCO
QUEBEC-KEY WEST ROAD TEST

AAA Certifies Road Performance of NEW Sunoco Dynalube Motor Oil

for Long Mileage, Engine Cleanliness, Long Engine Life

NEW Premium Heavy-Duty Motor Oil Combines in a Single Oil All the Finest Features of America's Premium Motor Oils . . . Actually Improves the Condition of Most Engines.

Your car...1951 or earlier model...can now get *greater engine protection* with NEW Sunoco Dynalube, a new motor-conditioning motor oil.

1. Tough **Heat-Resistant Body** assures *long* motor oil mileage.
2. Fully **Detergent-Dispersant**—NEW Sunoco Dynalube cleans engines and keeps them clean. Road dust and contamination from normal combustion are held in harmless suspension until oil is drained at the regular interval.
3. **Free-Flowing** and **Metal-Clinging** qualities of NEW Sunoco Dynalube help you avoid costly engine repairs.
4. **Anti-Rust** and **Anti-Acid**—NEW Sunoco Dynalube counteracts two of the greatest causes of wear in any engine.
5. High **Film Strength** and **Ring-Sealing Action**—insure longer-lasting engine efficiency.

• • •

NEW Sunoco Dynalube is one of the very few oils that meets or exceeds car manufacturers' recommendations for all 1951 passenger cars.

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

Beaver Islanders were not dreaming of a white Easter—Never! Dreams of an early spring and a balmy Easter season were entertained during those wintry evenings when bonnets were beig selected for the Easter parade—but what happened? Easter Sunday dawned bright and beautiful alright, but under foot lay a foot and a half of snow on the level and three or four feet in drifts. Every branch of the fir trees hung heavy with snow, icicles hung yards long from house tops, in all, it was a perfect setting for Christmas. Snow fell thick and fast Holy Thursday and Good Friday. By Saturday, the stage was set and Beaver Islanders were greeting one another with "Merry Christmas" instead of "Happy Easter".

A few weeks ago, Elston Pischner put away the snow plow for the season. The roads were bare of snow. Elston had to do a quick job of hooking the plow up again to clear the road traffic going to Holy Cross church for Holy Week devotions.

Sleighs and jumpers had been stored away in the barns. Now they are out again. It seemed strange to hear sleigh bells on Easter Sunday, but Mr. and Mrs. Frank O'Donnell were out visiting Sunday afternoon in their jumper and the merry tinkle of sleigh bells accompanied them on the rounds.

• • •

MRS. LLOYD MCDONOUGH was proudly wearing a corsage of red roses Easter Sunday, a gift from her son, Pfc. Buddy McDonough.

Buddy Left called the home folks on the island Easter Sunday and from where? Way down in Louisville and he was visiting none other than our former pastor, Father Fabian Keenan, who is stationed at St. Peter's church there. Buddy has been seeing quite a lot of Father Keenan since he has been stationed at Fort Knox. Two other island boys are at Fort Knox, Roger Ricksgers and Charles McCauley.

Larry Cull has sent word to his parents that he is on his way to Japan. When Larry returned to Camp Polk after his recent visit to the island, he had to start packing immediately.

• • •

MANY OF OUR island lads have left to report to their boats for the coming navigation season.

Monday, Patsy Doney Gallagher left to report to his boat in Milwaukee.

Emmet Schmidt and Sheldon Martin left Tuesday to sail for the season.

Francis O'Donnell left during the week to report to his boat.

Carl Left and Robert Gillespie left Sunday for Toledo to join the crew of their boats.

James McCafferty will sail on the luxury freighter, Wilfred Sykes, during the coming season. Matt Melville and Dan Greene both from the island, are employed on the boat, so Beaver Island is well represented.

• • •

IT'S ANOTHER grandson for Mr. and Mrs. James H. Gallagher. Word was received from Mr. and Mrs Leo Gallagher, Chicago, of the birth of a son born just as the clock struck midnight, but so close to St. Patrick's Day that they named the baby Patrick.

The infant son of Mr. and Mrs. Teddy Wojan has been christened and given the name Richard Jude. The god-parents are Janet Gallagher and Junior Wojan.

Thursday, Joy McDonough arrived to spend the Easter holidays with her parents, Mr. and Mrs. Lloyd McDonough. Joy is a student nurse at Mercy Central School of Nursing, Grand Rapids.

Charlotte McDonough, a government employee in Washington, D. C., flew to Chicago to visit Mary LaFreniere and to attend the Beaver Island party. Charlotte returned to Washington by way of Detroit and spent Easter with her sisters, Bertha and Mary Ellen. All are daughters of Mr. and Mrs. William McDonough.

• • •

WE HEAR the Beaver Island party, with Father Boyle as host was a big success . . . nice place, good music and lots of nice people. Congratulations to those in charge!

The U.S. Coast Guard ice breaker, Woodbine, came to the island Thursday to break a path to the dock. The boat came into the harbor at 10 a. m. and plowed the path in an hour's time.

Mrs. Geraldine Buckner says she is now ready to fill all orders for pups. Eight little puppies put in their appearance at her house last week.

And Doctor and Mrs. Palmer have five little kittens at their house . . . to be distributed.

Members of the St. Cecilia club met Saturday afternoon at Mrs. Palmer's home. Easter treats were given the little girls after practicing their songs. Loretta LaFrieniere is the newest member of the club.

Sunday afternoon, Lillian Connaghan and Dan Gatliff arrived to spend Easter with their families. Lillian is a student at Mercy Central school of Nursing, Grand Rapids.

• • •

BEAVER ISLAND has a one man publicity committee in Toledo—Tom LaSueur. Tom has a "sure fire" campaign in progress which has resulted in quite a few letters of inquiry. Many thanks, Tom!

A card was received from Mr. and Mrs. Francis Stebbins from way down in Mexico. Mr. and Mrs. Stebbins visit the island every summer as the guests of Mr. and Mrs. Paul Heflin.

All the sick folks on the island are improving—but slowly. The old flu germ took the starch out of those who were bit with the "bug".

The "Rose of Kildare", a three act play, will be presented by the pupils of St. James High, Friday evening in the Parish hall.

Rock Elm News

By Mrs. A. B. Lawton

The late snow storm blocked the roads through here so the mail carrier was unable to make this part of his route Saturday. The road was not open until the snow plow came through about dark Saturday evening.

Mr. and Mrs. Duane Bunker and children of Lansing came up to spend their Easter vacation visiting their parents, Mr. and Mrs. Lyle Danforth and Mr. and Mrs. L. G. Bunker.

It certainly does not look much like spring now but we know it will come some time and it will certainly be welcomed by all.

Michigan Mirror

INTERPRETING THE NEWS

By Gene Alleman
Lansing Observer for
Michigan Press Association

Governor Williams reports an expected deficit of $80,000,000 by 1952. He figured a deficit of $21,311,231 at the end of the last fiscal year, $50,597,835 at the end of the current year and $79,997,835 at the end of the fiscal year ending June 30,1952.

He boasted the '51-52 budget from $294,900,000 to 304,400,000 for civil defense ($6,000,000) and for state office building repairs (3,500,000).

• • •

MICHIGAN has taken at-least one step to halt the diminishing number of physicians in the state by offering reciprocity to Canada in licensing of the profession. The state has agreed to admit all graduates of Canadian medical schools and those licensed by Canadian provincial boards to Michigan licensing exams without the one-year American training period usually required of "foreign" doctors.

• • •

THE "LITTLE HOOVER commission", most recently under fire for being a "theorist organization", has made its first official recommendation. A bill repealing the law making the state police commissioner removable only by the supreme court is the upshot.

Highly skilled designers and production engineers are being pirated from Michigan by defense contract firms from all over the country. The labor carpet baggers, competing in the labor market with government funds, offer fantastic salaries—salaries so huge few men can afford to refuse.

• • •

AND THIS STATE still has its own little labor problem in the search for experienced' men for new defense-contract plants. Factories are sponsoring schools and short courses to speed up the training of skilled operators.

The sudden flow of women back into the assembly lines, however, has halted. The first flurry of defense work pulled several thousand back, but the babushka brigade never reached World War II proportions.

• • •

THE HOUSE of Representatives has passed a bill making it illegal to hunt on property without the owner's permission—a law long sought by the state's farmers.

How to build more cars with less steel may be demonstrated by Michigan's auto Industry after April 1. That's when the 20 per cent steel consumption cutback becomes effective. They will do it by producing a greater proportion of their lighter weight models.

• • •

LATEST TWIST in civilian defense is the "alert" card. Brig. Gen. Lester C. Maitland, Michigan OD director, will distribute them. They describe air alert warning signals and give instructions for self protection in case of enemy attack. The cards are printed so they may be cut into wall cards and tacked up in homes or buildings.

Michigan now has more than $2,000,000,000 in defense contracts So rapidly have the orders rolled in that the predicted labor shortage during conversion has not occurred. The contracts should require two years to complete. Henry C. Markle, executive director of the Michigan unemployment compensation commission, says the state still is not loaded to capacity from a manpower standpoint.

Reapportionment comes up again. This time Sen. Creighton R. Coleman (R-Battle Creek) has a plan to reshuffle rural and city representation in state legislature. It would "parcel out membership in the house according to population while preserving a geographical balance, heavily weighted according to population in the senate."

Federal and state prisoners may be used on work projects on Michigan lands under the jurisdiction of the United States. Currently, 250 inmates of state institutions are assigned to projects in state parks and game areas. A bill now is in the Washington hopper extending such activity to federal holdings. The federal government controls some 2,500,000 acres in Michigan.

Shorter Horn Deer Predicted in State

Evidence that a deer herd too large for its food supply means bucks with shorter horns, and consequently fewer legal hunting targets, is revealed in a study completed by C. W. Severinghaus, New York state deer expert.

On a tour of Michigan deer yards with Michigan game men, Severinghaus disclosed that 50 percent of the year and a half old deer in the critical New York Adirondack region had less than three-inch spikes. This region is too heavily browsed whitetail range, the same as is the area in Michigan running from Alpena to Gaylord to Houghton lake to East Tawas.

According to his study, 31 percent of the bucks had more than three-inch horns, 15 percent had racks of three to five points and four percent possessed racks with six to eight points. If the population was not too large for its food supply, he noted, some of these males would have grown 12-point racks.

Severinghaus's research indicated a different story on same age deer in western New York. There, as in some of the better Upper Michigan deer territory, for example, an abundance of natural browse exists even in the winter. None of the year and a half old bucks examined had less than three-inch horns and only 14 percent had spikes which were longer. The rest of the deer had racks, 43 percent with three to five points, 40 percent with six to eight points and three percent with nine to 13 points.

Amino Acids

Meat, fish, eggs and milk are the best protein sources of all the amino acids.

MERCURY
MOBILGAS ECONOMY RUN
DEATH VALLEY — LAS VEGAS
HOOVER DAM
ART HALL

MERCURY WINS AGAIN IN MOBILGAS ECONOMY RUN!

1951 MERCURY WITH OVERDRIVE IS DECLARED "ECONOMY CAR OF ITS CLASS"

New 1951 MERCURY
Nothing like it on the road!

MERCURY with Touch-O-Matic Overdrive* again takes first prize in Class "C" in the Mobilgas Economy Run! Proving its pound-for-pound gasoline economy, this *stock* Mercury scored amazing 59.868 ton-mile performance over a grueling 840-mile course staked out by the American Automobile Association. Virtually every kind of weather and road condition —7,000-foot ice-ridden mountain passes . . . sweltering, sand-swept roads of Death Valley—put the car to the test. But still, the new 1951 Mercury delivered the best ton-mile gasoline economy of any car in its class.

That's something to think about when you buy a 1951 car. It's good to know that the new 1951 Mercury can save you money for years to come, no matter where you drive!

As if this amazing economy weren't enough, Mercury also offers new styling that's more than just skin deep. New riding comfort that's designed to give you a smoother ride *longer*. New value that can't be surpassed by any car on the road today!

Once again the facts have proved it—the new 1951 Mercury is *"the buy of your life!"* See it today in our showroom.

*For "the *drive* of your life," Mercury offers you a triple choice in transmissions. Merc-O-Matic Drive, the new, simpler, smoother, more efficient automatic transmission—or thrifty Touch-O-Matic Overdrive are optional at extra cost. There's also silent-ease synchronized standard transmission.

Charlevoix County Farm News

Half A Century of Alfalfa

Campaigns Sold the Farmers

By Prof. P. G. Holden

ALFALFA ON EVERY FARM-WHY?

1. Because it is a profitable crap. 2. It increases the value of the farm. 3. It excels every other hay crop: a. In yield per acre; b. In feeding value; c. As a drought resister; d. As a soil enricher. 4. Its frequent cutting destroys weeds. 5. It balances the corn ratian. 6. It leads to livestock farming.

I don't mind telling you that I fell in love with alfalfa sixty-five years ago when I entered Michigan State college, then called Michigan Agricultural college. My first assignment by the Professor of Agriculture was to grow a half acre of alfalfa. The purpose was to find out whether or not alfalfa could be grown successfully in Michigan. During the last thirty-five years I have co-operated with the International Harvester Co., the agricultural colleges, the county agents, the railroads and the Chambers of Commerce in putting on over three hundred alfalfa campaigns.

You may be interested to know that the first campaign of this kind was organized right here in Michigan in Kent county in 1013. It was an automobile campaign and lasted five days. The meetings were attended by farmers and the business men. The Superintendent of Schoals adjaurned the school for half an hour to take part in the parade which opened the campaign. Credit must go to the Caunty Agricultural agent, Mr. Skinner, far organizing and managing this campalgn. I do nat remember Mr. Skinner's given name, but he was familiarly known at Michigan Agricultural college where he graduated as "Dad" Skinner.

Inspired by the success of the Kent county campaign, Allegan, Barry, Monroe and several other counties in the Thumb district put on similar campaigns. What was the result? The statistics show that these counties have from two to three times as much alfalfa today as the adjoining counties which did not have a campaign thirty-seven years ago. The very next year the farmers of Kent county put in 7,000 acres of alfalfa.

What "Dad" Skinner did for Kent and other counties of Michigan did not end with Michigan. The publicity given to this method of education by Grand Rapids and the Detroit papers found its way to Toledo and Cleveland, Ohio, areas, with the result that a similar number of campaigns were put on in Ohio. These were fallawed quickly by Illinais the same year. I hape "Dad" Skinner is still alive. I would like to tell him what he started did nat end here—far from it.

The next year, 1914, the Skinner campaign idea reached Spokane, which prides itself on being the capitol of the "Inland Empire", which includes the eastern part of Washington and Oregan, and the western part of Idaho. This was a combination auto and railroad campaign. The railroad furnished the train free, which was composed of two speaking coaches, two sleepers, a diner, baggage car and an officers' car When the train arrived at the station, a dozen or more autos would be on hand to take the speakers out to a dozen or so previously arranged meetings in that territory. In two hours the speakers would all be back and the train would proceed to the next station stop. Three or four speakers would also remain to speak to local people and the high school students. Two speakers generally went to each meeting, equipped with a set of alfalfa lecture charts and a bag of alfalfa literature for distribution. In forty-two days this territory was covered by a thousand meetings. The records show that more than 30 people heard each lecture. Of course, for weeks the papers in each town were full of information regarding the schedules for meetings.

• • •

Other campaigns followed in quick succession: Oklahoma with 480 meetings; Arkansas with 1,400; Alabama with 1,400; Mississippi with 1,800. The Memphis territory had 2,020 meetings. Then there were Nebraska, South Dakota, North Dakota, Montana, Wisconsin, Minnesota, and finally Manatoba, Canada with two special trains each with 21 coaches.

In 1902, 5% of the farmers in Iowa grew some alfalfa. In 1912 ten years later, 95% of the farmers were growing alfalfa. Similar experiences were noted regarding the success of the alfalfa specials of the CB&Q, Rock Island, Union Pacific, and a half dozen other alfalfa special trains in Kentucky, Tennessee, Colorado, Utah, etc.

You know, it takes lots of hard work to jolt people loose from their old ways to take up better methods. However, we always had good attendance at the meetings. The local communities were notified in advance that if they wanted a meeting they should send a petition to the manager of the campaign, signed by 100 or more farmers and business men. Of course no community wanted to be left out.

At the risk of exceeding the space allowed me in the Courier Farm pages, I will state a few facts. Alfalfa out-yields other hay crops. It produces two crops a year. Alfalfa not only adds nitrogen to the soil but sends its long tap root down deep thru the sub-soil and gathers its potash, phosphorous and other mineral elements from way below the reach of other crops, and brings these elements up nearer the surface within reach of other crops. Thus it is that the farmer is really farming a second farm below his other farm. These long roots make alfalfa a drought resister, noticeable in July and August when other crops are dried up.

• • •

DON'T BUY your protein . . grow it. The experiments conducted by the Experiment Stations show that alfalfa is equal to bran for producing milk, heef and pork. A ton of bran will cost about $24.00. The cost of growing a ton of alfalfa is about $6.00 or $7.00. It certainly is not good business to pay $24.00 for what you can produce at home for $7.00. Alfalfa is no harder to grow than clover. The important thing is determination and sticking to the job, and you will succeed.

After having grown alfalfa for years in Georgia, Alabama, Mississippi in the south, and in South Dakota, North Dakota and Canada, and studying its growth in many other states, I have no hesitation in saying that alfalfa (and I include sweet clover) should have a far more important place in the farming program of this and adjoining counties than it now has. There is one principle that is often overlooked by farmers and business men, viz: that profits are generally determined by very small margins. Profits are what is left after costs of production are deducted. If you grow 41 bu. of corn per acre, and it takes 40 bu. to produce it, you have one bu. profit; but if you grow 42 bu. per acre, you have doubled your profits. If you can improve your soil so that you can grow 45 bu. per acre, you will have five bu. prifit per acre, or 200 bu. on 40 acres, and at present prices, worth $650.00.

I am purposely leaving all questions regarding the growing and handling of alfalfa to the County Agent who can give you the last word on the best methods to be used in this region.

Pigs from Big Litters Make Good Records

Have you ever heard that pigs from a big litter never "do as well" as those fram an average or small litter? It's another old belief that's been proven wrang according to Harry Moxley, Michigan State college extensian swine specialist.

Moxley took the records of 2,296 litters of nearly 20,000 pigs entered in the MSC sow testing project the last six years to prove his point. It shows that size of litter is of major importance in achieving high litter weights at weaning time.

Pigs from litters of 11 or more pigs averaged 32.8 pounds at 58 days. Those from litters of 7 pigs, averaged 33.1 pounds each at weaning age. But the total litter weight for the big litter was nearly 375 pounds compared with only 233 pounds for the seven-pig litter.

The MSC swine specialist says big litters depend on many factors. Heredity factors such as milk giving ability, number of teats, and breeding from a strain of big litter producing animals can be controlled only by selection. Feeding and management practices during the time the sow or gilt is pregnant have a great bearing on the number of live pigs in the litter and individual size.

"No one breed has a monopoly on high production," Moxley commented. J. F. Hackney, Durand, won the 1050 contest with a litter of 14 Yorkshires attaining a total weight of 615 pounds at 56 days.

ORCHARD NOTES

By Claude Fairman

In regard to sites for fruit trees, I have seen sweet cherry trees doing nicely on top of a grade and descending down the grade, they would start to fade out and down on a large flat and on heavier ground, the sour cherries would do O.K. over on Old Mission peninsula. At Eastport and close to the lake, an orchard that had woods on all sides to prevent air drainage would freeze out every spring.

Intermediate valley is too low for regular fruit crops, but high land is O.K. At my own place, when specialists arrive for the first time, they remarked that I am lower than the surrounding country-side. I explained to them that we have a drop-off on three sides and that on my north there is a ravine that extends all the way to Lake Michigan, and that we have regular crops of all fruits.

The soil conservation men condemed one of our best fields that has produced a good orchard and now the second orchard is on the way. There was a hardpan 10 feet down. In the first orchard, trees would not grow in the sink-holes, hut somehow the water now has broken through and no water lays on the lower spots in the spring. Still the subsoil naw would test as high water table-land and at the same time graw a goad orchard.

Some of our lower land grows good plums, peaches and sweet cherries. And saur cherries need more air drainage for spring frosts during blooming time.

Very fine soil showing no gravel or stones is not good. Judge your lacatian hy wild apple trees or other fruits now growing. Plant your best locations first and test out some marginal land by planting a few trees at first.

Expert berry growers test ahead hy planting a few on different fields. Lower levels can be planted close to Lake Michigan, while six miles inland needs a higher elevation. Lake Charlevoix is to some extent like Lake Michigan inasmuch as it joins the big lake and has the air currents.

Farmers Like New Electric Dehorner

Farmers in the past have used the caustic method of dehorning calves have come up against some problems in its use. Sometimes, if the farmer is not careful, an animal will be missed and only one horn will be removed while the other one will continue to grow. Other times, also due to carelessness, too much caustic may be applied and a hole may have been hurned into the head of the animal. A new method that many farmers are rapidly finding satisfactory is the use of an electric dehorner.

This electric dehorner is nothing more than a heavy duty electric soldering iron. The soldering tip has been removed and a cup tip has been added to burn the horn button. Several farmers have purchased their own electric dehorner and the Boyne Artificial Breeders association has purchased one for the use of its members.

The use of this electric dehorner is simple. First you clip off the hair so that the button area is plainly visible. Then you must get the point of the dehorner hot enough so it will charr a board. Then you place the hollow iron tip down over the horn button for the required number of seconds- depending on the age of the animal. If the animal is real small it will have to be applied only once. If the animal is close to four months af age the dehorner must be applied for a few seconds, the horn button removed and then apply the dehorner again.

The electric dehorning method is less painful than the caustic method. The calf can only feel the heat for a few seconds and then when you turn the animal loose it shows no discomfort.

Here's where to get . . . GENUINE PARTS and EXPERT SERVICE

Ford TRACTOR and Dearborn FARM EQUIPMENT

One thing you'll like about the Ford Tractor . . . It's simple in design and built right. Doesn't take much servicing. Yet when it needs something done here or there, it's easy to do.

For example, we can reline brakes in almost no time . . . don't have to pull the axle. Transmission, steering . . . everything is designed for efficient service.

With this new Ford Tractor, you won't need us often but when you do, you'll like our work. We service all Ford Tractors, and Dearborn Farm Equipment, with genuine parts.

Barnard WSCS meeting at the home of Mrs. David Matchett at 2:00 p.m.

"Farming with a McCORMICK* FARMALL* CUB sure beats Mule Farming!"

*McCormick and Farmall are separately registered trade marks of International Harvester Company.

See how much work you can do with a FARMALL CUB!

JOB	Acres per day
Plowing (moldboard)	3 to 3½
Plowing (disk plow)	2 to 2½
Middlebusting or bedding	6 to 8
Disking (tandem disk)	12
Harrowing (peg-tooth)	24
Planting cotton or corn (1-row) . .	8 to 10
Planting cotton or corn (2-row) . .	15
Cultivating cotton or corn	9 to 12
Mowing	12 to 15

You name the farming job—and chances are the McCormick Farmall Cub tractor can handle it . . . and do it *better* and *cheaper* than with two or three horses or mules.

This handy, low-cost tractor for farms of 10 to 30 or 40 crop acres will do your plowing, disking, harrowing, middlebusting, planting, and cultivating *faster* and *easier* than with mules. And you *ride* as you work! Extra crops from the land you've had to use to grow feed for mules will soon pay for this easy-handling tractor.

Ask us for a demonstration of the Farmall Cub with matched McCormick equipment and muscle-saving Farmall Touch-Control.

Ironton News

Mrs. Robert King

"I hope everyone had a very happy Easter."

I'd like to begin this week by saying how very much I appreciate the cards and letters, received from ones who have liked reading about our little village, also verbal comments, it makes me feel that I am doing something worth while — thanks everyone.

It was quite a snow storm that hit last week wasn't it, one person in particular tells me she couldn't get out until help come to shovel the snow away from the front door, it was Mrs. Colwell, and she also says last Wednesday her daughter and husband Mr. and Mrs. Alfred Walton came, bringing a big potluck dinner — it was chicken too — and Thursday she was happily surprised by her only sister and her husband, Mr. and Mrs. Frank Barber from near Central Lake, they also brought a dinner, a lovely rabbit cooked to a turn — and yum, yum home made bread. Mrs. Pete Bennett spent Wednesday with her mother too. "Mrs. Colwell you are having a lot of company."

Mrs. Noel Thompson was very happy Easter Sunday — so many of her children were "at home". Mr. Thompson, her son, Eddie, and his wife Darlene and children came last Wednesday from Dayton, Ohio to stay until after Easter, also Mr. and Mrs. Dan Sinclair from Lansing, Mr. and Mrs. Arnie Thompson, Lansing Mr. and Mrs. Leonard Thompson, Lansing; Mrs. Edward Terry and children, Detroit; Mrs. Jerry Derry, Detroit; Mr. and Mrs. Percy Brown from Pontiac. They all had dinner at home on Easter.

The Rev. and Mrs. Bekkering were with Mr. and Mrs. Aaron Brock for dinner Friday evening.

Mrs. Leo Werth and two sons, Jim and Jerry, spent from Thursday 'til Sunday of last week with the childrens grandparents, Mr. and Mrs. Alvie Werth.

Mr. and Mrs. Alvie Werth had Mr. and Mrs. Roy Meyers for an evening of pinochle, and a nice lunch.

Robert Linkwiler spent Sunday in Charlevoix with Miss Carolyn Smith.

Mr. and Mrs. Louie Peterson spent last Sunday with Mr. and Mrs. Brown.

Mr. and Mrs. Homer Nasson and Adele left Thursday for Cleveland, Ohio to spend a week. Mr. and Mrs. Harry Slate are looking after the farm while they are away.

Nip Carlson left last Tuesday for Grand Rapids to pick up his daughter, Martha and Rena Knudson who are coming to spend the holiday at home.

Karl Vincent left Friday for Cleveland, Ohio, where he will board his boat for the sailing season.

Mr. and Mrs. Guy Scott and daughters spent last Thursday with Mr. and Mrs. Tom Nielson.

Among those who helped Mr. Edward Davy celebrated his 80th birthday last week were his daughter, Mrs. Sam King and Mr. King; also his grandson Robert King and Mrs. King. Mr. and Mrs. Davy reside in Boyne City.

Mrs. Elwyn Johnson had a nice surprise last Thursday morning at 4 o'clock, she was up a few minutes before 4, and made coffee, couldn't sleep and in walked her son, Edward Ward and a friend, Charles Oberlander, for the holiday and his mothers birthday which was Monday. They had been waiting to see a light in the house so as not to disturb their sleep. They are both from Three Rivers, Michigan. They saw 16 deer in the field in front of their house on Muir hill, they are planning now to come back for deer season next year. They also counted 35 deer between Ironton and Loebs, grazing.

I will try to keep the news coming Mr. and Mrs. Glen Allen, so you be sure and keep your paper. "Thats a promise".

Wish to say hello to Mr. and Mrs. Frank Milward, who wrote from Tuson last week.

Mr. and Mrs. Sam King had their Easter Sunday dinner with Mr. and Mrs. Robert King and children.

An Easter program was held Sunday at the church, it was given by the school children and children of the Sunday school. There was a nice attendance and the program was lovely, with each and every child doing fine. Lets have an attendance like that next Sunday folks.

Mrs. Colwell was visited Sunday by Mrs. Lewis Brown after church, Mrs. Brown hasn't been out much this winter and it certainly was good to see her.

Mrs. Pete Bennett spent Easter Sunday afternoon with her mother, Mrs. Colwell.

Mrs. Pete Kanoff has as her guests this week, her mother and Dad.

Thats all for this week, hope our blizzards are finished now, so we can really start going places and doing things, therefore more news — Bye now.

Barnard News

By Mrs. Clyde Smith

We are still hoping that spring is "just around the corner."

Quite a few people of the community are entertaining the flu.

We hear that wedding bells will ring for one of our Barnard boys this week.

Mr. and Mrs. Carlton Smith and sons were Easter supper guests of Mrs. Smith's mother, Mrs. Lilak at East Jordan.

Arthur Sloel and Clayton Smith are trapping beaver in the upper peninsula this week.

Mr. and Mrs. Lloyd Cummings and children are spending a few days with relatives in Detroit.

The Misses Arlyle and Mary Roberts and their brother, Jim, enjoyed the Easter vacation at home.

William Ver Meulen received word of the death of his mother in Kalamazoo last Thursday.

Clark Community

Mrs. William Parsons

Dick Jolliffe of Grand Rapids spent the week-end visiting the William Jolliffe family.

Mr. and Mrs. Gale Brintnall and children of Williamsburg, Mr. and Mrs. Archie Murphy and family of East Jordan and Mr. and Mrs. George Parsons enjoyed a family dinner at the William Parsons home Sunday.

Mr. and Mrs. Clyde Warner and Betty and Doyle Warner went to Detroit Friday returning home Sunday evening with Mrs. Doyle Warner and children. Betty stayed in Detroit 'til Tuesday to visit relatives.

Mr. and Mrs. Doyle Warner will make their home in what used to be the Clark school house.

Mr. and Mrs. Charley Howard of Charlevoix visited the William Parsons family last Sunday.

The Norwood-Barnard M.Y.F. will meet Sunday evening, April 1 with Miss Helen Light in Norwood.

Mr. and Mrs, Bill Habel and son were supper guests Sunday evening at the Charles Warner home. Evening visitors were Mr. and Mrs. Homer Warner and family.

Inwood News

Mrs. John Frotrick

Robert Fiedler from Flint spent his Easter vacation with his parents, Mr. and Mrs. C. J. Fiedler and family.

Jim Fiedler spent from Wednesday until Friday in Flint.

Easter dinner guests at the C. J. Fiedler home were Mr. and Mrs. Dean Fiedler of Ellsworth, Herbert Hamlin of Charlevoix and Robert Fiedler.

Joyce Fiedler enjoyed the sunrise services and the Easter breakfast at the Church of God Sunday.

Mr. and Mrs. Orville Hilton spent the Easter week-end in Pontiac with their daughter and son-in-law, Mr. and Mrs. Pete Joyce and son.

Mrs. Charles Meir spent Thursday visiting Mrs. Archie Brown.

Mr. and Mrs. Alvin Morrow and Billie from Hazel Park, Mr. and Mrs. Robert Wiles and two children from Briton, Mich., Mr. and Mrs. Herbert Wiles and three children and Mrs. Mildred Yon from Hazel Park all visited at the home of their parents, Mr. and Mrs. Charley Wiles for the Easter week-end. They also visited Mr. and Mrs. Julius Skusa and Mrs. Edd Gregory of Charlevoix.

Mrs. Roland R. Farmer spent Thursday with Mrs. Edd Gregory of Charlevoix. Other dinner guests of Mrs. Edd Gregory that evening were, Mrs. Anna Henry, Mrs. Anna Himebauch, Mrs. Bessie O'Brien and Mrs. Jessie Short all of Charlevoix. After the 6 o'clock dinner the evening was spent in visiting. Richard Farmer was a caller later on, to escort his mother, Mrs. Farmer home.

Easter dinner guests of Mr. and Mrs. John Fratrick and family were Mr. and Mrs. Will Ager.

Mr. and Mrs. George Block were callers at the William Ager home one day last week.

The Clarence Murray family enjoyed the Sunrise services and the Easter breakfast at the Church of God Easter morning.

Glad to hear Bruce Murray is getting along so nicely. So many of our neighbors and friends have been sick. Get well soon everone for we think spring is just around the corner. Almost time I would say after that storm Friday night. Thats one storm we all will never forget and our county road men worked straight threw in that blinding snow storm. Good work boys.

Mrs. Roland R. Farmer entertained the Epworth Ladies at her home last Wednesday afternoon. There were ten members present. After the regular meeting a lovely lunch was served. The next meeting will be at Mrs. John Fratricks.

Mr. and Mrs. Medrick Waffle and son were visitors of Mr. and Mrs. Charles Wells Easter Sunday.

Paul Lietz spent the Easter week-end with his parents, Mr. and Mrs. Paul Lietz, Sr. and his brother, Hope.

Roger Sweet, son of Mr. and Mrs. Kenneth Sweet, left today, Monday, for Albion to finish his school term.

Mr. and Mrs. W. R. Sweet left last Sunday for Rose City where they plan to make their home.

Mrs. Lucy E. Goodwin from New Hampshire is spending a few weeks here visiting her sister and brother-in-law, Mr. and Mrs. Elijah O'Brien. Robert O'Brien spent the Easter week-end here with his parents. His aunt, Mrs. Goodwin accompanied him here from Detroit.

Mr. and Mrs. Guy Stutzman were visitors of Mr. and Mrs. Elijah O'Brien last Wednesday evening.

Invest In The

Electric Light and Power Industry

Year after year, many of our clients systematically add to their holdings in the utility industry. Its record of continuous dividends indicates a consistent and satisfactory investment return.

We have prepared, and will gladly mail to you, a report giving information which demonstrates the stability of these companies. These utility stocks yield about 6% on an investment, based on the current market prices and the past year's dividend rates. We maintain active markets on the securities, either buying or selling, at all times.

a NEIGHBOR doesn't have to live next door

There are more than five and one-half million families joined together in The Equitable Society, families from every state in the union. In a *real* sense, they are all neighbors—close neighbors.

They've bonded together in a mutual society to achieve a mutual aim—security. The cooperation of that huge group has created protection and peace of mind for every individual family.

Mutual cooperation, the cornerstone of neighborliness, enables these families to enjoy financial security at an expenditure so low it is readily available to almost everyone—a cost made insignificant thanks to cooperative association.

Yes, the nearly six million neighbors in The Equitable Society come from all corners of the United States. Actively practicing the friendly code of true neighborliness, they are helping each other to enjoy economic worry-free years, fuller, happier lives.

Tiny Knife Used by Wayne U. Doctor For Finger-Tip Surgery Inside Heart

Wedged between two layers of rubber glove, the finger-operated knife is ready to enter the incision in the heart.

Surgery within the human heart—an operation so delicate that it challenges the highest medical skill—has been successfully performed by a member of the Wayne University College of Medicine faculty, using a tiny knife attached to his forefinger.

Two patients, suffering from a condition in which a valve between chambers of the heart tightened and obstructed passage of blood, underwent the operation and are reported "much improved."

The operations, among the first of their kind in the country, were performed in Detroit's Receiving Hospital, principal clinical training center for Wayne medical students.

The disorder, which obstructed the flow of blood from one chamber of the heart to the other, had caused the patients to be bedridden for many months.

The doctor, in preparation for the operation, made an incision in the chest, "spread" the patient's ribs without injury to the ribs themselves, and exposed the heart by cutting through the tough sack, or pericardium, in which the heart is enclosed.

A slit was made in the heart wall, over one of the two chambers affected by the faulty valve connection. The gloved forefinger alone was then put through the slit into the chamber, and the doctor probed for the affected valve.

When it was located, the knife was slipped into position on the doctor's hand, with the blade extending beyond the end of his forefinger. Back into the heart chamber went the finger, with the knife this time attached. Two incisions were made in the valve to allow the blood flow to resume.

In each operation, the surgeon estimated that his finger and the knife were inside the heart five or 10 minutes. The complete operation took almost two hours.

Since the operation the patients are no longer bedridden. Shortness of breath, which was one of the symptoms of the heart malady, has been greatly reduced.

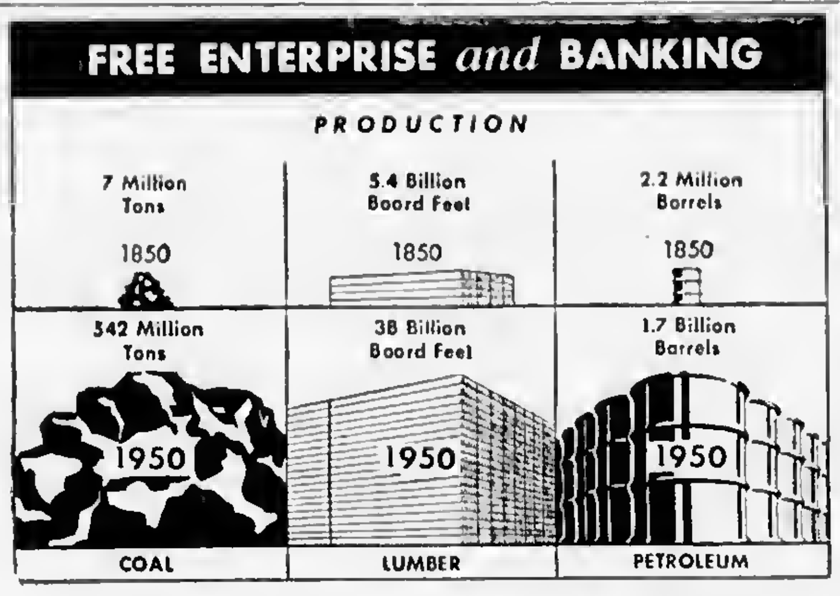
Sunlight Cancer

Blue-eyed persons are more susceptible to cancer caused by exposure to the sun's rays than are brown-eyed persons, a study made by a Santa Monica (Calif.) doctor shows.

Awnings

American home owners prefer canvas awnings 8 to 1 over all other types, according to a survey recently conducted by a leading national home improvement magazine

FREE ENTERPRISE *and* BANKING



There is no substitute for freedom as a spur to production. And America's progress is a continuing story of free men engaged in free enterprise.

Our high standard of living — our high productivity in peace and war — and our future progress are all directly connected with our free enterprise system. Let's keep it always.

Mystery, Comedy Highlight Banks Senior Play

Ellsworth — Possibly you are wondering who Grandma is, after reading the cast of characters of the Banks Senior class play "Good Gracious, Grandma," last week in your Courier, well, you see for yourself when you fill your date, April 13 or April 14 at Ellsworth community hall when the Seniors present this rollicking comedy for your entertainment.

The plot revolves around two young men, in love with rest (or, plain lazy, if you care to put it that way) who are broke, hungry, and willing to use most any means, (other than work!) to get a little cash! How they go about it, gets them into a complicated situation, hilarious to say the least.

Between act numbers include the "Dipsomaniacs" in their first public appearance.

Announce Date for Deer Yard Tour

LANSING—Sportsmen and others desiring to see deer yard conditions first hand are invited by the conservation department to make inspection trips on April 8.

Two department - conducted tours of winter starvation areas will begin at 10:30 a. m., one starting at the Mio district headquarters and the other at Shoppenagon's Inn at Grayling.

Persons planning to go are advised to bring waterproof footwear, comfortable field clothes, and a compass if possible. Some may want to bring cameras to get picture evidence of the results of an overbrowsed deer range.

Herd loss in the 1950-51 period may match the 35,000-50,000 animals cut down in the 1946-47 winter and spring.

"Clean-up" Fires Harm Wildlife

LANSING—Persons planning so-called spring "clean-up" fires are asked by the conservation department to consider some of the serious consequences to wildlife.

Burning of dead grass and leaves in fields, swales and along roadsides does not "hasten the arrival of spring" but does destroy vegetation utilized by rabbits and ground nesting birds. Fence-row burning may force pheasants to nest out in meadows which are likely to be mowed before the young are able to leave. The same fire can shorten the life of the wire fence by several years.

For those who insist on the spring burning ritual, the department points out that burning permits are required as soon as the snow leaves the ground, creating general forest fire hazard conditions.

Road Death Toll Up in January

Traffic accidents took the lives of 139 persons on Michigan streets and highways during the month of January, according to State Police monthly statistical reports. It was the highest toll for January since 1942.

The reports also show there were 3,521 persons injured in traffic accidents during that month, an increase of 13 per cent over January, 1950. Total accidents reported for the month was 15,645, an increase of 29 per cent.

Tularemia Treatment

Successful treatment of six cases of tularemia, also known as rabbit fever, with chloromycetin, one of the newer antibiotic drugs, is reported by a group of doctors from the University of Maryland school of medicine, Baltimore. The disease is acquired from wild rabbits and other wild animals and insects. It occurs as a local skin lesion and as a generalized infection with fever.

DETERMINED TO BE "THE BIG MOMENT" IN HER LIFE

Ellsworth Spotlight

Mrs. William Best

We certainly have been having real winter weather this week in spite of the fact the calendar says it is spring. The storm Friday night was the worst of the season with traffic at a standstill most of the night Friday and Saturday morning. Although the snow plows were working constantly it was impossible to keep even the main roads open. It was late Sunday afternoon before many side roads were opened. Many people were forced to change their Easter plans and the Easter bonnets had to remain in their boxes until warmer weather. However, this Monday morning is clear and sunny and although very cold in the early morning it looks like a beautiful day. Maybe spring has finally arrived—we hope!

August VanderArk, Del Clow and Doc White of Charlevoix spent a few days this week at Mr. White's cabin near Cadillac.

Mrs. Isabelle Vandenberg and daughter, Joan of Detroit came Thursday to spend the Easter week-end with her parents, Mr. and Mrs. W. P. Smith and other relatives.

The senior class put on a pancake supper on Wednesday night with a large crowd in attendance.

Mr. and Mrs. Joe Sommerville and baby of Muskegon are spending the Easter week-end with her parents, Mr. and Mrs. William Petter.

A Stanley brush party was held at the home of Mrs. William Patterson on Wednesday afternoon. Mrs. Howard Elzinga was the demonstrator.

Dr. VanDellen returned Saturday afternoon after attending a medical conference in California. Coming with him from Grand Rapids were Miss Nellie Tillman and Miss Florence Tarpstra who will spend a few days visiting at the VanDellen home.

Mrs. John James was pleasantly surprised on Wednesday afternoon when six neighbor ladies called for a surprise birthday party.

Mr. and Mrs. John Jake Drenth left Saturday for Rudyard where they will visit her parents over the week-end.

Mr. and Mrs. Alfred Hoeksma were Sunday evening visitors at the Allie Klooster home.

Mr. and Mrs. Peter Wieland, Mr. and Mrs. John Wieland and Mr. and Mrs. Richard Wieland and daughter were Sunday dinner guests of Mr. and Mrs. Homer Waring of Kewadin.

The Banks Township school band are putting on a concert at the Hall on Friday evening.

Mrs. Roy Strange who has been ill the past week was taken to Charlevoix hospital Sunday evening.

Miss Marilyn Petter who is a student at Western Michigan college at Kalamazoo is spending the week-end with her parents, Mr. and Mrs. William Petter.

Mr. and Mrs. James Landis and family of Detroit are spending the Easter week-end with her sister and family, Mr. and Mrs. Miner Veenstra.

The 4-H Achievement Day will be held this week. The youngsters will take their things they have made to Bellaire on Wednesday where they will be arranged for display. On Thursday the judging takes place with the program, for which the public is invited taking place on Friday.

Mrs. James Heeres has been very ill with the flu this week.

Sunday dinner guests at the Marion Best home were Mr. and Mrs. Eugene Best, Mr. and Mrs. Bud Best and Marvin and Mr. and Mrs. Bill Best and Janis.

Several people from here attended the funeral of Mrs. Harvey Drenth's father, Mr. Kwantas in Grand Rapids on Wednesday. Those going to the funeral besides Mr. and Mrs. Harvey Drenth were Mr. and Mrs. Gerrit Jake Denth, Mr. and Mrs. George Jake Drenth and Miss Marge Drenth. Also Mr. and Mrs. John Jake Drenth.

Mr. and Mrs. Vern Elliot of East Lansing visited Friday with Mrs. Elliot's sister, Mrs. Ed DeYoung and family. Mr. DeYoung returned to Lansing with them and plans to enter the college there.

Mr. and Mrs. Gordon Ranney and family and Mr. and Mrs. Bud Chellis and son were Sunday dinner guests of Mr. and Mrs. Wren Chellis.

Mr. and Mrs. Richard Stout and children and Mr. and Mrs. Harold Edson of Royal Oak spent the week-end with Mr. and Mrs. William Patterson. They were delayed more than twelve hours en route due to the drifted roads. Bill Patterson of Royal Oak came earlier in the week to visit his parents.

Mr. and Mrs. Alex Sinclair and family and Mr. and Mrs. Walter Kemp were Sunday guests of Mrs. Annie Johnston.

Pearl Veenstra, student at Calvin Seminary was guest speaker at the Ellsworth Christian Reformed church for both services Sunday.

Miss Madeline Telegenhop of St. Clair Shores spent the week-end with Mr. and Mrs. Robert Smalley and Lynda.

Miss Carol Rubingh and friend of Grand Rapids spent the week-end with her parents, Mr. and Mrs. Gerrit Rubingh.

Mr. and Mrs. Jack Broderick spent the week-end with her mother, Mrs. Flossie Sommerville and other relatives.

Mr. and Mrs. Harold Petter spent the week-end with their parents, Mr. and Mrs. Darwin Orcutt and Mr. and Mrs. William Petter.

Mrs. Lena McRoberts of Mt. Rose, Pa., and Mrs. Evo Raumbaud of Long Beach, Calif., spent Thursday and Friday with Mrs. McRoberts sister, Mrs. Gilbert LaClair and Mr. LaClair. The ladies returned to Calif. on Friday. Other callers at the LaClair home Thursday were Mr. and Mrs. Roy Nowland and Mr. and Mrs. Ray Olson of East Jordan and Mr. and Mrs. Ernest Talbot of Petoskey.

Mr. and Mrs. William Coeling returned home last week from a vacation in Florida. Miss Betty Coeling, music teacher at Richmond, spent the Easter vacation with her parents.

Mr. and Mrs. Charles Edson returned Sunday after visiting several days with relatives in Grand Rapids and Lansing.

Mr. and Mrs. Howard Elzinga and family left Sunday for their home in Bay City after spending a week's vacation with his parents, Mr. and Mrs. Henry Elzinga.

The Banks township P.T.A. has selected for it's play, "Lena Rivers", a comedy drama, which is a modern dramatization of Mary J. Holmes' most popular novel.

The play will be presented on Thursday and Friday evenings, April 19 and 20 at 8 p.m. in the Ellsworth Community hall.

Independents Take First Tourney Game

The Charlevoix Independents won their opening game against MacDonald Motors of Petoskey by a 78-39 score in their first game of the northern Michigan Independent basketball tournament at Petoskey Monday night.

They were to play Traverse City, 1950 runner-up, Wednesday night.

In the game Monday the Charlevoix quintet took an early lead over the undermanned MacDonald Motors team and were ahead 33 to 24 at the half. With Bill Wallace pouring in 29 points during the game the Charlevoix team had everything its way during the last half as they went on to win by 39 points. Miller had 15 and Leismer 14 for the Petoskey team.

Charlevoix Nurses Capped at Detroit

At a special capping ceremony held at Grace hospital in Detroit last Thursday three Charlevoix student nurses were among those who received their caps after completing their initial training.

They were Lorna Lewis, Phyllis Mason and Sue Miles.

Mrs. Lola Lewis, Mrs. Lee Mason and Mrs. Walker Miles, mothers of the three girls, were in Detroit for the impressive capping ceremony.

Omission

The name of Mrs. Charles Hendrickson, mother of the late Rasmus H. Hendrickson, was inadvertently omitted as one of his survivors in last week's issue.

Card of Thanks

The members of the family of the late Rasmus Hendricksen wish to express their heartfelt thanks and appreciation to the friends, neighbors, relatives, pall bearers, fishermen and all who tendered many expressions of sympathy during his illness and at his death. Also the Rev. Whitten for his kind words and services. We especially wish to thank Mr. and Mrs. Ray Hamilton for the thoughtful contribution made by them to the new hospital fund in his memory.

Mrs. Rasmus Hendricksen
Mr. and Mrs. Clare Usher and daughter.
Mr. and Mrs. Frank Wlodkowski and family and his mother Mrs. Charles Hendricksen.

James Woodward of Detroit spent the holiday week-end with Mrs. Woodward and son, Woody.

Mr. and Mrs. Russell Dohm and family have returned here from Camden to make their home.

Change Of Name

U. S. Grant, 18th president of the United States, was christened Ulysses Hiram. On entering West Point in 1839 his name was entered as Ulysses Simpson and he adopted it

$8,058.50 in hospital and medical bills!

"That's what Blue Cross-Blue Shield took care of for us. Without this protection, we'd have been in debt for years."
—WM. C. BOWERS
Detroit

Here's how the Bowers' hospital and medical bills were figured:

Drugs	$3,813.00
Room and Board	1,375.00
Intravenous therapy	838.00
Oxygen	432.00
Laboratory services	542.00
Physiotherapy	266.00
Operating Room	125.00
Other services	120.00
	$7,511.00
In addition, for medical-surgical services Blue Shield paid	$ 547.50
Total Blue Cross-Blue Shield benefits	$8,058.50

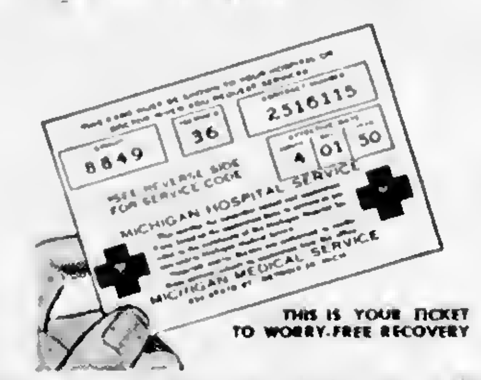
Bill Bowers, a 23-year-old machine operator, went to the hospital last year for what seemed to be a routine appendectomy. But 110 days of hospital care were necessary before he could get back on his feet!

Luckily he was a Blue Cross-Blue Shield member, and these plans provided $8,058.50 in hospital and medical benefits for him—on this one case.

Since Bill Bowers first enrolled three years ago, he and his family have received more than $8,400.00 worth of protection from Blue Cross and Blue Shield.

The most benefits at the least cost

Bill Bowers' case *was* unusually expensive, but no one is immune to accidents or sudden, serious illness. In fact, *one out of every nine* persons will have hospital or medical bills to pay this year. And these unexpected bills could spell financial disaster . . . for you!



THIS IS YOUR TICKET TO WORRY-FREE RECOVERY

That's why you and your family can't afford to be without Blue Cross-Blue Shield—Michigan's only voluntary, non-profit health-care plans.

Here's What These Plans Do

BLUE CROSS COMPREHENSIVE GROUP HOSPITAL PLAN covers up to 120 days of care in any of the 182 participating hospitals in Michigan. NO CASH LIMIT on the benefits covered.

BLUE SHIELD MEDICAL-SURGICAL PLAN pays liberal amounts for stated surgical procedures—pays toward your doctor's visits to the hospital, in non-surgical cases. It's worth many times the low cost of these plans, just to know substantial payments will be made toward your doctor's bills!

Speak to your employer—
ask him to get the facts!

Blue Cross-Blue Shield is available to employed people *without physical exam or health statement.* Talk to your employer about making these plans available where you work.

The Hospitals' and Doctors' Own Non-Profit Health Plan for the Welfare of the Public

Zeitler Wins Spirited Second Ward Contest

Coast Guard Busy Preparing for Navigation Start

Activity is the order of the day at the U.S. Coast Guard supply depot here as finishing touches are being put on all equipment while awaiting the arrival of a lighthouse tender to transport buoys, boats and other equipment to designated spots along the shipping lanes on the eastern side of Lake Michigan.

With the opening of navigation and the disappearance of the winter's ice, the tender is expected soon to transport the smaller lighthouse boats to the various lighthouses in the northern shipping channel and buoys of every size and discription to the shoals and reefs from the South Fox Island area to the western end of the Straits of Mackinaw.

More than 175 buoys including 58 iron ones of various sizes from the large bell buoys to the smaller tank and nun buoys and 125 wooden spar buoys have been repaired and painted during the winter months. The spar buoys will be taken to shoal spots and will replace those left on the shoals during the winter.

• • •

THREE lighthouse boats were also stored at the depot this year for overhauling and engine repair. They were from White Shoals, Lansing Shoals and the Traverse City Air Station.

The aids to navigation are gathered by the lighthouse tender late in November or early December and brought to the local supply depot where the work is done during the winter months. The buoys and boats are moved into the shop where the work is carried on despite the weather outside.

• • •

THE SUPPLY depot is only one of the units in charge of Robert Ashdon, warrant boatswain. Also in his command are the lighthouses at Grey's Reef, White Shoals and Lansing Shoals the Beaver Island life boat station and the Beaver Head light, the South Fox Island lighthouse, the Skillagalee (Ile Aux Galet) lighthouse, the Charlevoix lifeboat station and the radio and telephone repair shop and the lights at Harbor Point and Petoskey as well as those at Charlevoix.

The command is the iargest in the Ninth Coast Guard district

Photo by Fran Martin

Klaus Andersen, Demega Control first class, U.S.C.G., looks over an engine from the Traverse City Air Station which has been repaired at the U.S. Coast Guard Supply Depot here.

Andersen, a veteran of 26 years service, is in charge of the supply depot where all aids to navigation are stored or repaired.

Military Rites Held Saturday For Sgt. Hannah

Funeral services for Sgt. William C. Hannah, 27, who died at Benson, Ariz., March 21, were held at the See Funeral Home Saturday with the Rev. George E. Whitten officiating. Burial was in Brookside cemetery. Military rites were in charge of the local posts of the American Legion and the Veterans of Foreign Wars.

Sgt Hannah, died of carbon monoxide asphyxiation near Benson. His body was found Friday. He was stationed at Williams Air Force Base, Ariz.

The body which arrived here Friday from the west was accompanied by Sgt. Harvey Beckman of Williams Air Force Base, Ariz

Legion Will Hold District Meet April 7-8

The Lower 11th district of the American Legion and American Legion Auxiliary will hold a district meeting in East Jordan Saturday and Sunday.

A talent show with prizes at the Legion Hall will be followed by a dance with music by Novotny's Hungry Five of Charlevoix.

A parade at 1:30 p.m. Sunday will open the activities on Sunday with the business meetings for the Legion and the Auxiliary being called for 3 p.m.

The meeting will close at 5 p.m. with refreshments. The business meeting and social hour will be held at the Legion Hall.

Pythians Honor Cage Players

The Charlevoix high school Rayders basketball team, Coach Del Terrill, the cheerleaders, Maudelaine VerWys, Janice Zeitler, Pat Mol and Ann Lagerman were honored guests at the annual banquet given by the Knights of Pythias at the K. P. hall Monday evening.

At the program which followed E. J. Edwards was toastmaster spoke briefly and introduced Coach Terrill who in turn introduced his players and the cheerleaders.. Mr. Edwards also presented Ray L. Kipke, Supt. Roy G. Bennett and Nancy Ikens of the Crimson Flash.

Movies of Big Ten games, a travelogue and a re-broadcast of the Charlevoix-Petoskey game here were presented after the dinner which was served to ninety guests including the Kiwanis.

Charlevoix Club In Detroit Marks 21st Birthday

The Charlevoix Club in Detroit will come of age this year when former Charlevoix residents now living in Detroit will meet Saturday, April 21, for the twenty-first annual Charlevoix-Detroit party.

This year's party will be held on the first floor of the Y.W.C.A. building at 2230 Witheral at the corner of Witheral and Montcalm

Eeveryone interested in Charlevoix is invited to attend. The committee has tried to notify all persons on their roll but many people they know have been missed. Every Charlevoixian who receives an invitation is asked to act as a committee of one to invite others.

An interesting program of dancing, cards, refreshments and reminiscing has been planned by the committee.

Further information may be obtained by calling Russell Blakeslee at UN-3-7317, Freeman Coblentz at LA-8-3624 or Grace M. Papineau at LU-1-2247.

Carolyn Stohl will Receive Scout Honor

Carolyn Stohl of Troop 3 will be awarded the first class badge at the annual Girl Scout meeting April 13.

This marks the first time a Girl Scout in Charlevoix has won the award, symbolic of the completion of 12 proficiency badges.

Building Needs To Be Theme of School Program

"Meeting Building Needs" will be the theme of the open house to be held in the Charlevoix public schools Thursday, April 19, Supt. Roy G. Bennett has announced.

At that time Dr. L. E. Vredevoe, director of the Bureau of School Service and associate professor of secondary education, University of Michigan, will address the meeting on his observations of needs in the Charlevoix schools and how to meet the needs.

Prof. K. W. Leach, also of the Bureau of School Services, will appear on the program with him.

The Charlevoix Board of Education will then present "Proposed building financing."

A general discussion will follow with Supt. Bennett serving as chairman.

Open House will start at 7 p.m. when all the classrooms will be opened so parents and friends may visit the rooms and meet the teachers. The visitors may view the students work and discuss any problems with the teachers.

The general meeting will open in the gymnasium at 8:20 p.m.

Supervisors Ready For Spring Session

The annual equalization meeting of the Charlevoix county board of supervisors will open at the court house here at 9:30 a.m. Tuesday, April 10.

Committees will be named and reports given by all departments during the opening days of the meeting.

Two new supervisors will take their posts at the spring session next week. They are William Underhill who replaces Wiley Vought in the third ward of Boyne City and Harold Saffran in the fourth ward. Mr. Vought did not run for re-election. A. G. Smith was defeated for re-election by Saffran.

Officers Named for Charlevoix Boosters

New directors of the Charlevoix Development corporation are: Archie Livingston, Karl Kohler, John Knight, Henry C. Heckler, Ralph V. Hess, Robert Bridge, E. D. Hawley, Joe McPhillips, Victor G. Spaniolo, S. E. Coleman and Arthur E. Bergeon.

John Knight was re-elected president, Henry C. Heckler, secretary and Mr. Hawley, treasurer.

Independents Face Ludington Here Saturday

The game between Ludington and Charlevoix scheduled for Saturday night in the local gym now looms as a toss-up following Charlevoix decisive defeat of Traverse City by a 54-42 score in the northern Michigan Independent tournament last week. Ludigton had defeated the same team by 18 points two weeks ago.

The game will start at 8 p.m.

Vic Heyliger, popular Michigan hockey coach, will show the Rose Bowl football and Tournament of Roses parade pictures immediately following the basketball game. If he receives them in time he will also bring the pictures of the National Intercollegiate Hockey tournament played at Colorado Springs. Michigan won the tournament for the second time in four years.

Pull Surprise

The Charlevoix Independents became the 'surprise' team of the northern Michigan Independent tournament at Petoskey last week and defeated all comers until bowing to a strong Gaylord quintet 91-61 in the finals Saturday night.

The local team went into the finals against Gaylord after defeating Petoskey MacDonald Motors 78-39; Traverse City 54-42 and Boyne City 48-37.

The Gaylord Gears, however, proved too strong for the local five who got off to a fast start and held a two point lead at the first quarter with the score 26-24.

Gaylord got hot in the second period and scored another 24 points while allowing Charlevoix only five and the half ended 48-31. Charlevoix came back with 13 in the third and 17 in the last frame but they never overcame the Gears lead as the latter, made 18 in the third period and 25 in the last quarter.

Mike Hoben of Cheboygan, Frank Curran of Alpena and Ed Kotlarzyck accounted for 28, 26 and 18 points respectively while Johnny Swanson and Bill Lusk had 12 each for the local team.

Playing with Charlevoix during the tournament were Ace Zographos and Lewis Brown of Petoskey, Chick Gallagher, Bill Wallace, Big Bergman, Dell Terrill, Don Meggison, Lusk and Swanson. Gayle Saxton of East Jordan was in the line-up during the first game of the tournament.

Bands Present Annual Spring Concert at School

The Charlevoix high school band and the Charlevoix city band were heard Thursday night at the high school gymnasium in their annual spring benefit concert.

Under the direction of C. A. Odmark the high school band gave a preview of the music they will play in the state band and orchestra festival April 21 in Ann Arbor. A set-up crew arranged the stage for the concert as they do at the annual festival. The band played the numbers to be played at Ann Arbor, warm-up march, Emblem of Unity, Richards; required number, The Victorious, Frangkiser; selected number, Aurora, Yoder.

Max Smith, former director of the Charlevoix music program and present director of instrumental music in the Petoskey schools, presented the sight reading music to the band and its director. The music was that played by the Class B bands in the qualifying festival.

Dwight Smith, clarinet soloist, played Concertino, by Von Weber, which he played in the state solo and ensemble festival in Ann Arbor Saturday. He was accompanied by his mother, Mrs. Joseph Smith.

The third portion of the program included a variety of numbers including a novelty, Three Blind Mice, at a floor show, Begin the Beguin, a waltz medley and several marches.

The City band played several marches, an overture and a novelty number to close the program.

Mrs. Bergeon Again Named To Head County Schools

Mrs. Catherina C. Bergeon was re-appointed to the office of Charlevoix county superintendent of schools for a two year term ending July 1, 1053 by the county board of education at a meeting held Wednesday at the Charlevoix school.

Mrs. Bergeon has served in the office since November 1048 when she was appointed to fill the unexpired term of Leo Close whose term was to expire July of this year.

The county board of education also met with the boards of the operating rural schools. Mrs. Bergeon presided at the meeting at which budgets, annual reports, teachers supply and salaries, and child accounting attendance reports were discussed.

The possibility of expanding the visual education program which was started last year and a county-wide testing program were also discussed.

Plans were made by the two groups to meet semi-annually.

Three District Supervisors Are Re-Elected

Incumbent supervisors were re-elected in Hayes, Marian and Norwood township in Monday's election.

In Hayes, Howard Stephens, a veteran supervisor of more than 20 years, defeated George E. Smith by 71 to 51 margin. Mrs. Hazel Evers, incumbent clerk, defeated Lee Sneathen Jr., ~~33~~ to 40.

In Marion township, Russell "Pat" Curtis received 69 votes and his opponent, John Rosquist, 0 for supervisor. Charles Mascho was elected clerk over John Clark 66 to 10.

Orton Van Dusen was re-elected supervisor over Clyde Warner 34 to 19. Bill Parsons was renamed clerk over Harrison Warner 44 to 10. Orville Hilton was re-elected treasurer over Cecil Richardson, 36 to 18.

Dwight Smith Wins First Division Solo Rating at Ann Arbor

Dwight Smith, Charlevoix's only entry in the state solo and ensemble festival at Ann Arbor Saturday, won a first division rating for the second consecutive year.

A clarinetist, he played Concertina by Von Weber, accompanied by his mother, Mrs. Joseph Smith. Keith Stein of Michigan State college was the adjudicator.

He is a senior and has played with the Charlevoix high school band for six years.

Ferry Starts

Real spring weather can't be too far away. The Ironton ferry started its spring schedule Monday after closing down for the winter.

Only 792 Votes Cast In City Election; GOP Carries County by 2-1

A spirited contest in the aldermanic race in the second ward marked the spring election here Monday.

Mayor John Knight and others in the city election, except in the second ward, were unopposed. In the second ward, Harry Zeitler won his first city position by defeating Oscar Wilson Ward who ran on slips.

The count in the second ward was 242 for Zeitler and 209 for Ward, a margin of 33 votes. The race was nip and tuck all the way in this contest as it was in the February primary when Zeitler again defeated Ward.

The second ward accounted for more than half of the votes in the city as only 792 votes were counted. The first and third wards each cast 147 votes.

Some 30 votes were discarded in the second ward for various reasons, mostly because of the inherent difficulty of voting on slips.

In the biennial election for certain state officers, the city voters went heavily for a Republican slate as did the state and county.

With 21 of 25 precincts reporting the margin in the county was more than 2 to 1 in favor of the Republicans. In the University of Michigan regents race, Roscoe Bonisteel and Leland Doan defeated former Gov. Murray D. Van Wagoner and Strom. Doan polled 1638 votes in the county.

Dr. Thurston was favored for superintendent of public instruction by 1710 voters. His opponent pulled 614 votes.

Incumbent supreme court judges, Emerson R. Boyles and Neil Reid were favored by a 2 to 1 majority in the county.

The votes in Charlevoix county were roughly indicative of the voting throughout the state as the GOP slate swept through to victory in every contest.

On the proposals, No. 1 calling for annual sessions of the state legislature, No. 2 for death benefits to survivors of men killed in Korea were approved by the county and state voters. The proposal calling for an increase in the salaries of the supreme court judges was voted down 1078 to 873 in the county. It lost out in the state as well.

The new council will see two new faces. Charles Bellinger, a former alderman, was elected from the first ward and Zeitler from the second. Harry Gebeau who was named to fill a vacancy last year was unopposed this time.

New directors for the Charlevoix Board of Commerce are Robert Neff, Fred Koehler and Kenneth Callner.

Junior Play Cast Ready for Presentation

The Junior class play, Clementine, is going into its last rehearsals before being presented at the Charlevoix high school auditorium at 8 p.m. Thursday, April 12.

The three-act comedy is being presented under the direction of Miss Donna Valley.

Clementine is the story of a tomboy (Barbara Bice) who would rather spend her time on the gridiron with the boys then talking with her two friends, Cathy and Ann (Donna Ball and Janice Zeitler) about clothes or the latest gossip, much to the dismay of her parents, Mr. and Mrs. Kelly (Tom Bleha and Marilyn Bulow).

• • •

SHE DECIDES TO enter a speech contest to show up her friend Hank (Victor Gibbons) but she finds that the way to win a man is not by beating him but by letting him think he is superior.

Through the help of Abe (Ted Browe) and his talks with her, Tubby (Leo Allard) who is a true friend and finally her own desire to help her father be re-elected mayor, Clem gets things to work out all right.

Others in the supporting cast are: Charles Krahnke, June Armstrong, Dorothy Allers and Betty Gill.

Assisting with the production and presentation of the play are the following committees: assistant director, Donna Sommerville; stage manager, Norman Ketchman; properties, Elisabeth Richardson and Lois Buddy; staging, Jerry Left, Bill Kerr and Charles Krahnke; make-up, Darlene Coatta and Leona Scott.

Tickets, Barbara Gennett; program, Virginia Smith; costumes, Virginia Smith.

Advertising, Jon Henry, Dorie Nielsen, Bob Linxwiler and Betty Gill; ushers, Pat Jablinsky, Margaret Poole, Helen Moore and Geraldine Dubey; typist, Margaret Poole; prompters, Beck Badger and Carolyn Smith.

The play is being given through special arrangements with the Dramatic Publishing Co. of Chicago.

Winners Named in Six Classes Of Intramural Cage Tourney

The intramural basketball tournaments have been played off and the winners in six classes named Coach Del Terrill, tournament manager reported.

In Class C Kit Carson's 7-A team defeated 10-C to take the championship. In the first round 7-A defeated 8-B and 10-C had won over 9-C.

In Class D Ken Balch's 6-A defeated 7-B for the championship after the sixth grade team had won over 8-C and 7-B had taken a game from Glen Ikens's 6-A.

• • •

TOM DIXON'S 6-B was the winner in Class E after they had won over Jim Murphy's 6-B in the first round and 7-C in the second round. In the finals they took on Bob Mol's 5-A who had already won over Wally Poole's 5-A.

Don Falting's 5-B team took the Class E championship after clipping Louis Dixon's 4-B in the first round. Ron Balch's 4-A met the Falting five in the finals after they had won over Ken Case's 4-A in the opener.

In a special game on Monday Mrs. Abfalter's third grade team defeated Mrs. Badger's third grade team by a 12-2 score with Joe Beaudoin and Jim Ladd scoring six points each.

• • •

THE WINNER in Class A was the 12th grade and in Class B 10-B.

In the grades Jim Murphy, captain of 8-B was high point man for the tournament with 16 points. In the high school Dean Davenport had 20 points for the series.

'Grudge' games will be played off at 2:30 Friday with the two sixth grade teams meeting in the first round. The third grades are also expected to play on Friday. Other teams who have challenged winners will also play.

Sermonette

Life Is A Journey

By Dr. G. E. Whitten

I love to think that life is like a journey on the road of life; something to see; something to do some things not to do. Some people say this is wrong. Some say it is not. This is confusing to young people. Difficult for them to decide what is right and what is wrong.

I believe, that anything that affects society wrong, is wrong. I have always thought this a good logical rule to go by. As I have journed along the road of life, I have discovered some things worth remembering and I believe they will help you in building your life. I have decided to tell you about them and I hope that you will remember them.

Don't forget that life is what you make it, regardless where you live.

Don't forget, each of us must live with himself—ashamed of some yesterdays, afraid of some tomorrows—and if we can not be happy with ourselves, we can not be happy with anyone else. Don't forget, happiness and security are found, not in building walls around self, but building bridges to your fellow man.

Don't forget, each man fights a hard fight against heavy odds, so why put obstacles in his way.

Don't forget there are two ways of living. One, ugly, loud and vulgar; the other way full of courtesies of Heaven.

Don't forget, a duty dogged is like a debt unpaid. It is only deferred. We must come back and settle it.

Don't forget that your worst enemy is a better person than you think and may become your best friend if you are wise.

Don't forget, if you are healthy, brave and wise, we overtake our years. If we are sick and fearful they overtake us.

Don't forget that life is a hard discipline. We must not pity ourselves and ask no quarters for ourselves.

Don't forget that life is short at the longest and the things you will not regret are the kind things you do alone the road.

Charlevoix IN UNIFORM

Sgt. Clifford Lagerman, who has been stationed at Brooks Air Force Base, Tex., was transferred to Selfridge Field last week. He spent the week-end here with his parents, Mr. and Mrs. Edward Lagerman.

• • •

Rct. Bruce Newman returned to Camp McCoy, Wis., Sunday after spending several days with his mother, Mrs. Nita Newman and other relatives.

• • •

Sgt. Stanley Evers left Tuesday to report for duty at Selfridge Field after spending a furlough with his parents, Mr. and Mrs. A. Evers. He is returning to Selfridge Field after completing radar training at Keesler AFB, Miss., and Lowry Field, Colo.

• • •

From Sheppard AFB, Wichita Falls, Tex. comes a letter from Pvt William A. Brooks with the following: Greetings of a sort from Sheppard AFB. It hurts to be away from the north country but your publication does an awful lot toward keeping me in the swing of things on the home front as well as out here in the Texas that some eccentrics actually write songs about. My new address for the next six months or so will be: 3762 Student Sqdr. Sheppard AFB, Wichita Falls, Tex.

• • •

Kenneth Empey, a captain in the U. S. Army Reserves, has been recalled to active duty and will leave April 12 for duty with the 979th Field Artillery Battalion.

He is a veteran of four years service with the Field Artillery during World War II when he served 16 months in Europe.

His wife and daughter, Lorraine, will accompany him to his new assignment.

He has been employed at Cooper Pontiac Sales.

• • •

Richard L. Hardy who left here March 14 for induction into the army is now stationed at Camp Gordon, Ga. he has written his parents, Mr. and Mrs. Jud Hardy. His address is: Pvt. Richard L. Hardy US 55126765 592nd A. G. L. Co. Camp Gordon, Ga.

Four Charlevoix boys who enlisted in the army air force in January and who have completed basic training at Lackland, Air Force Base, San Antonio, Tex., have been promoted to private first class. They are Junior Potter who has been assigned to the medical corps and who will receive further training at Fort Sam Houston, Tex., William Novotny, who has been assigned to laundry maintenance and who will go to a camp in Virginia for advanced training, Jack Grubaugh and Arnold Loper. The latter two have not been assigned as far as is known here.

The quartette were visited recently by Warren Shadko and his father, Gregory A. Shadko while enroute to Mexico. As one of the boys wrote home: It was sure good to see someone we knew who wasn't in uniform and someone from home.

Triangle Local Host to Union

Triangle Local of the Farmers Union entertained members of the Charlevoix County Farmers Union at the Maple Hill Grand Hall, Eastport, March 20.

The program included two speakers, David Leep of Shelby who explained the union's auto insurance program and advocated the election of Hiram Sackett to the state board of agriculture. Ernest Lyons of Greenville outlined the union hospital and medical insurance plan and discussed a proposal to disband the protective association and join with larger county groups to increase the burial fund to $250.

Next meeting of the union will be held at Hayes Grange, Tuesday, April 17. A potluck supper will be served.

Charlevoix Men At Great Lakes

Two Charlevoix, Mich., seamen recruits, USN, Vane H. Smith, son of Mr. and Mrs. H. E. Paddock of 308 Dixon ave., and Bill E. Barber, son of Mr. and Mrs. Elmer Barber of 943 State st., are getting recruit training at the Naval Training Center, Great Lakes, Illinois.

Upon completion of their training the recruits are assigned either to units of the fleet or to a service school for specialized training.

ODDS 'N ENDS

By Fran Martin

An article in a current magazine caught our eye the other day . . . or perhaps it was the accompanying picture . . . the name of it was "Let Them Drive . . . Or Stay Alive" . . . It's about teen age drivers . . Perhaps we're wrong but we think it's worth your time . . we mean the parents of teen agers . . . so how's about taking a few minutes out to read it . . . We think those teen agers are pretty swell and we'd like to keep them around for a while . . .

Don't know whether you caught it or not but did you notice there were three generations of one family participating in the band concert Thursday night . . . Will Bellinger, who has played with the Charlevoix city band for more than a half a century, his two grandchildren, Barbara Smith who played the piccolo solo with the city band, Dwight who also plays with bands and who played the clarinet solo, accompanied by his mother, Mrs. Joseph Smith, the former Wilma Bellinger . . . And congratulations to Dwight who was really in there Saturday to capture a first division rating in the state solo and ensemble festival . . . As Charlevoix's only entry, he batted a thousand to put us on top . . .

• • •

WHO SAYS Charlevoix's former students don't get around? . . . A note from Margaret Milner, art instructor in the Detroit school system, tells us she attended the National Art Education association meeting in New York city last week . . . it was the first such meeting of its kind for until now they've met in regional conferences . . . Dr. Ray Faulkner of the Pacific division was also there . . . he's on the Council of N.A.E.A. . The days were crowded with lectures, displays and demonstrations . . a million things to see and learn . . . and so very inspirational . . . Dr. Faulkner, son of the Ray Faulkners of this city, is head of Stanford University art school . . . Miss Milner is the daughter of Mrs. Thomas Milner . . .

How did you like the band concert Thursday night? . . . If the high school band continues to play like that we think they'll be coming home with another No. I rating . . . And that's going to be tough to come by this year . . Each year the going gets tougher and tougher but, we think the band and Mr. Odmark have what it takes . . . And might we add, if they don't get a first division rating, we still think they rate it.

• • •

WOULDN'T YOU like to have been at San Antonio, Tex., recently when Warren Shadko and his dad, Greg Shadko, put in an appearance at Lackland Air Force Base to pay a call to four of our local boys . . . They've all been a little lonesome, we hear, so imagine their surprise when a couple familiar faces show up . . . must have been like old home week . . And speaking of Warren . . . he hit some of the best known places before flying back to Michigan State to register . . . what a deal.

Do you suppose spring is here? . . . The birds are singing every morning . . . the snow is going but fast . . the ice moves in and out of this part of Lake Michigan . . . it looks like spring . . . but we're almost afraid to hope . . . But come the first sprig of forsythia or crocus peaking out of the lawn and we'll be ready to believe it . . .

And speaking of forsythia . . . it's pretty and so much a sign of spring that each year we swear we're going to gather some a little early and force it . . . just to get into the spirit of spring . . and what happens? . . . we forget where the bushes are and not knowing one shrub from another we just wait til the darned stuff pops out by itself . . . and then we swear we'll remember another year . . . more fun . . .

To the voters of Hayes township

THANKS

I wish to express my sincere thanks to those who supported my candidacy for supervisor in the April 2 election.

Church Observes 50th Anniversary

Ellsworth — The Ellsworth Christian Reformed church will celebrate its 50th anniversary on Friday evening, April 6. The program starting at 7:00 o'clock. The special speakers for the service will be Rev. J. T. Holwerda and Rev. Van Vleet both of Grand Rapids.

The different organizations in the church will also take part in the program. Many former members are expected to attend.

Card of Thanks

We wish to express our sincere thanks to Dr. Whitten, Don Bogart, Mrs. Belding, the American Legion and Auxillary, Veterans of Foreign Wars, and Pallbearers and to our many friends and neighbors for the flowers and cards in this time of our bereavement.

Mr. and Mrs. Luther Hannah. 14c

BABY TALK

Mr. and Mrs. William Snider of Indianapolis, Ind., announce the birth of a daughter, Pamela Esther, March 27. Mrs. Snider is the former Alma Radle, daughter of Mrs. Esther Radle of this city.

New Homes

In building your new home, leave no room for accidents.

Banks Senior Play Dates Changed

Still wondering? We hope you are! But we still aren't telling who Grandma is in "Good Gracious, Grandma". You'll have the laughs of your life when you drive over to Ellsworth to see the comedy the seniors of Banks school are presenting for your special entertainment.

You'll know the cast members, if you read your Courier regularly and now you'll like to know just why the seniors are working so faithfully on their play. It means their senior trip! Their splendid cooperation deserves your generous contribution for the admission to the performance is a free will offering at the door.

Date of the senior play has been changed to Wednesday evening, April 11 and Saturday evening, April 14. Change of datea was made in order to avoid conflict with special church services.

Don't forget Food Port's Anniversary Sale Saturday. Gifts for all.

Ellsworth Spotlight

Mrs. William Best

Mr. and Mrs. Elmer Klooster are visiting relatives in Grand Rapids and Zeeland this week-end.

Mr. and Mrs. Henry Elzinga of Lansing spent the week-end with his parents, Mr. and Mrs. James Elzinga.

Mrs. Clark Moore went to Lansing Saturday to spend a few days visiting relatives.

Henry Smith took several boys to Grand Rapids Thursday evening to see the Harlem Globe Trotter's basketball team play a game there.

Mrs. Jay Kuiper was a patient at Charlevoix Hospital from Sunday until Wednesday.

Charles Wise of Detroit is spending a week at his cabin at the Yettaw camp.

Mr. and Mrs. Edward Elzinga of Lansing are spending the week-end with his parents, Mr and Mrs. Henry Elzinga.

Mr. and Mrs. Ernest Brown and Mr. and Mrs. Frank Brown were visiting relatives in Detroit over the week-end.

Mr. and Mrs. John Denny of Portland were at their cabin over the week-end and visited with relatives while they were here.

Marvin Wassenaar returned to Alma college where he is a student, on Sunday, after spending Easter vacation with his parents.

Richard Wieland was in Lansing Thursday attending a meeting of the Artificial Breeders association. Mrs. Wieland and daughter stayed with her parents, Mr. and Mrs. William VanDeventor of East Jordan while Richard was gone.

Mr. and Mrs. H. E. VanderArk went to Grand Rapids on a business trip Thursday.

Mr. and Mrs. George Elzinga came to their home here from Kalamazoo Wednesday to prepare for their auction sale on Monday.

Ralph Sitzema was brought home Thursday from Charlevoix Hospital where he had been a patient for several weeks.

Mr. and Mrs. Guy Watters returned to their home at Jackson after spending a week at their cabin here.

Al Woodcock, student at Wayne University, returned to Detroit Sunday after spending a week with his parents, Mr. and Mrs. Rex Woodcock.

Mrs. Roy Strange, who has been a patient at Charlevoix Hospital several days came home Saturday evening feeling much better.

The Merion Best family were pleasantly surprised Sunday afternoon when they received a telephone call from their son, Pfc. Howard Best. He is stationed at Camp Stewart, Georgia, but was on a week-end pass at Jacksonville, Florida. He reports the weather is beautiful there.

Revival meetings will start on Sunday evening, April 8 at the Pilgrim Holiness church.

Sunday dinner guests at the home of Mr. and Mrs. Bernard Best were her parents, Mr. and Mrs. R. Staudenmeyer and her brother and family, Mr. and Mrs. Roy Staudenmeyer and son.

Mr. and Mrs. John James left Saturday evening for Finley, O., where they will spend a few days visiting relatives.

Mr. and Mrs. Harry Parsons of Petoskey were Saturday evening visitors at the home of his parents, Mr. and Mrs. Albert Parsons.

Allie Klooster and daughter, Beverly were in Traverse City on Saturday on business.

A soil conservation meeting was held last week Tuesday evening at the Harry De Groot home. Another meeting is scheduled for this Tuesday evening at the Merion Best home.

Marilyn Petter returned to Western Michigan college at Kalamazoo on Sunday after spending the Easter vacation with her parents, Mr. and Mrs. William Petter.

Miner Veenstra was taken to Charlevoix Hospital Saturday morning as a surgical patient. He is reported to be doing fine and expects to be home in a few days.

The Ellsworth extension club will meet Tuesday evening, April 10 at the home of Mrs. Henry Elzinga, Mrs. William Patterson will give the lesson on "Spring House Cleaning Aids".

Wilfred Jensen, Gerald Postmus and Art Klooster were visiting friends in McBain over the week-end.

The Band Concert on Friday evening was very well attended with the band making about $60 which will be used for instruments and other things the band needs. The band, under the direction of Dean Fiedler, has made fine progress. Some of the band members put on a short comedy skit between numbers which was greatly enjoyed by the audience.

Bernard Ruis, son of Mr. and Mrs. John Ruis, former Ellsworth residents, was married Friday evening. Those attending the wedding from Ellsworth were: Arthur Ruis, Sr., Mr. and Mrs. James Ruis, Mrs. Henry Ruis and children, Mr. and Mrs. Hans DeYoung, Mr. and Mrs. Gerrit Drenth and family, and Mr. and Mrs. Sebe Vander Heide.

Card of Thanks

I would like to express my thanks to all those who sent cards, flowers and other remembrances during my recent stay at Little Traverse hospital. Also to the doctors and nurses for their kind care.

Thanks A Lot

To my many friends and other loyal supporters, I want to say thank you for your help in the recent election.

I hope to justify your confidence in me during the next two years.

Harry Zeitler
Alderman Elect, 2nd Ward

Speak Vows at Parsonage Ceremony

Miss Isabelle Mae Klooster, daughter of the late Mr. and Mrs. Tom Klooster, and Rink De Vries, son of Mr. and Mrs. Paul DeVries were united in marriage Thursday, March 29 at 2 p.m. at the Atwood Christian Reformed parsonage. Rev. H. Goodyke officiated.

The bride wore a navy blue street length dress. Her corsage was of red roses.

Margaret Klooster was her sister's bridesmaid and wore a light grey street length dress and wore a corsage of red roses.

Assisting the bridegroom as best man was his brother, Sebe DeVries.

After a short honeymoon the young couple will be at home on his father's farm.

What's New in the Communities

Events Reported by Courier Correspondents

Ironton News

Mrs. Robert King

News time again, the weeks really roll around. Did anyone happen to notice how wonderful the air was last Thursday? Really! it was warm. I hope we have lots of those warm days soon — a lot of us are just itching to start cleaning up yards etc.

The kids really had a bang-up time around here Saturday night. Mr. and Mrs. Tom Nielsen opened their new addition and christened it by throwing a party for their oldest daughter, Dorie.

Lots of things went on including a charleston exhibition by "Ginny Smith" Dorothy Allers and Janice Zeitler. There were card games and dancing too. A lunch of sandwiches, potato salad, baked beans, cake, cookies, pop corn, apples, candy and pop.

A lovely time it was too. The guests were: Ted Browe, Art Taylor, Charles Rose, Virginia Smith, Robert Linxwiler, Tom Bleha, Bud Barker, Carolyn Smith, Nancy Ikens, Vic Gibbons, Leo "Porky" Allard, Virginia Burns, Darleen Coatta, Donna Sommerville, Becky Badger, Dean Burns, Bette Gill, Margaret Poole, Joyce Nielsen, Jon Henry, Ron Wojan, Dorothy Allers, Jerry Left, Donna Ball, Charles Krahnke, Leona Scott, Howard Campbell, Nat Boss, Frank Lagerman, Jan Zeitler, Pat Mort, Maud VerWys, Leola Scott, Norm Ketchman, Joyce Hardy, Junie Guild, Jack Paul and Milford Saunders.

Ironton is starting the summer whirl with parties like this one.

Mr. and Mrs. Lorin Duffy made a trip to Traverse City last week and were over night guests at the home of a cousin, Owen Swainston and family, south of Traverse City.

I received this Ironton school news last week too late to be in the paper and I'm sorry but here it is now —

On Monday March 26 the Ironton school was invited down to Mrs. Pete Bennett's for a little surprise party. It was Tommy Sarna's birthday. Cake was served the children.

It was a nice surprise for the school to have visitors last Friday and Monday.

The Ironton school wants to thank those who came to the cake walk Friday night.

This was written by Bill Boyer and given to me, don't you think he does a nice job?

Mr. and Mrs. Wilbur Brown of Petoskey were Saturday guests of Mr. Browns mother and father, Mr. and Mrs. Lewis Brown. They spent the afternoon and were served one of Mrs. Brown's delicious lunches before they left.

Mr. and Mrs. Bob Wilson, Mr. and Mrs. Ernie Brown and the children, Lonnie and Tummy were guests for breakfast at the Lewis Browns.

Mr. and Mrs. Wilson left immediately for Akron, O., and will sail Thursday from New York on the Queen Elizabeth for a month abroad. They plan to see England, Switzerland and will be in Rome, Italy for a business meeting of the Goodyear Rubber company. They will be away a month. Bon Voyage Mr. and Mrs. Wilson.

Mrs. Mary Bennett accompanied by three ladies drove to Traverse City last Tuesday night to attend school in order to renew their teaching certificates to teach Red Cross first aid.

Mrs. Lyle Walker and Jerry are back home again after 12 days in Pontiac with Mrs. Walker's mother.

Charles Ward of Lansing, son of Mrs. Elwyn Johnson, called her on her birthday and wired a beautiful Easter Lily. Mrs. Johnson received word Sunday night that her son Ed Ward and his friend arrived home in perfect condition.

Will Johnson and Miss Mina Foy will be at home again around April 1.

Mr. and Mrs. Ed Beene are home again after their winter in Florida. They got here Tuesday. Nice and brown and looking perfectly wonderful. They were glad to see a little snow for a change That must be a nice feeling, to have snow a welcome sight. Glad you're back Ed and Lerena.

Ray Williams tells me the ice is going fast. They are breaking across in the ferry now too!

Four car loads of relatives that visited the Noel Thompsons were stranded in Kalkaska last week in that terrible snow storm. They had breakfast the next morning with Ada and Ernie Brown, 20 grown-up and five children. They all had a big laugh when they were warm and fed, but it wasn't so funny at the time.

Ernie says they had a good "boil" on the sap last week, but they really need freezing nights and warm days to make it really run.

Mrs. Gowman and son, Larry, of Detroit and Helen Isaksen of Ann Arbor spent last Sunday with Mr. and Mrs. Nip Carlson. Mr. and Mrs. Floyd Potts of Petoskey were over last Wednesday to see them.

Mr. and Mrs. Homer Nasson and Adele came home last Wednesday from their trip to Ohio. They had a wonderful time and had a hard time believing such a storm came while they were away.

The Red Cross donations will be taken care of by Mrs. Hilda Alexander.

The Homer Nassons have purchased another farm adjoining their own, the Griffin place.

The ladies aid met this week with Mrs. Knudsen. Eight ladies attended. They did mending for the Charlevoix hospital, (those wonderful ladies of the aid are always helping someone). They were served cup cakes, fruit cup and tea. They will meet next time with Mrs. Ed Beene.

Mr. and Mrs. Bob Beedle are home again after spending the winter in Florida.

Mrs. William Hayward of Sequanota club is spending a week in Charlevoix.

Mary Bennett has the cook books now. They are composed of recipes of neighbors of our community and they're really nice. They were prepared by the ladies aid.

Pete Bennett went to Ludington on business last Thursday.

Mr. and Mrs. William Vanderwall had a dinner guest Thursday evening, Mr. Don Barrett from Lansing.

Ray and Alice Williams, Sonny and Jean Williams are all back from Detroit and Mrs. Edna Howe in a recent letter says they really had a lot of fun.

Mr. and Mrs. Beene called on Grant Hammond at the Convalescent home recently and found him feeling fairly well.

Mr. and Mrs. Lorin Duffy are getting electricity. They are just waiting to be hooked up.

Among those to attend the band concert at the high school were the Prices, Saunders and Nielsens.

Mr. and Mrs. Sam King and Sally were guests of the Bob Kings last Sunday.

A lot of you will remember a former Charlevoix girl, Glady Ann Coney. In a letter a few days ago she tells of her most interesting and unusual new position. She is working in the Columbus zoo, caring for a family of three gorillas, a mother and two young ones. She was sent to school in New York to learn to care for them. She says they are just like babies, having to be fed a formula etc. She also says its more play than work. She is the only one who can enter their cage. This gal really has courage, don't you think?

Mrs. Elizabeth Sarna is home again after spending two weeks in Little Traverse hospital. Mrs. Bette Doherty, (her daughter) will spend a few days with her. Mr. Doherty spent Sunday with them.

That's all folks, til we meet next week, remember church and Sunday school, and drop that service man a line sometime.

Barnard News

By Mrs. Clyde Smith

We hear of quite a few cases of measles among the school children.

Mrs. Emil Chvatil returned from Florida recently where she spent the winter.

Mrs. Earl Blood came home Saturday after spending the winter with her sister, Mrs. George Couk, in Charlevoix.

Mr. and Mrs. Hugh Bolhuis of Grand Rapids were Easter week-end visitors with his parents, Mr. and Mrs. A. J. Bolhuis.

Mr. and Mrs. Carlton Smith and sons, visited their friends, Mr. and Mrs. John Langworthy at Traverse City on Sunday.

Mr. and Mrs. John Rosquist returned last week from Chicago where they had spent the past two months.

Mr. and Mrs. Edward Bradford and family of Ellsworth called on old friends in Barnard on Sunday.

Sheridan Root and daughter, Sharon, left last Monday for a visit with relatives at Utica, N.Y.

Mrs. Dan McAllister returned last week from a two weeks visit with her daughters in Saginaw and Grand Haven.

The W.S.C.S. will meet next Thursday, April 12 with Mrs. David Matchett, Mrs. Nathan Carpenter will be assistant hostess.

Mr. and Mrs. George Anderson of Lansing and Wallace Warner and friend of Detroit called at the Homer and Jasper Warner homes one day last week.

A. J. Bolhuis received the news of the death of his brother in Cooperville on Easter day. He accompanied his son, Hugh, back to attend the funeral on Tuesday.

Barnard friends extend their hearty congratulations and good wishes to Archie Potter and his bride formerly Louise Heeres of near Ellsworth. They were united in marriage at the Atwood Reformed parsonage, after which a reception was given for them at the church.

NORWOOD

By Mrs. Milton Richardson

Mr. and Mrs. Pete Burns of Atwood, were afternoon callers at the Robert Holecheck home one day last week.

Mr. and Mrs. Luther Hannah of Charlevoix have Norwood's sympathy in the loss of their son, Sgt. W. C. Hannah.

Vern Jones and son of East Jordan called one day last week on his parents, Mr. and Mrs. E. R. Jones.

Mrs. E. W. Puhlow and son, John and his friend, Sandra Van Penon, spent Easter week-end with Mr. ad Mrs. William Alword.

Mr. and Mrs. Ambrose Hausen and family returned to Marine City Wednesday after spending two days with Mr. and Mrs. Doyle Richardson and family.

Mr. and Mrs. Marlin Richardson and family spent Easter week-end with his sister and husband, the Stanley Lords.

Mr. and Mrs. George Light Sr., spent Wednesday evening at the Luther Hannah home in Charlevoix.

Mrs. Emma Racignol of Petoskey is visiting her sister and husband, the Merrill Richardson's.

Mr. and Mrs. Ervin Lord spent Tuesday night with their daughter, Mrs. Gerald Derenzy and family in East Jordan.

Mrs. Stanley Lord and Mrs. William Alword called on Mrs. Harold Totten in Charlevoix Thursday afternoon.

Butchie Light of Grand Rapids visited two days last week with his father and wife, Mr. and Mrs. George Light Jr.

Mr. and Mrs. Cecil Richardson and girls called on Mr. and Mrs. Jack McCall also Mrs. C. B. Dye in Traverse City Tuesday.

Mr. and Mrs. Robert Holecheck spent Thursday afternoon with her muther, Mrs. Anna Henry in Charlevoix.

Mrs. Hattie Holecheck visited Sunday with her aunt and uncle, Mr. and Mrs. Henry Black in Ellsworth.

Mr. and Mrs. Percy Empey and Norman and Mrs. Charles Oberly and son spent Sunday with Mr. and Mrs. Devane Johnson and family of Central Lake.

Bay Shore News

Erma Deschermeier

Mr. and Mrs. Roy Furgeson of Petoskey spent Sunday with Mr. and Mrs. Grant Furgeson. In honor of Mrs. Roy Furgeson and Roy Jrs. birthday. Guests were Mr. and Mrs. Floyd Baker, Corrine Curtis and Jonior Furgeson.

Mr. and Mrs. Jake Minalle, have moved back to the farm after spending the winter in Petoskey.

Mrs. Lou Minalle is in Traverse City this week to have a operation on her eyes.

Mr. and Mrs. Arthur Burnett of Walloon Lake left today for four days in Grand Rapids.

Pvt. David S. Bodley, U.S. Air Force has been moved, his new address is: Pvt. David S. Bodley, AF 16353973, 133rd FTR. Intept SQDN, Grenier A.F.B. Manchester, New Hampshire.

The new address of Pvt. Karl Speigl is U.S. 5500,2940 Btry Co. 443rd A.A.A. A.W. Br. Sp. APO 154 % Postmaster New York, N.Y.

Loeb Community

Mrs. Clifford Gennett

Phone 1028-W3

Mr. and Mrs. Robert Case spent the week-end in Detroit with relatives and attended a wedding.

Roberta, Merrie and Kenneth Case spent the week-end with their grandparents, Mr. and Mrs. Frank Case, Sr., in Charlevoix.

The lucky Loebers and leaders want to be sure and attend their meeting April 6 at the home of Mr. and Mrs. Clifford Gennett.

Mr. and Mrs. Plenny Gennett of Charlevoix and Mr. and Mrs. Clifford Gennett were shopping in Petoskey Wednesday morning.

Mr. and Mrs. William Gennett and sons, Dick and Jimmie, and Mr. and Mrs. Louis Kopecky of Williamburg spent Sunday afternoon at the home of Mr. Gennett's brother, Mr. and Mrs. Clifford Gennett and family.

Mr. and Mrs. Charles Reinhart of Charlevoix spent the week-end in Grand Rapids, accompanied Mr. and Mrs. George Clark to Reed City where they spent the week-end with their daughter, Mrs. Otis Thiel and family. A regular family reunion. Mrs. Otis Thiel and son, John and Mr. and Mrs. George Clark went to Grand Haven to visit their son and brother, John Clarke and family, and Mr. and Mrs. William Clark of Holland also joined them in Grand Haven at his brother John Clark's home.

Marylouise Gennett of Charlevoix and friend, Tom Fraysaa of Petoskey were Sunday callers on Miss Gennett's parents, Mr. and Mrs. Clifford Gennett.

Frank Novotny, Jr., of Charlevoix was a Sunday caller at the home of Mr. and Mrs. Frank Pop, Jr.

Mrs. Kenneth Morford and daughter of Petoskey visited with her mother, Mrs. Frank Pop, Sr. on Sunday.

Edwin and Buddy Mann of Grand Rapids spent the week-end with their grandparents, Mr. and Mrs. Frank Novotny, Sr. and other relatives.

The community is sorry to hear Mrs. Addison Chew is on the sick list and hoping she will have a speedy recovery.

Sunday callers at the home of Mr. and Mrs. Addison Chew were Mrs. Eldean Chew of Charlevoix and Russell Shaw of Traverse City.

Mr. and Mrs. Maxim Gennett and daughter, Judy, of Detroit spent the week-end with Mr. Gennett's parents, Mr. and Mrs. Clifford Gennett and family.

Stanley Lietz of South Haven hitch-hiked up to spend a few days with Jack Mort.

Mr. and Mrs. A. C. Mort received a telephone call from their son, Don, Sunday and that Don is doing so good.

Mr. and Mrs. William Marme, Jr. went to Flint Saturday to help Mr. Marme's parents move back to their home here. The community welcomes Mr. and Mrs. William Marme Sr. and family back to their home.

Mr. and Mrs. Roy Wellington were Sunday dinner guests at the home of Mr. and Mrs. Datus Dean.

The community is glad to hear that Mrs. A. C. Mort is home and feeling some better after a week illness in the Charlevoix hospital.

Glenn Giar left Friday for Flint after spending a few weeks while he was ill with the flu, in the Little Traverse hospital and with his brothers, Gordon and Hazen Giar.

Mr. and Mrs. Hazen Giar and family were in Gaylord Wednesday, Hazen attended the livestock sale and Mrs. Giar and children visited her father, Mr. William Lewis.

So sorry the "news" wasn't in your paper last week.

Inwood News

Mrs. John Fratrick

Attention—Barnard Grangers. We're cleaning the hall this coming Friday night. Men and women both come early. Bring mops, pails, rags and scrub brushes. Lets all try and do our share. Potluck lunch afterward.

At our next regular grange meeting April 13, there will be a potluck supper at 7:00 o'clock, bring two things, dish to pass and [illegible]. Bring your family and come on out.

Al Hoskins and Emmett Bartlett of Grand Rapids spent the week-end here visiting Mr. and Mrs. Charles Wells and Mr. Hoskins son, Earl.

There will be another get to gether party at the union hall April 7 try and go and join the fun.

Mr. and Mrs. Will Ager visited Mr. and Mrs. Tom Demeroukas Sunday afternoon.

Mr. and Mrs. Tom Demeroukas visited Mr. and Mrs. Charley Wiles Saturday night.

Mrs. Roland R. Farmer visited Mrs. Edd Gregory of Charlevoix one day last week.

Ronald Fratrick has the measles. He is feeling better now.

Will Ager visited his mother, Mrs. Jennie Ager, one afternoon last week.

Mr. and Mrs. Elmer Swagart and daughter of St. Johns were dinner guests of the former's sister and family, Mr. and Mrs. C. J. Fiedler Sunday.

Joyce Fiedler visited the Ellsworth school last Monday where her brother, Dean, teaches. Joyce also attended the band concert at Ellsworth Friday night.

Mr. and Mrs. C. J. Fiedler and family attended the potluck supper at the Church of God dining room Tuesday evening.

Mr. and Mrs. George Block and mother, Mrs. Shapton, were breakfast and dinner guests of Mr. and Mrs. Leu Shapton of Traverse City Sunday. Friends of the Shapton's will be glad to know they have recently moved into their new home. Mrs. Shapton remained with her son for a few weeks visit. The former accompanied Mr. and Mrs. Earl Shapton of Charlevoix to Traverse City.

Three questions to ask about any automatic drive —

Before you buy any new car today, ask these questions about its automatic drive . . .

Does it end clutch-pushing and gear-shifting? If the answer is "No," then it isn't as *simple* and *smooth* and *safe* as a modern automatic drive should be. (In Packard *Ultramatic,* there's no clutch-pushing—and no gear-shifting.)

Can I rock it in snow, sand or mud? If the answer is "No," then it isn't as *flexible* as it should be. (With Packard *Ultramatic Drive,* you can change *instantly* from Forward to Reverse.)

Does it cruise in solid, direct drive? If the answer is "No," then it isn't as *efficient* as it should be. (Packard *Ultramatic Drive* lets you cruise in *solid, direct drive at all cruising speeds.*)

On these three counts—and on *every* count—Packard's exclusive *Ultramatic Drive* leads the field. Come in—drive it!

ASK THE MAN WHO OWNS ONE

It's more than a car --it's a PACKARD

Economist Predicts Larger Returns for Dairy Products

Michigan dairymen who keep records shouldn't be too surprised to find bossie's 1951 paycheck totaling 25 percent above her 1950 earnings.

G. G. Quackenbush, Michigan State college agricultural economist, says that farm prices for fluid milk, manufacturing milk and butterfat for this year will likely average 20 to 30 percent above the 1950 yearly average.

In Michigan, 1950 average prices were 64 cents for butterfat, about $2.80 for 3.5 test manufacturing milk f. o. b plant. The fluid milk blend price f. o. b Detroit was $3.85 for 3.5 milk.

Consumers will spend about 10 to 15 percent more for dairy products this year, but the amount of dairy products on the market will be no greater than in 1950, the MSC economist said. Since last summer wholesale prices of dairy products have gone up 20 to 30 percent, which is more than the seasonal rise. Little or no seasonal price decline can be expected this spring.

Farm prices for all milk sold to plants and dealers may be at 100 per cent of parity in April or May, accroding to Quackenbush. Milk for manufacturing and farm butterfat should reach parity this summer.

Growers Approve 1951 Crop Contract

Negotiations completed Thursday between the Reid-Murdoch Co of Ellsworth and the Northern Michigan Vegetable Growers association provide substantial price increases for contract growers this year, according to Bernie DeYoung, secretary of the growers association.

In announcing terms of the 1951 contract, directors of the growers association have urged contractors to cooperate with the company in every way possible. They point out that such cooperation is necessary to protect the future interests of both Processor and grower.

Farm Bureau Would Beat Inflation

The answer to mounting inflation is the production to the limit of one's capacity in the face of a help shortage. That was the conclusion reached by the Charlevoix County Farm Bureau which met recently at the home of Mr. and Mrs. Floyd Black. The discussion was lead by Walter McElroy. Price control tends to aid inflation in the opinion of the county group.

The group was notified of an action committee meeting to be held April 16 with Oakley Saunders chairman.

List Seed Oat Varieties Adapted To State Condition

With oat planting time just around the corner, now is a good time to buy your seed oats if you need them, Ed Rebman, county agricultural agent, advised this week.

Some of the common varieties for Michigan are Eaton, Clinton and Kent. Eaton has a white grain and stiff straw. It is adapted to the whole of the lower peninsula and is invariably among the better yielding varieties. Date of maturity is medium. It has medium to light test weight and certified seed is available.

Clinton has yellow grain and stiff straw. Adaptability is the same as Eaton but it is most popular in the southern part of the lower peninsula. Farmers growing this variety should use an improved Clinton strain such as Clinton 59 or Clinton Reselect because they are more uniform in growing habit than the original Clinton. It has a medium test weight and has given very good yields in recent tests. Medium in maturity.

Kent has white grain and heavy test weight. It is midseason in maturity and is adapted to soils of medium to low fertility. Kent variety is quite susceptible to Septoria or "black stem." Septoria disease reduced the yield of Kent in 1950. Certified seed is available.

A list of sources for certified seed is available from the agent's office, located at Boyne City.

IT HAPPENED ON ....
BEAVER ISLAND

By Mrs. J. C. Hanley

Beaver Island Presents Play

Beaver Island — The St. Patrick's Day play, "The Rose of Kildare", postponed due to the flu epidemic, was presented Friday evening by the students of St. James high in the Parish hall. The three-act comedy directed by the high school teachers provided the audience with plenty of entertainment full of Irish wit and complications.

Members of the cast were: Constance Harrington, Grace Gatliff; Von Tassel McMurrough, Glen McDonough; Dermot O'Toole, Gerald Hanley; Barbara Harrington, Ann Hanley; Mademoiselle, Patricia Kinney; Henri, Peter Greene; Nora Mullen, Bernadetle Malloy; Ellen Augenblick, Sally Cull; Jacob Augenblick, Kenneth Ricksgers, and Dennis Harrington, Richard O'Donnell.

Opening the entertainment and between acts, pupils from the grade school presented short skits. Dressed in Irish costumes, Barbara Pischner, Ann Gatliff, Sally Martin, Ann Hanley, Loretta LaFreniere, Mary E. Gallagher, Jerry LaFreniere, Joseph LaFreniere, Roger Pankewicz, Garry McDonough, Charles Dudley, and Brien Gallagher danced an Irish jig to the tune of "The Irish Washwoman".

* * *

A GROUP of lads in high top green hats sang Macmara's Band. Alvin LaFreniere stepped out to sing a verse alone.

Six colleens from the upper grades sang "Peggy O'Nell" followed by a tap dance routine. They were: Rosemary McDonough, Rosalie Bennelt, Marilyn Kinney, Mary C. Hanley and Carlene Left.

Beaver Island's heavy blanket of snow practically disappeared during the week. Mother nature decided to kick off the covers and the rise in temperature along with rain and wind took away most of the snow. Here and there small patches of green are showing. It looks as though spring might be here, but we're keeping our fingers crossed.

We've been on the look out for our friends, the robbins, but not a one has been seen.

The harbor remains closed with ice, but it has taken on that soupy look and it's too weak for the plane to land on. Most of the fish shanties are still out, but the fishermen will be hauling then in soon.

* * *

BEAVER ISLAND trappers were out during the week setting traps. It's beaver season. With meat a scarce article on the island at the present time, Brother Beaver is providing some mighty tasty meat dishes.

James "Buster" Elms will be on the car ferry at Ludington this season. Buster left Monday to report for work.

Mr. and Mrs. Jack Johnson arrived Monday afternoon to spend a few hours. Mr. and Mrs. Johnson have had as their recent guest at their home in Ludington, Mrs. Nora Gallagher.

Betty Davison arrived late Monday afternoon from Hope college to spend Easter week with her parents, Mr. and Mrs. Larry Davison.

Mrs. Marvin Cross and little daughter are visiting Mrs. Cross' parents, Mr. and Mrs. Edward Burke.

* * *

SYLVESTER HOWARD flew in from Jackson Tuesday and landed on the ice in the harbor. Friday, he took off for a more substantial roosting place at the airport. Mr. Howard is employed at the Beaver Lodge.

Jack and Lillian Connaghan left on Tuesday's plane, Jack to return to Detroit and Lillian to resume her training at Mercy Central School of Nursing in Grand Rapids.

Pfc. Buddy McDonough was tried out then picked for the baseball team at camp. Buddy was one of the star players on the Beaver Braves team and we are not surprised that he was chosen.

As soon as there was a bit of bare ground showing, the island lads had out the baseball, and mits and bats and spring practice started.

And Mrs. Wilfred O'Brien, a successful back yard gardner, is getting set for spring planting. She has tomato plants coming along in tin cans cut on both sides so the plant can be lifted out without disturbing the roots.

* * *

WILFRED has decided on a name for the skiff he built last summer. It's to be called the "Helen" after their good friend, Mrs. Helen Heflin.

Tuesday evening, another installment of the card tournament was held in the Parish Hall. Donald Cole won the door prize and, also the lovely Easter basket which was raffled off during the evening. Donald must have had his rabbit foot along to have been so lucky.

Joe McNamee, who is operating a lumber camp at the head of the island, called recently from the head light house and according to Joe, he counted sixty-three deer on his trip between the camp and light house. They had come out of the woods to bask in the sunshine and Joe said it was a beautiful sight.

* * *

THURSDAY, the Cordeliers met at the home of Mrs. Margaret Hanley. The meeting was conducted by Eleanor Gallagher assisted by Terry Hanley. A short life history of St. Maria Goretti was read.

Friday evening, one of Mr. and Mrs. Elston Pischner's little daughters nearly stole the show. Before the curtain rose to the showing of the "Rose of Kildare", Helen, not quite three years old, gave her interpretation of the Irish jig. Those who did not see this bit of genuine acting and dancing missed a treat. Helen comes by this talent naturally since her Dad displayed rare dancing ability a few years ago when he performed a never-to-be forgotten hula dance in one of Mrs. Fred Spalding's productions.

Friday afternoon, Joy McDonough returned to Grand Rapids.

MRS. EUGENE KINNEY returned to the island Saturday after spending several weeks in Detroit.

Mrs Gus Mielke returned from Little Traverse Hospital Saturday. She was accompanied by her daughter, Mrs. Lester Sourgel and three sons from South Haven.

Correction: It was the Sundew instead of the Woodbine that came to the island to break the ice in the harbor.

New Plant Speeding Plans for Operations

★ ★ ★

Council Votes to Sell Gravel Pit; Provides K & K Building Site

Before a large turnout of interested residents which jammed the council room Monday night, the city council unanimously approved a plan to sell the city-owned gravel pit north of the city limits on US 31 to Hal Forbirg of the Lake Construction company. The purchase price was set at $1200.

The vote of the council came after a long discuesion and the raising of hands of the citizens attending the meeting in favor of the gravel pit sale.

City Attorney Norman Ance was instructed to draw necessary legal papers including stipulations that the city will be sold unprocessed gravel at cost and that the construction firm begin to erect at least a 50x70 foot building of masonry construction in six months.

IT WAS SAID by Mayor Knight that Mr. Forbirg had agreed previously to the stipulations. The council's decision brought to a close arguments pru and con about the wisdom of selling the pit. The property to be sold measures about 350 by 800 feet.

Previously the council split 3-3 with Mayor Knight casting the deciding vote to sell the property. However, Ance ruled that the mayor cannot vote to break a tie when it involves sale of city pruperty.

• • •

A GROUP of residents including Gordon L. Freedman, Kit Carson and H. O. Krahnke told the council they favored the sale. Alderman Ralph Hamilton earlier voiced objections to the proposed sale chiefly because he did not want to see the city penalized in the purchase of its gravel.

The council was told by the mayor that Lake Construction compeny has alreedy purchased two new trucks here and other equipment preparatory to beginning operatione.

It is expected that the company will speed their operations to construct a building for brickmaking operations. At the outset of the meeting, City Clerk Hugh Mayne read a letter from the Charlevoix Garden club objecting to the sale of the property because of its inherent beauty value along the northern approach to the city.

• • •

THE PROPERTY is owned by the city in the township.

Objections to the sale melted in the wake of the expression of opinion by the large audience. In the vote last week, Aldermen William Heering, Ralph Hamilton and Carl Kohler voted against it, but changed their minds after the sale was fully discussed.

• • •

SHORTLY after disposing of this controversial sale of the gravel pit, the council unanimously voted to sell for $1 to the K&K Engineering and Manufacturing Co., a parcel of land fronting on Lake Charlevoix in the township for a building site.

It was pointed out in the K&K request fur the property that the firm is employing 17 in its operations in the North End plant. The construction of this building is expected to start within a year.

An insight into the scope of K&K operations was given the council.

The council learned that K&K spent $58,000 in the last 12 months on labor plus $21,000 in purchases in the area. Les Kaunitz, president of K&K, said that the first unit of the building will be 30x240 of frame, steel and concrete materials. The new K&K building site is upposite the Mathews Brothers farm.

State Health Head Speaks in Petoskey

The public is urged to attend a meeting in Petoskey at 8 p.m. today in St. Francis hall at which Dr. Albert E. Heustis, state health commissioner, will speak on "The Effects of the A-bomb on the Civilian Population".

Red Cross Drive Failing Badly in County

The 1951 drive to raise $3,500 in Charlevoix county to meet the mercy needs of the Red Cross is lagging badly, County Drive Chairman Walter Bergeon announced Tuesday.

The Red Cross which raised its goal last year has collected only $2,150 or about 60% of the goal.

The failure to come close to the goal will mean that the Red Cross will have to greatly curteil its budget, euspending work which it has been doing on an ever-increasing scale since the outbreak of the Korean conflict.

Last year residents in the county answered the call for funds but this year collections in Boyne City, Charlevoix, East Jordan, Boyne Falls and Walloon Lake have been very disappointing.

Boyne City, directed by Mrs. F. J. Sattlemeier; East Jordan, directed by Bern Whiteford; Walloon Lake by Mrs. Walter Fineout and Boyne Falls, Miss Joyce Jones have reported partially on their campaign to date.

• • •

BUT IT IS no secret that workers and residents will have to respond generously in the next couple of weeks if the drive is to raise much money.

Among the urgent missions which the Red Cross must accomplish without delay are: disaster preparedness committees which must survey local resources for mass shelter, feeding and emergency medical care.

The Red Cross has increased its scope of work between the serviceman and woman and his family. Scores of requests are handled monthly by County Chairman Fran Martin in emergency situations.

Kiwanis Presents Gavel to Mayor

Mayor Knight will be able to maintain order at the council meetings from now on.

Gordon L. Freedman, Kiwanis club president, presented a gavel to the mayor last Monday night before a packed house. It came in handy on several occasions befure the long meeting ended.

Fire Chief in 'Fair' Condition After Accident

Charles Marshall, 72, Charlevoix fire chief, was reported in fair condition at the Charlevoix hospital late Wednesday after undergoing surgery to remove a .32 calibre bullet from his abdomen Tuesday.

He was shot accidentally at 3:15 Tuesday afternoon when a revolver held by his wife, Matilda, discharged, striking him in the abdomen from a distance of ten feet.

The couple were at the home of Mrs. Marshall's late brother, Henry Coon, and were cleaning the house when she found the revolver in a dresser drawer. She was brandishing it when it discharged.

Chief of Police Heise said the shooting was accidental.

Harry Marshall will serve in the fire department while Chief Marshall is hospitalized.

Independents Clip Ludington In Fast Game

Local basketball fans saw a plenty of fine hall handling Saturday night as the Charlevoix Independents, strengthened by several northern Michigan coaches, defeated the visiting Ludington quintet 71-52.

Charlevoix got off to a fast start and led the visitors 17-9 at the quarter but the Ludington team came back to outscore Charlevoix 17-11 in the second period and cut the Charlevoix lead to two points at the half, 28-26.

With Frank Curran of Alpena scoring 11 points and Mike Hoben of Cheboygan tallying 10 the local five held a 55-41 lead at the third period. With Coach John Knight substituting freely in the last quarter the local five outscored the weary visitors 16-11 to pile up 71 points while Ludington had 52.

Curran had a total of 25 points Hoben 14 and Ed Kotlarzyck of Indiana River 12 for Charlevoix. Earl Ayres, Ludington center had 23 points.

Others in the Charlevoix line-up were Ace Zographos and Lewis Brown of Petoskey, Gayle Saxton of East Jordan, Chick Gallagher, Johnny Swanson, Bill Wallace, Bill Lusk, Big Bergmann, and Del Terrill.

Second Graders Get New Furniture

Photo by Fran Martin

The new desks and chairs in the second grade room will be among the new equipment visitors to open house April 19 will see when they visit the various class rooms.

Pictured ere: Miss Frances Milner, elementery school principal and second grade teacher, with Nancy Hull, one of her pupils who is showing two visitors, Jimmy VerWys (seated) and Kenneth Case, both fourth grede students, the many fine features of the new desk.

Survey Results To Be Explained At Open House

The peuple of Charlevoix will have an opportunity to hear a detailed report of the school's building needs at the open house sponsored by the Charlevoix public schools Thursday, April 19.

A proposed building program which will include en addition to the elementary school and a new unit for the high school to house four classrooms, a shop, agriculture room and music room will be discussed.

Dr. L. E. Vredevoe, director of Bureau of School Services, of the University of Michigan and his staff will be present and will explain their findings following a recent survey made by the bureau.

• • •

PROPOSED financing of the above mentioned buildings will be presented by the Board of Education.

Supt. of Schools Roy G. Bennett will serve as chairman of the program.

The classruoms will open at 7 p.m. so parents and friends may visit them and consult with the teachers who will be on hand for that purpose.

The program in the high school auditorium will open at 8:20 p.m. end will feature music and group singing under the direction of C. A. Odmark.

The work done by the various adult education classes during the past two months will also be exhibited at the open house.

Preceding the program the Charlevoix Board of Education will be hosts to Dr. Vredevoe and his staff at a dinner in the cafeteria.

Juniors Present 'Clementine' Tonight at School

The stage of the Charlevoix high school auditorium will assume the look of the average home of a teen-ager as the curtains open at 8:15 tonight fur the presentation of the junior class play, Clementine.

The three-act cumedy, which tells of the trials and tribulations of the teen-daughter of the Kellys, is being given under the direction of Miss Donna Valley and features Barbara Bice in the leading role of Clementine.

With Vic Gibbons as her special friend and with the aid of other teen-agers played by Ted Browe, Donna Ball, Janice Zeitler, Leo Allard and Charles Krahnke, the play ably depicts the uproar which the families of such active youngsters must bear.

Marilyn Bulow and Tom Bleha as the parents will have the sympathy of the parents in the audience as they do their best to control the antics of Clem and her crowd.

Others in the cast are Dorothy Allers, Betty Gill and June Armstrong.

Assisting with the make-up in addition to those named earlier will be Virginia Burns and Nancy Ikens.

Funeral Today For Mrs. Powers; Passes Tuesday

Funeral services for Mrs. Ada Puwers, 79, widow of Alonzo Powers, will be held at the See Funeral home at 2 p.m. Thursday with the Rev. W. D. Wood officiating. Burial will be at Brookside cemetery.

She died early Tuesday at the Charlevoix hospital after a long illness.

Born in Goshen, Ind., Nov. 11, 1871, the former Ada Lautzenhiser was married to Mr. Powers May 5, 1889. They lived in Goshen until cuming to Charlevoix in 1906. Mr. Powers operated a heating and plumbing business here until 1936 when he retired. He preceded her in death April 5, 1948.

She is survived by two granddaughters, Mrs. Dorothy Thomas of Seattle, Wash., and Mrs. Ethel Cooper of this city and six great-grandchildren.

George VerWys

Joyce McGhan

Joyce McGhan, George VerWys Win Top Scholastic Honors

The honor students of the 1951 graduating class of the Charlevoix high school were named this week by H. E. Bingham, high school principal.

They are Joyce E. McGhan, daughter of Mr. and Mrs. Lavern E. McGhan, who has been named Valdictorian and George A. VerWys, son of Mr. and Mrs. Abe VerWys, who is salutatorian.

Both Miss McGhan and Mr. VerWys have been active in student affairs during their high school years.

Miss McGhan has been a 4-H club member for four years; a member of the high school band which played in the state band and orchestra festival during the four years which she played the tympanis; had a leading role in the junior class play 'A Date with Judy' and a minor role in the senior class play 'A Young Man's Fancy' and served on many class committees, also was a member of the student council.

She plans to enroll as a student at Northeastern School of Commerce in Bay City next fall.

Mr. VerWys has served as class president during his senior year and was secretary as a junior; he was a member of the football squad for three years, of the basketball squad for one year and a letterman in track after four years; he played a leading role in the junior class play and a minor role in the senior class play and has been a member of the senior scouts for three years.

He plans to attend the University of Michigan in Ann Arbor next fall.

Other students among the top ten in a class of 55 are: Sara Coleman, Donald Hardy, Joan Mathews, Alvin Ranger, Beverly Stroud, Dwight Smith, Dale Suomela and William Wallace.

Annual Girl Scout Program Set for Friday

The annual Girl Scout program will be held at 8 p.m. Friday in the high school gymnasium.

The public is invited to attend the program and inspect the exhibits of the various troops. Highlight of the program will be the presentation ceremony.

The program includes a flag ceremony. Flag bearers will be Brenda Brown and Mary Case and color bearers, Ruth Ann Smith and Joan Brady. The Scouts will sing God Bless America and give the Pledge of Allegiance.

Mrs. Hubert Paddock, president, will give the greetings. Mrs. Howard North has charge of the leaders recognition. Mrs. Dean Davenport is director of the Girl Scout chorus and Mr. Leonard Burns is accompanist.

Mrs. Mable Elliott will introduce the presentation of "Julliet Low's Dream Comes True."

Jack Mailhot Heads Chest

Jack Mailhot was elected president of the Charlevoix Community Chest organization at a meeting held Wednesday at the court house.

Other officers and directors named at that time were vice president, Mrs. Herbert Campbell; secretary, Mrs. Arthur Heilig and treasurer, L. E. Feindt. The latter two were re-elected.

Roy G. Bennett was named to the Board of Directors to succeed Gordon Freedman who became his alternate on the board. Other directors are: Robert Bridge, Archie Rounds, Charles Bleha. Victor G. Spaniolo was named an honorary member to the board.

Plans for the annual drive in which the Community Chest and the United Health and Welfare combine forces wil be held in October.

The next meeting will be held August 1.

Shuffleboard Banquet Held at Argonne

The Argonne was host to 240 members of the Charlevoix county Shuffleboard league who met for their first annual banquet.

The league is composed of players from East Jordan, Boyne City, Boyne Falls and Charlevoix. A buffet supper was followed by a social evening and games.

The winning team from Earl Gardiner's Townhouse was presented with a trophy. Members of the team are Forrest Skiver, Robert Miller, James Johns, Sam Bergstrom, Edward Stitz and Sander Halverson.

Fifty members of the Emmet county Women's Shuffleboard league enjoyed a banquet at the

Ex-Local Teacher Killed in Mishap; Rites Today

Walter J. Alexander, 51, former teacher and principal in the Charlevoix schools, was killed in an auto-truck-trailer accident west of Ann Arbor Monday.

His wife, the former Margarette Price Cram, 57, was in serious cundition at St. Joseph's hospital in Ann Arbor suffering head and facial lacerations and posible back injuries.

Mr. Alexander taught in the junior high grades of the Charlevoix schools from 1923-31 and had been junior high school principal. He later taught in the Central Lake schools before going to Northport where he served as superintendent from 1940 to 1950. He was working on his master's degree at the University of Michigan at the time of his death.

Funeral services will be held at the Congregational church in Central Lake Thursday afternoon with burial in Brookside cemetery here.

Missionary to Speak Here April 15-22

Special services will be held nightly at 8 p.m. from April 15 to 22 at the Community Church of God.

The Rev. Herman Smith, who recently returned to the United States from several years on the foreign missionary front in Africa and other stations will conduct services.

The public is invited to hear his timely messages.

BULLETIN

The Charlevoix Service Organization is planning to send the Courier to all Charlevoix men and women in the service. If you want your serviceman or woman to receive the paper, leave his or her address at the Courier office.

Council Studies Dividing of City Insurance

The City's insurance amounting to about $600,000 is likely to be spilt four ways, of the suggestion of Alderman Ralph Hamilton is adopted by the city council.

The insurance matters came up for consideration when Alderman Charles Bellinger questioned Mayor Knight's writing $26,400 worth of insurance formerly held by Bridge & Hawley. Mayor Knight said he is in the insurance business and that he wrote the policy, following the same manner that was used in previous years.

Alderman Carl Kohler said that renewal of various insurance policies has not been discussed as long as he has been on the council. Hamilton said he saw no reason why each of the generel agents should not divide the city's insurence, guaranteeing fair treatment for all concerned.

The mayor disclosed that insurance in effect today is written for the following amounts, Livingston Insurance, $147,000; Charles Hamlin, $108,000 and Bridge and Hawley, $325,000. Payment for the insurance written by Knight was tabled until next meeting when the matter will be discussed again.

• • •

THE COUNCIL approved liquor licenses for Town House, the Birches, and Belvedere Casino and hotel and a tavern license and dance permit for Moonlight Gardens.

Other action by the council included $15 weekly pay to George Shanaquet. Aldermen Heering and Bellinger voted no on this issue. Pete Locke who operated the trailer park last year was given a renewal for the coming season.

Coming Events

April 12—Junior play at high school gym.

April 12—St. Mary's Rosary Altar Society will meet at school hall at 8 p.m. Potluck lunch will follow.

April 12—Installation of the VFW post officers at 8:30 p.m. at the VFW hall.

April 12—Etha Nagler circle will meet with Mrs. Milton Block 505 State st. at 2:30 p.m.

The Prizes of Peace

Before you draft them you have to educate them. The childpower of a nation is no less important than its manpower. The schools of a nation are no less important than its armaments. In fact arms for defense would be useless if the nation's most precious asset were left undefended: a rising generation of enlightened, free-thinking citizens ready to respond to the creative demands of peace as well as the grim duties of defense.

Teachers today have no easy job. A report of the National Education Association points out the added burden of problems caused by a generation of children affected by "tensions of war, family transiency, lack of parental control, and the overstimulation of moving pictures, radio, and television."

The report points out further that the average teacher in the American schools works a 48-hour week. We are tempted to be surprised that the average is even as low as that. Many a conscientious teacher, knowing the huge demands of out-of-class work, extra duties, schoolroom preparation, time devoted to individual students, to parents, to academic self-improvement, etc., will feel that some of her confreres must have it awfully easy in order to balance the hours of work she puts in above that average.

By and large, however, in respect of the pay she receives and the crucial importance of her task, the average schoolteacher today is one of the most hard-working figures in the American scene. She has compensations above the monetary—and that is just as well in a society which puts a higher economic value on the material than on the intellectual and spiritual as illustrated by the comparative sums spent on entertainment and education, on military defense and Point Four aid.

Above all, she has the compensation of knowing that she can take part in raising a generation which may help to redress the balance and to reassess those prizes of peace which the bombs are meant to guarantee.

Charlevoix IN UNIFORM

M/Sgt. Joseph Schwab, accompanied by Mrs. Schwab and daughter, Linda, arrived last week from Spokane, Wash., to visit his mother, Mrs. Anna Eccleston, enroute to his new assignment at Forbes Field, Kan.

• • •

The Midway is the third American ship and the second carrier to bear that name. It is one of the largest and fastest carriers in the world.

Three Men to Leave For Service April 17

The names of the three Charlevoix county men who will report April 17 for induction into the armed services have been announced by the local draft board.

They are: Jack A. Moore and Lavern E. Goodman of Boyne City and Robert R. Whale of East Jordan.

The men will report at the court house here at 8 a.m. Tuesday, April 17, for transportation to Detroit where they will be inducted into the army.

Occupied Territory

Washington, D. C., occupies all the 70 square miles allocated to District of Columbia.

ODDS 'N ENDS

By Fran Martin

This question came to mind Saturday night as we watched the Charlevoix-Ludington Independents play . . . who coaches the coaches while the coaches are playing basketball . . . and the answer? . . . Why the mayor, of course . . . and in this case, Mayor John Knight . . . we knew it would have to be somebody real official . . . 'cause we just can't imagine those guys taking orders . . .

You often hear us say it's a small world . . . and here's more proof of it, we think . . . Remember Leon Joseph who was with Freedman Artcraft before returning to Cincinnati last year? . . . He ran a blind ad for a secretary in a Cincinnati paper and who answered it? . . . None other than Mrs. Al Scheid who had served in that capacity at Freedman's . . . She had gone to Cincinnati more than a year before . .

• • •

DON'T FORGET to take in the Charlevoix-Detroit party at the YWCA at Witheral and Montcalm in Detroit on the 21st . . . it's really great fun . . . you meet more people you didn't even know had ever lived in Charlevoix . . . Miss Grace Papineau informs us the committee has sent out some cards but they just do not have all the names of former residents so consider yourself invited and bring your friends . . . you'll be amazed what a good time you'll have. A lot of work has gone into the party so how's about making it worth while by showing up with all your old memories of Charlevoix and discussing them with just anyone in sight . . . Everyone there will have but one thought in mind . . Charlevoix . . . and friends and places and incidents . . . so no matter how old or how young you are, you're bound to find someone you know . . . The time: 7 to 12 p.m. . . . April 21 . . . first floor . . . YWCA 2230 Witheral at Montcalm . . . Make it a date right now . . .

• • •

YOU'VE OFTEN heard how the South and the Civil War and how, even today, they talk about it as though it were yesterday instead of almost a hundred years ago . . . Here's a story that bears that out . . . Leon Joseph tells after a recent trip through the South . . . While riding a bus in a certain city, he noticed that everyone on the car removed his hat and held it over his heart as the car passed a certain place on the line . . . As he was leaving the car he asked the driver the reason . . . And in a tone which indicated the Northerner certainly wasn't up on his Confederate history, was informed that the spot was the birthday place of Jefferson Davis, suh . . .

Well, how you gonna bet on the Tigers this year? . . . Do you think they'll come through despite their showing in the grapefruit league . . . Is this one or that one going to prove himself and how about the pitching staff . . . Those are the things being discussed by the curbstone coaches and fans these days and whether you like it or not you'd better start reading the sports page so you'll know what the rest of the world is talking about.

• • •

AND SPEAKING of baseball, we hear the high school kids are having a team this year . . . that should make a lot of people happy . . . The Rayders haven't had one since the early '40's but we hear there's quite a gang out and maybe another year Charlevoix will have a regular schedule . . .

Signs of spring we've noticed . . . the North Shore back on the Beaver Island run again . . . the ice leaving Lake Michigan . . . pussywillows . . . the song of the robins who are thawed out enough to really give forth at daybreak every morning . . . (and it can be annoying til we get used to it) . . . roller skates and bikes . . . bare legs of the youngsters no longer covered with long snowsuits . . . smelly, smudgy fires in just about every block . . the threat of rain . . . signs of leaves budding . . . kids playing baseball and activity at the track at Kipke field . . . And maybe, one of these days, it will really warm up . . .

At the basketball banquet given by the KP's last week we got a bang out of the team as they listened to the re-broadcast of the Charlevoix-Petoskey game here . . . Are they ever critical of one another . . . Each player was given the business when he fouled or missed a shot . . . You sure have to be able to take it when you're a member of that crew . .

Have you seen the Paterka twins, Charlie and Steve Jr., recently? . . . They celebrated their first birthday last week . . . and are their father's pride and joy . . . and if you don't believe it just ask him about them . . . They're identical twins and even Pop can't tell them apart at times . . . And he says they're mischevious now . . . wait til they get a little older . .

• • •

WE NEVER have much occasion to stop at a garage but one day last week we stopped in at one . . and found it just about the most fascinating place we'd seen in a long time : . . machines all over the place . . . for just everything from charging batteries to welding, painting and everything else . . . And that gun for painting . . now that looked like something to have fun with . . . some-day when you're looking for something interesting just stop by and watch the activity . . it's really something . . .

Sermonette

"Profit and Loss"

By Rev. Lewis

"What shall it profit a man if he gain the whole world, and lose his own Soul." (Mark 8:36)

We have here a contrast between God's value of man and man's value of things. Which is most important in life? Which pays the bigger dividends?

1—Man places his value on things of life. Gold, Silver, and Gems. His wealth is counted by his bank account, but in God's sight he may be a pauper. No one is richer then his soul.

Solomon The Wise King of Israel in writing in the Bible, in the Book of Proverbs, tells us that riches do not satisfy. He said all is Vanity. He was rich, he was Famous. But not happy in the wealth of earth.

Man also wants to be great, have great fame. And many a person misses God's best for a little of this world's applause. Riches and Fame, and temporal Things, will fade away, but the Soul of man lives on eternally.

The Word of God, The Bible, Speak to us in Genesis, That when God created man, "He breathed into his nostrils the breath of life; and man became a living Soul" (Genesis 2:7)

An Eternal Soul. The Heavenly Father has put a premium on the Soul of man. The body of man may die, the Soul never does. And where you spend your eternal Existence depends upon what you do for your soul while living in this earthly life. You can sell out cheap for earthly gain, or accept the Lord Jesus as your Saviour, and take up His Cross and follow Him. He was the despised one of Nazereth, The Lowly Galilean. He suffered on Calvary's Cross to redeem mankind. He was rejected. misunderstood by those whom He came to help. If we take up His Cross we to will have to bear the shame of the Cross, but in the Eternity of God we shall have Eternal Life.

Which is real profit riches of life, or a Soul that is right with the God of Eternity.

"I'VE DRIVEN DODGE CARS 270,000 MILES
and my car for '51 is
another dependable DODGE!"
—Says C. G. Pyle*
DEPENDABILITY

*"MY NEW '51 DODGE makes the 16th Dodge I've owned," says C. O. Pyle, Los Angeles, Calif. "And every one more than lived up to the Dodge reputation for dependability."

You could pay up to $1,000 more and still not get all the extra room, comfort and rugged dependability of Dodge

Owners know from experience the *value* and *dependability* built into Dodge cars. That's why, year after year, so many buy *"another dependable Dodge."*

Along with smart, sleek styling and unmatched roominess, Dodge gives you the smoothest ride you've ever known, thanks to the new Oriflow Shock Absorber system. You get exciting *performance*, true *economy* with the big "Get-Away" engine. And Gyro-Matic, lowest-priced automatic transmission, makes driving easier, smoother.

Yes, Dodge is the car you want today . . . a smart looking, comfortable, *dependable* car for the years ahead. Let us give you the complete story of Dodge value and dependability . . . *today.*

1951 Dependable DODGE

Drive It Five Minutes And You'll Drive It For Years

Specifications and equipment subject to change without notice

BENJAMIN BROWN

405 BRIDGE STREET CHARLEVOIX, MICHIGAN

You Can Even Choose It for Economy!

Standard equipment, accessories and trim illustrated are subject to change without notice.

It is true, of course, that when men and women move up to Cadillac, their motivating thought is not economy. Their hearts are set on owning the "Standard of the World."

But if they *needed* another impulse to move them to Cadillac, it could certainly be found in the car's remarkable record for *practicality.*

Even on the basis of its initial cost, a Cadillac represents a surprisingly sound automotive investment. Indeed, some half million American motorists are driving other makes of cars which actually cost them *more* than they would have had to invest if they had purchased new Cadillacs!

And the surprise is no less when you look to the *everyday* aspects of Cadillac's economy. Few could ask for greater mileage from a gallon of gasoline. And the car's freedom from the needs of service—beyond the routine—has long been traditional.

And finally, of course, is Cadillac's tremendous capacity to serve—the years and years and years of wonderful utility designed and built into it.

Yes—when you want a Cadillac, you want it for what it *is*, and *does*, and *represents.* But what an added satisfaction it is to reflect that it is also so *eminently* practical!

We deeply regret that we are unable to deliver new Cadillac cars without some delay. But the demand for the car is unprecedented—and much of the company's energies and materials are now being devoted to the needs of national security. Once the car is delivered into your hands, however, we know you'll agree that—patience never brought a richer reward.

College First

Oberlin College, known as Oberlin Institute when it was founded Dec. 3, 1833, is the nation's first 100 per cent coeducational college. It opened with an enrollment of 44 students, of whom 29 were men and 15 women

IOOF to Hold District Meeting At Central Lake

I.O.O.F. lodges in district 4 will meet in Central Lake April 14 for their annual district meeting.

The business session will open at 2:30 p.m. Saturday afternoon and after a dinner served by the Rebekah lodge at 6:30 initiatory degree work will be presented during the evening.

District officers are: president, Hubert Bachelor of Petoskey; vice president, Vivyan Smith of Onoway; secretary, Sims Baker of Charlevoix; treausrer, A. E. Wells of Harbor Springs.

Lodges to be represented at the meeting include those from Indian River, Elk Rapids, Bellaire, Levering, Kalkaska, Petoskey, Cheboygan, Boyne City, East Jordan, Mancelona, Roger City, Harbor Springs, Central Lake, Onoway and the Round Lake Lodge of Charlevoix and the Pine Lake lodge of Horton's Bay.

Among those who will attend the meeting will be Merle L. Leach of Petoskey, Grand Master of the I.O.O.F. and Archie D. Rounds, grand patriarch of the I.O.O.F. encampment of Michigan.

Protect Vegetables

To keep rabbits from eating them, spray vegetables with one ounce of aluminum sulphate dissolved in a gallon of water to which is added a cup of hydrated lime.

Legal Notice

ORDER FOR PUBLICATION
Probate of Will
STATE OF MICHIGAN

The Probate Court for the County of Charlevoix.

At a session of said Court, held at the Probate Office in the City of Charlevoix in said County, on the 9th day of April, A.D. 1951.

Present, Honorable Floyd A. Supp, Judge of Probate.

In the Matter of the Estate of Ana (Anna) Morford Brady, Deceased.

Jerome W. Whitley, Executor named in the Will of said deceased, having filed his petition, praying that an instrument filed in said Court be admitted to Probate as the last will and testament of said deceased and that administration of said estate be granted to himself, the said Jerome W. Whitley, or some other suitable person.

It is Ordered, That the 30th day of April A.D. 1951, at ten A.M., at said Probate Office is hereby appointed for hearing said petition.

It is Further Ordered, That public notice thereof be given by publication of a copy hereof for three successive weeks previous to said day of hearing in the Charlevoix Courier, a newspaper printed and circulated in said County.

Floyd A. Supp,
Judge of Probate.

Certified a true copy.

From where I sit ... by Joe Marsh

Buzz And The Off-Key Baritones

Reverend Lester of the church out on Hillsboro Road coaches his Young Peoples' Choir late Thursday afternoons—after high school basketball practice lets out.

Buzz Ellis pastures cows next to that church. Around 5 o'clock they used to make a lot of racket about wanting to go home. That made it kind of rough on the choir.

When Buzz learned what was going on he said to Reverend Lester: "I never yet heard of a cow that could moo on key. So, I'll just move 'em in a little earlier. . . ." This started me to thinking. Buzz doesn't go to that church. And he's so tone-deaf he couldn't carry a tune in a bucket!

From where I sit, you might say that Buzz didn't have much in common with those singers. But he doesn't divide folks into groups he's "with" or "agin." Your politics, your personal preferences—or the fact that you like a moderate glass of beer—mean nothing either way to Buzz. He's a real neighbor to *everybody!*

Moved by Alderman Heering, seconded by Alderman Young that Hubert E. Paddock having received the majority of all the votes cast be declared elected to the office of Justice of Peace. Motion carried.

The following Resolution was offered by Alderman Young and supported by Alderman Kohler:

BE IT RESOLVED by the Council of the City of Charlevoix, Michigan that whereas the death of William Hannah while in the performance of his duty with the armed forces of the United States of America, has taken from the City, one of its finest young men, who, the citizens of Charlevoix knew, would render whole-hearted, honest, and honorable service to his Country in its fight for the freedom of the people of the world, and which service has been cut short while he was yet in the prime of life, bringing home to the citizens of Charlevoix in one sharp blow the seriousness of the conflict being waged; THEREFORE BE IT RESOLVED that the Council, on behalf of the citizens of Charlevoix, express to the bereaved family our honest and sincere sorrow and sense of deep loss in the death of their son; and that we further convey our heartfelt sympathy and consolation to them in their hour of darkness. RESOLVED FURTHER that a copy of this resolution be transmitted to the family of the deceased.

Adopted by the following Yea and Nay vote: Yeas: Young Erber, Gebeau, Hamilton, Heering and Kohler. Nays: None. Absent; None.

The following Resolution was offered by Alderman Hamilton, supported by Alderman Gebeau.

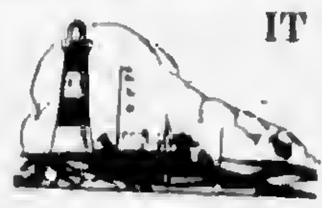
BE IT RESOLVED by the Council of the City of Charlevoix, Michigan, that whereas the death of Hubert Olach while in the performance of his duty with the armed forces of the United States of America, has taken from the City, one of its finest young men, who, the citizens of Charlevoix knew, would render whole-hearted, honest, and honorable service to his Country in its fight for the freedom of the people of the world, and which service has been cut short while he was yet in the prime of life, bringing home to the citizens of Charlevoix in one sharp blow the seriousness of the conflict being waged: THEREFORE BE IT RESOLVED that the Council, on behalf of the citizens of Charlevoix, express to the bereaved family our honest and sincere sorrow and sense of deep loss in the death of their husband, father, son, and brother; and that we further convey our heartfelt sympathy and consolation to them in their hour of darkness. RESOLVED FURTHER that a copy of this resolution be transmitted to the family of the deceased.

Adopted by the following Yea and Nay vote: Yeas: Erber Young, Gebeau, Hamilton, Heering and Kohler. Nays: None. Absent: None.

On Motion the Council adjourned.

Attends Nurses Meet

An Atomic Nursing workshop was held in Grand Rapids Monday through Wednesday. Mrs. Marian Rice of the local Health unit was in Grand Rapids to attend the workshop.



IT HAPPENED ON ....

BEAVER ISLAND

By Mrs. J. C. Hanley

The miracle of spring awakening is evident on Beaver Island. With only small doses of sunshine, Mother Nature has coaxed a few of her large family of growing things up through the softened earth. In Mrs. Herman Plschner's yard, jonquils and tulips are well above ground, tree buds are swelling and taking on a little color. Last week, youngsters were taking big bouquets of pussy willows to school.

The harbor is the focal point of interest these days and next in line is the direction of the wind. All around the edge of the harbor there is a wide stretch of ice which the water pushed in toward the dock. The remaining ice looks as though it is about ready to sink, or perhaps a stiff wind in the right direction will take it out. It's anybody's guess.

• • •

IT WAS A welcome sight to see the North Shore come into the harbor Friday. Capt. Dick Lyons brought the ferry across, but was so engrossed in the business of getting the boat through the path of crushed ice, that he forgot to give the usual salute. Therefore, the quiet entrance kept a lot of folks from knowing that the first boat of the season had arrived. There were no passengers aboard, but the boat carried 11 tons of freight. On the return trip, the load consisted of empty oil barrels and fish.

Betty Davison returned to Hope college Monday via air. Sylvester Howard flew her to Pellston where she boarded an airliner for the rest of the trip.

• • •

MONDAY MORNING about nine o'clock, the drone of a motor over head sent Beaver-Islanders to the windows to see who was approaching at such an early hour. Much to our surprise, there was an helicopter flying low. It was the first time many of us had ever seen one, including your B.I. reporter. It was queer looking and we strained our necks for a good look. The appearance of this strange flying machine had us wondering, but it took Ada Martin to draw conclusions.

Her youngsters came into the house to tell Mama to come see the funny airplane. One look and Ada exclaims, "My heavens, it's the Russians" and with that she hustled them down into the basement to await the worse. "But Mom, what about Daddy?" fretted one of the children as he scrambled for the stairs. "Never mind your Daddy, just get down in the basement." And there Ada and the children huddled together . . . expecting to be blown to bits at any moment. They finally emerged from the underground shelter, a bit shaky but mighty relieved when they found out it was the helicopter from off the Sundew checking the ice situation around the Island.

• • •

STANDARD OIL man Ray Johnson from Traverse City, and Tom Carey from Charlevoix came to the Island last week on business.

Mrs. Walter Wojan, Mrs. Elston Pischner and Mrs. Gene Connaghan flew to the mainland Tuesday for the day.

Trim Reynolds, Boyne City, visited the Island during the week.

Tuesday evening at the Shamrock Tavern, the shuffle board teams ended the tournament which was started in the beginning of the winter. The teams were headed by Mrs. Geraldine Buckner and Sally Cull. Mrs. Buckner's team came out the winner. To celebrate the occasion, luncheon was served with ham and chicken the main dish. Archie LaFreniere presented the winning team with a cash prize.

• • •

WEDNESDAY, Mr. and Mrs. Arthur Huston and family returned to their home in Ypsilanti after a short visit with Mrs. Huston's parents, Mr. and Mrs. Frank Nackerman. Jimmie and Michael Huston, who have been with their grandparents for several weeks, will be missed up around the post office.

Jack Johnson, Ludington, is back on the Island.

Mr. and Mrs. George Ricksgers had a house full for a few days last week. Mr. and Mrs. Bob Evans (Margaret Ricksgers) from Camp Hood, Texas; Mr. and Mrs. Bob Ricksgers, Lapeer, and Catherine Ricksgers of Pontiac, came up for a visit.

Another winter-time tournament came to a climax this week. Thursday evening at the parish hall, the last of the card parties was held. Mrs. Mike Cull came out winners among the ladies, with Rosemary Nackerman in second place. Ronnie O'Donnell won the men's first prize with Vernon LaFreniere an Richard O'Donnell running second. Prize for low score was won by Ellen Nackerman.

Chuck Welke arrived Saturday from Pontiac. His wife and family (Catherine Marie Schmidt) have been visiting her parents, Mr. and Mrs. Willie Schmidt.

• • •

JOHN DUBIEL and Perry Palmer left Saturday to sail during the navigation season.

Jewall Gillespie and son were in Charlevoix due to the little fellow's illness.

It's Monday morning. The east wind has brought a gray day and filled up the open water with ice floes. Two ducks are swimming in the big puddle along the shore in view of our window. The gulls seem to be delighted to be back in the swim. We heard the sweet song of the robin this morning and there they are — a pair of red breasts flitting around in the big oak tree.

• • •

AND I MUSTN'T forget to say that Sunday baseball has started. Yesterday, the high school lads played against the fellows out of high school. The score was in favor of the older boys.

Patsy Hamilton on Alma Band Tour

Patsy Hamilton, daughter of Mr. and Mrs. Ray Hamilton, will tour with the Albion college band from April 8 through April 15 when the seventy members of the two music groups will meet fifteen engagements in Michigan, Ohio, Indiana and Illinois under the baton of their conductor, Dr. Conway Peters.

Miss Hamilton, who is a sophomore at Albion college, will play baritone in the college band.

Mrs. William Parsons

Bill and Jim Jolliffe of Grand Rapids visited their parents and brothers, the William Jolliffes, over the week-end.

Pat Murphy of Marquette was a Saturday evening supper guest of his sister, Mrs. Clyde Warner and family.

Mr. and Mrs. Henry Hammond of Ironton visited Mr. and Mrs George Parsons Saturday afternoon.

Mr. and Mrs. Glen Lord and family of East Jordan ware supper guests Sunday evening at the William Jolliffe home.

Mr. and Mrs. Frank Brown and Mr. and Mrs. Ernest Brown and two daughters spent last week-end in Detroit visiting relatives.

Dawson Way and Bob and family of Detroit visited the Clarence Ways over the week-end.

The Norwood-Barnard MYF group attended the sub district youth rally at Mancelona Sunday evening. They will meet next Sunday, April 15 with Miss Elizabeth Richardson at Norwood. We'd like to have more boys and girls join our group. Come on young folks, you'll never regret it.

Glennie Ikens of Charlevoix spent last week-end visiting his school pal, Ivan Parsons.

A large crowd attended the bridge grafting demonstration meeting at Claude Fairman's fruit farm last Friday. Mr. Fairman says that peach growers in this area are now applying their dorment spray.

Barnard News

By Mrs. Clyde Smith

Farmers are beginning their spring work. We noticed one garden plowed on Saturday.

Robert Daugherty is driving a brand new tractor.

Mr. and Mrs. William Parsons and sons were Sunday dinner guests at the home of Mr. and Mrs. Carlton Smith.

Our regular mail-carrier, Earl Miller is on the route again after a four months vacation.

Mr. and Mrs. Joe Dunn of Detroit were week-end visitors of the latter's parents, Mr. and Mrs. Frank Matchett.

Mr. and Mrs. John Stevens of Tecumseh visited the latter's brother and sister-in-law, Mr. and Mrs. Robert Daugherty on Monday.

Mr. and Mrs. Frank Matchett were afternoon and supper guests at the Clyde Smith on Thursday.

The flu and measles are still prevalent in our midst. Perhaps when warmer weather comes they may disappear.

Mr. and Mrs. Floyd Gamble of Phelps were Sunday visitors with their son-in-law and daughter, Mr. and Mrs. Ernest Potter.

Mickey Smith and his aunt, Mrs. Kay Smith celebrated their birthdays at kindergarten last Wednesday. A treat of ice cream and cake was much enjoyed by the little folks.

Mr. VerMuelen returned Monday from his two week's visit with his daughters in Detroit also attending a mortgage burning ceremony at his old home church there.

A family gathering and church business meeting will be held at the Methodist church on Friday evening. Potluck lunch. Everyone invited.

NORWOOD

By Mrs. Milton Richardson

Mrs. Fred Hoag and mother, Mrs. Cook and sister, Ann Phillips left Monday to join Mr. Hoag who is employed in Trenton.

Mrs. Clarence Heise of Charlevoix spent Thursday with her parents, Mr. and Mrs. E. R. Jones.

Mrs. William Lusk and Mrs. Kenneth Forbes of Charlevoix were callers one afternoon last week at the William Alward home.

Mr. and Mrs. Fred Wagner and Sharon of Grand Rapids and Forrest Wagner of Detroit spent the week-end with their parents, Mr. and Mrs. Floyd Wagner.

Mr. and Mrs. Allen Campbell of Charlevoix spent Saturday at their home here.

Mr. and Mrs. Milton Richardson and family were Sunday dinner guests of her aunt and uncle, Mr. and Mrs. Merle Thompson in East Jordan.

Dinner guests Sunday at the Charles Weisler, jr. home were his parents, Mr. and Mrs. Charles Weisler, sr. of Central Lake. Afternoon callers were her parents, Mr. and Mrs. Roy Russell of East Jordan.

Mr. and Mrs. Robert Holecheck and son were Friday supper guests of Mr. and Mrs. Earl Farrell of Dutchtown.

M. and Mrs. Kenneth Empey spent Sunday evening with Mr. and Mrs. Charles Cooper in Charlevoix.

Mr. and Mrs. Ervin Lord visited relatives in East Jordan Sunday.

Mrs. Harrison Warner and son spent Wednesday with her parents, Mr. and Mrs. Rollie Baumbach and her sister and family, Mrs. Herb Peebles in Ellsworth.

Ironton News

Mrs. Robert King

Hello again, from Ironton and a happy place it is now, with the sun shining once in a while and everyone cleaning yards and digging around in flower beds, and really enjoying it.

The ice is quite black now and will soon be breaking up, it is swell to be able to ride the ferry again.

Mr. and Mrs. Beene saw a deer cross the ice down at the ferry last Wednesday.

The Ladies Aid met last Thursday with Mrs. Ed Beene. They worked on mending for the hospital again. Six women attended. Mrs. Beene served pumpkin pie with ice cream and coffee. They have sold 25 of the cook-books. The Aid will meet next Thursday April 12 with Mrs. Beedle.

Mrs. Danny Sinclair and son, Stevie of Lansing are visiting with her mother, Mrs. Noel Thompson.

Mr. and Mrs. Arnie Thompson of Lansing have a new daughter, Allison.

Mrs. Elwyn Johnson is carrying her arm in a sling these days. Hope it's not for too long a time.

Carl Anderson spent last week-end here with his family.

Mrs. Vaughn Orvis returned home last Saturday from a two weeks vacation in Flint. She was accompanied by Mr. and Mrs. Douglas Hall and Betty Jane Orvis. Mr. Hall and Betty left Monday—Betty back to her studies at Michigan State and Mr. Hall back to work. Mrs. Orvis' daughter, Mrs. Hall and Baby Lynne will be here indefinitely.

Mr. and Mrs. Noel Thompson have sold their home near Ironton. The proud owners are Mr. and Mrs. Wayne Saunders.

Mrs. Lula Brock had a demonstration of the Stanley products in her home Monday night.

The Franklin Cellners are doing some remodeling in their home.

Mrs. Nettie Huggard and Mrs. James Driggett were Tuesday callers of Mrs. Gertrude Colwell.

Martha Carlson is at home now. She plans to spend at least a month here.

The Advance Chamber of Commerce is planning big things when they have the smelt run. They will crown the "Smelt Queen". The run is expected momentarlly.

Muddy roads were the cause of a lot people not being able to attend Sunday School last week, Mr. Sanderson tells me he had to be pulled out with a tractor.

The Ironton community was saddened to learn of the deaths of two prominent summer residents of Sequanota. John Winter Thomsen, one of the club founders, died March 7 at his home in St. Charles, Ill. and A. S. Steedman passed away on Easter in St. Louis, Mo.

Mr. and Mrs. Tom Nielsen and Dorie attended the U. of M. concert in Petoskey Sunday.

We have several on the sick list this week. Mrs. Beene, Mrs. Sarna and little Larry.

Mr. and Mrs. Alfred Walton, Central Lake, Mrs. Ralph Burley and three daughters of Marshall, Michigan spent last Wednesday with Mrs. Colwell. Mrs. Burley is Mrs. Colwell's grand-daughter.

Mrs. P. A. Clemmons, Central Lake spent the week-end with her old friend, Mrs. Colwell. Other guests were her nephew and niece, Mr. and Mrs. Charles McCauley and his sister, Mrs. Harold Baker and son all of Cadillac.

Evelyn Vanderwall and Mary Bennett called on Mr. Hammond last Tuesday night at the Convalescent home in Charlevoix. He is feeling about the same.

Mr. and Mrs. Pete Bennett spent last Thursday evening with Mr. and Mrs. Ben Bustard of East Jordan. The evening was spent in Canasta.

Mrs. Isabelle Kerr has returned to the convalescent home in Charlevoix for an indefinite time.

Mr. and Mrs. Pete Bennett spent Saturday evening with Mr. and Mrs. Bob King.

There was quite a nice attendance at Sunday school this week, please try to come next Sunday.

Loeb Community

Mrs. Clifford Gennett
Phone 1028-W3

The Loeb Farm Bureau will meet April 17 at the home of Mr. and Mrs. Addison Chew.

Frank Novotny Jr. of Charlevoix and Mr. and Mrs. Frank Pop Jr., and son spent the week-end in Grand Rapids with Mr. Pop's sister and brother-in-law, Mr. and Mrs. Gene Gibelyou and family and other relatives.

Miss Marylouise Gennett of Charlevoix and friend, Tom Troysan of Petoskey were Sunday dinner guests with Miss Gennett's parents, Mr. and Mrs. Clifford Gennett.

Mrs. Otis Thiel and son, John of Reed City and his friend, Miss Marilyn Bingaman of Evert, Mich. spent the week-end with Mrs. Thiel's parents, Mr. and Mrs. George Clark.

The community welcomed E. L. Snider home after spending the winter in Detroit and other parts of the state with relatives.

Mr. and Mrs. Eldean Chew of Charlevoix were Sunday dinner guests with Mr. Chew's parents, Mr. and Mrs. Addison Chew.

Elgie Lou Holmes visited Saturday with Connie and Bonnie Heckman.

Russell Shaw of Traverse City called on his sister and brother-in-law, Mr. and Mrs. Addison Chew Sunday.

Mrs. Bernard Mousseau and son, Kenneth, were Sunday dinner guests at the home of Mr. and Mrs. Robert Mousseau and daughter.

Mr. and Mrs. Bernard Mousseau were married five years Sunday. "Congratulations"

Mr. and Mrs. Seward Patton and family of Bellaire and Mrs. Vina Patton of Charlevoix were Sunday dinner guests of Mr. Patton's sister and family, Mr. and Mrs. Lee Heckman.

Mr. and Mrs. Lee Heckman and daughters spent Sunday afternoon with Mrs. Heckman's sister, Mr. and Mrs. Clarencee Kent and family in Boyne City.

Robert Clarke is spending the summer with his parents, Mr. and Mrs. Harold Clarke.

Elgie Lou and Jimmie Holmes spent Sunday with Harron and Sharon Giar.

Gordon Giar and Billy Pardee spent Sunday with Gordon's parents, Mr. and Mrs. Clare Giar of Barnard.

Mr. and Mrs. Joe Habasco of Boyne City visited at the home of Mrs. Frank Pop Sr. on Sunday.

"The Lucky Loebers," 4-H members and leaders met Saturday evening at the home of Mr. and Mrs. Clifford Gennett. Fifteen members attended. Guests were Mr. and Mrs. K. C. Festerling of Petoskey. After the business meeting, the groups enjoyed games and a potluck lunch was served by the hostess.

Mr. and Mrs. John Bacon and daughter, Karon, and Mrs. Leo Pagel and son, Don of Petoskey, visited their mother. Mrs. Frank Pop, sr. and brother and sister-in-law, Mr. and Mrs. Frank Pop, jr. and family last Wednesday.

Mr. and Mrs. Lawrence Supernaw and Mr. and Mrs. William Marme Jr. and son, Billy, left Saturday for Michigan State college at East Lansing. They also visited relatives in Flint.

Mr. and Mrs. Datus Dean received word Monday from Mr. and Mrs. Arlo Wickersham that they plan on being home April 15 after spending the winter at Clearwater, Fla.

BLACK AND WHITE AREAS ON MAPS SHOW TERRITORY SERVED BY CONSUMERS POWER COMPANY. WHITE AREA IS THE NORTHWEST DIVISION.

Every year millions of people come from other states to share for a few days or weeks the joy of living in Northern Michigan.

In volume of tourist and resort business Michigan ranks among the leaders.

Michigan is America's No. 1 state for fishing and hunting. It has 3,000 miles of magnificent Great Lakes coastline, 11,000 inland lakes, 36,000 miles of sparkling streams, 17 million acres of evergreen and hardwood forests.

Much of Michigan's finest summer and winter resort country is in Consumers Power Company's Northwest Division, a region containing thousands of square miles of wooded hills and valleys, lakes and streams.

Here are many good small towns. Traverse City, Cadillac and Manistee are busy centers of trade and industry besides being resort cities. The same is true of Cheboygan, Boyne City, Grayling, Gaylord and many others. Products of the area include sprayers, farming tools, leather goods, woodenware, furniture, salt, speed boats, chemicals, rubber goods, canned fruits and vegetables, cement and paper.

Traverse City is the cherry capital of America, scene of the famous National Cherry Festival. Apples and other fruits thrive in the Northwest Division. Potatoes, beans and corn are important products.

The people are of the self-reliant resourceful type to be found where outdoor life is popular.

What better place for an industry or branch plant could be found than a good small town in a region where people really enjoy living? Where your personnel—and you, too—can forget your cares while whipping a trout stream or enjoying a steak roast on a moonlit shore.

Let us tell you more about the Northwest Division.

Charlevoix County Farm News

Burning Ground Cover Wasteful And Depletes Soil

Burning may be the easiest way to get rid of last year's dead plant material, but it also removes humus which is so vital to good crop production says Charles Schick, game management specialist at Michigan State college.

Plowed under or permitted to return naturally, the vegetation gives back to the soil some of the elements they removed. It also increases the moisture retaining qualities of the soil.

Many farmers, Schick says, are beginning their spring burning program. However, spring burning does not control the weed seeds already in the ground. Rather, it encourages their growth by providing ideal seedbeds by removing grass competition.

Burning ground cover in woodlots is a poor forestry practice since it often destroys seedlings or damages larger trees. On steep hillsides the removal of decaying ideal conditions for soil erosion.

Spring fires, set to remove dead vegetation, often cause damage to fence posts and wire fencing, thus reducing the life of the fence, Schick continues.

Each year spring fires destroy wildlife food and cover, and in some instances nests and young songbirds, pheasants, quail and rabbits. If fire must be used, the game specialist cautions, burning should be carried on early in spring before songbirds and game animals have had a chance to nest.

Law requires a burning permit to do any brush or grassland burning when the ground is not be obtained from any conservation officer either by calling on him personally or by telephoning.

Fished Without License

Enos Bacon, 305 May st., arraigned in an Antrim county justice court on a charge of fishing without a license, entered a plea of guilty. He was assessed $12.80 to cover fine and court costs.

Asbestos Shingles Can Be Cleaned

Many requests are sent to the office of the county agricultrual agent asking for ways and means of removing stains from asbestos shingles, reports Ed. Rebman. Most of these stains, he says, appear under windows or where wires or metal clips are attached to the house.

Rebman has received information from A. J. Bell, agricultural engineer at Michigan State college, suggesting several methods of removing stains.

Iron rust stains can be removed by brushing with a solution made of one cup of muriatic acid to four gallons of water. Rinse thoroughly after brushing. A five percent solution of phosphoric acid or a two percent solution of oxalic acid may be used. Rinse afterward.

Another remedy for iron rust stains is seven parts of glycerine to one part sodium citrate in six parts of lukewarm water, mixed with enough whiting to form a soft paste. Trowel on over stain and allow to dry. Scrape off and rinse. Repeat if necessary.

For copper and bronze stains, the agent recommends brushing on a five percent solution of acetic acid or ordinary household white vinegar. Rinse thoroughly.

Remove Containers When Transplanting

Last spring several nurserymen were selling roses potted in disposable containers, such as tarpaper and other materials. Some folks planted these just by removing the bottom of the container and leaving the rest around the roots. You'll get better growth from the roses by removing all of the container before planting.

Remember when planting roses that they do best in an open, sunny south or south-eastern exposure, protecting from strong winds, if possible. As to soil they'll thrive in a deep, rich, rather heavy, well-drained soil.

If you would like a copy of the Michigan State college extension folder number F-145 "Garden Roses" see Ed Rebman, county agricultural agent.

Polaroid One-Minute Photo

Belgian Stallion is Pride of Horse Fancier Lawrence Supernaw

By Vic Spaniolo

Not all the horse lovers live in Kentucky.

Lawrence Supernaw of route 2, Charlevoix, has a champion Belgian stallion which has become his pride since his purchase in February.

The stallion, a sorral tipping the scales at slightly over 2,000 pounds, captured first place ribbons at seven of the big fairs in Michigan in addition to the State Fair at Detroit where he was chosen to compete for Grand Champion.

The Stallion has an outstanding pedigree. Sired by Jupiter DeBois, his dam was out of Lowenstein, internationally known Belgian. The stallion was foaled July 25, 1944.

* * *

BOASTING the formal name of Erin DeBois, the Belgian actually was born 15 to 20 years too late as far as value is concerned. Supernaw estimates that the stallion would have been worth more than $2,000 in the early 30's when horses were in greater demand.

Supernaw admits he is sentimental when it comes to horses as he has been fond of them since a young lad. But he is quick to admit that this is the best horse he has ever owned. He points out that he has owned a great many horses in his lifetime.

While the horse will be used for breeding purposes Supernaw intends to spend most of the summer and fall entering him in horse shows. Owner of a couple of Belgian mares, Supernaw personally helps the stallion get his daily exercise.

* * *

SUPERNAW believes that the need for horses has increased in the last couple of years, particularly on northern Michigan farms. He cited several instances of Charlevoix area farmers saying they planned to buy a horse or two to aid in certain chores where tractors are handicapped.

During this past winter, he said that horses came in handy in the deep snow and whenever he wanted to enter the woods to cut wood. In any event, Supernaw does not let the mechanical age prevent him from being fond of horses.

It was almost by accident that he heard about this stallion while attending Farmers Week at Michigan State college. The stallion was on a farm near Grand Rapids. After seeing the sorrel, he admits he made up his mind to buy him.

Search Delayed for Winter Deer Kill

The postponed special conservation department search for winter kill deer has been rescheduled for about three weeks through April 30.

"Search has been delayed," advises I. H. Bartlett, department deer specialist, "because of too much snow and the fact that deer still are dying. We would like to make the loss estimate as near accurate as possible."

Preliminary estimate of winter starvation loss is 35,000-50,000 whitetails.

Five or more four-man crews will scour border areas of winter yards and other likely starvation areas in Montmorency, Oscoda, Kalkaska, Roscommon, Crawford, Ogemaw and Oscoda counties. With the aid of a special count in this most browsed-out section of the state, game men can calculate total state herd loss.

Bell Broadens Policy Of Priority System

The Michigan Bell Telephone Company today announced it is seeking to broaden the "priority system" under which service is provided to applicants when facilities are not immediately available to all on the waiting list.

In an application filed with the Michigan Public Service Commission, the company requests permission to give Group 1, rather than Group 4 or group 7, priority to telephone services associated with preparation for the national defense.

Michigan Bell has used the priority plan to care for service requests on an equitable basis since the War Production Board ordered it in 1943. A peacetime modification was approved by the Commission in 1946 under the company's tariff.

ORCHARD NOTES

By Claude Fairman

At the cherry growers meeting March 28 at Kewadin town hall growers and speakers thought there should be closer cooperation between the canners and growers. The cherry crop last year was the largest on record, a crop of 300 million pounds of red tart cherries.

While it is uncommon for the price to raise during February, it happened this year. It was thought that the advertising did the trick. Years ago with much less tonnage and little advertising the market became flooded. It was thought that by the survey of young orchards that the tonnage of cherries would increase.

Eighty-six per cent of the growers pay the 1/10 of the price per pound for advertising and the canners match this amount. In other words, as the tonnage increases, so does the advertising fund.

A series of orchard demonstrations were laid out for this week. One trimming demonstration for young orchards will be held at the Silas Doctor orchard at 1:30 April 5 and at 3 bridge and cleft grafting for mouse injury at the Fairman orchard.

A few trees on our own farm where the snow was deep and the mulch not lowered below the screens, the mice did girdle. However, these nice six year old apple trees can be saved. Prevention is better.

An entire block of young apple trees on the Jerry Aardema farm near Bay View is completely ruined by mouse injury. He used no poison bait nor wire screens around the trunks of the trees and there was a combination of manure, grass and mulch around the trees.

Jerry grows a lot of potatoes and keeps a dairy herd, etc., and eventually did not give his trees the necessary interest and attention.

Prevention for mouse injury: Young trees that were cultivated and hoed, bank up with soil in late fall. For trees that are mulched or manured, tie hardware cloth wire screens around trunks and tie with fine wire. Insert one-half inch into the soil and extend upward to branches leaving room for tree to grow several years before renewing. Nitrogen fertilizer spread against the screen will rot the bottom of the screen. Keep fertilizer six inches from the screen.

Poison bait may be used to augment the screens. Zinc Phosphide placed on sliced apples and inserted in the mouse runways late in the fall and early spring will help.

McBain Choir to Sing at Ellsworth

Ellsworth—On Friday, April 13, a treat is in store for the Ellsworth community. The 45-voice A-capella choir of Northern Michigan Christian High school of McBain will present a concert in the Ellsworth Christian Reformed church. This choir, under the leadership of Fred Westmaas, were here the last two years. Their music is greatly appreciated.

On April 14, they plan to sing in the music festival at Traverse City. Last year, in Petoskey, they received A rating at tha festival. They went to Mt. Pleasant to take part in the State Music Festival, where they again took A ratings. High honora were given them at the Spring Choir Festival in Grand Rapids held annually in Civic Auditorium. They will again participate in this festival on April 26.

Rev. Boeve Accepts Ellsworth Call

Ellsworth—Rev. Edward Boeve of Ridgewood, N. J. has accepted the call to serve as pastor of the Ellsworth Christian Reformed church. Rev. Boeve plans to arrive here about May 1.

The local church has been without a regular pastor since the late Rev. Gerrit A. Lyzinga left for a pastorate at Jarvis, Ontario, last June.

Bert DeYoung Named Banks Supervisor

Ticket No. 1 was elected in the Banks township election recently. Elected were Bert DeYoung, supervisor; T. E. Boss, Clerk; John Peebles, treasurer; Henry Elzinga and Kenneth Peebles, Justice of the Peace; W. P. Smith and Kenneth Peebles, hoard of review. Bruce McElroy received the most votes for constable.

In the amendments, the first two 'carried with the third one voted down.

State Educator Will Speak at Ellsworth

Ellsworth—Edgar Grim assistant superintendent of Public Instruction, for the state, will explain the purpose of the Community service program at a mass meeting at the Ellsworth Community hall at 8 p.m. Wednesday, April 25.

All who are interested in progress, and the general welfare of the community, are invited to attend.

A short program is being arranged hy Gerrit J. Drenth. Refeshments will be served.

ROLLED BALE

Safe Deposit For Leaves

Reports from ROTO-BALER owners say that weather-resistant rolled bales contain more leaves. Livestock eat rolled hay better because it is soft, sweet and retains its natural color.

Here are some of the things farmers wanted to know:

Would rolled bales really shed showers? Would they handle and transport easily? Would livestock eat them without waste, fed whole or unrolled? Could straw for bedding be rolled out without shaking?

The ROTO-BALER has answered "yes" to each of these questions, satisfying farmers everywhere. Stop in and ask us for a free booklet on rolled bales and the ROTO-BALER.

ROTO-BALER is an Allis-Chalmers trademark.

Ellsworth Spotlight

Mrs. William Best

Mr. and Mrs. Burr Abrahamson and daughter of Mt. Pleasant were week-end visitors at the home of her parents, Mr. and Mrs. Gerrit Rubingh.

Del Clow attended a Conservation club meeting in Flint on Friday and Saturday. August Vander Ark accompanied him and spent the time visiting his daughter.

Robert and Harold Barrow of Muskegon spent the week-end with their parents, Mr. and Mrs. Joe Barrow and family.

Mr. and Mrs. James Stitzma of Muskegon spent tha week-end with his father, Ralph Stitzma also, Mr. and Mra. John Klooster and other relatives.

Mr. and Mrs. Harvey Drenth returned to their home here on Friday, after apending the winter in Grand Rapids.

Rev. and Mrs. Harry Vander Ark of Muskegon attended the 50th anniversary service at the Ellsworth Christian Reformed church Friday evening.

Mr. and Mra. Tony Shooks, Gladys Shooka and Mr. and Mrs. Albert Kuiper came from Grand Rapids Friday to attend the 50th anniversary service of the Ellsworth Christian Reformed church. They also apent the week-end visiting with the Wesley and Tony Shooks families and other relatives.

Mr. and Mrs. John Van Straten of Grand Rapids, former local residents, were here Friday for the special 50th anniversary services at the Ellsworth Christian Reformed church.

Victor Oosterbaan of Grand Rapids spent the week-end with his parents, Mr. and Mrs. Dick Oosterbaan.

Just a reminder to those who may have missed the senior play Wednesday night. The play will ba presented again Saturday evening, April 14. This is a good comedy and the seniors have really worked hard to get it ready. The admission is a free will offering at the door. Let's all turn out and give tha seniors a boost that will help them along toward a nice trip at the end of tha school term.

Rev. and Mrs. Joseph Crouse and family of Wilmore, Ky., arrived Saturday evening at the Rev. Diller home. They will he the musicians and singers at the special Revival services at the Pilgrim Holiness church which began Sunday, April 8. Rev. Doehring of Flint, the evangelist for the services will arrive Tuesday to conduct the remainder of the meetings.

Mr. and Mrs. Marvin Groenick of Grand Rapids were week-end visitors at the Martin Groenick home.

Mr and Mrs. Gerrit Bergsma and Mrs. Ubel Senneker and daughter of Grand Rapids came Friday to attend the 50th anniversary services at the Ellsworth Christian Reformed church. They spent the week-end with Mr. and Mrs. Don Senneker.

Mrs. Vesta Gogerty of Bellaire was a Sunday visitor at the home of Mr. and Mrs. William Patterson.

Mr. and Mrs. John Bergsma returned to their home in Detroit Saturday. Mrs. Bergsma has been here the past week visiting her mother, Mrs. Wilhehnina Cooper and other relatives.

Mrs. Allie Klooster, Mrs. Harry De Groot and Mrs. Jake De Groot were in Petoskey on business Tuesday.

Dr. and Mrs. Beuker of East Jordan were Sunday visitors at the William Coeling home.

The Missionary Society of the Pilgrim Holiness church met with Mrs. William Patterson Tuesday.

Week-end visitors at the home of Mr. and Mrs. James Elzinga were their daughter, Maxine Elzinga of Saginaw and two friends, Miss Narie Wise of Flint and Miss Harriet Evans of Saginaw.

Mrs. Nellie Rubingh returned to her home here after spending the winter in Grand Rapids.

Mra. Joe Sommerville and daughter returned to their home in Muakegon Sunday after spending a week with her parents, Mr. and Mra. William Petter and other relatives.

Mr. and Mrs. Peter Wieland, Mr. and Mra. John Wieland and Tom, Mr. and Mrs. Richard Wieland and daughter also Mr. and Mrs. Homer Waring of Kewadin were Sunday dinner guests of Mr. and Mrs. Albert Sinclair of East Jordan.

Mra. Ray Whitley sr. of Detroit was a week-end guest at the home of her daughter and family, Mr. and Mrs. Miner Veenstra.

Mr. and Mra. Dan Bratt of Lansing spent the week-end with his mother, Mrs. Hattie Bratt.

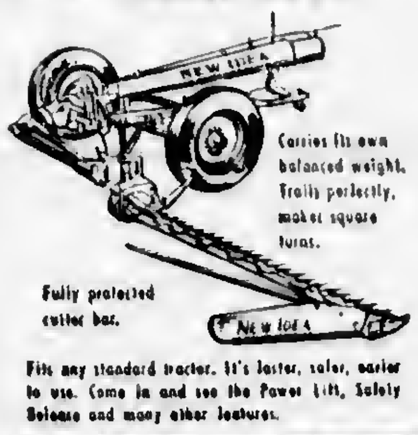
Mr. and Mrs. Harold Couites of Gaylord were Sunday guests of Mr. and Mrs. Eugene Best.

Mr. and Mrs. Lloyd Danford and son of Lansing were week-end guests of Mr. and Mrs. Elmer Klooster.

Arthur Kilpatrick and Monte Crowell of Mason were week-end guests of Jim Smith at the home of hia parents, Mr. and Mra. Henry Smith.

Here's how to make finer hay

1st NEW IDEA tractor mower



Carries its own balanced weight. Trails perfectly, makes square turns.

Fully protected cutter bar.

Fits any standard tractor. It's faster, safer, easier to use. Come in and see the Power Lift, Safety Release and many other features.

2nd NEW IDEA side rake and tedder

Four-bar reel has removable patented, double-curved teeth.

Use with tractor or team to build tall, fluffy, windrows. You'll like its speedy performance and positive action. Next time you're in town, drop in to see us.

PINT-SIZED SHADOW

Many a farmer has a pint-sized shadow that tags him all over the farm . . . shrilly repeats his pet words . . . dresses like a tiny twin. Like most little boys, he can't wait to grow up. The thing he wants most in the world is to be a farmer just like his dad.

Old-fashioned farming, with its never ending toil, often shattered this childhood dream—sent the boy off to the city to seek his fortune. Today, it's easier to keep him on the farm. Better crops and improved farming practices have boosted yields and profits. Modern John Deere equipment has taken over much of the muscle work, and chopped hours from the old dawn-to-dusk work day.

No wonder more and more farm boys are staying with the land—realizing a childhood ambition to follow in their fathers' footsteps. This is a good sign. These young farmers will hasten the fuller mechanization of our agriculture, pioneer new farming practices, and bolster vital food production.

Yes, labor-saving farm equipment is helping to raise our most valuable crop—young Americans who love the land. In such hands the future of our agriculture, and of America, will be secure.

JOHN DEERE ... The Quality Name in Farm Equipment

CHEVROLET

America's Largest and Finest Low-Priced Car!

The Styleline De Luxe 4-Door Sedan (Continuation of standard equipment and trim illustrated is dependent on availability of material.)

Yes, LARGEST...
and the facts speak for themselves

It's LONGEST in the low-price field, a full 197⅞ inches of spirited action and clean, sweeping lines. It's HEAVIEST in the low-price field, a staunch and solid 3140 pounds in the model illustrated. It has the WIDEST TREAD in the low-price field, a road-taming 58¾ inches between centers of the rear wheels. Longer, heavier, with wider tread . . . that's the measure of Chevrolet's rock-solid value . . . big in looks, big in handling and riding ease, big in road-hugging performance. Why settle for less than a Chevrolet . . . when Chevrolet is the lowest priced line in the low-price field.

Yes, FINEST...
and here are the plain-spoken reasons

FISHER BODY QUALITY, renowned for solid and lasting goodness. UNITIZED KNEE-ACTION RIDE, smooth and gliding. VALVE-IN-HEAD ENGINE ECONOMY, spirited performance at lowest cost. PANORAMIC VISIBILITY, with a big curved windshield and large window area. JUMBO-DRUM BRAKES, biggest in Chevrolet's field. SAFETY-SIGHT INSTRUMENT PANEL, with shielded instrument lights. POWERGLIDE AUTOMATIC TRANSMISSION, billion-mile-proved, combined with 105-h.p. valve-in-head engine optional on De Luxe models at extra cost.

Good reasons why MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

Jerry McSafety To Appear Before School Audience

Once again popular Jerry McSafety is back in town with his master, Wayne Fernelius, to entertain and instruct the children of Charlevoix school. The little policeman-ventriloquist is presented by Northern Auto Company of Charlevoix and will appear at the Dealer's showroom to entertain the public after his school talk.

Jerry McSafety's illustrated lectures are practically a command performance with youngsters. He demonstrates with songs, stories and fascinating charts the practical, common-sense saftey rules for children of every age . . and leaves a lasting impression in the minds of his youthful audiences.

Goldstick Heads V.F.W.

Clarence Goldstick will be installed as commander of the Charlevoix Veterans of Foreign Wars post at 8:30 p.m. today at the VFW hall. He succeeds Fred Koehler.

Other officers to be installed by Talman Brudy of Boyne City, member of the county group of the Veterans Trust fund, will be Sam King, senior vice commander; Hal Hill, junior vice commander, Ormiston Bergeon, quartermaster and Harry Zeitler, chaplain.

To Map Plan For Finishing Hospital Fund

The Charlevoix Hospital building committee met last week to map plans for the campaign to be launched in the near future in an effort to complete the soliciting of funds for the new hospital.

Kit Carson was re-named general chairman of the drive with Robert Bridge serving as treasurer and Herbert Schofield as secretary.

Mrs. Carson and Mrs. Edward K. Shanahan were named cochairmen of the fund-raising committee.

Other special soliciting committees named for the drive and their chairmen are: City, Mr. Carson, chairman, Mr. Bridge, Earl Young, E. D. Hawley and Mrs. Donald Swinton; rural, Fred Willis, chairman, Carlton Smith and Harold Totten; marine, Clarence Wood, chairman, Ray Hamilton and Joseph F. Howard.

Publicity, Charles Hampton, chairman, Mrs. Earl A. Young, and P. D. Campbell.

Additional committees will be formed as the drive progresses The drive will later be expanded to include the townships, cities and other groups throughout the area.

New Lions Club to Receive Charter

A past president of Lions International will present the charter to the Charlevoix Lions club at a gala Charter night dinner at the Argonne at 7:30 p.m. April 28.

John Schroder, chairman of arrangements, said that some 250 members, their wives and guests. Lions club members from various neighboring communities are expected.

Boasting a membership of nearly 40 members, in spite of the fact that it was formed only recently, the club is busy planning a list of civic activities. The Petoskey club is the sponsoring club.

Here for the charter presentation will be Edward H. Paine, president of the Lions international in 1942-43. He is a noted speaker and has travelled extensively in Europe and South and Central America. He has held many state Lions organization titles including governor of Indiana before being named president of the international. A legionnaire, he is active in welfare circles.

Mr. Paine is engaged in the banking and private investment field.

Henry C. Heckler, first president of the local Lions club will receive the charter on behalf of the club.

Mrs. Bendik, 63, Passes Wednesday, Rites Held

Funeral services for Mrs. Kathleen Bendik, 63, wife of Jacob Bendik, were held at St. Mary's church Saturday with the Rev. Leo Malinowski officiating. Burial was in St. Mary's cemetery.

She died Wednesday following a long illness.

Born in Czechoslovakia April 30, 1887, she came to Chicago as a young woman and was married to Mr. Bendik. They came to Norwood township about 25 years ago to make their home.

She is survived by her husband; one daughter, Mrs. Ann Jacobson of Chicago and two grandsons. A son, Joseph, preceded her in death.

Mr. and Mrs. Jacobson were here for the funeral services.

Mrs. Hubert Paddock, president of the Charlevoix Girl Scout Council, presents Girl Scout first class badges to Carolyn Stoel and Mary Lee Baker of Troop 3. They are the first Girl Scouts to be awarded the honors since the present council received its charter.

Two Girl Scouts Receive High Awards at Annual Presentation

Two Charlevoix Girl Scouts were awarded First Class badges at the fourth annual Girl Scout festival at the high school auditorium Friday evening. They were first Scouts to receive the award since the present council received its charter.

They were Carolyn Stoel and Mary Lee Baker of Troop 3 whose leaders are Mrs. William Ratigan and Mrs. Isaac Terr. Mrs. Hubert Paddock, president of the local council, presented the awards in the absence of Mrs. Ratigan.

To receive the award a Girl Scout must have completed the second class rank and must have earned 12 proficiency badges, four of which are on the major field of interest. Both girls chose homemaking as their special fields.

• • •

CAROLYN IS the daughter of Mr. and Mrs. Arthur Stoel and Mary Lee is the daughter of Mr. and Mrs. Sims Baker. Both are grade students.

The program at which the awards were made opened with a flag ceremony at which Brenda Brown and Mary Case were flag bearers and Ruth Ann Smith and Joan Brady color guards. The pledge of allegiance and the singing of God Bless America by the Scouts and the audience followed.

• • •

FOLLOWING a greeting by Mrs. Paddock, Mrs. Howard North first vice president, presented leader recognitions to all leaders.

Those being honored include: Mrs. Lester Smith, Troop 1; Mrs. Louis O'Neill and Mrs. Dorothea Badger, Troop 2; Mrs. Ratigan and Mrs. Terr, Troop 3; Mrs. Homer Brady, Troop 4; Mrs. George Lusk and Mrs. Jack Mailhot, Troop 5.

Also Mrs. Rex Davis and Mrs Franklin Curtis, Troop 6; Barbara White and Mrs. Mark Cross, Troop 7; Mrs. Ralph Hamilton and Mrs. Frank Oleksey, Troop 8; Mrs. James Johns and Mrs. Joe Williams, Troop 9; Kay Fitch and Mrs. C. M. Bice, Troop 10.

All ten troops participated in the dramatization of the playlet Juliette Low's Dream Come True.

• • •

THE GIRL SCOUT chorus, directed by Mrs. Dean Davenport, accompanied by Mrs. Leonard Burns, sang. The Brownies also sang.

The program was concluded with the showing of a Girl Scout movie, World Friendship.

The financial report given showed a balance of $79.00 on hand Jan. 1, 1951.

Girl Scout work and badges were displayed at the festival.

Participating in the Girl Scout program in Charlevoix are 23 senior scouts, 74 intermediate scouts, 33 Brownies, 18 leaders, 14 board members and 14 committee members.

Legion Women To Present Book For Book Shelf

The Charlevoix American Legion Auxiliary Monday night adopted a plan to purchase a new book for the Memorial Book shelf at the Charlevoix public library in memory of the war dead of this community They plan to make it an annual event for Mother's Day. Mrs. Ralph Roberts and Mrs. Leo Allard were named as a committee to select the book to be presented this year.

The group also voted $5 00 each to the American Red Cross Fund drive and the American Cancer Society fund drive.

Mrs. Robert Hamilton presented a report on civilian defense. Mrs. Stanley Moore was named treasurer to succeed Mrs. Charles Cellner who resigned because of ill health. Mrs. Lloyd Barnett was named Poppy Day chairman for 1952.

The hand-made rug donated to the organization by Mrs. Kenneth Forbes was won by Glenn Rose.

The meeting was held at the home of Mrs. Harry Walstad with Mrs. Charles Martini and Mrs. Harry Glossenger assisting. A social hour and refreshments followed the business session.

Achievement Day for 4-H Clubs Is April 26

Some 1,000 projects will be on display at the annual 4-H Achievement Day program April 26 at the East Jordan high school.

Seven hundred Charlevoix county 4-H members will display various types of projects. Included in the group are some 70 members from the Charlevoix area.

The public is invited to view the projects from 9 a.m. until 3 p.m. April 26. The projects will be judged by a state club leader, Quentin Ostrander, 4-H club agent in Antrim county. K. C. Festerling is district club agent in this county.

Mr. and Mrs. Russell Dundas, owner-managers of the Grey Gables, returned home after spending the winter in Florida.

Rites Held April 7 For Mrs. Ana Brady

Funeral services for Mrs. Ana Brady, 85, resident of this community for more than 50 years, were held at the See Funeral Home last Saturday with the Rev. L. L. Lewis officiating. Burial was in Brookside cemetery.

She died late Wednesday at the Charlevoix hospital where she had been a patient for a week.

Born in Iowa Dec. 26, 1865, the former Luana E. Howe was married to Thomas Brady and came here to make her home. Mr. Brady preceded her in death in 1938.

New Seats Installed At Palace Theater

The Palace theater will re-open Saturday after undergoing completely new seating installation, Mrs. Elizabeth Moon, owner, announced.

An estimated $10,000 has been spent to give the theater the most modern seating available today. Seats are 20 inches wide and spaced 31 inches back to back. Center banks of seats are staggered to provide clear view of the screen from all seats.

Big Attendance Urged for School Open House

An effort will be made to solve the building needs of the Charlevoix schools at the open house to be held in the high school gymnasium tonight. Every citizen should attend.

Dr. L. E. Vredevoe, director of the Bureau of School Services and his staff of the University of Michigan will tell the people of Charlevoix what can be done about building at this time and the best ways of financing it.

Dr. Vredevoe and his staff have devoted much time to this type of problem and are prepared to offer methods of planning and financing new building projects

Supt. Roy G. Bennett will serve as chairman of the meeting to be held in the gymnasium at 8:20 p. m. After parents and friends have had an opportunity to visit the classrooms and to view the work of the students and confer with the teachers the class rooms will open at 7 p.m. for visits and conferences.

Music for the program will be under the direction of C. A Odmark. Refreshments will be served after the program.

Traffic Safety Drive Slated Here Next Month

The Kiwanis and Lions clubs will join efforts with the police department in staging a two-week traffic safety campaign in May.

The project has been given the approval of the city council. The principal aim is to have all cars checked for brakes, lights and other safety features. It is expected that local garages will lend their support to the project.

Heading the work for the Lions club is Harry Ladd and for the Kiwanis club, the public affairs committee will handle it.

In conjunction with the two-week safety drive will be the reminding of motorists to come to a complete stop at stop streets and obey speed limits. In recent weeks there has been a rash of speeding on city streets. On several occasions, accidents involving children have been narrowly averted.

The safety program will need the support of every motorist. The service clubs will do their utmost to urge all motorists to drive safely and to be sure their cars have good brakes and good lights.

The dates of the project will be set next week.

Family Attend Rites For Andrew Sarna

Mr. and Mrs. Joseph Gengle and the latter's son, Steve Sarna, were called to Chicago by the unexpected death of another son, Andrew Sarna on Friday.

Funeral services for Mr. Sarna, 50, were held in Chicago Monday.

He is survived by his mother: five brothers; four half-brothers and one half-sister.

Former Resident Dies From Heart Attack

Louis Jaskierski, 61, former resident of Barnard died April 8 in Chicago after suffering a heart attack. Funeral services were held April 12.

He is survived by his wife, Mrs. Victoria Jaskierski of Barnard; two daughters, Mrs. Guy Scott of this city and Mrs. George Dean of Petoskey; a brother, Andrew of Chicago and four grandchildren.

Plans Complete for Annual J-Hop Party

Plans are completed for the annual J-Hop to be presented by the Junior Class of the Charlevoix high school Saturday, May 28. The high school gymnasium, site of the Hop, will be decorated in a Cinderella theme for the occasion.

Freddie Gleason and his orchestra will furnish the music for the dance.

Two Supervisors File Appeal on Equalization Increase of 14.5%

Charlevoix county officials today awaited a reply to the appeal from the $14,021,130 equalization report adopted by the Board of Supervisors last Saturday, the final day of their spring session.

Supervisors Rudy Korth of Charlevoix township and Joe Topolinski of Boyne Valley filed an appeal Monday to this year's equilization of assessments which showed a 14.5% increase over the county's equalization in 1950.

Korth and Topolinski are members of the equalization committee, headed by William F. Bashaw of East Jordan, whose report was adopted by the board. Other members of the committee are Arthur Bergeon, Talmon Brudy of Boyne City, and Orton Van Dusen. Korth and Topolinski did not sign the equalization report and voted against it on the floor.

'51 Equalization

Total Valuations As Equalized

	1950	1951
Bay	$ 515,060	$ 370,615
Boyne Valley	716,600	836,300
Chandler	58,800	64,830
Charlevoix	362,260	483,450
Evangeline	176,195	231,000
Eveline	817,575	1,037,975
Hayes	527,120	585,310
Hudson	167,700	183,800
Marion	405,575	529,830
Melrose	689,860	863,020
Norwood	219,365	293,800
Peaine	105,150	119,200
St. James	181,465	218,450
South Arm	480,700	517,950
Wilson	336,850	389,450
Boyne City	1,704,605	1,912,460
Charlevoix	3,295,750	3,860,050
East Jordan	1,422,665	1,523,640
TOTAL	11,983,295	14,021,130

The objecting supervisors said they believe the Board of Supervisors failed to equitably equalize the assessed valuations among various taxing units of the county; and that valuations as assessed in various units are not equal for similar properties in other units.

• • •

KORTH SAID HE wants the state to spot-check the townships to establish a yardstick by which the supervisors can evaluate assessments. I don't feel capable of judging what the assessments and equalizations should be in other parts of the county."

State Tax commission workers are in the county at present making a check of assessments. Korth said "I feel certain that the state men will provide us with a good yardstick to judge assessments.

The appeal has the force of holding up the equalization on this year's tax roll. It is the hope of Korth and Topolinski to have any expected increase in the equalization spread on this year's tax roll. The county tax roll normally is spread after the October session of the supervisors.

• • •

THE APPEAL cannot affect spread of the city tax as it is slated to be spread next month. Korth maintains that the equalization as it is set up today is not uniform and is not adequate to pay for county operation.

The anticipated deficit for county operations by January 1, 1952 is $44,445. The deficit last year was $31,111 10.

The equalization of assessments as adopted by the board will mean that the county can expect $112,969 from taxes this year. The budget as set up for 1951 is $130,812. However, the county does have added funds from various state fee returns and local fees.

The city of Charlevoix showed the biggest increase in the new equalization figures of $3,860,050, a jump of $555,000. Meanwhile, Boyne City showed an increase of $208,000 and East Jordan a boost of $101,000. All townships were increased except Bay township which had its equalization decreased by $170,000.

Miss Flanders Heads County Allocation Board

Miss Lillis Flanders, county treasurer, was named chairman of the Charlevoix county tax allocation board at the organizational meeting held Monday at the courthouse here.

Budgets were examined and plans made for a meeting May 2 when preliminary rates will be set.

Others serving on the board are Henry Stephens, chairman of the finance committee of the board of supervisors, Mrs. Catherina C. Bergeon, county school superintendent, William G. Korthase sr. of Boyne City, Clyde Healey of South Arm township and A. G. Rogers of East Jordan. F. R. Bulow, county clerk, is also clerk of the board.

Men of Song To Close Concert Season Friday

The Men of Song, versatile quartet of four male voices will close the 1950-51 Northern Michigan Community Concert Series with a concert at the Petoskey high school auditorium on Friday, April 20.

Veterans of three years on the concert stage, numerous appearances in radio, television and records, each of the four singers has a full musical background and education. Recently the quartet was named one of the ten best musical attractions in America by the National Society of Music. The key to their ability to delight audiences of all types lies in the individual musical training and experience of the Men of Song.

The Men of Song Quartet is composed of John Campbell and Alfred Kunz, Tenors, Roger White, Baritone and Edmond Karlarud, Base. Charles Tonchette, is the arranger and accompanist.

Mrs. Charles Hanson and son, Danny, returned to Chicago Monday after visiting her parents, Mr. and Mrs. Edward Lagerman.

Motorists who try to burn up the road often land in the cooler.

Band Leaves Friday for State Band Festival

The Charlevoix high school band, accompanied by its director, C. A. Odmark, will board school buses at 10 a.m. Friday for the trip to southern Michigan where they will play in the State Band and Orchestra Festival for the fifth time.

Several chaperones will also accompany the group which will stay at the Huron Hotel in Ypsilanti Friday night.

The band is scheduled to play at the Ypsilanti high school at 8:50 a.m. Saturday.

The band won the right to participate in the state festival by earning a first division rating in the qualifying festival held in Petoskey in February.

The Charlevoix group, which won a first division rating in the state festival last year, will be one of 35 Class C bands playing this year.

This year's state festival is the largest in the history of the band and orchestra association with 102 bands and orchestras scheduled to play in six sections in Ypsilanti and Ann Arbor. Because of the large number of entries, a portion of the bands are to play in neighboring Ypsilanti although Ann Arbor is designated as the site of the festival.

BULLETIN

The May draft call for Charlevoix county has been cancelled the Charlevoix county draft board has been notified by the State Selective Service director. No men will be sent for pre-induction physical examinations or for induction next month unless present orders are changed. The County draft board will announce any new communication as soon as it is received.

April 28—J-Hop at Charlevoix gymnasium

April 28—Charlevoix J-Hop.

May 1—Mother and daughter banquet at the Congregational church.

Rayder Thinclads Host to Harbor Springs, Cheboygan In Meet Friday

Track coach S. E. 'Irish' Coleman's call for track candidates resulted in 46 boys reporting for practice at Kipke Field when weather permits.

Charlevoix will host Harbor Springs and Cheboygan here Friday in a triangular meet. On Tuesday Central Lake and Ellsworth met with the Charlevoix team.

Because of the cold weather, Coach Coleman has had little opportunity to look over possible candidates to fill in the team along with such senior veterans as Charles Fairbanks, Dwight Smith, Ron Cunningham, Don Hardy, Dale Suomela, George Verwys, Jim Bowman and Greg Bryan. This group will form the nucleus for the 1951 track and field team with new material being chosen from the ranks of the newcomers.

OTHER MEETS with schools of the surrounding area will be held before the team travels to Mt. Pleasant May 5 for the annual Central Michigan relays. Charlevoix will host the teams of the northern Michigan Class C league meet May 12 for the conference meet. The following week, May 19, the team will participate in the regional meet at Cadillac. Winners there will go to the state meet at East Lansing May 26.

What Attracts New Industry to Town?

What attracts new industries to a city?

The American Society of Planning Officials recently reported on this subject and the findings are interesting.

This information is of particular interest to Charlevoix as the community's leaders are endeavoring to obtain industry to move here.

One thing that the survey shows is that low taxes do not necessarily attract new industry; there are instances when/low taxes may indicate a lack of civic progress.

The report further bears out that many industries feel a definite obligation to the community and want to assume their share of the costs of public facilities and services offered by it.

Elements which influence the location of industries include nearness to markets, nearness to suppliers or subcontractors, availability of suitable labor, availability of power, adequacy of transportation.

After these fundamental considerations have been satisfied the extra, or special offerings of a community become the determining factors.

Here—according to the society's report—are the things that industry representatives list as being needed by a community to attract industry.

1. A clean general appearance with a good police and health record. Job absenteeism is lower in such cities.
2. An aggressive town spirit in which the townspeople are interested in doing things for their community.
3. A local government that is alert, progressive and businesslike. Industry also prefers cities with balanced budgets and a comparative low debt per capita, but with a reputation for good municipal facilities.
4. A good educational system with an adequate, well-equipped library as well as other cultural facilities.
5. Churches representing all denominations.
6. Adequate health services and hospitals.
7. Adequate recreational facilities and places of congregation where people can play or visit together.
8. Suitable housing at costs which employes can afford.
9. Good shopping places.
10. A local newspaper that does a good job of keeping the people informed, especially on local and nearby news. This indicates that people are interested in their own community.

We, The People Are To Blame

For years we've been on the receiving end of all kinds of speeches and articles deploring the trend toward a more centralized government—along with the resulting loss of power by local government.

Generally blamed are some socialistic schemers in Washington. The blame belongs squarely on the people back home.

The Senate crime investigation has shown the coruptness of municipal government. This condition is with us because we tolerate gambling and the politicians who permit it. The result may be a federal police force.

In Litchfield, a school superintendent falsifies records to get more state aid. The school board there was apparently unaware of what was going on under its nose. The result: The state steps in.

Over in Lapeer county, a group defies its own sheriff and the local courts. The group's adviser wants Federal courts to take jurisdiction.

For years, local units of government everywhere have refused or been unable to levy needed taxes for roads, schools, hospitals, welfare and other needs. The void is filled by state and federal governments.

The federal and state power to tax largely has made local units of government dependent on the state and federal governments for aid. Income tax, sales tax, excise tax and other hidden taxes are about as much as folks can stand. Local units of government are hard pressed for money in most instances.

Rightly we decry control by Washington, but too often we refuse to support our local governments, refuse to take part in them, refuse to allow them authority, and refuse to buckle in and take care of our own needs with our own powers.

Don't blame Washington and the Socialist pinks for all our troubles. Blame a lot of our troubles on lack of responsibility of the folks back home.

Why you should never let your

BLUE CROSS-BLUE SHIELD

membership lapse!

If you're planning to change jobs or terminate your employment for any reason, you can very easily keep up this priceless protection against unexpected hospital and medical bills.

If you go to work for another firm that doesn't make these plans available . . .

. . . you can easily continue your membership through the Direct Payment Plan. In fact, as soon as we are informed that you are no longer with your original group, full information on the Direct Payment Plan will be forwarded to you. If you have moved recently, send your new address to Blue Cross-Blue Shield, 234 State Street, Detroit 26.

If you're going to work for another company that makes Blue Cross-Blue Shield available . . .

. . . then it's just a question of changing from your old group to a new one. Your new employer will arrange the transfer for you but be sure to notify him immediately!

As long as your Blue Cross-Blue Shield Membership Card remains in force, you and all enrolled members of your family are protected against unexpected health-care costs.

REMEMBER—accidents and illness could strike in your family tomorrow!

There will be hospital or medical bills in about *one out of every four families* this year! Such unexpected bills can easily wipe out family savings. Often people have to borrow money in order to meet them.

Your Blue Cross-Blue Shield membership is priceless protection. You're lucky to have it. Don't let it lapse!

For further information about retaining your protection write to Blue Cross-Blue Shield in one of these cities.

The Hospitals' and Doctors' Own Non-Profit Health Plan for the Welfare of the Public.

ODDS 'N ENDS

By Fren Martin

Spring . . . the time of the year all good fishermen look forward to . . . for those who like smelt, the runs are about to start . . many went to the early run at Advance Saturday night only to see people fall in the creek and a few more catch a few smelt . . . but be patient, they'll be running like mad before too long, we hope . . and then for the perch fisherman, the perch have started to run at Ironton.

• • •

IT'S WONDERFUL for those who like to fish but all we like are those ready to eat . . . And then there are those who say the only way to fish is for brook trout . . . the season opens April 28 . . . that's all well and good but who knows where to fish for those and added to that, who can catch them . . we're always hearing about them but we've yet to see some of those beautiful catches described in detail by the Ike Waltons we know . . . We're from Missouri . . . P.S. We like them too . . .

Here's an oddity for you . . . George Verwys is salutatorian of this year's graduating class . . . and just 21 years ago to the day, May 29, his mother, Mrs. Abe Verwys, the former Polly Simpson was salutatorian of her class at Boyne Falls . . .

• • •

ANOTHER SIGN of spring was reported last week by Mrs. Jessie Short . . . it was a flock of biggest wild geese she'd ever seen flying north . . . Let's hope they take that white stuff that's been covering the ground every morning with them . . . surely we've had enough snow for one year . . Someone mentioned that we'd had snow at one time or another for seven months . . . and that's too much . . even in northern Michigan . . .

• • •

A NOTE from Mrs. Ruth Bodley the other day tells us her daughter, Ruth, a polio, patient at Munson Hospital is now able to sit up a little and also that she's standing up a little too . . . Remember she's the little girl who was in an iron lung for weeks last summer and fall . . . No wonder her mother feels she's improved a great deal . . . Barbara loves your cards and letters even though she can't answer them so keep them coming . . . She spends her time with hot packs, exercises and the other hospital routine which doesn't give her much time for herself . . She's a brave little gal and we wish her continued improvement . . . And maybe, before too long, we'll all see her around again . . and that's what we want . . .

• • •

A NOTE from Anne Higman Olmstead in Tucson, Ariz., tells us the temperature is a monotonous 70 degrees . . . She, her husband, Franklin Olmstead and her sister, Bonita Higman, helped with the presentation of Tucson's first annual Festival of Arts presented their recently . . they all helped with the staging of the pageant which wound-up the two weeks festival . . . The pageant was a dance drama written by Oliver LaFarge (author Laughing Boy and Pulitzer prize winner in '29) . . . She reports the place is full of writers, artists and, as she puts it, a regular kennel for culture hounds . . .

Also, a note from Bill Graves who with his mother, Mrs. Mabel Graves, spent the winter in Phoenix, Ariz . . . They're on a trip to the west coast before returning here for the summer . . They expect to be in this weekend or early next week . . .

• • •

MET LAWRENCE MALLOY from Beaver Island last week while he was over here for the supervisors . . he's the supervisor from St. James township . . We heard more interesting things about Beaver Island than we'd heard in a long time . . His family came there in 1856, he was born there and now operates a little meat market there . . . He told us that in 1910 the population of the island was 1000 . . . and now there are barely 350 people there . . . He also told us that he could remember when there was so much ice in Lake Michigan in the spring that the boat didn't get over from the mainland until May 5th one year and May 9th another time . . . And we thought it had a late start this season . . . And we're going to take him up on that invitation to visit the island . . . come warm weather . . .

• • •

THERE ARE A few rules we have about this column . . . one of things that are verboten' is politics . . . Therefore we want to make it plain that we're not taking sides in the McArthur controversy in print but we would like to relate this to you . . . Were you one of the lucky people who heard the broadcast of Japan's farewell to Gen. MacArthur Sunday . . . It was an unforgettable tribute to a man, whom, as the announcer said, came to Japan a conqueror and left a friend . . . Two and a half million Japanese lined the eight mile stretch from his home to the airport . . . His plane, the Bataan, took off at 7:24 a.m. so you know the hour they must have arisen to get to the spot . . . At the airport, accompanied by his wife (who visited Charlevoix when she was a young woman) and their 13-year old son, he said good-bye to all the various staffs, military, diplomatic, etc. of our own and other countries . . . As he and his family boarded the plane which is bringing him home for the first time in 14 years, a military band played Auld Lang Syne . . . and continued to play as his plane left the air field . . . It was a farewell which did justice to one of the greatest showman of all, MacArthur himself . .

Mrs. Florence Johnston celebrated her eighty-eighth birthday anniversary April 13. Several friends gathered at her home in honor of the occasion and enjoyed a social hour and refreshments.

Sermonette

"Are We Practicing Paganism"

By Rev. W D. Wood

A little girl quickly closed the door of her bedroom as callers came to her home. When asked why, she answered, "I did not want them to see that my bed was not made." There is that side to life, that we as individuals and as a nation want to close the door on so that it may not be seen by others, yet there comes a time when it is best for all of us to open the door and let all take a look, we call it confession. It is easy for us to close the door on our shortcomings when we talk abut communism, but let us open the door and ask ourselves the question, "Will our brand of paganism last any longer than that of communism?" True communism denies a faith in God, but in our present day paganism, while we are not rejecting God, we are not committed to Him. Let us take a look behind our closed doors today.

Our paganism runs as follows, I believe what I see only, I can not help being what I am, man needs education not redemption, and, nothing is good or bad only thinking makes it so. These and many other conditions surely picture American paganism, but rather than filling our space with statements let us look at a typical American home. The children are ten and twelve. They go to school, take music lessons and are cared for in good fashion as far as good food, clothes and wholesome pleasures. These two children have never heard their father pray. They have never sat in a church pew with their parents for their parents are so busy with the things of life that by their very absence from church life they are teaching their children that church is not important. Now that we are still looking behind the door, let us ask ourselves this question, "What will happen to our great country in a few generations with this kind of attitude toward the church?"

Proverbs 14: 34—Righteousness exalteth a nation: but sin is a reproach to any people.

Mrs. Harry Gebeau Installed As Chaplain

Mrs. Harry Gebeau was installed as chaplain of the Queen Esther Shrine in Petoskey recently.

She had been elected to the office at an earlier meeting.

Two appointive officers, Mrs. Floyd Ikens as guardian and Mrs. Harry Ladd as queen's attendant were installed at the same time.

All other officers were from Petoskey.

Those from Charlevoix attending the open installation were Mr. Gebeau, Mr. and Mrs. Ralph Roberts, Mrs. C. H. Sternberg, Mrs. Harry Walstad, Mrs. S. O. Sorensen, Mrs. John Cross, Mrs. Albert Cook, Mrs. Herbert Fox, Mrs. Irwin Belfy, sr., Mrs. L. H. Barker and Mrs. Howard White.

Wm. Supernaw Marks Eighty-first Birthday

William H. Supernaw celebrated his eighty-first birthday anniversary at an open house recently given by Mrs. Supernaw and his daughter, Mrs. Lester Smith.

More than forty relatives and friends called during the afternoon and enjoyed a social hour and refreshments.

Attends Clinic

Earl A. Young, realtor, attended a two-day clinic on real estate at Ann Arbor last week sponsored by the University of Michigan extension department.

Couple Speaks Vows in Ceremony At Marine City

At 9 a.m. Saturday, April 7, in the Holy Cross Catholic church, Marine City, Shirley E. Babel, Ann Arbor, became the bride of Edward Nachazel. Rev. Walter J. Rottach read the rites. The bride is the daughter of Mr. and Mrs. Leonard Babel of East Jordan. Mrs. William Zitka, East Jordan and the later Edward Nachazel are parents of the bridegroom.

The bride wore a gown of white satin and illusion net trimmed with pointe de Venice lace. A lace halo trimmed with seed pearls held her fingertip length veil and she carried a white orchid on a white prayer book.

Miss Margery Nachazel, sister of the bridegroom was maid of honor. She wore a blue taffeta gown with bracelet length sleeves and mandarin collar. Mrs. William Gale, Ypsilanti, Mrs. Donald Liddle, Muskegon, Miss Eileen Rickel, Fair Haven and Miss Ann Brock, Detroit were bridesmaids.

Best Man

Donald Liddle was best man. Guests were seated by William Gale, Arthur Thomas, Ann Arbor, Norbert Nachazel, brother of the bidegroom and Louis Van Soosten, Detroit.

Connie Nachazel, niece of the bridegroom was flower girl. Gary Emig, cousin of the bride, was ring bearer.

Miss Janice White, Dexter, sang for the ceremony. She was accompanied by Mrs. Tom Daly.

For her daughter's wedding Mrs. Babel chose an aqua crepe dress with lace trim. She wore white accessories and had a corsage of pink carnations. The bridegroom's mother was attired in lilac crepe with white accessories and red rose corsage.

A wedding breakfast in Gleaner hall on the Indian trail followed the ceremony. A five-tier wedding cake flanked by white tapers and spring flowers centered the bride's table. In the evening there was a reception which was attended by guests from East Jordan, Ann Arbor, Detroit, Muskegon, Rose City, Ypsilanti, Flint and Fair Haven.

When the couple left for the wedding trip during which they will travel through Illinois and Wisconsin, the bride was wearing a sunset pink suit with white accessories and a white orchid corsage.

Annual J-Hop Set Here for April 28

Do This Before You Need The Doctor

What is your doctor's name? What is his phone number, and where is his office located? You may need to know—quickly— in an emergency and if you have this information at your finger tips, you are a very practical and far-sighted person. And even if you are one of those fortunate people who have seldom, if ever, needed medical treatment, it is only good common sense to know which doctor you would call, long before you need him. Make it your business, therefore, to have your doctor's address, phone and office hours in your telephone index. And to complete the prepnredness program; make note of our name and phone number, too, against the time when you may need reliable prescription service.

Miss Anita Clarke spent the week-end with her parents, Mr. and Mrs. Harold Clarke.

Mr. and Mrs. A. C. Mort received a call from their son, Don, from Great Lakes. Ill, that he is coming along fine.

Jack Mort took his friend, Stanley Lietz, to South Haven and returned back home the first of the week.

Clark Community

Mrs. William Parsons

Mr. and Mrs. John Cook and Mr. and Mrs. Ray Sherrock of Ann Arbor were here over the week-end.

Mr. and Mrs. Albert Beck arrived at their home from Detroit Sunday with their son, Tom, with whom they spent the winter months.

Mr. and Mrs. William Lane of Dearborn visited the Parsons families Wednesday afternoon last week.

Mrs. Irene Naden of Dearborn visited her parents, Mr. and Mrs. Charles Warner over the week-end.

If anyone in Barnard or Norwood who doesn't have young folks in the M.Y.F. wishes to have the group meet at their home, we would he very happy to come. Just get in touch with any of the young people. They furnish their own refreshments.

Mrs. William Jolliffe visited Mrs. Harwood Sunday afternoon.

Mr. and Mrs. Jim Vanderberg visited the Frank Browns Sunday evening.

Mr. and Mrs. Jiles Warner of Grand Rapids spent Saturday night and Sunday at their cottage on Harwood Lake.

Mr. and Mrs. Jasper Warner and family, Mr. and Mrs. Harrison Warner and son and the Bill Habel family visited at the Charles Warner home Sunday evening.

Menfolks around are husking corn which makes us think of fall. The weather is a little like it too. Wouldn't be surprised if some of them are dreaming about deer hunting. It usually follows corn husking time. Many herds of deer have been seen lately, too.

NORWOOD

By Mrs. Milton Richardson

Mr. and Mrs. Fred Hull were Sunday afternoon callers at the William Ager home of Barnard.

Ray Whitley of Charlevoix spent last week visiting his grandmother, Mrs. Hattie Holecheck.

Mrs. Vernon Willett and daughter of Indianapolis is visiting her parents, Mr. and Mrs. Walter Ross and her sister and family, Mr. and Mrs. Bud Klooster.

Mr. and Mrs. George Light, jr., spent the week-end in Holland on business

Mrs. Luther Hoogan and son of Indianapolis is visiting her parents, Mr. and Mrs. Percy Empey. They were called here because of the illness of her father who is in the Charlevoix hospital.

Mr. and Mrs. Don Farrell and family moved to their new home here Thursday.

Norwood also welcomes Mr. and Mrs. Harry Potter to our neighborhood. They moved into their new home Saturday recently purchased from Mr. and Mrs. Kenneth Empey.

Mr. and Mrs. Ray Racignal and Mrs. Hazel Dunn of Petoskey were Saturday dinner guests of Mr. and Mrs. Merrill Richardson. Mrs. Emma Racignal who has visited there the past two weeks returned home with them.

Mr. and Mrs. Harrison Warner and son and Mrs. Stanley Lord spent Wednesday with Mrs. Herb Peebles and Mrs. Rollie Baumbach in Ellsworth.

Mr. and Mrs. Lewis Brinker of Antrim spent Saturday evening with the Cecil Richardson's.

Mr. and Mrs. Ise Alward of Atwood visited Friday afternoon with his brother and sister-in-law, Mr. and Mrs. William Alward.

Mr. and Mrs. W. J McKay of Detroit were at their home in Norwood Saturday

Capt. and Mrs. Kenneth Empey and Lorraine left Thursday for Camp McCoy, Wis. where he will be stationed with the U. S. Army.

Mr. and Mrs. Stanley Lord, Mr. and Mrs. William Jolliffe and Mr. and Mrs. Milton Richardson were Saturday supper guests of Harold Totten's in Charlevoix.

Raymond Stafford and daughter, Imogene were in Traverse City Tuesday.

Mr. and Mrs. Ervin Lord were Saturday visitors in Petoskey.

Marlin Richardson of Lansing spent Friday night and Saturday with his sister and brother-in-law, Mr. and Mrs. Stanley Lord.

Inwood News

Mrs. John Fratrick

Mr. and Mrs. Charles Wells, Jim O'Brien and Mr. and Mrs. Edd O'Brien and family were dinner guests of Mr. and Mrs. Medrick Waffle of Inwood Sunday.

Mr. and Mrs. Medrick Waffle arrived home Saturday from Detroit to spend the summer here.

Mrs. Charles Wells, Mrs. Marriott from Traverse City, and Mrs. Ranche from Suttons Bay spent Friday and Saturday at Sault Ste. Marie on business.

Ronald Lyons from Grand Rapids spent the week-end at home with his parents.

Luanne Baumbach was a dinner guest Sunday at the Murray home.

The Murray family were callers at the John Fratrick home Sunday evening.

John Fratrick has returned home from the Charlevoix hospital and is feeling much better.

Mildred Fratrick is on the sick list.

Mr. and Mrs. Floyd Hillebower and family of Hastings were Sunday dinner guests of Mr. and Mrs. C. J. Fiedler.

Last Week's News

Glad to have Bruce Murray and Ronald Fratrick going back to school after having the measles.

John Fratrick is a patient at the Charlevoix hospital; hope to have him home soon.

Mr. and Mrs. Will Ager were visitors of Mr. and Mrs. Howard Gornell Sunday night.

Chuck Wells and Earl Hoskins spent Saturday at St. Ignace on business.

Mr. and Mrs. Joe Campbell from Grand Rapids spent the week-end at the Charles Wells home.

Mr. and Mrs. John Spoelman from Ellsworth visited Mr. and Mrs. Charles Wells Sunday.

Mr. and Mrs. Albert Balch and Bill Sarasin from Charlevoix were visitors at the Elijah O'Brien home Sunday evening.

Robert O'Brien and friend Pat Henderson from Detroit spent the week-end with the formers parents, Mr. and Mrs. Elijah O'Brien. Mrs. A. L. Goodwin who has been visiting her sister and brother-in-law the O'Briens accompanied Robert back to Detroit and from their she will go on to her home in New Hampshire.

Lewis Wood from Grand Rapids was a supper guest of Mr. and Mrs. C. J. Fiedler and family last Wednesday.

Joyce Fiedler attended the University of Michigan Band concert at Petoskey Sunday.

Glad to hear so many turned out to clean the grange hall Friday night and from what I hear it sure does shine. Don't forget the potluck supper at the hall this coming Friday night with the regular grange meeting afterwards.

Rose Hilton from Charlevoix will entertain the Epworth Ladies Aid at her home for our next regular meeting April 18. On account of illness our aid was postponed last week.

Mr. and Mrs. Stanley Jancha and Mr. and Mrs. Phillip Hittenberger were callers at the Sam Campbell home Monday evening.

Mr. and Mrs. Iver Lyons and daughter from Grand Rapids spent the week-end here with the former's parents, Mr. and Mrs. Elmer Lyons.

Mr. and Mrs. Ed Swanson and family from Charlevoix were Sunday afternoon and evening visitors of Mr. and Mrs. Joseph Stutzman and family. The ocassion was Gerrie Stutzman's birthday. Home made ice cream and cake was served by Gerrie's mother. Sunday dinner guests of Mr. and Mrs. Joseph Stutzman were Mr. and Mrs. Guy Stutzman and Dick, Mr. and Mrs. Joe Vratanino and son, Don. It was a big day for Gerrie who was five years old.

Eddie and Carol Fratrick visited Mr. and Mrs. Albert Balch Monday afternoon.

The community is sorry to hear of the sudden death of Mr. Louis Jeskierski of Chicago formerly of Barnard.

Mr. and Mrs. Robert Cummings and family from Royal Oak spent the week-end here with the latter's sister and family, Mr. and Mrs. Clarence Murray and father, Orton Van Dusen and other relatives.

Glad to have the Hittenberger's back at their farm home for the summer.

Deer Lost Expected To Be at Record High

While organized searches for dead deer are only partially finished, conservation department game men anticipate a starvation loss comparable to that of 1947, or one of the largest ever experienced in Michigan. The 1947 loss was estimated at 35-50,000 animals.

Department field men report deer are scattering over the entire summer range in the nothern lower peninsula as well as in southern portions of the upper peninsula. The white covering is quickly disappearing in the upper peninsula heavy snow belt.

A few starved deer have been found above the Straits but no large areas have been searched as yet. However, in the northern lower peninsula, carcasses of over 650 animals already have been found. Over 550 deer have been tallied in the most critical six-county Mio district.

Searches will run for about three weeks. Deer, mostly fawns, are expected to die of starvation.

Speak Vows Here

In a quiet ceremony solemnized at the Methodist parsonage at 7:30 p.m. Saturday, R. John Ramey and Joyce Ann Roblee of Traverse City exchanged their vows in the presence of the Rev George E. Whitten.

Mrs. G. E. Whitten and Mrs. C. O. Whitten were the witnesses.

IT HAPPENED ON ....

BEAVER ISLAND

By Mrs. J. C. Hanley

Beaver Island's harbor is clear of ice. Every trace of it drifted out Friday. This was what Beaver Islanders have been waiting for. After the North Shore's first trip, the east wind jammed the harbor with ice floes and it wasn't until Thursday the ferry was able to come again to the island, a gap of 7 days.

The two trips the boat made last week brought across a number of cars along with quite a load of freight for Beaver Lodge.

Lloyd McDonough and Archie LaFreniere received their cars. They were wintered in Charlevoix

Don Burke's car came across and Sheldon Martin sent his car home since he has gone sailing for the season.

James McCafferty came home for a short visit from off the freighter, Wilfred Sykes. James brought his car across.

* * *

MIKE CULL and his son, Ray, returned to the island Monday. Mike has been in Chicago for a couple of months and while there was a patient in the Marine Hospital for seventeen days. Mike and Ray intend to fish during the coming season.

Mr. and Mrs. Cull rocoived a card trom their son, Larry, from down in Panama. Larry you know, is on his way to Japan together with 4,500 other American lads on this particular ship.

Bertha McDonough has returned to the island to spend a month or two at home with her mother, Mrs. Bill McDonough.

* * *

TUESDAY afternoon, the children in the lower grades had a wonderful time at an out-of-doors party given as a reward for a recent contest. It was held at the ball diamond. There were running races, three legged races, wheel barrow races with prizes for the winners Refreshments were served.

Members of the Third Order of St. Francis met at the home of Mrs. Lawrence Malloy Tuesday evening. Father Giles began reading the story of the "Holy Shroud of Turin".

Word has been received from down in Owosso that Mr. and Mrs. Robert Burhan have a new arrival at their house, another daughter. Mrs. Burhan is the former Edith Gallagher.

Beaver Islanders were sorry to learn of the death of Mr. and Mrs. Bernard O'Donnell's infant their first child. To Bernard and his wife, our deepest sympathy.

* * *

MR. AND MRS. Bob Peterson, who live down at the south end of the island year 'round, were snowed in for three months this winter. The Petersons made their first trip to the village when the snow disappeared. Both say they love the life and being isolated doesn't bother them a bit. Mr. and Mrs. Peterson were formerally from Lansing and this is their second winter spent on the island.

Burt McDonough had to discard his berets this week. All winter Burt has been sporting either a navy blue or off white beret, looking for the world like a French artist or an Apache — either one would fit. Now Burt is back in the saddle down at the head light house. With him is Johnny Andy Gallagher and Coast Guardsman Sonegal.

LeRoy Allers was a visitor to the island for a few days. When he returned to the mainland he was accompanied by his sister, Mrs. Gus Mielke.

* * *

LAWRENCE MALLOY and George Ricksgers were in Charlevoix to attend the supervisor's meeting.

Mrs. Walter Wojan is the new treasurer of St. James Township. She succeeds Dr. Russell Palmer.

Not long ago, Pat LaFreniere unearthed quite a few jars of canned black berries that were put into jars by his mother, the late Sophia LeFreniere, 28 years ago. They had been stored in the basement of the old store all those years. The jars of berries were distributed to the members of the LaFreniere family. Last week, Archie and his family had blackberry pie and they say the berries were delicious and as fresh tasting as berries picked last season.

Thursday afternoon, Caroline Kenwaubekise was taken to the Charlevoix Hospital with a broken arm and a dislocated elbow. Caroline fell from the horse she was riding. She was accompanied to Charlevoix by her mother, Mrs. Paul Kenwaubekise.

* * *

FRIDAY EVENING. the boys and girls of Our Lady's Sodality sponsored a dance and cake walk in the Parish Hall. Rosalie Bennett, Marilyn Kinney and Mrs. George Ricksgers were the cake winners.

Leo McGinnes returned to the island Saturday for a short visit. McGinnes spent the winter at the Grandview Hotel in East Jordan, and he looks and feels in the "pink". Says he received wonderful care and it's a grand place.

Mrs. Mary Martin returned on Saturday's boat. Mrs. Martin spent the winter in Grand Haven with her daughter.

* * *

MRS TRUMAN RAMSEY and son returned to their home on the island after spending the winter months on the mainland.

Bernadette Malloy had a trip to the dentist Friday and returned the same day minus two molars.

Ole Man Winter is having another fling on the island. Sunday morning, the ground was white again and the evergreen branches held a layer of snow. Here it is Monday, and it's snowing, but I see the county road crew is optomistic. They are out this morning taking down the snow fences. Let's hope they wont be needed again for a long, long time.

Road Club Holds Annual Beaver Supper

Members of the Charlevoix County Road club and their families gathered at the Charlevoix Rod and Gun club Saturday evening for their annual beaver supper.

More than a hundred members and guests enjoyed the dinner and program which followed. A feature of the program were a movie and comedies.

BEER
AMERICA'S BEVERAGE OF MODERATION

The American Way

Spring time is garden time in Michigan. And after a spading, hoeing, planting . . . "The American Way" is to ease that pleasantly tired feeling with a cool, refreshing glass of Michigan brewed beer.

For beer belongs . . . to pleasant living, to good fellowship, to sensible moderation. And our right to enjoy it, this too, belongs . . . to our own American heritage of personal freedom. Beer Belongs . . . Enjoy It

Audrey Byers, Richard Hardy Exchange Wedding Vows in Afternoon Ceremony

Audrey Jean Byers became the bride of Arvid Richard Hardy at an impressive ceremony solemnized at the First Methodist church Saturday afternoon.

The Rev W. D. Wood read the double ring service in the presence of 200 guests. Baskets of pink snapdragons, white gladioli and sweetpeas and lighted tapers decorated the sanctuary of the church

The bride is the daughter of Mr. and Mrs. Harold Byers and the bridegroom is the son of Mrs. Richard Hull and the late Fred R Hardy.

Traditional Music

Preceding the service Mrs. A. C Belding, organist, played a program of traditional music and accompanied Mrs. Emerald Howe who sang "Always" and "Because" Mrs. Belding also played the wedding march and recessional.

The bride, given in marriage by her father, selected a gown of white satin for her wedding. It was designed with a high scalloped neckline and short sleeves and a fitted bodice with lace inserts. Lace madellions trimmed the full skirt which ended in a long train. A satin and lace cap trimmed with seed-pearls and orange blossoms held her fingertip veil and she carried a bouquet of white carnations and deep pink roses.

Mrs. Kenneth Anderson of Detroit, cousin of the bride, was matron of honor and bridesmaids were Marie Sipple and Vonna Featherstone of Lansing and Joyce Hardy, sister of the bridegroom. Mrs. Anderson's gown of orchid marquisette was styled with an off-the shoulder softly folded bertha and a full skirt. She wore a headdress of white flowers, matching gloves and carried a bouquet of yellow carnations.

Identical Gowns

The bridesmaids wore identical gowns of pastel green taffeta styled with fitted bodices, full skirts with overskirts of net and bolero jackets. They also wore headdresses of white flowers, matching green gloves and carried bouquets of pink and white carnations.

Lois Narro of Central Lake and Bonnie Lou Shapton of Lansing, cousins of the bride, were flower girls. They wore identical gowns of yellow taffeta trimmed with white lace and headdresses of white flowers and carried baskets of sweetpeas.

Larry Anderson of Detroit, cousin of the bride, was ringbearer.

Don Hardy assisted his brother as best man and ushers were Jack Mol, Harry Stutt, Douglas Byers, Warren Shadko and Louis Halstead of Detroit.

Chooses Navy Dress

Mrs. Byers chose a navy dress fashioned with a short jacket, pink and navy accessories and a corsage of pink roses for her daughter's wedding. Mrs. Hull, mother of the bridegroom, wore a royal blue dress, navy and white accessories and a corsage of pink roses

A square-tier wedding cake topped with a miniature bridal couple and white wedding bells graced the refreshment table at the reception which followed in the church parlors. Sweetpeas and lighted tapers decorated the table.

The couple left immediately after the ceremony for a brief wedding trip. For traveling the bride wore a blue and white check suit and matching accessories.

The bridegroom is stationed at Seward Air Force Base, Tenn., with the Army Air Force.

Out of Town Guests

Those from away who came for the wedding were Mr. and Mrs. Kenneth Henning and two sons, Mrs. Kenneth Anderson and son, Larry, Louis Halstead, Mrs. Laura Ellis, Mrs. Walter Barlow and daughter, Bonnie, and Mrs. Joseph Cobar of Detroit; Miss Mabel Henning and Mrs. Peter Lalonda of Grand Rapids; Mr. and Mrs. Warren Shapton and two daughters, Mr. and Mrs. Stanley Shapton and son, John Lockwood, Pat Hayes, Douglas Byers, Warren Shadko, Clarke Bergeon, Vonna Featherstone and Marie Sipple of Lansing; Mr. and Mrs. Don Bellinger of Ypsilanti Donna Rose of Ann Arbor; Mr. and Mrs. Robert Lieberman and Jack Creighton of Saginaw; Mr. and Mrs. Don Eley, Mr. and Mrs. Gerald Eley and sons, Gerry and Mike of Cadillac; Mr. and Mrs. Louis Shapton and daughter, Sally, Mrs. Robert Fuller and daughter, Marilyn, of Traverse City; Mrs. Elmer Johnson, Mrs. Oscar Johnson, Mrs. George Johnson, Mrs. Helen Fralick, Jean Hardy, Mr. and Mrs. Leo Ouvry of Mancelona; B. J. Cunningham of Bay City; Mrs. Donna Narro and daughter, Lois and Mr. and Mrs. William Henning of Central Lake; Mr. and Mrs. Keith Nickerson of Petoskey.

Audrey Byers Feted At Bridal Shower

Mrs. Bonnie Nickerson and Mrs. Charles Heise were co-hostesses at a linen shower at the former's home Thursday evening honoring Audrey Byers whose marriage to Richard Hardy took place Saturday.

The guests played canasta during the evening with Mrs. John Mol winning the prize. After refreshments were served the honoree opened her many lovely gifts. Spring flowers decorated the rooms.

Guests were Mrs. Harold Byers, Mrs. Richard Hull, Mrs. Earl Shapton, Mrs. Harold Withers, Mrs. Clarence Heise, Mrs. Sternberg, Mrs. Frank Courier, Mrs. Carl Kohler, Mrs. Charles Bellinger, Mrs. Mol, Mrs. Fredrick Keie, Mrs. Emerald Howe, Mrs. John Swanson, Mrs. John Rathburn, Mrs. Harold Pearl, Mrs. Bert Pearl, Mrs. Robert Lieberman of Saginaw and Mrs. Kenneth Anderson of Detroit.

14 Police Aides Named For Civilian Defense

As a part of the civilian defense program for the city of Charlevoix, Chief of Police Clarence Heise has appointed 15 auxiliary policeman who will have an intensive course which will include first aid and other such subjects.

The men named to the auxiliary police force are: J. C. Marshall, Harold Withers, Gordon Dennis, Leo Allard, Dan Geneit, Grover Geneit jr., Glenn Pemberton, Edward Heise jr., Charles Heise, Hugh Mayne, Lewis Hamlin, Earl W. Miller, Don Meggison, Arthur Ranger and C. B. Meggison.

Red Cross Planning First Aid Classes

The Charlevoix county chapter of the American Red Cross are making plans for First Aid classes in Charlevoix and Ironton. Instructors have been authorized and classes will begin on or about April 26.

For further information call Mrs. Sims Baker at 358-R, Mrs. Pete Bennett at 1018-J4 or Fran Martin at 367.

Card party and square dance at K. P. Hall April 25. Admission 50 cents.

Cancer Drive Gets Underway For $500 Goal

The month of April has been proclaimed Cancer Control Month and as part of the program the annual fund drive of the American Cancer Society will also be held this month

Mrs. Mildred Petersen is again serving as local chairman for the drive which is to begin next week. The goal for Charlevoix has been set at $500.

In cooperation with the efforts of the American Cancer Society to raise funds to carry on its work, Mayor John Knight has proclaimed April Cancer Control Month in Charlevoix and has called upon its citizens to join in the Cancer Crusade of the American Cancer Society.

Of the funds raised within the county during the current drive, 50% will remain in the county for use here and the remainder will be used for research and other expenses.

The American Cancer Society has not participated in any fund drive during the past year and like several other major organizations conducts its own drive each year.

To Form Central State Alumni Club in Area

Central Michigan college graduates met at Gaylord Wednesday evening to make plans for the formation of a Central Michigan Club in this area.

Dr. Charles Anspach, president of the college and Dr. Judson Faust and Jesse Thorp of the faculty were speakers at the meeting.

Attending from Charlevoix were Mrs Helen Richards, Mrs. Ethel Courier, Mrs. Bessie Coleman, Mary Ann Murphy and Frances Milner.

W.C.T.U. Hears Talk By State Director

The April meeting of the W.C.T.U. was held at the Community Church of God Fellowship Hall Friday afternoon.

Mrs. Ernest opened the program with devotions and was followed by Mrs. Losie of Port Huron, state director of Scientific Temperance Instruction, who gave an illustrated talk on the subject.

The gold and silver medal contests concluded the program. Five participants each class presented their talks. Phyllis Williams of Charlevoix was named the silver contest winner and Priscilla Piston of Boyne City won the gold medal contest.

Tender Sundew Makes First Trip of Spring

The U. S. Coast Guard lighthouse tender, Sundew, entered the harbor here late Monday evening for its initial trip of the 1951 season.

The ship is expected to spend at least two weeks in northern Lake Michigan waters while laying buoys along the shipping channels and carrying supplies to lighthouses in the area.

Card party and square dance at K. P. Hall April 25. Admission 50 cents.

Garage Owner Hurt In Accident Here

Charles Cooper, owner of Cooper's Pontiac Sales & Service, is improving in Charlevoix hospital from serious injuries suffered last Friday in a collision. He suffered a fractured back and severe bruises.

Cooper was test-driving a car on US-31 when a truck, driven by Dale Mathews, 22, of Traverse City, made a left hand turn directly in front of Cooper's car at the entrance of Korth's locker plant. Sheriff's officers took statements. The truck driver admitted fault in the mishap.

Marshall Is Better

The condition of Fire Chief Charles Marshall is reported as slightly improved, Charlevoix hospital authorities said late Wednesday. He suffered serious stomach wounds when shot accidentally April 10.

Kiwanis Club Hears Talk on Africa

The Rev. Herman Smith, African missionary for the Church of God who is conducting nightly services at the Community Church of God, entertained the Kiwanis club Monday night with his experiences in Africa.

He said that African natives frighten their children at times by telling them that the white men will get them. Rev. Smith said that the Africans are not so far behind the Americans in their way of living as many people suppose.

He said that the cape buffalo is the most feared animal in Africa despite reports to the contrary.

Clarence Meggison reported on plans for a farmers-mechants dinner in the near future.

Cruise Ship to Visit Charlevoix June 12

The S. S. North American will make Charlevoix its port of call June 12, when the Grand Rapids Chamber of Commerce cruise docks here for four hours, S. F Coleman, secretary of the Board of Commerce and Capt. Joseph F. Howard, captain of the port have been informed.

The ship will dock here from 8 a.m. until 1 p.m. on that date, officials of the Chicago Duluth and Georgian Bay Co. said.

Personal Items

- George and Emil Foster, both of Kalamazoo, visited Joseph Foster and family over the weekend.
- Mr. and Mrs. Kirwin Mulligan and children, Michael and Karen, have returned to Pontiac after spending the week-end with Mrs. Mulligan's parents, Mr. and Mrs. Willis A. Cross sr.
- Dr. and Mrs. L. E. Grate plan to leave April 25 for a three weeks vacation trip to Seattle, Wash., Vancouver and Fort Williams, B. C.
- Mr. and Mrs. Marvin Cross and daughter, Debby, returned to Ludington last week after spending a week with the former's parents, Mr. and Mrs. Willis Cross sr.

Luggage

Nearly 20,000 bales of cotton used in the manufacture of lugg annually.

A conservative is a fellow who thinks nothing should be done the first time.

Card party and squara dance at K. P. Hall April 25. Admission 50 cents.

ARE YOU A HUMAN WEATHER VANE?

DOES CHANGING WEATHER GIVE YOU BACK PAINS AND CAUSE YOUR MUSCLES AND LIMBS TO ACHE?

If you suffer from the pain of rheumatism, arthritis, sciatica or backaches, we especially urge you to try O-JIB-WA BITTERS. This old reliable medicine is quick and powerful to strike at the cause even in the most stubborn cases, as it acts as 5 medicines in 1, to tone up weak sluggish organs, clean the blood of poisons and waste and acts as a tonic to the stomach, liver, kidneys and nervous system.

O-JIB-WA BITTERS will probably do more for you than anything else you have tried, so don't put off, do as hundreds of thousands of others have done— Get a bottle of the genuine O-JIB-WA, and let us prove that you, too, can be free from the terrible aches and pains of Rheumatism, Arthritis, Neuritis and Sciatica. Available in three economical sizes at—

Smelt in Stover Creek

After Considerable difficulties, we hope through your co-operation to have controlled smelt dipping in Stover creek.

As the expense has been considerable, there will be a charge of $1.00 per night per person for the use of our facilities and land.

For your enjoyment, there will be refreshments, shelter and warmth.

Any profit will be used for the improvement of this property, and if possible, to remove the ruins of the unsightly old sugar factory.

Scouts Help Birds Beat House Scarcity

Birds returning from the south will find no housing shortage in Charlevoix now that the Boy Scouts of Troop 11 have completed their bird houses which are now on display in the Food Port window.

Imaginations ran rampant as the Scouts designed and built the houses which were their April project.

Troop leaders are Robert Ashdon and Howard Houghton.

Card of Thanks

I would like to thank the hospital staff and Dr. Terr for their kindness during my stay at the Charlevoix Hospital. Also to my many friends, for their visits, cards, flowers and gifts and to the ministers for their kind words.

Metta E. Wallace 18c

Card of Thanks

We would like to express our gratitude to the friends of our grandmother, Mrs. Alonzo Powers, for the many kindnesses shown her during her illness and for the flowers and other expressions of sympathy at her death. We especially would like to thank the American Legion and Auxiliary.

Mrs. Dorothy Thomas
Mrs. Ethel Cooper 16c

Ellsworth Spotlight

Mrs. William Best

Mr and Mrs. John Heeres and family of Grand Ropids were week-end guests of his parents, Mr. and Mrs. Herman Heeres

Versile Hoffman of Grand Rapids spent the week-end with his parents, Mr. and Mrs. Joe Hoffman.

Mr. and Mrs. Robert Edenburn and family of Traverse City were guests over the week-end with Mrs. Edenburn's parents, Mr and Mrs. Edward Klooster.

Mrs. Anna Vanden Berg and children and Mrs. Bert Boss of Mt. Morris spent the week-end with the former's parents, Mr. and Mrs. Oscar DeGroot and other relatives and friends.

Bob Best and Allen Donaldson spent several days last week in Grand Rapids.

Mr. and Mrs Clarence Boss, who recently moved on to the farm they purchased from Howard Bearess, were guests of honor at a surprise party held at their home Thursday evening. Neighbors gathering to welcome them to the community were: Mr. and Mrs. Leo Ernest, Mr. and Mrs. Richard Hoffman and family, Walter Gaunt, Mr. and Mrs John Burns and Beth Ann, Mr. and Mrs. Miner Veenstra, Mr. and Mrs. Honeysette, Mr. and Mrs. Merion Best and Mr. and Mrs. Bill Best and Janis.

The evening was spent visiting after which a delicious lunch was served. The Boss's were presented with a lovely gift from the group.

Miss Cornelia Fielstra of Holland was a week-end guest of her parents, Mr. and Mrs. Albert Fielstra. Coming with Miss Fielstra were Mrs. Peter DeYoung and children who spent the week-end with Mrs. Maggie Klooster.

Mr. and Mrs. George Lamble of Dearborn spent from Friday until Monday at the home of their daughter and family, Mr. and Mrs. Donald Edson.

Mr. and Mrs. W. P. Smith received a letter Saturday from P.F.C. Wallace Vanden Berg stating that he had arrived safely in Japan. He only expected to be there a couple of days and then be sent on to Korea.

The Sportsmen's club will hold their Annual Smelt Supper sometime this month. The date will be announced later. The committee for this event is: Fred Schoenfelder, Del Clow, William Petter, Henry Elzinga and John Wieland. On the entertainment committee is Si Doctor and Del Clow.

Mr. and Mrs. John Wieland spent the week-end visiting relatives in Royal Oak.

Mr. and Mrs. Richard Wieland and daughter were Sunday afternoon visitors of Mrs. Wieland's family, Mr. and Mrs. Lee Danforth, Jr. of East Jordan.

The Ellsworth Farm Bureau group met this week at the Charles Edson home. The Bentley Hill group will meet on Thursday evening at the Bentley Hill school house. Topic for discussion for both groups is "Farmers Place in Mobilization".

Mr. and Mrs. Robert Smalley and Lynda were in Petoskey on business last Thursday.

Mrs. Grant Hastings entered Charlevoix Hospital Tuesday for minor surgery.

Mr. and Mrs. Robert Smalley left for a business trip to Grand Rapids Wednesday.

Ellsworth Winners Named in Contest

Ellsworth –Wednesday evening between acts of the Senior Play, the Ladies Auxiliary of the American Legion announced winners of the essay contest sponsored by the auxiliary. The title of the essays was "Michigan's Place in the United States".

In the junior division, first prize went to Albertha Fielstra and second prize to Janis Smith. In the Senior division the first prize winner was Marcia De-Young with Alonzo Barror taking second prize.

Prizes in both divisions were five dollars for the first prize and four dollars for the second prize.

These prize winning essays will be sent to the headquarters of the Lower 11th District to be judged with other entries from this district.

Senior Play Nets $193 For Ellsworth Class

Ellsworth—Anyone who missed the Senior play "Good Gracious, Grandma" last week, missed a real treat. The entire cast did a fine job and are to be commended for a splendid performance.

The directors, Mrs. Opal Hastings and Mrs. Betty Norcross also deserve a great deal of credit for the success of the play. The numbers between acts were also greatly appreciated by the audience.

Wednesday evening Janis Smith sang two numbers and on Saturday evening Rev. Joseph Crouse entertained with several numbers. A large crowd attended both performaces and the Seniors cleared $193.00 to add to their treasury.

Educator to Speak

Ellsworth — Wednesday, April 25, at the Ellsworth community hall Edgar Grim assistant Superintendent of Public Instruction will speak and will lead a discussion. Mrs. Earl Farrell will be in charge of the refreshments which will be free. All residents of the community are invited to attend.

P. T. A. Play

Ellsworth—The Banks Township PTA will present the play "Lena Rivers" this Thursday and Friday, April 19 and 20. The play will be given at the Ellsworth Community hall and the admission will be a free will offer at the door.

STATE OF MICHIGAN

The Probate Court for the County of Charlevoix.

At a session of said Court, held at the Probate Office in the City of Charlevoix in said County, on the 17th day of April A. D. 1951

Present, Hon, Floyd A. Supp, Judge of Probate.

In the Matter of the Estate of Theodore Sheaf, also known as Thomas Shea, Deceased.

Fenton R. Bulow having filed in said Court his petition, praying for license to sell the interest of said estate in certain real estate therein described,

It is Ordered, That the 17th day of May, A.D. 1951, at ten o'clock in the forenoon at said Probate Office, be and is hereby appointed for hearing said petition, and that all persons interested in said estate appear before said Court, at said time and place, to show cause why a license to sell the interest of said estate in said real estate should not be granted;

It is Further Ordered, That public notice thereof be given by publication of a copy of this order, for three successive weeks, previous to said day of hearing, in the Charlevoix Courier a newspaper printed and circulated in said County.

Floyd A. Supp,
Judge of Probate.

Ex-Banks Farmer Taken By Death

Ellsworth—Peter Goeman, 74, former retired Banks Township farmer died April 13, at Meadowbrook Hospital. Services were held April 16 at the Atwood Reformed Church. Burial was in the Atwood cemetery.

He was born in the Netherlands in 1876 and came to this country when he was a young man. He is survived by several nieces and nephews.

Card party and square dance at K. P. Hall April 25. Admission 50 cents.

Petoskey Group Will Present Play April 25

On Wednesday, April 25, the Petoskey branch of the American Association of University Women is sponsoring the Clare Tree Major production the "Rebelious Prince" in the Petoskey high school auditorium.

Because of the overwhelming response to the play Marco Polo last year it was decided that two performances would be given this year so that students from the surrounding areas might have the opportunity of seeing this entertainment.

The play is centered around the lives of two royal children and a little girl named Sensaub. It is based on an authentic event in the ancient history of Egypt and is enacted by the origional New York cast.

The morning performance at 10 o'clock is for out of town students and adults. These tickets are now available at the local schools and should be purchased before April 20.

Expect Big Catches Of Smelt in District

There is a good omen for spring smelt dippers in the winter catch report of Michigan commercial fishermen, the conservation department observes.

The best January and February smelt haul in 10 years, 838,000 pounds, was made on Michigan Great Lakes waters. Lake Michigan, primarily Green Bay, accounted for the entire catch

The large smelt tonnage compensated for smaller catches of nearly all other species and boosted total production slightly over that recorded for the comparable two-month period last year. About 1,752,000 pounds of fish of all species were netted, 1,742,000 pounds before, although the ice fishing season was shorter than usual on Green Bay and other locations.

Names in the News at . . .
IRONTON

Mrs. Robert King

The perch run is on! That makes a lot of fishermen very happy. Ray Williams got a nice catch last Friday.

The action committee meeting that was to be held April 16 at the home of Oakley Saunders, was postponed until April 20.

The Ladies Aid met Thursday with Mrs. Bob Beedle. Nine ladies met and spent the afternoon sewing. Mrs. Beedle served a salad, crackers with cheese and coffee. They will meet April 19 with Mrs. Tom Nielsen.

Mrs. Gertrude Colwell left Thursday for Traverse City to spent a few days.

Mr. and Mrs. Roy Sherwood of Detroit are visiting at their cottage on Holy Island. Mr. and Mrs. Robert Morse of Lansing spent the weekend with the Sherwoods.

Mr. and Mrs. William Vanderwall spent a few days in Muskegon last week

Duane Alderson of Bay City visited Friday with his mother, Mrs. Robert Beedle.

Mr. and Mrs. Glen Williams and daughter, Linda, Mr. and Mrs "Sonny" Williams were Sunday dinner guests of Mr. and Mrs. Bob Masseau Mrs. Mosseau treated the folks to a goose dinner and trimmings.

Lonnie and Tommie Thompson are in Lansing for a week getting acquainted with their new baby sister, Allison.

The maple syrup is made, sap run finished. "Ernie and Mac" pulled the pails the first of last week. Considering the weather they did good.

A card from Miss Florence Sprague tells us she is traveling in Mexico but looks forward to being in Ironton again.

The Robert Kings spent Sunday in Charlevoix as guests of Mr. and Mrs. Sam King.

Mrs. Lois Kanoff attended a canasta luncheon Friday given by the Lutheran church guild at the home of Mrs. Neff.

A birthday dinner was given April 13 at the Gordon Boyer's in observence of the birthdays of Mrs. Boyer and Mrs. Lyle Walker. They had a lovely dinner and two birthday cakes with candles "for the gals". They played cards. Those present were Mac and Alice McClanaghan, Lyle and Rosette Walker, Gordon and Alice Boyer.

Mr. and Mrs. Roy Meyers left this week on their vacation. They will visit in Chicago and other cities in Illinois. Mrs. Lyle Walker will be in charge of the Post Office while they are away.

The Farm Bureau met Wednesday night with Melvin Jones.

Mrs. Clyde Ogden returned home Friday after spending the winter in Petoskey.

Mr. and Mrs. Melvin Briggs were dinner guests on Saturday night of Mr. and Mrs. Ray Meyers.

Those on the sick list in Ironton are said to be improving. Another has been added however, little Jerry Walker.

Word from Mr. and Mrs. Guy Simon in Laguna Beach reports they are improving slowly and expect to get here in June.

Mr. and Mrs. Steve Paterka and Mr. Paterka's mother were Thursday callers at the Sarna home. Mrs. Sarna is feeling a bit better.

A lot of our Ironton kids are all excited these days, and dreaming of formals and flowers. Of course, you guessed it—the J-Hop is coming.

Mr. Pete Kanoff attended a stag dinner Saturday at the K of P hall

Don Bennett went to Traverse City with the East Jordan high school Glee club Saturday. The mixed chorus won superior honors, in fact they all won superior honors except the boys chorus which received No. 2 honors. Bill Walker, one of the clubs soloists, received outstanding honors. They expect to go to Mount Pleasant in the near future.

Ron Allen of Petoskey, grandson of the Lewis Browns, spent Sunday visiting them.

Mr. and Mrs. William Petersen and family spent Sunday evening with Mr. and Mrs. Lewis Brown.

Mrs. Lottie Tumath has really been having quite a winter. Mrs. Lula Brock had a card from her, telling all about the prizes won for her baking, etc. She won blue ribbons for her orange cookies, date bars and sweet-rolls. She also made an aluminum tray and received a blue ribbon on that—at a home demonstration club club show in Deland, Fla.

Mr. and Mrs. Gerald Boss were Sunday dinner guests at the Brock home.

A wedding shower and party was held Saturday night at the Rock Elm Grange hall for Mr. and Mrs. Ed Nachazel who were married recently.

A mock wedding was held with all who took part, dressed very appropriately. Taking part were Johnny Knudsen, Doug Knudson, Thelma Knudson, Harold Thomas, Mrs. Knudson and Ole Nielson, sr., and Walt Kemp.

The newlyweds received many gifts. A pot luck supper was held at a table decorated with tall candles, "then dancing".

Miss Lois Filloy, secretary to Mr. Robert Wilson, and Miss Louise Kraft are spending a week at the summer home of the Robert Wilson's in Ironton.

That's all for now folks, please try to attend sunday school next Sunday and don't forget our men in service.

Peninsula News

By Mrs. William Gaunt

The "Happy Gang" 4-H club met at the Alfred Crowell home on Saturday with their leader, Mrs. Arthur Kaley. There were ten members present. Mrs. Kaley sent for the boys T-shirts. They have their projects nearly finished The next feeting will be held at the Kaley home.

After the 4-H club meeting several members went to the Elmer Olstrom home to help Darlene and Marlene Olstrom celebrate their birthday. They played games and were treated with ice cream and cake.

Mr. and Mrs. Leslie Sheridan and family are enjoying riding around in their new car.

Henry VonSoosten, Alfred Crowell and Louie Prebble were bailing hay at the Frank Behling farm last Friday.

Mr. and Mrs. William Gaunt, sr., enjoyed dinner Sunday with their daughter and family, Mr. and Mrs. Alfred Crowell.

Peter Umlor, Bill and William Gaunt drove to the Charlie Stanek farm last Friday and bought some cherry trees.

Mr. and Mrs. Henry Howard spent Wednesday evening with Mr. and Mrs. Edwin Phillips at the Rustan on South Arm.

Mr. and Mrs. Harry Howard spent Wednesday evening with Mr. and Mrs. Bill Gaunt, jr.

Mr. and Mrs. Dave Johnston and daughter, Patsy, drove up Friday evening to the Robert Myers home to get Mrs. Anna Johnston who has been visiting with her sister and brother for two weeks. They also called at the William Gaunt home.

Eugene Umlor went to Petoskey Friday to give blood to his brother who is in Little Traverse hospital.

Mr. and Mrs. Lou Antonini, Mr. and Mrs. Bob Cutler and Mr. and Mrs. John McSarley of Grand Rapids spent the week-end at the Rustan cottage for smelt fishing.

The jamboree at Advance last Saturday night was well attended. There must have been 2,000 people there, but not so many fish.

Mr. Bernard Pierce, Miss Barbara Braman both of East Jordan were married Saturday evening at the Presbyterian church. Mr. Pierce was a resident of this district in his boyhood days.

Mr. and Mrs. Frank Hayden, Mr. and Mrs. Ken Staley, Mr. and Mrs Mac MacDonald and Mr and Mrs. William Gaunt, jr., spent Saturday night at the Roscoe Barber home playing cards. A pot luck lunch was served.

Charlevoix County Farm News

More Attention Should Be Given Certified Seed Grains, Legumes

More attention needs to be paid to the use of certified seed grains, and legume and grass seeds. Many of the old varieties of wheat and oats are not resistant to smut or rusts as are the newer recommended varieties.

For example, Swedish Select Oats is an old variety and one that has been popular. It is, however, susceptible to rusts which decreases the yield very materially. The Huron Oat is another variety that is affected by rust.

D. L. Clanahan, Extension specialist in Farm Crops stated at a recent county extension meeting that the Crop Improvement Association was certifying only four varieties of oats this year. These are Eaton, Kent, Bonham, and Clinton. These four varieties are resistant to rust and to the Victoria blight. This is the first year that Michigan has certified the Clinton Oat. The Crop Improvement Association believes that the present Clinton variety that is being certified by Michigan is superior to the old variety of Clinton.

MOORE BARLEY is a new barley from Wisconsin that has found favor with Michigan farmers. In the demonstration plot at Harrison Warner's last year Moore baley ripened a little later than Wisconsin 38 and the heads did not crinkle.

Bay is a Michigan variety of barley that has done well in many parts of the state.

Good Alfalfa seed adapted to Michigan conditions is scarce this year. The southwestern states produced a very large amount of alfalfa seed but this seed will not stand our climate. Much of the seed offered at bargain rates will very likely contain unadapted seed and farmers should be extremely careful in their seed purchases.

Seeding rate recommendations for alfalfa have been gradually reduced until 4 lbs. per acre is considered enough on a fertile, well prepared seed bed where the seed is sown very shallow—¼ inch deep.

At 4 lbs. per acre seeding there will be from 28 to 32 seeds per square foot. This is thicker than you will find plants growing when they reach the harvesting stage.

It is recommended that the legume seeding be made with a piece of garden hose attached to the seed spout and brought back so the seed falls back of the drill disk. The drill followed by a cultipacker will press the seed into the ground sufficiently for germination.

When the legume is seeded with a grain not less than 400 lbs. of fertilizer per acre should be used because plant food must be supplied for the grain crop and also for the hay crop.

• • •

ALL LEGUMES should be inoculated with the proper bacteria so they will be better able to take nitrogen from the air.

All grains and corn should be treated with a mercury or other dust to help control the seedling blights and root rots that might cause death or stunting of the seedling plants. Ceresan M is used on grains and Arasan for corn.

Dairymen Launch National Campaign

Lansing — Dairy farmers of Michigan and the nation are presenting "David Lawrence from Washington" to America's millions in a coast-to-coast NBC broadcast every Sunday afternoon at 3:30 p.m. Eastern Standard Time, beginning April 1.

The announcement was made by, Charles E. Stone, secretary-manager, upon his return from the 12th annual meeting of the American Dairy association in Chicago where the program was disclosed together with the personal appearance of David Lawrence, famed editor of the U. S. News and World Report.

Soil Field Day Set for May 9-10 At Kingsley

The application of conservation methods to land forests for greater returns to land owners and sportsmen will again be demonstrated at the second annual Michigan Conservation Field Day at Kingsley on May 9 and 10 according to Ed Rebman, county agricultural agent.

Federal, State and educational agencies, together with many organizations of farm and sportsmen's groups are cooperating with the Kingsley Chamber of Commerce in providing displays and demonstrations on land use, forest, game, fish and recreational themes related to conservation, according to Harold Stinson, Kingsley, General Chairman.

Cooperation of commercial companies will provide additional demonstrations on equipment and materials from power saws to poison ivy control.

The demonstration area consists of over a section of land in the Kingsley school forest and the certified tree farm of Howard Dunn. A variety of land types and forestry cover includes pine lands, swamps, and hardwood forests. Plantings and management practices followed over a period of the last twenty years provides an abundance of natural displays of management practices for game and forest production. A stream flowing from three large springs within the Kingsley school forest also provides demonstration material of interest to fisherman.

Farm equipment companies are cooperating to provide transportation over the 640 acre demonstration area.

Additions in the program are expected to increase interest in the event this year. Over 4000 attended the Field Day last year.

Many advance reservations have been received from schools. Additional reservations may be made by writing Clare Dunsworth, Kingsley High School, Kingsley. A special guide service will be arranged for all groups making advance registration.

Stairways and ladders should be checked and kept in good repair.

ORCHARD NOTES

By Claude Fairman

While we put on our dormant peach spray for leaf curl last Monday, April 9, it may not be to late now with cool weather not advancing buds.

We use Krenite Mfg. Co. directions and ADN compound. This material does better for us than either sulphur or copper. If you have only a few trees and have not been having curl then it may not be necessary to spray.

We will start to spray for apple scab in about a week or when green tips show on the buds. We use 1½ lbs. Fermate to 100 gallons of water.

Spray thoroughly each week on the same day until well in bloom. You can safely trim fruit trees up to blooming stage. Be sure and cut out all dead or real weak wood.

For young trees, get the bulletin "Trimming Young Fruit Trees" from your county agent's office. It is well pictured out and by following it your trees will not split down when they are older.

Always trim as lightly as possible as trimming stunts the tree and in some cases and over a length of time, will cut down your yield, also size of fruit.

Heavy trimming on one year will very often cut your yield lightly each year. When in douht for several later years. Trim don't cut.

Get the bulletin "The Thin Wood Method of trimming". Sweet cherries require little or no pruning. Sour cherries after tree is shaped first two or three years and then just trim out the fine weak wood in lower center and from that on as lightly as possible.

On peaches, shape so they will not split down the first two years and then do not trim at all until they come well into bearing. At that time the peach tree needs considerable pruning every year.

They replace wood very fast and only bear on new wood that was grown the previous year. Or, 1951 peaches will be grown on wood grown in 1950. Old apple trees can stand more trimming than young ones.

After apple trees are 10 years old he careful not to grow to fast or trim too much on account of fire blight. Say 10 to 15 years is the delicate period. After apples are 25 years old slightly more pruning can be done safely.

Attend Funeral

Conrad Klooster, John and Hattie Bos, Martin Elzinga and Mrs. Alice Nyland attended the funeral of Mrs. Jennie Elzinga of Dyer, Ind., last Saturday.

all set for good disceing

No. 9 DISC HARROW and the Model B

Here is a combination for good tillage. The Model B Tractor and the No. 9 Disc Harrow, a favorite on farms throughout the nation. Look at these harrow features:

Flexible links connect the rugged frame directly to gang bearings, permitting each gang to move up or down independently of the others.

Natural line of draft — straight pull from bearing through hitch gives smoother work and less strain on disc harrow.

Front and rear gangs angle entirely independently of each other — eliminates ridges and furrows in the seedbed.

Get ready for better, faster farming. Let us show you the A-C No. 9 Disc Harrow, available in sizes from 5 ft. to 8 ft.

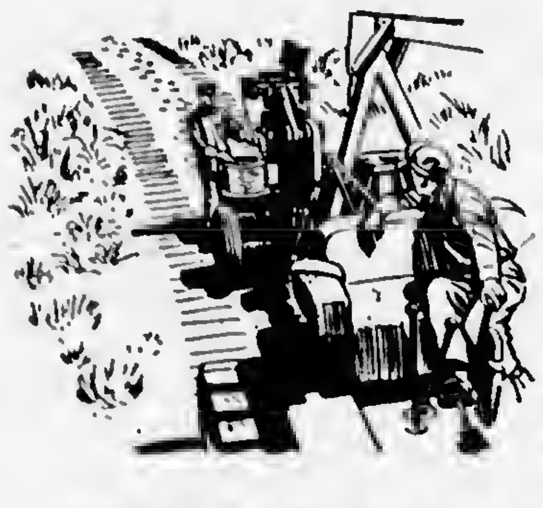
Peach growers profit from new, hardy, early-ripening variety

Peach growers who long have wanted an early-ripening fruit that would ship well are profiting from the new Fairhaven peach. This variety is the fourth peach developed at the South Haven substation of the Agricultural Experiment Station of Michigan State College. It is designed for the market period after Redhaven but before Halehaven, Kalhaven and South Haven. The new Fairhaven features a hardy bud that is resistant to cold and fog, and a fruit that is firm and ships exceptionally well. When ripe, it is freestone. Growers interested in a sturdy, early-ripening peach can get further information by calling, writing or visiting their County Agricultural Agent.



Plow Speeds Farm Telephone Service

A specially designed plow is used to bury wire along roadsides for telephone service in rural areas where this type of construction is less expensive than building lines on poles. The plow leaves no trench . . . buries the wire in a single operation. This is another example of telephone efficiency working for you . . . speeding construction of more rural telephone facilities, and helping to keep cost of service low. It's one of the reasons why the proportion of farmers with telephones in Michigan is among the highest in the nation.

Short, Easy Turning with the DEARBORN Spring Shank CULTIVATOR

Dearborn FARM EQUIPMENT

Drop in or phone. We are headquarters for Ford Tractors, Dearborn Implements, genuine parts and expert service.

Ford TRACTOR

Mount this cultivator on a Ford Tractor and you have an outfit that will really turn short at row ends. Automotive steering and Duo-Servo type brakes on the Ford Tractor make the difference.

You get faster, easier cultivating in many ways. Ford Tractor Hydraulic Touch Control lifts the cultivator at the end of each row. No heavy levers to pull. And this one piece Dearborn Spring Shank Cultivator can be attached to the Ford Tractor, or detached, in 60 seconds or less! Makes it easy to change to mowing or other jobs.

All-Out Food Production Is Asked in 1951

All out food production is urged by the U. S Department of Agriculture and is being repeated by farmer's organizations, garden clubs and others interested in producing more food during this world crisis.

A good home or farm garden can produce enough vegetables to use fresh and to have some for canning or freezing. An established garden should also supply all the small fruits a family uses in a year.

The garden needs a careful planning from the selection of the varieties to the final preparation of the vegetables or fruit for the can or freezer locker.

Now is the time to make up the list of seeds needed and select the varieities suited to the family's needs.

There are some new varieties that are recommended for trial. A new hybrid sweet corn Iochief, outyields the present leader Golden Bantam. Other varieties are Marcross. North Star, Carmelcross. Golden Cross Bantam. Golden Midget has ears 4 inches long and grows on a stalk 30 inches high. One fourth pound seed plants 100 feet of row or 1 lb. plants about 200 hills.

Pop Corn — Menhybrid 250 is a white hulless popcorn superior to the Jap Hulless.

Cucumbers — A hybrid cucumber, surecrop resists mosiac and downy mildew. Other varieties are straight eight and A and C, both for slicing. For the small garden there is the Minnesota Dwarf "Cuke" X11. The vines grow about two feet long and produce blunt 4 inch fruit suitable for pickling. One ounce will plant 50 feet.

• • •

TOMATOES — Wisconsin 55 is an early heavy yielding variety. Longred is a midseason variety that has no green shoulders and does not develop cracks on the shoulders. Valiant and Early Wonder are early varieties.

Snap Green Beans — For an early variety choose Top Crop. It is mosiac resistant. A midseason variety resistant to mosiac is Rival. One pound plants 100 feet of row. -

The ground for the garden should be prepared early as possible so the cool season crops of radishes, peas, head lettuce and early potatoes may be planted early.

The garden should be well fertilized with barnyard manure and with commercial fertilizer.

Garden crops respond best to commercial fertilizer when it is placed in bands and in trenches alongside the row about two inches away and at least two inches deep. Use 1 pound of fertilizer such as a 3-12-12 for 100 feet of row.

Garden crops like beans, cucumbers, tomatoes, eggplant, peppers and other warm season crops should not be planted until danger of frost is past.

Insect and disease control is important. It is necessary to have a poison or fungacide on the plant ahead of the pest or disease. One can select a commercial dust or spray that contains both a poison and a fungicide and by following directions that come with it achieve a good control of both insects and diseases for which the spray or dust is designed.

Children Warned of Kite-Flying Dangers

Division Manager B. D. Hilty of Consumers Power Company today voiced his annual warning to kite-flyers: Be careful!

Mr. Hilty said children should remind each other and be reminded by their parents and teachers that flying kites can be a dangerous — and fatal — pastime.

He said no kite flyer, under any circumstances, should equip his kite with copper or wire string or with string in which aluminum foil is intertwined — such as gift-wrapping ribbon — lest his kite string come in contact with high-voltage electric wires. If this happens, electricity conducted by the kite wire could easily kill the kite-flyer.

"The recent accidental death of a Saginaw school boy, whose kite was equipped with copper wire instead of harmless string, is a grim safety lesson," Mr. Hilty said.

UNSURPASSED
in the ½- to 2-ton truck field!

TALK about power! These great new GMC's are *unsurpassed* in horsepower in the ½- to 2-ton field—power to keep hauling years longer! But new engines are only part of the story.

From the rims up, these GMC's are truck-engineered to stay young throughout the uncertain years ahead. You get proof in feature after feature from individual models—things like wider Twin-Action hydraulic brakes, heavier axles and longer "pillow-action" springs.

Yet extra quality is standard GMC equipment. You pay no "extras" for such things as easy-turn steering with recirculating ball-bearing action, the Ventipane-controlled ventilation of the Weather-sealed "Six-Footer" Cab—Turbo-Top pistons that develop higher power without "knock" *even when using standard-grade gasolines!*

So come in. Select from the widest range of engine-body-chassis combinations, 9 smart new colors. Drive out in a rugged '51 GMC! You'll know it will take you farther, cost less to run—*because it's built to last like the big ones!*

BOOST GRAIN YIELDS AS MUCH AS 30%

Fertilize as you Plant with a JOHN DEERE - VAN BRUNT Grain Drill

Extensive tests indicate that drilling fertilizer in the row may boost grain yields as much as 30 per cent. You, too, can enjoy bigger grain yields by fertilizing as you plant with a John Deere-Van Brunt Model "FB" Grain Drill.

This dependable drill cuts planting time in half. It drills with dependable accuracy at 6 M.P.H. . . . in favorable conditions . . . and can be transported 15 M.P.H. or faster on highways. The new low-wheel design and automotive-type wheels make possible smoother, faster travel.

The faster-acting power lift and short turning radius make it easier to do a good drilling job. The welded-steel frame, crank-type axles, direct-reading land measurer and the non-spill box covers are important new features you'll really appreciate.

Get complete details about this new low-wheel fertilizer grain drill. You'll like it! See us soon.

Group Speeds Plans For Vote on New High School Building

Plans for a new school building received fresh impetus from several hundred persons attending the Open House program at the school Thursday night.

By an almost unanimous count of hands, the group urged the board of education to speed plans for a new high school on the present site plus adjacent property.

Action by the group came after a discussion of what was needed to accommodate high school students who are cramped for space in many classes.

Those attending the Open House heard Dr. L. E. Vredevoe, director of the University of Michigan Bureau of School Services, say that "Boys and girls here are being shortchanged because of inadequate physical facilities in the school."

WHILE PRAISING the teachers and the school administration for an outstanding job, Dr. Vredevoe bluntly warned local parents that their children's education is being "shortchanged" because of inability of the school to expand its program because of the "antiquated school."

The educator called attention to the glaring lack of space for commercial teaching, cramped quarters for the shop, music department and science laboratories and no space at all for an agricultural program.

"Don't let your children be shortchanged", he said. "The only investment you have in the future is your children. Their preparation for the critical times ahead makes it all-important for their receiving a top-notch education. With an expanding curriculum, made possible by larger physical facilities, it should not be necessary to have students enter business schools for commercial courses."

He said that the community has provided good elementary school rooms and facilities. You have a good start here but it should be carried through the entire 12 grades." Dr. Vredevoe declared.

Dr. Vredevoe asserted that it is a tribute to the community to have such a good faculty. "As a whole your faculty compares with the best in the state", he said. "You have invested in good personnel. There are a number of teachers here who have had outstanding careers.

HE SAID THAT it is a shame that the gymnasium is idle much of the time because the music department has no facilities of its own. More students should be given physical education. He gave warm praise to the music department and its director for overcoming a physical handicap.

"Your shop and laboratories are woefully inadequate", he said. "The children should have a real opportunity to develop shop skills."

Bonnie Nickerson pointed out that in 1950 the school district residents paid $17,000 in taxes. This was only a small part of the $158,000 total income of the school.

Those attending the meeting appeared well-agreed that the board should think in terms of planning a complete high school building minus the gymnasium.

It was pointed out that the school board is likely to prepare plans and estimates and then ask the voters to decide on it in July.

District Meeting for Button Group Held

A meeting of the members of the Sixth district of the Michigan Button Society was held at the home of Mrs. Zada Munyon Saturday.

The topic was Kate Greenaway, her life and art work, and the different designs taken from her art work and reproduced on buttons.

The next meeting will be held at Bear Lake. The Kate Greenaway topic will be continued at that time.

The Sixth district is composed of Cheboygan, Emmet, Charlevoix, Antrim, Grand Traverse, Leelanau, Benzie, Otsego, Presque Isle and Kalkaska counties.

Lions Speaker

Edward H. Paine, president of the Lions International and a ranking dignitary of the organization, will present the charter to the Lions club at 7:30 p.m. Thursday (today) at the Argonne. Some 250 Lions and guests are expected. John Schroeder is chairman of arrangements.

Five Men Will Be Inducted From County In May

Charlevoix county will be expected to send five men for induction into the army May 23, the local draft board has been notified by state Selective Service headquarters. The May draft call had previously been cancelled.

The names of the five men to go late next month will be announced following a draft board meeting late this week.

City May Add Fluorine to Water

* *

Council Will Act on Matter On May 7

Charlevoix is seriously considering the addition of fluorine to the city's water.

It was decided at the council meeting Monday night to take action on this matter at the next meeting, after a full consideration of the advantages of fluorine in retarding tooth decay.

Mayor John Knight estimated it would cost the city less than 10 cents per capita to add fluorine to the water here. A large number of communities in the state are considering similar action.

Quoting from a national magazine, the mayor said the addition of fluorine in drinking water has reduced decay by one third in young children over a six-year period. According to authorities, tests with water treated with fluorine have been conclusive.

• • •

KNIGHT estimated it would cost upward of $500 a year for the city to treat its water with fluorine.

The annual spring cleanup in Charlevoix has been set for May 7-12. Residents are urged to have their robbish at the curbs in containers during the week and the city trucks will make daily pickups.

Applicants for apprentice fire chief may obtain applications at City Comptroller Don Swinton's office.

Attempts are being made to acquaint more volunteer fire fighters with the city's equipment and to provide Fire Chief Charley Marshall with adequate assistance. Marshall is recovering at home from his accident. He becomes eligible to retire in July, 1952.

The announcement of the hiring of Tip Reilly as a clerical assistant to Don Swinton evoked several questions from Alderman Charles Bellinger. He questioned the necessity of adding another person to the payroll.

In reply, Swinton said that the clerical help has been reduced since he first went to work for the city seven years ago. Meanwhile, he said the book work and other responsibilities have more than doubled.

IT WAS pointed out that Miss Marjorie Webster who formerly worked at the city hall is needed in the utilities office at the light plant.

Bills totaling $7,198.81 were approved.

Judges Praise Charlevoix Band, Leader

Of the Charlevoix high school band and its director, C. A. Odmark who won a First Division rating in the State Band and Orchestra Festival at Ann Arbor Saturday, one critic had this to say: "Any school could and should be proud of such a fine band, they show intelligent preparation and superior leadership."

It was these qualities which won for the bends its second consecutive top rating in five years of participation in the annual festival.

Other comments were highly technical and were meant for the improvement of the band.

• • •

THE LOCAL musical group was one of six Class C bands to win the First Division rating out of 35 bands entered in that class. The other top winners were: Fraser, Fowlerville, Pigeon, Watervliet and Hudsonville.

To win its first division, the Charlevoix band received two I ratings and one II rating in concert work and a II in sight-reading which gave them a final rating of I.

• • •

ADJUDICATORS were Charles Gilbert of Athens, Ohio, Leonard Meretta of Western Michigan College, Kalamazoo, Orien Dalley of the University of Michigan, Ann Arbor, and Norman Dietz of Central Michigan College, Mt. Pleasant.

In describing the meaning of the five ratings the top division is listed thus: Division I will represent the best conceivable performance for the event and the class of participants being judged and worthy of distinction of being recognized as a first-place winner.

• • •

ALL MEMBERS of the Charlevoix band will be eligible for medals which are awarded annually to top division winners.

Other northern Michigan bands receiving honors were the Traverse City band and orchestra who received first division ratings in Class B and Alanson who were entered for the first time and who received a second division rating in Class D.

A First Division Rating for the Second Year In Row

Charlavoix High School's Winning Band

Phone Company Bids for Boost In Rates; Hearing to Be May 14

The Michigan Bell Telephone company joined the parade to abolish the nickle pay station call.

C. L. Johnson, manager here for the company, announced that 10-cent pay calls will be included in an application to be filed by Michigan Bell with the Public Service Commission May 14 for a rate increase to raise revenues 17 per cent, or $30,000,000 a year.

He said the rate boost would amount to less than 3 cents a day for most residence telephone users here.

Johnson said the rate increase "is urgently needed to help the company meet the mounting costs of doing business, including higher taxes, wages, and costs of materials, and to assist it in providing the service the state will need during the national emergency."

ONE OF THE last survivors against the tide of inflation, the 5-cent charge at public telephones has remained undisturbed since the organization of Michigan Bell in 1904. In proposing to abandon it, the company follows a national trend. Ten-cent charges are in effect in New York, Minnesota, Illinois, and certain cities in South Dakota and Iowa.

Application for the higher charge has been made in New Jersey, Idaho, and on the Pacific Coast. Michigan Bell estimates the increased pay station charge would raise revenues $2,600,000 a year.

Under the application, monthly increases for the various types of service at Charlevoix would be as follows:

• • •

RESIDENCE service: Individual-line, $1; 2-party, 75 cents; 4-party, 75 cents; rural, 75 cents; extension telephones, 15 cents.

Business service: Individual-line, $1.50, 2-party, $1.25; rural, 75 cents; extension telephones, 25 cents.

Long-distance rates would remain unchanged.

Johnson said that Michigan Bell has been in a "continuous financial squeeze since World War II between inflation and the time lag in obtaining rate relief," citing the year and a half delay in getting the rate increase of last June.

"Unlike most industry, we have had to operate under higher costs for many months before additional revenues could be obtained. Furthermore, those revenue increases have never caught up with the postwar rise in our costs.

"In payrolls alone, not counting all the other rising costs of doing business, general wage increases have added $40,000,000 more a year to the company's expenses than 10 years ago, includ-

(Continued on page 12)

Kiwanis Hears Loomis Speak On New College

The community college at Traverse City is expected to open next fall, Glenn Loomis, superintendent of schools there, told the Kiwanis club Monday night.

Speaking at a ladies night program, Mr. Loomis, former principal here, related the progress of plans and said that the college will offer two years of basic college. Credits will be accepted on transfer to all other colleges in the state, he said.

He predicted that the community college will enable young people to obtain two years of college training without going to the expense of enrolling in a downstate college.

The proposed college will operate on a term system, similar to Michigan State's.

The college at Traverse City will offer additional training in shop work, agricultural and commercial fields. Mr. Loomis was introduced by School Superintendent Roy G. Bennett. Club President Gordon L. Freedman presided.

Rites Tuesday For Mrs. Gornell, Norwood Woman

Funeral services for Mrs. Margaret Ann Gornell, 67, wife of Howard Gornell, Norwood township farmer, were held at the See Funeral Home Tuesday with the Rev. Robert Moore of East Jordan officiating. Burial was in Brookside cemetery.

She died late Saturday at the Charlevoix Hospital after suffering a stroke earlier in the day.

Born in Charlevoix Aug. 9, 1883, the former Margaret Ann Clark was married to Mr. Gornell March 11, 1905. They always made their home in the Barnard district.

She was a member of the Barnard Methodist church and was active in church circles.

Besides her husband she is survived by three daughters, Mrs. Anna Left of St. James, Mrs. Minnie Root and Mrs. Margaret Gennett of this city; a brother, George Clark of Charlevoix; two sisters, Mrs. Elizabeth Rinehart and Mrs. Adeline Hausler and her step-mother, Mrs. Minnie Morris, all of this city; 13 grandchildren including Billy Mayer jr. of Stockbridge whom she reared and one great-grandchild.

Gordon Neff Heads Industry Group Here

Gordon Neff was elected president of the Charlevoix Development Corp., to succeed Mayor John Knight who resigned, at a meeting last Thursday night.

Mayor Knight remains on the board of directors of the organization. Neff was elected a member of the board to replace Carl Kohler who resigned from the board.

Motorists who try to burn up the road often land in the cooler.

Local Thinclads Face Petoskey And Soo Friday

Charlevoix thinclads last week managed to sandwich two practice meets with outside teams between the snowstorm and cold weather.

On Tuesday the local track and field men competed against East Jordan, Central Lake and Ellsworth. Friday saw Cheboygan, Harbor Springs, East Jordan and Charlevoix in a four-way meet which is giving the Rayders plenty of practice for the competition they'll meet during the next few week-ends.

Friday the Charlevoix squad will travel to Petoskey to meet the Northmen and the Soo squad in a triangular meet.

Meets scheduled include the Central Michigan Relays at Mt. Pleasant May 5; the northern Michigan Class C meet here May 12; regional meet at Cadillac May 19 and the state meet at Lansing May 26.

Despite cold, windy weather, Coach S. E. 'frish' Coleman's lads are practicing every night at Kipke Field.

He Has Hauled a Lot of Mail . . .

Jess Smith Calls It Quits After 32 Years

Photo By Louis McKenzie

Jess Smith (left), who has retired after carrying the mail to the railroad station for more then 32 years, was honored recently at a dinner given by the postoffice employees at the K. P. hall. Pictured are: Postmaster J. M. Foster (center) presenting a gift from the group to Mr. Smith while his successor in the job, Lawrence Supernaw, looks on.

By Fran Martin

After more than 32 years of meeting all mail trains which came into the Charlevoix station and carrying mail to and from the station in all kinds of weather, winter and summer, Jess Smith has decided to call it a day.

There have been countless trains and countless bags of mail since he first contracted to carry the mail Jan. 31, 1919 under the late T. G. Finucan, who was postmaster at the time. Since that time he has served under the late George W. Weaver, C. B. Meggison and J. M. Foster.

When he started the job in 1919 he used a horse-drawn dray most of the time but if the load wasn't too large he carried it in a Ford roadster which had been converted to a truck with a small platform on the back. He had acquired this in 1913.

During the winter months horse-drawn sleighs were always used. It was in the late '20s before the streets were plowed for winter driving and it was possible to use a truck.

• • •

BUT WHEN Mr. Smith took the contract to haul the mail for the Post Office Department, meeting trains and hauling things were nothing new to him. He started a draying service here in 1907, a year after he was married and when he was 24 years old.

(Continued on page 6)

Pvt. Francis E. Left, stationed at Fort Knox, Ky., visited briefly with relatives here enroute to Beaver Island to spend a short time with his grandparents, Mr. and Mrs. Frank Gillispie.

Coming Events

April 26—Etha Nagler circle will meet with Mrs. Luther Hannah, E. Upright ave. at 2:30 p.m.

April 26—Isabella Thoburn circle will meet with Mrs. Eugene Lewis, W. Hurlbut ave. at 2:30 p.m.

April 28—J-Hop at Charlevoix gymnasium

April 28—Charlevoix J-Hop.

April 28—Bake sale at the Quality Food Store by the Guild of Lutheran Women.

April 30—Special meeting of the OES at 8:00 p.m.

Community Must Support Traffic Safety Drive

The announcement that a two-week traffic safety drive will be held in Charlevoix should result in wholehearted co-operation of all concerned.

The drive, sponsored by the Kiwanis and Lions clubs, was proposed in co-operation with the police and local garages to make certain that all local cars are in good mechanical condition, relative to brakes, lights and other safety features.

The project will be similar to traffic safety campaigns in other cities where motorists are checked for brakes, lights etc. If the car is found in good condition insofar as its ability to stop within a normal distance and other checks are approved, an OK sticker for the windshield will be issued.

While the drive is aimed to check cars whose saftey features may be defective, it is also being staged to focus attention on driving safely and obeying traffic rules.

While traffic conditions here may not be much different from those in other communities of comparable size, there is usually a great number of motorists who slow down instead of coming to a complete stop at stop streets and who exceed the speed limit much of the time.

It is hoped that the traffic campaign will serve the purpose of reminding motorists to drive more carefully and to pay close heed to traffic signs.

This traffic problem is one which becomes more serious by the day in this state and nation. As more motorists swell the highway traffic, the problem becomes more acute.

One never knows when this traffic problem hits one's family. It is not always that the traffic mishap involves someone else. Some accidents are unavoidable but many can be averted by cautious driving and obeying all traffic rules.

The traffic campaign requires the co-operation of every motorist and pedestrian if it is to be successful. The Kiwanis and Lions clubs are lending their efforts to help the police stage the drive. But the support of the entire community is needed as well.

Need Grows Daily For New Hospital

The drive to raise funds for Charlevoix's new hospital is gaining renewed impetus.

Leaders and workers are stepping up efforts to raise an additional $90,000 by September 1, 1951. Already $110,000 has been contributed or pledged.

While it is a formidable task which again will mean a great effort on the part of solicitors and campaign leaders, it is readily agreed that the sum can be raised, provided the community as a whole in and near Charlevoix gets solidly behind it.

Every day brings additional reasons why the present hospital has to be replaced by a modern, efficient building. One of the chief reasons is that the hospital has been crowded more in the last year or so than it ever has in its history.

In former days, the hospital was crowded to a certain extent in the summer months when the city was jammed with visitors. Now the hospital is jammed during the winter months when the population is at a low ebb, so to speak.

During the last several months, there have been occasions when patients were put in halls because there were no more rooms. Every bit of space has been used to accommodate a record number of patients.

The hospital has no lobby for visitors as the room opposite the office has been pressed into service as semi-private room. Persons requiring private rooms have had to be shunted to wards because there are no private rooms available.

This condition at the hospital is not temporary. Nearly every hospital in the nation is reporting a record caseload at present and indications are that the patient load will be on the increase.

More residents are taking out health insurance than ever before. Blue Cross reports an amazing growth.

This can mean only one thing, bigger and better hospitals are needed.

The drive for a new hospital here has been long and arduous. Disappointments have been many. There will be more. But the perseverance of a small number of hospital advocates who refuse to give up, will win out.

To raise the additional $90,000 will mean that those who have not yet pledged to give will have to see the light and others who have given already, may have to increase their gifts.

It will take a lot of work and a lot of giving.

But it can be done if the community as a whole will lend an ear to the great need for the new hospital.

Voice of Our Readers . . .

Dear Mr. Editor:

Bill received this morning and here is my check for ensuing year of the Courier. Very few people whom I knew when I was editing the paper, are mentioned in the news items now-a-days, and there is really not much sense in my keeping up my subscription, but as a matter of sentiment to my old paper and old town, guess will keep on as long as I can write checks.

I imagine I have been a reader of the Courier longer than any others now on the list, as started reading it (by reading proof on my own copy) in May of 1890.)

You are making a good paper for the farm readers, but the local news portion is not as good as it was when you first took over the publication. That is my only criticism, and who am I to tell you how to run your own paper?

Very sincerely yours,

Will E. Hampton.

Clean-up Time

'tis the time of year when everyone feels like doing housecleaning. To help promote this spirit, the city will lend a hand by picking up rubbish and what-not. No ashes please.

City employees will pick up your tin cans and rubbish as part of the annual clean-up week May 7 to May 12.

Please place all rubbish at the curb . . .

Trucks will make daily pickups but residents are urged to put their rubbish at the curb early in the morning to help facilitate the handling and as well as reduce expense to the city.

This is the Clean-Up Time you have been waiting for. Lets make the most of it . . .

City of Charlevoix

Rubbish should be placed in containers. But please don't use barrels as some people did last year.

17-18x

ODDS 'N ENDS

By Fran Martin

Our little old band did a bit of all right at the state festival, don't you think? . . . Another first division rating to be tacked up with the others . . . It's a fine compliment not only to the youngsters who work so hard but to their director, C. A. Odmark, who simply does wonders with them . . . How's about telling those kids and Mr. Odmark, too, how grand you think they are . .

• • •

IN CASE you're one of those people who feel that there's nothing in the line of sports to enjoy now that football and basketball are over, how's about making a trip to Kipke Field and looking at the track team . . . That's nothing but hard, hard work and everything you win is a personal accomplishment . . . And if you've wondered why we have consistently good teams of all kinds, There's the place to look . . . little kids, some of them of pre-school age, running around the track with the 'big boys' and trying their hardest to accomplish feats like the high school lads . . good training for them . . . we'd say. And it's a good place to spot future athletes in other lines . . we've been told about several that we're going to keep an eye on . . .

• • •

HAVE YOU HEARD . . there's new seats at the theatre . . . We haven't seen them yet but we understand from those who have that they're plenty comfortable . . so to those of you who've been wishing for more comfortable seats, you're wish has come true . . Better come down one of these nights and try them out . .

Did you know that the Albert Schaerers, who have a summer home on Lake Charlevoix, are sailors? . . . neither did we until we received a clipping about them and their cruiser, Markay, from the Fort Myers, News Press recently. Seems they go south, board their boat, a 40-foot Mathews cruiser and proceed to travel . . Their address is Stuart, Fla., . . . but that's only for mail . . And the boat, that's really something . . . built of mohogoney throughout, with a main salon, two staterooms, crew's quarters and equipped with a Duo-Therm heating unit . . . Looks like they don't trust that southern climate.

• • •

IF YOU'RE good on mysteries we have a real one for you to work on . . . a dollar bill with the inscription "Jimmy in Korea Oct. 4, 1950, Ascomcity" turned up last week . . . Mrs. Larry Swenson received it in change at the grocery store and it had been seen at the bank earlier . . Everyone's trying to dope out how it got to Charlevoix from the Korean war front . . . if you have an answer to it, how's about letting us in on it? . . .

• • •

TALKED TO Joe McGinnis, another Beaver Islander who was enroute home after spending some time at Grandvue Hospital . . . He had nothing but good things to say about the place . . . how kind the staff is to the patients. . the good food, the care, the interest that Mrs. Hilda Hartlep of Boyne City, superintendent of the hospital and her workers have in all the patients . . . He wanted us to know it was a grand place to be able to go to if one had to be hospitalized . . . In fact, he liked it so much he's going back to work there as a maintenance man . . . So he must have liked it a lot . . .

BABY TALK

Births recorded at the Charlevoix hospital recently include:

A daughter, Marilyn Jean, born to Mr. and Mrs. Warren Bennett of East Jordan April 17.

A daughter, Anna Marie, born to Mr. and Mrs. Simeon Perron April 18.

A daughter, Gail Ann, born to Mr. and Mrs. Lawrence Elzinga of East Jordan April 21.

A son, Michael John, born to Mr. and Mrs. Cecil Murray of East Jordan April 22.

Dr. and Mrs. Ray Faulkner of Stanford, Calif., announce the birth of twin sons, Patrick Key and William Whitcombe, April 13.

Cancer Drive Gets Underway in Area

Fund campaign workers for the American Cancer Society are knocking on doors this week asking for your contribution to the fund drive which started last week.

Solicitations are in charge of the following ward captains named by Mrs. Mildred Petersen, city chairman: north side, Mrs. Rex Davis; valley, Mrs. Margaret Miller; south side, Mrs. Walker Miles.

Mrs Joseph Arvilla is in charge of orgination solicitations.

Mrs. Ray Cull is general chairman of the drive on Beaver Island.

You can save yourself a lot of trouble by not borrowing any.

I See by the Courier . . .

• Mr. and Mrs, Bud Gebeau and daughter, Sherri, returned to Midland last Thursday after spending several days with their parents, Mr. and Mrs. Harry Gebeau and Mr. and Mrs. Walter Taylor.

• Mrs. Nellie McCafferty has returned to her home on Wood st. after spending the winter with relatives in Frankfort and Muskegon.

• Mr. and Mrs. P. R. Ross returned home Thursday after spending the winter at Holly Hill, Florida

• Mrs. Charles Spare of Detroit visited from Tuesday until Sunday with her son-in-law and daughter, Mr. and Mrs. Robert Goss. She returned with her brother-in-law and sister, Mr. and Mrs. Arlo Crites, also of Detroit, who spent the week-end here.

• Mrs. A. M. Allard left Friday for a week-end visit at Mt. Morris with her son-in-law and daughter, Mr. and Mrs. Lewis Skeel.

• Mr. and Mrs. Frank Milward have returned to their Ironton home after spending the winter at Tucson, Ariz.

• Mrs. H. R. Fowler returned home Saturday from Benton Harbor where she spent the winter months with her son and daughter-in-law, Mr. and Mrs. Forrest Fowler who brought her home and remained for the week-end.

• Mr. and Mrs. A. C. Mort spent the week-end at Great Lakes, Ill., where they visited their son, Don, who is stationed at the U. S. Naval Training Station there.

• Mrs. Bertha Styles and son-in-law and daughter, Mr. and Mrs. Robert Grauman of Kalamazoo spent the week-end at the home of Mr. and Mrs. Versal Seymour.

• Warren Duplessis who spent the winter at Lake Wales and Haines City, Fla., returned home last week. His parents, Mr. and Mrs. Joseph Duplessis who were in Flint for the winter also have returned home. They visited briefly at Grand Rapids, Muskegon, Central Lake and East Jordan enroute home.

• Mr. and Mrs. Charles Heise spent the week-end in Flint with their son-in-law and daughter, Mr. and Mrs. Don Jadwin.

• Mr. and Mrs. John Norton and Mrs Clarence Rabach were in Grand Rapids Monday where Mr. Norton attended a Standard Oil meeting.

• Mrs. Mabel Graves and son, William, returned home Saturday after spending the winter in Phoenix, Ariz. They made a trip to the west coast before returning to Michigan.

• Valeria Ripley has returned to southern Michigan after spending the week-end with relatives here. On her return she was accompanied by her mother, Mrs. Florence Ripley who will spend a week with her at Milford and Detroit.

• Diane Laurent arrived Sunday from Cadillac to spend a month with her grandparents, Mr. and Mrs. Edward Olach. Her mother, Mrs. Robert Laurent, brought her here Sunday and returned to Cadillac.

• Mr. and Mrs. Floyd Olney and family of Cadillac spent Sunday with relatives here.

• Mr. and Mrs. Harry Gebeau and Mr. and Mrs. Ralph Roberts were in Grand Rapids Saturday to attend the Shriners' entertainment at the Stadium there.

School Group Attend Rural Teachers Meet

The annual conference of the Michigan Rural Teachers Association was held at Houghton Lake last Wednesday and Thursday.

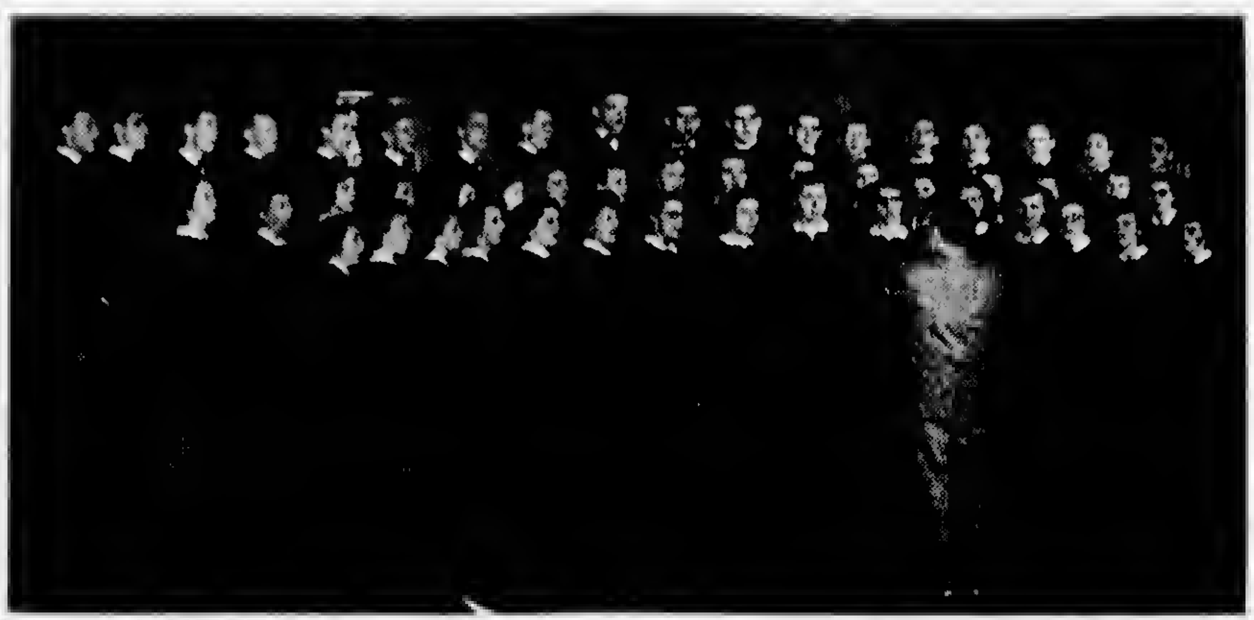
Among those from this area who attended were Mrs. Catherina C. Bergeon, county superintendent of schools, Janice Hoyt of the Norwood school, Mrs. Gildie Sommerville of Ironton, Mrs. Blanche Paul of the Murray school, Mrs. Mildred Coblentz of Bay Shore, and Mrs. Florence Moeller of the North Bay school.

Dr. Nettleton Chosen SPEBSQSA Leader

Dr. D. C. Nettleton of Manton, former well-known resident in Charlevoix, was appointed temporary president of the Cadillac chapter of the SPEBSQSA at a recent organizational meeting.

About 150 members from northern Michigan chapters attended. Several from Charlevoix attended including the Saturday Nighters quartet.

Baptist Seminary Choir in Concert Here Sunday



The choir of the Grand Rapids Baptist Theological Seminary and Bible Institute will present a sacred Concert Sunday, April 29 in the First Baptist church at 3 p.m. The 40-voice choir is touring the mid-western states during Spring Recess. Featured in addition to the choir will be the male quartette, and the ladies' sextette. Prof. Joseph Balbach, B. M. S. is the director. Everyone is invited.

Cinderella Theme To Be Used for J-Hop Saturday

The story of Cinderella and her Prince Charming in life-sized paintings will decorate the high school gymnasium Saturday for the annual J-Hop sponsored by the junior class of the Charlevoix high school.

The traditional party will honor the graduating class of the high school.

The decorating committee has been busy for weeks making tiny flowers which will also be used on trellis to transform the gym into a fairy story for the dance.

• • •

MEMBERS of the committee as appointed by Virginia Smith and Charles Krahnke, co-chairmen for the event, are Tom Bleha, Victor Gibbons, Gerald Left, Ted Browe, Bud Barber, Norman Ketchman, Frank Lagerman, Doris Nielsen, Donna Ball, Nancy Ikens, Dorothy Allers, Jon Henry, Carolyn Smith, Leona Scott, Darlene Coatta.

Refreshments which will be served are being planned by Pat Mort, chairman, Kay Cunningham, Helen Moore, Elizabeth Richardson, Charles Donaldson.

• • •

MUSIC FOR the semi-formal affair will be by Freddy Gleason and his band from Traverse City. Tom Bleha and Victor Gibbons headed the committee.

Barbara Bice is chairman of the bids and program committee and is being assisted by Betty Gill, Margaret Poole and Maudelaine VerWys.

Becky Badger is chairman of the advertising committee and is assisted by Janice Zeitler, Donna Sommerville, Marilyn Bulow, Lois Buddy, Elaine Wojan, Richard Wells, Nathan Boss, and Bob Lanxwiler.

Anyone wishing a bid to the hop may call the school or contact Margaret Poole or Maudelaine VerWys.

Capt. and Mrs. H. E. Paddock, Mr. and Mrs. Leslie Ball, Mr. and Mrs. Delbert Terrill and Mr. and Mrs. Uno Suomela are chaperones for the party. Mr. Terrill and Mr. Suomela are class advisors.

Red Cross Drive At 80 Per Cent Mark In County

In the face of extraordinary need for services to the rapidly expanding armed forces, the American Red Cross has called upon its county chapter to continue their current fund campaigns until all local goals are met.

The quota for Charlevoix was set at $1,000 and to date only $752 has been contributed East Jordon is the only city in the county to raise its quota. Boyne City has $810. The total for the county is $2,744 or 77% of the total goal of $3,550.

In a resolution extending the drive the Board of Governors said "heavy immediate and continuing demands" were placed on the Red Cross by continuation of the conflict in Korea, by the decision to send additional United States troops to Europe and by the greatly increased military requirements for Red Cross blood.

If you have not contributed to the Red Cross drive and want to send your contribution to Walter Bergeon, county fund chairman, to Fran Martin, county chairman.

STOP RUST
and Corrosion in Your Car

Sinclair Gasolines Now Contain
Miracle *ANTI-RUST* Chemical

Carburetors-Fuel Pumps Ruined by Rust and Corrosion
In just six months, one repair shop junked all these fuel pumps and carburetors because of rust and corrosion.

Hidden rust and corrosion in your gasoline tank and fuel system steal power, ruin performance, cause damage and repair expense when you use ordinary gasoline. That's because all gasolines contain water, formed by moisture condensation in your gasoline tank.

But today Power-Packed Sinclair Gasolines stop rust and corrosion. They contain RD-119, miracle anti-rust chemical developed by Sinclair Research.

Get POWER-PACKED Performance PLUS ANTI-RUST Protection at no extra cost. Use new, Anti-Rust Sinclair H-C or Sinclair Ethyl Gasoline regularly.

Charles Greeley is snapped as he comes out of his quarters. He was not half as mad as he appears in the picture which was taken last month in Korea. He is with an artillery battery of the 25th Division.

Combines Pheasant Hunting With Fighting Communists in Korea

War, no doubt, is all that Sherman declared it to be but usually a soldier finds intermitent periods when he can divert his attention to more pleasurable pasttimes than fighting. Herewith are excerpts of a letter from Corp. Charles Greeley to his mother, Mrs. Kenneth Forbes.

Charles is with an artillery battery of the 25th division and at the time of writing the two letters, Mar. 14 and 16, he was located just outside of Seoul in Korea.

March weather and not battles appear to be his big worry in the first letter. He begins, "It sure is a beautiful day here, typical of March weather. I sure wish I were back home today. I would have the top down on the Ford and be out riding somewhere. . . . We had fresh eggs for breakfast, turkey for dinner and baked ham for supper, so you can see we are not starving. In fact, I'm fat as a pig. I ate so much for lunch that it bothers me to walk around . . .

"I'm going to send for a new set of luggage and a new shotgun and then I will have about everything I need."

His next letter, two days later, says, "Am working the swing shift tonight so will get off a few lines. My radio is playing good tonight as I just received some new batteries from Japan. . .

"I guess I wrote and told you I bought an old shotgun to go hunting with. Pheasants (golden species) and dove are very plentiful over here. . . "

In previous letters he has told about going out and shooting pheasants and doves and he says they are delicious eating. He says about the only food that is missing from his wants is cheese. He states it is next to impossible to get cheese unless it is sent by the home folk.

While he apparently is taking conditions as they come, he has home in the back of his mind and he closes his letter with, "I'm still watching the papers and the radio for the 'Rotation Policy' as I should be plenty high on the totem pole.

"How is Ken? Hope his cough is better by the time this reaches you. What do you hear from Gramp and Jerry? Are either of them coming home in the near future?"

Charles is a veteran of World War II and about a year after being discharged he re-enlisted.

Former Resident Is Subject of Picture Story

In the March issue of the Michigan Ostepathic Bulletin is a picture story of Benjamin E. Palmer of Barryton, osteopathic physician and surgeon.

Under the name of "A day of the life of a country doctor" is the story and series of pictures of how he serves the rural area around Barryton, which is located in Mecosta county.

It describes him as the typical country doctors and pictures a typical day from the time he is called out at an early hour to attend an expectant mother, to house calls, a minor operation in his office and a routine day in the office during which time he completes check-ups, examinations, laboratory examinations and treatments. He also pictures his wife, the former Thelma Swanson of this city, who is a registered nurse. She assists him in the office and does the laboratory work.

IN ADDITION to his practice he is active in community affairs.

He is a member of the village council, chairman of the board of trustees of the Church of God, an active member of the Chamber of Commerce and a committeeman for the Boy Scouts.

Dr. Palmer, who is 30 years old, is the son of Mrs. John Funk of this city and the late William C. Palmer. His wife is the daughter of Mrs. Lena Swanson of Charlevoix and the late Edward Swanson sr. They have two children, Benjie, 6 and Michael, 4.

A. E. Mocks Observe 44th Anniversary

Mr. and Mrs. A. E. Mock observed their forty-fourth wedding anniversary Friday at a dinner given by their niece, Mrs. Jessie Short at her home.

Other guests were the couple's daughter, Mrs. Thomas Jackson and son and another niece, Mrs. Esther Radle.

The couple received several lovely gifts.

Charlevoix IN UNIFORM

Telephone calls from Korean veterans who were in Japan on short leave were received by two families here last week.

First to receive a call were the parents of Sgt. Charles Greeley who called twice during his five-day leave from the war front. The first call came as a surprise Tuesday evening to Mr. and Mrs. Kenneth Forbes. The second was on Friday evening when the family had had time to collect their thoughts and ask a few questions. He told his parents he expected to return to the States in about two months if the present rotation plan continues.

Later the parents of Cpl. Andrew Essenberg, Mr. and Mrs. Andrew Essenberg sr., received a call from Andy who was also on a five-day respite from the battle front. Mrs. Essenberg was home alone when the call came through.

Both families are without words to describe the wonderful experience,

• • •

This column is meant for all men and women from Charlevoix who are now in uniform. If you have any news of them, the Courier would like to have you share it with their friends. Whether it's a promotion, a change of address, a furlough or leave or just an interesting letter, it's news-worthy so call 367 so the Courier may relay it to its readers.

• • •

Remember: If you want your man or woman in uniform to receive the Courier, the Charlevoix Service Organization asks only that you leave his or her address at the Courier office and the paper will be sent each week. The expense is paid by funds in the CSO fund. If you'd like to contribute to it leave your donation at the Charlevoix County State Bank.

• • •

Charles T. Bennett, seaman apprentice, USN, of 204 Petoskey ave., Charlevoix, Mich., has reported for duty aboard the submarine rescue vessel USS Greenlet with the Pacific Fleet.

Bennett, who entered the Naval service September, 1950, received his recruit training at the U. S. Naval Training Center, Great Lakes, Ill. Before entering the Navy, he attended Charlevoix High School.

• • •

Lieut. Everett Stenman, who was recalled earlier this month for duty with the Reserves, is now stationed with the public relations division of the army in Milwaukee. He spent the week-end here with his wife, the former Edith Olach, at the home of her parents, Mr. and Mrs. Edward Olach. His days will be filled to over-flowing this week-end with plans for General MacArthur's visit to Milwaukee.

Sgt. Bernie Zeitler has been spending a furlough here with his mother, Mrs. John Zeitler sr. and with other relatives here and in Detroit. He came from Hamilton AFB, Calif., and will report at Great Falls, Mont., when he returns to duty.

• • •

Capt. Kenneth Empey, who returned to active duty with the Army Reserves at Camp McCoy, Wis., April 16, has been called home by the illness of his father, Percy Empey, who is a patient at the Charlevoix Hospital.

• • •

Bud Lewis, A.A., arrived home Monday from Va., to spend a leave with his parents, Rev. and Mrs. L. L. Lewis. He enlisted in the Navy and has been stationed in Virginia after completing boot training at the U.S.N.T.S., Great Lakes, Ill.

• • •

Charles Cross, son of Mr. and Mrs. Ralph Cross, enlisted in the U. S. Navy April 9 and is now receiving boot training at Great Lakes. His address is: Charles Cross S. R. 4332182 Co. 439 Camp Porter U.S.N.T.S. Great Lakes, Ill.

• • •

M/Sgt. and Mrs. Joseph Schwab and daughter, Linda, left Tuesday to visit relatives is Lansing and Detroit before going to Forbes Field, near Topeka, Kan., where M/Sgt. Schwab will be stationed They had come here from Spokane, Wash. after the former had returned from duty in Japan.

S/Sgt. James Eccleston, who has been stationed at Hickam Field, Hawaii, will be transferred to a control tower assignment at Kwajlien for the next three months.

A Beer Hoc[illegible]

From where I sit ... *by* Joe Marsh

You've Got To Hand It To Sandy

Sandy Johnson's wife "Tiny" suddenly asks him at breakfast the other morning "Why don't you build me some bluebird houses?"

"What for?" asks Sandy. "Why for bluebirds, of course" says Tiny. "We always had 'em at home when I was a girl. May sound silly—but I sorta miss 'em."

Well, I know how busy Sandy's been lately and the thought of taking time out to build birdhouses could have made a lot of men blow their top. But not Sandy. He says, "No, Tiny. It doesn't sound silly. I think it's a wonderful idea—we're going to have bluebirds—and I'm starting on some birdhouses tonight."

From where I sit, we could do with more understanding people like Sandy—and Tiny, too. He respects her likings, and she respects his. He likes a temperate glass of beer now and then— and although Tiny sticks to coffee, whatever Sandy likes is O.K. with her. They live and let live—and that's why they live so happily.

Joe Marsh

Michigan Cleaners

Stretches your budget by miles!

3-WAY CHOICE! For "the drive of your life!" Mercury now proudly makes available a triple choice in transmissions. Merc-O-Matic Drive, the new simpler, smoother, more efficient automatic transmission—or thrifty Touch-O-Matic Overdrive are optional at extra cost. There's also silent-ease standard transmission.

Standard equipment, accessories, and trim illustrated are subject to change without notice.

Economy that counts

If your budget's on your mind—get the story on Mercury now! It's a money-saver in the one way that counts—mile-after-mile economy. For proof, look at the record. Mercury with overdrive was first in its class in the Mobilgas Economy Run for the second straight year. This record confirms what every Mercury owner's pocketbook tells him every mile he drives—Mercury costs less to run! See this great *value* car today!

ECONOMY CHAMPION

Looks that last

Mercury's value shows up in Mercury's styling, too. That on-the-move look that stands out in every line of the 1951 Mercury means this car stays modern-looking for longer. Inside, a blend of spaciousness and cushioned comfort. Throughout, soundly engineered, sound-proofed construction. Both long-lived luxury and more miles of good-looking life than you ever imagined are *built* into the 1951 Mercury! See it today.

IT HAPPENED ON ....
BEAVER ISLAND

By Mrs. J. C. Hanley

According to a Beaver Island weather observer, Hugh Connaghan, we are in for at least another week of wintry weather. There's an old saying, "As Easter Sunday goes, so goes the following five Sundays". Easter Sunday, you remember, was more like Christmas, and sure enough, every Sunday since has been cold and gray with snow flurries. Mr. Connaghan said the saying has held true every since he can remember, so folks, just be patient one more week.

The calendar says It's April, so Beaver Island farmers are preparing for spring planting. Patrick Kennedy, who farmed in Ireland until a few years ago, is back behind the plow again turning over the good earth on America's Emerald Isle. "He's happy to be farming again", said Mrs. Kennedy.

• • •

The first trip around the island this spring has been made. Lano McCafferty drove his car around and didn't run into a single muddy trap.

Mr. and Mrs. James O'Donnell have returned from Chicago where they spent several weeks visiting relatives.

Buster Elms spent the past week with his family. He returned Sunday to Ludington where he is working on the car ferry.

Roger Carlisle came to the island on Monday's boat, his first trip up from his home in Indianapolis since he left a few days before Christmas. Carlisle's boat house is coming right along under Gus Mielke's direction.

Bub Burke took the taxi across to Charlevoix to spruce it up for the coming season. When he returned Wednesday, we all thought Bub had a new car, it was as shiny as a new nickle.

• • •

Archie LaFreniere, sr. returned to his island "penthouse" after spending the winter with his daughter and son-in-law, Mr. and Mrs. Russell Pryce, in Ann Arbor. Archie says he is mighty glad to be back, and now we'll be hearing some real singing as we pass along going to the Post Office. Archie always sings when he works and It's good to hear someone so happy as he goes about his chores.

John Ricksgers is back home after a seige in the Charlevoix Hospital. John had an infected foot which became quite serious.

Ray Cull and Chuck Kleinhinz were on the mainland last week.

Peter Johnson is back on the farm after spending the winter months in the village.

• • •

Gus Mielke's mill whistle blasted away Wednesday and the wheels of industry started moving for the first time since last fall. The area around the mill is beginning to fill up with logs once more which means more hardwood going to market from the island this year.

Ted Danaj of Detroit spent several days on the island as the guest of Mrs. Bill McDonough and daughter, Bertha.

Karl Erber came across from Charlevoix last week to spend a while at his cottage on Sand Bay.

Mr. and Mrs. Jack Johnson are a pair of commuters from Ludington. They were back on the island last week from Tuesday until Friday.

Peter O. Gallagher arrived on Friday's boat to visit his sister and brother, Mel and Frank Gallagher.

• • •

Friday evening, the boys and girls of St. James high gave a surprise party for Glenn McDonough in honor of his seventeenth birthday. The party was held in Mr. and Mrs. Gene Kinney's log cabin. The party was a total surprise to Glenn and there were some difficulties getting him there. Music for the occassion was furnished by harmonica players Russell Palmer and Mrs. Kinney and guitar strummers Walter McCauley and Josie Ann Louis. Glenn received many nice gifts, among them a birthday cake baked by one of the young ladies.

Two patrol boats visited the island over the week-end. On board were Charlie Allers, Erwin Belfy and Chet Belfy.

Bob McDonough left Sunday to sail for the coming season. James "Lano" McCafferty and his brother, Donald, and Don Burke also left the island to report to their boat. This is Donald's first season to sail.

Beaver Islanders were sorry to learn of the death of Mrs. Carl Left's mother. Our sympathy to Mrs. Left and her family. Mrs. Left is the teacher at Sunny side school in Peaine Township.

Pvt. Buddy Left flew across Sunday afternoon to surprise his folks with a visit of just two hours. Buddy, who is stationed down in Fort Knox, Ky. had a three days leave. One of his friends at camp who lives at Ionia was driving home on leave, so Buddy had a lift as far as Grand Rapids. With the aid of the thumb, he was given a ride to Charlevoix and then over to the island via McPhillips Flying Service. Buddy looks fine. He has gained twenty pounds, so the army is agreeing with him. Buddy's address: Pvt. Buddy Left, 500 Trans. Car Co. 2128ASU, Fort Knox, Ky.

Charles McCauley, who is down in Fort Knox, hasn't had Buddy's luck. Charles has had pneumonia and he is now hospitalized with a serious ailment.

Buddy McDonough writes that he has had a visit at Long Beach, Calif. And Buddy also says he has received a flashy base ball outfit, you know he rated the team at Camp Edwards.

City of Charlevoix
Michigan

Request for Bids

Bids will be received until 8:00 P.M., Monday May 7, 1951; for construction of one steel and concrete dock, 12 ft. wide, and 39 ft. long; same to be constructed according to plans and specifications on file in the City Clerks' office, of the City of Charlevoix. This dock to be located at what is commonly known as the foot of Mason Street. The City of Charlevoix reserves the right to reject any or all bids, or to accept seperate items in a bid unless this latter request is denied by bidder.

Signed,
Hugh Mayne

State Leaders Will Be at Banquet Here

A dinner meeting of the heads of the newly-formed Northwestern Michigan Industrial Development committee will meet at 7 p.m. Friday at the Argonne.

State Sen. Frank Andrews of Hillman and State Rep. Louis Anderson of Northport as well as a delegation from the Bureau of Economic Development in Lansing will attend.

All members of the Charlevoix Development Corp., are invited. Reservations should be made with Mayor John Knight by Friday.

NOTICE

Pursuant to Ordinance No. 179 of the ordinance of the City of Charlevoix.

An ordinance authorizing the construction and operation of a Sewage Disposal Plant.

Section 7—Charges shall constitute a lien on the property served by such connections and if not paid within ninety day shall be collected in the same manner as general city taxes.

Therefore any sewage charges on the books of the City of Charlevoix which are ninety days in arrears as of May 7, 1951 will be spread on the summer tax roll.

Don Swinton

LET'S CUT THE PRELIMINARIES

LET'S get right to the point. Your property represents a great many dollars. And disaster may, at any time, rob you of these dollars . . . a rough financial blow.

That's where we come in!

Let us provide you with the best protection against such a loss . . . adequate insurance. Call on us or phone and have us call on you today.

BRIDGE & HAWLEY
PHONE: 13
CHARLEVOIX COUNTY STATE BANK

Elsewhere in this newspaper, in accordance with state law, you will find a notice of Michigan Bell's intention to ask the Michigan Public Service Commission for a further increase in telephone rates. Included in that notice are details of the new rates proposed.

What would YOU do about telephone rates if you were in our shoes?

Suppose *you* were managing Michigan Bell. Suppose that your job was to continue supplying the kind of telephone service that Michigan and the nation can depend on in these critical times.

Immediately, you'd run up against these inescapable facts:

1. To maintain the quality of service expected by the public, to provide improved service for many thousands of present users, and to meet the needs for new service in growing communities, *your Company must continue to expand.*

2. On top of that, the grim shadow of war demands that telephone service be ample for the giant job of national defense. New communication facilities must be added to handle the vital needs of military establishments, defense projects, and expanding production programs.

3. But the millions of dollars to finance this essential expansion and improvement of the telephone system must come from thousands of people who have savings to invest. They'll put their money in the telephone business *only* if they're assured that the Company's earnings will provide them a reasonable return.

4. You'd find that Michigan Bell's earnings—the money left over after expenses are met—are far below the earnings of other businesses. In the postwar period, Michigan Bell averaged only a little over 5 cents on each dollar invested compared with 12 to 16 cents for leading industrial concerns. The Telephone Company must compete with these other concerns in attracting money from investors. *And the prospects for present telephone rates to produce adequate earnings from now on are mighty slim.*

5. You'd realize that previous adjustments in telephone rates haven't caught up with the increases in the Company's cost of providing service. The last rate increase in June, 1950, substantially improved Michigan Bell's earnings. However, a lot has happened since then. Wage increases, made effective last November, have added 5 million dollars a year to operating costs. Taxes, too, have been increased and it seems certain that they will be going even higher. Costs of materials and supplies have hit new highs. *And there's no getting away from the simple fact that higher costs mean higher prices.*

6. As a public utility your rates are regulated by the Michigan Public Service Commission. So, it would be your responsibility to propose—and among the Commission's responsibilities to establish—rates adequate to (a) assure continuation of high-quality service; (b) pay fair wages to telephone employees; and (c) permit earnings that will protect the savings of telephone investors and attract the additional capital needed to do the job.

Faced with those facts, *what would you do?*

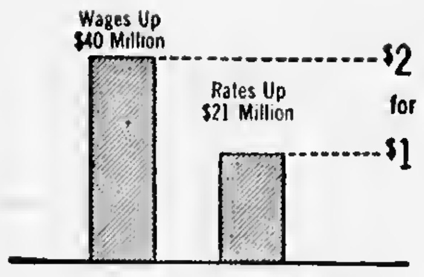
Sit back and do nothing . . . stop adding facilities . . . get along as best you can with what you have and let it go at that?

Of course you wouldn't.

Even though you'd rather not ask your customers to pay more for their service, plain horse sense would tell you that you should apply at once for increased rates to make your Company's earnings adequate for the job that has to be done.

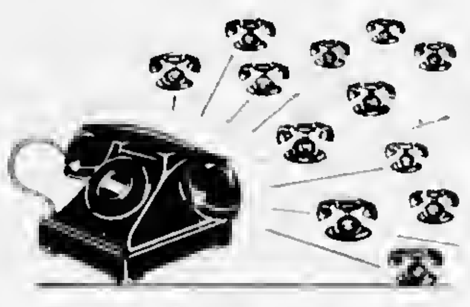
And that is what Michigan Bell is planning to do

MICHIGAN BELL TELEPHONE COMPANY



Telephone wages versus telephone rates 1941-1950

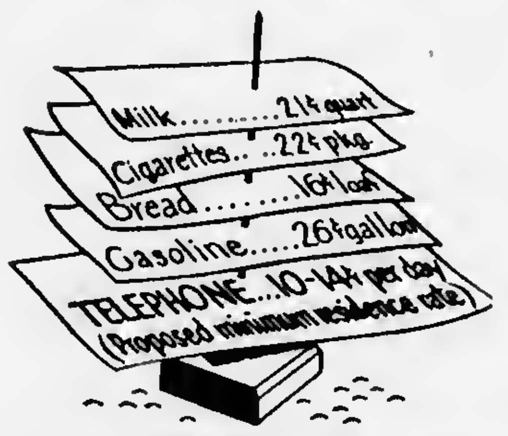
Revenues from increased telephone rates have gone up 21% while the cost of living has gone up 84%.



Size of "telephone package" is larger—more telephones can be reached without a toll charge.

Average worker earns enough to pay telephone bill in one-third less time than it took in 1940.

For residence customers in this area, the increase needed is about 3c or 4c a day.



Telephone service would still be one of the cheapest things in the average family budget.

Mother-Daughter Banquet Planned

Miss Hazel Hardacre, supervisor of the Child Guidance program at the Central Michigan Clinic, Traverse City, will be the speaker at the annual Mother-Daughter banquet at Congretational church Tuesday, May 1, Mrs. Charles Bleha, chairman of the program committee announced.

A senior girls' chorus will sing two selections and toasts to the mothers ond daughters will be given.

Other committee chairmen named by Mrs. Hubert Paddock, president of the sponsoring organization, the Women's Fellowship, include: tickets, Mrs. C. H. Sternberg; dining room, Mrs. Lawrence Korth. Members of the four church circles which compose the Fellowship will be in charge of the kitchen.

Members of the Mary Burns circle will make the decorations.

Dean Davenport Is White Cross Agent

Dean Davenport, who resigned his postion with the State Bureau of Social Welfare here, has accepted an appointment as representative for White Cross insurance. His resignation was effective April 15.

Mr. Davenport will have charge of Emmet, Charlevoix and Antrim counties for the insurance issued by the Bankers Casualty and Life Insurance Co., an old-line insurance firm. He offers a full line of health and accident, surgical, medical and life insurance. He had been with the Welfare department 6½ years.

Red Cross Drive

If you have not made your contribution to the American Red Cross fund drive send it to fund chairman, Walter C. Bergeon or leave at Charlevoix State Saving bank.

I See by the Courier . . .

Mrs. Mont Withers and son and daughter-in-law, Mr. and Mrs. Robert Withers and daughter, Montie, are expected home this week-end after spending the winter at Palm Springs, Calif.

Mrs. Eva Smith, owner-operator of the Tower hotel, has returned home after spending the winter in St. Petersburg, Fla.

Mrs. Lester Smith, Sara Coleman, Colleen Reed, Shirlee Clement and Marion Seymour spent Saturday in Grand Rapids on a shopping trip. Joan Lewis who accompanied them remained in Grand Rapids until Tuesday.

Mr. and Mrs. Ronald Fairbanks have returned to Grand Rapids after spending the week-end at their cabin here.

Mrs. Daniel Bacot has returned home after spending the winter months in Flint.

John Waffle who spent the winter in Flint with his son and daughter-in-law, Mr. and Mrs. Earl Waffle, has returned here.

Mrs. Martin Pedersen returned home last Thursday after spending the winter at Jacksonville Beach, Fla. Enroute home she visited briefly in St. Johns with her son-in-law and daughter, Mr. and Mrs. John Boughton.

Mrs. Frank Kenyon has returned home from a two weeks visit in Grand Rapids with Mrs. M. M. Stacks.

Martin Halverson of Flint has been visiting his brother-in-law and sister, Mr. and Mrs. Clarence Bartlett, and his brother ond sister-in-law, Mr. and Mrs. Sander Halverson

Among those who were in Ann Arbor Saturday for the state band and orchestra festival were Mr. and Mrs. Melvin Niswander, Mrs. Klaus Andersen, Mr. and Mrs. C. B. Meggison, Mrs. Dorothea Badger, Mrs. Leonard Burns, June Guild, Mrs. Charles Bleha of Charlevoix, Sue Miles of Detroit, Roger Sweet of Albion, Robert Bartlett of Mt. Pleasant, Nancy Kipke, Shirley Cunningham, Sharon Butler and Douglas Byers of Lansing, Mrs. Howard Brumm, Nita Brumm and Don Gill of Holland.

Marion Farm Bureau Opposes Consolidation

Women of the Marion Center Farm Bureau are making plans to attend the five-county meeting of the Farm Bureau at Ellsworth May 1.

The Marion group went on record as not favoring the consolidation of the PMA, soil conservation and extension departments of the agricultural department. Lavern McGhan led the discussion on this topic.

The Marion group was informed that steel has been allocated for farm machinery. The importance of having enough farm labor to reach all-out food oals was discussed.

The group contributed $5 to the Red Cross drive. The next meetin will be held May 9, at the home of William Himebaugh. The recent meeting was held at the home of Rowley Williams. Howard Stephens was co-host. Sixteen members attended.

Jess Smith Calls It Quits

(Continued from Page 1

In this work he met boats and trains and hauled all sorts of freight and baggage. He remembers when most people in the county who traveled by train, came to Charlevoix via boat from East Jordan and Boyne City and landed at a dock in front of the railroad station. Their luggage was transferred to the station where they boarded the train.

• • •

HE ALSO remembers when Dixon ave. wasn't paved and in the spring the mud was 'that deep' and that was all of 12 or 15 inches.

His most exciting experience he relates, was when his team of horses ran away. It seems that when there was a fire in town the first driver to get to the fire-station and hitch his team to the hose cart not only got to pull the cart to the fire but was paid $3 as well.

It was when he was racing down Bridge st. after hearing the fire bell that a rein broke as he crossed the bridge to the north side hose cart station on north Bridge st. hill. The team circled to the left into the gravel pit on the present site of the Charlevoix Oil Co., and started back through town as fast as they could travel. Never stopped until they got to their stable. Mr. Smith, with a broken rein, was helpless.

The envy of kids during all those years because he carried a gun in a holster (a regulation which went into effect during World War I), he never had occasion to use the gun.

He recalls that there were years when as many as six trains brought mail to Charlevoix every day. Resort specials that came daily during the summer months carrying hundreds of summer visitors to the local hotels and cottages are now cut to one a week this year. For several years the resort trains have not carried mail.

He has no idea how many trips he's made to the train nor how many bags of mail he's carried. He does know, however, that the largest number carried in one trip was 220 bags one Christmas.

During the years he became so well acquainted with the post office routine that on one occasion, when no clerk was on duty at the postoffice due to a misunderstanding, he proceeded to make up the necessary mail pouches and get them to the train on time. During all the years he missed only one train connection; that was when a late train made up time and departed from the station earlier than anticipated.

In addition to carrying the mail to and from the station he has also served as substitute carrier on the rural routes and delivered special delivery letters and packages for the past ten years.

Of all the employees at the local postoffice when he started in 1919, Earl Miller, rural carrier, is the only one still on the job.

Lawrence Supernaw who now has a draying service here, has taken over the contract and from now on will carry the mail.

And what will Mr. Smith do with his time? He has a ready answer for that: he'll meet a train now and then to keep in touch with his friends in the train crew and he'll devote some time to his harness race horses. He's had horses since he was a boy and now has two, a pacer and a trotter, that he races in the county fair circuit each fall.

The D. Henry Beauty Shop announces it will re-open Tuesday, May 1.

PLENTY OF FREE PARKING

Car details as shown are subject to change without notice

To every woman under 5-feet-5!

Packard, as you already know, has provided generously for today's giants ..

(Examples: Seats as wide as the car is high. Enough headroom for a 6-footer wearing a cowboy hat. Largest trunk of any sedan on the road.)

Now, let's see a few typical examples of what Packard has done for the *not*-so-tall folks, in America's newest new car . . .

Wonderful new outlook: Packard's new kind of low-level hood gives you real "close-up safety vision" . lets you see *both* front fenders, for safer passing, dent-free parking. New one-piece windshield (nearly five feet wide) and narrower corner pillars give you a clear panoramic view.

Tops in handling ease, too—because Packard (and Packard *alone*) gives you *Ultramatic Drive* . . . with a combination of smoothness, quietness, flexibility, and positive control no other drive can match. And steering ease? Here's a car that actually handles, in traffic, with as little effort as it takes to turn a door knob in your home! Come drive it!

It's more than a car—it's a PACKARD ASK THE MAN WHO OWNS ONE

Names in the News at . . .

IRONTON

Mrs. Robert King

Mr. and Mrs. Lynn Seligman of Hammond, Ind. spent last week-end at their cottage on Nowland Lake.

Mr. and Mrs. Alvey Worth were guests last Sunday of Mr. and Mrs. Elwyn Johnson.

The Ironton school children enjoyed a day and a half of vacation last week, Teachers Institute.

Mrs. Mina Foy has been detained in Traverse City, because of illness.

The Ladies Aid met this week with Mrs. Tom Nielsen. Seven ladies met and sewed on the rags for rugs, they voted to donate $5 to Red Cross. The next meeting will be May 3 with Mrs. Lewis Brown.

Achievement Day at East Jordan will be April 26.

Mr. and Mrs. A. F. Jannausch of Grand Rapids arrived Thursday in Ironton, spent Thursday evening at Mr. and Mrs. Tom Nielsens, after staying over night at their summer home here, they went on to Marquette for a few days visit with their son, Jim and family. They will return next week for a few days visit.

Mr. and Mrs. Frank Milward arrived Thursday from Tucson, Ariz., where they spent the past 3½ months. They are guests of Mr. and Mrs. Ralph Price. They are very glad to be back in Ironton.

Mr. and Mrs. Ole Nielsen, Mr. and Mrs. Vernon Mathews, Mr. and Mrs. Oakley Saunders, Mr. and Mrs. Tom Nielsen attended the games party given by the band parents at the school cafeteria last week in Charlevoix.

Adele Nasson is on the sick list this week. Mrs. Nasson says the doctor has ordered her to rest.

Mrs. Ada Brown entertained Miss Louis Filly, Louise Craft, Jeanette Thaw, and Kathryn Rockwell at dinner last Thursday night. The girls are here spending their vacation at the Wilson's summer home.

Mrs. Ruth Vincent is now employed at the Temple Grill in East Jordan.

Several fishermen were seen fishing in the snow strom last Wednesday.

Mrs. Gertrude Colwell is home again from Traverse City.

Mr. and Mrs. Datus Dean took supper Monday night with Mr. and Mrs. Lewis Brown.

Mrs. Elwyn Johnson gave a surprise birthday dinner Friday night for her husband. Mr. and Mrs. Alvey Worth were with them to enjoy the lovely dinner and a beautiful cake with candles. Mr. Johnson received a wrist watch as a gift. The evening was spent in canasta.

Chevy Seveik is home again after spending the winter in Florida.

Mr. and Mrs. Ivan Thompson and family from Crystal Falls were here for the week-end visiting relatives and friends. Since Mrs. Thompson celebrated her birthday over the week-end a birthday dinner was given by Mrs. Noel Thompson. Mrs. Ada Brown presented her a beautiful cake all decorated and with candles.

Mr. and Mrs. Thomas Reber from Petoskey spent Sunday with Mr. and Mrs. Clyde Odgen.

Tommy and Lonnie Thompson are home again after a week in Lansing.

Louise Craft, Lois Filly, Jeanette Thaw and Kathryn Rockwell were luncheon guests last Thursday of Mrs. Lewis Brown.

when PROTECTION counts

Sometimes people see the need for protection only when it's too late. Locking the barn door after the horse has been stolen is an age-old fable of futility.

All of us guard against dangers that appear imminent. Threat of flood drives us to building levees, piling sandbags. But too often the inevitable dangers that threaten our families' security are disregarded or forgotten.

For most of us the only real guarantee of the future security of our families is life insurance. Why not examine your own situation? Are your wife and children protected—or are you taking the risk of waiting until it's too late?

What's New in the Communities

Events Reported by Courier Correspondents

Peninsula News

By Mrs. William Gaunt

The vocal recital at the East Jordan high school was well attended Wednesday evening by our district.

Mr. and Mrs. Willet Simmerman and Mr. Sam McClure drove up from Muskegon Tuesday. Mr. McClure has been under the weather for the past three weeks, but is much improved. Mr. Simmerman has been laid up since Jan. 21 with a broken ankle but expects to lay aside his crutches soon.

Mr. and Mrs. Alfred Crowell were callers at Mrs. Crowells parents, Mr. and Mrs. William Gaunt sr. Wednesday afternoon.

Bill Olstrom, Robert Williamson and Mrs. Pearl Phillps spent Thursday evening with Mr. and Mrs. William Gaunt sr.

Mr. and Mrs. Earl Gill of Lansing, their daughter and her husband are at their cabin by the Creek, doing some fishing.

Mr. and Mrs. Wallace Potter and son of Fremont spent the week-end with Mrs. Potter's sister and husband, Mr. and Mrs. William Gaunt jr. They took home a lot of smelt.

Mr. and Mrs. Henry Howard spent Tuesday in Petoskey at an insurance meeting.

Mrs. Henry Howard spent Friday and Saturday in Boyne City at the Roy Howard home.

Mr. and Mrs. Willet Simmerman, Mr. and Mrs. William Gaunt sr. and Mrs. Gaunts father, Sam McClure spent Sunday afternoon in Charlevoix visiting with their cousins, Mr. and Mrs. James Earl.

Sunday was a bad day for the Ironton Ferry. Something went wrong which held up the service most of the afternoon, but by evening it was going full speed again.

Forest Bell and two friends of Indiana spent the week-end with the Earl Bricker family. They did some smelt fishing.

Mr. and Mrs. Ara Ingells of Grayling, Leon Perry and Mr. and Mrs. Fish of Muskegon spent the week-end with the Allred Crowell family and their aunt, Mrs. Francis Crowell.

The neighborhood was shocked to hear of the death of Frank Russell who spent the winter in Traverse City with their daughter and family, Mr. and Mrs. Sam Kamradt. The Russell's have spent most of their lives here on our Peninsula. He will be greatly missed by all of his friends.

Inwood News

Mrs. John Fratrick

Jim Fiedler spent the week-end in Flint and left Monday from Charlevoix to begin his training in the U. S. Navy.

Joyce Fiedler was one of the group who spent the week-end in southern Michigan with the Charlevoix band

Mr. and Mrs. Orville Hilton were dinner guests of Mr. and Mrs. Sam Campbell and son, Sunday

Chuck Wells, Earl Hoskins and Eddie Pavlick spent Friday and Saturday in Grand Rapids on business.

A fine time was had at the Union hall again Saturday night there will be another May 5th.

Mr. and Mrs. Chuck Wells were callers at the John Spoelman home in Ellsworth Sunday.

Mr. and Mrs. Guy Bost and son of Barnard were Sunday afternoon callers at the John Fratrick home.

Mr. and Mrs. Elijah O'Brien were Sunday dinner guests of Mr. and Mrs. Will Ager.

Mr. and Mrs. Kenneth Lannin were visitors at the William Ager home and John Fratrick home Monday morning

Mrs. Orville Hilton will entertain the Epworth Ladies at her home at the next regular aid meeting. Mrs. Myron Hilton entertained them last week.

Don't forget Grange Friday night.

The community wishes to extend sympathy to Mr. Gornell and family of Barnard.

Barnard News

By Mrs. Clyde Smith

The Three M's will hold their next regular meeting at the church on May 8.

Mr. Gerritt Stoel motored to Holland for a few days visit with relatives.

The Farm Bureau group will meet this Thursday evening April 26 at the Albert Cunningham home.

Our 4 H'rs and friends plan to attend Achievement Day in East Jordan on Thursday.

Mr. George Higgins of Gaylord spent Sunday with his friend, Arthur Stoel and family.

Mr. and Mrs. Frank Matchett went to Midland Saturday to spend Sunday with their son and daughter-in-law, Mr. and Mrs. Bernard Matchett.

On account of the illness of the pastor, Rev. Moore, the pulpit was filled by Rev. Scott Bartholomew assisted by Mrs. Moore and Mr. Carr.

Mrs. Anna Left of Beaver Island also William Mayer and son and daughter of Stockbridge are here, called by the sudden death of Mrs. Howard Gornell.

The Norwood-Barnard M. Y. F. group have been invited to meet with the Charlevoix group on Sunday evening April 29.

Our community was shocked to hear of the sudden death of Mrs. Howard Gornell on Saturday. She will be missed by a large circle of friends. The bereaved family have the deepest sympathy of all Barnard.

Mr. and Mrs. Ernest Potter entertained a family group on Saturday evening the occasion being Mrs. Garret Potter's birthday.

Rock Elm News

By Mrs. A. B. Lawton

Mr. and Mrs. Frank Lawton came up from Grand Rapids recently to spend a few days at their farm home.

Farmers are starting to prepare fields for spring seeding.

Lawrence Jensen has moved his apiary from the west end of his cherry orchard to a location near home where they will not be so liable to be used as a target for stone throwers yet will be within easy reach of the orchard when it comes into bloom.

Although the grouod was covered with snow here last Thursday morning an unusually large flock of geese headed north flew over here. From the size of the flock it must have had a good success eluding hunters.

Bay Shore News

Erma Deschermeier

Mrs. Lyle Barnes and son, Arthur, of Birmingham, Mich. Are spending a week with Mr. and Mrs. Albert Speigl. Mr. Barnes came for them Saturday.

Members of the Goodwill Society of Indian Women held an election of officers last week at the home of Mrs. John Willis, Mrs. Clara Denemy was named president; Mrs. Rose Howe, vice-president; Miss Vickie Kishigo, secretary and Mrs. Nathaniel Smith, treasurer. Others present were Mrs. Joseph Kishigo, Mrs. Robert Davenport, Mrs. Eva Nagganashe, Mrs. Archie Kiogma, Mrs. Robert Dominic and Mrs. Louise Harrington.

Mr. and Mrs. Frank Baker have moved back to the farm on the Pincherry road after spending the winter in Bay Shore.

Mr. A. G. Tillotson has gone to Saginaw to get his wife who has been spending two weeks with their daughter and son-in-law.

Mrs. Dan Bassett was called to Croswell, Mich., by the death of her sister-in-law, Mrs. Ester Haskell. Her brother Malcolm Haskell, returned with her to spend the week-end.

Mr. and Mrs. Arthur Burnett of Walloon Lake spent Sunday with Mrs. Burnett's parents, Mr. and Mrs. Joe Deschermeier.

First Army Drills

Despite suffering and death, the first daily drills of any U. S. armed forces began in February, 1778, under Baron Frederick von Steuben. Spring brought the great news that France was an ally.

King Richard

The modern butcher would have loved King Richard the Lion-Hearted for a steady customer. Richard, who ruled England about 1190 A. D., would take a whole leg of lamb in his fist and eat it at a sitting.

Owner after owner...Year after year–says

"IT'S DODGE FOR DEPENDABILITY"

DEPENDABILITY VALUE

MORE MILEAGE LONGER CAR LIFE

DODGE OWNERS TESTIFY

"NOW DRIVING MY FIFTH DODGE!"

"My big 1951 Dodge is more than living up to the Dodge reputation for dependability, ruggedness and low cost of maintenance. It's the fifth dependable Dodge I've owned."
—says Geo. A. Hughes
Grosse Pointe Farms, Michigan

"I'VE PUT THE EQUIVALENT OF FOUR YEARS' DRIVING ON MY '50 DODGE!"

"As a salesman, my 1950 Dodge is always on the go. I figure that I have already put the equivalent of four years of average driving on it—without spending any appreciable amount of money for repairs."
—says Harry H. Hurst
Houston, Texas

You could pay up to $1,000 more and still not get all the extra room, riding comfort and rugged dependability of Dodge

Take the word of owners who know Dodge value and dependability from actual experience. "No major repairs in four years' driving" . . . "After driving another make less than a year, I'm back with Dodge again" . . . "Driven my Dodge 150,000 miles and it's still going strong." These are not unusual comments in letters we receive from Dodge owners coast-to-coast.

Dodge dependability starts with a heavy, rugged frame, a "Get-Away" engine "speed-proofed" to resist wear, designed to be a miser on gas. There's a safe, rigid, all-steel body, rubber mounted to eliminate rattle and squeak.

New Safer, Smoother Ride

Dodge Oriflow Shock Absorbers "float" you over roads that stop other cars, cushion vital chassis parts against road shocks . . . make them last years longer.

Take 5 minutes to check Dodge dependability in long life, extra comfort and safety, low-cost maintenance and gas economy. Come in today for the complete Dodge story.

OUT-OF-TOWN TELEPHONE NUMBERS

You save time when you call by number

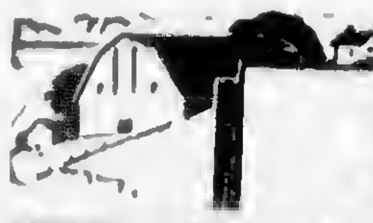
You'll save yourself time, these busy days, by keeping a list of the numbers of the out-of-town telephones you call most often.

When you *call by number*, the Long Distance operator doesn't have to take the time to get the number from Information so your call goes through faster.

That means better service for you—and better service for all America, right now when telephone lines are carrying urgent industrial and military calls.

P. S. When you don't know the out-of-town number, why not jot it down when the operator gets it for you. That way you'll have it handy the next time you call.

MICHIGAN BELL TELEPHONE COMPANY



Charlevoix County Farm News

Farm Bureau District Meeting May 1 at Ellsworth

Farm Bureau representatives from Charlevoix and four neighboring counties will attend a district meeting Tuesday May 1 at Ellsworth Community hall.

The women's meeting will start at 10 a.m. and continue until 4 p. m. A potluck dinner will be served at noon. Coffee, cream and sugar will be furnished by Antrim county women.

Reports from the county secretaries will be given. Mrs. Sidney Howard, Emmet county, will give a report on N. M. A. P. C. Mrs. Alex Kennedy of Alpena will report on the trip to the national Farm Bureau convention in Texas.

A movie on the Sister Kenny Foundation will be shown and musical numbers and skits will be presented by groups from Emmet, Antrim, Cheboygan and Otsego. Mrs. Marjorie Karker, state Farm Bureau representative, will also speak.

Auto Registration

In 1948, the last year for which figures are available, 41,151,236 automobiles were registered in the United States.

Soil Testing Pays Dividends, County Farmers Quickly Agree

Soil testing pays off for farmers in Charlevoix county according to Ed Rebman, county agricultural agent. For a very nominal charge, a sample of soil may be tested and the test will indicate whether lime should be added or not and if it is needed, how much to put on and the test will also indicate analysis of fertilizer to use. Soil testing at the present time is done in the central laboratory at Petoskey located in the Court House. This laboratory has all the latest equipment and serves Charlevoix, Emmet, Cheboygan, Otsego and Antrim counties.

The first thing about having soil tested is the collecting of the soil sample. All farmers, if they wish, may collect their own soil sample. Farmers may, however, if they desire, receive help from the Cooperative Extension office or from the PMA chairman. If you are planning on collecting your own soil sample, the first thing to do is to secure the necessary equipment. The equipment needed is as follows:

(1) Pail

(2) Spade or shovel and trowel or large iron spoon or soil auger or tubular soil sampler and pocket knife.

(3) Containers. If regular sample containers are not available use a good strong paper bag.

(4) Pencil for labeling samples. It should be remembered that all equipment used in sampling and all containers should be thoroughly cleaned and free from contamination.

The number of samples to take for each field depends on the soil types. At least one composite soil should be taken for each major soil variation in the field. In other words, if a five acre field has about the same soil type and the crops are uniform all over the field, one composite soil sample for that field maybe enough. However, if there are two distinct soil variations and the crops on the two areas grow considerably different and yield differently, at least one composite soil sample should be taken from each area. For comparison, it is well to take a composite sample from an area where crop growth is not normal and compare this with a composite sample from an area where crops are doing good. Avoid taking samples from field entrances where the soil may be packed or where lime and manure may be spilled. Avoid taking sample from a six rod strip along the road and also avoid taking samples from lime and manure stock-pile locations and spots where brush has been burned.

To take a composite soil sample try to take the sample when the soil is not excessively wet. When using the shovel or spade, push the blade down to plow depth, 5 to 8 inches. Tip out this shovel of soil and with a trowel or spoon, collect about ½ cup of soil of the entire depth, place this sample in the pail. When using a tubular soil sampler, press the sampler vertically into the soil to plow depth, with-draw the sampler and with a pocket knife transfer the soil to the next pail. When using a soil auger go down to plow depth, pull out the auger and place the soil in the pail.

In the same general soil area and with a radius of 50 to 100 feet of the first sample, take from five to ten additional samples. Place all of these samples together in the pail and mix thoroughly. This is called a composite soil sample. Place one cup full of this composite sample into a paper bag. Then label with a pencil so that you know where the sample was taken. Do not use ink.

Samples that farmers take themselves may be either brought to the County Extension office at Boyne City where a sheet regarding the past history of the field can be filled out or may be taken to the soil testing laboratory in the Court House at Petoskey. Additional information regarding soil samples may be had from the County Extension office at Boyne City.

"Declaration" Signers

The majority of the signers of the Declaration of Independence were comparatively young. Franklin was the oldest (70 when he signed the Declaration) and Thomas Lynch and Edward Rutledge were the youngest, 27 years old. 17 were in their thirties, 19 in their forties, 10 in their fifties and seven had passed the three-score mark when they signed the document.

ORCHARD NOTES

By Claude Feirmen

I have previously written in this column that scale does not bother us in this territory.

San Jose scale does not live in our temperatures. However, we have discovered a bad infectation of the Lycaminuin scale on our plums and prune orchards. Don McLaughlin of Kewadin has a bad lot on his peaches. This scale injures stone fruits only.

Eventually it will kill a tree. The eggs are visible to the naked eye. Anyone wishing to see them may call at my place. The insects hatch around the first of June. A magnifying glass is necessary to see them.

Spray with dormant oil in the dormant season, or better still, use 1½ lbs. of 15 per cent Parathion to 100 gallons of water after insects are all hatched out along in June.

We noticed that Krenite, a D. N. compound, was good for oyster shell scale and as an experiment we have applied Krenite accoding to manufacturer's directions. However, if we see the scale insects in June we will apply Parathion.

Another new scale and a bad one, was found in a few cherry orchards around East Jordan. This is the Mineola moth or Prune worm, sometimes called the California fruit worm.

College men have been to look at it, but know nothing of the life cycle of the worm and moth. And they do not know what to do for it.

I will write to headquarters in California and find out what to do. In the meantime, use sanitation measures. That is, washing out or scalding all packages coming from any suspected community such as California, or lugs from any canning company.

If suspected, spray with Arsenate of Lead or Nicotine Sulphate (Black Leaf 40). Inquire of Eveline Orchards or the East Jordan Canning Co., who are posted.

We know what to do for the cherry fruit fly or cherry maggot and have it under control without any of it showing up. Also the plum Curculio or cherry worm is practically extinct due to our modern spraying. Will mention these in due season.

A good political leader must keep ahead of several crowds, each going in a different direction.

Minus Leopards

The Sahara desert and Tibetan highlands are the only areas of Africa and Asia where the leopard is not found.

Storing Rubber Garments

Attic, basement and storage rooms, if they are cool, are good places to store winter rubberized wearing apparel.

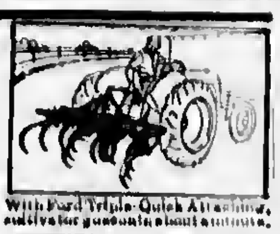
Now, here is a
CULTIVATOR
that really knocks out weeds
Dearborn FARM EQUIPMENT

Some folks say a cultivator ought to "let air into the soil," "help retain moisture" etc. We say you cultivate to get rid of weeds. The other things are important, but knocking out weeds is number one. And we'll show you the cultivator that does it.

What's more, this cultivator can be attached to the Ford Tractor in about a minute! Now, that is a big advantage . . . especially when changing from cultivating to mowing and back again. Time surely is money now.

Study the pictures! See how easy cultivating is with Ford Hydraulic Touch Control. Let us demonstrate this cultivator for you . . . Rigid or spring shanks.

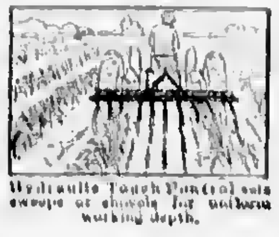
Ford TRACTOR



With Ford Triple-Quick Attaching, cultivator goes on in about a minute.

Ford Hydraulic Touch Control makes it easy to lift the cultivator for turning.

Easily adjustable front axle steering guide permits accurate front steering.



Hydraulic Touch Control sets sweeps or shovels for uniform working depth.

New
CASE
Soil
Conservation
HARROW

New "R" Series Harrow, with power control running in oil bath, shifts gangs with power from turning blades — ideal for soil conservation practices. Improved hitch bars — easily adjusted for level disking and proper trailing of rear gangs on hilly or level land.

Ample clearance for trash; built-in weight boxes promote positive cutting action in heavy cornstalks. Rear gangs can be operated at different angles to each other, as well as at different angles to front gangs, for desired penetration and level surfaces. Steelite gang bearings. Hitches to any tractor. Readily adapted to hydraulic control equipment. See this new, improved harrow now.

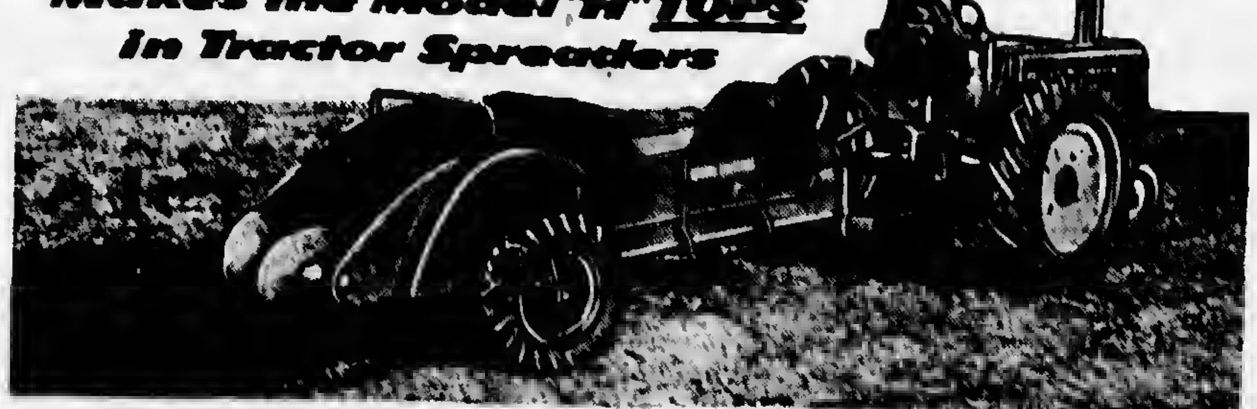
GREATER TRACTION...
GREATER STRENGTH...
Makes the Model "H" TOPS in Tractor Spreaders



Tough, heavy manure hauling in wet, slippery fields or feed lots causes little worry for the owner of a John Deere Model "H" Spreader. Why? Because of its *surefootedness and strength.*

The weight of the load is balanced properly for best traction of the spreader and tractor wheels. You're able to haul manure every day of the year . . . get maximum returns from every load.

The John Deere is built entirely of steel—has an abundance of strength to withstand the strains of heavy-duty tractor operation and mechanical loading. The low, easy-to-load box and frame are one unit—rigidly braced and trussed to prevent sagging or bending.

Add to these advantages such better-performance features as the shielded moving parts, extra-heavy axle, big-capacity beaters mounted on high-grade roller bearings, convenient operating levers, and many others. You'll agree—the Model "H" has everything you need in a tractor-drawn spreader. See us for complete details . . . soon.

Ellsworth Spotlight

Mrs. William Best

Mr. and Mrs. Floyd Falting and son of Detroit were week-end guests of her parents, Mr. and Mrs. Joe Tornga.

Miss Carol Rubingh of Grand Rapids spent the week-end with her parents, Mr. and Mrs. Gerrit Rubingh.

Clifford Sommerville of Vanderbilt spent the week-end with his mother, Mrs. Flossie Sommerville.

Mr. and Mrs. Robert Kelsey and Ronnie of Clare came Sunday to spend the day with Mr. and Mrs. Eugene Best. Ronnie remained to spend a week with his grandfather.

Mr. and Mrs. George Elzinga and Ellen of Kalamazoo spent the week-end visiting friends and relatives in this community.

Mr. and Mrs. Marvin Rubingh and daughter of Mt. Pleasant spent the week-end with his parents, Mr. and Mrs. Gerrit Rubingh and also visited other relatives and friends.

Mr. and Mrs. Earle Freer and four daughters of Dansville were week-end guests of Mr. and Mrs. Henry Smith and family.

Wednesday the seniors of the Banks Township school took their "Skip Day". They went to Sault Ste Marie and in spite of the bad weather that day they report they had a very good time. Their class advisor, Supt. Henry Smith and Mrs. Smith accompanied them on their trip.

Mrs. Frank DeYoung who has been spending the winter visiting her children in southern states has returned to her home here for the summer.

Mr. Terpstra, student at Calvin Seminary, Grand Rapids was the speaker at the Ellsworth Christian Reformed church last Sunday.

John Heeres of Grand Rapids came Saturday after his wife who has been spending a week visiting relatives and friends in this community.

Mr. and Mrs. Peter Wieland, Mr. and Mrs. John Wieland and Mrs. Richard Wieland and Kathy were Sunday evening supper guests of Mr. and Mrs. Homer Waring of Kewadin.

Mr. and Mrs. Elmer Ostrum of Charlevoix were Sunday guests of Mr. and Mrs. W. L. Chellis.

Mr. and Mrs. Bud Chellis and son spent Sunday with her parents, Mr. and Mrs. Edward Wiltse of Central Lake.

The American Legion Auxiliary will hold a baked goods sale at the Quality Food Market, Saturday, April 28 at 1:00 p.m. Coffee will also be served.

Pvt. Charles Barrow on furlough from Camp Hood, Texas spent Saturday and Sunday with his parents, Mr. and Mrs. Joe Barrow. Sunday he left for Muskegon accompanied by his mother and will return from their to camp. He expects to be sent overseas soon. Mrs. Barrow plans to spend a week visiting relatives in Muskegon.

Local fishermen will be interested to know that the conservation department planted a thousand legal size trout in local streams on Monday.

Mr. and Mrs. Herb Kinky and three sons of Shelby were Saturday visitors of Mr. and Mrs. Wren Chellis.

Mr. and Mrs. Ed Kamradt of East Jordan spent Friday evening at the Wren Chellis home.

Mr. and Mrs. William Dawson of Dayton, Ohio arrived last week to prepare for the opening of their resort, Big Fish Inn.

Catechism classes at the Atwood Reformed church started Saturday morning. The classes start at 9 a.m. each Saturday morning and are open to all children of the community. Children whose birthdays are between January 1, 1938 and December 31, 1945 are invited. Those above that age are invited to the young people's group, held Sunday evenings at 8:45 p.m.

Edward De Young who is attending Michigan State college at East Lansing spent the week-end with his family.

Mr. and Mrs. Bernard Best and Marvin spent Sunday evening with Mr. and Mrs. Maynard Fielstra.

The P. T. A. play "Lena Rivers" was a great success. There was a good crowd out both evenings to see this fine play. Everyone who participated in the play did very well and certainly must have worked hard in preparing their parts and making the affair so successful. The P.T.A realized approximately $235.

Guests of Mr. and Mrs. Claude Dawson over the week-end were Mrs. Dawson's parents, Mr. and Mrs. Earl Fisher of Grand Rapids, Mrs. Fisher remained here to spend a week with her daughter.

Mr. and Mrs. Bernard Best and son spent Sunday afternoon visiting Mr. and Mrs. Grossmier of Boyne City.

Area Churches Hold Joint Services

Ellsworth — The Atwood-Ellsworth Missionary Union held two services Monday. The afternoon service was held at the Atwood Christian Reformed church and the evening meeting at the Ellsworth Christian Reformed church.

Speakers were Dr. John C. DeKorne of Grand Rapids. Dr. DeKorne is the director of missions of the Christian Reformed churches. Other speakers were Mrs. Elton Holtrop of Battle Creek, Rev. Renzo DeGroot of Bellwood, Ill., home missionary and Rev. Peter Dekker, missionary to Africa and now home on furlough.

If everyone profited by their mistakes many would be able to pay dividends.

Atwood Woman Feted At Bridal Shower

Ellsworth—Mrs. Rink DeVries of Atwood was guest of honor at a bridal shower Wednesday evening held in the basement of the Atwood Christian Reformed church. There were about 50 ladies present. The evening was spent playing games after which an elaborate lunch was served by the hostess.

Mrs. DeVries then opened her many beautiful gifts. Hostesses were Mrs. John Essenberg, Mrs. Paul Doctor and Mrs. Harold De Young.

Ellsworth Ladies Aid Supper Set April 27

Ellsworth—The public is invited to attend a supper being served by the Junior Ladies Aid of the Ellsworth Christian Reformed church Friday evening at the Ellsworth Commuity hall.

Supper will be served from 5:30 to 8 p.m. A short program will be presented following the supper.

Smelt in Stover Creek

After considerable difficulties, we have controlled smelt dipping in Stover creek through your co-operation.

As the expense was considerable, there is a charge of $1.00 per person for the use of our facilities and land.

For your enjoyment there are refreshments, shelter and warmth.

Any profit will be used for improvement of the property and if possible to remove the ruins of the unsightly old sugar factory.

Mr. and Mrs. John Loskot, Good Neighbor Foundation, Inc.

TO MICHIGAN BELL TELEPHONE CUSTOMERS:

Notice of Application to the Michigan Public Service Commission by the Michigan Bell Telephone Company

For Authority to Make Effective Certain Schedules of Rates, Rentals, and Charges

Higher costs inevitably mean higher prices, and the cost of furnishing your telephone service keeps on going up. As the result of wage increases for our employees last November, greater taxes, and the higher costs of services and materials, the rates authorized by the Commission last June are now insufficient to cover our needs. For that reason we shall apply to the Michigan Public Service Commission on May 14, 1951 for authority to apply the proposed rates shown below, and ask the Commission to set a date for a hearing on our request.

EXCHANGE RATES (*Excluding Federal Tax*)

For rate purposes, exchanges are divided into groups according to the total number of telephones that can be reached without a toll charge. The present grouping is based on the number of telephones in service in each exchange or zone on September 30, 1948. The proposed rates are based on the number of telephones on December 31, 1950.

PRESENT SCHEDULES OF BASIC MONTHLY EXCHANGE RATES

- Group 3 rates, as shown in the following table, now are applicable in CHARLEVOIX.

GROUP	NUMBER OF TELEPHONES	BUSINESS SERVICE							RESIDENCE SERVICE					BUSINESS & RESIDENCE
		One party flat rate	One party message rate		Two party flat rate	*Guarantee pay station	Rural flat rate	Extension or ★PBX Station	One party flat rate	Two party flat rate	Four party flat rate	Rural flat rate	Extension	⊕Service Station Switching Service
			1st line	Auxiliary line

First Aid Classes To Start May 3

Red Cross First Aid classes will be started next Thursday, May 3, if enough persons are interested in the project.

A minimum of eight students are necessary. The classes for two hours each night for nine nights will be spread over a two months period.

Mrs. Sims Baker will teach the Charlevoix and Mrs. Pete Bennett the Ironton class. If you are interested contact the above mentioned persons or call 307.

The time and place will be announced next week.

Club Closes Year With Annual Party

The Tuesday Study Club, on the occasion of its last meeting of the season until fall, held its annual party Tuesday evening, April 17 at Shady Nook, where the club members enjoyed a fried chicken dinner prepared by Mrs. William Heering.

The table was decorated with spring flowers. Also present at the party were Mrs. A. Cameron of Detroit, and Mrs. Mabel Second of East Jordan. After a short business meeting, a social evening was spent.

The D. Henry Beauty Shop announces it will re-open Tuesday, May 1.

Ellsworth Spotlight

Mrs. William Bast

Rev. Wayne Lemmen will fill a classical appointment and preach in Falmouth and Modderville next Sunday. A student will preach at the Atwood Reformed church.

Miss Gladys Fielstra is a surgical patient at Munson Hospital, Traverse City.

The "Couples Club" of the Atwood Reformed church will show a religious film entitled "Second Chance" on Thursday and Friday evenings, May 10 and 11 at the Ellsworth Community hall. Their will be no admission charge but an offering will be taken.

Mr. and Mrs. Weldon Fisk of Sterling were week-end guests of Mr. and Mrs. Del Clow.

Week-end visitors at the home of Mr. and Mrs. Gerrit George, Drenth were Andrew Visser and David Norrison.

Mrs. Del Clow, Jr. and small baby of Charlevoix are spending several days with Mr. and Mrs. Del Clow, Sr.

Mr. and Mrs. John Holwerda of Grand Rapids were week-end guests at the home of their daughter, Mr. and Mrs. George Jake Drenth.

Mr. and Mrs. Bud Karsten and daughter spent the week-end in Grand Rapids. Mr. Karsten attended the funeral of Senator Vandenberg on Saturday afternoon.

On their way home after spending the week-end in Detroit, Mr. and Mrs. Dan Campbell were involved in an auto accident. Their pick-up was completely demolished and Mr. and Mrs. Campbell sustained severe cuts and bruises.

Report Scarlet Fever Increasing in State

Scarlet fever is appearing in Michigan at a rate of about 300 cases a week, Dr. Albert E. Heustis, State Health Commissioner reported today.

While scarlet fever can be readily treated with the newer drugs, it is a dangerous streptococcus infection which may result in damage to the heart, kidneys and ears. Rheumatic fever frequently follows an untreated case of scarlet fever, according to Dr. F. S. Leeder, Director of the Division of Disease Control of the Department.

Scarlet fever is most common in children under 15 and most serious in children under five.

Phone Company Bids For Rate Boost

(Continued from page 1)

ing the $5,000,000 additional payroll expense incurred by the wage increase of last November. Rate increases, during the same period, have yielded additional revenues of only $21,000,000. Improvements in the telephone art, economies, and growth in the volume of business have permitted us to fill part of the gap but inflation has moved too rapidly to let us absorb the entire amount of the added expense."

• • •

RECALLING that the company provided major installations at 79 military and 86 war-production establishments during the last war, Johnson said that Michigan Bell is again moving ahead on a number of the same types of projects for the new emergency. In addition, 19,000 families are waiting in line for service and 133,000 customers are waiting for higher grades of service.

"While material shortages will substantially curtail our ability to clear un-filled orders," he said, "Every effort will continue to be made to satisfy civilian needs to the extent that national policy will permit.

• • •

"**MICHIGAN BELL** entered the last war with at least some reserves of equipment. Such reserves do not exist today because of the unprecedented postwar telephone growth.

Announce Betrothal Of Thelma Thorp

Mrs. William Thorp announces the engagement of her daughter, Thelma, to John Powell, son of Mrs. John Powell sr. of Norwood.

The bride-elect is a graduate of the Charlevoix high school and Mr. Powell is a graduate of the Ellsworth high school.

The wedding will be an event of May 26.

23 District Bands to Vie In Festival

Twenty-three northern Michigan high school bands will participate in the Northern Michigan band festival at Gaylord on May 9 and at Traverse City May 10.

The Charlevoix band directed by C. A. Odmark will be one of 11 bands to play at the festival at Traverse City Thursday. Twelve bands will participate in the festival at Gaylord Wednesday.

It will be the first appearance of the Charlevoix musical organization since it was awarded a first division rating in Class C at the state band and orchestra festival at Ann Arbor recently.

The festival, which is an annual event in northern Michigan for the past 15 years, has grown to such proportions that it is now held in two sections on two consecutive days.

H[illegible]er LaGassey, director of [illegible]mental music in the city of De[illegible], will be the guest conductor at both festivals.

• • •

THE FESTIVAL is a non-competitive event. Criticisms of each band's performance will be given but no rating issued. Each band will play a march and a selection of its own choice in the individual events. The Charlevoix band will play "Marcho Polo" by [illegible] and "The Trojan Prince" [illegible]nes.

Weather permitting a parade will be held during the afternoon. In the evening a massed band concert will be presented with 350 musicians from the participating bands under the direction of Mr. LaGassey.

Bands participating in the Gaylord festival Wednesday will be the Petoskey senior band, Petoskey junior band, Roger City, Cheboygan, Onoway, Gaylord, Grayling, Pellston, Boyne City, Ellsworth, Bellaire and Mackinaw City.

Bands attending the Traverse City festival Thursday will include Charlevoix, Elk Rapids, East Jordan, Kalkaska, Mancelona, Central Lake, Harbor Springs, Alanson, Traverse City, Frankfort and Kingsley.

A small admission will be charged for all events with one admission admitting a person to both the individual band performances and the massed band concert in the evening.

200 Guests Attend Charlevoix-Detroit Club Annual Party

More than 200 former Charlevoix residents and their friends attended the twenty-first annual Charlevoix-Detroit club party in Detroit recently.

Officers who were re-elected for another year were: president, Russell Blakeslee; vice-president, Freeman Coblentz; secretary-treasurer, Grace Papineau.

C. H. Hampton, of the Charlevoix hospital building committee, appeared before the group and told of the plans for the new hospital and urged all former residents to give their assistance to the building. He closed his remarks with an original poem fitting the occasion.

minute of silent prayers in memminute of silent prayers on memory of those who were no longer present. Among those was Meyer Cohen who had not missed a meeting in 20 years.

After the business session the guests enjoyed a social hour which included reminiscing about Charlevoix and their friends here. Refreshments were served late in the evening.

Among those who came for the party were Mr. and Mrs. William Ripley of Cheboygan; Mrs. John Zeitler sr., Mrs. Grant Crandall, Mr. and Mrs. Robert Dickie and Frank Glassford.

29 Awards Will Be Presented at Court of Honor

Twenty-nine awards will be presented to Charlevoix Boy Scouts at 8 p.m. May 0 at the high school gymnasium.

During the court of honor, Scouts will receive a Star award, two first class, 17 second class and five tenderfoot awards and six merit badges.

Parents and friends of scouting are urged to attend this colorful ceremony.

Robert Ashdon, commanding officer of the Coast Guard station, is scoutmaster and Howard Houghton, assistant scoutmaster. The Kiwanis club is the sponsoring organization.

City Prepares For Annual Clean-Up Week

Next week has been designated as Clean-up week in Charlevoix. Everyone is being asked to clean his yard and make it as attractive as possible.

The city is doing its part by arranging to haul away leaves and other trash for the clean-up week.

The Charlevoix Garden club is cooperating with the city in urging that local residents do all they can to make Charlevoix a city which lives up to its name of Charlevoix the Beautiful.

Most residents with a certain amount of pride have already started the job of raking leaves, trimming hedges and cleaning up yards after the long winter.

• • •

THERE ARE places, however, which no one seems to own or care for and it is these the Garden Club has in mind when they ask the cooperation of the community in getting them cleaned up. You may spend time and effort on your own yard only to have a nearby vacant lot or untended yard of an unoccupied house detract from it.

It is the opinion of the Garden Club that something could be done to remedy this. Either the persons who own the property could arrange to have the work done or some solution could be worked out. It is disheartening to devote hours of time to one's own yard and have it spoiled by unsightly lots next door.

For a better and more beautiful Charlevoix, the Garden club is asking that everyone do his part in this project.

Beaver Island Woman Passes

Mrs. Mary Mielke, 67, wife of Gustav Mielke of St. James, died unexpectedly late Sunday in Traverse City. She had gone to Munson hospital to visit Mr. Mielke who was a patient there when she suffered a heart attack.

Funeral services were held in South Haven, her former home, Wednesday.

Born in South Haven, July 23, 1883, the former Mary Allers was maried to Mr. Mielke at South Haven in 1899. They came to St. James, Beaver Island, a short while later and continued to reside there.

Besides her husband she is survived by two daughters, Mrs. Rolland McCann of St. James and Mrs. Lester Soergel of South Haven; seven grandchildren; four sisters, Mrs. Erwin Belfy of this city, Mrs. Herman Pischner and Mrs. James H. Gallagher of St. James and Mrs. Clayton Parker of Kalamazoo; and three brothers, Leroy Allers of Charlevoix, Charles C. of Traverse City and Herman of Kalamazoo.

FHA Meeting

The F. H. A. club heard Roy Bennett, superintendent of schools here, and Mrs. H. E. Paddock at its meeting recently. The group presented a play, "Margaret Gets the Job." The players were Kay Ikens, Naomi Drost, Joan Hess, Sue Beaudoin, Elaine Poole, Bonnie Drost, Lucy Himebaugh and Carol Paul.

Lions Club Presented Charter in Ceremony

Photo By Louis McKenzie

District Governor Woodrow Logsdon of Traverse City presents the Lions club charter to Henry C. Heckler, Charlevoix club president, at the installation ceremony last Thursday. At the extreme left can be seen S. E. Coleman who was toastmaster.

The Charlevoix Lions club officially received its charter last Thursday night at the Argonne. Nearly 200 persons attended the dinner and ceremony.

Edwin H. Paine, past international governor, in an inspirational address, called upon the Lions club to dedicate itself to the betterment of Charlevoix. He praised the young group for building up its membership in such a short while.

There are 42 members enrolled to date.

Climax to the evening's program was the presentation of the charter by District Governor Woodrow Logsdon of Traverse City to Henry C. Heckler, who was elected to guide the club in its first year. Mr. Logsdon predicted an outstanding future for the new club.

• • •

MR. PAINE said Americans must view the future with more seriousness and a greater devotion to God and country than ever before. "We must take a measure of care in electing men to office." he said.

He pointed out that General MacArthur is overshadowing the top leader of this country because the latter has not been careful of his associations and friendships. Paine said the leaders today are failing to take into consideration tho yesterdays of this country and the world.

Sharply critical of those who fail to take into consideration the lessons of the past, Paine cited the thinkers of ages ago whose influences are being felt today.

S. E. Coleman was toastmaster. He introduced Lion guests from Petoskey, Traverse City, Onaway, Central Lake, Bellaire, Boyne City, Kalkaska and Ludington. Mr. Heckler introduced Mr. Coleman.

U.S. Power Squadron To Visit Here in '52

Charlevoix will be host to the U. S. Power Squadron's tenth district rendezvous in 1952, according to a communication received by Capt. Joseph F. Howard of the Charlevoix Power Squadron.

Paul G. Warren of Chicago, chairman of the 1952 Rendezvous committee, asked if it would be possible to hold the meeting here July 19 and 20 of next year.

An invitation was immediately forwarded to the group to visit the city at that time. The rendezvous would bring 25 pleasure craft to the harbor.

Ex-Bay Shore Man Claimed by Death

Isaac Willis, former resident of Bay Shore, died Sunday in Detroit where he had resided for the past 22 years.

He was a native of Bay Shore and a veteran of World War I.

The body will be brought here for funeral services which have not been completed.

He is survived by one daughter; Priscilla; two sons, Gilbert and Kenneth; three grandchildren and an uncle, Amos John of Northport.

Bowling Banquet Set for Tonight

The annual bowling banquet will climax the season for the Charlevoix Bowling association at 7:30 p.m. today at the Argonne.

Thirty-five bowlers and sponsors are expected. Edwards Food Mart which won the last half play and the playoffs will be presented trophies.

The Argonne had high three-game series of 2790 for the year, Edwards had high single game with 1015. Walt Moore had high individual three-game total with 659 and high singles with 274.

Rites Thursday For Bert Taylor; Takes Own Life

Funeral services for Albert P. Taylor, 56, manager of the local liquor store, will be held at the See Funeral Home at 2:30 p.m. Thursday. Burial will be in Brookside cemetery.

Mr. Taylor died early Tuesday morning from self-inflected wounds from a 16-gauge shot gun. He was found in the rear of the liquor store by a clerk, Jack McDermott, shortly after 9 a.m.

The family said he had been despondent for some time because of failing health.

Dr. Isaac Terr, acting coroner, stated the wounds were self-inflicted.

Born in Empire, Oct. 30, 1894, he came to Charlevoix with his parents, George and Harriet Taylor as a young boy. He attended the Charlevoix schools and as a young man returned to England with his mother for a visit.

Later he was employed at various local stores and had been an employee at the liquor store for nine years. He had been manager for the past two and a half years. He was a veteran of World War I and was a member of the American Legion.

He is survived by his wife, the former Blanche Johnston whom he married 34 years ago; three daughters, Betty of Charlevoix, Gloria of Grand Rapids and Mrs. George Belyusar of Cleveland and two brothers, Walter of Charlevoix and Frank of Iron Mountain.

Local Kiwanis Club At District Meeting

A delegation of Charlevoix Kiwanis club, headed by Gordon L. Freedman, club president, attended the district meeting in Petoskey Monday night.

Some 130 Kiwanians from this part of the state heard District Governor Walter Patenge of Lansing, District Secretary Frank Staiger and Zal Fryman, lieutenant governor speak.

The Harbor Springs club, infant club in this section, sponsored the dinner.

Workshop for Nurses Planned Here on May 8

A one-day workshop on "Nursing in Atomic Warfare", for all graduate nurses of Charlevoix county, will be held at the City hall here Tuesday May 8.

The meeting will open at 1:30 p.m. and continue through 4:30 in the afternoon and from 7 to 9 p.m. in the evening.

Sponsored by District Health Department No. 3, classes will be conducted by Mrs. Marian Rise, Charlevoix county nurse, who recently attended a three-day workshop in Grand Rapids on this subject.

• • •

INCLUDED in the workshop will be a discussion of the atom bomb led by Robert Richards of the Charlevoix high school science department.

Also a discussion of the illnesses and injuries resulting from an atomic explosion; methods of treatment; standard orders from all nurses in an emergency, biological warfare; a possible demonstration of a Geiger counter and a movie on atomic warfare, "Pattern for Survival."

All Charlevoix county nurses are urged to attend the workshop there will be no charge.

District VFW Holds Quarterly Meeting

Eighteen posts of the Veteran of Foreign Wars and their Auxiliaries of the 13th district met in Petoskey Sunday for their quarterly meeting.

At the election of officers Mrs. Fred Koehler was named junior vice president of the district auxiliary.

Among those who attended the meeting were Mr. and Mrs. Albert Russell, Mrs. Jack Armstrong, Mrs. Howard Griffin and Mrs. Koehler.

Postpone Party

The card party scheduled for Saturday at the Rod and Gun Club has been postponed to a future date. It was planned by the Rod and Gun Club Auxiliary.

Await Successor In Post Office, Foster Retires

Joseph M. Foster, postmaster of the Charlevoix postoffice for the past 15 years, is retiring from the post. The retirement will be effective when his successor is named.

He has held the postion since May 1, 1936.

Mr. Foster plans to retire from public life because of ill health.

Postoffice employees and their families honored Mr. Foster at a dinner at the school cafeteria Saturday evening. He was presented with a gift from the group, a rod and reel. Mrs. Foster also attended.

In accepting the gift Mr. Foster said it was just what he needed for he plans to devote a great deal of time to fishing this summer.

Petoskey Noses Out Rayder Thinclads

The Charlevoix Rayders in their first major track meet this season came in second with 46 5/6 points in a triangular meet with Saulte Ste. Marie and Petoskey on the latter's track Friday.

By winning the first three places in the last event of the meet, the high jump, Petoskey came from behind to win by four points. They had 50½ while the Soo had 39 2/3.

Charlevoix had five first places: four and a half second places and a third and a fourth place.

The events and the places follow:

Shot put: 1st Dwight Smith; 2nd. Chas. Fairbanks; 4th Dale Suomela. 46 ft. 1.5 in.

Pole vault: 2nd, Fairbanks tied with Fitzpatrick of Petoskey; 4th Ted Browe. High hurdles: 1st, Fairbanks; 4th Browe. 19.7 sec. 100 yd. dash: 2nd, Greg Bryan; Mile, 4th Stan Whitley; Low hurdles: 1st, Ron Cunningham; 4th, Gerry Left. 23.3 sec. 220 yd. dash: 2nd, Bryan; 4th, Soumela.

Half mile: 1st. George VerWys; 4th, Ron Geer. 2 min. 18 sec. High jump: Fairbanks tied with two Soo players for fourth place; Relay, 2nd, Charlevoix; Medley relay, 1st, Charlevoix. 2 min. 48.5 sec.

Concert Ticket Drive to Start Monday in Area

The annual membership campaign for the northern Michigan Community Concert association will get underway next Monday, May 7 and will continue for one week, ending Saturday, May 12.

C. A. Odmark will be the campaign manager of Charlevoix and will be assisted by Mrs. Odmark, Mrs. Cornelius Geiken, Mrs. Arthur Wexstaff, Mrs. Gerald Gibbons, Mrs. Walker Miles, Mrs. Leonard Burns and Mrs. Don Swinton.

During the campaign week the chairmen in the various communities will work directly with their respective workers to give everyone who is a member a chance to renew his membership.

Softball Meeting Set for Tonight

Team sponsors and prospective sponsors are urged to attend a meeting at the city hall at 8 p.m. Thursday (today) for the first meeting of the season.

The city league will begin play about June 4. Members of the Charlevoix Knight Owls are urged to leave their suits at the Michigan Cleaners.

Mr. and Mrs. Versal Shearer of Ann Arbor and their guests, the Surrelt Ybemas of Grand Rapids spent the week-end with the former's families, Ray Shearer and Mr. and Mrs. Albert Edwards.

Cabaret costume ball, May 5. 9:00 P.M. at Boyne City high school gym. Round and Square dancing with Brooks Orchestra. Sponsored by the OES and F and A.M. 18x

To Check Autos For Brakes, Safety Aids

Motorists driving unsafe automobiles in Charlevoix this month face arrest and fines. Chief Clarence Heise disclosed late yesterday.

Stepped-up enforcement of the city's maintenance laws in support of the traffic safety drive sponsored by the Kiwanis and Lions clubs is in conjunction with the May safety drive of the Michigan State Safety commission.

Police here have been alerted to watch for unsafe autos, especially those with bad brakes and out-of-focus lights. Drivers of defective automobiles who become involved in accidents may be charged with violating traffic laws, Heise said.

• • •

DURING a two-week period, May 14-28, motorists will be stopped for traffic safety checks. A list of garages co-operating with the safety campaign will be published in next week's Courier.

The Kiwanis and Lions clubs have joined together in an effort to have all cars checked for defective brakes, faulty lights and other safety features. The whole-hearted support of the community is solicited.

Failure to stop for stop signals, speeding, double parking, illegal U-Turns and irresponsible driving will bring fines, Chief Heise said. "Through the cooperation of the Kiwanis and Lions clubs, we hope to see to it that all of our cars are safe mechanically, Heise said.

Citizens are urged to co-operate by reporting serious violations of traffic laws to the police. If the general public gives us a hand, we will not have a traffic problem. Heise declared.

(Continued on page 6)

Coming Events

Are We "Short-Changing" Our Students?

It is unfortunate that a much larger crowd did not hear Dr. Vredevoe, University of Michigan schools specialist, present his analysis of the Charlevoix school facilities.

His summation of the physical layout was marked by the repeated use of the phrase "short-changing the children. They deserve a better break."

While praising the elementary school facilities, he bluntly told several hundred persons at the spring Open House that high school students here "are being short-changed in preparing for the future."

Why? You may ask. Vredevoe who spent several days here analyzing the school system, its faculty, curriculum and physical layout, had this to say:

"Your gymnasium is idle most of the daylight hours because of a shortage of space which makes it necessary for the band to use part of it." He explained his remarks by pointing out that the band and its leaders are doing a wonderful job considering its facilities.

He called attention to the fact that only a small number of students may take typing because of lack of space and equipment. The shop, if expanded could offer its teachings and facilities to three times as large a group which is enrolled in shop at present.

Among the other things he said were that because of the cramped quarters and lack of a more diversified commercial program, it becomes necessary for students to enter business colleges before being able to take jobs.

"This should not be necessary", he said, "if the school was expanded enough to permit greater use of needed facilities." In this way many parents who send their children to business schools would not have to do so.

The Michigan educator had warm praise for the faculty and administration and for the community at large for attempting to work out its problems.

Dr. Vredevoe was not here to stump for a new high school, although his findings supported the need for a new one. While many residents in the school district have realized the need for a new high school, the support of an educator who visits scores of schools every year, was heartening.

Now it's up to the board of education and the community at large to follow up with a concrete plan with the costs kept at a minimum for the proposed building.

We believe that once taxpayers are told of the acute need for additional facilities and the best methods to meet the situation, they will respond by approving a reasonable project.

ODDS 'N ENDS

By Fran Martin

Can it really be true . . . the spring weather we had over the week-end . . . is what everyone has been asking . And if it stays for awhile we'll add our bit by saying it was worth waiting for . . Did you notice how the buds on the trees popped out in the long-awaited sunshine and how green the grass looks . . . As someone said . . . that was better weather than we had all last summer. . . Let's keep our fingers crossed and hope we'll have lots of it . . .

• • •

AND DID YOU have some of those tasty smelt that were caught last week? . . . Guess they came by the millions from what we hear there were scads and scads of them dipped . . . And at Ironton Saturday the perch were biting . . . the fish shanties we mentioned a few weeks back were replaced by boats . . . big ones, little ones and non-descript ones and everybody was catching fish . . . If they're at Ironton it won't be long before Round Lake will be filled with boats . . . The fish are fine . . . but whose got the patience to catch them . . .

• • •

WE WERE invited to the Earl Youngs recently to see the movies they'd taken when in Hawaii last year . . . If you even as much as thought of the islands before you were convinced it's the most beautiful spot in the world after seeing the colored movies . . The long stretches of sandy beach with the hotels almost at the water line . . . Diamond head . . . the palms . . . the gorgeous colorings in the sky . . . and the flowers . . they were heavenly . . . it all made you want to take off on the next plane for Paradise on earth . . . and the photography rivals anything we've ever seen in travelogues . . . it was thrilling to see them particularly after they'd been taken by someone you knew . . .

We needn't mention the reception given General Douglas MacArthur and his family in Chicago and Milwaukee last week . . It was breath-taking just to listen to it . . . And the reception at Soldiers' Field was beyond words . . . We didn't hear all the broadcast of the parade but Mrs. May Nielson called to tell us that there was someone riding in the parade whom we all knew . . . we hope you heard it for I'm sure it made it all a little more personal . . . He was Dr. Louis L. Mann, beloved summer visitor here, and probably the only one any of us knew who had been invited to participate in the reception . . . Wouldn't it be wonderful if he could come tomorrow and tell us all about it . . .

• • •

HAVE YOU ever seen articles of clothing made from feed bags? . . . Neither had we seen anything but a few aprons until Mrs. Newman showed us some of the dresses, and aprons she'd made from them . . they're colorful, the material is soft and not coarse as you'd expect it to be and they're very attractive . . . She says she makes literally dozens of them for her family and friends . . . How can people be that clever . . . If we attempted anything like that it would no doubt look like what it was . . . a feed bag . . .

• • •

LITTLE ANN RATIGAN came in the other night with a bouquet of arbutus her folks, the Bill Ratigans, had gathered . . . If there's one thing that's really a sign of spring and truely beautiful it's these fragrant pink flowers . . . and they're so rare . . . the first we'd seen in several years . . . When we were kids we used to search the woods for them, and we might add, rarely found them . . .

• • •

A card from Mrs. Clair Webster tells us they're settled in their new home in Coral Gables . . . Clair has a wonderful job and Sue is working for Southern Bell . . . Mrs. W. says she's recuperating from virus pneumonia she had when they first went to Florida during the winter. Adds that she's going to do nothing but sit in the sun and drink orange juice . . . and no clubs . . . that we have to see . . .

Attends Tri-State Hospital Meeting

Miss Anne Baumgartner, superintendent of the Charlevoix Hospital, was in Chicago from Monday to Thursday to attend the Tri-State Hospital convention.

She left Sunday, accompanied by Mrs. Albert Cook, and plans to return Friday.

Letter to the Editor

Dear Editor:

The Charlevoix Club here in Detroit wished me to thank you for the club in your kindness in printing the notices for our party, and feel that its success as a party is greatly due to your notices in the Courier.

Again thank you very much. Next year come down in person and get acquainted with Charlevoix in Detroit.

Yours Truely,
Grace M. Papineau, Sect'y

I See by the Courier . . .

- Mr. and Mrs. R. A. MacMullan and daughter, Sally, of the Heights, spent the week-end with Mrs. MacMullen's parents, Mr. and Mrs. Fred S. Myers. Mr. Myers is still a patient at the Charlevoix hospital.

- Mrs. Robert Porter and three sons of Grand Rapids are spending a week with her mother, Mrs. Harold Bedford. Mr. Porter bought them here and will return fo them next week-end.

- Mr. and Mrs. Swain Smith, former residents, have been visiting relatives and friends here. They came from Miami, Fla., and have been staying with their nephew and niece, Mr. and Mrs. Homer Brady. Their home is near Los Angeles, Calif., but they will return to Miami where Mr. Smith will be employed on a building project.

- Jack Goldman of St. Louis, Mo., spent the week-end with Mr. and Mrs. Arthur Ranger after bringing his cruiser, the Ranger, from St. Louis, where he had had it since last fall.

- Mrs. Glenn See and Mrs. Arthur Ranger were in Detroit early this week on a business trip.

- Mrs. Robert Bergmann and family returned home Monday after spending the week-end with Mr. Bergmann at Trout Lake.

- Mr. and Mrs. George Emrey returned to their Auld st. home Monday after spending the winter in Florida.

- Mr. and Mrs. William Butters of Sunset Lodge returned here last week after spending the winter at Coral Gables, Fla.

- Mrs. C. E. Sterritt and Mrs. George Pitcher have gone to Muskegon for a month's visit. The former's daughter-in-law, Mrs. Robert Sterritt sr. and Mr. and Mrs. Allen Sterritt came for them and returned after spending the week-end here.

- Mr. and Mrs. Richard Hipp of Detroit visited recently with his uncle and aunt, Mr. and Mrs. Elmer Ostrum.

- Mr. and Mrs. A. G. Young left Saturday for a visit with relatives in Detroit.

- Mrs. Robert T. Coleman and twin daughters have gone to Royal Oak to join Mr. Coleman in their new home there. They had been in their Park ave. home here for the past year.

- Mr. and Mrs. Earl Kroll and family spent several days recently with relatives in Detroit.

Bridge-Luncheon For Websters at Florida Resort

Of interest to Charlevoix residents will he the news of the Clair Websters who are now settled in their home at 230 Phoenctla ave, Coral Gables, Fla.

Among the parties given for Mrs. Webster was the bridge luncheon at the Surf Club, Miami with Mrs. C. Francis Smith as hostess. The luncheon table for sixteen guests was laid in the Ocean Terrace Room and was decorated with spring flowers.

Mrs. Smith who was attired in pink linen and navy accessories was assisted in the receiving line by Mrs. Edward Robinson.

Among the out of town guests were Mrs. Renault Mahon of Grand Rapids, Mrs. Bessie Corey of Racine, Wis., and Mrs. William Butters of Charlevoix. Each guest was presented with an orchid.

Dr. and Mrs. Smith will be the guests of the Butters at Sunset Lodge this summer when they will also be joined by Mr. and Mrs. Webster.

Unique Table Settings Feature Annual Dinner

The annual birthday party sponsored by the B.P. and M. circle of the Methodist church was held at the church Wednesday evening.

As is the custom, tables were decorated in keeping with the various holidays in the months of the year.

The winning table was the one decorated for May and June and depicted baccalaureate. It had miniature graduates marching to church. It was decorated by Mrs. Harry Stewart, Mrs. Joseph Arvilla, Mrs. Howard Stephens and Mrs. Howard North.

The other tables which were cleverly and originally decorated were the January-February table which featured a miniature night club with miniature characters welcoming the New Year. It was decorated by Mrs. Richard Edwards, Mrs. Rex Davis, Mrs. Fay Davis and Mrs. Don Meggison.

The March-April table had a large lamb cake for the month of March and Easter bunnies which marked each place. Mrs. Kenneth Cellner, Mrs. John Schroeder, Mrs. George Hovey and Barbara White planned the decoration.

Venetian Night was the theme of the July-August table decorated by Mrs. James Johns, Mrs. Emerald Chew, Mrs. Robert Maxfield and Mrs. Kenneth Sweet. It featured a Queen's float and tiny gaily decorated boats on a mirror lake.

The harvest table for September and October held a large cornicoupia filled with vegetables and miniature vegetable characters were placed the length of the table. It was arranged by Mrs. LaVern McGhan, Mrs. Russell Dohm, Mrs. Randall Crump and Mrs. Clayton Trimble.

The November-December table featured the two major holidays in those months, Thanksgiving with the Pilgrims and Christmas with a decorated Christmas tree.

Guests received an evergreen corsage. Mrs. Joe Williams, Mrs. Leonard Burns, Mrs. Abe VerWys and Mildred Jones arranged the table.

After the dinner the guests enjoyed a social hour before leaving for home.

Announce Marriage Of District Couple

Mr. and Mrs. James Earl announce the marriage of their daughter, Mrs. Viva Sutton of East Jodan to Clyde Evans of Detroit and Fort Lauderdale, Fla. April 21. The ceremony was performed at the Methodist church in Oakland Park, Fla.

The couple plan to reside in East Jordan.

Children Enjoy Egyptian Drama

The children of northern Michigan caught a glimpse of life in ancient Egypt last Wednesday when Clare Tree Major's dramatics company paid a visit to Petoskey and presented the Rebellious Prince.

Fascinating and authentic scene from the court of Queen Hathepsut of Egypt in the year 1500 B. C. were seen by the audience as the players portrayed the story of the Rebellious Prince.

Attending were the pupils of the fifth and sixth grades of the Charlevoix public schools, the upper classmen of St. Mary's school and the pupils from Murray, Norwood and Horton's Bay rural schools.

Attend Meeting

Attending the spring meeting of the Cheboygan Association of Congregational churches at Gaylord last Wednesday were Mrs. Harry Ladd, Mrs. H. E. Paddock and Mrs. Jeff Novotny.

David Smith, Former Resident To Wed in June

Mr. and Mrs. T. L. Franks of Hot Springs, Ark. announce the engagement and approaching marriage of their daughter, Earline, to David G. Smith, son of Mr. and Mrs. Bert G. Smith, East Lansing.

The wedding will be solemnized Saturday, June 2, at 4 p.m. in the Chapel of Army-Navy General Hospital in Hot Springs.

Miss Franks graduated from Fair Park high sshool in Shreveport, La., and attended Northwestern State College, Natchitoches, La. She graduated from Henderson State Teachers College, Arkadelphia, Ark., in January.

Mr. Smith graduated from Charlevoix high school, Charlevoix, and has served in the Special Services Division of the Army for the past three years.

The couple will make its home in Hot Springs where Mr. Smith is stationed at the Army-Navy General Hospital.

Catholics Hold Pre-Retreat Dinner

The Northwestern Michigan Catholic Laymen's Retreat Association held its annual pre-retreat dinner at the Park Place hotel in Traverse City Wednesday night.

Attending from Charlevoix were Henry C. Heckler, George LaBlance Jr., Ralph S. Hamilton and Sam Hamilton.

Methodist rummage sale at Hookers all during the month of May.

IRONTON

Mrs. Robert King

Hello again from Ironton, where the weather is beautiful and the fish are biting, the lake down at the ferry was simply crowded with boats Sunday.

Mr. and Mrs. Herman Thierry will soon become residents of Ironton, having recently purchased the former Chalmer Brown home.

Mr. Thierry is a successful sign painter from Detroit and will continue his profession here. The Thierry's have three children. Welcome to Ironton Mr. and Mrs. Thierry.

Mr. and Mrs. Bob Mousseau and daughter are another new family in Ironton having moved to the old "Williams' place".

Mary Bennett and Violet Bustard spent Wednesday in Petoskey.

Mrs. Gertrude Colwell of Ironton and Mrs. P. A. Clemmons of Central Lake left Friday for a two weeks vacation in Flint and Lapeer.

Mr. and Mrs. Glen Williams were Tuesday evening guests of Mr. and Mrs. Pete Kanoff. They had a pleasant game of canasta and enjoyed a lunch.

Mr. and Mrs. Ben Bustard spent Friday evening with Mr. and Mrs. Pete Bennett.

Don't forget Ladies Aid will meet this Thursday with Mrs. Lewis Brown.

Ironton is proud of the boys and girls who won honors on "achievement day" at East Jordan.

Mr. and Mrs. Wayne Saunders of Traverse City, Mr. and Mrs. James McNeal, Boyne City, and Mr. and Mrs. Ed Yahr and daughter, Leona, of Bay Shore were Sunday dinner guests at the home of Mr. and Mrs. Oakley Saunders.

Mr. and Mrs. Alvey Werth had as their guests over the week-end, Mr. and Mrs. Lawrnece Hubble and children, Julie and Butch, of Flint. Also Leo Werth and son, Jim. They had a swell time smelt fishing while they were here.

Mr. and Mrs. Raymond Nowland and children, Linda and Donald, Mr. and Mrs. Sam King and Sally were Sunday guests of the Bob Kings.

The Ralph Prices had a card recently from Prof. J. R. Nelson, who says his wife is seriously ill in St. Joseph hospital in Ann Arbor. The Nelsens have been summer residents here for years.

Mr. Ted England and Lewis Andews spent the week-end in Ironton - trout fishing.

Mr. and Mrs. Pete Kanoff entertained Mr. and Mrs. Tommy Nielsen Wednesday evening. They played cards and enjoyed a nice lunch.

Mr. and Mrs. John Balance, East Jordan spent Sunday with the Pete Bennetts.

Mr. and Mrs. Willis Cross of Charlevoix called on Mr. and Mrs. Pete Bennett Monday evening.

Mrs. Will Walker entered Little Traverse hospital in Petoskey Sunday for major surgery.

Mrs. Betty Sarna is out and around again. These beautiful days make a lot of us want to walk, and Betty did. Her first one in a long time was Friday and she stopped and rested and visited with a few of us. We're all glad you're better Betty.

Mr. and Mrs. Ole Nielsen spent Saturday evening with Mr. and Mrs. Vernon Mathews.

That's all for now folks.

Rock Elm News

By Mrs. A. B. Lawton

Dirt roads are beginning to be quite dusty again.

Mr. William Slough is having his house wired for electricity. Jesse Lawton is doing the work.

Mr. and Mrs. Elwin Gundsteadt and son, Oscar of Flint, recently spent a week-end visiting Mrs. Gundsteadts sister and brother-in-law, Mr. and Mrs. Lawrence Jensen.

It would be fine if Washingtons farewell address to the army, Lincoln's Gettysburg address, and MacArthurs address to Congress could be printed together in one book.

Make Dressings

Nays: None.
Absent: None.
On motion the Council adjourned.

IT HAPPENED ON ....
BEAVER ISLAND

By Mrs. J. C. Hanley

Ray Cull is the new skipper of the North Shore. Art Larsen is the engineer, Jack O'Donnell and Bobby Miller are the helpers. Ray piloted the boat to the island Monday for his first trip as skipper.

During off hours, the North Shore is being spruced up for the coming season. It's being painted inside and out.

Captain Dick Lyons will be navigating the White Swan during the season.

Weatherman Hugh Connaghan lacked a couple of days from being tee-totally right about the weather. Towards the end of the week, the island enjoyed real spring days; the kind that's too pretty to stay indoors. Rakes were dusted off and leaves began to heap up in piles for burning. There was a lot of chit-chat across fences as everyone who could was out doing yard work.

Mrs. Bill McDonough left on Monday's boat to visit her husband who is very ill. She was met by her daughter, Mary Ellen, who came up from Bay City to meet her mother in Traverse City. Mrs. McDonough returned to the island Friday. Bill was somewhat improved which enabled her to return home.

Mrs. Elizabeth Gallagher returned to her island home after spending the winter with her daughter, Mrs. Mary McDonald, in Charlevoix.

Mrs. Nora Gallagher returned to her home Wednesday. Nonie made her winter headquarters at the Blue Post Inn in Charlevoix. She enjoyed visits in Ludington with Mr. and Mrs. Jack Johnson and in Montague with Mr. and Mrs. Fred Karthase.

Two long rings and a short on the island's private telephone system usually produces a soft voice saying "hello"—but what would one expect ringing two longs and a short on a pencil sharpener? It happened last week. One of the customers at the Shamrock Tavern reached for the receiver to make the call but cranked up the pencil sharpener near the phone and he couldn't imagine why he didn't get an answer.

Wednesday, Gus Mielke left the island to check in at the Munson Hospital in Traverse City for a serious operation. The operation took place Friday morning. Mrs. Mielke accompanied her husband across.

A defective chimney in the McDonough's cottage (the one Glenn and his Dad built) was the cause of the place catching fire Thursday in the early afternoon. Bertha discovered the fire and made a record run to LaFreniere's store for help. The alarm was given and in no time at all, there was a crew of fire fighters. Not too much damage was done to the building, thanks to the bucket brigade.

Leo McGinnes came home from Grandvue for a fling and he had it. Mac said he was going back for a rest and to get away from the hustle and bustle of Beaver Island. He returned to Grandvue Friday.

The U. S. Coast Guard cutter from Charlevoix was towed to the island Thursday by the Sundew. The cutter was grounded a couple of times coming from the Soo.

Members of the St. Cecelia Club met Saturday afternoon at the home of Mr. and Mrs. Johnny Gallagher, this being the last meeting until next fall. Mrs. Russell Palmer, the director of the club, presided over the musical program. The premier performance of the musical playlet, "Peter Rabbit" was given by Ann Marie Hanley, Mary E. Gallagher, Loretta LaFreniere and Beverly Moody. Mrs. Larry Davison accompanied the children. Mary Elizabeth played several piano selections. After the musical program, refreshments were served.

Sunday was a glorious spring day. The sky and water were so blue they blended together in the distance. The wooded section between front and back beach is in bloom with May flowers . . just worlds of flowers. In the evening, the frog chorus around the harbor let it be known they are happy that spring is really here.

The island folks were shocked Sunday evening to learn of the death of Mrs. Mielke. Mrs. Mielke died of a heart attack when she went to the hospital to visit her husband. Our deepest sympathy to Gus. The shock of his wife's death has made his condition serious and he was coming along nicely after the operation.

Coast Guard Wives Hold Social Meeting

The Coast Guard Auxiliary, composed of the wives of Coast Guardsmen stationed here, met recently at the home of Mrs. Darrel Smith. Mrs. Edward Phelps, Mrs. Robert Coash and Mrs. Robert Morgan were hostesses.

The members spent the evening playing bingo with Mrs. James Johns and Mrs. Phelps winning the prizes.

Other members present were Mrs. Thomas Farmer, Mrs. L. M. Bergstrom, Mrs. Robert Ashdon, Mrs. James Gallagher, Mrs. Klaus Andersen, Mrs. George Pethe, Mrs. Elmer Bump and Mrs. Don Mills.

Cabaret costume ball, May 5, 9:00 P.M. at Boyne City high school gym. Round and Square dancing with Brooks Orchestra. Sponsored by the OES and F and A.M. 18x

Methodist rummage sale at Hookers all during the month of May.

Clean-up Time

'tis the time of year when everyone feels like doing housecleaning. To help promote this spirit, the city will lend a hand by picking up rubbish and what-not. No ashes please.

City employees will pick up your tin cans and rubbish as part of the annual clean-up week May 7 to May 12.

Please place all rubbish at the curb . . .

Trucks will make daily pickups but residents are urged to put their rubbish at the curb early in the morning to help facilitate the handling and as well as reduce expense to the city.

This is the Clean-Up Time you have been waiting for. Lets make the most of it . . .

City of Charlevoix

Rubbish should be placed in containers. But please don't use barrels as some people did last year.

17-18x

Marilyn Watson's Betrothal Told

Mrs. J. Clare Cotton announces the engagement of her daughter, Marilyn Elizabeth Watson of Charlevoix, to Roger D. Lane, formerly of Orrington, Maine, now residing in Miami, Florida.

Miss Watson attended Charlevoix high school and continued her education in Flint. She spent the winter at Miami Beach, Florida with her parents. Mr. Lane graduated from Bangor high school, Bangor, Maine and completed his education at Russell Sage College and Boston University.

He served in the U. S. Army in World War II, with overseas duty in the Army of Occupation in Germany. After his discharge he was connected with several hotels in New England and New York, including the Schine Hotels chain two years. At present he is assistant comptroller of the Caribbean Managed Hotels, located at the El Morocco Hotel and Villas, Miami Beach, Florida.

Mr. Lane is assistant scoutmaster of Troop 33, Boy Scouts in Miami and a active member of Tropical Charter No. 19, Hotel Greeters of America. Plans are set for a May Wedding and the couple will reside at 433 N. E. 37th St., Miami.

Announce Bethrothal Of Mrs. S. W. Meyers

Mr. and Mrs. Albert Edwards announce the engagement and approaching marriage of her sister, Mrs. Susie William Meyers of Ann Arbor to Cecil B. Randall also of Ann Arbor.

The wedding will be an event of June 30 at the home of the Edwardses in Charlevoix.

Both are employed in Ann Arbor.

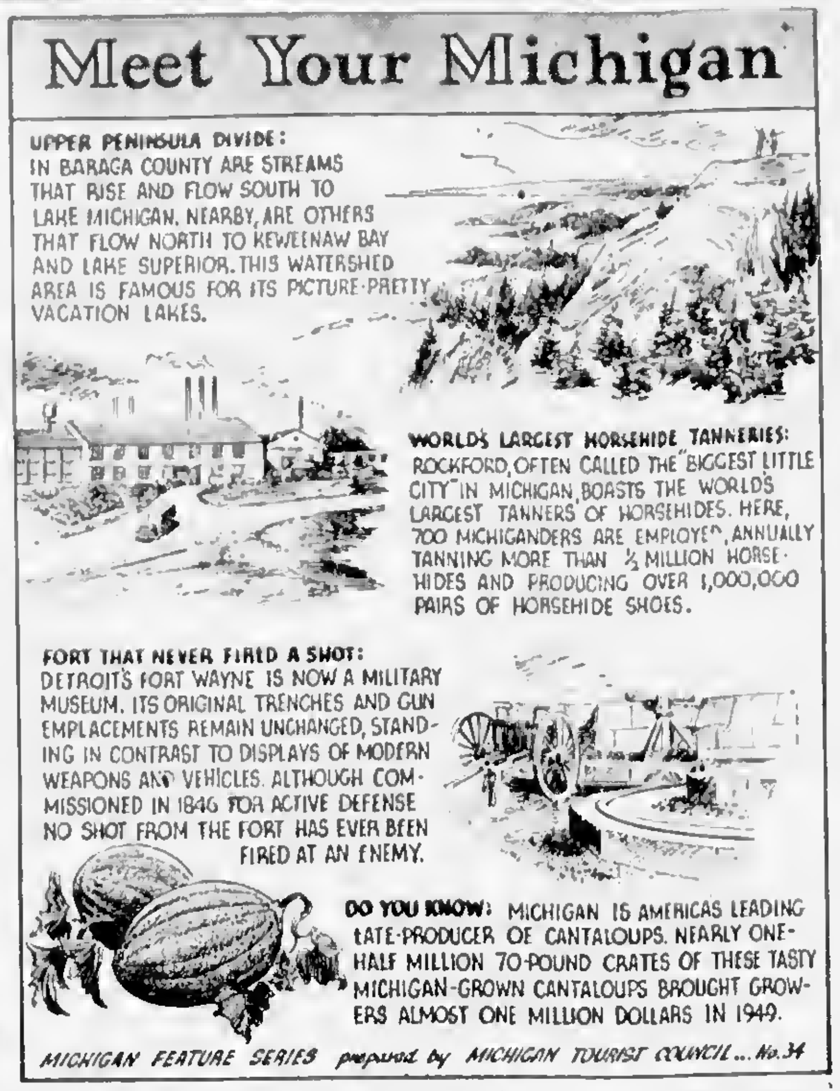
The bride-elect is a former Ironton resident.

Nancy Heering Takes Job with Airline

Nancy Heering has accepted a postion with the Capital Airlines as reservation agent at the Hotel Olds in Lansing.

She left Sunday via plane from Grand Rapids for Washington, D. C. for a ten-day training course. She will then return to Lansing.

Her parents, Mr. and Mrs. William Heering spent the week-end in Grand Rapids with her before she left for Washington.



Meet Your Michigan

IN BARAGA COUNTY ARE STREAMS THAT RISE AND FLOW SOUTH TO LAKE MICHIGAN. NEARBY, ARE OTHERS THAT FLOW NORTH TO KEWEENAW BAY AND LAKE SUPERIOR. THIS WATERSHED AREA IS FAMOUS FOR ITS PICTURE-PRETTY VACATION LAKES.

WORLD'S LARGEST HORSEHIDE TANNERIES: ROCKFORD, OFTEN CALLED THE "BIGGEST LITTLE CITY" IN MICHIGAN, BOASTS THE WORLD'S LARGEST TANNERS OF HORSEHIDES. HERE, 700 MICHIGANDERS ARE EMPLOYED, ANNUALLY TANNING MORE THAN ½ MILLION HORSEHIDES AND PRODUCING OVER 1,000,000 PAIRS OF HORSEHIDE SHOES.

FORT THAT NEVER FIRED A SHOT: DETROIT'S FORT WAYNE IS NOW A MILITARY MUSEUM. ITS ORIGINAL TRENCHES AND GUN EMPLACEMENTS REMAIN UNCHANGED, STANDING IN CONTRAST TO DISPLAYS OF MODERN WEAPONS AND VEHICLES. ALTHOUGH COMMISSIONED IN 1846 FOR ACTIVE DEFENSE NO SHOT FROM THE FORT HAS EVER BEEN FIRED AT AN ENEMY.

DO YOU KNOW: MICHIGAN IS AMERICA'S LEADING LATE-PRODUCER OF CANTALOUPS. NEARLY ONE-HALF MILLION 70-POUND CRATES OF THESE TASTY MICHIGAN-GROWN CANTALOUPS BROUGHT GROWERS ALMOST ONE MILLION DOLLARS IN 1949.

MICHIGAN FEATURE SERIES prepared by MICHIGAN TOURIST COUNCIL ... No. 34

Rev., Mrs. Wood Feted At Birthday Party

Rev. and Mrs. W. D. Wood were guests of honor at a birthday party given Friday evening at the Community Church of God Fellowship hall.

Seventy members of the church were present for the social hour and refreshments. The couple was presented with a set of silver from the group.

Traffic Safety Drive to Start

(Continued from page 1)

Plans for the traffic campaign were formulated at a meeting last week in the police office attended by Aldermen Harry Zeitler and Ralph Hamilton, Harry Ladd, George LaBlance and Victor G. Spaniolo. Mr. Heise presided.

Chief Heise pointed out that unsafe automobiles are a factor in nearly half of the traffic accidents. In some surveys, mechanically defective cars were factors in 59 percent of the accidents.

It has been estimated that nearly one of every three cars in an average community are defective in some mechanical way.

• • •

IT IS EXPECTED that garages will lend their wholehearted support to the campaign. OK stickers will be issued motorists when their cars have been checked and found to be in satisfactory condition.

Brakes, lights, steering mechanisms and tires should be checked. These are the mechanical features which are most dangerous if they are in poor condition.

Couple Speaks Vows In Baptist Manse

At a quiet ceremony performed at the Baptist manes Saturday, April 21, Mrs. Clara Morton of Detroit and Harold Curtis of this city exchanged their marriage vows.

The Rev. L. L. Lewis read the service in the presence of their attendants, Mr. and Mrs. Eugene Curtis, brother and sister-in-law of the bridegroom.

Following the ceremony a reception was held at the home of the bridegroom's mother, Mrs. John Curtis, for relatives and friends.

The couple plan to make its home here.

Mr. and Mrs. Carl Eckman of East Tawas were here for the wedding.

District WSCS to Meet in Petoskey

The annual district meeting of the Women's Society of Christian Service will be held in Petoskey, May 8, at 9:30 a.m.

The conference president, Mrs. Willingham, and Miss Inez Frey, superintendent of the Peek Children's home in Polo, Ill., will speak. District officers will conduct workshops.

A Charlevoix group will attend the meeting.

Past Matrons Hold Joint Meeting Here

The Past Matrons club of Charlevoix and Mackinaw City held a joint meeting Saturday night at the home of Frances Durance.

Among those present were Mrs. Ethel Carleton, Mrs. Grace Trumbull, Mrs. Lorna Chase, Mrs. Ida McKinnon and Mrs. Dorothy Wallin of Mackinaw City. Charlevoix women present were Mrs. Vance Walstad, Mrs. Helen Cook, Mrs. Ella Fochtman, Mrs. Sadie Faulkner, Mrs. Laura Courier, Mrs. Bernice Wexstaff, Helen Richards, Mrs. Matilda Ikens, Mrs. May Ladd, Mrs. Alice Bellinger, Mrs. Marian Carey and Mrs. Marjorie Coleman.

Card of Thanks

We wish to thank the neighbors of the Loch Community for their flower donation during our recent bereavement of our dear mother, aunt and sister.

Mrs. Clifford Gennett
Mrs. Russell Curtis
George Clarke.

Card of Thanks

We wish to thank everyone that was so kind and thoughtful during my illness.

Percy and Ruby Empey and Family. 18x

Card of Thanks

I wish to express my deep gratitude and appreciation to the hospital staff and Dr. Saltonstall for their kindness, also, to my many relatives and friends for their beautiful cards and handkie shower, plants and other remembrances shown and the ministers for their kind words during my illness in the Charlevoix hospital.

Mrs. Clifford Gennett. 18x

Card of Thanks

I would like to thank the entire hospital staff and Dr. Grate for their kindness shown me while I was in the Charlevoix Hospital.

Mrs. Philo Campbell. 18x

Card of Thanks

We would like to express our gratitude to the many friends and neighbors of our dear wife and mother, Mrs. Howard Gornell for the flowers and other expressions of sympathy at her death.

We especially would like to thank the doctors, nurses, Barnard grange and Rev. Moore.

Howard Gornell
Mr. and Mrs. Carl Left & family
Mr. and Mrs. Sheridan Root and family.

Shortest U. S. Railroad

The Valley railroad, 0.57-mile in length, of Westline, McKean county, Pennsylvania, is the shortest line-haul railroad in the United States. This railroad derives its revenues entirely from freight service. In 1948, the Valley Railroad employed 11 persons. It is an independent company, rated by the Interstate Commerce Commission as a Class III road.

Legal Notice

ORDER FOR PUBLICATION
Probate of Will
STATE OF MICHIGAN

The Probate Court for the County of Charlevoix.

At a session of said Court, held at the Probate Office in the City of Charlevoix in said County, on the 12th day of April, A.D. 1951.

Present, Honorable Floyd A. Supp, Judge of Probate.

In the Matter of the Estate of Joel Johnston (also known as William Joel Johnston) deceased.

Peter Timmer, Executor named in the Will of said deceased, having filed his petition, praying that an instrument filed in said Court be admitted to Probate as the last will and testament of said deceased and that administration of said estate be granted to himself, Peter Timmer, or some other suitable person.

It is Ordered, That the 7th day of May, A.D. 1951, at ten A. M., at said Probate Office is hereby appointed for hearing said petition.

It is Further Ordered, That public notice thereof be given by publication of a copy hereof for three successive weeks previous to said day of hearing in the Charlevoix Courier, a newspaper printed and circulated in said County.

		$27,882.19

County Roads Betterment and Construction Statistics:

Section 1: Charlevoix-Marion Townships known as the Barnard Road. Grading and Drainage Structures 36' F.E.G. 21' Aggregate Surface Starting at Sta/. 0/00 at the intersection of the Barnard Road and U.S. 31, Sec 34,T-34-N, R-8-W, thence Southwesterly to Sta. 147/84 the distance of 2.8 Miles 8" Comp. Replacing 18' Non-skid Surface Treatment.

Section 2: Hudson-Boyne Valley Townships known as the Boyne Falls East Road 21' Aggregate Surface. Federal No. S 105(5) State No CS 15-26 County Road 626 Starting at Sta. 267/00 thence Easterly to Sta. 499/87 the distance of 4.3 Miles 6" Comp.

(This item was a Federal Aid Secondary (FAS) Project Replacing 16' Aggregate Surface.

The Commission began a re-signing program in the Spring of 1949. Time, Material and Revenue have interrupted this project throughout the past two years but it is sincerely hoped that it will be completed within the next two years.

The County Roads Maintenance consists of 122.4 miles which is about evenly divided between Section 1 and Section 2.

It is planned to complete the 2.8 miles of the Barnard Road with a Bituminous Surface Treatment during the year of 1951.

SNOW REMOVAL COSTS OF TOWNSHIPS FOR THE FISCAL YEAR 1949-1950 (McNitt Roads)

Township	Snow Fence	Sanding & Snow Removal	Total	Total Mileage	Ave.
Bay Township	$ 587.11	$ 1,095.84	$ 1,682.05	13.5	$124.06
Boyne Valley	487.41	2,095.01	2,582.42	20.8	124.15
Chandler	526.62	1,948.39	2,475.01	18.3	135.25
Evangeline	79.97	797.46	877.43	7.7	113.95
Eveline	284.54	1,770.06	2,063.60	14.5	142.32
*Hayes		1,328.73	1,326.73	27.8	47.72
Hudson	320.71	1,826.81	2,147.32	18.3	117.34
Marion	596.97	1,126.40	1,723.37	18.6	91.67
Melrose	139.28	1,548.74	1,688.00	18.7	90.16
Norwood	211.55	563.18	774.73	5.4	143.46
Peaine	24.95	400.85	425.80	2.8	183.77
St. James	15.50	162.84	178.34	3.5	50.95
South Arm	536.80	2,321.09	2,857.89	24.9	114.77
Wilson	470.13	2,563.65	3,033.78	32.6	93.00
SNOW FENCE	$4,281.52				
SNOW REMOVAL		$19,553.85			
TOTAL COSTS McNITT ROADS			$23,835.37		
TOTAL TOWNSHIP MILEAGE PLOWED				225.4	
AVERAGE COST PER MILE PLOWED					$105.75

Average cost per mile 1948-1049	$109.35
Average cost per mile 1047-1948	137.25
Average cost per mile 1946-1047	173.29
Average cost per mile 1945-1948	122.55

It will be noted that a lowered cost per average mile of road plowed was affected during the past winter season, however many of the townships indicate a higher average cost then the previous year. The past winter was mild compared to some that have been experienced such as 1948-1947. It should be realized that the coverage is for the county and some parts of the county received greater snowfall and winds during the course of the winter.

During 1949 the amount of 13.5 miles of grading was accomplished with the financial help of the townships and by the elimination of many snow traps the cost of plowing is naturally lowered. An example of this lowered cost is indicated by Hayes Township where each year the trend is downward and during the past few years a number of miles have been graded and many so called snow traps eliminated.

What the public must realize is that snowplowing is a tremendous expense that in no way helps the roads, in fact it helps to destroy them and when the winter season is over there is nothing to indicate the job accomplished with the exception of in many cases ruined surfaces.

The Revenues received for McNitt (Township) Roads is practically the same amount that was received in 1035 when little snowplowing was done or needed. The various townships above listed agreed to pay for the past winter's snowplowing and are being billed at this time. Many townships advanced partial payments on snow removal which helped considerably.

It will be noted that the above statistics listed cover only the period of January 1, 1950 through December 31, 1950.

Snowplowing costs listed reflect the cost of Spring and Fall of 1950 whereas the Townships are billed for the costs of the season. As soon as the records are completed in dismanteling of snowfence, the billings will be issued to each township that entered the program.

January 1, 1951 the following Townships owed to the Commission for various projects the following amounts:

Bay Township	$ 531.75
Boyne Valley	1,368.68
Eveline	4,088.25
Hayes	651.81
Hudson	723.15
Marion	792.40
Norwood	699.44
	$8,855.48

Total McNitt Betterment in 1950	11.5 Miles	

It should be noted that the Commission received $37,159.54 during 1950 for McNitt Road Mileage. This amounts to approximately $57.75 per mile. The report of the expenditures on McNitt Roads indicate $60,897.13 with approx. $9,000.00 due from the townships on past projects. It clearly shows an overexpenditure of more than $14,500.00 in 1050. The only place this can come from is the County Road Fund and we all know that the County Roads in Charlevoix County are in a very bad condition.

Materials, Wages and Equipment have risen as much as 135% in some instances and the revenues received have shown no appreciable gain in the past 10 years.

A partial answer to the problem is an increased Gasoline and Weight Tax with an equalization of distribution to the State, County and Cities according to the need.

Bills are before the Legislature at the present time and may be passed by the time this booklet reaches you, however, a 1.5c increase in Gasoline Tax will only give the Commissions of the State, that amount lost through raising prices and a depreciated dollar 10 years ago and it will be a long struggle to bring the County and Township roads in good condition again.

A supplemental report follows this report of receipts and expenditures explaining all phases of operations of the Commission. The Board of Supervisors will each receive one and others will be mailed to various organizations of the County.

The Commission desires to thank the Board of Supervisors for their splendid cooperation during the past year, knowing they also face the problem of raising prices with no additional revenue, also to the Township Boards who have approved the expenditures of $44,480.00 in McNitt Betterment and Snowplowing Funds. We believe their co-operation have eliminated many so called snow traps and sections of very bad roads.

Respectfully submitted;

CHARLEVOIX COUNTY ROAD COMMISSION
S. E. Rogers
Chairman
Lyle B. Wangeman
Vice Chairman

To the Honorable Board of Supervisors
Charlevoix County, Michigan
Ladies and Gentlemen:

The Board of County Road Commissioners who have operated the Ironton Ferry for the past two years would submit a corrected report covering the Receipts and Expenditures in the operation of above Ferry. After a complete audit of the books, it was found that the previous report was not complete.

REPORT OF THE IRONTON FERRY OPERATION FOR THE YEAR OF 1950

Total Income:			
26,893 Passenger Car Fares			$4,033.05
799 Commercial Truck Fares			199.75
546 Passenger Coupon Books			1,092.00
40 Commercial Coupon Books			80.00
			$5,405.70
Total Expenditures:			
Salaries		$5,914.25	
Maintenance		127.81	
Telephone		4.95	
Ferry and Engine Repair	$529.19		
Less refund on Rev. Simon Accident on Ferry	177.01	352.18	
Diesel Fuel		1,330.03	
Utilities (Light and Power)		115.99	
First Aid and Small Tools		11.79	
Liability Insurance		153.00	
State Safety Survey		114.28	
Printing Ferry Tickets		130.59	
Compensation Insurance		120.59	
Hospitalization Benefit		38.00	
Retirement Benefits		398.32	
Administration and Overhead		871.74	$0,688.42
			$4,282.72
New Equipment Purchases:			
Fire Extinguishers		53.70	
New 1½ Centrifical Pump		135.96	
Fire Hose		37.80	
1260' Cable & Steel Shives		539.71	
Life Vests		23.65	790.82
TOTAL DEFECIT FOR THE CALENDAR YEAR OF 1950			$5,073.54

With reference to the above the expense of operation of the ferry has been taken from the County Road Funds and partially paid back by the tolls received.

Effective January 1, 1951 upon recommendation of the State Auditors the expenses will be taken from the General Fund to the County and the tolls will be credited thereto. The Commission will continue to operate the Ferry, billing the County each month for any expense involved. The operators will remain on the payroll of the County Road Commission.

At the request of the Supervisors the Commission is instituting an Annual Pass rate for the Ferry at $15.00 per season per vehicle and non-transferable.

As stated last year the Commission believes that it is good business practice to maintain a reserve for replacement of the Ferry and Installations.

Respectfully submitted;

CHARLEVOIX COUNTY ROAD COMMISSION

State of Michigan, County of Charlevoix, ss:

I, S. E. Rogers, Chairman of the Charlevoix County Board of Road Commissioners, do hereby certify that the attached is a true copy of the Annual Report of the said County Board of Road Commissioners for the period beginning January 1, 1950 and ending December 31, 1950 as made to the County Board of Supervisors under date of April 11, 1951. The same is a report showing the receipts and expenditures of such department in full and recommendations of the County Board of Road Commissioners.

IN TESTIMONY WHEREOF I HAVE HEREUNTO SET MY HAND AND SEAL THIS 11th day of April A.D., 1050.

S. E. Rogers

Chairman: S. E. Rogers, Charlevoix County Board of Road Commissioners. State of Michigan, County of Charlevoix, ss:

I, Fenton R. Bulow, Clerk of the County of Charlevoix and Clerk of the Board of Supervisors thereof, the same being a Board of Records and having a seal, do hereby certify that the foregoing is a true report of the Board of County Commissioners as made to the Board of County Supervisors at their Annual April Session 1951. In testimony hereof I have hereunto set my hand and affixed the Seal of the Board of Supervisors at the City of Charlevoix this 14th day of April A.D. 1951.

Fenton R. Bulow, County Clerk.

Deputy County Clerk

Legal Notice

ORDER FOR PUBLICATION, etc
STATE OF MICHIGAN

The Probate Court for the County of Charlevoix.

At a session of said Court, held at the Probate Office in the City of Charlevoix in said County, on the 27th day of February, 1951.

Present, Honorable Floyd A. Supp, Judge of Probate.

In the Matter of the Estate of Agnes Rose Schumacher, deceased.

To: Francis Trombley, and his unknown presumptive heirs, next of kin, legatees and devisees.
that Laura Blaess, an heir at law of said deceased and a sister of

NOTICE IS HEREBY GIVEN said Francis Trombley, an alleged disappeared person, has filed in said court her petition praying hat the Court declare said Francis Trombley, a son of said deceased, to be a person who has been absent from his last known place of abode for a continuous period of over seven years with his whereabouts unknown to those persons most likely to know thereof, and who has not been heard from by such persons during said period, and praying for the assignment of the distributive share of said Francis Trombley in said estate to the other heirs at law of said deceased as though said Francis Trombley was deceased and had predeceased said Agnes Rose Schumacher;

IT IS ORDERED that the 6th day of July, 1951, at 10 a.m. at said probate office, be and is hereby appointed for hearing said petition, and that unless cause to the contrary be shown, an order of assignment and distribution will be made by the court of the estate aforesaid to the surviving heirs at law of said deceased as though said Francis Trombley had predeceased said Agnes Rose Schumacher;

IT IS FURTHER ORDERED that notice thereof be given by publication of a copy of this order, once each month for four months prior to the month set for said hearing, in the Charlevix Courier, a newspaper printed and circulated in said County;

IT IS FURTHER ORDERED that notice thereof also be sent by registered mail as required by law

Floyd A. Supp,
Judge of Probate.

Margaret Almina Sheldon,
Administratrix of said estate.
Certified a true copy
Anna Eccleston,
Register of Probate. 0-14-18-23x

List Winners for Annual 4-H Achievement Day

Pictured are members of the 4-H Honor Roll group for the Dress Revue which was part of the annual 4-H Achievement Day last Thursday at East Jorden. Left to right re: Betty Werner, Beverly Richardson, Mery Lou Price, Peggy Price, Lois Wagner, all of Charlevolx; Adele Nesson, Sendra Boswell and Sharon Brock, ell of East Jorden, Susan Hosmer, Boyne City, Wenda Russell, Charlevoix and Ann Spencer, Boyne City,

The winter 4-H program was climaxed with an exhibition of projects in the East Jordan gym Wednesday and Thursday, April 25 and 26. Four hundred and thirty project members made an outstanding display of 1254 articles and according to the judges who looked over the exhibits on Wednesday night, the quality of workmanship was the highest it has ever been in the county.

The greatest number of exhibits were in knitting where 139 members displayed their work. One hundred thirty-nine made garments in clothing and 68 made handicraft displays. Exhibits were put up and judged on Wednesday but Achievement Day Festivities began with a movie at the Temple theater.

Here the members saw the film "The West Point Story". Ed Rebman was movie chairman. The youngsters paraded from the high school to the theater. There was a preliminary dress revue judging by State Club Leader Mollie Vasold.

While the girls were modeling their garments, a board sawing contest was held in the wood shop. Winners in this board sawing contest were first place Martha Lord, second place Roy Elsworth, and third place Dick Bailey all of East Jordan.

Prizes for this event were donated by the Boyne City Coop.

At 1:30 girls modeled their garments in an attractive dress revue. Assisting in this revue were Mrs. R. V. Liskum and Russel Hart. The revue was chairmaned by Mrs. Homer Nasson of East Jordan and the two other members of her committee were Mrs. Hazel Bebee and Mrs. Helen Campau.

Winners in the dress revue and the one who will represent Charlevoix County in the district contest was Mary Lou Price of Murray community who modeled her blue net formal.

Betty Warner of Charlevoix modeled her yellow sundress with green bolero top was choosen alternate. Several girls modeled sweaters that they had knitted in their project. Nine other girls won a place in the dress revue honor roll.

Honor rolls in other project work were presented by K. C. Festerling and Mollie Vasold and then medals were awarded to members who did outstanding work in 1951 as follows:

Medal Awards
Honor Roll

Dress Revue—Ann Spencer, Suzanne Hosmer, Boyne City; Wanda Russell, Charlevoix; Sharron Brock, Sandra Boswell, Adele Nassen, East Jordan; Lois Ann Wagner, Peggy Price, Mary Lou Price, Beverly Richardson, Betty Warner all of Charlevoix.

Clothing 3—Adele Nasson, Mrs. Hiram Brock; Barbara Barden, Nancy Erber, Mrs. Henry Erber; Ruth Ann Crowell, Jean Kaley, Mrs. Arthur Kaley; Yvonne Hulse, Mrs. Quinton White; Barbara Fisher, Margaret Lord, Sandina Liskum, Mrs. Mary Lord; Betty Warner, Anna Warner; Maxine Black, Mrs. Floyd McCracken; Barbara Gennett, Mrs. Addison Chew.

Clothing 4—Lois Ann Wagner, Mrs. Stanley Lord; Lynn Hair, Mrs. Quinton White; Mary Melin, Mrs. Helen Melin.

Complete Costume — Beverly Richardson, Elizabeth Richardson, Mrs. Stanley Lord; Clarice White, Mary Lou Price, Corrine Curtis, Mrs. Quinton White; Arveta Liskum, Mrs. Mary Lord; Marjorie Erber, Mrs. Richard Erber.

Food Preparation 1 Sharleen Brock, Anna Nassen; Food Preparation 2 Jean Swanson, Mrs. Earl Johnson; Food Preparation 3 Charles Pierce, Mrs. Earl Johnson; Food Preparation 6 Carolyn Stoel, Mrs. Earl Johnson; Food Preparation 7 Joyce Fiedler, Anna Warner; Food Preparation 8 Betty Warner, Anna Warner.

Personal Accounts — Clarice White, Lois Garver, Mrs. Quinton White.

Health—Marjorie Chanda, Ruth Ann Crowell, Robert Crowell, Jean Kaley, Donald Peters, and Robert Prebele, Mrs. Margaret Kaley.

Handicraft 1 — Ann Ratigan, Clifford Pierce, Mary Supernaw, Mrs. Earl Johnson; Gary Redmer, Ray Fisher; Dave Smith, Harry Pearsall; Quinton White Jr., Quinton White; Gary Curtis, Steve Gennett, Keith Mort, Lee Heckman.

Handicraft 2—Dick Way, Uno Suomela and Bill Parsons; Dianna Lehrbass, Harry Pearsall; Martha Lord, Ray Fisher; Bobby Geer, Billy McClanaghan, Gordon Boyer; Jean Swanson, Martin Johnson, Roberta Swanson, Mrs. Earl Johnson.

Handicraft 3—Barbara Fisher, Ray Fisher; Carl Price, Quinton White; Dick Smith, Bill Parsons; Peter, Nemecek, Francis Trojanek, Clinton Clark, Jean Nachazel, Harry Jankoviak.

Handicraft 4 — Ivan Parsons, Douglas Way, Bill Parsons.

Handicraft 6—Joe Martincheck Jr., Leonard Rayman, Joe Martincheek.

Electrical —Raymond Weisler, Bill Parsons.

Conservation — Judy Taylor, Beveral Braman, Linda Bustard, Wanda Gilkerson, Wendy Knudsen, Nicholynne Meyers, Etla Prevo, Dianne Whiteford, Sadie Liskum.

Gary Redmer, LaVern Hart, Deanna Lehrbass, Jack Zoulek, Nannett Drapeau, Audrey Elsworth, Grace Redmer.

Tractor Maintenance — Martin Weisler, Bill Parsons.

Medel Winners

Girl's Record, Betty Warner; Meat Animal, Wayne Murphy; Garden, Frank Russell, Rose Marie Lehrbass, Ernest Hayden, Sandina Liskum.

Canning, Connie Russell; H. G. Beaut, Rayth Redmer; Food Preparation, Audrey Elsworth; Achievement, Howard Campbell, Betty Warner; Dairy Achievement, Walter Murphy, Paul Liskum, George Nelson, Margaret Lord.

Clothing, Rheta Hess; Tractor, Jim Jolliffe, Dick Bailey; Poultry, Fayth Redmer, Dale Warren, Gary Redmer, David Smith, Rose Marie Lehrbass.

Fertilize to Increase Alfalfa Stands

Alfalfa stands will produce more forage for more years through fertilization, says James A. Porter, Michigan State college soil scientist.

If the stand is good, 200 pounds of fertilizer each year or 400 pounds alternate years will usually keep production high and profitable.

On heavy soils, Porter suggests use of 0-20-10 fertilizer; on medium soils 0-20-20 and an sandy soils 0-10-20 or 0-9-27. This fertilizer can be applied in April or in June after the hay harvest.

Tough on the Weeds
Tender to the Crop
Dearborn FARM EQUIPMENT
Easy on the Operator
DEARBORN Spring Shank
CULTIVATOR

TOUGH ON THE WEEDS. Spring shanks can be adjusted so that shovels or sweeps work at the exact spacing you want. Lets you get close to crop rows to get the weeds.

TENDER TO THE CROPS. A wide variety of row spacing and depth adjustments permits accurate cultivating with a minimum of damage to the plants.

EASY ON THE OPERATOR. Ford Tractor Hydraulic Touch Control lifts the cultivator at the end of rows for quick, easy turns. No heavy levers to pull. Ford Tractor's accurate automotive steering and Duo-Servo type brakes permit shorter, easier turns. Cleaner cultivation is an outstanding advantage of Ford Farming.

Only a CASE
CENTENNIAL
Could Plow Like This

There is a real difference in the kind of work turned out by different tractor plows. The better you know the art of practical plowing, the more you will appreciate the way a Case Centennial plow tucks away a heavy cover crop, rank weed growth, or brittle, bushy trash.

Case high-speed bottoms are designed to crumble the soil just right to preserve its structure while making a good root-bed with a minimum of lumps and pockets. Light draft and steady running are assured by the Case rudder-action rear wheel which carries the side thrust of the bottoms to turn landside friction into a rolling load. Learn more about this great plow today.

The Standard of Convenience
"DRIVE-IN" CULTIVATORS
FOR CA AND WD TRACTORS

Here's the simplest way of front mounting cultivators you've ever seen.

Cultivator stands upright on floor or ground. Tractor drives into the frame. Hinged cultivator support arms swing in and fasten with two bolts. Hydraulic lift and depth control are quickly coupled.

Rear furrowing bar is also self-supporting and quick-hitch. Within a few minutes you're ready for the field.

CA and WD cultivators set a new standard of convenience. Stop in and try it for yourself.

May 3 —

Ironton Ladies Aid will meet with Mrs. Lewis Brown.

May 10 —

The Barnard WSCS meeting at the Barnard Methodist church for cleaning of the church.

May 3 —

Regular meeting of the Norwood Local of the Farmers Union to be held at 8:30 p.m. Potluck lunch.

Purchases Interest In Ellsworth Business

Robert Fowler has purchased the interest of Basil Cummings in the Electric Sales and Service store. The Fowlers live on the Peter Timmer farm south of town. Mr. Fowler has been the salesman for the Watkins Products in this vicinity.

Mr. Cummings is the local representative for the State Farm Insurance Co. and plans to devote his entire time to selling insurance in the future.

The man who saved money years ago was considered a tightwad; today he is looked upon as a wonder.

ORCHARD NOTES

By Claude Feirman

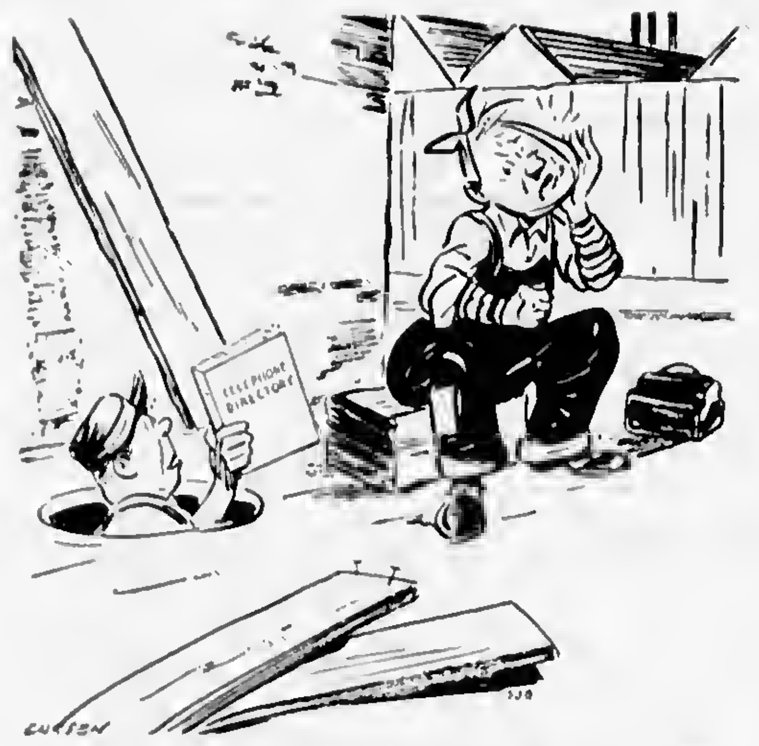
Correction for last week's edition. The Mineolo moth is not a scale. It is a moth that lays eggs in stone fruits that produces a worm in the fruit. Correction: Spray with Arsenate of Lead and Nicotine (Black Leaf 40). Last week we said spray with Arsenate of Lead or Black Leaf 40. Will post other measures as they come out. This is a new one for this section.

If you are not using the sod mulch system, it is now time to cultivate cherries etc. It is much easier to disk under weeds and cover crop now than when the sod gets tight, when it takes many more times over the orchard to produce the same effect. Early cultivating conserves moisture better. A field cultivator raises up too many roots that sometimes sprout and grow. The disc is to be preferred. Cultivate shallow and not too often, nor too late in the season.

On bearing cherries we stop cultivating about June 15 or in a late spring on June 20. Our trashy cultivating does not burn out the soil. In fact, where we plant a new orchard where we have taken out an old orchard, we find the land much richer. Of course, we have added humus such as weeds, manure, etc.

Cherries have a short growing season and seem to need the moisture obtained by early cultivation. On slight slopes, cultivate one way only. On hills or steep slopes that wash, mulch heavily instead of cultivating.

Everything in a modern home is controlled by a switch except the children.



"The painless way to locate a dentist is to look in the telephone directory Yellow Pages."

Ellsworth Spotlight

Mrs. William Best

Rev. and Mrs. H. Diller and sons, spent from Monday until Wednesday at Burnips visiting Mrs. Diller's parents.

Mr. and Mrs. Roy Strange and family were Sunday visitors at the Ivan Coolman home.

Mr. and Mrs. Robert Kelsey of Clare spent the week-end with her parents, Mr. and Mrs. Eugene Best.

Mr. and Mrs. Oscar De Groot and granddaughter, Janice VandenBurg were callers Friday evening at the home of Mr. and Mrs. Merion Best.

Mr. and Mrs. Jerry Aardema and family of Central Lake were Sunday guests of Mr. and Mrs. Miner Veenstra and family.

Eugene Best and Bob Best made a business trip to Clare on Friday.

The students in the Agriculture Department of the Banks Township school planted trees Monday under the direction of their instructor, Mr. Eugene Inman.

The Senior's Annuals are completed and are now on sale. Anyone who would like to purchase one of these may contact any member of the Senior Class.

Mr. and Mrs. Ed Elzinga of Lansing spent the week-end with his parents, Mr. and Mrs. Henry Elzinga.

There were a great many trout fishermen in this area for the opening of the season on Saturday. It was a beautiful day and there were many fine catches reported.

Marilyn Petter and friend Patricia Carson, students at Central Michigan college at Kalamazoo spent the week-end with Marilyn's parents, Mr. and Mrs. William Petter.

Week-end visitors of Mr. and Mrs. William Patterson were Mr. and Mrs. H. B. Lange and daughter and Mr. and Mrs. Gerrit Pranger and family all of Muskegon, also, Mr. and Mrs. Ray Best of Metamora. Mrs. Patterson returned to Metamora with the Ray Best's on Tuesday and will spend the remainder of the week visiting there.

Bill Petter, Jr. of Kalamazoo spent two days last week visiting his parents, Mr. and Mrs. William Petter.

Mr. and Mrs. A. C. Brooks and Mr. and Mrs. Marvin Boeker of Ionia were week-end guests of Mr. and Mrs. Art Carpenter.

Lloyd Parsons of Grand Rapids spent the week-end with his parents, Mr. and Mrs. Albert Parsons. On Sunday Mr. and Mrs. Joe Parsons of Petoskey came to spend the day with his parents.

Several local people attended a concert by the Alma college choir at the First Presbyterian church in Petoskey Sunday evening.

Mr. and Mrs. Bert VandenBerg went to Grand Rapids Friday to attend the wedding there of their daughter, Jean.

Mr. and Mrs. Bud Postmus recently purchased one of Gerrit Bergsma's houses across from the Ebenezer Christian school.

The Harold Jensen's are driving a new Chevrolet.

Wesley VanderArk a former local resident now living in Newago was injured while doing construction work in Grand Rapids. He is in Blodgett hospital there with back and leg injuries. His father, Gerrit VanderArk has gone to Grand Rapids to be with him. Mr. and Mrs. John Jensen accompanied Mr. VanderArk to Grand Rapids.

Elmer Klooster made a trip to Detroit after a load of steel for the Morry Steel Products on Friday.

Week-end visitors at the James Elzinga home were Mr. and Mrs. Henry Elzinga of Lansing, Mr. and Mrs. Art Elzinga of Belding, Herbert Elzinga of Lowell and Maxine Elzinga of Saginaw.

Mr. and Mrs. John Wynsma of Grand Rapids and Miss Isabelle Edson spent the week-end with the ladies parents, Mr. and Mrs. Charles Edson and Joan.

Bert De Groot who has been spending the winter in Grand Rapids, returned to his home here for the summer.

Mr. and Mrs. Harold Petter moved to Traverse City over the week-end. Mr. Petter is employed there.

Mr. and Mrs. Roy Best of Metamora were Monday supper guests of Mr. and Mrs. Merion Best.

Art Wynsma of Grand Rapids spent the week-end with his parents, Mr. and Mrs. Egbert Wynsma.

The Juniors and Seniors of the Banks Township school held their banquet Tuesday evening at the Anchorage Inn at East Jordan. Besides the Seniors, the Junior class also had as their guests, the teachers and their husbands or wives.

Mr. and Mrs. Leonard Hillman Jr. of Muskegon were week-end guests of Mrs. Hillman's sister and family, Mr. and Mrs. Alvin Denny

Mrs. Pearl Heffius of Grand Rapids was the week-end guest of her friend, Miss Betty Drenth.

Mr. and Mrs. Bill Dennis and family, former residents of this vicinity, now living at Goshen, Indiana, spent Sunday evening with Mr. and Mrs. Joe Tornga. The Dennis's are spending a few days at the Jack Smith home at Eastport and visiting their many other friends in this neighborhood.

Mr. and Mrs. Ralph Bergsma of Detroit spent the week-end with his mother, Mrs. Hattie Bergsma.

Mr. and Mrs. Wren Chellis went to Petoskey Saturday where they visited their daughter and family, Mr. and Mrs. Gordon Ranney and children.

Mr. and Mrs. William Gaunt of East Jordan were Sunday afternoon visitors of Mr. and Mrs. Bud Chellis.

Mr. and Mrs. Louis Lamb and two sons of Ravenville, Texas, are spending a week with her parents, Mr. and Mrs. Henry Black.

Mr. and Mrs. Albert Ball and children and Mrs. Kate Chellis of Levering were Sunday visitors of Mr. and Mrs. Wren Chellis.

Mrs. Claude Dawson was taken to Charlevoix Hospital Sunday evening where she will remain a few days for observation.

Mr. and Mrs. Wren Chellis will leave Friday for Shelby where they will spend a few days visiting relatives.

A Woman's District Farm Bureau meeting was held at the Ellsworth Community hall on Tuesday. Women of five counties in this district participated in the program. A potluck dinner was served at noon.

Mrs. Harry Cooper and daughters, Kay and Millie, made a business trip to Petoskey Tuesday afternoon.

Atwood Church Group Will Present Film

The Couple's club of the Atwood Reformed church will present a religious film "Second Chance" at the Ellsworth Community hall on Thursday and Friday evenings, May 10 and 11. The program will start at 8:15.

After the movie the members of the club will sell ice cream, pie and coffee.

There will be no admission charge, however, a free will offering will be taken. Proceeds will be used for religious purposes after the royalty for the film is taken care of.

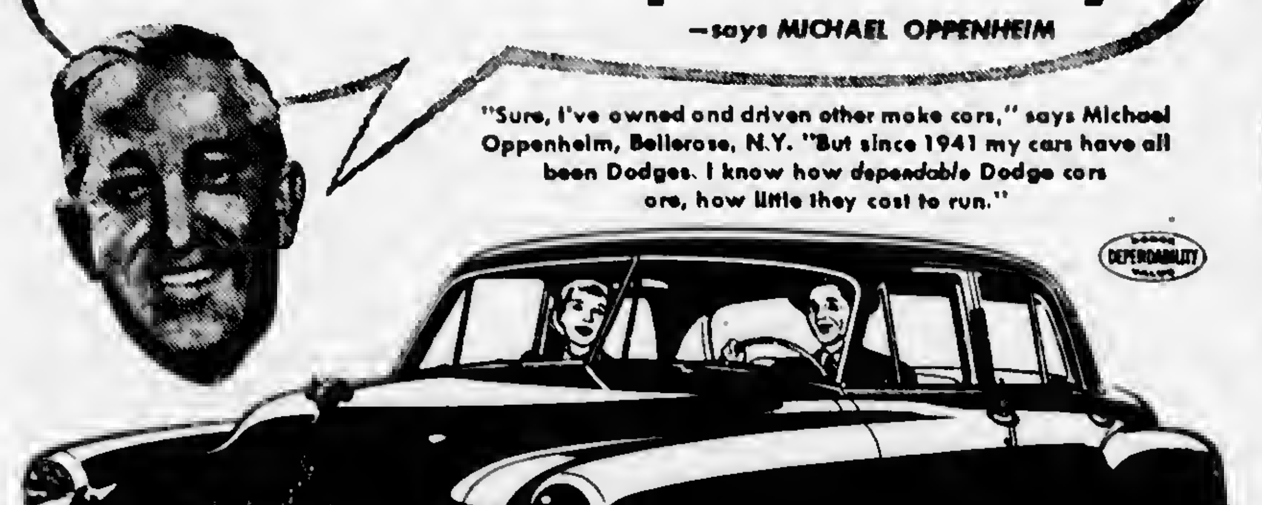
**I'll match my Dodge
with any car on the road for
Value and Dependability**
—says MICHAEL OPPENHEIM



"Sure, I've owned and driven other make cars," says Michael Oppenheim, Bellerose, N.Y. "But since 1941 my cars have all been Dodges. I know how dependable Dodge cars are, how little they cost to run."

Specifications and equipment subject to change without notice

You could pay up to $1,000 more and not get all the extra room, comfort and rugged dependability of Dodge

Compare what Dodge gives you . . . with what other cars offer. You'll understand why Dodge owners say they'll match Dodge with any car on the road.

Take riding comfort for example. You could pay far more for a car and still not get the almost unbelievable *smoothness* of the new Oriflow ride. Even on roughest roads there's no wheel "hop" or bounce.

You get the relaxing comfort of extra head room, leg room and shoulder room . . . the safety of "Watchtower" visibility. Dodge Gyro-Matic—the *lowest priced* automatic transmission—lets you drive without shifting. See and drive Dodge today.

ROAD TESTED*

AAA SUPERVISED road test from Quebec to Key West and back . . . under all weather, all driving conditions. Test fleet of different, popular-make cars was not babied, not pampered. They were driven as you would drive your own car.

AAA CERTIFIED RESULTS: Long Mileage, Engine Cleanliness, Long Engine Life. Cars using NEW Sunoco Dynalube were driven over 2,000 miles, on the average, before a drop of oil had to be added.

*Road Tested and Certified for Long Mileage, Engine Cleanliness, Long Engine Life . . . in Quebec to Key West Road Test

New Sunoco Dynalube Combines in a Single Oil All the Finest Features of America's Premium Motor Oils ...Actually Improves the Condition of Most Engines

NOW YOU can give *your car*—newest '51 or earlier model—*finest engine protection* with this NEW heavy-duty premium motor oil.

Not only can NEW Sunoco Dynalube actually improve the condition of engines fouled by inferior motor oils . . . NEW Sunoco Dynalube is also one of the very few motor oils that meets or exceeds car manufacturers' recommendations for *all* cars.

Check for yourself! If your present oil doesn't give you *all* these great features, change to NEW Sunoco Dynalube:

1. Tough HEAT-RESISTANT BODY assures you *long* motor oil mileage.
2. Fully DETERGENT-DISPERSANT—NEW Sunoco Dynalube cleans engines and keeps them clean. (For *maximum* protection we recommend a complete oil change every 1,000 miles.)
3. FREE-FLOWING and METAL-CLINGING qualities of NEW Sunoco Dynalube help you avoid costly engine repairs.
4. ANTI-RUST and ANTI-ACID—NEW Sunoco Dynalube counteracts two of the greatest causes of wear in any engine.
5. High FILM STRENGTH and RING-SEALING ACTION insure longer-lasting engine efficiency.

Names Listed for May Induction

The names of the five Charlevoix county men who will leave here Wednesday, May 23, for induction into the army at Detroit have been released by the Charlevoix county draft board.

They include Robert L. Russell of Charlevoix; Floyd O. Moore of Boyne City; Fay C. Padgett of Walloon Lake; Julius Kowalski and Charles W. Kobylczak of Boyne Falls.

The men will meet at the courthouse here at 8 a.m. May 23 for transportation to the Detroit induction center.

Indian Coinage

India has continued the issue of coinage in pure nickel and cupronickel, and during the past four years over one thousand million coin blanks have been produced for striking in India. The issue of the new coinage will not be completed for some years and will involve altogether many thousands of tons of nickel

For More Mink Coats

Heavy summertime death losses on mink ranches, due to heat exhaustion, can be reduced considerably by keeping the animals in properly ventilated pens, veterinarians have reported. During hot spells, ranch-raised mink have been known to die by hundreds, often because their pens were not constructed to allow free circulation of air

Some people keep so busy laying up for a rainy day they seldom see the sunshine.

Many a hot head develops cold feet when someone call his bluff.

Charlevoix IN UNIFORM

Pvt. Herbert A. Loeb Jr., son of Mr. and Mrs. Herbert A. Loeb sr. of Chicago and Charlevoix, is nearing completion of a 14-week training cycle here with a unit of the 7th Armored Division.

As a trainee he received six weeks basic training and is now completing an additional eight weeks engineer training. Included in the course are the use of pioneer and power tools, construction of fixed and floating bridges and related subjects besides additional combat skills.

At the end of the training cycle he will be sent either to specialist schools or as a replacement to another unit.

Pvt. Loeb is well known here as he has been a summer visitor for many years.

• • •

George D. Currie, aviation electrician's mate, first class, U.S.N. and husband of the former Marguerite Young of this city, recently completed a phase of rocket, bomb, and gunnery training at El Centro, Calif.

The pilot, a member of fighter Squadron 54, fired his 50-cal. machine guns and 20 mill. cannon, as well as 5-in. rockets which are capable of knocking out tanks.

Simulated targets are used to train the pilots for the reality of actual combat. Although the squadron is a veteran of six months of Korean fighting, many of the pilots and crewmen are new.

The squadron flies the Corsair fighter. Its home base is aboard the U.S. Naval Air Station, San Diego.

• • •

Franklin Olmstead, of the AAF Reserves, who was recalled to active duty last August, has been promoted to staff sergeant. He is stationed at Davis-Monthan AFB, Tucson, Ariz., with the 4113 Organizational Maintenance Sqdn.

Mrs. Olmstead, the former Anne Higman, is in the west with him.

• • •

Pfc. Richard Falting is now stationed at Commerce, Tex., where he is attending East Texas Teachers College for a special typist-clerk course.

He enlisted in the AAF in February and after receiving basic training at Sheppard Field, Tex., was stationed briefly at Scott Field, Ill.

His new address is: 3472 School Sqdr. East Texas State Teachers College, Commerce, Tex.

He is the son of Mr. and Mrs. Arthur Falting.

The secret of happiness is not to do what one likes, but to be able to like what one has to do.

New Nature Trail Bulletin Available

Resorts, motor courts, camps, garden clubs, parks and other outdoor types of enterprises will be interested in the new bulletin on "Nature Trails" now available from the office of Ed Rebman, county agricultural agent.

The new bulletin is the result of about two years study in planning, building and marking nature trails. It was written by Miles D. Pirnie and Robert W. McIntosh of Michigan State college division of conservation.

Resort guests enjoy a pleasant trail where they can view a lake, hear the ripple of a river, or feel the hush of a forest. The bulletin outlines methods of establishing trails on old logging roads, railroad grades which have been abandoned, and how to make new trails where they will be effective.

Illustrations in the bulletin show how trails are laid out, how to mark the points of interest, how to identify trees, rocks, plants, and animal workings. Trail buildings and the tools needed for doing the job are given. A full-page trail map, suggesting how a trail can connect interesting natural features, is also shown.

A copy of the bulletin can be obtained from agent Rebman's office, located at Boyne City, or by writing the Bulletin Room, Department of Information Services, Michigan State college, East Lansing, Michigan.

District to Vote on New School in June

Traffic Check Campaign Opens Next Week

Beginning next week, Charlevoix motorists will begin having automobiles checked for safety features as part of the two-week traffic safety drive.

During the two-week period, it is expected that the biggest bulk of motorists will have their cars checked for bad brakes, out-of-focus lights, steering mechanisms and tires. These are the mechanical features which are the most dangerous if they are in poor condition.

Other safety equipment which should be inspected and replaced, if necessary, are rear and stop lights, windshield wipers, mufflers, window glass, horn and rear view mirror.

• • •

THE TRAFFIC safety campaign is being sponsored by the Kiwanis and Lions clubs in conjunction with the police departmet as a means of reducing the causes of many accidents.

May, which marks the beginning of vacations for many families and the observance of Memorial Day, is the logical time for getting one's car in good mechanical condition.

Police Chief Clarence Heise said that every effort will be made to check every car in the city. It has been arranged for motorists to drive into local garages for a free check-up. This enables motorists to determine if their cars need repair

If a car is found to be in satisfactory condition, an OK sticker will be placed on the windshield.

Motorists having unsafe automobiles in Charlevoix will face arrest and fines, Chief Heise said. All officers have been alerted to watch for obviously unsafe autos, especially those with out-of-focus lights or bad brakes.

Drivers of defective automobiles who have become involved in accidents may be charged with violating the traffic laws, Heise said.

Mrs. John Curtis Dies Monday

Mrs. John Curtis sr., 72, lifelong resident of this community, died Monday at the Charlevoix Hospital where she had been a patient for one day. She had been in ill health for many years.

Funeral services were held at the See Funeral Home Wednesday with the Rev. L. L. Lewis officiating. Burial was in Brookside cemetery.

Born in Charlevoix Jan. 6, 1879, the former Sarah Jane Cunningham was married to Mr. Curtis in 1897. Mr. Curtis preceded her in death Dec. 27, 1942. She was a member of the Macabee lodge and in earlier years had been a member of the Rebekah lodge.

She is survived by five sons, Charles and John jr., of Detroit, Eugene, Franklin and Harold of Charlevoix: three daughters, Mrs. Carl Eckman of East Tawas, Mrs. Glenn Rose and Mrs. Betty Balch of this city and 14 grandchildren.

Petoskey Woman Talks At Banquet

Mrs. Max Smith of Petoskey, speaking on the topic, "Mothers," gave an inspiring talk at the annual Mother and Daughter banquet at the Congregational church last Tuesday evening.

More than 150 mothers and daughters gathered for the annual event. Mrs. E. B. Bowman served as toastmistress and introduced Mrs. Robert McClure who gave the toast to the daughters and Vicky and Dulcie McClure who responded with a toast to the mothers. Music was by a group of senior girls.

Area Meeting Of Chambers At Ellsworth

Ellsworth—A special meeting of the Chamber of Commerce in the northwest Michigan district will be held at Ellsworth Community hall at 3 p.m. May 18.

The meeting will be to discuss ways of developing this area industrially.

At the special meeting representatives have been invited from all towns in this district. The meeting will begin with a Round Table discussion on various problems of industrial development. At 6 p.m. a dinner will be served.

Reservations must be made for each person. These should be made with Fred Schoenfelder, secretary of the Ellsworth Chamber of Commerce.

Spring Concert Planned Here For May 17

The music department of the Charlevoix high school will present its annual spring concert at the high school auditorium at 8:00 p.m., Thursday, May 17, C. A. Odmark, music director has announced.

The program will be in three sections, opening with a group of numbers by the junior band, continuing with vocal selections by the Girls' Glee club and concluding with several numbers by the senior band.

The junior band of 37 pieces will open the program with two marches, an overture, "Merry Men" by Thomas and the selection "Sumer Evening Serenade" by Isaac-Lillya. This band, recently augmented by 13 members of the seventh grade beginning band, is the feeder group for the senior band and is composed entirely of seventh and eigthth grade students with a single sixth grader.

The Girls' Glee club of 22 voices is the vocal group which appeared at the Christmas concert as a choir. Scheduling difficulties however, have made it impossible to have boys in the group so the girls have re-organized into a glee club, singing three part music. This group will present three selections, "A Mayday Carol" by Deems Taylor, "Green Cathedral" by Hahn and "A Snow Legend" by Clokey.

The progran being played by the Senior band has not been selected at this time and will be announced later.

A cordial invitation is being extended the public to attend and hear this splendid musical group. No admission is being charged although it will be possible for anyone wishing to make a contribution to the music fund to do so.

Mrs. Samuel Almas Claimed by Death

Mrs. Samuel Almas, 80, mother of Mrs. Bernie Schrader, formerly of Rochester, Mich., died Tuesday afternoon in Charlevoix hospital, after a long illness.

Mrs. Almas came to Charlevoix two months ago from Rochester to stay with her daughter. She is survived by her husband Samuel of Rochester, her daughter, three grandchildren and four great grandchildren.

She was born in Bangor, Mich., April 17, 1871.

Funeral services will be held at 2 p.m. Saturday at Hastings Funeral Home, Ellsworth. The Rev. Howard Moore of Bellaire will officiate. Burial will be in Brookside cemetery.

Music Concert Series Drive Is Underway

Anyone wishing to purchase a membership in the northern Michigan Community Concert series may do so by calling C. A. Odmark.

The membership drive is on this week and all memberships must be purchased at this time.

Mrs. E. J. Edwards and not Mrs. Arthur Wextaff is a member of the membership committee.

Students Plant 1000 Pines

Jim Bowman used the spud in planting pines as Ron Geer, another conservation class student, and Lester Bell, MSC extension forester, plant the young trees. The class, taught by Max Novak, planted 1000 trees on the Rod & Gun club grounds las week.

The conservation class of the Charlevoix high school, directed by Max Novak, spent Thursday morning planting 1,000 white pine trees at the Charlevoix Rod and Gun club. The Rod and Gun club has been planting trees for the last three years.

Trees planted two years ago did not come through very well. This was due primarily to the fact that they were planted in sod without furrows being plowed. Trees planted last spring in land that was furrowed came through in very good shape.

Lester Bell, extension forester from Michigan State College and Ed Rebman, county agricultural agent, gave pointers to the boys on the proper methods of planting trees. Also present were Elsworth Besemer and John Frith, Veteran Instructors.

The first thing to do in planting trees is to furrow the ground. This is done with an ordinary plow and is done just deep enough to turn over the sod. This aids in reducing competition of grass with the tree and also aids in supplying more moisture for the tree.

Two boys work in pairs, one with a spud and the other with a pail with the trees surmerged in water to keep the roots damp. The boy with the spud makes an opening deep enough and wide enough to take the roots of the tree without crowding them. The other boy then holds the tree and shakes the roots down into the opening.

The spud is then placed about two inches back of the opening and pushed into the ground. The handle is pulled away from the tree so that the bottom of the spud will pack the soil around the roots.

The handle is then pushed toward the tree to pack the top of the ground around the tree. The spud is then removed and the boy with the spud steps on the ground around the tree to be sure it is thoroughly packed

E. B. Bowman and Pete Scott cooked pancakes and sausages for the boys at noon. There was also plenty of maple syrup to go with the pancakes.

Mrs. Mina Dawson Attends National Button Meeting

Mrs. Mina Dawson left Saturday for the east where she plans to attend the 'Just Buttons' Fair at Southington, Conn., May 9-13 at the Just Buttons Museum.

In keeping with the policy of asking a member of the National Button Society to exhibit her speciality in buttons at the museum, Mrs. Dawson has been invited to show her 'horn" buttons during the month of May.

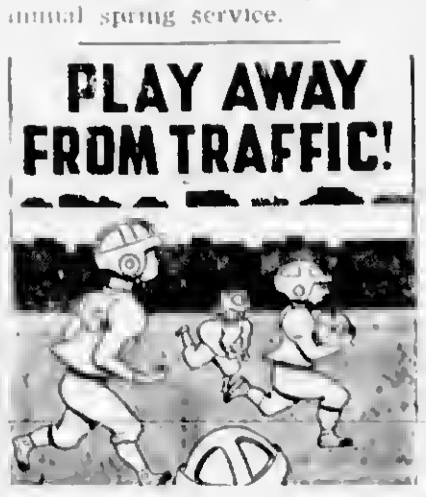
For the past six years she has collected 'horn' buttons almost exclusively and is considered to have one of the best collections of this particular type of button in Michigan.

While there she will meet collectors and dealers from all over the United States. One day of the Fair will be spent in touring nearby museums, including the state library in Hartford which houses the Tingue collection of buttons, the largest collection under one roof. There are 90,000 buttons in the collection, all worn before 1883.

After the Fair Mrs. Dawson plans to visit friends at Long Island and Philadephia before returning home late in May.

Public Invited

The public is invited to services at 2:30 p.m. Sunday at Greensky Indian Mission. The Rev. G. E. Whitten, pastor of the Methodist church, will be in charge of the annual spring service.



PLAY AWAY FROM TRAFFIC!

Minister's Wife To Be Speaker At Church Banquet

Mrs. John Batdorf of Midland will be the speaker at the Community Church of God Mother and Daughter banquet to be held at Fellowship hall at 6:30 Friday evening, Mrs. Pete Timmer, general chairman of the event has announced.

Mrs. Batdorf, wife of Rev. Batdorf of the Midland Church of God, is an outstanding worker in Christian education and is the mother of four children. The theme of her talk will be, "Mothers," in keeping with Mother's Day May 13.

Mrs. Arthur Wexstaff will be toastmistress. Music will be by a trio composed of Pat and Joyce Murray and Luanne Bambach.

The dinner, which is primarily for the Sunday school children and their mothers, is sponsored by the Aid Society of the church. The men of the church will serve the dinner.

Band Leaving For District Fete At Traverse

The Charlevoix high school band and its director, C. A. Odmark, left via bus this morning (Thursday) for Traverse City to participate in the northern Michigan band festival.

Eleven schools will take part in the festival which includes individual performances, a band parade and massed band concert. The parade has been scheduled for 2:30 p.m. through the business district and the massed band concert for 7:30 p.m. in the high school auditorium.

On Wednesday 12 additional bands gathered at Gaylord for the first section of the festival.

Homer LaGassey of Detroit, director of instrumental music for the city of Detroit, will be the guest conductor and adjudicator.

Council OK's Sale of Land To Paul-Reid

Sale of a parcel of city-owned property on north US 31 in Charlevoix township to the Paul-Reid company was approved by the city council Monday night.

The property with a frontage of 200 feet along the highway is located on the site of the old ninth hole of the Chicago Club golf course, extends to a proposed east and west rightaway. The purchase price was $500.

Robert Paul, former Lansing automobile accessory executive, who has become active in Charlevoix's newest industry, said a 40 by 80 foot building will be started almost immediately.

The terms of the sale provide that the building be constructed within six month or else the property reverts to the city. The sale of this property brings to three the number of building sites which the city has sold in recent weeks. Previously the K & K Manufacturing Co., and Lake Construction Co., have bought property from the city for building sites.

• • •

THE COUNCIL assured John Schroeder and Dr. Fred Young that an electric line will be installed so that lights will be available when their cabins are completed on Pine Point.

The council also: Took under advisement the bids of Lake Construction Co., and Sears Dock & Dredging Co., for repairs on the Mason street dock. Lake Construction submitted the low bid but there were several points in the bid on which the council desired more information.

Heard a report on fluoridation by City Comptoller Don Swinton. He cited various statistics which showed that treatment of water with fluoride greatly reduces tooth decay. The council will take up the issue at the next meeting.

Appointment of city officials was made by Mayor Knight. Alderman William Heering was elected mayor pro-tem.

Named were City Assessor Arthur Bergeon, City Attorney Norman Ance, Street Commissioner Leo Allard, Police Chief Clarence Heise, City Surveyor Mary Feindt, Fire Chief Charles Marshall, and Dr. Isaac Terr, health director.

The improvement of Division avenue was considered after Charlevoix township supervisor, Rudy Korth, brought up the matter. The mayor said the city might be willing to pay half of the expense of improving it.

Long Illness Fatal to Mother Of Merritt Lewis

Mrs. Myra Catherine Robinson, 84, mother of Merritt Lewis of this city, died Friday at the home of her daughter, Mrs. George Hartung at Larks Lake near Pellston. She had been in ill health for several years.

Funeral services were held at the Harbor Springs Methodist church Monday with the Rev. Floyd McCarty in charge. Burial will be in Harbor Spring cemetery.

Born in Hastings, May 3, 1867, the former Myra Catherine Lewis was married to Ulysses L. Robinson July 4, 1889 at Hastings. They came to Pellston in 1901. Mrs. Robinson had lived in Charlevoix with her son for 2½ years before going to Larks Lake recently.

She is survived by three daughters, Mrs. Hartung, Mrs. Glenn Duell of Bancroft and Mrs. Effa Jelley of North Adams, Mass; two sons, Merritt Lewis of Charlevoix and Lewis Robinson of Harbor Springs; 30 grandchildren and 56 great-grandchildren.

New Entertainment

The Senior Girl Scouts Troop 2 are offering something new in the way of entertainment at the May Frolic to be held at the high school gym at 8 o'clock Friday evening. A Charleston floor show with the participants in the costumes of the middle '20's will be a feature of the entertainment.

Proposed High School Building Planned on Present Location

A special school election will be held in June for the Charlevoix school district to approve an increase in millage for a new school.

The Charlevoix Board of Education decided Monday night to ask taxpayers to support plans for a new high school building at the present site. Estimated cost is $650,000.

The decision of the board stemmed from the direct response of several hundred interested parents who attended the recent school open house. At that meeting, those present almost unanimously urged the board to plan a complete new high school building.

• • •

THE INCREASE in millage is being determined this week. It is believed that additional property on Mason and Clinton street, adjacent to the present school property, will have to be purchased.

The new school would have the equivalent of 27 rooms including a cafeteria, rooms for homemaking, commercial department, vocational agriculture, music and a 40 by 90 foot general shop in addition to music room with practice space. A laboratory for chemistry, physics and biology will be provided.

The board indicated that the majority of residents favor using the present school site for the proposed building rather than have it constructed elsewhere.

A committee of interested parents will assist the school board in election plans. The date for the election will be set in the next week or so.

Interest in a new high school has been increased in recent weeks as a result of surveys made by a University of Michigan school authority.

Dr. Vredevoe in his recent talk at the open house said the community was short-changing the high school students by failing to give them the facilities they need in this changing world.

He criticized the lack of space for speech classes, commercial classes, music department, vocational agriculture and manual arts department.

Final Tax Allocation To Be Monday

The Charlevoix county allocation board presented a tentative rate for 1951 following a meeting at the courthouse here Wednesday.

The tentative rate would give ten mills to the county, two to the courthouse sinking fund and eight to the operation fund; four to all schools with the exception of Burgess, Murray and Bay Shore districts which would receive five mills and Undina which would not receive any; one to all townships but Charlevoix, Evangeline and Hayes whose budgets did not show a need for the allotted one-mill.

The above rate is about the same as that adopted by the allocation board in 1950 when Charlevoix township was the only township which was not to receive the one-mill allotment.

• • •

FIVE MAJOR schools districts in the county, however, appealed the boards decision and all school districts which did not share a fractional district with an adjoining county received five mills if their budgets showed the need and the townships lost the former one-mill allotment.

This decision was reached after a conference with the state tax commission in June, 1950.

The Charlevoix county tax allocation board will hold its final meeting Monday, May 14.

Rayder Thinclads Lose Out by One-Point Margin

The sixteenth annual Northern Michigan Class C track and field meet will be held at Kipke field at 1:30 p.m Saturday, May 12, with Charlevoix, the defending champions, acting as host to the five visiting teams.

Other teams participating in the meet will be East Jordan Boyne City, Harbor Springs, and Mancelona.

The Charlevoix track team rolled up 58 points, one less then Sheppard, the winning team, at the Central Michigan Relays in Mt. Pleasant Saturday.

In the individual events, Coach S. E. Coleman's lad tallied 18 points with Don Smith, a freshman, winning the mile; Charles Fairbanks took a first in the shot put tossing it 47 ft. 7½ in. Smith did the mile in 5 min. 7 seconds.

Dwight Smith had a third place in the shot: Fairbanks tied with four other contestants for a first in the high jump at 5 ft. 6 in. and added two more points with a fourth in the 120 yd. high hurdles.

Charlevoix fared even better in the relays, placing first in three races, third and fourth in two others for a total of 40 points.

First places were won by the 880, distance medley and shuttle hurdle relays and a third in the 440 and fourth in the Central Relays.

• • •

On the 880 team were Alvin Ranger, Jim Bowman, Ron Cunningham and Greg Bryan; the distance medley team was composed of Fred Jolliffe, Ron Geer, George VerWys and Stan Whitley; the shuttle hurdle team, Fairbanks, Dwight Smith, Gerry Left and Cunningham; the 440, Bryan, Ranger, Bowman and Cunningham and the Central relay, Dale Suomela, Jolliffe, Dwight Smith and Bryan.

Happy Birthday

Jimmy Young celebrated his fifth birthday anniversary Thursday at a party given by his mother, Mrs. F. W. Young jr. Twelve little friends gathered for games, movies and refreshments which included the traditional lighted birthday cake. Favors marked each youngster's place.

21 Attend Meeting

The annual meeting of district 18 Rebekah lodge was held in Petoskey May 1. Twenty-four members of the local lodge No. 293 attended the all-day meeting.

Coming Events

May 9-10—Northern Michigan band festival at Gaylord and Traverse City.

May 10—Etha Nagler circle will meet with Mrs. Marie McCall 110 E. Hurlbut at 2:30 p.m.

May 10—Past Noble Grand club will meet with Mrs. Luther Hannah, Upright st. for potluck supper and business meeting.

May 11—Girl Scout spring frolic at high school gym. Special entertainment including Charleston floor show.

May 11—Mother and daughter banquet at the Church of God Fellowship Hall. Mrs. Batdorf of Midland, Michigan will be the speaker.

May 12—N.M.C.C.C. track and field meet at Kipke Field.

May 14—The Ladies Auxiliary of the Charlevoix Rod and Gun club will have their regular meeting at the club house with a potluck supper at 6:30 p.m.

May 16—Charlevoix Extension Group will meet with Mrs. Guy Scott, 317 Antrim st. at 1:30 p.m. Lesson: Your clothes and you.

May 17—Spring Music concert at gym.

May 22—Garden Club will hold annual tulip tea at home of Mrs. Ross Alexander at Ironton.

Well Deserved Congratulations

For the second time in two years, Charlevoix high school's band and its outstanding director, C. A. Odmark, have brought credit to the school and community by obtaining a top rating in the state music festival.

Some people may take it for granted that a band achieves a top rating in competition with the best Class C bands in the state. But success in this difficult field is no mere accident.

Like other successful struggles, winning signal honors at the music festival requires months of practice. Bandsmen have come to take great pride in their musical organization. They worked diligently to respond to the efforts of Mr. Odmark who has achieved a musical reputation that is recognized throughout state music circles.

He has worked long hours to perfect his band. While others may have been satisfied with something less than outstanding, he refused to compromise. His hours in school were filled with musical work. His after school hours were also filled with practices.

His leadership and intensive desire to help members of his band to improve their performance is well-known to all in the community. He inspired his band to better performances by his unstinting assistance.

We feel that Charlevoix which has long been well-known for its athletic prowess now can lay claim to musical achievement as well.

The community owes Mr. Odmark a measure of gratitude for doing so much in directing the school's band to win state honors.

The community is very proud to have Mr. Odmark as its music director.

Mothers' Day at Methodist Church

ODDS 'N ENDS

By Fran Martin

A reminder—Sunday is Mother's Day—don't forget to send some little gift or a card to the person to whom you owe so much . . .

Can you imagine a water lily in bloom this time of year. Neither could we when Mrs. Albert Edwards told us about it the other day . . . that is, until she explained that she has a large portable pool which has a special place in her living room in the cold months and in the garden during the summer . . . It's filled with water lilies, plants and gold fish . . . and this water lily, which ordinarily wouldn't be blooming until August is now out in all it's beauty..

* * *

WEREN'T you surprised last Wednesday, if you were listening to the boardcast of Ladies' Fair from Chicago to hear the name of Mrs. Bud Gebeau mentioned? She was in Chicago with her husband who was attending the Tri-State Hospital convention and was on the program . . . for her efforts she was presented with a gift . . .

The perch fishermen have been having a hey-day this last week. Round lake has been covered with boats of every description from leaky rowboats to cruisers . . . and the docks . . . they've been filled too. Scads of outsiders were here for the week-end and many more are expected next week-end. And are they good. . . Mrs. Bob Miller brought us some and they were so fresh they were still flopping on the string . . . added to that she was sure we didn't know how to clean them, so she cleaned the whole mess of them . . . And it's a clever way to do it too. We can't tell you how but we're sure she'll show you. . .

* * *

THRIFT, we've been taught, is practically one of the virtues . . . but after this story told to us the other day by Mrs. Gerald Gibbons, we wonder . . . Three youngsters had a stand last summer at the north side beach. Two of them weren't above having a candy bar now and then and then leaving a chit in the cash box for it. . . The third member of the business was a conservative lad who was going to save his profit until the end of the season. Came September and the books were being balanced and what happened . . . the first two lads had eaten up the profits and they came out even . . . that is, except for the third man who received exactly nothing for his efforts. He's disillusioned at ten and who can blame him . . .

Another youngster we know, Wilfred Browe, is riding high these days. . . He recently won a $50 trade certificate in an old tunes contest sponsored by a Grand Rapids furniture company . . . And now he's all for taking off for Grand Rapids to spend it on some new furniture . . . and then he'll collect another prize.

* * *

DID the track team do all right Saturday . . . one point behind the first place winner. As we've said before it takes a lot of you-know-what to come through with that many points. After all, our kids haven't had too much practice, what with the cold weather and rain and then to show up like that . . . think what they could do . . . but we'll take 'em any day. . . And we're betting on them in the track meet this week-end. And to those of you who think you don't like track . . . how's about coming up to Kipke field Saturday and seeing a lot of fine boys putting forth a lot of effort in one of the greatest of sports.

Girl Scout News

Miss Rita K. Farnum, community advisor, will be in Charlevoix on Tuesday evening, May 15 and Wednesday morning, May 16. It has been planned to have a meeting on Tuesday evening at Mrs. Hubert Paddock's home for the board of directors to meet with Miss Farnum and on Wednesday morning May 16 for the leaders or representatives to meet with her at the Congregational church.

* * *

There will be a cooperative training committee meeting at the Park Place Hotel in Traverse City on May 16 at 10 a.m. It is a north western Michigan district meeting to plan training. There will be two representatives going from Charlevoix.

* * *

Again this year there is an urgent need for volunteer help in Day Camping or it cannot function. Day Camping is the Brownie Camping period which will be from June 4 and 8. Approximately 60 children attended last year and it is somthing they all look forward to. Committee helpers and unit leaders are needed. If you feel that you cannot give 5 full days of time then separate day workers can be used. It cannot function without adequate adult leadership and help. Please call Mrs. Howard North at 696 or Mrs. Hubert Paddock 345 if you can offer your assistance for these anxious Brownie's to attend Day Camp.

Voice of Our Readers . . .

To the Editor:

It is gratifying to know that something is going to be done to eliminate the traffic hazards in our city.

The Kiwanis club and Lions club are to be commended on their efforts to secure traffic safety in Charlevoix.

Is it apparent to any observer that a great many people do not make any effort to stop at stop signs. Speeding is more frequent on side streets than on through highways.

Double parking and angle parking on Bridge street are most dangerous to oncoming or following traffic.

City officals urged to expend every effort to make Charlevoix a safe city to drive and live in I think we have been most fortunate in not having more serious traffic accidents in recent years.

Ernest J. Wissel

To the Editor:

The purpose of the safety campaign spoonsored by the Charlevoix Kiwanis and Lions clubs in cooperation with the Charlevoix Police department is two fold.

First, we would like to have every car in Charlevoix and vicinity inspected for its working condition. Those whose cars are in correct condition will be proud to display the OK sticker. Those whose cars need some correcting attention should be glad to have their cars serviced to bring it into first class operating condition.

Cars in good operating condition contribute to more comfort and convenience not only to the owner but also to other drivers on the road.

Second, we hope to improve the driving habits of the people who use Charlevoix streets. Many people habitually fail to stop at stop streets. Stopping, or failing to stop, is a habit. We urge all drivers to stop at STOP signs, even if no other cars are in sight. No one can collide with an oncoming car if he is stopped.

There is considerable careless and near reckless driving on our streets. By driving with care and courtesy we can reduce all traffic hazards. Double parking is a dangerous practice also and should be avoided.

Police have promised liberal cooperation and we urge them to be most strict on repeated and dangerous offenders.

Yours very truly,
Harry W. Ladd

Dear Mr. Spaniolo:

I looked forward to receiving your notice that my subscription to The Charlevoix Courier was up for renewal, just as much as I look forward to receiving your paper every week.

After having been associated with the Belvedere Hotel for fourteen years, Charlevoix seems like "home" to me as I have so many friends there, and it is wonderful reading all the news about them each week, even though I have been away from Charlevoix since the fall of 1945.

You are doing an excellent job with the paper, and I sincerely hope you will continue to have much success from your efforts.

Very truely yours,
Rae Gravuer Kahrs
(Mrs. Robert H.)

Mother's Day

And what a girl Mom is. Take 3 meals a day, add the family washing, include tender care for her loved ones along with running the household on a slender budget and you have a 70 hour work week with no overtime pay.

No one could ever take Mother's place. So let's make next Sunday something extra special because . . . it's HER day.

Barnard Farm Bureau Talks on Mobilization

Barnard Farm Bureau met at the home of Mick Cunningham, April 26. Fourteen adults were present. The group discussed "The Farmers Role in Mobilization". They came to this conculsion that if farmers are to produce to the best of their ability that nothing should hinder them such as freezing of farm prices, scarce farm machinery or materials and insufficient man power.

The group voted to give $5 to the Cancer drive. After some interesting stunts and games planned by Mrs. J. L. Boss and Mrs. William Ager, the group enjoyed barbecued hamburgs and buns prepared by the hostess, Mrs. Cunningham. The May meeting will be at the home of Mr. and Mrs. Frank Matchett.

To You--Mother

By Evelyn King

Each day that dawns, If bright or black and cold
Our hearts are light, and filled with happy song.
We know there's someone near with heart of gold
Someone to always help our day along.

A cool soft hand, to smooth a fevered brow
A whispered word, to make our troubles run,
Someone who always knows, and understands
I hear a quiet whisper, have faith, my son!

There's always one held dearly in each heart,
But millions make the world a finer place
God bless you dear, and keep you, is her prayer,
No matter where you go, or what you face.

On this, you day of days, In our hearts there is no other
We say, Thank God for you, and bless you Our dear Mother.

I See by the Courier . . .

• Mr. and Mrs. Charles Sessions of Ann Arbor have returned to nothern Michigan and are opening their cottage on Torch Lake.

• James Gibbons who is completing his third year at the University of Detroit has been accepted by the University of Michigan Medical School. He is the son of Dr. and Mrs. Gerald Gibbons.

• Mr. and Mrs. Harold Totten have as their guests for a week their daughter, Mrs. Jack Abfalter and son, Ronnie, of Lansing. Mr. Abfalter and Mr. Totten's brother-in-law and sister, Mr. and Mrs. G. F. Lahive of Detroit have returned to their respective homes after spending the week-end here. The Abfalters also visited his mother, Mrs. Ronald Abfalter.

Among those from away who attended the funeral services for Albert P. Taylor were Gloria Taylor of Grand Rapids, Mr. and Mrs. George Belynsar of Cleveland, Mr. and Mrs. Russell Hart of Dearborn, Mr. and Mrs. Melvin Klepper of Battle Creek and Mrs. Frank Race of Petoskey.

Couple Observes 25th Anniversary

Ellsworth—Mr. and Mrs. Gerrit Bergsma of Grand Rapids celebrated their twenty-fifth wedding anniversary Saturday at the home of their daughter and family, Mr. and Mrs. Donald Sennekker. A surprise party was held in their honor at the Sennekker home. The evening was spent playing games. A short program was given.

Those attending the party were Mr. and Mrs. George Drenth, Mr. and Mrs. Harry Cooper, Mr. and Mrs. John Jansen, Gerrit VanderArk, Mr. and Mrs. Pete Drenth Mr. and Mrs. Elmer Klooster, Mrs. Cooper and Mrs. Hattie Bergsma.

Also, Mr. and Mrs. Peter Timmer of Charlevoix, Mr. and Mrs. Ted Bergsma of Zeeland, Mr. and Mrs. Harvey Bergsma and Miss Betty Bergsma and friend Ed Newhouse of Grand Rapids.

No Interest

Because of the lack of interest in the Red Cross First Aid classes the course will not be held as previously announced. An effort will be made to re-open the classes in the fall.

King Richard

The modern butcher would have loved King Richard the Lion-Hearted for a steady customer. Richard, who ruled England about 1190 A. D., would take a whole leg of lamb in his fist and eat it at a sitting.

Mr. and Mrs. James Novotny and two children and Mrs. Letha Craille of Battle Creek spent the week-end with the former's parents, Mr. and Mrs. Albert Novotny sr.

Inwood News

Mrs. John Fratrick

Rev. and Mrs. Hawkes from Mancelona were dinner guests at the C. J. Fiedler home last Thursday.

Mrs. C. J. Fiedler and daughter, Joyce, were shoppers in Petoskey Saturday.

Mrs. Guy Stutzman will entertain the Epworth Ladies Aid at her home next week Wednesday afternoon, May 16. Don't forget your dishes. Mrs. Orville Hilton entertained the Aid last week at her home their were 11 members present. The Aid donated $5.00 toward the Cancer fund. Mrs. Hilton served a lovely lunch.

Jim O'Brien from Traverse City spent the week-end visiting his sister, Mrs. Medrick Waffle and family. Mr. and Mrs. Edd O'Brien and family visited the Medrick Waffles last week-end.

A large crowd attended the auction sale at the Medrick Waffle farm Saturday.

Mr. and Mrs. Tom Demeraukas were dinner guests of Mr. and Mrs. Will Ager Sunday.

Carlton Ager of Midland and Herbert Ager and friend from Flint spent the week-end here visiting their parents, Mr. and Mrs. Will Ager.

Mr. and Mrs. Will Ager were visitors of Mr. and Mrs. Guy Bost of Barnard Saturday evening.

Bruce Murray visited the Fratrick children Saturday.

Mrs. Clarence Murray and daughters were shoppers in Traverse City Saturday.

Mr. and Mrs. Alvin Morrow and son, Billy, from Detroit spent the week-end at their farm home in Inwood.

Herbert Wiles from Detroit spent the week-end here with Mrs. Wiles and family.

Paul Leitz, Jr., from Detroit spent the week-end here with his parents, Mr. and Mrs. Paul Leitz, Sr., and brother, Hope.

Birthday Party

Twelve little friends joined with Tony Duerr Friday afternoon to help him celebrate his birthday anniversay. The group gathered at Mt. McSauhe for a picnic supper and games arranged by his parents, Mr. and Mrs. Charles Duerr.

May Procession Held on Island

Sonday evening, Holy Cross church was the scene of the annual May procession, crowning of the Blessed Virgin and the installation of the officers of the Sodality of Our Lady.

Every child of school age in the parish participated in the procession which was led by Gerald Hanley, cross bearer, Rolland Cull and Terry Hanley. They were followed by the candidates who were to be taken into the Sodality and the high school boys and girls. All the young ladies wore formals in pastel shades. The candidates were Margaret Ann LaFreniere, Marjorie Martin, Patricia Kinney, Mary Catherine Hanley, Marilyn Kinney, Audren Gatliff, Carlene Left, Mary Bonner, Eleanor Gallagher, John LaFreniere and Billy Martin.

A statue of Our Lady of Fatima, a gift to the island from a friend in Grand Rapids was blessed by Father Giles and crowned by the perfect of the Sodality, Richard O'Donnell.

After the crowning, a procession followed with all in attendance participating. With Father Giles leading the rosary and the entire congregation answering in response, the procession proceeded oot of the church and through the cemetery. The statue of Our Lady of Fatima, held high on a platform drapped in white and decorated with pink flowers was carried in procession by Kenneth Ricksgers, Glenn McDonough, Peter Greene and Henry Dubiel.

Returning into the church, the new officers of the Sodality were installed. They are Glenn McDonough, prefect; Rosemary Nackerman, secretary; Kenneth Ricksgers, treasurer.

Benediction of the blessed Sacrement closed the evening.

Son of Dr. Mason Has Promising Voice

Of interest to local residents is the news item in the Berkley, Calif., newspaper concerning Lawrence Mason, son of Dr. Perry Mason, former Charlevoix resident.

Dr. Mason's son, Lawrence, was chosen a guest artist in the portrayal of the devil in "The Devil and Daniel Webster". The younger Mason is reputed to have a promising voice.

Dr. Mason is the associate dean of the school of business administration at the University of California. Dr. Mason attended school in Charlevoix and spent his childhood here.

Card of Thanks

We would like to express our gratitude for the many kindnesses shown us following the death of our husband and father, Albert P. Taylor. We would especially like to thank the neighbors, friends, Mrs. Glen See and the American Legion for their kind acts.

Mrs. Albert Taylor and family

Charlevoix County Farm News

Credit Hormones With Helping Sterile Cow Produce Calf

By Ed Rebman

A registered Guernsey heifer that refused to settle was brought in production by the use of hormones and has now given birth to a fine calf.

Rheaume's Valley View Lucy is owned by Clayton Healey of East Jordan. Mr. Healey purchased this heifer September 27, 1949 when she was about 3 years old. Lucy was supposedely bred to a registered Guernsey bull, Langwater Valerian. In November 1949 she again came in heat and was then bred artificially for five services.

Lucy still did not settle and the question came up what to do with her. Dr. Heaton, veterinarian from Boyne City and Clayton Healey decided to try hormones to bring Lucy into production without having a calf.

Starting July 1950 Dr. Heaton injected hormones every day for the first week. The second week hormones were injected every other day and during the third week Lucy got three more shots.

After the third week Dr. Heaton advised Mr. Healey to start milking and she produced about 34 pounds of good, rich Guernsey milk per day. She held this production until about mid September when she began to drop in production but not in flesh. After injecting the hormone shots Lucy did not show any more heat symptoms and consequently it looked as though she would have to go to the butcher.

Most of the records show that when these hormone treatments are used on sterile cows they will not show heat symptoms nor raise calves, however, on February 23, 1951. Dr. Heaton was at the farm and he examined Lucy and found her with calf. Lucy's calf was born on April 10, 1951.

Clayton and Agnes Healey own a farm about 195 acres in Eveline township. In addition to their fine herd of Guernsey cows they raise all the roughage and grain for this herd and also take care of a nice cherry orchard. The Healey's also operate the Healey dairy which supplies Boyne City with milk and milk products.

The Healey's have three children, Fritz 11, Terry 10, and Patsy 3. Fritz was in 4-H club work for two years. His first projects were handicraft and conservation and last summer he had a dairy project.

Terry also had a dairy 4-H project last summer and both of the boys showed their animals at the Charlevoix County fair last fall. Clayton Healey is chairman of the board of directors of the Charlevoix Soil Conservation District and an active member of the Peninsula Grange and the Star Farm Bureau group.

Mr. and Mrs. Clayton Healey exhibit Valley View Lucy and the calf she produced following harmone treatment for sterility.

Reveal Quick Way To Boost Humus Content in Soil

A series of soil building plots to increase the amount of organic matter in the soil has been planned for farmers in Charlevoix County according to Ed Rebman, county agricultural agent.

Briefly the plan is to sow rye in mid-summer with a good application of fertilizer. This rye is turned down in the spring and buckwheat planted about corn planting time with a liberal application of fertilizer high in nitrogen.

This buckwheat is disked into the soil when it is in the blossom stage. Rye is again sowed with an application of fertilizer and a regular crop planted the next spring. Farmers who wish to start a small plot would do so by planting buckwheat this spring.

The Extension Service would like to have a few of these plots over the entire county. They can be anywhere from ½ an acre to as large as a farmer wishes to go. For information regarding this, please contact the county agricultural agent at Boyne City.

Protect Vegetables

To keep rabbits from eating them, spray vegetables with one ounce of aluminum sulphate dissolved in a gallon of water to which is added a cup of hydrated lime

ORCHARD NOTES

By Claude Fairman

This last week I have had errands to all of the young orchards in my vicinity.

In nearly every case or nine out of ten of the prospective growers have selected rather poor sites, as too rough or hilly land for handy ladder use, spraying and for maximum yields.

It is easy to see that the growers wanted their best cherry land for other farm crops. Visiting six home orchards in the city of Charlevoix ranging from one to eight trees. All young trees had made very little growth.

These trees should be well spaded around or heavily mulched. Extend the mulch to the outer branches. Young trees after the first year should make a growth of at least one foot.

Protect young trees from mice and deep snow. If only one spray is to be used on the home orchard it should be applied when most of the petals are off after bloom.

If more applications are needed get a spray calendar from your county agent. Spray only for pests and fungus that you know you have or are liable to have. Many times there are but a few things to spray for and these can easily be taken care of by using the proper spray materials on time and very thoroughly. The tops and outer tips are often missed.

To date this years crops of all fruits look good. Blossom buds are now in the balloon stage and do not easily freeze. Montmorency buds freeze the easiest during the first three days of swelling.

Lift...Lower...and Regulate Tractor Equipment ... AT A TOUCH OF YOUR HAND

WITH JOHN DEERE hydraulic POWR-TROL Reg. U. S. Pat. Off.

Think of it! A touch of your hand *raises and lowers* such equipment as plow bottoms, cultivator shovels, mower cutter bars, combine platforms, and corn picker gatherers ... *angles* and *straightens* disk harrow gangs . . . *instantly changes* working angle, depth or height to meet varying field and crop conditions!

Safe, positive hydraulic power regulates drawn equipment through a remote cylinder which attaches on the implement. Integral equipment is raised, lowered, *and regulated* from the rock shaft in the same manner . . . by the same lever.

Exclusive with John Deere Models "A", "B" and "G" Tractors and companion John Deere equipment, hydraulic Powr-Trols are being manufactured in increasing quantities for new tractors and will be available for tractors now in the field as soon as production facilities permit. See us for complete information.

The consistory of the church will give a supper Wednesday in honor of the new pastor and his wife. Thursday evening the new pastor will be installed at a public service at the church.

The Young Peoples' society of the Christian Reformed churches from Atwood, Rudyard and Ellsworth gathered Friday evening for a banquet at the local church. Each group took part in a short program following the supper.

Mr. and Mrs. Jesse Hollenbeck and Mr. and Mrs. Ralph Thomsan of Flint were week-end visitors at the home of Mr. and Mrs. Marvin Elzinga.

County Gets $103,000 As Weight Tax Share

Charlevoix county's share of the state weight tax totaled $103,080.70 for the first quarter of 1951 according to the state highway department.

The money is returned to the county after being collected during the last three months in [illegible] weight taxes. All [illegible] money is returned to the counties and municipalities for local road and street improvements. None of the money is [illegible] trunklines.

Names in the News at . . .

IRONTON

Mrs. Robert King

Next Sunday, May 13 is a day [illegible] the day all of us pay [illegible] to [illegible] wonderful [illegible] mother, let's all remember!

The Young people of the Ironton church and the children of the Ironton school are planning a program in honor of the day at the church, they would like everyone to come.

On June 2 a wedding will be held at the Ironton church, one of our local girls, Miss Virgeleen Thompson will be married to Mr. Charles Fairbanks of Charlevoix.

Foster Johnson and family of Flint are visiting here with Mrs. Mina Foy and Mr. Johnsons father, Mr. William Johnson.

Mr. and Mrs. Harry Carlson and Mr. and Mrs. Donald Carlson from Grand Rapids visited last week-end with Mr. and Mrs. Albert Carlson. Mrs. Carlson is at home again from Charlevoix hospital and feeling much better.

Miss Martha Carlson has returned to her studies in Elkhart, Ind.

Mr. Charles Snyder, a summer resident of Ironton returned Wednesday for a vacation in his beautiful summer home.

Duanne Thompson and Elaine Smith of Lansing were here for the week-end with Duannes family.

They tell me the fishing is swell, the perch run being better than its ever been, catching large perch too.

Mr. and Mrs. Jack Lamiden and Mr. and Mrs Arthur Landden spent last week-end with Mr. and Mrs Glenn Williams, and Mr. and Mrs. Walt Williams.

Mr. and Mrs. Roy Meyers returned from their vacation last Monday and brought a guest Miss Kathleen Saulters of Chicago, Miss Saulters will return to Chicago by plane Sunday after spending a week in Ironton.

Mrs. Lawrence Elzinga spent last Wednesday afternoon with Mrs. Larin Duffy

Charles Cellner of Pontiac spent last week-end with his brother and family, Mr. and Mrs. Franklin Cellner.

Mr. Grant Hammond one of our oldest residents had a birthday last week, May 1, he was 83 years old even tho' it is a bit late, we would all like to say congratulations. Mrs Sarna and Mrs. Berne went in to see him on his birthday.

Mr. and Mrs Rufus Dean, Mr. and Mrs. Vaughn Odgen of East Jordan were supper guests of Mr. and Mrs. Clyde Odgen last Sunday.

The ladies aid met last week with Mrs. Lewis Brown, 10 ladies [illegible] and spent the afternoon sewing [illegible] for Mrs. Breen [illegible] the ladies [illegible] potato salad, cookies, coffee and tea. They will meet next time with Mrs. William Sanderson.

It's spring clean up time in Ironton, the farmers are really glad for the good weather and making fine progress in their fields.

Mr. and Mrs. H. G. Fetter are at home again after wintering in Florida and Ark. They are very glad to be in Ironton again.

Mr. and Mrs. Pete Bennett and Don spent last Friday in Ludington.

Mr. and Mrs. Robert King visited last Friday evening with Mr. and Mrs. Raymond Nowland in Charlevoix.

Mr. Carl Anderson spent last week-end with Mrs. Anderson and children.

Mr. and Mrs. Herman Thierry are getting settled in their new home, they tell us, they feel sure they will like it here.

Mr. and Mrs. Oakley Saunders, Mr. and Mrs. Tom Nielsen attended the band parents meeting last Thursday night at the Charlevoix high school.

Robert Linxwiler tells us what a fine day they had last Thursday. The kids of the conservation class of the high school planted trees at the Rod and Gun club and were served a dinner afterwards. And a good time was had by all, a half day out of school means a lot.

Mrs. Walter Reel left Wednesday for a short visit in Chicago.

Mrs. Rena McKenzie and guests of Detroit spent last week-end here with relatives and friends.

Mr. and Mrs. Tommy Nielsen spent Saturday evening with Mr. and Mrs. Robert King.

Mr. and Mrs. Ole Lyn-klip and daughter, Mary Alice, spent the week-end in their summer home here, also in visiting relatives and friends.

Mrs. Mary McCullam is back, after spending the winter in Ont., Canada with her mother, and Cincinnati, Ohio, with her son. She has purchased a home in Boyne City and will move there around June 1. Mrs. McCullam had dinner last Friday with Mr. and Mrs. Clyde Odgen.

Mr. and Mrs. Pete Kanufi spent Thursday evening with Mr. and Mrs. Jack McDermott in Charlevoix.

Try to attend Sunday school next Sunday, "Mothers Day".

Many a guy who thinks he is stealing a kiss, fails to realize he is losing his freedom.

Waterproofed Matches

If you're a hunter or a fisherman, you should always carry waterproof matches on your trips. Why not waterproof them yourself merely by dipping them in shellac and then allowing matches to dry?

Button, button and the call goes through

Push buttons simplify a lot of jobs in this electric age:

Ten little push buttons now help Long Distance telephone operators handle more calls more quickly.

A customer gives the operator the out-of-town number. She swiftly presses several buttons, which correspond to the letters and numbers on a telephone dial, and the call goes straight through to the distant telephone.

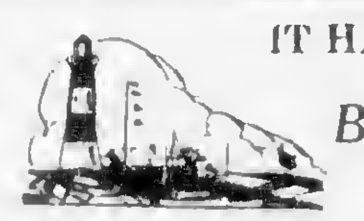
That's the way it works in Detroit and a number of cities throughout the country. In many other places, including more than a dozen Michigan exchanges, telephone operators speed Long Distance calls by dialing direct to many points with regular dials.

Named "operator toll dialing," this new development is already used on 1½ *million* Long Distance calls daily and is steadily being expanded. Every minute it saves is important right now as the nation turns to the telephone to hurry our defenses.

To help speed your Long Distance call, please give the operator the out-of-town telephone number.

Telephone lines are busy with national defense

MICHIGAN BELL TELEPHONE COMPANY



IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

Perch season opened with hook and line fishermen winging their way to Beaver Island. Ten planes were tied up at the airport over the week-end. The fishermen were certainly not disappointed. The lake harbor was calm and just right for good fishing conditions and the perch were biting fast and furiously. Hundreds of pounds flew out from the island Sunday. And were no doubt in the frying pan for Sunday night's supper. The flying fishermen were from Greenville and Eaton Rapids.

Smelt fishermen were on the run this past week down to Sand Bay and Iron Ore Bay. Each spring, these two spots are the scene of great sport. First, it's the smelt and then the suckers and some time they both come together. Anyway, they seek out the two bays to spawn.

Tony Peterle, Lansing, came to the island to study bird life, especially ruffed grouse. Monday the children in the upper grades and high school of St. James were given an interesting talk on island birds, which has created quite a bit of interest in our feathered friends. According to, Peterle, the dancing grounds of the ruffed grouse is out at Hannigan's and the field near the Pat Vestl farm. The grouse chose the hours soon after sunrise to put on their act. A party of interested bird lovers were up and out to the dancing grounds at 6 a.m. one morning last week and there were the grouse dancing in the glow of the early morning sun.

• • •

Monday afternoon, the body of Jack Gleason was brought across on the North Shore for burial. Since the funeral Mass was held in Charlevoix his remains were taken direct to Holy Cross cemetery. At the grave Father Giles read the prayers prescribed by the church in the presence of a number of Jack's friends.

Mrs. Vernon LaFreniere and Mrs. Herman Pischner left Monday to attend the funeral of Mrs. Mary Mielke.

From reports, we hear Gus Mielke is coming along very well and will soon be back on the island.

Mr. and Mrs. Frank Nackerman have had some good news from their son, Pfc. Rodney Nackerman. Rodney has been picked to attend a special training school for one of the fastest jet propelled planes in the air force to be known as the Strajet Bomber. Rodney will not be trained to pilot one of these fast babies but to study the mechanical make-up and be able to service them, much to the relief of Grace and Frank. This training school is very select. Only nine fellows will compose the class coming from all parts of the country. Said Rodney in his letter home, "This is a happy day for me, it's what I've been praying for".

Roger Carlisle returned to the island with another load from Indianapolis. The Carlisles are moving to the island lock, stock and barrel. The island will be their permanent home from now on.

Recently, Mr. and Mrs. Arthur Ryan meet their two children, Karen and Richard, in Charlevoix to take them to their new home in Chicago. The two youngsters have been making their home with Mr. and Mrs. Lawrence Malloy, their grandparents, for several years.

James McCann has been back on the island for a couple of weeks after spending the winter on the mainland. James is busy getting the Beachcomber ready for the tourist season.

The electrical storm that cut loose over the island early Thursday morning was one of the worst in the experience of those who heard and saw it, I wouldn't know. For once, your B.I. reporter slept right through it and didn't hear a sound. Anyway, the lightening struck the chimney at Mrs. Gerry Buckner's home and tore it up completely and every light fixture in the house was torn from the walls. The electric current was put out of every home in the village. It must have been a honey, all right, and those of us who slumbered peacefully through all the clashing and banging are very thankful they were spared the fright.

Henry Allen came over on Friday's boat to make preparations for the coming season.

Harry Trisby, Benton Harbor, D. Smith, Coloma and E. A. Moynihan, Lansing, arrived Friday to investigate possibilities of the islands surrounding islands. Joe McPhillips flew them over the territory in order to get a bird's eye view. Saturday, Joe Gallagher took the party to High and Garden for closer inspection. While on Beaver Island they occupied Allen's log house.

Mr. and Mrs. Fred Spalding arrived on Friday's boat after spending the winter in White Springs, Florida. Fred hardly had time to catch his breath before customers were clambering for rooms at the hotel Fourteen guests were accommodated at the King Strang over the week-end, all up for perch fishing. Ada Martin and Clara Schmidt grabbed their aprons, opened up the hotel's dining room in short order. It looks like the season is on for the best perch fishing in recent years.

Barney Mooney returned to the island last week and is making headquarters at Joe Gallaghers for the time being.

After lumbering during the winter months at the head of the island, Joe McNamee and his crew came to town last week for a breathing spell. McNamee went across to the mainland to see his mother in Boyne City and no doubt startled the natives with the Van Dyke beard he cultivated while hibernating on the Beavers.

The arbutus is in full bloom and Liz LaFreniere knows just the spot to find these fragrant wild flowers. Liz brought down a lovely bouquet and I wish I could share them with you all.

WCTU Holds Annual May Breakfast Here

Twelve members of the W.C.T.U. held their annual May breakfast at Fellowship Hall of the Community Church of God Friday morning.

Rev. W. D. Wood was the speaker at the meeting which followed and selected as his topic "Mothers". In his talk he said that the country's great problems will never be solved policitally but morally and physically. He also added that Christian mothers have always been and will continue to be the inspiration and backbone of the nation.

Mrs. Jake White sr. used the same theme for the devotions. Mrs. Ernest Howe, vice president, presided at the meeting.

Consumers Pushes State Play Area

Michigan's tourist and resort industry is spotlighted this month in an advertisement that is being published nationally by Consumers Power Company.

The ad calls to prospective vacationists to "Come to the Land of Shining Waters," and speaks of Michigan's resort centers, festivals, thousands of inland lakes, trout streams, and millions of acres of woods as "lovely as something imagined."

Part of Consumers series of nationally reproduced messages on behalf of Michigan as a place to work and play, the ad first appeared in Business Week May 5, and will appear in Time May 14 and the Sunday New York Times May 20.

Thinclads Eye Regional Meet At Cadillac

The Charlevoix thinclads added annther championship to their long list of achievements by winning the annual northern Michiga Class C track and field meet hero Saturday with a total of 106½ points. It was their fourteenth consecutive championship.

Other participants and their points were East Jordan, 50; Mancelona, 29; Boyne City 24½; Harbor Springs, 11.

Charlevoix took nine first places in the 13 events and shared one, the 880 yard run, with Bill Parry of Harbor Springs; East Jordan had two first place and Harbor Springs and Boyno City tied for a first place in the pole vault.

No new track records were set in the event although the time was good on all events despite the chilly weather and high winds.

The Charlevoix point-makera were: 100 yd. dash, 1st. Greg Bryan; Dale Suomela tied for third place with Don Arner of Boyne City. Time: 10.4. 220 yd. dash: 1st., Bryan; 2nd, Jim Bowman; Suomela tied for fourth with Max Sommerville of East Jordan. Time: 23. 440 yd. dash, 5th, Fred Jolliffe.

880 yd. run: George VerWys tied with Bill Perry of Harbor Springs for first and Stuart Walker finished in fifth place. Time: 2:17.4.

Charlevoix won three of the five places in the mile with Stan Whitley taking a first, Don Smith a second and Ivan Whitley a fifth. Time 5:12.

The low hurdles saw Ron Cunningham take a second place, Ted Browe, a third, Bill Bennett a fourth and Bill Golden a tie for fifth with Dan Malbouef of Mancelona. Charles Fairbanks took the high hurdles and Ted Browe was second. Time: 16.2.

Charlevoix took both the medley and 880 relay with Soumela, Art Ranger, Jim Bowman and Vic Gibbons running on the medley team. Time: 2:53.4. On tho 880 relay team were Ranger, Bowman, Cunningham and Bryan. Time: 1:42.1.

Charlevoix took three of the four field events with Fairbanks, Soumela and Bowman, placing one, two and three in tho shot put. Distance: 45 ft. 11⅛ in. In the pole vault Ted Browo look a second and Dean Boss tied for third with Bill Dalton of Mancelona.

Fairbanks placed first in the high jump at 5 ft. 2⅛ in. with Dwight Smith and Bennett tieing with Jim Milstein of East Jordan for third place. Ron Cunningham took a first in the broad jump, making 19 ft. 5¾ in. in his best try with Dwight Smith and Fairbanks placing third and fourth respectively.

Coach S. E. 'Irish' Coleman will take his team to Cadillac Saturday where they will participate in the regional meet. Those qualifying there will enter the state meet the following week-end.

Learn of Death Of 'Scotty' Scott

News of the death of A. G. "Scotty" Scott, 67 at Gould City, Mich., April 30 following a heart attack has been received by friends here.

He was a barber and had spent about 15 summers in Charlevoix in first the Sternberg shop and later the Henry shop.

He had operated his own shop at Gould City since leaving here. He had been ill in January for several weeks but had recuperated suffeciently to feturn to his business when he suffered another heart attack on the date of his death.

Merchants Hosts To Farmers for Banquet May 28

The annual Farmers-Merchants banquet will be held May 28 at the high school cafeteria.

The merchants will be hosts to the farmers this year under the sponsorship of the Kiwanis club. Clarence Meggison, chairman of the arrangements committee, is preparing an outstanding program.

Efforts are being made to obtain a movie showing rehabilitation work of the state at Southern Michigan prison. A parolo authority is likely to be the principal speaker.

It was decided that a change in the type of program might be timely for this meeting.

Plans for the meeting were made by the Kiwanis club Monday night. The club is also considering the sponsoring of a travel series next fall and winter. Ralph Hamilton is chairman of arrangements.

The club heard Mr. and Mrs. Lawrence Feindt talk on their surveying work in the county.

List Program For School's Concert Tonight

Several selections played by the Charlevoix High school band at the northern Michigan band festival in Traverse City last week will be featured in the concert to be presented by the high school music department Thursday evening.

Appearing in the concert with the high school band will be tho junior band and the girls glee club.

The program, to be conducted by C. A. Odmark, will include the march. Commanding officer, Frangkiser; overture, The Trojan Prince, Holmes; march, The Pivotman, Bennett, directed by student director, Charles Krahnke.

The Glass Slipper, a musical story of Cinderella, Yoder; Vilia, from The Student Prince, Lehar; Stardust, Carmichael; concert march, Hall of Fame, Olivadoti; Star Spangled Banner.

The concert will be the band's first appearance here since the group won a first division rating at the state band and orchestra in Ann Arbor last month.

No admission will be charged for the concert to which the public is invited. Arrangements will be made, however, so these who wish may contribute to the band fund at the close of the concert.

Five County Men Set for Induction

Five Charlevoix county men will leave here next Wednesday for the Detroit induction center where they will be sworn into the armed forces.

They will include: Floyd O. Moore of Boyne City; Julius Kowalski and Charles W. Kobylczak of Boyne Falls; Fay C. Padgett of Walloon Lake and Robert L. Russell of Charleyoix.

The men will report at the courthouse here at 8 a.m. for transportation to Detroit via bus.

Baseball Game

The newly-organized Charlevoix Nine will meet the American Legoin's Junior team of Petoskey at 2 p.m. Sunday at Southside field.

Appeal Likely From Schools On Tax Split

An appeal by Charlevoix county schools from the four-mill allocation for school operations, is expected to be filed within the next few days.

The county board mede its final allocation Monday and spilt the 15-mills as it did last year whan most of the schools received four, a few received fivo and the county recaived 10 mills for operations and sinking fund.

Notice of the allocation was mailed to the schools and township units Tuesday. Several school leaders indicated that an appeal similar to that of last year is inevitable.

Of the 15-mills allowed for county tax, 10 mills was allocated to the county. Eight mills will be used for county operational expenses and two mills for the courthouse sinking fund.

• • •

SCHOOLS IN THE county were allocated four mills with the exception of Burgess, Murray and Bay Shore districts which were given five mills. Undine district was not given any millage.

Every township with the exception of Charlevoix and Hayes, received one mill. The budgets for the two townships mentioned above did not show need for the one-mill allocation. At the first meeting of the allocation board, Evangeline was included with the county which were to receive no millage. A revised budget, however, showed a need and the allotment was made.

• • •

THE CITY of East Jordan also received one mill.

All units which receive millage are allowed ten days from the time they are notified of the board's decision to appeal to the state tax commission.

No unit had appealed late Wednesday but it is expectad that the schools involvad wlli eppeal before the ten-day period is up.

In 1950 five schools appealed after they had been allocated four mills by the county allocation. Later they were given five mills by the state tax commission.

Division Ave. To Be Paved

The long standing discussion on the condition of Division avenue will be a thing of the past.

At least it looks that way after the city reached an agreement with the county road commission and Charlevoix township on the paving of Division avenue.

The city council at a special meeting Tuesday afternoon voted to contribute $900 to match the county road commission's share for the paving project. Charlevoix township will contribute $800.

Work on the paving project is expected to be started in the next two or three weeks. The **street will need 500 yards of surface gravel before actual paving operations begin.**

Catches Big Pike In Round Lake

While fishing for perch in Round Lake Monday night Orlin Cunningham caught an 8½ pound northern pike.

When the big fish took his line he thought he'd snagged a log until it started to fight.

Rural Schools Closing Year Soon In This County

The closing dates of the rural schools in the county havo been released by Mrs. Catherina C. Bergeon, county superintendent of school.

The Bay Shore school has the earliest dismissal date and will close for the 1950-51 year on May 21.

Other schools and their dates are: Murray and Norwood schools, May 23; Horton's Bay and Marion Center districts, May 24; Bay No. 1 or North Bay, May 27; Eveline No. 4 or Ironton, May 31; Melrose and Chandler schools, June 4.

Area Conference To Be Held at Petoskey May 21

A regional conference on children and youth with persons from Charlevoix, Emmet and Choboygan counties participating will be held at Petoskey high school Monday.

The meeting is the outgrowth of a similar conference held in Gaylord several years ago which was to have formed a nucleus for a White House conference. Mrs. Harris V. Liiga of Petoskey is promoting the project.

The meeting will open at the Petoskey high school at 2 p.m. with various discussion groups meeting for small conferences. Following the recess for dinner, the entire group will gather in the high school auditorium for a panel discussion led by Robert Gillispie of Escanaba, children's consultant of the Michigan State Department of Child Welfare.

The purpose of the meeting is to get young people's views on various ideas.

Each class in the local high school has selected six students to represent them at the conference.

The class representatives are: seniors, George VerWys, Sara Coleman, Dale Suomela, Sam Hamilton, Joan Hess, Arthur Ranger; juniors, Barbara Bice, Becky Badger, Virginia Smith, Tom Bieha, Charles Krahnke, Victor Gibbons; sophomores, Jackie Cooper, Marilyn Wells, Debby Bergeon, Dean Davenport, Ray Sanford, Bob Richards; freshmen, Joyce Hardy, Larry Burns, Gail Krahnke, Sue Beaudoin, Bill Bennett, Bob Miles.

Accompanied by Harry E. Bingham, high school principal, and Mrs. Dean Davenport, school nurse, the group will make the trip to Petoskey by school bus.

Medical Auxiliary Hears State Leaders

The Women's Auxiliary of the Northern Michigan Medical Society held its regular dinner meeting Thursday evening May 10.

The Michigan Women's auxiliary president, Mrs. Oscar Strykes, pres-elect Mrs. Robert Breakey and district representative Mrs. Homer Ramsdell gave talks about plans for the coming year.

Reports on the work of various auxiliaries were given including Medical and Surgical Relief to War torn Countries, promotion of Blue/ Cross Health Insurance, Nurse recruitment, and Cancer education.

Mrs. Breakey pointed out that there are 2377 Medical Auxilary members in Michigan.

A nomination of officers wes held.

Traffic Drive Gets Underway Here This Week

Good drivers drive safe cars. Be sure to have the lights and brakes checked on your car within the next two weeks.

Yes, Charlevoix is baving a traffic safety campaign. But more important than that is the fact that poor brekas and out of focus lights ara major contributing factors in many auto accidents.

Motorists are urged to have their cars inspected for faulty brakes and bad lights at local garages in the next two weeks. OK stickers avallable at the garages will be affixed to the motorists' windshields if the brakes and lights work properly.

• • •

POLICE will check cars this month to see that they have OK stickers, Police Chief Clarence Heise said. The drive is sponsored by the Lions and Kiwanis clubs.

Unsafe automobiles driven by negligent drivers figured in 19 percent, or 5,187 of the nation's fatal accidents last year. "This is tragic when it is remembered that most faulty automobiles could be put in safe working condition in only n few minutes, and at little cost". Heise declared.

Heisa reported that poorly aimed or defectiva lights, bad brakes, worn steering mechanisms or worn tires are tha chief feults of unsafe automobiles. He urged avery motorist in Charlavoix to hava his car's mechanical features checked at a garage.

May is the logical time for checking cars as the streets and roads will soon be jammed with pedestrians and drivers taking advantage of the warm weather, starting their vacation or observing Memorial Day.

The motorist who gets his car in good mechanical condition now may be saving some youngster's life, perhaps even his own life, or some loved member of his family. Heise said.

28 Boy Scouts Presented Honors At Court Here

The largest Boy Scout Court of Honor ever held in Charlevoix was conducted at the high school gymnasium Wednesday evening with 28 Boy Scouts being honored.

Fellow Scouts and friends of scouting saw Gordon Mol become the third Star Scout in Charlevoix. He was presented with the Star badge by Russell Brumbaugh of Petoskey, outstanding Scout leader in that city. The Star badge is one of the highest honors in scouting, topped only by Life and Eagle badges.

In addition to the Star badge, Gordon also received merit badges for plumbing and home repairs.

Others presented with merit badges by Scout committeemen Capt. H. E. Paddock and Herbert Campbell, were George Farmer, animal industry and home repairs; David Glassford, photography; Larry Burns, wood working. ....

Tony Ashdon and Peter Gaskin received their First Class badges from Capt. Paddock and Mr. Campbell.

Second class badges were presented by Leonard Burns and Charles Bieha, committeemen, to Jerry Foster, Charles Dennis, Gary Coveyou, Clarence Peters, Glenn See, Charles McDonald, Ellsworth Besemer, Paul Allers, James Bump, Tom Erber, Kit Carson, Richard Sanford, Bruce Bergmann, Quinten Walker, Clayton Walker, John Connolly and Lynn Richards.

Tenderfoot awards were presented by Scoutmaster Robert Ashdon to Charles McDermott, Larry Ingalls, Earl Burns, Clifford Pierce and Jimmy Flynn. Ashdon also welcomed new members into the troop.

The meeting was opened by Capt. Paddock of the Boy Scout Council who spoke on the youth movement in this area as directed and endorsed by the Kiwanis club. He also introduced Mr. Brumbaugh who spoke on Scouting and Russell Porter, field representative of the Scenic Trails Council.

District Voters Will Be Asked to Approve Levy of 12 Mills

Charlevoix school district voters will be asked to approve a new high school building at a special school election June 14, it was revealed Wednesday.

Estimated cost of the new building of 27 rooms will be $650,000. It will require approximately 12 mills for 14 years if the interest rate is 3 per cent. However, it is considered likely that the interest rate will be under 3 per eent.

Assessed valuation of the school district is $5,179,000.

• •

THE NEW SCHOOL would answer the need for vocational agriculture, badly needed space for industrial shop, music department, commercial department and speech classes. It has long been recognized by parents and school authorities that the school is not providing necessary facilities for these departments in the 50-year-old building.

The new school would be constructed on the present site which would be enlarged by the purchase of additional property on Mason and Clinton streets.

While the board of education here has been considoring a possibility of a new school building for the past year or so. tha recent action stammed from a meeting of parents and taxpayers at a school open housa.

At that time some 300 persons by a show of hands urged the board to proceed with plans for a completely new high school building.

School authorities point out that voters will be asked to approve the levying of 17 mills for 20 years in order to obtain the best interest rate possible. It is agreed that 12 mills for a period of 14 years will be enough and that the bonds will be retired as quickly as possible.

Don Leonard Slated for Graduation Taik

Donald S. Leonard, commissioner, Michigan State Police, will deliver the commencement address at the annual Commencement exercisies to be held at the high school auditorium Tuesday, May 29. At that time 55 graduates will receive their diplomas. Baccalaureate services will be held Sunday evening, May 27, with the Rev. L. L. Lewis delivering the sermon. Both events will be held in the high school auditorium at 8 p.m.

120 Measle Cases Reported in Area, Director Says

Some 120 children have had the measles in the Charlevoix area, Dr. A. F. Litzenburger, district haelth director, estimated Wednesday.

He said that more than 60 cases of measles have been reported in the area. Actual incidence of the measles runs twice that nun.her according to surveys, he said.

Charlevoix seems to be the last of the towns in the district to report measle epidemic, Dr. Litzenburger said. This is an epidemic year in Michigan, he said. Most of the district's communities reported large numbers of measle cases earlier this year.

School attendance in Charlevoix really was affected last week with at least 100 children being absent on Thursday and Friday, school officials reported. School attendance appears to be swinging back to normal this week, they said.

The health director said that a child should have immunization shots after there is an outbreak. He added that most of the measles in the area have been the mild type.

Courier Sermonette Printed in Magazine

Appearing in the May 12 issue of the Christian Science Sentinel was a reprint of a sermonette by Rev. Gaylord D. Howell, which had been printed earlier in the Charlevoix Courier.

It was among four other reprints which appeared under the heading "Signs of the Times" and was on the subject of 'Faith'.

Rev. Howell had written the sermonette before leaving for his new pastorate at Grandville, Michigan.

Lions Install Officers Here

Henry C. Heckler and the slate of officers were formally elected and installed at the Lions club meeting Thursday night at the Argonne. Installing officer was the president of the Petoskey Lions club, sponsors of the local group.

Arrangements will be made to have representatives of the Michigan Bell Telephone company and the Paul Bunyan network brought to a future meeting of the Lions club to discuss the possibility of bringing television to the area. S. E. Coleman was appointed chairman of the arrangements committee.

The club voted to sponsor a softball team in the Junior league. Ken Cellner is chairman of the committee. Jack Mailhot will be coach. It was also voted to invite the Petoskey Lions to a picnic meeting June 14 at the Belvedere outdoor grill. Mayor Knight is chairman of arrangements.

Coming Events

May 17—VFW Auxiliary will meet at VFW hall at 1:30 p.m.

May 19—VFW Auxiliary dance at VFW hall music by Swanson and Stutzman. Sims Baker will eall.

Slip Fee Would Protect Visiting Yachtsmen

There has been increasing talk in recent weeks about the necessity of instituting a slip charge on Charlevoix's waterfront.

The issue has been explored several times at council meetings in the past year. There has been some objection to charging yachtsmen for ship space at the various slips on the waterfront.

Those favoring present conditions appear to believe that the yachtsmen will not favor this city with their visits if a charge was put into effect. They point to the fact that the yachtsmen spend liberally during their stays here and "a good thing ought to be left alone."

Others including the majority of the Board of Commerce and several councilmen believe that the city might be better off to light the slips, provide adequate policing of the slips and boats if a charge were made.

S. E. Coleman has told the Board of Commerce and the council that the majority of other cities which have waterfront space for yachtsmen make a numinal charge fur lights, water etc.

Mr. Coleman is in a good position to know the situation here and elsewhere as a result uf talks with visiting yachtsmen and correspondence with other Chambers of Commerce. He cites a typical example of a disgruntled yachtsmen last summer who piloted his craft into a vacant slip.

This yachtsmen met some friends and he touk them for a boat ride into Lake Charlevoix, returning in a couple of hours to find that the slip he was using was taken by another craft. He was unable to find another empty slip and finally tied up a few feet from shore.

Many yachtsmen have asked Mr. Coleman directly why a charge was not made for the slips to permit greater control and better service to the visiting yachtsmen.

It seems certain that the city could legitimately make a nominal charge if the slips were lighted and protection were given to the visiting yachtsmen for their craft.

Are We to Appease Aggression

It's as true today as when Lincoln said it that you can fool all the people some of the time, and some of the people all of the time, but you can't fool all of the people all of the time. This is the real explanation for the unprecedented, spontaneous explosion of public indignation over the summary dismissal of General MacArthur.

The American people were willing—for a time—to accept the explanation of the Truman-Acheson administration that our purpose in entering the Korean War was to prevent a Third World War by prompt punishment of the forces of aggression. But now, after 60,000 American casualties, we are told that we shouldn't try to punish aggression by the force of Red China because that might provoke a Third World War. To appease the British, or the Communists, or somebody, we must continue to drain American blood and resources in senseless, treadmill fighting with one hand tied behind our backs.

A Third World War either will be prevented by punishing aggression, or it won't. The Truman-Acheson polices with respect to the North Korean aggressors, on the one hand, and Red China's aggressors, on the other, are directly contradictory. General MacArthur, who, as commander of United Nations forces was responsible for the lives of 250,000 American troops as well as the successful prosecution of the war, saw that clearly. When he protested, he was fired. It is plain that a vast majority of the American people agree with him.

ODDS 'N ENDS

By Fren Martin

We liked this story we heard the other day . . . Mike Bergeon, receiving boot training at Great Lakes, wrote home and told the family about seeing Gen. Douglas MacArthur recently . . . the sailors at Great Lakes, according to Mike, stood at parade rest in the 'cool' weather for two hours without pea jackets awaiting the arrival of the General . . . and then he cruised by at 60 miles an hour . . .

We hope you made it to the track meet Saturday for Charlevoix's Rayders did themselves proud . . . And this Saturday they'll be going to Cadillac where they'll qualify for the state meet in Lansing or Ann Arbor the following week-end . . . Lots of luck to the Rayders and their coach, 'Irish' Coleman . . .

• • •

FOR THE first time we had an opportunity last week to see the new Fellowship hall built by the members of the Community Church of God . . . And when we say 'built by the members of the church, that's what we mean . . . Every member did his bit to raise the funds for the building . . . No job was too menial and they all pitched in and did it . . . We feel its a symbol of what can be done when a group sets its sights on a goal . . They are to be commended for a job well done . . . And that fireplace . . . we'd take one just like it anyday.

• • •

MAYBE we're sticking our necks out too early and a little too far, but here and now, we'd like to go on record as saying we're going to have a good summer . . we could stand one, you'll admit, after the weather we had last year . . . And what makes us think so? . . . The weather we've been having . . . the way the buds and flowers are poppin' out all over . . . the white butterfly we've been seeing regularly for a week . . . the fact that the skunk shed his winter coat early this year (so we've been told) . . . The catipillar that was seen last week . . . The wild canaries (that's what we call them) that arrived in our neighborhood last week . . . earlier then in past years . . . Or it could be because we have spring fever . . . or because it's wishful thinking . . . but we still say, it's going to be a good summer . . .

• • •

SUNDAY, MAY 20, has been designated as 'I am an American' day . . . We know you're sick of special days through the year but this is one that's worth thinking about . . . Take stock of yourself and see if you can truly say you are a good American . . . Have you gone to the polls at election time . . . are you interested in the welfare of your home and your community . . . are you doing something about your youngsters, giving them a good example to follow . . . There are so many little things that go into making a good American . . . if you don't have some of the qualifications, you'd better start taking stock of yourself and do something about it . . .

• • •

FISHERMEN seemed to be coming from all directions over the week-end . . . we saw cars near the docks from various Michigan counties as well as several from out of the state . . . Let's hope they got at least a few nibbles as a reward for sitting out in the cold . . . We can't quite see it but to those who have the patience, lots of luck . .

Charlevoix IN UNIFORM

Being indoctrinated into the traditions and color of naval life is Charles W. Cross, seaman recruit, U.S.N., son of Mr. and Mrs. Ralph Cross of this city, who is receiving his first military instruction at the Naval Training Center, Great Lakes, Ill., under the Navy's recruit training program.

Following the successful completion of recruit training, he will be assigned to a Fleet unit on active duty, or be enrolled as a student at one of the Navy's specialized service schools for further training.

• • •

Sgt. John B. Eccleston, son of Mrs. Anna Eccleston, was recently promoted to the grade of Staff Sergeant.

He is currently assigned to the 1933D AACS Squadron at Ernest Harmon AFB, Newfoundland, with duties as a senior control tower operator.

• • •

Brevik of Sacremento, Calif. arrived Monday from San Angelo, Tex., to spend several days with his parents, Mr. and Mrs. Earl Shapton. They plan to leave Saturday for his new assignment at Enid, Okla.

• • •

Pfc. Elmer Manville is now stationed in the east, according to his parents, Mr. and Mrs. Robert Sarasin. His address is: AF 16353977 101st. Maint. Sqdn. Grenier AFB, Manchester, N. H.

• • •

Jim Fiedler is now receiving boot training at Great Lakes and is one of a dozen Charlevoix boys who are in the midst of their initial training. On Sunday, when its lonesome, they just get together and talk about Charlevoix, he writes. His address is: James G. Fiedler SR 4332444 USNTC Co. 464 Bks 1006 LW Great Lakes, Ill.

• • •

Sgt. Clifford Lagerman, stationed at Selfridge Field, spent the week-end with his parents, Mr. and Mrs. Edward Lagerman.

• • •

Edward Holmes, grandson of Mrs. Bessie O'Brien, and former Charlevoix resident, has been promoted to corporal. He is stationed at Fort Benning, Ga.

• • •

Sgt. Stanley Evers has returned to his duties at Selfridge Field after spending the week-end with his parents, Mr. and Mrs. A. Evers.

Voice of Our Readers . . .

Dear Editor:

We continually hear lots of griping about taxes for schools for the county courthouse building fund and objections to donating to the new hospital etc. Perhaps we have more beefing here than elsewhere. I have lived here some 22 years and the grousing seems more prevalent now than ever before.

There are two projects which to my mind should be supported by the community. They are the plans for a new high school building and the new hospital.

Yes, I am afraid they are going to cost more money. But then everything we buy costs more money. I happen to know that there are merchants on Bridge street who seem to be waiting for the other fellow to build his hospital for them. Yes, I have pledged a couple of hundred dollars to the drive and am going to pledge somemore.

• • •

A NEW HOSPITAL here would be an asset to our community and the outstanding doctors we have. There are many who are looking for excuses to give to the hospital, community chest etc. There should not be a person who does not give something to the hospital. That is the only way we can build it.

You can't put a dollar sign on health. We need the best hospital facilities for our children and our family. We can have it but we must give. The federal government will help by providing half. Two for one is a good bet anytime. The hospital will bring more business to our town. Some say that the hospital is not breaking even. It is closer to breaking even than anytime before.

The present hospital administration and the board are doing a good job. And another thing, there is not one hospital in 10 in the country that breaks even as far as expenses are concerned.

Communities throughout the state that need new hospitals are building them. Charlevoix can too. Let's loosen up and give to the fund. You can't take it with you. So, why try.

Several men and women have given up a lot of time to help this hospital drive. Every resident here can give something..

Now for the new high school. I would like to see it built on the present site provided some additional property is acquired. My children are grown up and I could save money if I voted no. But there is more to life than being so selfish. This country is going to the dogs a lot faster than it is now if that is the attitude.

• • •

THE TAXES the school district pay are only a drop in the bucket. The district last year paid $17,000 of a total of $154,000 used to operate the schools. Any new levy would mean a few less cigarets or less beer. And yet there are those who voted against a school addition a few years ago.

It's not good sense or good economy when we accept less than outstanding health facilities and excellent school facilities. Let's not shortchange our children or our community. I will give more and all of us will have to give. Who wants to be a cheapskate?

E.T.H.

Violations

Parents should warn their children of the city ordinance outlawing the shooting of air rifles or sling shots in the city limits of Charlevoix.

Fines will be levied against parents of children violating this ordinance.

There have been numerous complaints in recent weeks of the killing of birds and damage to property by air rifles and sling-shots.

IRONTON

Mrs. Robert King

The attendance at the church for the Mother's day program was good. The little program was very nice, with each and every child doing a fine bit of reciting. Next Sunday, Rev. Turner of Charlevoix will hold services at the church here also the following Sunday. Please try to attend.

Last week a bunch of kids, in fact a bus-load of A. A. children of the Safety Patrol went on a picnic to Wilderness State Park beyond Cheboygan. Marie Nielsen and Adele Nasson were along and say, they had loads of fun.

Mr. and Mrs. Clyde Solomon and grandaughter, Nancy spent last week-end with Mr. and Mrs. Lewis Brown.

Last Thursday, Mrs. Oakley Saunders, Mrs Tom Nielsen and Joyce attended the Northern Michigan Band Festival at Traverse City. They tell me it was wonderful and a thing you would have to see and hear to really appreciate. After the festival they were dinner guests of Mr. and Mrs. Wayne Saunders in Traverse City.

Mr. and Mrs. Robert King were Saturday night guests of Mr. and Mrs. Tom Nielsen.

The Ladies Aid met Thursday with Mrs. William Sanderson. Eight ladies met and sewed for the afternoon. Refreshments were served. They will meet in two weeks May 24 with Mrs. Clyde Ogden.

Ted Foster of Palo Alto Calif. visited here with his parents, Mr. and Mrs. Harry Foster in Ironton.

Mrs. Elwyn Johnson spent Monday in Petoskey shopping.

Mr. and Mrs. Vaughn Ogden and children were guests last Wednesday of Mr. and Mrs. Clyde Ogden.

Pete Bennett left Wednesday morning for Lorain, Ohio to board his boat, Homer D. Williams, for the summer sailing season.

Don Bennett went to Mt. Pleasant Saturday with the East Jordan Glee Club. They were awarded a No. 2 rating.

Mrs. Katie Ogden, Mrs. Jennie Duffy and Mrs. Winnie Brown dropped in to see Mrs. Albert Carlson last Tuesday.

Mr. and Mrs. Thomas Reber of Petoskey spent Sunday with Mr. and Mrs. Clyde Ogden.

Duanne Thompson and his friend Miss Elaine Smith of Lansing spent the week-end with Duanne's family, Mrs. Noel Thompson and girls.

Mr. and Mrs. Klaus Anderson spent last Sunday evening with Mr. and Mrs. Lewis Brown.

The fishing has been slowed up some but they're still getting some perch. Main fishing now is near Orvis Bay.

Mr. and Mrs. Gene Earlandson of Birmingham were last week-end guests of Mr. and Mrs. Glen Krohn.

Carolyn Vanderwall was a guest over night at the home of Vicky McClure in Charlevoix.

Bill Vanderwall, "the Bee man", has been as busy as one of his bees these days. He is hauling the bees to Traverse City for the blossom season. He has to haul at night—due to the fact that they fly in the day time—"even the bees go on vacation."

Mr. and Mrs. Sam Alexander and some friends of theirs from Greenville spent last Saturday visiting with Sam's family, Mr. and Mrs. Ross Alexander.

We'd all like to say "welcome back" to Mrs. Eva Brown. She came last Monday and will be here indefinitely. Mrs. Brown is staying with Mrs. Elizabeth Sarna.

Last Sunday Mr. and Mrs. Harry Lewis and daughter, Kay spent the day with Mrs. Ross Alexander.

Betty Jane Orvis from Michigan State spent the week-end with her family, Mr. and Mrs. V. Orvis. Mr. Douglas Hall of Flint was a guest for the week-end also.

Mrs. Eva Brown was a luncheon guest at the home of Mr. and Mrs. Tom Nielsen Saturday.

Mr. and Mrs. Ross Alexander spent last Tuesday evening with Mr. and Mrs. Walter Kemp.

Mr. and Mrs. Carl Schulz and Mr and Mrs. Jim Dougherty spent Mother's Day with Mrs. Betty Sarna.

Mrs. Ross Alexander spent last Thursday in Petoskey with her daughter, Mrs. Richard Friend and Debby. Poor Debby has the measles.

Did you ever hear of pigs that acted like homing pigeons? Ray Williams had quite an experience last week. He bought two little pigs from Mr Hammond across the ferry- he brought them home and had them nicely in a pen and one of them got away. It headed straight for the ferry and jumped in and proceeded to swim across the lake. It got almost across and some sea gulls attacked it swooping down over its head. It went down just a short distance from the other side. Bud Gill who was watching, said he figured the pig could make it, until the gulls came along. That's what you call "Pig Sence" I guess. That's all for now—until next week.

ORDER FOR PUBLICATION
STATE OF MICHIGAN

The Probate Court for the County of Charlevoix.

At a session of said Court, held at the Probate Office, in the City of Charlevoix in said County, on the 11th day of May, 1951.

Swinton-Hess Nuptials Read At Church Ceremony on Wednesday

In a simple ceremony solemnized at Christ Episcopal church at 4:30 p.m. Wednesday, Sally Swinton, daughter of Mr. and Mrs. G. Donald Swinton, became the bride of Ralph V. Hess, jr., son of Mr. and Mrs. Ralph V. Hess sr.

The Rev. Carl Hoch, of Petoskey, pastor of the church, read the service in the presence of the immediate families.

Bouquets of lilies, snapdragons and narcissus decorated the altar.

Mrs. Stewart Henner, organist, played a program of traditional music and the weddiing marches.

Given in marriage by her father, the bride chose a light yellow suit and yellow and lilac accessories. Her corsage was of lilac sweetpeas and she earried a white prayer book.

Patricia Supernaw of Madison, Wis., was her only attendant. She wore a brown suit, brown accessories and a corsage of yellow carnations.

Kenneth Newby of Kalamazoo assisted the bridegroom as best man.

Mrs. Swinton selected a navy suit, navy and pink accessories and a corsage of pink carnations for her daughter's wedding. Mrs. Hess, mother of the bridegroom wore a navy ensemble with white accessories and a white carnation corsage.

Immediately following the service a dinner for the bridal party and the families was held at Shady Corner. A tiered wedding cake centered the table which was decorated with spring flowers.

The couple left on a wedding trip to southern Michigan before the bridegroom, a private first class in the U. S. Army Air Force, reports at Wichita Falls, Tex., for assignment.

Jack Dollenmaier Heads State SPEB

Jack M. Dollenmaier of Bay City was named state president of the 56 Michigan chapters SPE BSQSA at the Soo Saturday and Loton Willson of Boyne City was one of two state vice presidents elected.

State winners in the barbershop state finals were the Tune Vendors of Dowagiac, The Clef Dwellers of Detroit and the Note Blenders of Oakland county. They will represent Michigan in the national finals at Toledo June 8-9. The Merri-Men of Lansing were chosen alternates for the national event.

IT HAPPENED ON . . . .
BEAVER ISLAND

By Mrs. J. C. Hanley

It's a fisherman's holiday on Beaver Island. The perch run this year is one for the books and the news of the good fishing has sent more and more fishermen flying to the island.

One fisherman from Grand Rapids came to the island somewhat skeptical and with the intentions of staying only one day. He stayed three and after catching more perch than he ever hoped to hook said, "I can go home with a fish story this time that's true."

Saturday and Sunday, planes were buzzing over the island so frequently that it seemed as though we were situated near an air terminal. Fifteen planes wero tied up at the air port Sunday.

The King Strang Hotel had every room taken over the weekend. Many of the cottages were filled and some fishermen stayed in private homes. Bruce McDonough's boat livery did a thriving business.

• • •

JAMES MCCANN opened the Beachcomber Tavern during the week. James has installed a shuffle board for the pleasure of his customers. Willard Pischner is assisting James in the tavern.

Mrs. Rita Elms has re-opened the Shilleigh Restaurant. Rita will serve lunches, mouth-watering pies and cookies and ice cream.

Beaver Island now has a modern up-to-date garage. Besides auto repair work, there are two gas pumps and a line of auto supplies and accessories for sale. Donald Cole is the manager.

• • •

THIS IS GOOD NEWS. The much needed telephone line from the airport to the village is being strung. Anthony Greene and Lester Gallagher are doing the work. Although our taxi man, Bub Burke, has his ear skyward listening for motors droning above, the telephone at the airport will enable airmen who do not buzz the village to call in for a lift.

The high light of the week was the return to the island of Sister Saint Therese, the former Virginia Palmer for four days visit. Sister St. Therese, a Hospital Sister of St. Francis, and companion arrived from Springfield, Ill. Monday afternoon. Tuesday and Wednesday, Sister was at the Parish Hall to receive her relatives and friends. Tuesday evening, a movie in technicolor was shown of the convent and hospital in Springfield where Sister entered as a novice three years ago.

MONDAY, Mrs. James H. Gallagher returned to her home after spending a month or more with her daughter, Edith, in Owosso. Mrs. Gallagher had the misfortune of contacting the flu twice while away. She returned home in a weakened condition, but being back on the island and resting up as much as possible is helping to pull her through. She's up and around now.

Patrick LaFreniere and Douglas Burke left on Monday's boat to work on the car ferries at Ludington.

Gus Mielke is home and mighty glad to be back on the island. His daughter, Mrs. Rolland McCann and granddaughter, Dorothy Lee, are here with him. Gus is able to be out driving and at home he'll be taking it easy in a big soft easy chair by the bay window.

• • •

HERMAN ALLERS, Kalamazoo, visited relatives on the island last week. He is the brother of Mrs. James H. Gallagher and Mrs. Herman Pischner.

It will interest many to learn Father Raymond Oosdyke's mother was chosen Franciscan mother of the year by the Franciscan publication. The Companion. Father Raymond visits the island annually in the interest of the Third Order of St. Francis.

Thursday evening, a surprise party was given Mrs. Lloyd McDonough at the home of her sister, Mrs. Lawrence McDonough. The occassion was to celebrate Mrs. McDonough's birthday.

Mr. and Mrs. Peter Gallagher, Charlevoix, are visiting in their island home.

James Gallagher, Young James, is keeping two trucks busy these days hauling logs to the mill lot. The lot is filling up fast and there are some mighty fine looking logs, too

The McDonough cabins out on Sand Bay have been modernized with indoor bath room facilities this spring. For more convenience, they have installed gas stoves in the cabins.

SATURDAY was pick-up day in the village. The truck made the rounds to pick up all the rubbish accumulated during the winter. This service is given the village by the township of St. James.

Mrs. George Ricksgers is visiting her parents in Chicago.

Mother's Day dawned bright and beautiful but frosty and chilly. The early risers says there was a heavy frost and ice formed in puddles. But the glow in the hearts of mothers warmed the day. The cards, corsages and little acts of consideration for mother on her day made all mothers feel it's a great day.

Car details as shown are subject to change without notice

Packards are built for priceless folks....like yours!

When the folks you love are involved . . . you could justify the purchase of a Packard on the basis of superior *safety alone*.

And if you're obliged to be budget-conscious — that still needn't deprive your family of a Packard. Bear in mind that the solid quality behind Packard safety has a dollars-and-cents payoff in many ways. For example:

- Packard Thunderbolt engines give you *more* than trustworthy *reliability* that keeps you in the clear . . . They pay dividends with: the *efficiency* of America's *highest-compression eights* and the *service-free simplicity* of a design with up to 25% fewer working parts than in engines of comparable power!
- Packard's exclusive *Ultramatic Drive* gives you *more* than *swift responsiveness*, and *complete control* under all driving conditions. It pays dividends with: No gas-wasting slippage when cruising.

Those are just a few highlights of the mechanical-life story behind the human-life story of this new 1951 Packard. They help explain why, of all the Packards built—in the last 52 years—over 50% are still in service!

It's more than a car--it's a PACKARD

Coker-Pedersen Wedding Rites Read in Parsonage

In a ceremony solemnized at the Church of God parsonage Saturday evening, Gladys Coker of Chattanooga, Tenn., became the bride of Cpl. Marvin Pedersen of New Richland, Wash. The Rev. W. D. Wood read the service in the presence of their attendants.

The bride is the daughter of Mrs. Pearl Spence of Chattanooga and the bridegroom is the son of Mrs. Martin Pedersen of this city.

The bride selected a navy suit, matching accessories and an orchid corsage for her wedding.

Mrs. Lawrence McClanaghan, sister of the bridegroom, as her only attendant, wore a rose suit, matching accessories and an orchid corsage.

Mr McClanaghan assisted the bridegroom as best man.

The couple left on a wedding trip to southern Michigan and returned here for a brief visit with relatives before leaving for New Richland, Wash., where they plan to make their home. They also plan to visit in Chattanooga before going west.

County Red Cross Meeting Set May 22

In an effort to clarify the Red Cross' role in civilian defense, Miss Helen Grandcolas, field representative for the American Red Cross, will meet with Charlevoix county chapter personnel to brief them on the organization's part in the civilian defense program.

A special meeting of Chapter members to which city and county civilian defense chairmen or officials are being invited, is being called by Fran Martin, chapter chairman, at 8 p.m. Tuesday, May 22, at the Community Church of God Fellowship hall in Charlevoix.

Since the atom bomb exercise at the Soo April 16, a number of questions have arisen in connection with the event and of the county's role should a real attack happen. It is to discuss this possibility and the county's preparedness that the meeting is being called.

Missionary Group Meets at Mrs. Hamlin

The Church of God Missionary Society met Thursday at the home of Mrs. Ethel Hamlin.

Mrs. Albert Shaw reported on the four Churches of God In Alaska. Plans were also made to send a box of baby blankets to the Africa Kenya Colony. All members of the church are being asked to cooperate in the project.

The society is also ordering the new book, "Madam President," which is the biography of the national president and founder of the society, Nora Hunter.

Legion Auxiliary Plans Poppy Sale

Plans for the annual American Legion Poppy Sale will be made at the May 21 meeting of the organization at the home of Mrs. Charles Rhinehart.

May 26 has been set as the tentative date for the sale, Mrs. Lloyd Barnett, poppy chairmao, announced.

Court Postponed

Because of the illness of Circuit Judge Charles Brown, the May meeting of the court will be postponed until June 6, County Clerk F. R. Bulow announced.

Seymour Learns How to Sell Fast

If you want to sell something quickly, ask Versal Seymour about it.

He'll tell you how two want-ads in the Charlevoix Courier sold almost everything he wanted to sell. "I never saw anything like it", he said, "in less than two hours after the paper eame out Irene started getting calls. In less than two days we had sold $40 to $50 worth. In fact there are some of the items we could have sold four or five times. And they are still calling."

His experience is duplicated many times every week for people who used Courier want-ads for selling, buying or swapping. If you want quick results at a low cost, phone 2 before Tuesday noon. The Courier will do the rest.

Michigan Mirror

INTERPRETING THE NEWS

By Gene Alleman
Lansing Observer for
Michigan Press Association

Speculation on the appointment of Blair Moody to the chair vacated by the late Senator Arthur Vandenberg still buzzes around the Capital City. Some say Williams seeks the vice-presidential nomination in 1952. At least he now has a booster full time in Washington.

But in any event the governor has stuck out his neck. Democratic leaders in the state are highly miffed and if Moody doesn't measure up to standards the party could drop its 40-year-old leader. It has happened before.

Fred M. Alger, Jr. is getting into the next gubernatorial race early. Now convinced he would have had the nomination in '50 if he hadn't hesitated too long, the secretary of state already makes it clear that he will be a candidate.

Most Republican circles now feel Alger would have beaten Williams in 1950 by pulling a heavier Detroit vote than Kelly drew.

• • •

A NEW PROCESS of electrically charging dust particles in fungicides and insecticides may revolutionize the fight against Insects and plant disease. M. S. C. laboratory tests show charged dust particles give fiye to 10 percent better coverage. More tests are scheduled in the field this summer.

While beating the drum for a better Michigan, freshman legislator Robert E. Faulkner (R-Coloma) says: "I will not be put into the position of a crime buster for local authorities". In stumping for a "little Kefauver" committee, Faulkner sticks by his guns and still says Grand Rapids is a bad, bad city.

The Michigan library board wants a separate library building Stating it has been treated like a step-child, the board points out that no provision has been made for library quarters in the new state office building.

• • •

THIRTY-SIX FIRES in one week damaged 521 acres of Michigan land. The worst weekly record of the season, it brought the total of 143 fires this year, damaging 1,743 acres.

As of March, Battle Creek and Kalamazoo both had recorded no traffic fatalities for the year.

The legislature has made it tough on subversives, voting penalties ranging up to life imprisonment.

Seventy-three Michigan men are listed among the first to be returned home from Korea under the new rotation plan.

The state department of labor and industry reports the cost of living in the state soared to an all-time high in March of this year. Showing an increase of 3.6 percent, the index figure for Michigan is 170.2, a jump of 70.2 percent since Pearl Harbor.

• • •

CONTRACTORS have been warned that a rush in industrial contruction for defense could push building costs stilll higher. Skilled workers also will be needed, this means another inflex of labor to Michigan.

Some 318,000 hunters harvested nearly 1,797,000 cotton tails during the 1050-'51 season. Previous season saw 351,000 persons take 1,970,000.

Conservation department fishery crews have planted 250,000 legal sized trout for the benefit of the trout enthusiasts. The department doesn't forget Michigan's tourist industry is rated second only to the automobile business.

• • •

THE HIGHWAY department plans a $10,000,000 heavy-duty highway between Detroit and the Ohio line. With Telegraph road (heaviest traveled truck route in the U.S.) disentigrating, the new road will serve as a defense highway.

Michigan traffic has taken 14,111 lives in the last 10 years. The Korean war (or policing action) has killed 10,080.

We are not surprised that the wife won a slogan contest. But what did amaze us was that she said anything In 25 words or less.

No, Minerva, a naturalist isn't a guy who rolls nothing but sevens.

If women's physical charm are their best weapons in the battle of love, then they will never be charged with carrying concealed weapons.

Chances are he's a doctor if he still has his tonsils and appendix.

If hair restorers are so good, it looks like the druggists would give 'em away for the comb and brush business that would develop.

Some of the imported cheese we've seen lately smells like it was deported.

Michigan Family Becomes Millionth Owner of Bell Telephone System

The Brady Dentons of 520 W. Bristol St., Saginaw, become the millionth stockholder In the Bell Telephone System. Pictured from left to right are Brady Denton, Jr., 6 years old; Mr. Denton, holding Bobby, who is 4 months old; Johnny, age 3, and Mrs. Denton.

Business history has been made in Michigan. A Saginaw family has become the millionth owner of the most widely owned business in the world—the American Telephone and Telegraph Company.

No other company has even half as many owners. The Bell System is owned by stockholders in 19,000 communities . . . in every state, in cities, in towns, on farms, people in all walks of life sharing the same faith in the strength and integrity of American business.

The savings of these million stockholders have improved and expanded the Bell System's service to the nation—made it the best telephone service in the world. And that's especially important today. Good telephone service is a valuable asset in peacetime . . . but vital in time of national emergency.

We're proud to welcome our new owner, the Dentons of Saginaw. And we're especially proud that this historic milestone has been reached in our state.

May 7, 1951

The Common Council of the City of Charlevoix met on the above date with Mayor John Knight presiding.

Aldermen present: Zeitler, Bellinger, Gebeau, Hamilton and Heering, Absent: Kohler.

The minutes of the previous meeting were read and approved.

Moved by Alderman Zeitler and seconded by Alderman Bellinger that the City of Charlevoix reimburse the MacIntosh Bakery in the amount of $30.00 for loss of products due to power failure on the morning of April 27, 1951.

Motion carried by the following Yea and Nay vote: Yeas: Gebeau, Zeitler, Bellinger, Hamilton, and Heering, Nays: None. Absent: Kohler.

Enter Alderman Kohler.

Moved by Alderman Heering and seconded by Alderman Zeitler that the City extend it's light line to the properties of F. W. Young and John Schroeder at Pine Point.

Motion carried by the following Yea and Nay vote. Yeas: Kohler, Zeitler, Bellinger, Gebeau, Hamilton, and Heering. Nays: None, Absent: None.

The Paul-Reed Company resolution was offered by Alderman Gebeau and supported by Alderman Bellinger.

Adopted by the following Yea and Nay vote. Yeas: Kohler, Zeitler, Bellinger, Gebeau, Hamilton, and Heering. Nays: None. Absent: None.

Moved by Alderman Hamilton and seconded by Alderman Heering that the City Street Commissioner repair streets of the Belvedere Club; the same to be paid for by the Belvedere Club. Motion carried by the following Yea and Nay vote. Yeas: Kohler, Zeitler, Bellinger, Gebeau, Hamilton, and Heering. Nays: None, Absent: None.

Alderman Kohler offered the following resolution supported by Alderman Heering.

Inasmuch as the City of Charlevoix is an Incorporated City and whereas the Michigan State Highway Department having erected "Village" Limit signs at both the North and South entrances to the City, therefore be it resolved that the City Comptroller be instructed to notify the State Highway Department of their error and ask that "City Limit" signs be erected in place of the present signs. Adopted by the following Yea and Nay vote. Yeas: Kohler, Zeitler, Bellinger, Gebeau, Hamilton, and Heering. Nays: None. Absent: None.

Moved by Alderman Kohler and seconded by Alderman Gebeau that the City of Charlevoix ask for bids on Police Patrol Car according to specifications on file in the office of Police Superinendent. All bids to be filed by 8:00 P.M. of June 4, 1951. The City reserves the right to accept or reject any or all bids.

Motion carried by the following Yea and Nay vote. Yeas: Kohler, Zeitler, Bellinger, Gebeau, Hamilton, and Heering. Nays: None, Absent: None.

The finance committee having examined bills totaling $8,685.66 find them correct and recommend they be allowed. Moved by Alderman Hamilton and seconded by Alderman Zeitler that the bills be allowed and orders drawn for their amounts. Motion carried by the following Yea and Nay vote. Yeas: Kohler, Zeitler, Bellinger, Gebeau, Hamilton, and Heering. Nays: None, Absent: None.

Comprehensive Personal Liability

Joe Poorman, a resident of the Overflow Apartments recently permitted us to put a CPL Endorsement on his auto policy for $8.00. Finding a three-room apartment a bit crowded for a wife, the baby, and his young Hopeful, age six, he used the hallway to store Hopeful's bicycle and scooter. Mr. Unfriendly Neighbor falls over the bicycle, breaks an arm and smashes a new $125.00 wrist watch. He threatens to sue Mr. Poorman who in turn calls us to see if he is covered.

The Answer Is - Yes

Under the definition, premises means "all premises where the insured or his spouse maintains a residence and includes private approches for use in connection with said residence.

THE PREMIUM WITHOUT OTHER COVERAGE IS $10.00 for this CPL Policy.

Charlevoix County Farm News

4-H Group Plan Home Talent Show July 15

A group of people interested in 4-H group work met last week at a dinner meeting sponsored by the U. S. Tire and Rubber Company for the purpose of discussing a new 4-H project, the 4-H Home Talent Fun Festival. Six 4-H leaders from Charlevoix met with the group at the Perry Hotel at Petoskey.

They were Mrs. Henry Erber of Boyne City, Mrs. Bebee, Mrs. Warner, Mrs. Parsons of Charlevoix, Mrs. Nasson and Mrs. Liskum of East Jordan. Also in attendance were five leaders from Emmet County, Bob Lincoln, county agricultural agent of Emmet County, Ed Rebman, county agricultural agent of Charlevoix County, K. C. Festerling, district 4-H club agent, Miss Emma Fero, home demonstration agent, Mollie Vasold, assistant state 4-H club leader, John Perry of the Perry Oil Company and Harry Irwin of the U. S. Tire and Rubber Company.

The meeting started with a very nice ham dinner furnished by the U. S. Tire and Rubber Company. Following this the movie "Share the Fun" which was made including the acts put on by the state winners during 1950 was shown. Discussion then followed regarding the project.

The project is being tried this year in 35 counties in the State of Michigan. If it is successful it will be used in other states. Charlevoix and Emmet counties are two of these counties. The projects requires that the individual boy or girl be a 4-H club member. Any acts or program of not more than five minutes may be used there may be from one to nine 4-H members in the show.

Mrs. Sadie Liskum, Mrs. Henry Erber, and Mrs. Floyd McCracken and K. C. Festerling are the committee to work out details for Charlevoix County. All members and leaders will receive in the near future, rules and regulations regarding this contest.

The county contest will be held by July 15 at which time the county winners will compete at Gaylord at the district show. The district winners will go to the state show at East Lansing for the state contest. The state winners will receive an all expense paid trip to Chicago for national competition.

George Whaling Is Thankful

Neighbors, Friends Join in Farm Work Bee

Polaroid One-Minute Photo

Things looked pretty black for George Whaling member of the Veterans Institute farm program here, after he was injured last week when his tractor tipped over and pinned him underneath.

He was fortunate to escape serious injuries. But in the meantime, the accident came at a time when he had all of his field work to do on the 80-acre farm he is renting in Marion township.

But George failed to take into consideration that his neighbors and other friends would be thinking about him.

• • •

THE RESULT of their thoughts was translated into an oldtime "working bee". And what a bee it was.

The bee was the original idea of Floyd Black and Verne McGhan. But the others were quick to volunteer their equipment and efforts to help Whaling get his work done.

Here's what was accomplished Friday:

Completely plowed and fitted 28 acres of ground on the Whaling farm.

Seventeen acres of oats were planted after the oatfield was field cultivated and disked before plowing. All of it was harrowed and part of the field was cultipacked before planting and all of it was cultipacked after the oats were drilled.

The eight-acre field of corn was covered with manure, field cultivated, plowed and harrowed.

At one time during the day there were 16 tractors in the field. It was estimated that it would cost more than $4,000 for Whaling to have hired the men and their equipment. Now Whaling's spring planting troubles are almost non-existent. What looked like a black cloud was changed overnight by the spirit of friends and neighbors.

• • •

WHALING suffered the injuries early last week when his tractor turned over on a steep hill. He was pinned under the tractor for some time before his cries were heard by Franklin Cellner who was working at the Jay Adams farm.

The tractor had to be propped up with stones and fence posts while he was dug out by hand. The tractor stopped running a few minutes after the mishap, thus avoiding possible fire.

Among those who took part was Howard Stephens, J. I. Case dealer, who brought several units to help out Whaling.

Others taking part in the work bee were Floyd Black, Verne McGhan, Bud Mosseau, Bob Mosseau, Lloyd Cummings, Joe Martinchek, Franklin Cellner, Bob Straw, Rawley Williams, Jason Van Zandt, Jim and Leonard Rayman, E. Himebaugh, Wilbur Himebaugh, Edwin Zeitler, Norbert Nachazel, Hazen Giar, Pat Curtis, Dick Wright, Albert Elliott and Ellsworth Besemer, instructor in the Veterans Institute.

Draft Board Has Authority for Farm Deferment

Many inquiries have been received by E. L. Anthony, dean of the school of agriculture at Michigan State College, regarding agricultural occupational deferments in the present draft for the military effort. Dean Anthony, who is a member of the Michigan Defense Production Council, says local draft boards have complete authority in connection with these deferments.

It is the dean's understanding that county mobilization committees have been advised to keep local draft boards informed on the need for farm boys in their areas. As head of the county mobilization committee, the PMA chairman is the man who can act. He can recommend, according to reports from Washington, that a person will be of more value to the nation in the production of food than in the armed forces, if such is his opinion.

Dean Anthony reported that farmers had lost much of their good "know-how" hired help to industrial plants. The only help they can depend upon are farm-reared young men who are already on farms.

The dean cited a report in the Michigan Farmer, state farm publication, that 1,523 men in Michigan had been given II-C deferments (Agricultural) as of January 31, 1951.

ORCHARD NOTES

By Claude Fairman

We had a little frost Saturday night May 12, sweet cherries were in bloom. However, sweets are tougher and sours were not out. This still leaves us with a complete crop of peaches and all fruits.

Sour cherries farther east and farther from Lake Michigan are in bloom now. The Lake holds them back. Sour cherries are more tender than other fruits when in bloom.

I have taken the supervision of a Montmorency cherry orchard planted this spring in my neighborhood. Now the main thing is not to let these trees get stunted as when they once get stunted they will never come on as well or produce as much.

They were planted when it was moist. The soil will be finely pulverized six foot wide around the trees using a cultipacker to firm the soil in order to hold more moisture.

They will be hand hoed in May and June. In fact we will work the land for the trees.

We left a few small limbs on these trees when we planted them. They were starks well rooted trees. These few limbs will help us form the scaffold branches next spring and prevent us from having a tree too high in the air.

As these trees will grow fast their new limbs will be right hence maqing our present limbs the best to select. Also keep them from being too pointed or like a Christmas tree.

We will also let some of the side branches out grow the leader in order to make more of a spreading tree. Some times called flat backs.

There is one draw back to the soil that we will have to correct with earth worms. The soil is a little heavy with clay. Commercial fertilizer kills the angle worms. Manure grows the tree too late in fall. On account of fresh planting O.K. this year.

Next year we will apply the manure and worms early and cut out cultivating early in order to let the trees ripen hard for winter.

Awnings

American home owners prefer canvas awnings 8 to 1 over all other types, according to a survey recently conducted by a leading national home improvement magazine.

put the B on rising costs

If you're looking for a way to hold the line against increasing power and labor costs, look closely at the Allis-Chalmers Model B.

This may be the year to add a second tractor on your farm. With two tractors, you can double up on rush field jobs or keep one tractor in the field while the other is hauling and doing odd jobs. The B will mechanize many chores at low cost — give you more time in the field.

The Model B is recognized as the standard of economy . . . a down-to-earth tractor at a down-to-earth price. Can it help you cut costs this year? It's an idea worth thinking over. Stop in and talk to us.

From where I sit ... *by* Joe Marsh

"One For The Book"

Miss Reynolds, our town librarian, really put a smart-aleck motorist in his place last week — right in center of town, corner of Main and Walnut.

Her car stalled, tying up traffic. Most drivers just waited quietly — realizing she couldn't help it — but one fellow kept blaring away on his horn.

So Miss Reynolds gets out of her car, walks over and says sweetly, "I'm afraid I can't start my engine. If you'd like to try I'll stay here and lean on that horn for you." That stopped him!

From where I sit, a lot of us are sometimes a little overeager to "sound off" before we really understand what it's all about. Let's try to see the other fellow's side in whatever he does — how he votes, what he thinks, whether his preference is for a glass of beer or buttermilk — rather than simply blast out anyone who "gets in the way" of our ideas in these matters.

Joe Marsh

Copyright, 1951, United States Brewers Foundation

To Protect Forests Against Bad Use

Lansing—Licensing of foresters to protect the public against incompetent service in timber land management was given top consideration at the spring Manistee meeting of the lower Michigan chapter of the Society of American Foresters.

This chapter of the central states section, the conservation department reports, will make further study of a proposal calling for a statute which would make it mandatory to have a license to practice forestry.

The organization set up recommended cutting practice standards for various forest types in the southern third of the state. Stressed was the importance of cutting individual trees and small groups of trees, first priority cutting of harvest and cull trees, and retention of mature or storage trees when needed to prevent excessive openings in a stand. Further details will be worked out at the fall meeting.

"Must be something to it"
EVERYONE TALKS ABOUT THE
Ford
TRACTOR

All over America, on big farms and little farms, it's proving itself "The Year 'Round Tractor". . . winning fame for all 'round performance, all 'round the farm, all year 'round.

You'll respect the Ford Tractor for the way it buckles down to heavy jobs of plowing or discing. You'll like it, and Dearborn Equipment, too, for the way you can do such jobs as scraping, leveling, loading, ditching, terracing, excavating, digging post holes or sawing wood. Most Dearborn implements lift or lower at a touch on the Ford Hydraulic Touch Control. Ask for a demonstration.

HOLD ON!
First see what GMC's got!

WHETHER you need a pickup model or a tonnage rig — a GMC's *the best buy you can make in trucks today for the long pull ahead.* Here's truck-built horsepower — solidly engineered to give you more "go" when you need it — and a GMC's got what it takes to go with it!

A broad-shouldered frame to put *heft* to the load — longer "pillow-action" springs to protect it. Smooth Synchro-Mesh Transmission of power — and real truck-sized brakes (extra wide) to control it. And more.

From the Weathersealed comfort of the "Six-Footer Cab" to such extra-value features as these — Tocco-Hardened Crankshaft, full-pressure lubrication and recirculating ball-bearing action for steering ease — *a GMC is built for keeps!*

As your GMC dealer, we can help you select exactly the right truck for your hauling needs — from ½ to 20 tons — with a combination of axle, engine, transmission and frame *that will haul the pay load years longer for less.*

NEW faster service anywhere in the U. S.
Exclusive rapid road service for GMC owners — call Western Union by number, ask for "Operator 25." She'll supply the name of the GMC approved service dealer nearest to you, anywhere, anytime.

Turkey Growers In County Set To Boost Output

Growers in Charlevoix County expect to increase their turkey flocks for 1951 according to Ed Rebman, county agricultural agent. Bill Aho, turkey specialist of Michigan State College, discussed some suggestions for 1951. Among these he said to get disease free poults and go get them yourself.

Feed early and don't over crowd was another suggestion. Bill Aho also stated that plenty of equipment, early roosting and sanitation are essential in the success of turkey growing. Feed makes up about 73 percent of the cost of raising turkeys and poults make up about 15 percent of the cost of raising turkeys.

The balance of the cost is divided between labor, range, buildings and equipment and diseases. Howard Dunne from the pathology department of Michigan State college discussed turkey disease and mainly orysipelas. Several cases have been found during 1950 and it is possible more may be discovered during 1951.

One reason why this disease is so important is that humans can contact it very readily. Fortunately there is one easy cure and that is the use of Penicillian. Prevention will not work on this disease but this drug will.

Denny Clanahan, from the farm crops department, discussed the use of range in turkeys. He mentioned out in Oregon, they were using dwarf sun flower as a sort of range, shade and feed for the turkeys. Four or five acres of this dwarf sun flower would handle about 100 turkeys. Sun flower seeds are also high in production which would cut down the cost of some of the other grains.

Aaron Brock Buys Registered Bull

Aaron Brock, Charlevoix, recently acquired a registered Holstein-Friesian bull from the herd of M. J. MacIntosh and Co., Traverse City.

Change of ownership for this animal, Long Lake Creamelle Jake, has been officially recorded by the Holstein-Friesian Association of America. The Association issued 21,070 registry and transfer certificates to Michigan breeders during 1950.

Michigan Farm Product Prices and Ratios

2 Pounds of feed ration equal in value to one pound of milk, butterfat, chicken, or one dozen eggs, and bushels of corn equal to 100 pounds of hog.—Department of Agricultural Economics, Michigan State College.

Forest Crop Is Important To Most Farms

The fact that the forest crop is not always harvested every year does not mean it isn't important.

The average farm in northwestern Michigan has more acres in woods then tillable land. In many cases the general farm crops are handled carefully and successfully while the forest crop is ruined or ignored. The reason for this seems to be the lack of interest in, the understanding of the possibilities of the woodland by the average farmer.

In Charlevoix county there is much land being used as pasture or left idle that would do a better job growing forest products. When a farmer overlooks these acres he is passing up a chance for a money making crop.

There seems to be a good market for forest production in the area and all indications are that both the market and price will hold steady or improve.

Now we will assume that a farmer has some trees on his place and some bare land that is not much good except for growing trees. What should he do to make the most money from these acres?

THE FIRST THING to do is take an inventory of the trees and site to see what you have to work with. Then decide what program is best to follow. Keep in mind what you already have and what your site is best adapted for. For instance if you have an old stand of poplar you had better figure that stand for pulp rather than a sugar bush.

After you know what you have and where you are going to start your program by getting rid of the undersirable species. If you are going to have a sugar bush get rid of the elm, beech, etc. If you are growing a stand for lumber cut out the diseased crowded, and cracked trees and leave only those that will make good timber.

You may have timber that is ripe and should be harvested. When a tree reaches a certain size it almost quits growing and usually from then on deteriorates in quality.

The bare land should be planted to trees. Both M.S.C. and the state department of conservation furnish trees at cost and the P.M.A. makes farm payments for reforestation.

After you get a program established you can cull your wood lands from time to time as you do your farm animals. Remove the unproductive and harvest that which is ready for market.

The best returns from farm wood lands in this area can be made from the sugar bush, ripe timber, christmas trees, pulp wood, posts and cabin poles.

Take inventory of your wood lands and see if you are overlooking a paying crop.

Spring Is Time For Aiding Lawn

If you want that lawn to do it's best during the coming growing season this is the time to go to work. Here are recommendations from Jim Tyson of the Michigan State college department of soil science.

Perhaps some of you have already given your lawn it's spring "feeding" with fertilizer. There's nothing more important to the lawn than this "feeding". The grade of fertilizer recommended for Michigan is 10-6-4, meaning it contains 10 percent nitrogen, six percent phosphoric acid, and four percent potash. Broadcast this carefully at the rate of **one pound per 100 square feet.** If you aren't able to get the 10-6-4 fertilizer, you can use one of the general purpose mixes which contain four to five percent nitrogen, such as 5-10-5 or 4-12-4. However, since these are lower in nitrogen, increase the application rate. For the 5-10-5 it should be double, or 2 pounds per 100 square feet. For the 4-12-4, make it 2½ pounds per 100 square feet.

Don't make the mistake of applying lime to your lawn. The reason is that even if the soil is acid before the lawn is started, there is so much lime in Michigan water that every time you water the lawn you apply lime to the soil. You just waste your time applying lime any other way according to Ed Rebman, county agent, most soils in this county don't need lime.

The first warm day that finds the soil moist and workable is the time to rake off the accumulation of rubbish and dead grass. Then roll it once with a heavy roller. After you've done this relax for a couple of weeks and just let the lawn grow. Don't try to start mowing it too soon.

Milk Output Drops

Milk production in the Detroit area continues to run behind last year's figures with an increasing number of shippers dropping out of the market, according to a statement just issued by Howard F. Simmons, secretary-manager of the Michigan Milk Producers Association.

Season Is Here To Start Fight Against Flies

Begin work now if you want a fly-free summer, the Michigan Department of Health advised today.

Cleaning up your grounds to eliminate fly-breeding and fly-feeding places is the most important step in fly control. The fly buzzing around your house right now can breed septillions by July. While a fly can travel ten miles, the majority of those which threaten your health and harass you are born on your own grounds or in your own block.

Clean up your garbage can and the area surrounding it. Make sure it is kept tightly covered. Remove trash heaps and wash all empty tin cans and jars before you dispose of them. Remove all rotting vegetable, fruit and animal matter, piles of decaying leaves or grass and animal excreta. Clean up the barns, pet shelter, chicken house and pig pen, giving attention to feeding areas and to the removal of all manure. Make sure the privy pit is deep, dark and tight.

Repair and put up your screens now. Screen tightly all buildings in which humans live or in which food or milk is prepared or stored.

Largest Hailstone

According to the U. S. weather bureau, the largest recorded hailstone was one that fell at Potter, Nebraska, on July 6, 1928. Its weight, measured immediately after falling, was 1-½ pounds.

182 Children in District Given Aid at Clinic

Dr. A F. Litzenburger, director of the health department serving Antrim, Charlevoix, Emmit, and Otsego Counties, reports that 182 children from the district received service at the Central Michigan Children's Clinic at Traverse City, operated by the Children's Fund of Michigan, and nine other children received treatment at the Child Guidance Center there.

Under its Program for the Correction of Visual Defects, the Childen's Fund provided glasses for 108 children in the four counties.

Dr. C. O. Whitten, Children's Fund dentist, gave dental service to 1,839 children, who made 2,313 visits to the clinic. 2,038 teeth were extracted, 3,406 fillings inserted, and 3,825 other operations performed.

In addition to the regular dental program, a special Sodium Fluoride Application Program, with Miss Cora Jean Dunn, dental hygienist, in charge, was inaugurated in November, 1050. Five hundred and fifty-four children made 1,898 visits to that clinic, where they received 554 prophylaxes and 1,898 sodium fluoride treatments.

During the summer of 1950, a Sodium Fluoride Application Program was conducted at Petoskey. In that program 405 children received 405 prophylaxes and 1,408 sodium fluoride treatments.

Modern Forum Names Officers for Year

Mr. and Mrs. Russell Dohm, entertained at their home, Monday evening, May 14, the "Modern Forum Sunday School class of the First Methodist church.

Seventeen members were present.

Mr. Russell Dohm, president, conducted a brief business meeting. The following officers were elected for the coming year:

Mr. Donald Bogart, president; Howard North, vice president; Mrs. C. O. Whitten, secretary; Randall Crump, treasurer.

Rev. Whitten, gave a short talk, closing the meeting with prayer, after which the group enjoyed a weenier roast.

DeWitt Peters Heads Band Parents Group

DeWitt Peters was elected president of the Band Parents Association at a recent meeting of the organization. He succeeds Mrs. Joseph Smith in the office.

Other officers named were vice president, Mrs. Gerald Left; secretary, Mrs. Charles Bleha; treasurer, Mrs. Robert Miles.

The organization is composed of the parents of the band members. They assisted band director, C. A. Odmark, in arranging money making projects and other details which concern the band.

Local Group Hears Inspiring Talk at Banquet

Mrs. John Batdorf of Midland was the speaker at the annual Mother-Daughter banquet Friday evening at the Community Church of God Fellowship hall. More than 130 members and their guests heard her give an inspiring talk on the subject "In Tunes like These" in which she said "Everyone has a mission in this world and we were born to troubled times such as we know today for a reason."

She went on to say "It is our duty to find our mission and to carry it out to the best of our ability. We are here to right the wrongs of the world and everyone should recognize his responsibility and accept it."

"All humanity if sacred, she continued, and it is for everyone to realize that and do unto others, regardless of their color, creed or beliefs, as we would have them do unto us."

Mrs. Arthur Wexstaff was toastmistress and introduced Mrs. Ingma Pontious who gave the toast to the daughters, DeeAnn Geneit who gave the toast to the mothers, Joyce Butler and Marylee Baker who read appropriate poems, a trio composed of Luanne Bambach, Pat and Joyce Murray which sang two selections. The entire group sang several songs accompanied by Joyce Fiedler at the piano. Mrs. W. D. Wood gave the invocation at the opening of the dinner.

Guests were present from Boyne City and Petoskey. The men of the church served the dinner.

Mrs. Mills Honored At Baby Shower

Mrs. Don Mills was guest of honor at a pink and blue shower given Friday evening at the home of Mrs. Bud Fisher. Guests were Michigan Bell Telephone operators. Mrs. Flossie Bullock and Mrs. Emerald Howe of the business office and Donna Rose of Ann Arbor.

Canasta games were played during the evening after which Mrs. Mills was presented with many lovely gifts. Refreshments were served late in the evening.

METHODIST CHURCH

411 Antrim St. Telephone 812-R

Community to Pay Tribute to Dead Memorial Day

Memorial Day will be observed in a traditional manner as the residents of the Charlevoix area gather at the Brookside cemetery for a program Wednesday morning.

The program will be preceded by a parade from Park ave. to the cemetery. Enroute the sailor dead will be honored and wreaths placed at the memorials honoring those who gave their lives in both world wars.

The Rev. George E. Whitten will speak at the annual program at Brookside cemetery.

The Charlevoix high school band directed by C. A. Odmark will open the program with "America"; Rev. Jackson E. Turner will give the invocation. Following Rev. Whitten's address a wreath will he placed at the memorial; a salute will be fired; taps sounded and the band will conclude the program with the playing of the Star Spangled Banner. Fenton R. Bulow will be master of ceremonies.

The parade which will precede the program will form at Park ave. at 9:45 and start at 10 a.m.

Floyd Black will be marshall. The order of march will be: colors and color guard in charge of Carlton Smith; firing squad in charge of Clarence Goldstick; Coast Guard; American Legion and Veterans of Foreign Wars; Auxiliaries of both service organizations; Charlevoix high school band; Boy Scouts; Girl Scouts; school children in busses; school children on decorated bicycles.

Preceding the parade a wreath will be placed at memorial Bridge which honors those who lost their lives in World War II.

The parade will halt briefly at Memorial park where flowers will be strewn on the water of Round Lake in honor of the sailor dead. A salute will be fired, taps sounded and a prayer said by Rev. L. L. Lewis. A wreath will be placed at Memorial Park in honor of those who gave their lives in World War I and the parade will continue to Brookside cemetary.

All veterans are urged to participate in the parade whether or not they are members of veteran's organization.

• • •

ON SUNDAY, May 27, members of the American Legion, the Veterans of Foreign Wars and their auxiliaries will attend the Methodist church in a body. All veterans are invited to attend.

The program and parade are being planned by a committee of Lester Smith, Don Meggison and Rex Davis of the American Legion and Clarence Goldstick, Sam King, Paul Kullander and Keith Wagner of the V.F.W.

VFW Women Sell Poppies This Saturday

Plans are being formulated for the 30th annual nationwide sale of Buddy Poppies by the Veterans of Foreign Wars, and the date of May 26 has been fixed for the distribution of these familiar flowers.

As in previous years, these symbols of the fields of Flanders will be sold by a group of volunteer young girls and women, assisted by members of the Ladies Auxiliary to Post 1153.

"Most of the money that we collect in this sale will remain right here in our own community, to help finance the relief and welfare work which we have undertaken in behalf of our own veterans in need, and their dependents."

Returns to Base

Don Mort has returned to the U.S.N.T.C., Great Lakes, Ill., after spending a leave with his parents, Mr. and Mrs. A. C Mort.

Final Week For Check-up For Safety

Does your car have on OK sticker?

If not you still have the rest of this week to have your brakes and lights checked at local garages as the two-week traffic safety drive comes to a close. Garages report that a large number of cars have been checked since the drive opened May 14.

Police are expected to check cars for OK stickers after the drive is concluded. Defective brakes and poor lights may result in a traffic fine.

"Don't bank on chance. Check the condition of your car regularly and have a safety balance for the rest of your life."

This advice was offered today by the State Safety Commission in connection with the Charlevoix Safety Drive.

"Every time a motorist neglects an unsafe condition in his car," said Chief Heise, "he is making a deposit with death. And the final accounting may come much sooner than he expects.

"Saving money is a good habit—but saving a life, perhaps your own, is much more important. Proper maintenance of your car can be a lifesaving investment." Chief Heise said. "Yet, on a purely financial basis, the cost of traffic accidents in 1949 alone is estimated at more than three billion dollars, and in about eight percent of these accidents, unsafe car conditions were reported, according to the National Safety Council.

"This means that about 250 million dollars of this cost might have been avoided if all cars had been kept in safe mechanical condition.

"The millions of dollars involved are only a small part of the loss. The 35,000 lives lost in 1950 can never be replaced from saving. But safety can save lives that need never be spent.

"Correcting unsafe conditions in cars may return a dividend of as much as ten per cent in this life saving program. That's certainly a good investment for a few dollars spent in automobile repairs."

Return Home

Mrs. James Parsons has returned to her home on Belvedere ave. after spending the winter months in Detroit and Alma.

Beaver Island Graduates

Photo by Margaret Hanley

The 1951 graduating class of the St. James high school on Beaver Island is probably one of the smallest classes in the north for it boasts of only two members. Marguerite Connaghan (right) and Sally Cull.

Marguarite, daughter of Mr. and Mrs. Hugh Connaghan, is honor student and president of the class. Sally, daughter of Mr. and Mrs. Mike Cull, is secretary-treasurer.

Commencement exercises for the class will be held at St. James, May 28.

School Planning Committee Meet Called Tonight

A meeting of the representatives from all local organizations which were appointed last year to represent their respective groups on a planning committee for a new school has been called by Supt. Roy G. Bennett.

The meeting will be held at the high school building Thursday evening and every group is asked to make sure it is represented.

Annual Meguzee Meeting Held At Mancelona

The fifty-seventh annual meeting of the Meguzee was held in Mancelona Wednesday and Thursday with a large delegation from Charlevoix attending.

Mrs. Harry Ladd attended as a delegate and Mrs. L. E. Barker, Mrs. Glenn Ingalls and Mrs. James Goodfellow presented the flags and Mrs. Alfred Gill Jr. gave a reading on the flags.

Mrs. Charles Bellinger and Mrs. Frank Courier attended the business session Thursday.

Mrs. E. E. Wade of East Jordan is the new president. Charlevoix has no line officers at this time. Mrs. Leonard Burns was named organist for the next meeting.

Among the others who attended were Mrs. Ronald Abfalter, Mrs. Russell Curtis, Mrs. A. C. Mort, Mrs. S. O. Sorensen, Mrs. Herbert Fox, Mrs. Floyd Ikens, Mrs. Albert Cook, Mrs. Harry Walstad, Mrs. Lawrence Korth, Mrs. Irwin Belfy, sr., Mrs. Louis Mosier and Mrs. Earl Miller.

People who are out for all they can get are soon in for it.

Beaver Isle Hotel Owner Succumbs To Heart Attack

H. B. 'Jack' Johnston, 57, of Ludington, who was owner of Beaver lodge under construction on Beaver Island, died Friday at Munson hospital, Traverse City. He had suffered a heart attack Thursday at Beaver Island and was flown from the island to the Traverse City hospital by a U.S.C.G. patrol plane.

Funeral services were held at the Butler-Morrison funeral home in Ludington Wednesday with burial in the Lakeview cemetery.

Mr. Johnston, who had gone to Beaver Island last summer to build Beaver Lodge, was planning to open the new hotel in June.

He was a druggist by profession and owned drug stores in Ludington, Pentwater, Mt. Pleasant and Bannister and a vegetable dehydrating plant at Port Huron.

He had been associated with drug stores since he was 14 and graduated from Ferris Institute school of pharmacy at the age of 17 years.

Surviving are his wife, Evelyn; five sons, Eugene A. of Port Huron, William G. of Del Paso Heights, Calif., Robert E. of Gaylord, Richard L. and Arthur G. of East Lansing and a daughter, Mrs. Dudley Pease of Ludington.

Beaver Island has been saddened by the news of his death for the Island has suffered a great loss. He had many plans for the Island and even though they may be carried out, his inspiring personality will be missing from the place he had learned to love. The residents of Beaver Island extend their sympathy to Mrs. Johnston and his family.

Attending the services were Vernon LaFreniere, Earl Boyle, Mrs. Nora Gallagher, Mr. and Mrs. Larry Davison and James Elms.

Visit to Hospital Reveals Crowded Conditions

Editor's Note: This is the first in a series of comprehensive news articles concerning the present hospital and its facilities. It is our belief that not enough people in the area realize true conditions at the hospital which today is not able to offer better facilities because of antiquated building and cramped quarters. The need for a new hospital is a growing one which is becoming more acute.

The Charlevoix hospital is bursting at the seams.

A quick glance at the crowded conditions will serve to emphasize that view the next time you enter. Ask the patients themselves or their relatives and you really are told with no uncertain gestures how crowded the hospital is.

First of all the hospital was arranged to accommodate some 20 patients at a peak load. Now it runs nerly twice that many. You ask how can it be done. Well, it has meant putting more beds into each room, using every niche and corner. And on numerous occasions, there have been patients in the halls.

• • •

SINCE 1947, the annual patient load has jumped from 601 to 1126 last year. The chief reason for the increase is the hospitalization insurance. Records show that 85 percent of the patients admitted to the local hospital have health insurance.

And this percentage is expected to increase as more and more persons enroll in voluntary health insurance plans. One of the primary attractions for new industry is adequate hospital care. Shortly there will come a time when the present hospital says no to admitting more patients.

Let's pay a visit to a patient at the hospital. In this way we can observe actual conditions.

The first thing we see is a tiny office, one in which no more than two people can stand. It's so small that a second desk and typewriter must be kept in the hall. Typing noise and visitors annoy three patients across the hall as you enter the building. There was a day when this was used as a combined sitting and waiting room. As we peer into the front room, we see two patients who are seriously ill. We are told that they require private or at least semi-private. But

(Continued on Page 8)

To Stage Parade On Voting Day For New School

Plans are being formulated by a school advisory committee to acquaint school district voters with the facts of the proposed new high school building before the special election June 14.

At that time taxpayers in Charlevoix school district, composed of the city of Charlevoix, Charlevoix township, parts of Marion, Norwood and part of Banks township in Antrim county, will vote on the proposal for the new school.

The building, estimated to cost $650,000 will be constructed on the present school site. Some additional property on Mason and Clinton would be purchased.

The school board, headed by Bonnie Nickerson, indicated it will require about 12 mills for 14 years if the interest rate is three per cent. It is believed that financing can be obtained at less than three percent.

TO COMPLY with state bonding requirements, the district will be asked permission to bond for 17 mills for 20 years, even though that much is not needed or will be levied. This stipulation normally results in a lower rate of interest and the bonds are easier to market.

The voters will be asked to ballot on two proposals: the levying of the 17 mills for 20 years on which only school district taxpayers or their wives or husbands may vote.

A citizens committee which will supervise a house-to-house canvass on the school question will be conducted.

• • •

ONE OF THE highlights of the special school election day will be a parade in support of the building proposal. Mrs. Geraldine Goss is parade chairman.

Features of the parade will be the high school band, a decorated bicycle brigade, floats, banners and slogans.

In addition to the participation by school groups, local organizations are being urged to show their support for the building plan by taking part in the parade.

Prizes of $15 and $10 will be awarded for first and second place in the float competition, $5 for the best slogan, and prizes of $3, $2 and $1 for the best decorated bicycles.

Individuals or groups wishing to enter competition in the three prize-winning classes are asked to call Mrs. Goss at 51-J or 833.

Improve Airport At Beaver Island

Beaver Island—A joint meeting of the Beaver Island airport committee, St. James and Peaine township committees was held Tuesday evening.

Tracy Southworth, state airport inspector, addressed the assembly regarding improvements of the airport which is becoming more and more important to the island.

The island's airport, located five miles out from the village has two runways, one 3500 feet in length and 500 ft. in width and the other 2500 feet in length and 500 ft. in width. Upon Mr. Southworth's suggestion, the airport's approach to the runways have been cleared of underbrush and other obsticles. A hundred foot strip in the center of each runway has been plowed, rolled floated and re-seeded with grass to insure better landing grounds. A steel tower for the wind sock has been erected. Recently, a telephone line has been strung from the airport to the village.

Members of the Beaver Island airport committee are Lloyd McDonaugh, chairman, Frank Nackerman, Jewell Gillespie, Anthony Greene and Frank O'Donnell. Vernon LaFreniere, a veteran of the airport committee, recently resigned.

Sportsmen's Club Meet

The Sportsmen's club will hold its annual smelt supper Thursday evening at the Ellsworth Community Hall. Speaker for the evening will be Dr. Borne of Petoskey who will also show pictures of his Alaska hunting trip.

* * *

Expenses to Provide For Petoskey Avenue Sewer, Dock Projects

A tentative budget for city expenditures for the next year, totaling $109,425 was adopted by the city council Monday night.

The new budget is nearly $22,000 larger than this year's City Comptroller Don Swinton told the council. Departmental budgets were increased by about 10 percent, but it was conceded that some of the increase would not be used.

The budget provides $5,000 for the Petoskey avenue sewer project, $4,000 for street construction. There was no expenditure for either of these items this year. A sum of $7,000 was allocated for dock improvement, an increase of nearly $3,000.

Anticipated revenue for the next year was estimated at $104,015, or nearly $15,000 more than this year's total of $80,752.64. Most of the increase is expected to result from increased taxes and penalties. A total of $57,000 is expected from these sources as compared with $47,771 this year.

City hourly workers were voted an increase of 4½ cents per hour by the council Monday night. This increase brings the lowest wage earner to $1 per hour, the council was told. The wage boost was effective May 21.

Alderman Charles Bellinger offered a motion to accept Lake Construction Co., bid of $2,867 for repairing the Mason street dock. It was adopted.

Authorizing surveys at no cost to the city for putting fluorine into the city's water supply.

Authorizing J. C. Marshall to purchase set of chains for the water plant.

Authorizing Hal Hill, utility superintendent, to buy a new circuit for Ferry avenue.

• • •

ASKING FOR BIDS for 200,000 gallons of oil.

Heard protest from Arthur Ranger that there are at least three homes on Dixon avenue, whose sewers empty into Round lake. This was referred to Dr. Isaac Terr, health director, for action.

Rayders Send 10 Thinclads To State Meet

The Charlevoix thinclads, coached by S. E. 'Irish' Coleman, tallied a total of 71 3/5 points Saturday at the regional track and field meet at Cadillac to take the Class C crown. Reed City was second with 63 1/10 points.

Charlos Fairbanks was high point man for the meet with 18 points including firsts in the shot put, high jump and high hurdles and a third in the broad jump.

The meet qualified ten men for the state meet at the Michigan State campus this week-end. Those who will make the trip include Fairbanks, Greg Bryan, Jim Bowman, Dale Suomela, Ron Cunningham, George VerWys and Art Ranger, all seniors, and Stan Whitley and Don Vratanina, sophomores and Don Smith, a freshman.

Other members of the northern Michigan Class C league and their points were Harbor Springs, 6 1/5; Mancelone, 4; East Jordan, 0.

Scoring for Charlevoix in the meet last Saturday were: high hurdles, 1st, Fairbanks, Time: 16.2; 100 yd. dash, 1st, Bryan, Time: 10.8; Mile, 1st, Stan Whitley, 3rd, Don Smith, Time: 5 min. 8 seconds; low hurdles, 1st, Cunningham, 5th, Gerry Left, Time: 22.7; 220 yd. run, 1st, Bryan, 3rd, Bowman, Time: 24.5; shot put, 1st, Fairbanks, 2nd, Suomela, 4th, Dwight Smith, Distance: 47 ft. 5 3/4 in.; high jump, 1st, Fairbanks, 5th, Dwight Smith, Ht. 5 ft. 6 in.

440 yd. run, 2nd in his heat, Don Vratanina; 880 yd. run, George VerWys; broad jump, 2nd, Ron Cunningham; 3rd, Fairbanks; 4th, Dwight Smith; pole vault, Ted Browe tied with four other participants for fourth place.

In the relays Charlevoix copped a second and a third place. The 880 yd. relay team composed of Art Ranger, Bowman, Cunningham and Bryan won a second place and the medley relay team of Vic Gibbons, Bowman, Suomela, and Ranger won a third place.

The title marks the first time since 1948 the Rayders have won the top rating at Cadillac.

Donaldson Brings Regional Record To Ellsworth

Ellsworth — Ellsworth has its first Regional track record since 1932. In 1932 Howard Elzinga set a pole vault record of 11 ft. 1⅛ in. Last Friday, Ron Donaldson clipped 3 sec. from the regional record in the half mile run by racing the 880 yds. in 2 min 9.6 sec. The former record was set in 1941 by Merriman of Bear Lake.

His time is just 2 seconds short of the state Class D record which was set seventeen years ago.

Next Saturday Ron will go to Ann Arbor where he has an excellent chance of winning the State Championship in the Class D half mile and even of breaking the state record.

Returns to Camp

Pvt. Theodore Melin returned via air to Fort Knox, Ky., Tuesday after spending a five-day leave with his parents, Mr. and Mrs. Fred Melin.

Legion Poppy Day Set for May 25-26

The American Legion Auxiliary annual Poppy sale will be held Friday and Saturday it was announced Tuesday following a meeting of the organization Monday night at the home of Mrs. Charles Rhinehart.

Mrs. Lloyd Barnett, poppy chairman, announced the poppies were here and plans for the sale were being made.

The group also decided to enter a float in the special parade to be held June 14 at the time of the special school election. The parade will be a reminder to the voters to visit the polls.

The members plan to attend the special Memorial Sunday services at 11 at the Methodist church.

Sixteen members were present for the business session and the refreshments and social hour which followed. Mrs. Thomas Bacot assisted the hostess.

Coming Events

May 24—St. Mary's Rosary Altar Society will meet at school hall at 8 p.m.

May 24—Etha Nagler circle will meet with Mrs. Earl Shapton, Bridge st. at 2:30 p.m.

May 24—Isabella Thoburn circle will meet with Mrs. Rowley Williams with Mrs. George Meggison assisting at 2:30 p.m.

May 24—B.P.M. circle will meet with Mrs. Abe VerWys, Mason st., with Mrs. Emerald Chew assisting.

May 26—Norwood second annual cemetery Bee. Potluck dinner at the town hall.

May 27—Baccalaureate services for 1951 graduating class.

May 29—Commencement exercises for 1951 graduating class.

OPS Rulings Result in Puzzlement

The merchants and others in Charlevoix county and other counties in this state are more than puzzled at the efforts to fix prices under the Office of Price Stabilization.

The more we learn about this agency the more perplexed we get. A few days ago M. L. Chandross, chief of the apparel branch of the OPS spoke in Philadelphia. What he said was that because there is a "soft market for some types of goods" it's hard to fix price ceilings. It seems that when goods don't sell well then the unit cost of sales goes up for the manufacturers and that ought to be considered in price ceilings.

For the existing buyer's market it is very difficult to know where to place the ceilings. So the OPS officials are dealing in uncertainties and "operating on the basis of expectancy", as Mr. Chandross puts it.

The remarkable thing about this, of course, is that the price controllers have run up against a new kind of problem—trying to fix maximum prices when markets are soft and demand is trying to push prices down. In some cases the natural law is succeeding.

Apparently there is no thought among the price stabilizers that under a situation of this sort the thing to do is to get out of the price control business. Instead they demand that the law which allows them to carry out their business not only be continued but strengthened.

Meantime, the red tape rolls out of Washington and businessmen everywhere spend hours and hours just trying to understand it.

After they grasp what they are supposed to do and translate that into the man-weeks of work involved they throw up their hands and say: "What's the use?" They are dazed to find themselves subjected to this kind of treatment when many need to spend their time trying to attract customers.

The merchants with whom we have talked in recent weeks are doing their utmost to abide by the hundreds of details involved in the OPS regulations. Most merchants don't object greatly to the controls if they are successful in keeping prices at a fair level for all concerned.

But they do object to many of the arbitrary rulings which don't make common sense for anyone.

A Tragedy Through Hungry Eyes

Here is a mystery:

For some time United States sources have been selling grain to India at the rate of 100,000 tons a month on an ordinary commercial basis. Then it is announced that the Indian Government is obtaining 50,000 tons of wheat on a similar basis from Soviet Russia. The Russian purchase makes a profound impression in India, while the continuing American shipments are comparatively unnoticed. Why?

Several reasons can be deduced. For one, the Russian wheat, though in small amount, represents a new source of supply in relieving famine. With better financial support the United States Information Service might have managed to distribute more widely the facts about American supplies. But the eyes of Indians for months have been focused on the question whether the United States would authorize either a loan or gift of 2,000,000 tons of wheat which India desperately needs beyond what it can buy with cash.

Since early Februray that question has been before Congress. Only now are the Senate and House of Representatives beginning formally to debate compromise bills for the purpose. Though the Senate bill would provide half the grain as a grant, Prime Minister Nehru has indicated he would prefer the simpler House bill, which puts the whole transaction on a loan basis.

Even facing hunger, Indians may be sensitive to criticisms by certain congressmen of India's role in the United Nations, and believe a loan will carry fewer restrictions on its honest judgements in Asia than might a gift.

Regardless of other factors, Senator Gillette points out that "people in India are already dying of starvation," and urges that food grains "which are available and in surplus in the great American granary" be shipped to them as quickly as possible.

To do that is the best way of retrieving what good will can yet be salvaged out of a tragic episode.

ODDS 'N ENDS

By Fran Martin

Many youngsters who will start school next fall have been experiencing 'red letter' days recently . . . they've been visiting school . . . Mrs. McRae, the wonderful kindergarten teacher, invites the youngsters in for half a day so they can see what it's going to be like next fall . . . Every child we've talked to has been thrilled by all the wonderful things in store for him when he starts to see or with the idea of visiting school before the present term is up . . .

• • •

IN LESS THAN a week 55 youngsters . . . most of whom we've known since their cradle days . . . will be graduating from the Charlevoix high school . . . They're thrilled with the prospect of new worlds to conquer but we're just a little sad with the thought of their leaving . . . They're going out into a mighty unsettled world . . . and one can't help but wonder what the future will hold for them . . .

• • •

BUT FOR OUR MONEY they'll do all right for we feel they're just about the nicest bunch of kids that ever graduated from this old high school of ours . . . (Our boss says we think that about all of 'em) . . . But we're going to miss their cherry 'Hi' . . and seeing them on the street or in the drug store . . . or just seeing them around . . . We'll miss 'em on the ball field or in the cheering section . . . They say that our future lies in the hands of our youth . . . If that is true then we're not going to worry about the future . . . those kids of '51 are going to do a bit of all right in whatever they chose to do . . . We've a lot of faith in them . . . So to all of you from all of us . . . the best of everything . .

• • •

WE HAD an opportunity last week to see the movies Mrs. Frank Courier has taken over a period of years . . . Most of all we enjoyed those of the picnics Charlevoix residents have in Florida every winter . . . We swear that they do nothing but eat for they plan a party or a picnic at the drop of a suggestion of what to do . . . She also had beautiful colored films of trips she'd taken including Florida, Niagara Falls, Canada and of course some right around home . . . They're joy to see and the colors are so lovely . . .

• • •

ROBERT BRIDGE and Charles Sessions were in Detroit Saturday to watch the tug boat race on the Detroit river . . . Their main interest was in the tug, the John A. Roen, entered by Capt. John Roen now of Sturgeon Bay, Wis., but former resident here . . Their boat came in second in the race behind the Canadian tug, the Atomic . . . which won for the second year . . .

• • •

NOT LONG AGO we had a note from the Arthur Edwards . . Said note proceeded to get mislaid . . . we checked on them tho' and find they're staying on at Daytona Beach, Fla., living the life of riley, really, and aren't thinking of coming home before July at the earliest . . . Their son, Louis, who was recalled to duty with the navy is now attached to a Marine outfit at Camp LeJuene, S.C., and gets down to see them quite often.

Did you notice that one day last week the temperature remained the same for the entire 24 hour period . . . a most unusual occurence . . . We've been getting the temperatures every week for several years from the Coast Guard station and that's the first time we remember that happening . . . Of course its 42 degrees but just the same, that's really something . . .

• • •

ANOTHER Memorial Day is almost here . . . the traditional program and parade are being planned by the veterans groups in town . . . It's a day to pause and remember and the above mentioned events tend to make us stop and think of so many things . . . And at the head of the parade next week will be Floyd Black who has been the marshall of Memorial Day parades for years and years . . . It's always a pleasure to watch him on his lively horse leading the various veterans and civic groups in the march through town . . .

• • •

DID YOU NOTICE the beautiful display of athletic trophies in the window at Brown Motors . . The Charlevoix thinclads added another one to the group last Saturday . . . Stop by and take a look and you'll see why Charlevoix is creditted with being a sports town . . . they've really got something to be proud of . . Over a period of years we've had our fair share . . . And a big 'thank you' to Brown Motors for displaying them . . .

I See by the Courier . . .

• Mr. and Mrs. Robert Emrey and two sons visited last week with relatives and friends here while on a vacation trip to Michigan. They accompanied their uncle and aunt, Mr. and Mrs. King Saunders of Lansing who were here on business.

• Mrs. Mary Dixon returned home recently from Jacksonville Beach, Fla., where she spent the winter months with her son-in-law and daughter, Mr. and Mrs. William Flynn.

• Mrs. Edna Powers returned to Detroit Thursday after spending several days with her daughter, Mrs. Ethel Cooper.

• Mrs. J. F. Knowlton and Esther Cronan arrived Friday from Minneapolis, Minn., to visit the former's sister, Miss F. L. Edson, at her Pine Point cottage.

• Recent guests at the home of Mr. and Mrs. Jack Mailhot were his parents, Mr. and Mrs. Raymond Mailhot of St. Ignace who were here Friday and Mrs. Mailhot's parents, Mr. and Mrs. Arthur Nelson of Big Rapids who visited them Saturday.

• Mrs. F. E. Cartier left Friday for the east where she will visit her son and daughter-in-law, Mr. and Mrs. Harold A. Cartier and family at Dover, N. J. She will visit other relatives in Grand Rapids and Ludington next month.

• Mr. and Mrs. James Martin and two children who are now at the Green River Ranch near Mancelona, spent the week-end with relatives here. He accepted employment at the Ranch recently.

• Mr. and Mrs. Ted Jancha and sons, Teddy and Paul, spent the week-end with the former's parents, Mr. and Mrs. Stanley Jancha.

• Alden Olson, Mr. and Mrs. A. G. Young, Mrs. L. E. Stanhope and two children, Loring and Cathy, returned to Detroit Monday after spending the week-end with Mrs. Olson and son, David, and Mr. and Mrs. Earl Kroll.

• Prof. and Mrs. K. P. Brooks of Mt. Pleasant spent Sunday at the Pine Point cottage.

• Don Carey of Mason spent the week-end with his parents, Mr. and Mrs. Leo Carey. Last week-end Mr. and Mrs. Carey and daughter-in-law, Mrs. Charles Carey, spent the week-end in East Lansing and attended the spring football game.

• Mr. and Mrs. Richard Edwards and Mr. and Mrs. Russell Dohm were in Alpena Sunday to attend an IGA convention.

• Mrs. C. E. Sterritt returned home Sunday after spending three weeks in Muskegon witb her son and daughter-in-law, Mr. and Mrs. Robert Sterritt. Her grandson and grand-daughter, Mr. and Mrs. Allen Sterrit, brought her home Sunday.

• Mr. and Mrs. Norman Broderick have returned to Detroit after spending the week-end with the latter's parents, Mr. and Mrs. Fred S. Myers.

• Mr. and Mrs. W. J. Kerns have returned home after spending several months in Florida.

• Mrs. Frank Case, Sr., and sons, Frank, Jr. and Robert and the latter's son, Butch, were in Detroit Saturday night and Sunday to visit with their son and brother, Pvt. Ross Case of Fort Devens, Mass., who was in Detroit on a brief leave.

• Mrs. Gerald Chambers and son, Gerry, came Sunday from Lansing to spend two weeks with her parents, Mr. and Mrs. H. Keith Wagner and her brother-in-law and sister, Mr. and Mrs. William Lusk. On her return they will be accompanied by her brother, Henry Wagner, who will spend a week with them.

• Mr. and Mrs. Robert Miller and children, Vicki and Ricki, visited from Wednesday until Sunday in Traverse City with the former's parents, Mr. and Mrs. Paul Miller.

• Mrs. C. A. Brezee has arrived from Pontiac to care for her sister, Mrs. Ella Schraeder who has been ill at the home of her son-in-law and daughter, Mr. and Mrs. Neil Baker.

• Mrs. Florine Krahnke is spending this week in Grand Rapids where she is attending a Chevrolet accounting school.

• Thomas Golden of Grand Rapids spent the week-end with Mr. and Mrs. Harold Totten.

• James Ries is expected here from Cincinnati for the week-end.

• Henry Polderdyk and Charles Engle of Grand Rapids visited briefly with Mr. and Mrs. Leo Allard enroute to their home after spending several days at Beaver Island.

John Eccleston Speaks Vows on Newfoundland

Staff Sgt. John B. Eccleaton and Mrs. Eccleston are now residing in their apartment at Harman Airforce Base, Newfoundland, following their marriage at the Base chapel April 14.

The bride is the former Blanche Phyllis Ingram, daughter of Mr. and Mrs. Frederick Ingram of Bogeau, Newfoundland, and the bridegroom is the son of Mrs. Anna Eccleston of this city.

The Rev. Fr. Leo J. McCann officiated at the Nuptial high mass at the base chapel.

The bride, given in marriage by Capt. Thomas Caffery chose a white satin gown and a floor length veil for her wedding. She carried a white prayer book topped with white carnations.

Mrs. Caffery, gowned in yellow satin and a matching headdress was matron of honor. She carried a bouquet of yellow carnations.

Staff Sgt. Michael A. Schaf assisted the bridegroom as best man.

Following the ceremony a breakfast for the wedding party was held at the NCO Club at the base.

After a brief wedding trip at Glyomill Inn at Comoc Brook, Newfoundland, the couple returned to their new home at the base.

Henner Pupils Give Recital on May 31

The music pupils of Mrs. Stewart Henner will be presented in their annual spring recital on Thursday, May 31, at 8 o'clock at the Congregational church. The public is invited.

The following piano students will perform: Dulcie McClure, Don Heise, Lenore Erber, Madeline Rabach, Janice Burns, Barbara Nielsen, Wanda Ward, Larry Ingalls, Esther Boss, Kit Carson, Ruby Jean Murrell, Joan Brady, Elaine Poole, Joan Pischner, Judy Ingalls, Anna Pontious, Caryl Cross, Patsy Ratigan, Marguerite Colburn, Nancy Juilleret, Marylee Baker, David Miles, Gail Krahnke, Don Walstad, Nancy Waehelin, Joyce Cunningham, Phyllis Williams, Donna Ann Durance, Marie Nielsen, Vickey Lane McClure, Mona Davenport, Joyce Fiedler, Barbara Smith, John Elzinga and Alex Klooster.

There will be two groups of vocal numbers sung by Mrs. Leonard Burns and Virginia Smith.

Announce

Mr. and Mrs. Don F. Valley of Detroit announce the engagement of their daughter, Donna, to Harry James Stutt, son of Dr. and Mrs. Lawrence E. Grate of this city.

No date has been set for the wedding.

• Mrs. Angus Fochtman who has been spending a week in Lansing with her sons-in-law and daughters, Mr. and Mrs. Robert Riggle and family and Mr. and Mrs. Bill Hammond has returned home. Mr. Fochtman went to southern Michigan for her and returned after spending the week-end there.

Violations

Parents should warn their children of the city ordinance outlawing the shooting of air rifles or sling shots in the city limits of Charlevoix.

Fines will be levied against parents of children violating this ordinance.

There have been numerous complaints in recent weeks of the killing of birds and damage to property by air rifles and sling-shots.

City of Charlevoix
Clarence Heise
Chief of Police

"Most Dependable Car in America!"

Before you start naming all the reasons *you* would like to own a 1951 Pontiac, why not talk to a few owners who have been Pontiac drivers for years. Ask them why they like Pontiac. You'll be surprised how many owners say: "Pontiac is the most dependable car in America!"

Then come in and see Pontiac's beauty inside and out—drive it for the sheer fun of driving—get the facts and figures and you'll *really know* why dollar for dollar, you can't beat a Pontiac!

BUILT TO LAST 100,000 MILES

Equipment, accessories and trim illustrated are subject to change without notice.

10 Counties Send Delegates to Ellsworth Meet

The northwest Michigan Industrial Development committee met at the Ellsworth Community hall, Friday.

Sixty people representing ten counties and 17 communities attended. In addition the following representatives were also present, Don Weeks, Industrial director, Michigan Department Economic Development; Russell J. Jenson, Pennsylvania Railroad; George Betteridge, manager Parker Motor Frieght; J. R. Richardson, assistant division manager of Consumers Power Co.; James O. Coates, Industrial Division Engineer of Consumers Power Co.; George R. Petrie, U.S. Department of Commerce and National Production Authority; C. H. Slayman, general industrial commissioner of the C. and O. Railroad; G. E. Stange, division freight agent of Ann Arbor Railroad; H. C. Kniebusch, industrial agent, Ann Arbor Railroad; and A. J. Vonk, assistant industrial agent, Pennsylvania Railroad.

Communities represented were Petoskey, Charlevoix, Kingsley, Harbor Springs, Alden, Traverse City, Frankfort, Mackinaw City, Buckley, Elk Rapids, Boyne Falls, Boyne City, Leverlng, Kalkaska, Northport, East Jordan and Ellsworth.

Also present were Tom Fisher of Wayne Wire Cloth of Kalkaska; J. C. Robinson of Robinson Metal Products, Elk Rapids and Don Schroeder of Morrey Steel Products, Ellsworth, who all expressed their satisfaction with their new locations in this area. Particularly to their satisfaction was the greater productivity by their employees and the lack of absenteeism as is noted by manufacturers in larger cities.

Much was accomplished and additional members to the committee will be appointed shortly. A dinner was served by the Ladies Auziliary of the Jansen-Richardson post of the American Legion which was followed by further discussions.

Honored with Party On 8th Anniversary

Bob Marshall, who was eight years old Sunday, celebrated the event at a party given after school Monday by his mother, Mrs. J. C. Marshall.

Guests who came for games and refreshments were Vicki Racignol, Stephen Wells, Ruth Ann, Carla and Joan Riley, Gary Chew, Ronald Beesley, John Tuomela and Karen Pierce.

A lighted birthday cake centered the refreshment table which was decorated with favors and May poles.

Mrs. C. Y. Marshall and Mrs. Herbert Fox assisted.

Donald Nowland Is Eight Years Old

Donald Nowland celebrated his eighth birthday anniversary at a party given after school Monday by his mother, Mrs. Raymond Nowland jr.

Little friends who gathered after school for games and supper were Jimmy Dennis, Bruce Reynolds, Alex Kosierwiez, Charles Bergman, Aurdey Krulik and Melody King.

Supper was served at a table centered with a lighted hirthday cake and decorated with favors. Each guest was presented with a surprise when he left for home.

Adult Bible Class Has Varied Program

The Adult Bible class of the Community Church of God met at Fellowship hall Friday evening.

The program which was in charge of Mrs. Jane Fiedler, president of the group, included devotions, a solo, "The Holy City" by Fred Kaunitz, a discussion of the topics in the Gospel Trumpet and Bible games.

Twenty-one members were present. While refreshments were served, Pete Timmer, teacher, lead further discussions.

Shower for Mother-Daughter

Mrs. Glenn Woodcock and infant daughter were guests of honor at a shower Tuesday evening at the home of Mrs. Peter Wieland.

Hostesses for the shower besides Mrs. Wieland were, Mrs. William Patterson, Mrs. John Wieland, Mrs. Rex. Woodcock and Mrs. Elmer Rood.

Annual School Census Started

School census takers are knocking on the doors of residents in this area while taking the annual school census.

Mrs. L. E. Baker is doing the work on the north side; Mrs. Howard North has the area south of Pine river; Ernest Peaslee has Charlevoix township north of the city and the portion of Hayes township in Charlevoix school district and Orton Van Dusen is doing Charlevoix township south of the city, Norwood and Marion townships which are in this school district.

Auto Antiques To Visit Charlevoix

Some 75 automobiles (1915 vintage or older) will parade through Charlevoix early in August.

These cars, driven by members of the Old Timers Car club of Flint, will be driven here, H. O. Krahnke told the council Monday night in a letter.

It is expected that the drivers and others in the entourage, numbering possibly 150, will be guests of the auto dealers and the Board of Commerce for a luncheon at the Beach hotel.

Honor Bride-elect With Linen Shower

Virgiline Thomson, bride-elect of Charles Fairbanks, was guest of honor at a linen and personal shower given Sunday afternoon by Miss Kay Fitch and Mrs. Edward Loop of Grand Rapids at the Fitch home.

The tea table was decorated with spring flowers and bouquets of spring blossoms were used about the room.

Guests enjoyed a social hour and refreshments served by the hostesses.

Small Business

Small businesses are growing in number despite many mergers and consolidations. Today, there are approximately 2,700,000 independent commercial and industrial organizations in the country or one for every 56 persons compared with 427,000 or one for every 91 persons back in 1870.

Inwood News

Mrs. John Fratrick

(Delayed News)

Mr. and Mrs. W. S. Dunbar and children of Mt. Pleasant, Mr. and Mrs. Alex Farmer of Lansing spent Mother's Day with their mother, Mrs R. R. Farmer.

Mr. and Mrs. Tom Demeroukas and Mrs. R. R. Farmer were recent visitors of Mrs. Ed Gregory of Charlevoix.

Mr. and Mrs. John Fratrick and family and Carlton Ager spent Mother's Day with their parents, Mr. and Mrs. Will Ager.

William Keith Ager returned to Philadelphia a week ago after spending a 12 day pass with his family here.

Herbert Wiles spent last weekend with his family here.

Mr. and Mrs. John Fratrick and children and Mr. and Mrs. Will Ager were recent callers of Mr. and Mrs. E. R. Jones of Norwood.

Mrs. Jane Fiedler and daughter, Joyce, and Mrs. Hazel Murray and daughters, Joyce and Patricia, attended the Mother-Daughter banquet at the Church of God recently.

Mr. and Mrs. George Block spent Mother's Day in Traverse City with the latter's mother, Mrs. Shapion, at the Len Shapton home.

Rock Elm News

By Mrs. A. B. Lawton

Farm work moves on a pace. The Porter and Jensen cherry orchards have each received their first cultivation. Also the newly set replacement trees had to be watered last week owing to the continued dry weather. The trees in both orchards blossomed full.

Mr. and Mrs. James St. Arno of Detroit with their three little daughters, Judith, Barbara and Mary surprised their aunt, Mrs. Lawton by walking in for a little visit last Thursday afternoon. Mrs. St. Arno is the former Dorothy Thomas.

Hand Files

A hand file is a familiar household tool and a necessity in many industries. Nearly 112 million metal cutting hand files and rasps were made in 1947, and about 25,000 tons of high carbon steel bars were consumed in their manufacture.

I See by the Courier . . .

- Mr. and Mrs. Howard Houghton returned home Sunday from a three weeks vacation trip to Massacheusetts. Miss Helen Rose Cline who accompanied them and who visited in New York and New Jersey, returned with them.
- Mr. and Mrs. Joseph McPhillips returned home Friday from a two weeks vacation trip to Florida.
- Mr. and Mrs. Stanley Baker and three sons of Clio, spent the week-end with the former's brother-in-law and sister, Mr. and Mrs. J. C. Marshall.
- Mrs. B. J. Ratigan has returned to Detroit after spending the week-end with her son and daughter-in-law, Mr. and Mrs. William Ratigan.
- Mr. and Mrs. Reuben Mullens of Bronson, Michigan visited Mrs. Mullens cousin, Mrs. C. R. Munyon over the week-end.
- Mr. and Mrs. John Quinlan returned from Beaver Island after a ten day stay. While there they repaired their cottage which was damaged by lightning.

Remembers Mother With Phone Call

Mrs. Harry Elzinga, whose birthday anniversary was last week, had a lovely 'present' Sunday, a telephone call from two daughters in California.

Her son-in-law and daughter, Mr. and Mrs. Lucian Gadal of Huntington Beach and Iris Dodd of Los Angeles were together for the day and called her.

They also told her that the latter, Iris Dodd, who served in the army nurses corps during World War II had re-enlisted in the corps and is awaiting call to active duty. At present she is on the staff of the Queen of Angels hospital in Los Angeles.

BABY TALK

Lt. and Mrs. Everett Stenman announce the birth of a daughter May 21 at Little Traverse Hospital in Petoskey. Mrs. Stenman is the former Edith Olach, daughter of Mr. and Mrs. Edward Olach.

Births recorded at the Charlevoix hospital recently include;

A daughter, Monna Marie, born to Mr. and Mrs. John Essenberg of Ellsworth May 15.

A son, Steven John, born to Mr. and Mrs. John Umlar of East Jordan May 19.

A son born to Mr. and Mrs. Harry Pearsall of East Jordan May 20.

GRADUATION WEEK

Senior Trip

At 4:30 a.m. Wednesday, May 30, the graduates will board school busses at the high school gym for the first lap of their senior trip.

They plan to arrive in Detroit at 1:30 p.m. and from 2-3 p.m. will board the S. S. South American for the boat trip to Port Corborne enroute to Niagara Falls. They will arrive at Port Corborne at 9 a.m. Thursday and board chartered bussos for the trip to the Falls.

After spending the day at the Falls they will return to the boat and leave for the return trip to Detroit at 4:30 p.m. The boat is scheduled to arrive in Detroit at 9 a.m. and after a brief visit in the city they will leave for the trip home at 1 p.m. They will arrive here about 9 p.m.

Acompanying them on the trip will be Mr. and Mrs. S. E. Coleman and Mr. and Mrs. Max Novak.

Baccalaureate Service

Baccalaureate services for the 1951 graduating class of the Charlevoix high school will be held at the high school auditorium at 8 p.m. Sunday, May 27.

The Rev. L. L. Lewis will deliver the baccalaureate sermon, "Chose You", after the 55 graduates, garbed in the traditional caps and gowns have entered the hall to the strains of the processional, Elgar's Pomp and Circumstance, played by Mrs. Leonard Burns at the piano.

Following the invocation by the Rev. G. W. Whitten, a Choral Interlude will be presented by the Charlevoix Community Choir directed by C. A. Odmark and accompanied by Mrs. Burns.

Selections will include "Lord of Hosts," Wennerberg, "Lord for Thy Tender Mercies' Sake", Farrant, "Bless the Lord", Imppolitoff-Ivanoff, "The Nightingale", Mendelssohn, "To Music", Schubert, "Sylvia", Oley Speaks, "Verdant Meadows", Handel.

A scripture reading by Rev. W. B. Warner and a prayer by Rev. Joe Bekkering will also precede the sermon which will be followed by the "The Lord's Prayer" by the Community Choir. The singing of the hymn, "All Hail the Power of Jesus' Sake" by the congregation under the direction of Rev. W. D. Wood and the Benediction by Rev. Jackson E. Turner will conclude the program.

The graduates will leave the auditorium to the Recessional by Mrs. Burns.

Commencement

Fifty-five members of the 1951 graduating class of the Charlevoix high school will receive their diplomas at the sixty-third annual Commencement exercises to be held at the high school auditorium at 8 p.m. Tuesday, May 29.

They will also hear Donald S. Leonard, Commissioner of Safety, Michigan State Police, deliver an address on "Responsibilities of Citizenship".

The graduates will enter the auditorium and take their places on the stage as the Charlevoix high school band, directed by C. A. Odmark, plays the Processional, "Pomp and Circumstance," Elgar.

The program for the Commencement follows: Invocation, Rev. G. E. Whitten: Salutatory, George A. VerWys; Valdictory, Joyce E. McGhan; American Folk Rhapsody, Grundman, high school band, directed by Mr. Odmark.

Introduction of the speaker by Roy G. Bennett, superintendent of schools; Address, Mr. Leonard.

Presentation of the class of 1951, H. E. Bingham, high school principal; Presentation of diplomas, Bonnie Nickerson, president of the Board of Education; Alma Mater, Seniors; The National Anthem, band; Benediction, Rev. W. D. Wood.

BEST WISHES FOR SUCCESS TO THE GRADUATES

of

Charlevoix High School Class of 1951

Another Charlevoix graduating class closes its books on high school learning and prepares for the next step in life.

For some the future holds a college education, others will take jobs in industry and business and many of the boys will enter the service of their country for an indefinite period.

Years of planning for the eventual day of high school graduation come to a climax for parents as well as for the seniors themselves. The next 10 years will be vitally important in the graduates' lives as they seek to take their place in moulding the future of the nation.

The graduates are completing their high school studies in a critical time. Some leaders concede that this country is at the crossroads. The threat of a global war hangs uneasily over the heads of every graduate. For it is the young men and women who will be asked to make the greatest sacrifice.

Time will not stand still for anyone and the graduates will find themselves face to face with the most difficult decisions they have encountered. The seniors are on the threshold of adulthood when they will be expected to lend their weight to make this nation a better nation in which to live.

The graduates face an uncertain future, one with misgivings, not knowing what the future holds in store for them. We feel sure that this class of Charlevoix seniors will take their rightful place in the sun.

They face the threat of communism which has made vicious inroads in this land of America. To them will fall the responsibility of answering the challenge which the Communists have thrown down. These are critical times. Their job will not be easy. But their heritage should give them confidence and zeal which have resulted in this country pacing the world in the Glory of man under divine guidance.

Congratulations
CLASS OF 51

While most of the learning from textbooks may be over, actual experience will begin to prove to the graduates how essential it is to have determination and need for hard work.

The hard work and the serious tasks at hand will come all too soon after graduation. The ceremony itself is mixed with sadness and gladness. It's a happy time for many devoted parents who have strived long to give their children a good education. The parents, teachers and others who have helped the graduates reach this climax view the ceremony with justifiable pride and a spirit of having contributed to the graduates quest.

Congratulations
CLASS of 1951

Congratulations Class of 1951. We, the business people of Charlevoix, extend our very best wishes to each and every one of you for luck and success in your next phase of life . . . be it further schooling, the business world or home-making. May God be with you.

24 Local Students Attend Tri-County Youth Conference

A delegation of 24 Charlevoix high school students accompanied by H. E. Bingham, high school principal, and Mrs. Dean Davenport, school nurse, were in Petoskey Monday for the first regional White House conference on Children and Youth for Charlevoix, Emmet and Cheboygan counties.

The conference was sponsored by the American Association of University Women, Petoskey branch, and the Emmet county Health Council.

The meeting was opened at 3 p.m. by Mrs. Harris V. Lilga of Petoskey, chairman of the planning committee followed by Charles R. Wickman, senior student at Escanaha senior high school who gave the keynote speech on state and national White House conferences which he had attended.

Robert O. Gillispie of Escanaba, district consultant, Children's Division, State Department of Welfare, was moderator of the Youth Panel at 7:30 p.m. On the panel were six students from schools in the area. George VerWys, Charlevoix high school senior, represented this city.

The Rev. Warren Jackson, pastor of the Buckley-Cornell United Christian Church, Buckley, gave the concluding address, "Good Growing Ground".

Mrs. Davenport of Charlevoix was a member of the conference planning committee. Dr. A. F. Litzenberger, director, District Health Unit, participated in the program.

Organizations represented. Mrs. Charles Bleha, AAUW; Mrs. Roy Bennett, board of education; Mrs. Isaac Terr, Dickens club; Mrs. Abe VerWys, parents.

Two County Men Called in June Draft

Charlevoix county's draft call for June has been set at two men, the draft board has announced.

To date the board has received no orders on men to be sent for pre-induction physical examinations next month.

Five Charlevoix county men left Wednesday for Detroit where they will be inducted into the armed forces today.

Girl Scout News

Miss K. Rita Farnum, girl scout community advisor, spent Friday, May 18 in Charlevoix giving help to the council and leaders of troops. Her first stop was Petoskey, then Charlevoix and down through to Grand Haven. Her good council and explanations were an inspiration to all that attended.

• • •

Again this year there is an urgent need for volunteer help in Day Camping or it cannot function. Day Camping is the Brownie Camping period which will be from June 4 and 8. Approximately 60 children attended last year and it is something they all look forward to. Committee helpers and unit leaders are needed. If you feel that you cannot give 5 full days of time then separate day workers can be used. It cannot function without adequate adult leadership and help. Please call Mrs. Howard North at 696 or Mrs. Hubert Paddock 345 if you can offer your assistance for these anxious Brownie's to attend Day Camp.

• • •

The Northwestern Michigan Girl Scouts Cooperative Training committee met last Wednesday for an all-day session at the Park Place in Traverse City. The primary purpose of the meeting was to evaluate the two courses given this year and to plan for further training.

The outdoor institute in November was so successful that plans were made for another course for leaders in the early fall to provide advanced training along this line.

In another training course six adult Girl Scouts graduated from the volunteer training for leaders course in Petoskey last month.

Area plans were discussed and the goal tentatively set for 1953 to achive this coordination.

Representatives from Girl Scout Councils north of Grand Rapids to Mackinaw City were present for the conference.

Mrs. Charles Bleha, president of the committee and Mrs. Howard North, vice president of the local council, represented Charlevoix.

Mr. and Mrs. Burwell Meston and children from Bay City spent the week-end with Mrs. Charles Withers. Sunday visitors were Mr. and Mrs. Lee Sanborn of Traverse City and his father and mother, Mr. and Mrs. Harold Sanborn. Also Mr. and Mrs. Joe Martinchek.

Charlevoix IN UNIFORM

Sgt David Hardy arrived last week from Biggs Field, El Paso, Tex., to spend a furlough with his mother, Mrs. Richard Hull and his sister, Joyce.

This is Dave's first furlough home since Christmas 1949. Last fall and winter he spent several months in Europe with the AAF

• • •

J. Giles McCann, who has been teaching in the Boyne City schools, has been recalled to active duty with the army Airforce and will leave this week for his new assignment as flying safety officer for the Strategic Airforce Command at Omaha, Neb. His tour of active duty will be for 21 months. He will return to duty with the rank of lieutenant colonel.

His wife and family reside here.

• • •

A note from Pvt. Herbert A. Loeb III tells the Courier he is now at Arlington, Va. and has the following address: Hq. & Hq. Co. 8617th AAU. Arlington Hall State, Arlington, Va.

He wirtes in part: "I hope the next clipping on me will read that I have just spent a ten-day leave in Charlevoix, wishful thinking. Basic training at Leonard Wood ended April 28 and on May 10 I reported to my new and probably more permanent post here".

• • •

Vane Smith, S.R. and Bill Barber, S.R., who have completed boot training at the USNTC, Great Lakes, Ill., arrived Saturday via plane to spend a ten-day leaves with their respective families, Capt. and Mrs. H. E. Paddock and Mr. and Mrs. Elmer Barber.

• • •

Pvt. Richard Webster and Pvt. Carl Zeitler left Saturday for Camp Polk, La., after spending a ten-day furlough with their respective parents, Mr. and Mrs. Harry Webster and Mrs. John Zeitler sr.

• • •

M Sgt. Joseph Schwab has returned to his duties with the Army Airforce and is now stationed at Forbes Field, Topeka, Kans. His wife and daughter, Linda, are with him and are residing at Burlingame, Kans.

Supper-Movie Party For Stephen Wells

Ten school mates gathered at the home of Stephen Wells late Saturday afternoon to help him celebrate his tenth birthday anniversary.

The boys enjoyed supper served by Stephen's mother, Mrs. Wesley Wells, and later attended the movie.

Crowded Hospital Condition Revealed

(Continued from page 1)

there are no other rooms. The other patient is convalescing.

The ill patients are continually hearing the noise of everyone entering the hospital. Bathroom and toilet facilities are distent from the room, almost too far for the patient who is barely able to stand alone.

The beds in the room are too close together to be sanitary. But the only alternative is to shift a patient if he or she complains. We learn that two of the patients have semi-private insurance rates. They feel that they pay for a semi-private room but for expediency another bed is added.

The problem of no waiting or reception is serious, too. Many will be relatives of patients who are critically ill or others who are waiting for a patient to come from surgery. But there is no room for standing, let alone sitting.

You may say "these people don't have to stand around or that they can't be of any assistance." But their presence is important to the patient who needs reassurance. Ask yourself if you have ever been hospitalized how delighted you are to see those whom you love.

• • •

IT'S A SHOCK to the patient if very low and keeps asking for his loved ones. We forgot to mention there is a window seat on the stairway landing. It is large enough for three persons or maybe four in a squeeze.

Some relatives stand in the hall or sit in the x-ray room which makes it more difficult for the x-ray technician to work.

Miss Baumgartner, hospital superintendant, relates how not long ago the hospital had a family of 12 sit on the floor and use the x-ray table to sleep on at night while being close to a member of the family who was at death's door.

• • •

THIS CONDITION continued for several days, she said. It's an understatement to say that the x-ray technician's work suffered for inconvenience.

As we walk down the narrow corridors we are told about an extra room which was put to use as a basal metabolism room and for out-patients requiring first aid or minor treatments. But this did not last long as it was needed as a patient's room and an isolation room for polio or infectious diseases.

It's an inside room and quite dark and small. We see two patients in it, one an adult and the other a child. They are close enough to shake hands. Imagine yourself in such a room. Not long ago there was a patient in this room who needed oxygen badly. It was the only room available.

He was there less than a day when his family had him transferred elsewhere because of the depressing room.

Another downstairs room was made into a three-bed ward. A tonsillectomy patient said it was all right to place him in that room. This was done. But one of the other patient's father objected and insisted that bed be removed. He said it wasn't sanitary and called the arrangement dangerous in event of fire.

Next week we will visit the second floor for a first hand glimpse of crowded conditions there.

Charlevoix County Farm News

Antrim County Pasture Day Set for June 21

Thursday, June 21, has been set for the Pastures Day to be held on the Robert White farm, Kowadin. The event is being sponsored through the efforts of the extension service and the directors of the Antrim County Soil Conservation district.

The Pastures Day will begin at 10:00 o'clock in the morning and features inspection of grass plots on the White farm established in 1949, using Ladino Claver, Alfalfa, and Birdsfoot Trefoil in combination with other grasses, Brome Grass, Alta-Fescue and Orchard grass.

Grass Silage making will be demonstrated using Ladino Claver and Alfalfa Brome grass. Many farmers will also be interested in the Mechanical Barn Cleaner used in connection with the twenty-five cow dairy herd as well as the milk house.

Dr. R. E. Hodgson of the Bureau of Dairy Industry, United States Department of Agriculture, will be the main speaker of the day.

Following the talk, groups will be escorted on tours to farms in the area to view pasture development programs being carried on. These will include Reed Canary grass seeded in 1938, and another seeded in 1949, Ladino Clover, Birdsfoot Trefoil, White Dutch clover and Balboa Rye. Charlevoix county farmers are urged by Ed Rebman, county agricultural agent to attend this Pastures Day.

Barnard Farm Bureau Takes up School Need

Barnard Farm Bureau met at the home of Frank Matchott May 17. The group discussed the proposed building of a new high school. At the end of this discussion, they decided that more information is needed before the date of the special school election June 14.

The regular meeting date of the third Thursday of the month was changed to June 13. Fred Willis has consented to be at this meeting at the J. L. Boss home to discuss the need and ways of financing the proposed building.

The roll call indicates there are 19 families in our Farm Bureau. Came to the next meeting on June 13 and learn about the needs of our school children, our future citizens.

The Barnard group desires to have a higher attendance record at the meetings.

County Agent Helps Prune Cherry Trees

County Agent Ed Rebmen shows Clayton Smith, a Hayes township farmer, the proper pruning for a young cherry tree. Mr. Smith farms 260 acres with his father, David Smith. They have 550 bearing cherry trees and another 500 young cherry trees planted. Clayton is township commilleeman for PMA.

Young cherry trees while they are set out must be properly pruned to make a heavier producing tree and a longer lived tree according to Ed Rebman, county agricultural agent. Usually the modified leader tree is best.

A one year old nursery tree usually has a number of lateral branches and a selection of permanent scaffolds must be made at the time of planting. Usually this is two or three branches. Cut the laterals back to six or eight inches in length and leave the leaders eight to ten inches longer than any of the scaffolds.

One or two years after planting, remove extra laterals and save three or four well-spaced wide-angled ones for permanent scaffolds. No heading back is necessary unless the terminal growth has exceeded 20 inches or unless some branch is out-growing the others.

In spring of the third year, make another selection of scaffold branches to complete the framework of the tree. There should be six or seven main branches distributed along about three feet of the central leader. Remove crowding or interfering secondary branches at this time. After the framework is established little pruning other than removing dead wood is advisable.

ORCHARD NOTES

By Clauda Fairman

New plantings of sizeable acreage of the Montmorency cherry in the Cethwood district are as follows: Allen Ardema, Conrad Klooster, Mrs. Brooks, Harry Brock, John Essenberg, Silas Doctor, Paul Doctor and John and Kenneth Peebles.

Eventually we will have some competition for pickers. I do however, have a nice crew from Charlevoix that I think will stay with us. This fruit crop comes when school is out. Pickers earn from 5 to $10. per day.

To date the cherry crop in our neighborhood for both sour and sweet looks good. There seems to be a promise of considerable acreage going in around Burgess and Bay Share, more especially up on the higher land.

The price of cherries for the 1951 crop looks brighter to the grower. The government cleaned up the canned cherries of the 1950 pack. Light crop of sweets in the west. Light crop of all cherries in southern Michigan.

The cherry season will be much earlier than last year. Bees have had a nice chance to work on sour cherries and apples also peaches, plums and prunes.

Costs are up a bit. Termate a spray material .67 per lb. 33% nitrogen commercial fertilizer 86.00 per ton arsenate of lead, 36c per lb. etc. Wages, ladders and pails are slightly higher. Higher costs do not affect the market prices of fruits.

Black Angus Semen Arrives in County

Black Angus semen has arrived for both the Antrim-Charlevoix ABA and the Boyne City ABA according to Ed Rebman, county agricultural agent.

Farmers who now wish to breed some of their cows to good beef bulls may obtain this service from the local inseminator. The inseminators for the Antrim-Charlevoix association are Bud Best and Dick Wieland of Ellsworth. Joe Schantz of Boyne City is the inseminator for the Boyne City association.

There are several reasons why farmers wish to use beef bulls, one is they like to cross a dairy heifer with a beef bull because some of them don't like to keep calves from first calf heifers.

Another reason for using beef bulls is on cows of low production where they will not raise replacement stock. Probably a third place where beef bulls might be used is where a farmer has almost all heifers being born. Farmers are urged however, by county agent Rebman not to mess up their good dairy breeding program by the use of beef bulls.

State Head Visits Norwood Farm Local

At our county meeting at the Norwood local hall on US 31 we were honored by a visit from our State President, Sims Martin of Stanton.

During his short stay he saw two new locals formed.

The Torch Lake local made up of new members in Torch Lake township south of Torch Lake village.

The other local is in Williamsburg area.

Check These 20 New Features

IN THE NEW JOHN DEERE "A" and "B" TRACTORS

★ The new Cyclone Engines are more efficient.
★ Your choice of either *all-fuel* or gasoline types.
★ New crankcase ventilation system is automatic.
★ Improved force-feed pressure lubrication system.
★ New Powr-Trol provides hydraulic power at your finger tips to control both drawn and integral equipment.
★ New, cushion seat is more comfortable, fully adjustable.
★ Roomier platform affords greater operator convenience.
★ New self-starter is built-in, with battery under seat.
★ New voltage regulator prolongs battery life.
★ New, automatic choke makes starting easy.
★ New front and rear lights are standard equipment on both the "A" and "B".
★ New swinging drawbar is quickly adjusted in or out, high or low, without tools.
★ Wider rear wheel-tread adjustability—56 to 88".
★ New lever control regulates radiator shutter.
★ New dust-proof rear-axle seals.
★ New modern materials and methods provide extra strength for longer life.
★ Improved hydraulic power lift is standard equipment.
★ New Model "B" transmission has single lever and low speed of 1-1/2 M.P.H. for transplanting, close cultivating.
★ New welded frame provides a sturdy mounting, for integral tools, shields spark plugs.
★ Enclosed flywheel increases safety, improves appearance.

See us for complete information on these new John Deere Tractors the next time you're in town.

Congratulations and Success to the High School Graduates of 1951

Charlevoix County Farm News

Reed Canary Valuable Forage On Low Lands

Each yeor more Charlevoix county farmers with wet, low, mucky land are using reed conary grass to make these areos a productive part of the form according to Ed Rebman, county agricultural agent. It will produce plenty of green succulent feed as pasture for five to six months each year. It is particularly well adapted and makes good growth on wet, fertile, mucky soils which are subject to frequent flooding.

Here is a rule of thumb for determining whether on orea should be planted to reed canary or bromegrass: If the area is well enough drained so that corn can be successfully grown, then bromegrass instead of reed canary can be grown. If it's too wet to grow corn, then use reed canory.

Most of the areas on which reed canary grass can be grown ore too wet in the spring of the year to go in and prepare o good seedbed. Because of this it's usually best to prepare the seedbed on these poorly drained oreas during the dry port of the summer. For this job, regular muck breaking plows ond crawler-type tractors are most often used. Follow this operation by disking enough to get a good seedbed.

The recommended rate of seeding is four to six pounds per acre. If you use a grain drill it can be made to sow the right amount of seed by odjusting to the same setting neccssory to deliver 12 pounds of alfalfa or sweet clover to the acre. Adjust the seeddistributing tubes on the drill to put the seed just behind the disks of the drill ond then cover it no deeper than one-quarter to one half inch. Follow this operation with o cultipacker or roller.

As to fertilizer, here are recommendotions: At time of seeding use 300 to 600 pounds of 0-10-30 or 9-3-18 fertilizer depending on how wet and how well drained the area is. The 3-9-18 is better for the wetter areos. In extremely wet areos a 10-10-10 might be used. If the suil has a ph of 6.0 or below add five to ten percent of copper sulphate. If the ph is 7.0 or above odd ten percent of Mangonese sulphate.

A second-rate army is just as useless as the second-best hand in a poker gome.

Farm Shops Mean Savings In Repair Bills

Farm shops can mean sovings and speed in repair jobs, believes Ed Rebman, county agricultural agent. He cites that 85 percent of all farming operations involve some aspect of engineering, or some hondling of machinery.

Some figures from R. L. Moddex, extension agriculturol engineer at Michigan Stote college, show that the investment to be put into a farm shop varies with the individual. A common figure used is five percent of the machinery investment per year. Moddex advises that this would equip a shop very well. Actuolly, if the farmer would spend one or two percent of his mochinery investment for a period of five years, he would have a very satisfactory shop.

Agent Regmon agrees with the engineer that some farms have the majority of farm tools thot are needed to do most of the farm shop work. Organization is needed for the job.

Organization means hoving a place to work where the tools ore handy, where there is heat so that work can be carried on during the cold days of the year, ond a ploce large enough to bring in most of the equipment oround the farm for repair work.

Mony Michigan farm shops have floor space of not more than 20 by 20 feet. A corner of a large garoge, one end of o machinery storage shed, or even an old hen house of the shed roof type, con be easily converted to a work area for the farm.

Simple Plan Is Best Landscape On Farm Grounds

Why merely odmire attractive londscaping on your neighbor's farm when you can make similar improvements on your farm, asks Joseph T. Cox, landscape extension specialist at Michigon State college.

Most successful landscaping improvements narrow down to a logical arrangement of buildings, lown areas, and plantings, he says.

Most of us cannot do much about changing building locations, but we can plan better opproaches to them. Does your present driveway guide guests to your favorite door? Make the drive wide enough to allow parking space near your front door for two or three cors.

How are your lawn oreas arranged? Having them arranged as public lawn, fomily lawn, and service lawn provides o place for home grounds activities. Open expanses of grass with shrubs and flowers at the edges gives an enclosure effect. Trees for shade ond relief of bareness are very desireable here.

Private lown spaces at the side or rear of the house need screen plantings for enclosure and privacy for family octivities. The service or clothes drying yord con be located in an out-of-the-way place not too far from the back door.

Plantings necessary to give your grounds o refined oppearance will consist of foundation groups about the base of the house, border or enclosure masses, and trees for wind protection and shade.

Follow a program of proper maintenance for your grounds as they now exist, Cox odvises. Explore the adjustments you could make to add convenience and better appearance to your farmstead.

The landscape planner recognizes that proctical ond convenient grounds will be ottractive grounds becouse they require less time and upkeep. Help on planning may be secured from Ed Rebman, county agricultural agent.

Grass Fires Need Careful Watching

This is the time of the yeor when many people start cleoning up yards, fields and fence rows. Some people use fire to dispose of excess grass, weeds and other materials. These people should watch out, however, as fire spreads ropidly and according to Ed Rebmon, county agricultural agent, must be handled with the utmost care.

Lester Bell, extension forester of Michigan State College says don't set a grass fire unless you are prepared to control it.

Each year much damage is done to fence posts, seedling trees and wild life by the people who carelessly set ground fires. Burning wastes much good organic matter that should go bock into the soil. So before you burn grass consider if you ore destroying a resource you need.

Hardwood seedling trees are extremely susceptible to fire damage in early spring. A small amount of heat kills the tree by burning the cambium layer. Lets be extremely careful before we set that fire.

June 21 — Antrim County Pastures Day at Robert White farm 10:00 a.m.

Experiments promise normal milk yield from sterile cows

Recent experiments at the Michigan State College Agricultural Experiment Station have shown that sometimes sterile heifers and cows can be made to produce milk and butterfat in normal quantities after injection of two hormones. The hormones are progesterone and diethylstilbestrol. Experiment Station researchers hope soon to develop this process to a point where the average dairyman will be able to use it on his own farm. For further information, call, write or visit your County Agricultural Agent.

New cable cover conserves lead

Practically every rural telephone line goes through a lead-covered cable before it reaches central office switching equipment. Lead is one of the critical materials now required in defense production. To conserve lead, telephone engineers have developed a new cable sheathing called Lepeth. Made of flexible plastic with a thin coating of lead on the outside, Lepeth not only saves lead but also promises increased protection against damage by lightning. Again, telephone efficiency works for everyone.

Names in the News at . . .

IRONTON

Mrs. Robert King

Hello again from Ironton, where its looking more like summer, all the time, the trees are all leafed out now and flowers in bloom, the woods are just full of lilies and adder tongues. Mr. Elwyn Johnson is now planting those beautiful glads on his lot in Ironton, and soon they too, will be a riot of bloom and color.

While visiting with the Lorin Duffy's last week an old news paper was brought out and looked over. It was an issue of the Grand Rapids Herald, first paper printed in the U.S. in 1910, issued in the first minute of the new year, and put on the street for New Year celebrants. The paper tells of the Steam Ship romance of Louise Taft. President Taft's niece, and her marriage.

The price of dressed pork at that time was 11½ cents and a 10 room modern dwelling was $18.00 per month. The Big Jefferies-Johnson boxing match of July 4 was much talked of at that time.

Mrs. William Walker came home last Thursday from Little Traverse Hospital. She is convalesing at the home of her son, Mr. and Mrs. Lyle Walker. She will return to her own home Sunday.

Mr. and Mrs. Charles Cooper and Chuckie from Flint visited here over the week-end at their Cherry farm.

Mr. and Mrs. Arnie Thompson and small daughter, Allison, Mr. Noel Thompson, Mrs. Eddie Thompson and her son, Terry, are visiting with Mrs. Noel Thompson. The Arnie Thompsons just for the weekend, hut Mr. Thompson and Mrs. Eddie Thompson will be here until after the wedding June 2.

Mr. and Mrs. Elmer Werth, Mr. and Mrs. L. Huhble and children were week-end guests of Mr. and Mrs. Alvery Werth.

Mr. E. A. Moir, Detroit spent the week-end at his farm.

Last week, Mrs. Karl Vincent went to Escanaba for a short visit with Mr. Vincent, while his boat was there.

Callers at the Albert Carlson home Friday, were Mrs. Lewia Brown, Mr. and Mrs. Ole Nielsen, William Sky and Betty Zitka.

Mrs. Carrie Bird and her daughter, Mabel, and son, Elliot Bird, spent the week-end at their house in Ironton.

Congratulations to Mrs. Gertrude Colwell who celebrated her 72nd birthday May 16, she entertained Mr. and Mra. Henry Ficheo from Tuesday until Friday, they all went fishing and had a wonderful time.

Mrs. Colwells niece and husband, Mr. and Mrs. Harold Skinkle of Pleasant Valley came for her birthday also and brought lovely gifts.

Mr. and Mrs. Ettig have rented Mrs. Eva Browns cottage here.

Miss Carolyn Smith was a dinner guest of Robert Linxwiler Friday night.

Mrs. Eva Brown is now employed in Charlevoix at the convalescent home.

A surprise party was given Thursday night May 7 for Mrs. Lewis Brown it was her 72nd birthday anniversary. Those present were, Mr. and Mrs. Wilbur Brown, Petoskey, Mr. and Mrs. Lewis Peterson, Mr. and Mrs. Ernie Grown and Lonnie and Tommy, Mr. and Mrs. William Bennett and children. Refreshments were served and there was a beautiful birthday cake. Our congratulations to yau Mra. Brown.

Mrs. Mary Schwitte, Saginaw ia visiting here with her sister, Mrs. Julia Werth.

Mrs. Clyde Odgen left recently for Portland, Ind. She accompanied her brother and wife, Mr. and Mrs. Thomas Reber of Petoskey, they will visit another brother for a few days in Portland, Mr. and Mrs. Walt Reber.

Guests at the Thierry home last week-end were Mrs. Thierry's mather, Mrs. Mallon and two sons, John and Jim, af Detroit.

Mrs. Loren Duffy, Mrs. Lewis Brown, Mrs. Clyde Odgen were guests for tea last Wednesday with Mrs. Mary McCollam.

Mrs. Pete Bennett was a dinner guest Friday at the home of her mother, Mra. G. Colwell.

Mrs. Brown called on Mra. Colwell Thursday on her birthday, they were childhood friends together and were together on their 72nd birthday, "that is really wonderful."

Mrs. Myrtle Thierry and her son, Lou and a friend, Bernice Crobar of Detroit, spent tho week-end with the Herman Thierrys in Ironton.

Mr. and Mrs. Robert King spent Saturday evening with Mr. and Mrs. Raymond Nowland in Charlevoix.

Sunday visitors at the home of Mr. and Mrs. Vaughn Orvis were Mr. and Mrs. Ed Sheare of Muskegon and Mr. and Mrs. Lorin Porter of Traverse City.

Mr. and Mrs. Orvis had as their guests over the week-end, Martin Halverson, Mr. and Mrs. William Orvis and son, William, Vaughn Orvis and Herbert all of Flint.

Mr. and Mrs. Ralph Price returned home last Tuesday after a trip to Middletown, Ohio, where they visited their daughter and son-in-law, Mr. and Mrs. William Harrison and their little grandson, Tommy. While there, they helped little Tammy celebrate his first birthday. They were away two weeks and tell me they had a lovely vacation.

The Ladies Aid will meet this Thursday, May 24, at the church, instead of with Mrs. C. Odgen as previously planned,

Everyone enjoyed Rev. Turner Sunday, he delivered a wonderful sermon and there was a good attendance, please try to come next Sunday, as Rev. Turner will be at the church again.

That's all for now, til next week —

Clean Eggs Bring Premium at Store

Cleanliness is one of the first things the egg buyer looks for, say Michigan State college extension poultryman. Elimination of causes of dirty eggs will pay profits in consumer good will.

Dirty eggs are often caused by wet or muddy ranges, unclean floors in henhouse, infrequent change of litter on henhouse floors, unclean or insufficient nests, and overcrowding of hen houses. Each of these faults can be corrected.

The problem of muddy ranges can be solved by confining hens each day until noon or at least until the eggs are gathered. Wire cloth with a two-inch mesh, fixed under perches and over dropping boards, will prevent hens from carrying filth to the nests.

Dry, clean litter on the henhouse floor should be provided and changed frequently.

An egg is produced clean, the poultrymen say-help keep it that way by correcting the causes of dirty eggs.

Phyllis J. Hart Leonard D. Strange

Valedictorian. Alonzo Barror, established a scholastic average of 2.2. He is the son of Mrs. Elenora May Barror. He plans to attend Owosso Bible College and prepare for the ministry.

Salutatorian. Gladys Fielstra, daughter of Mr. and Mrs. Albert Fielstra, plans to take nurse's training after graduation. She has an average of two points.

Plans have been completed for the annual baccalaureate service and the commencement exercise for the Banks Township public school at Ellsworth.

Baccalaureate services for the nine graduates will be held at the Ellsworth Christian Reformed church at 8 p.m. Sunday, May 27.

The Rev. Wayne Lemmen will deliver the baccalaureate sermon. The Rev. Edward Boeve will be the host pastor; The Rev. Herman Goodyke will offer the prayer and the Rev. Herbert Diller will give the benediction.

The music for the service will be in charge of Dean Fiedler.

Commencement exercises will be held at the Community hall at 8 p.m. Thursday, May 31.

Charles Endsley, former dean of men at Olivet College, Kankakee, Ill., and now superintendent of school at Bonfield, Ill., will give the commencement address. Mr. Endsley is now working on doctorate degree in speech and guidance at Northwestern University.

Ellsworth Spotlight

Mrs. William Best

Baptism was administered on May 13 at the Atwood Reformed church to the following children: Sharon Kaye Essenberg, daughter of Mr. and Mrs. Harvey Essenberg; Rhonda Gay Shooks, daughter of Mr. and Mrs. Marvin Shooks; Gary Lee Sloothaak, son of Mr. and Mrs. Willard Sloothaak; Randall Jay Ruis, son of Mr. and Mrs. Arthur Ruis, Jr.; Debra Lynn Goeman, daughter of Mr. and Mrs. Cyrus Goeman; and Nancy Lou Vandenberg, daughter of Mr. and Mrs. Jacob Vandenberg.

Mr. and Mrs. Leonard Hillman, Jr. of Muskegon spent the week-end with her sister and family, Mr. and Mrs. Alvin Denny. The Hillman's are also seeking to purchase a home in Ellsworth as Mr. Hillman plans to enter the Navy again soon.

Gerrit Vander Ark, Mr. and Mrs. Peter VanderArk and Bruce McElroy went to Grand Rapids Tuesday to visit the former's son, Wesley Vander Ark who is still hospitalized following a fall while doing construction work several weeks ago.

Friends of Mrs. Glenn Crain will be sorry to hear she has been critically ill in Charlevoix Hospital the past several days. At this writing her condition is slightly improved but still serious. The Crains were former residents of this community and are now living near Charlevoix.

Mr. and Mrs. Eugene Best, Mr. and Mrs. W. P. Smith, Mr. and Mrs. Merion Best and Bob, Mr. and Mrs. Bill Best and Janis, Cpl. Howard Best and Miss Margie Thomas of East Jordan gathered for a family dinner Sunday at the home of Mr. and Mrs. Bernard Best and Marvin.

A reception was held Wednesday evening at the Ellsworth Christian Reformed church for their new pastor and his wife, Rev. and Mrs. Boeve. A program was given after which the group was served a delicious lunch in the church basement.

Charles Kass, son-in-law of Mrs. Frank DeYoung, and former resident of this community passed away in Grand Rapids last week, with the funeral on Saturday there. Attending the funeral from here were Mrs. Frank DeYoung, Mr. and Mrs. Bernie DeYoung, Mr. and Mrs. Marvin Shooks and Mrs. Nellie Rubingh.

Mr. and Mrs. John Boestoel and son of Fremont were week-end guests of Mrs. Tena Bolhuis.

Eighth grade graduation exercises for the Ebenezer Christian school will be held Thursday evening, May 24 at the Ellsworth Christian Reformed church. Rev. Boeve will be the speaker.

Mr. and Mrs. Freman Coblentz of Detroit were Sunday visitors at the home of her brother and family, Mr. and Mrs. Wren Chellis. Mrs. Coblentz's father, Ezekiel Chillis, returned to Detroit with them to spend a couple of weeks.

Mr. and Mrs. Bud Chellis and Bruce were Sunday visitors at the home of her parents, Mr. and Mrs. Edward Wiltse of Central Lake.

Mr. and Mrs. Frank E. Howe and sons, Jimmy and Harold of Royal Oak, were week-end guests of Mr. and Mrs. John Wieland.

Mrs. Ed Fielstra and daughters of Grand Rapids and Mrs. William Vandeventor of East Jordan spent Friday afternoon with the former's sister and family, Mr. and Mrs. Richard Wieland and daughter.

Todd White and daughters, Charlotte and Pat spent the week-end in Muskegon.

Bill Patterson of Royal Oak was a week-end visitor at the home of his parents, Mr. and Mrs. William Patterson.

Mr. and Mrs. Edward Fielstra and two daughters of Grand Rapids spent the week-end with his parents, Mr. and Mrs. Harm Fielstra and other relatives and friends.

Mr. and Mrs. Juluis Rubingh of Grand Rapids were week-end guests at the home of his parents, Mr. and Mrs. Mettus Rubingh.

Mr. and Mrs. Abel Van Stedum and Mr. and Mrs. Henry Van Stedum of Grand Rapids spent the week-end with Mr. and Mrs. Herma Van Stedum.

August Vander Ark and Del Clow also, Doc White of Charlevoix are spending a few days at Mr. White's cabin near Cadillac.

Ellsworth Soldier Unhurt in Mishap

Ellsworth—Cpl. Howard Best, who is stationed at Camp Stewart, Georgia, arrived home early Wednesday morning on a ten day furlough.

Enroute home, while riding with two other soldiers, he was envolved in an auto accident. Fortunately they all escaped with minor cuts and bruises although the car was completely demolished. Howard then took a plane from Washington, D. C. to Detroit and came the remainder of the way by bus.

Cpl. Best will leave Wednesday afternoon by plane from Traverse City for Washington, D. C. and from there to camp by train.

Committees for Banks PTA Named for Year

Ellsworth—At the Banks township P.T.A. banquet May 15 the following committees were appointed for the coming year.

On the Ways and Means committee are Mrs. Lynn Carpenter, chairman; Mrs. Thaie Yettaw, Mrs. Don Seifried, Mrs. George Koster, Mrs. Basil Cummings, Mrs. Elmer Klooster; Program committee, Henry Ruis, chairman; Wesley Shooks, Mrs. Art DeVries, Mrs. Peter Burns; Membership, Mrs. George Brown, chairman: Mrs. Allie Klooster, Mrs. Silas Doctor; School Equipment committee, Max Bolser, chairman; Dr. J. VanDellen, Minert Veenstra, Conrad Klooster, Tony Kuiper, Grant Hastings.

Walter Rood was appointed treasurer. to take the place of Mrs. John DeYoung, who declined to serve. Board members besides Mr. Rood are: Wayne Lemmen, president; John DeYoung, Father vice-president; Mrs. Marvin Elzinga, Mother vice-president; Mrs. George Brown, teacher vice-president; Tony Shooks, secretary.

Those who were up early Monday morning saw the unusual sight of a house being moved. Rink De Vries recently purchased a house in Ellsworth and moved it to his farm home near Atwood.

Changing Times

As a young nation, the U. S. used to sell raw materials and to buy finished products abroad. Now the situation is reversed and it sells mainly finished goods and buys crude materials and semi-manufactures.

Bigger Savings

Our shelves are crammed with the latest arrivals in summer merchandise. Come in and see for yourself.

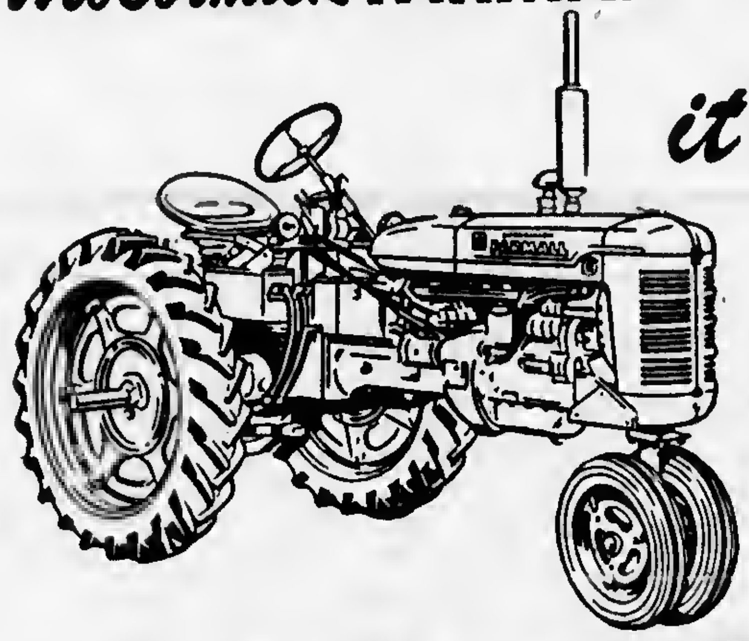
BEST WISHES FOR SUCCESS CLASS OF "51"

May We Add Our Sincere Congratulations To the 1951 Graduates Of Ellsworth High School

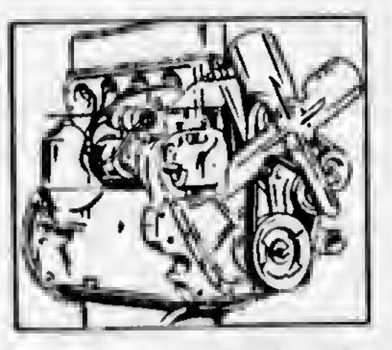
We are Proud of You

it's here! it's NEW! it's super!
it's the McCormick FARMALL SUPER C
it's superior 17 ways!



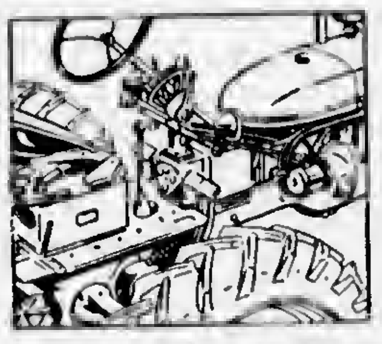
Easy handling—power-to-spare performance—fuel metering economy. It's FIRST IN THE FIELD. Has best BALANCE between power and weight for 2-row, 2-plow "get up and go." Solves your power problems for years.

MORE POWER! MORE PEP! MORE PULL!



GET THE FEEL OF LIVE POWER! Bigger cylinder bore gives 12% more power on every piston stroke. Power-packed valve-in-head engine starts in a flash, delivers plenty of smooth power over entire load range.

GET THE FEEL OF SUPER-EASY DRIVING! Big-diameter, high-leverage steering wheel steers with finger-touch response. New TIP-TOE self-energizing disc brakes insure positive pin-point turning.



GET THE FEEL OF BALANCED WEIGHT AND POWER! Weight is matched to power for *high-traction pull* with trailing implements . . . for peak performance with the Farmall Super C's full line of mounted equipment.

Ask us for a demonstration! Drive the Farmall Super C yourself!

Mr. Lloyd Fairbanks and his aunt from Lansing visited the former's uncle, Howard Gornell a few days recently.

Ode to Spring:

If I were a poet, A poem I'd write,
Of the wondrous beauty, Of springtime bright.
If I were a singer, A glad song I'd sing;
Of bright green meadows, And flowers of spring.
But since I am neither, I only can say,
There's nothing so pleasant, As a sunny spring day.

Mrs. Ray Swan and children and Miss Margie Matchett of Detroit are visiting their parents, Mr. and Mrs. Frank Matchett.

For Cape Cod

A charming Cape Cod cottage with a deep green roof is painted a rose-beige tone that contrasts pleasantly with the surrounding shrubbery. A gleaming white trim emphasizes the well-planned architectural detail of the trim. Shutters are the same deep green as the roof.

Decline in Fawn Crop Foreseen for Northern Counties

Deer herd reproduction in critically over-browsed northern lower peninsula range may be reduced as much as 50 percent this spring, a preliminary report on a conservation department deer research project indicates.

Examination of 43 adult does, accidently killed in car and train collisions or victims of dogs and starvation, showed 38 unborn fawns. This is an average of .87 of a fawn per adult doe as compared to the usual average of 1.5 or more fawns per adult doe.

Examination revealed 16 with no fawns, 16 with one and 11 with two fawns each. The adult females were picked up in poor range in Crawford, Roscommon, Oscoda, Alcona, Kalkaska and Ogemaw counties.

In non-critical northern lower peninsula range, department field men found 35 adult does with a total of 55 fawns or an average of 1.57 fawns each. Counting embryos and examining ovaries, game men accounted for 15 females with at least one fawn and the other 20 with two fawns each.

The project will continue through about the middle of May, when does start dropping their fawns in fair numbers.

Tourists Requests May Point to Big Season

If spring requests for travel information mean anything, Michigan's tourist industry is headed into a bang-up season, says Harry N. Rogan, travel manager of Automobile Club of Michigan.

Club travel counselors at 38 offices throughout the state are handling 14.5 percent more travel routing requests this spring than in 1950, when sour weather scotched an otherwise up-and-coming season.

Most routings being handled are for spring and summer vacations. And 42 percent of them, by actual count, are for Michigan destinations. "That bodes well for a $600,000,000 resort and travel year in Michigan," Rogan adds.

"These figures show that more and more Michiganians are considering vacationing grass less green on the other side of the fence. They're coming to realize, after expensive trips out-of-state in other years, what a tremendous vacation punch their own state of Michigan packs."

William Shakespeare

William Shakespeare's first contact with the professional theatre could not have been more humble or remote. He tended horses for the gaily dressed young gallants who came to watch the players at Shoreditch, just outside of London.

For swell entertainment for the family or children. Rent 16MM or 8MM Castle films overnight. Cartoons, adventure pictures, sport thrills and comedy available. See them at the Charlevoix Courier. Costs only a few cents a day.

BLUE CROSS and BLUE SHIELD

the only health-care plans conducted by the Doctors and Hospitals of Michigan for the people of this state

These non-profit, voluntary health-care plans exist not to make money, but to give you and your family the best possible protection against unexpected hospital and surgical bills—at the lowest possible cost.

Here, truly, is "Protection that's Priceless"—protection not measurable in terms of money alone, but in terms of the wide hospital and medical *services* available to all members. For example,

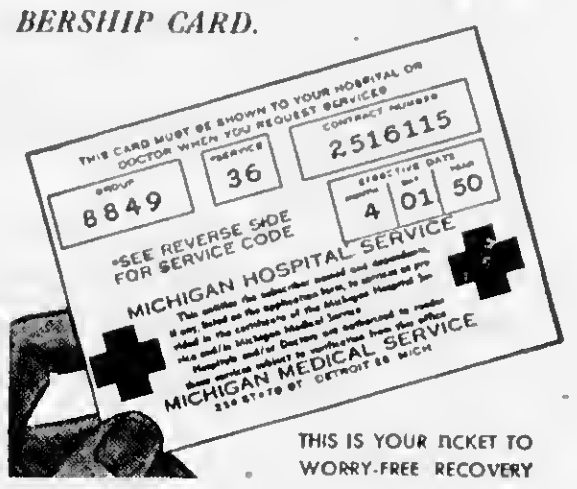
THE BLUE CROSS HOSPITAL PLAN

covers hospital bills *in full*—no matter how high the total amount—for a wide range of benefits and for up to 120 days. Here is one big reason why Blue Cross protection is so superior to other plans. With Blue Cross, there's no "red tape", no financial references or advance deposits when you are admitted to a participating hospital. All you do is show your membership card!

And for protection against Surgical and Medical bills—the Blue Shield Plan!

The Blue Shield Surgical Plan pays your doctor stated liberal amounts for surgical and medical procedures. The Medical-Surgical Plan includes payments for your doctor's calls at the hospital in non-surgical cases.

NO CONFUSION . . . NO "RED TAPE". JUST SHOW YOUR MEMBERSHIP CARD.



THIS CARD MUST BE SHOWN TO YOUR HOSPITAL OR DOCTOR WHEN YOU REQUEST SERVICES

IT HAPPENED ON ....
BEAVER ISLAND

By Mrs. J. C. Hanley

Beaver Island's perch run is still going strong. The King Strang Hotel filled to capacity twice last week and cabins were in demand. Planes continue to arrive from all over Michigan and the harbor was dotted with boats. The performance of the perch has been perfect, hungry and grabbing for the hook. Every fisherman has been satisfied with their catch.

Commercial fishermen are lowering their nets for perch. The season opened May 20.

Besides the activities centering around fishing last week, the island was visited by a number of business men and county and state departmental representives.

• • •

RAY JOHNSON, Standard Oil dealer from Traverse City and party came to the island Wednesday on business.

Glenn Forbs came up from Detroit to paint a huge sign which will be placed on the peak of the roof over the Shamrock Tavern.

And by-the-way, hot dogs with all the trimmings are being sold at the Shamrock. Archie has installed an electrical combination bun warmer and hot dog roaster and a hot puppy is available at any time.

Mrs. Larry Davison made a quick trip to the mainland to visit relatives and friends. She returned Wednesday accompanied by her mother, Mrs. Minnie Holms who makes her home in Mt. Pleasant. This is Mrs. Holms first visit to the island and she is impressed by the beauty of the island and the wonderful hospitality of the islanders.

• • •

OVER AT THE Beaver Lodge, it's a regular bee hive of activity. Workmen are not wasting one minute in an effort to have the Lodge ready for reservations by June 15. The grand opening of the Lodge will be announced at a later date. A large number of out-of-town guests are making plans to be on the island for this important event.

Judge and Mrs. E. R. Boyles, Lansing, spent several days at their cabin on Sand Bay.

Mr. and Mrs. Martin Amos, Hammond, Ind. returned to their home Saturday after spending a spring vacation on the island. They will be back on the island in August.

Due to ill health Gus Mielke has sold the lumber mill he has operated since 1913. Elston Pischner is the new owner. Elston has assisted Gus with the operation of the mill for many years. At present, the mill is running full time and producing lumber from the winter cutting.

Karl Erber and Trim Reynolds were on the island last week in the interest of county road work.

• • •

JOE MCNAMEE has moved his lumber operations from the head of the island to an area closer to the village. McNamee and crew are making headquarters at Burt McDonough's farm.

Ralph Rhutt and party from Hammond, Ind., were recently on the island to spend a few weeks at Rhutt's log cabin down at the south arm of Lake Genesareth.

Ed Rebman, county agricultural agent, met with Beaver Island farmers Friday night to discuss farm problems.

Mr. and Mrs. Peter Marks never miss a year coming up for the perch run. They were here last week with Paul Holms of Niles and occupied Lloyd McDonough's cabin in the village.

• • •

ANOTHER PARTY from Niles including Mr. and Mrs. Don Fout and Mr. and Mrs. George West.

Walt Moore, Charlevoix, was in three times last week with his cruiser for the perch run.

Jerry Whitley and Herb Moore Charlevoix, were the guests of Mr. and Mrs. Archie LaFreniere for a few days.

LeRoy Allers, Charlevoix, was a visitor to the island last week.

Mary Ellen McDonough came up from Bay City to spend the week-end with her mother, rMrs. Sophia McDonough.

Ted Danja, Detroit, was the guest of Bertha McDonough over the week-end.

Al Thorsen, East Jordan, arrived on the island Saturday with his truck. Al brought along yard sticks and kites advertising a brand of paint and there were enough yard sticks to go around but when it came to the kites, there were more kids than kites.

Mr. and Mrs. Bob Peterson, who have lived on the island for the past two years, have returned to Lansing to make their home for the present.

• • •

HARRY ALDRIDGE, district supervisor of the state conservation department and Al Eagles were visitors to the island last week.

The island has blossomed out in all it's spring beauty. The grass is so green, the leaves are putting out and in the march of wild flowers, the regal trillium is in full bloom. The fruit trees are in bloom and out on the farms grain is up an inch or two. It's the time of year that makes one feel it's great to be alive.

Weighty Currency

In early Colonial days, some New England ministers were paid in bars of iron.

Festivities Mark Graduation of Beaver Isle Seniors

Beaver Island — The colors green and silver and motto "Today we launch; tomorrow we sail" provided the theme of decorations for the senior-junior prom held Thursday evening in the Parish Hall. The two seniors, Marguerite Connaghan and Sally Cull were the honored guests.

Streamers of green and white crepe paper centered from a Maypole in the center of the hall were caught around the walls. Clusters of vari-colored balloons were tied to the Maypole and at the end of the streamers. Under each wall light, a large silver anchor was placed.

On the stage an eight foot light house with blinking beacon light flickered on and off during the evening. A sail boat, five feet in length, was anchored in an improvised harbor. A blue back drop behind the light house was the class motto.

For the dinner, the tables were arranged in U shape. Vases of cut flowers centered each table with lighted tapers placed at intervals. Small sailboats marked the places and green program booklets embossed with a silver sail boat were given each guest.

Toastmistress of the evening was Grace Gatliff of the junior class. Toast to the seniors was given by Glenn McDonough and toast to the parents by Richard O'Donnell. Janet Gallagher read the class history and Rosemary Nackerman the class prophecy. Peter Greene read Who's Who and Sally Cull the class will. Kenneth Ricksgers gave a toast to our pastor, Father Giles. Marguerite Connaghan gave a farewell to St. James High and school mates.

A program dance followed of round and square dances.

Inwood News

Mrs. John Fratrick

Mr. and Mrs. Jack Skusa have returned to their home after spending a few days visiting friends in Grand Rapids.

Mr. and Mrs. Will Ager were evening visitors of Mr. and Mrs. John Fratrick and family Sunday.

John Fratrick has returned to his home after being a patient in Little Traverse hospital, Petoskey, for five days and he is feeling much better.

The Epworth Ladies Aid met with Mrs. Guy Stutzman last week Wednesday afternoon. The next regular meeting has been postponed until June 13. Place of meeting has not been decided.

Mr. and Mrs. Simeson Martin of Stanton were supper guests and spent the night with Mr. and Mrs. Charles Wells.

Glen Bamfield of Jackson and his cousin, Garry Bamfield of Grand Rapids, were week-end guests of Earl Hoskins at the Charles Wells home.

Mr. and Mrs. Medrick Waffle were supper guests of Mr. and Mrs. Charles Wells Friday.

Ronald Lyons of Grand Rapids spent the week-end with his parents, Mr. and Mrs. Elmer Lyons.

Mr. and Mrs. Charles Wells and friends from Stanton attended a meeting at Creswell last Wednesday night.

Mr. and Mrs. Simeson Martin of Stanton visited at the Elmer Lyons home Tuesday and Wednesday.

Mrs. Alvin Morrow of Detroit is spending a week here at her home in Inwood.

Clara Miles of Charlevoix spent the week-end with Joyce Fiedler.

Mr. and Mrs. C. J. Fiedler and Mr. and Mrs. Dean Fiedler of Ellsworth spent Sunday at St. Johns at the home of Mrs. Fiedler's mother, Mrs. Swagart. They had a family reunion and the ocassion was Mrs. C. J. Fiedler's birthday anniversary.

City Softball League Ready to Open First Round Schedule on June 4

The Charlevoix Softball league will open the season Monday, June 4, with See Funeral home, last year's champs, and Silver Birches, 1950 runners-up, raising the curtain at 7 p. m. The second game is between Mailhot's and Parsel's at 8:30 p.m.

A collection will be taken up at each game to help defray the costs, and, if everyone contributes the league should operate in the black. The cost of balls and bats has skyrocketed and softball fans are asked to boost their contributions.

The city league will operate Monday through Thursday with eight teams. The old men's league will take over Friday nights with four teams and the juniors will start a week later.

Teams in the city league are See, Mailhot, Freedman, Cadillac-Olds, Silver Birches, Atwood, Parsel's and the Coast Guard. The old men's teams are Joe Williams, Michigan Cleaners, Russell's Grocery and Atwood.

• • •

JUNIOR TEAMS are Kiwanis, Lions, American Legion, Charlevoix Oil, Atwood and Belvedere. Dean Davenport will supervise league play and will be assisted by Perry Smith.

The first week's schedule follows: June 4—Silver Birches vs. See at 7:30 and Parsel vs. Freedman; June 6—Parsel vs. Coast Guard and Silver Birches vs. Mailhot; June 7—Cadillac-Olds vs. Freedman and Atwood vs. See.

June 8—Michigan Cleaners vs. Williams and Russell vs. Atwood in the old men's league.

June 11—Silver Birches vs. Coast Guard and Parsel vs. Freedman; June 12—Cadillac-Olds vs. Atwood and Mailhot's vs. See; June 13—Parsel vs. Atwood and Silver Birches vs. Freedman.

All entry fees are payable June 1 to Dean Davenport.

The available rosters follow:

Mailhot's

Bill Wallace, H. Supernaw, J. Mailhot, J. Bowman, L. Peterson, B. Bennett, G. Geneitt, B. Ward, F. Senger, R. Miller.

Freedman's

F. Martin, R. Pearl, J. Shores, I. Manville, H. Pearl, C. Bergman, G. Freedman, J. Swanson, C. Gould, J. Warner, B. Armstrong, H. Russell, W. John, G. John.

Sea's

Thinclads Close Season at State

Charlevoix's track team placed tenth with 10 points in the state Class C meet at East Lansing Saturday.

Run off in weather that was highlighted by winds up to 30 miles an hour following a rain storm which left the track and field wet, Ann Arbor University high school took the Class C title.

Greg Bryan placed fourth in the 440 yd. dash, Dale Suomela fourth and Charles Fairbanks, fifth, in the shot put and Stan Whitley, fifth, in the mile.

The meet concluded the 1951 track season.

S. E. 'Irish' Coleman is track coach.

Troop Unit to Leave for Camp

The 310th Ordinance Depot Company, composed of veterans and recruits from Emmet, Charlevoix and Antrim counties, will leave this week-end for two weeks training at Rock Island Arsenal, Ill., and Fort Leonard Wood, Mo., respectively. The training period will be from June 3-17.

Twenty-eight veterans, headed by their commanding officer, Capt. James L. Pringle of Petoskey will train at Rock Island, Ill. Lt. James E. Foster, accompanied by Sgt. E. Jack McDermott will leave Thursday to arrange for the reception of the troops at Rock Island. Others attending from Charlevoix are Sgt. Drew E. Young and Sgt. Emerald Howe.

Twenty-two recruits who are to receive basic training will report at Fort Leonard Wood and train for two weeks with the Sixth Armored Division.

The group will include Pvt. Wilfred Jansen, Pvt. Allen J. Klooster and Pvt. Peter G. Postmus of Ellsworth; Pvt. Raymond L. Williams of Ironton and Pvt. Dale E. Boss of Charlevoix.

Two other veterans who were unable to attend now will go to Camp McCoy, Wis., in September.

The outfit will return here for additional training.

Police Seek Thief with Costly Habit

Someone with a taste for expensive whiskey and cigars is believed by police here to be the person who broke into the Birches owned by Steve Dubel early Saturday morning. He took only scotch and bourbon whiskeys, cigar, cigarettes and about $6 change from the cash register.

He gained entry by removing a window from the back of the building and left the tavern by the back door.

It is also believed the same person tried to gain entry to the Central Drug store by attempting to pry open a window at the back of the store

Chief Clarence Heise stated Tuesday that the police here had questioned several persons including a Lansing man who was picked up in Indian River after breaking and entering several places in Harbor Springs but have been unable to find anyone who could not account for his actions.

New Manager Named For Liquor Store

Jack McDermott, an employee of the Michigan Liquor Control commission since Sept. 1948, has been named manager of the local liquor store.

He succeeds the late Arthur P. Taylor.

Homer Brady, who served with the Charlevoix Police department for five years, has accepted the position of clerk in the store replacing McDermott.

Several Points Cleared Up in School Vote

Several misunderstandings have been reported on the proposed new high school on which Charlevoix school district voters will cast ballots here June 14.

First of all there will be two proposals facing the qualified voters: To increase the tax-limitation by 17 mills for 20 years, and authority for the board of education to borrw $650,000 by bonding the school district.

To be eligible to vote on increasing the tax limitation, any voter must be 21, a citizen of the United States, a resident of Michigan for six months and in the school district 30 days. The voter on this propostion need not be a taxpayer but merely a qualified school elector.

To be able to vote on the borrowing and bonding the school district, one must be a taxpayer on property assessed for school district or the lawful husband or wife of a taxpayer.

• • •

SEVERAL residents have raised the question of why it is necessary to bond the district for 17 mills for 20 years when school authorities say that only 12 mills are needed for 14 years to raise the $650,000 needed to construct the new school.

The answer to this question is that 12 mills and perhaps less than 12 mills for 14 years is all that is needed to pay off the indebtedness. However, bond buyers will give much better rates of interest if there is a cushion to absorb any loss that might occur in a drop in assessed valuation. The increased rate of millage for a longer period assures bond buyers of their investment.

That is why there will be a lower rate of interest if adequate guarantees are made to the prospective bond buyers.

(Continued on Page 4)

County Rural Schools Hold Annual Picnic

Two hundred and eighty-six students, teachers and parents from seven rural schools in Charlevoix county met Friday at Whiting Park for their second annual rural school picnic.

Max Aushaugh, of station WMBN, Petoskey, was master of ceremonies for the activities which included ball games and other contests for the different age groups.

Schools represented and the number of pupils and parents were: North Bay, 36; Murray, 37; Bay Shore, 48; Ironton, 43; Horton's Bay, 20; Norwood, 28 and Chandler, 75.

Leaves for West

Jack Erber and Jack Cross left Tuesday for San Diego, Calif. They will be gone one month. They are driving west.

Mr. Bingham Bids Farewell To Another Group of Students

The last diplomas has been awarded to the 1951 class of Charlevoix high school graduates, the last cap and gown has been packed and the last report card signed for the present school year and one member of the faculty particularly is pausing for a moment to give a brief thought to the past before looking forward to the future.

He is Harry E. Bingham, a member of the faculty here since 1928 and high school principal since 1934.

The present class of graduates is the seventeenth he has prepared for graduation for it is he who looks after all the little details from ordering announcements to teaching them to march for baccalaureate and commencement. In the past 17 years he has seen more than 800 students leave the Charlevoix high school with their coveted diplomas.

• • •

MR. BINGHAM, a native of Gobles, is a graduate of the University of Michigan. After one year at Caledonia and another year in California where among other things he was employed by the Southern California Edison Co., he returned to Michigan and in the fall of 1928 came here as junior high school teacher and physical education instructor.

In 1934 he became high school principal, a position he still holds.

Besides his principal's duties he teaches government.

Despite the fact that he is no longer associated with coaching, he is still keenly interested in sports.

The scope of his job and the efficiency with which he performs his duties was never really appreciated by those outside the school system until December 1949 when he suffered an illness which forced him to give up his principal's duties for several months. He returned on a part-time basis late in the school year in time to prepare the 1950 class for graduation.

Harry Bingham

• • •

HIS ABSENCE revealed the value of his too often "taken for granted" and reliable management.

But he's back on the job now, working as hard as before and at times, accomplishing the impossible, giving boys and girls of Charlevoix the best years of his life.

Outside of the school system he has been a charter member of the Charlevoix Kiwanis club and has served in all the club offices. During the summer months he is business manager at Camp Charlevoix.

Group Hears Parole Officer At Banquet

Some 150 farmers and their hosts, Charlevoix businessmen and professional people, heard a first-hand account of life behind the walls of Southern Michigan prison, at the annual banquet Monday night at the high school.

Alden Nelson, parole officer for the Traverse City district, former guard and educational director at Southern Michigan prison, narrated a motion picture showing actual conditions in the world's largest prison near Jackson.

In explaining the work of the state corrections department, Mr. Nelson said that more than 87 per cent of the men paroled become useful citizens again in their communities. "The other 13 per cent, those who fail to make the most of their adjustment, are the ones you hear about in the papers and over the radio, he said.

"We never hear a single word about those men and women who make good after returning to society", he declared. He pointed out that every effort is made to rehabilitate the inmates so that they can become good citizens again.

Kiwanis Club President Gordon L. Freedman presided over the meeting which was held in lieu of a Kiwanis weekly meeting. He introduced Clarence Meggison, program chairman, who had charge of arrangements for the banquet.

Red Cross Drive Hits 82 Per Cent Mark

A report on the results of the annual American Red Cross fund drive in Charlevoix county has been issued by Walter C. Bergeon of Charlevoix, fund chairman.

The total contributions in the county was $3,005 or approximately 82% of the goal of $3,550.

The various communities and their contributions were: Boyne City, $903.00; East Jordan, $1,000.00; Charlevoix, $800.00; Boyne Falls, $86.77; Walloon Lake, $94.15; Ironton, $47.27; Hayes township, (Burgess and Bay Shore), $17.50; Hayes township, (Route 3), $14.50; Barnard, $15.00; Norwood, $17.25; Marion Center, $10.00.

A few more contributions are still expected. If you have not contributed and would like to, send a check or money order to Mr. Bergeon at Charlevoix.

Objections Raised on 4 Mill Levy

Four major school districts in Charlevoix county have appealed to the State Tax commission following the decision of the Charlevoix county tax allocation board to allocate only four mills to all but three small school districts in the county, it was learned here Tuesday.

Other schools may also appeal to the State Tax commission and several have voiced intentions of appealing. The four which have appealed were Boyne City, East Jordan, Boyne Falls and Charlevoix.

The appeals are made directly to the tax commission and the local allocation board will be notified of the date of hearing by the state tax commission

Despite the fact that budgets apparently showed a greater need all schools with the exception of Murray, Burgess and Bay Shore districts were allocated four mills. The three Hayes township schools received five mills.

The final allotment of the available 15 mills gave 10 to the county, eight for operational expenses and two for the courthouse sinking fund, four to the schools with the above exceptions and one to all townships except Hayes and Charlevoix townships.

In 1950 the same allocation was made and after the schools appealed to the tax commission, they were given five mills, the extra mill being taken from the townships.

44 Scouts from Charlevoix at Area Camporee

Forty-four Charlevoix Boy Scouts and their leaders, Leonard Burns and Dr. C. O. Whitten, attended the annual Boy Scout Camporee at the Hardwood Forest nine miles east of Walloon Lake from Friday until Sunday afternoon.

In all 154 Scouts and 22 leaders from Petoskey, Charlevoix, Pellston, Gaylord and Kegomic attended the annual event.

The Charlevoix boys made the trip by school bus. Arriving late Friday afternoon they pitched their tents in the rain and prepared their supper. 35 members of the group were taken out early Saturday 14 miles from camp and walked back, completing many of their first class requirements on the way. The best time for the hike was 3 hours and 5 minutes.

Saturday afternoon the youngsters enjoyed games and contests and during the evening the Camp Fire under the direction of

(Continued on Page 4)

Andy Essenberg Tells Of Coming Home Soon

The long-awaited letter came to the home of Mr. and Mrs. Andrew Essenberg sr., Monday from their son, Cpl. Andrew Essenberg jr., telling them that he was coming home from Korea.

In the brief message he said he'd been pulled out of the fighting line in Korea to be brought home in the army's rotation plan.

After a few days in Korea and a few more in Japan, he expects to sail for home. The letter was dated May 22.

Cpl. Essenberg has been in Korea since mid-July when he was sent there with the Seventh Division which had been doing occupation duty in Japan. He has been in the service since Sept. 1948 and overseas since May, 1949

Coming Events

June 4—Guild of Lutheran Women will meet at the home of Mrs. Harold Kruse at Eastport.

June 6—The Women's Fellowship of the Congregational Church will meet with Mrs. Alfred Brow on Belvedere Avenue at 2:30 p.m.

Women's Rooms Taxed Beyond Capacity

Crowded Rooms, Noises Annoying to Patients

Editor's Note—This is the second in the series of news articles on the recent Charlevoix hospital. The articles are presented in the belief that most residents in the Charlevoix area do not realize how crowded present facilities are. It will take the assistance of every resident in the area to speed the building of a new and up to the minute hospital.

In the opening news article on the conditions of the hospital, the first floor and its great need for expansion was discussed. The second floor of the present building has facilities which make it dissagreeable for patient and nurse alike.

Many of the hospital's patients are children. So years ago it was thought advisable to have a pediatric room. But nine-tenths of the time the room is utilized as a semi-private or private room, resulting in children being placed in all parts of the hospital.

• • •

THIS CONDITION is particularly true in the women's ward which is crowded at least 75 percent of the time. Many times visitors complain that children are coughing and crying, thus interfering with the care of the women patients. Certainly, it is a legitimate complaint.

The woman patients are not able to get their rest while young children are in the rooms intended for adult treatment and convalesence.

Picture this situation which occurred while visiting the hospital recently. A woman patient had a severe headache, a by-product of a serious illness. She needed a private room. There were none to be had. In fact there are only two in the hospital and many times these are used as semi-private rooms.

• • •

THE WOMAN was exceedingly restless. But conditions forced the admittance of a 11-year-old girl into that room. The woman's husband complained that if the child were not removed from the room, he would take her elsewhere even though her condition warranted her remaining in the hospital.

The child was finally put in another crowded room. It was either this or else put the child in the hall so that all the patients on the second floor could hear her cough.

And yet this condition is witnessed many times each month by the hospital staff and nurses. This is by no means the most serious condition. Take the case of the delirious patient who talks continually through the night and at times gets up and walks into another room or ward. That is frightful for a healthy person but more terrifying for those who are ill or recovering.

THE NOISE in the present hospital is something which cannot be controlled. You can't still a person who is seriously ill from sobbing or moaning with pain. Despite the yeoman efforts of the night nurses, night noises continue to upset the sleep of the patients. Many complain they are unable to sleep or rest at night.

The admittance of emergency

Ruling on 'Fair Trade' Is Long Overdue

At last another Supreme Court decision has caught up with sidewalk opinion. This means merely that a long-brewing controversy has finally reached a point where fog must be dispelled. The court says the "fair trade" laws, up to now effective in 45 states, do not bar retailers from ignoring price agreements which they have not signed.

The crux of the state statues was that if a manufacturer got a signature from only one retailer to a minimum price agreement, all retailers in the state were obligated to abide by it. This week's decision had reference only to an appeal against the Louisiana "fair trade" law, but assumed to apply also to the others.

The manufacturers relied on the Miller-Tydings amendment to the Sherman Antitrust Act. This was aimed to exempt from antitrust prosecution firms operating under the state laws which allowed resale price maintenance. The state laws presumably validated the agreements even as to nonsigners, and two lower court decisions so affirmed. But the high court did not go along. By a 6-to-3 judgement to said price fixing could not be imposed on persons who have not assented to it. "That," said the majority, "is price fixing by compulsion. That is not . . . consensual agreement; that is resort to concern."

Abrogation of the nonsigner clause will undoubtedly cause a crumbling of price-enforcement machinery in the other 44 states unless producers are able to get recalcitrant retailers to sign. One large department store sees in it a victory for a free market. Many druggists look for a return to price cutting and loss leaders.

Since estimates indicate that fair trade agreements cover only about 5 per cent of the total of nationally trade-marked products, price savings to consumers will be limited.

In essence, the "fair trade laws" run counter to the law of supply and demand and to the American competitive system. They are a progeny of depression thinking, and their demise is difficult to regret.

Supreme Court May OK Gas Tax Hike

The controversial increase in the state tax on gasoline, passed over the governor's veto after one failure, continues to hold the spotlight of attention in Lansing.

A ranking spokesman for the State Highway department predicted that the State Supreme Court would uphold the legislature's action over riding the veto by the Democratic governor.

The increase in gas tax has been one of the thorniest issues of the current session. The over riding of the veto was historic in itself because it marked the first time in the memory of the legislative old-timers that the legislature had reconsidered an issue after failing to obtain enough votes to cancel the governor's veto.

An early test in the courts is seen for the gas tax increase, which would if upheld, mean one and one-half cents increase in state gas taxes. The governer has expressed himself as saying that the increase is more than is needed to restore the roads to good condition.

There are several hundred road commission men from Wayne county to the upper peninsula which have taken issue with Governor Williams on this opinion. They are quick to point out that even the increase will hardly be enough. The Charlevoix County Road Commission concurs in this belief.

While the condition of Charlevoix county roads are not considered as bad as some in the state, it goes without saying that many hundreds of thousands of dollars are needed for repairs and improvement.

It is generally conceded that the Road commission and its staff, headed by Trim Reynolds, have done a good job, considering their paucity of funds, but nevertheless, the news that there is a good chance of the legislature being supported by the supreme court is greeted with enthusiasm.

The legislature was able to cancel the governor's veto when several Democratic legislators changed their minds and voted for the state's best interest instead of hewing the CIO line as was evident when the first vote sustained the veto. The vote was strictly on party lines.

Charlevoix county as the other counties in northern Michigan have more than a passing interest in this increase in gas taxes. Northern Michigan must have excellent highways if they are to attract tourists and resorters from other states.

ODDS 'N ENDS

By Fran Martin

How many of you have remembered that next Wednesday will be the sixth anniversary of the Normandy invasion . . . It seems so long ago and yet like yesterday . . . Being awakened in the night by the news . . . the scant news reports of the invasion which everyone had expected and yet dreaded . . . Never again will we hear the Battle Hymn of the Republic that we won't immediately think of that day . . . Many people we know remember it well for they had loved ones there . . Yes, there were other invasions equally important but none which were brought so close to the American public . . . Millions and millions of prayers were said that day . . . Come next Wednesday, why not remember the day with a few prayers for the future . . .

• • •

REMEMBER we mentioned the Tugboat race in the Detroit river last week? . . . Now we learn that Harold Isaksen of this city was chief engineer on the John Roen which placed second in the race . . . His sister, Mrs. Iogma Pontius and his wife were also among those on hand for the event . . .

A big 'thank you' to one of our readers in Jackson . . . came a clipping of this column with some very worthwhile criticisms . . . Many thanks . . . we'll keep them in mind . . . And next time you come to town, we hope you catch lots of perch too . . .

• • •

DID YOU see all those little cedar chests in the window of a downtown store and, like us, wonder what they were for . . . We're happy to tell you that each of the girls in the graduating class received one . . . We wouldn't mind going back and graduating again if we were to receive such nice unexpected gifts . . . You lucky gals . . .

• • •

ABOUT ONCE a year, it seems, a curious porcupine decides to explore the city and is found somewhere where one least expects to see such an unwelcome visitor . . . This year he only got as far as the north side where he created quite a lot of interest when someone spotted him in a tree at the Palmer House at the Petoskey ave. Michigan ave. Junction . Being a cautious character he remained in his lofty perch until darkness and people gave him an opportunity to take off for the wilds again . . But not before everybody in the neighborhood had taken a look-see . . . Before too long we expect to hear that a deer has ambled down the business district . . . After all, it's practically an annual occurence.

• • •

GEE . . looks like summer's going to come a little early this year . . . Scads of visitors over the week-end . . . inquiries about cottages . . . and quite a few part-time residents here to see about their cottages . . . Shutters are coming down all around town and things are begining to look up . . Let's hope the weather we've been enjoying stays with us for the next three months at least . .

As you've noticed from articles elsewhere in the Courier there's a special election coming up next month . . . You're going to be asked to vote on two issues . . . one to grant permission to bond for a new school and second, the amount of the bond issue . . . We're not going to tell you how to vote on the project . . that isn't our job . . but we are asking that you study the issues carefully before you decide for or against them . . . there are a lot of things to be taken into consideration . . . whatever your decision . . . make sure it's what you want . . . Remember there's a lot at stake . . .

• • •

HE'S DONE it again . . . this time it's the June issue of the Farm Journal . . . Of course you know we're talking about Prof. Perry G. Holden . . . and the story's entitled "Grandfather of 12,500 extension workers, that is; we could use more Perry Holdens" . . The article's in the section known as Ray's Ramblings and is written by Ray Anderson of Cedar Rapids, Iowa, an associate editor of the magazine . . . In it he pays tribute to Prof. Holden for his part in starting the extension service as we know it today . . . According to the story it all started 48 years ago . . . in the little village of Hull, Iowa, and it's grown until we pretty much take county agents and their job for granted . . . About Prof. Holden Anderson says: He never pushed himself--doesn't yet. He pushed for the welfare of all farmers everywhere. Truly a great man. I wish there were more Perry Holdens in this world, instead of so many who want credit, sometimes, even for things they don't do . . . To which we add our 'ditto'

Girl Scout News

Day Camp

Day camping will be June 4 to 8 under the direction of Mrs. Herbert Irish, who is a trained camp councelor.

Unit leaders will be: Mrs. Fay Davis, Mrs. Franklin Curtis, Mrs. George Roff, Mrs. Kenneth Cellner, Mrs. Charles Duerr, Mrs. Ronald Ahfalter, Mrs. Karl Erber, Mrs. Alden Ulrich, Mrs. Clayton Smith, Mrs. Edwin McCann and a few others yet to be contacted.

Story tellers are needed for one or more days between 12:30 a.m. to 1:30 p.m. to read to the children during their rest period. Also allowing the unit leaders some time to confer with Mrs. Irish.

All children registered for Day Camp should be at the city hall with a nose bag lunch at 9 o'clock on June 4. The bus will take them to the Church of God camp grounds and will return them at 3:30 to the city hall.

• • •

TROOP CAMPING

Troop No. 5 under the leadership of Mrs. George Lusk and Mrs. Jack Mailhot will go to Indian River from June 1 to 3. Their nurse will be Mrs. Larry Grate.

• • •

Troop No. 2 under the leadership of Mrs. Louis O'Neil and Mrs. George Smith will go to Tenbrook cabins at Bellaire, Mich. from June 6 to 10. Mrs. Robert Wexstaff and Mrs. J. F. Scudder will divide the week as camp nurses.

• • •

Troop No. 3 under the leadership of Mrs. Randall Crump, Troop No. 5 under the leadership of Mrs. Joe Williams and Mrs. Ray Kipke and troop No. 7 under the leadership of Miss Barbara White and Mrs. Mark Cross will all go to Ocqueoc Camp on June 1 to 6. Mrs. Robert McClure will be the camp nurse.

• • •

Troop No. 8 under the leadership of Mrs. Ralph Hamilton will go to Camp Charlevoix. Their date is undecided and will be published later.

• • •

Troop No. 1 under the leadership of Mrs. Lester Smith and Miss Ruth Richards will go to Indiana River from June 10 to 17. Their camp nurse will be Mrs. Mike Rice.

Valley Forge

An iron forge, burned by British forces in September, 1777, gave Valley Forge its name. Its ruins, beside tiny Valley creek in the quiet vale to the west of the camp slopes, have been excavated and preserved for visitors to see.

Packard Patrician '400'—most advanced motor car in America

Car details as shown are subject to change without notice

Newest of them all . . . . and built to stay that way!

Everywhere you look, it's not only the *newest* new car of the year . . . but the car most likely to *stay* that way!

Consider styling. Packard gives you the newest ideas in functional design—plus—traditional Packard *exclusiveness* that defies year-to-year "dating."

Take power. Packard Thunderbolt engines give you the peak efficiency of America's highest-compression eights. Plus: the service-free simplicity of a design with up to 25% fewer working parts than in engines of comparable power!

Or study automatic drives. Packard—and Packard alone—offers the unequalled smoothness and efficiency of *Ultramatic Drive.* And here again, there's service-free simplicity that puts this Drive in a durability class of its own.

Look into the rattle-proof rigidity of Packard Armor-rib body construction . . . the *lastingly* smooth firmness of Packard's own broad-beam suspension system . . . *look deeper than you've ever looked into a car before!* You'll know, then, why Packard holds motordom's most consistent durability record:

Of all the Packards built—in the last 52 years—over 50% are still in service!

Let that be your final clue to the most *far-sighted* good buy in the automotive field today!

It's more than a car—it's a PACKARD

MILK

is a Food Bargain

Despite the advance in milk prices, milk gives you more food value per dollar than any other food.

Here's what a food expert, Mrs. Alice H. Smith, chief nutritionist for the Michigan Department of Health says: "Penny for penny milk provides more food value than any other food".

Serve your family more milk each day. They will enjoy better health.

Now that warm weather is approaching, your family's appetities become a little jaded. Serve them a cool glass of Maxbauer's Homogenized milk. It's delicious and it's good for children and adults alike.

At your door or at your store

I See by the Courier . . .

Mr. and Mrs. Tom Coxe and son, Terry, returned home last week after spending the winter months in Scotsdale, Ariz.

Larry Pedersen who has concluded his term at Davenport Institute, Grand Rapids, has returned here for the summer months.

Mr. and Mrs. John McKenney returned Thursday to join the crew of the freighter, Wilfred Sykes, after spending several days with the latter's parents, Mr. and Mrs. Elmer Poole, sr. They are both porters on the largest freighter in the Great Lakes and rejoined the ship at East Chicago, Ind.

Mr. and Mrs. Charles Wilkinson were expected here Wednesday for the Memorial Day holiday.

Mrs. William Hair returned home last Wednesday after spending the school term at Midland where she taught at the Waldo school.

Mrs. Anna Sorenson arrived late Saturday from Quincey, Ill., to visit her son-in-law and daughter, Mr. and Mrs. Klaus Andersen and to attend the graduation of her grand-daughter, Viola Andersen.

Mr. and Mrs. Don Jadwin of Flint spent the week-end with the latter's parents, Mr. and Mrs. Charles Heise.

Mr. and Mrs. Clarence McCalmon and daughter of Detroit spent the week-end with his parents, Mr. and Mrs. Walter Smith.

Mr. and Mrs. Douglas Stanke of Lansing spent the week-end with Colleen Reed and attended baccalaureate services Sunday evening.

Mrs. Glenn Cummings and grandson, Ray Cummings, of Detroit, spent the week-end with relatives here.

Mr. and Mrs. Lee Scroggie returned to Detroit Sunday after spending the week-end here.

Mr. and Mrs. Ray Dodd and son, Bobby, visited their parents, Mr. and Mrs. Harry Elzinga of Birchwood Ranch.

Thorp-Powell Nuptials Read In Home Ceremony on Saturday

Thelma May Thorp, daughter of Mrs. William Thorp, became the bride of John J. Powell jr., son of Mrs. John J. Powell sr. of Atwood at an impressive ceremony solemnized at the home of the bride's mother Saturday evening. The Rev. W. D. Wood read the double ring service before an improvised altar of spring flowers in the presence of 75 guests.

The bride selected a white satin gown designed with a sweetheart neckline, long sleeves and a full skirt for her wedding. Her fingertip veil fell from a seed-pearl tiara and she carried a bouquet of white roses and sweetpeas.

Maid of Honor

Wilma Thorp, sister of the bride, was maid of honor and Virginia Taylor and Freda Taylor were bridesmaids.

Miss Thorp's gown was of spring green satin styled with a sweetheart neckline, short sleeves and a full skirt with a net overskirt. She wore a floral headdress and carried a bouquet of red roses and sweetpeas. The Misses Taylor wore dusty rose and yellow gowns respectively, styled similar to the maid of honor' matching headdresses and carried bouquets of white carnations.

Joseph Powell of Atwood assisted his brother as best man.

Chooses Light Blue

Mrs. Thorp chose a light blue crepe gown, matching accessories and a corsage of pink and white carnations for her daughter's wedding. Mrs. Powell, mother of the bridegroom, wore a green and white figured gown, matching accessories and a corsage of green and white carnations.

Immediately following the service a reception was held. A three tiered wedding cake graced the refreshments table which was decorated with bouquets of spring flowers. Spring blossoms also decorated the rooms.

The couple plan to leave later in the week for a wedding trip to Indiana. For traveling the bride will wear a light gray suit and white accessories.

They will return to northern Michigan to make their home.

Among those from away who attended the wedding were Mr. and Mrs. Ed Thorp and Mr. and Mrs. Arthur Christ of Lansing.

Mrs. Askren Feted At Local Shower

Mrs. George Bergmann and Mrs. Stanley Moore entertained at a pink and blue shower at the latter's home Thursday evening honoring Mrs. Herman Askren. The guests enjoyed a social evening and refreshments.

Those present were Mrs. Harold Dutcher, Mrs. Herbert Schofield, Mrs. Frank Kenyon, Mrs. Ted Bergmann, Mrs. William Bergmann, Mrs. Frank Bird, Mrs. Alfred Brow, Mrs. Robert Bergmann, Mrs. Charles Bergmann, Mrs. Clair Stevens, Mrs. Robert Pearl, Mrs. Richard Bergmann, Mrs. Eugene Bergmann, Mrs. David Miller, Mrs. Robert Livingston, Mrs. Warren Allison.

Stork Shower Honors Mrs. William Lusk

Mrs. William Lusk was guest of honor at a stork shower given Friday evening by Mrs. Bruce Henley at the latter's home. Guests enjoyed a social hour and refreshments served at a table decorated with spring flowers.

Present were Mrs. Kenneth Forbes, Mrs. Keith Wagner, Mrs. Don Parsel, Mrs. Alfred Bergmann, Mrs. Jake White, jr., Mrs. Jack Mailhot, Mrs. Claire Martin, Mrs. George Plumm, Mrs. Jerome Whitley.

BABY TALK

Births recorded recently include.

A son born to Mr. and Mrs. Marvin Roberts of Boyne City, May 24.

A daughter, Kara Lee, born to Mr. and Mrs. Donald Mills May 26. Mrs. Mills is the former Donna Henry, daughter of Mr. and Mrs. Dallas Henry.

Juniors Stage Thinclads Meet

The seventh and eighth grade thinclads closed the 1051 track season here Friday with a meet at Kipke field. Six events were run off with Varsity track members serving as officials.

Bill Jolliffe placed first in the broad jump with a 15 foot 0⅛ inch jump. He represented the eighth grade team. Others were Tom Gibbons (8), second; Joe McDermott (8), third and Worth Besemer (7), fourth. Other participants were Kit Carson (7), Charles Dennis (7), Jack Stebe (8), Gene Towsley (8) and Pete Ulrich (8).

Joe McDermott took the pole vault at 7 ft. 6 in. with Clayton Walker (7) and Charles Dennis (7) tieing for second. Kenny Boss (8) was third. Others participating were Tom Goss (8), Larry Swanson (8) and Carson.

In the high jump McDermott and Gibbons tied for first at 4 ft. 3 in. Besemer was second and Jack Stebe (8) third. Others were Dennis, Carson, Bob Waffle (8) and Mike Seymour (8).

Besemer took the shot put with a toss of 29 ft. 4 ¾ in. with McDermott second, Gibbons, third, and John Connolly (8) fourth. Others in the event were Ulrich, Jerry Stebe (7), Carson, and Dennis.

Gibbons placed first in the 120 yd. low hurdles in .11 seconds. Carson was second, Boss, third, and Dennis fourth. Others in the race were Swanson, Goss and Melvin Johnson (8).

Bill Jolliffe placed first in what was to have been the 100 yd. dash but was actually an 80 yd. run. No time was taken because of the error. Gibbons was second, McDermott, third and Besemer, fourth. Others in the race were Carson, Dennis, Ulrich, Jack Stebe and Jerry Stebe.

Eighth graders who participated in the meet will be eligible for next year's Varsity squad. Several of the younger lads show great promise, according to Coach S. E. Coleman, and have come a long way since the season opened.

Returns Home

Mrs. Charles Novak returned home last week after spending the winter months at Sumter, S.C., with her son-in-law and daughter, Capt. and Mrs. J. F. Webb and son, Tommy.

Two Local Youths Hurt in Accident

Two Charlevoix youths were injured early Sunday when their car went off the road near the Petoskey ave.-Prospect ave. intersection on US 31 and sideswiped a tree.

Robert Ouderkirk, 25, driver of the car owned by his companion, William Vosberg, 24, told police he left the highway to avoid hitting a car that drove out from Prospect avenue from the south. Ouderkirk was going west on the highway entering Charlevoix at the time of the accident.

Ouderkirk was discharged from the Charlevoix hospital Monday after being treated for lacerations and bruises. Vosberg remained in the hospital for treatment of severe facial lacerations, a fractured jaw and nose. His condition is good.

The car was severely damaged.

44 Scouts Attend Weekend Camporee

(Continued from Page 1

Russell Brumbaugh of Petoskey. Catholic and protestant church services were held Sunday morning.

Camp broke up at 1:30 p.m. and the boys returned home. Leo Berg with a truck brought home their equipment. A Maxbauer creamery truck transported the equipment to the camp.

Attending from Charlevoix were: Tony Ashdon, James Bump, George Farmer, Paul Allers, Bruce Bergmann, Lawrence Bergmann, Kit Carson, Gary Coveyou, Charles Dennis, Paul Foster, Clarence Peters, Walter Pouquette, Lynn Richards, Glenn See, Harlin Smith, Jerry Foster.

Ellsworth Besemer, Peter Gaskin, Charles Pierce, Douglas Reynolds, Richard Sanford, Richard Sutton, Clayton Walker, Earl Burns, Ernest Smith, Larry Ingalls, Charles McDermott, Tom Erber, Clifford Pierce, and James Flynn, all of Troop 11.

Don Reynolds, Duain Walker, Stuart Walker, Larry Burns, Tom Bleha, Bill Mosier, Bob and Joe McDermott, Bob Richards, Jack Niswander, Jerry Paul, David Glassford, Quinton Walker and Gordon Mol, Explorer Scouts of Troop 211.

Eating between meals helped to develop the sandwich spread.

Charlevoix IN UNIFORM

Tracy L. Harvey, fireman apprentice, USN, is now serving aboard the destroyer, USS Porterfield, which he helped to recommission at the U. S. Naval Station, San Diego, Calif.

A unit of the Pacific Reserve Fleet since her de-commissioning in 1946, the Porterfield will rejoin the active fleet after an overhaul at a west coast shipyard and a refresher training period for her crew.

Harvey is a navy veteran of World War II. He is the son of Mr. and Mrs. Walter Harvey of RR3.

County Men Listed For June Induction

The names of the Charlevoix county men who are to report for induction into the armed forces in June have been released by the Charlevoix county draft board.

They are Lyle R. Fletcher of Boyne City and Walter L. Fales of East Jordan.

The local draft board has not been notified of the date of induction.

Romas A. Dubas of East Jordan who was named to the draft board to succeed George Secord of East Jordan was also present for the meeting Thursday night.

Community Service Elects Six Directors

Ellsworth— A general meeting of the Community Service program was held at the Community hall Friday evening.

At this meeting six people were elected to the Board of Directors. Another six will be elected at the next general meeting.

Elected at this meeting were: Henry Elzinga, Gerrit Drenth, Del Clow, Rev. Wayne Lemmen, Henry Smith and Mrs. Hattie Boss.

Clear Several Points In School Proposal

(Continued from page 1)

It is expected that the school district bonds, if approved by the voters, will pay less than 3 per cent. Some schools in southern part of the state have borrowed money at less than 2 per cent. A lower rate of interest will mean that the bonded indebtedness will be retired sooner than anticipated.

A question has been raised about "giving the board of education a blank check on the 17 mills for 20 years."

The facts are that regardless of how many mills are approved by the school district, the levy can be only used for construction of a new high school and that as soon as the school is paid for the millage increase becomes void.

* * *

ANOTHER question coming up is the need for additional property. Some additional property on Clinton and Mason streets is necessary. The new building will be constructed in two parts in order to be assure continued use of the old building while the new is being built.

The building will have the equivalent of 27 rooms. They will include a music room, study hall, home rooms for all grades, science laboratory, homemaking room, rooms for English, mathematics and social studies, a speech room, a 27 by 40 agriculture room and a shop for both metal and wood working to be 40 by 90 and a cafeteria. No auditorium or enlargement of the gymnasium is provided.

Actual cost of the project will be at the rate of $12 per thousand on assessed valuation. There is a strong likelihood that the school bonds could be paid off in less than 14 years. If this is realized, the increased millage will be abandoned when the school is paid for.

Ellsworth Spotlight

Mrs. William Best

Mr. and Mrs. John Wynsma of Grand Rapids were week-end visitors at the homes of their parents, Mr. and Mrs. Charles Edson and Mr. and Mrs. Egbert Wynsma.

Wednesday evening supper guests at the Merion Best home were Rev. and Mrs. H. C. Alexander and Ruthanna of Boyne City and Miss Margie Thomas of East Jordan.

Charles Wise of Detroit spent the week-end at his cabin here.

Mr. and Mrs. Casey DeVries of Lucas spent a few days last week with Mr. and Mrs. Gerrit Drenth.

Mr. and Mrs. Merion Best, Miss Margie Thomas, and Mrs. Bill Best and Janis took Cpl. Howard Best to Traverse City Wednesday afternoon. Howard left from there by plane for Washington D. C. and went the remainder of the way to Camp Stewart, Georgia, where he is stationed, by train.

Miss Dena Huervelhorts returned to her home in Grand Rapids after spending two weeks with her niece, Mrs. Mary Tillotson.

Mr. and Mrs. Dick Bouma of Grand Rapids spent the week-end at their cabin here.

A surprise party was held at the home of Mr. and Mrs. Richard Hoffman Thursday evening when several neighbors gathered to help them celebrate their 10th wedding anniversary. Attending the party were Mr. and Mrs. Leo Ernst, Mr. and Mrs. John Burns and Mr. and Mrs. Miner Veenstra. The Hoffman's were presented with a lovely gift.

Mr. and Mrs. Edward Bradford and family were Sunday guests at the home of Mr. and Mrs. Bernard Best and Marvin.

Mr. and Mrs. Bud Postmus and family have moved to their new home across from the Ebenezer Christian school which they recently purchased from the Gerrit Bergsmas.

The Seniors returned home Friday from their trip to Niagara Falls, New York City and Washington D C. They report they all had a wonderful time and saw many interesting places.

Mr. and Mrs. Abe Steenhagen of Grand Rapids spent the week-end with his sister and family Mr. and Mrs. John Wieland. On Wednesday, Mr. and Mrs. Henry Steenhagen and family of Muskegon Heights came for a few days visit with the Wielands.

Mr. and Mrs. Guy Woodard, Mr. and Mrs. Murray Woodard, Mr. and Mrs. Glenn Taylor and family and Mr. and Mrs. Louis Woodard and family all of Levering, were Sunday afternoon callers at the Merion Best home.

Mr and Mrs. L. E. Wuerfel and family of Zeeland spent the week-end with her father, Henry Reamsma.

Mr. and Mrs. Brander of Grand Rapids spent the week-end at their cabin here.

Edgar Boeve, a recent graduate of Calvin college, Grand Rapids, arrived this week-end for an indefinite stay with his parents, Rev. and Mrs. Boeve.

Miss Cornelia Fielstra of Holland was a week-end guest at the home of her parents, Mr. and Mrs. Albert Fielstra.

A capacity crowd attended the Baccalaureate services at the Ellsworth Christian Reformed church Sunday evening. A fine message was delivered by Rev. Wayne Lemmen.

Several local people attended the commencement exercises in East Jordan Friday evening.

Mr. and Mrs. Louis Lamb and children spent the week-end with her parents, Mr. and Mrs. Henry Black.

Mr. and Mrs. Wren Chellis were Sunday evening visitors at the home of Mr. and Mrs. William Coeling.

Victor Oosterbaan of Grand Rapids spent the week-end with his parents, Mr. and Mrs. Dick Oosterbaan.

Miss Beatrice Oosterbaan of Grand Rapids was a week-end guest at the home of her parents, Mr. and Mrs. John Oosterbaan.

Miss Lorraine Kuiper of Grand Rapids spent the week-end with her parents, Mr. and Mrs. Tony Kuiper.

Ronald Donaldson took fourth place at the State track meet at Ann Arbor Saturday.

Week-end visitors at the home of Mr. and Mrs. George Drenth were her sister, Annetta Holwerda and cousin, Margie Halwerda of Grand Rapids.

Miss Betty Hoolsema and friend of Grand Rapids were week-end visitors at the home of her sister and family, Mr. and Mrs. Ben Timmer.

Mr. and Mrs John Timmer were Sunday evening guests at the home of his father, H. J. Timmer.

Rev. Hoekstra showed slides at the Atwood Reformed Church on Memorial Day.

The Ladies Aid of the Atwood Reformed Church will have a bake sale Saturday afternoon at the Quality Food Store.

John Aalberts, son of Rev. and Mrs. Gratus Aalberts passed away May 24. He would have been eleven year old July 6th. Rev. Aalberts was pastor of the Atwood Reformed Church. They are now living at Leighton, Iowa.

Mr. and Mrs. Datus Dean were Sunday dinner guests at the home of Mr. and Mrs. Arlo Wickersham.

Notice of Special Meeting

OF THE

Qualified Electors

OF

Charlevoix Township Unit School District

(CHARLEVOIX PUBLIC SCHOOLS)

Charlevoix and Antrim Counties, Michigan

To Be Held

June 14, 1951

TO THE QUALIFIED ELECTORS OF SAID SCHOOL DISTRICT:

PLEASE TAKE NOTICE that a special meeting of the qualified electors of said School District will be held in the High School building in the City of Charlevoix in said District on the 14th day of June, 1951, at 10 o'clock a.m.

THE POLLS OF ELECTION WILL OPEN AT 10 O'CLOCK, A.M. AND CLOSE AT 8 O'CLOCK, P.M., EASTERN STANDARD TIME:

The following propositions will be submitted to the vote of the electors qualified to vote thereon at said special meeting:

I. Shall the limitation on the total amount of taxes which may be assessed against all property in Charlevoix Township Unit School District (Charlevoix Public Schools), Charlevoix and Antrim Counties, Michigan, for all purposes, except taxes levied for the payment of interest and principal on obligations incurred prior to December 8, 1932, be increased, as provided by Section 21, Article X of the Constitution of Michigan, by one and seven tenths per cent (1.7%) of the assessed valuation, as equalized, of all property in the School District for a period of twenty (20) years, from 1951 to 1970, both inclusive, for the purpose of providing a debt retirement fund to pay the principal and interest on bonds of the School District in the principal amount of Six Hundred and Fifty Thousand Dollars ($650,000) to be issued for the purpose of erecting and furnishing a new high school building and acquiring additional land for site purposes in said District?

II. Shall Charlevoix Township Unit School District (Charlevoix Public Schools), Charlevoix and Antrim Counties, Michigan, borrow the sum of not to exceed Six Hundred and Fifty Thousand Dollars ($650,000) and issue its bonds therefor, for the purpose of erecting and furnishing a new high school building and acquiring additional land for site purposes in said District?

Each person voting on the proposition to increase the total tax rate limitation must be a citizen of the United States, above the age of 21 years, and have resided in the State of Michigan six months, and in the School District 30 days next preceding the election.

Each person voting on the proposition of borrowing and issuing the bonds of said School District must be a citizen of the United States, above the age of 21 years, and have resided in the State of Michigan six months, and in the School District 30 days next preceding the election, and have property assessed for taxes within the School District or be the lawful husband or wife of such person.

STATEMENT BY THE TREASURER OF THE COUNTY OF CHARLEVOIX, STATE OF MICHIGAN,

As Required By Act No. 293, Public Acts of Michigan for 1947

I, Lillis M. Flanders, Treasurer of Charlevoix County, Michigan, find that as of May 22nd, 1951, the total of all voted increases over and above the tax rate limitation established by Section 21, Article X of the Constitution of Michigan, in any local units of government affecting the taxable property located in Charlevoix Township Unit School District (Charlevoix Public Schools), Charlevoix and Antrim Counties, Michigan, is as follows:
Nono
DATED: May 22, 1951

LILLIS M. FLANDERS
Treasurer
Charlevoix County, Mich.

STATEMENT BY THE TREASURER OF THE COUNTY OF ANTRIM, STATE OF MICHIGAN, AS REQUIRED BY ACT NO. 293, PUBLIC ACTS OF MICHIGAN FOR 1947.

I, Leora M. Bailey, Treasurer of Antrim County, Michigan, find that as of May 22, 1951, the total of all voted increases over and above the tax rato limitation established by Section 21, Article X of tho Constitution of Michigan, in any local units of government affecting the taxable property located in Charlevoix Township Unit School District (Charlevoix Public Schools), Charlevoix and Antrim Counties, Michigan, is as follows:

Local Unit	Voted Increases	Years Effective
Antrim County	2 mills	1951, 1952, 1953, 1954 1955.

DATED: May 22, 1951

LEORA M. BAILEY
Treasurer
Antrim County, Michigan

TAKE NOTICE That the Board of Education has estimated the total expense of erecting and furnishing a new high school building and acquiring additional land for site purposes in said District to be Six Hundred and Fifty Thousand ($650,000) Dollars, all of which it is necessary to raise by borrowing and issuing the bonds of the district.

This Notice is given by order of the Board of Education of Charlevoix Township Unit School District (Charlevoix Public Schools), Charlevoix and Antrim Counties, Michigan.
DATED: May 22, 1951

From where I sit ... by Joe Marsh

Just "Can't Get Over" Easy's Fence

Few years ago, Easy Roberts took a lot of kidding when he planted that hedge of Multiflora roses — along his property line. Folks said he was getting pretty high-falutin'.

But today plenty of people who laughed at the idea slow down when they drive by Easy's place —just to look at those roses. Most beautiful sight you ever saw.

Practical, too! The hedge is a good four foot high now, and at least five foot thick—even a shoat couldn't get through that prickly mass of shrubbery. Best of all, it cost less than ordinary fencing. (Might be well worth your while looking into.)

From where I sit, there's no sense in looking down on something just because it's different from what we like. For instance, some people think ice-cold lemonade's the best "cooler-offer" on a hot day. Some of us would rather have a glass of beer. The important thing is not to "hedge ourselves in" against other people's ideas and preferences.

Joe Marsh

IT HAPPENED ON ....
BEAVER ISLAND

By Mrs. J. C. Hanley

Good things like the perch run in Beaver Harbor can't last forever. During the week, hook and line fishing tapered off, but tales of the wonderful season linger on to be told and re-told.

Beaver Island's two seniors hold the lime light this week. The class of '51 started out with five members but during the course of four years, the class dwindled down to Sally Cull and Marguerite Connaghan. Both girls are pretty brunettes with brown eyes and they chose yellow lace gowns for the dance in their honor. And the girls are not only close friends but they are cousins.

Monday the school children of St. James grade and high school took the day off for picnics. The lower grades had their picnic near the Christian Brother's lodge and the upper grades hiked to Mt. Piscah and the high school pupils spent the day at Barney's Lake. It was a nice warm day for the outings, in fact, warm enough for a swim in Barney's.

• • •

MR. AND MRS. O. C. Wright and Mrs. Wright's sister, Mrs. Best, returned to the island Tuesday after spending the winter months in their home in Fort Lauderdale, Fla.

McDonough's Store is getting a new brick front and it's looking swell.

Mrs. Marion Rice arrived on Tuesday's boat for a short stay on the island. She was the guest of Mrs. Nora Gallagher.

The ladies of the Alta Society held a cleaning bee at the church Tuesday afternoon. The church was scrubbed and shined from top to bottom. Wednesday afternoon, another crew cleaned the rectory.

• • •

THE MEN of the parish held a bee lately to clean the cemetery.

Gus Mielke's many friends will be glad to know he was out driving his car last week. We all felt like giving three cheers to see Gus out and behind the wheel of his car once more.

Mrs. Susie Sendenburg has been on the sick list lately, but she is feeling some better now.

Friday, Mr. and Mrs. Roger Carlisle are recouperating from the ordeal of moving from Indianapolis to the island. They arrived Friday and from now on will be permanent residents. Mr. and Mrs. Carlisle have a beautiful log house facing back beach with everything installed for comfortable living.

Friday, the high school boys and girls were given a one day retreat at Holy Cross Church. Father Aiden OFM from Grand Rapids conducted the retreat.

• • •

MR. AND MRS. Tom LeSeur and sons from Toledo arrived Saturday to spend Memorial Day week-end on the island. Tom has been giving the island 100% co-operation with his own method of advertising America's Emerald Isle. The LeSeurs are occupying one of Allen's cabins.

Mr. and Mrs. A. J. Roy and daughter, Arceil, spent the long-week-end on the island. They occupied one of McDonough's cabins. Mr. Roy has a cabin started over looking back beach.

Harry Zeitler, Charlevoix, was the guest of Mr. and Mrs. James W. Gallagher over the week-end.

Mrs. Rose Benjamine and Mrs. Patrick Burke, Chicago, are visiting Mrs. Burke's mother, Mrs. Mary Greene.

Mary Margaret Greene returned to the island after spending several days in Grand Rapids.

• • •

WINGING their way up from Toledo Sunday in a Stinson Station Wagon were Joe Jodoin, Ira Munding, John Hoare and Malcomm Dumas. Hoare is the pilot in the party. Joe, who bought Chrisie Gallagher's home, plans on moving to the island in the not too distant future.

And all these folks from Toledo say they never miss reading the Courier each week to find out what's cookin' on the island.

Thirteen Hours devotion to the Blessed Sacrament was held Sunday at Holy Cross Church. Father Aiden assisted Father Giles. The devotion opened with high Mass at 8 a.m. and closed Sunday evening. Father Aiden gave the sermon at both Masses and in the evening. For this occasion, the altar was beautifully decorated with spring blossoms. All the lovely tulips were from Mrs. Herman Pischner's garden.

Summertime Precaution

Dairymen who feed skim milk to their calves should be careful to keep buckets and other feed utensils clean. This is especially important in hot weather, as milk left in buckets sours fast in summer and can cause digestive upsets in the calves.

ALWAYS FOLLOW THESE OFFICIAL CIVIL DEFENSE

Mrs Lattie Pierce from Long Lake is spending a week with her sister, Mr and Mrs. Al Smith and family.

Al Smith spent two days in St. Joseph on a business trip.

MSC Completes Television Network

Television will become a full-fledged course at Michigan State College this summer, following the completion of a $100,000 campus-wide TV network this month. Above, Prof. Charles N. McCarty conducts a chemistry experiment in the college's TV studio for Miss Roberta Larson, Williamston junior, as cameraman Linn Towsley catches the action. The TV system includes a studio and central control room which connects with several campus buildings. The video network will be used for the present to teach fundamentals of television and for research into the value of TV as an educational medium. Actual use of the system will get under way this summer, when an intensive six-week television workshop will be offered June 18-July 27 as a part of the college's summer school program.

6% TODAY?

YES—thousands of Americans are getting that much AND MORE on their dollars today.

HOW? By owning securities that pay them regular dividends. . . . Investment of savings in good common stocks helps to provide you with that extra income to meet extra expenses. Charlevoix County Farm News

Green Manure Aids In Controlling Unwanted Grasses

Northern Michigan farmers have found using green manure crops will increase yielding power of the soil and help control weeds and unwanted grasses. D. L. Clanahan, farm crops extension specialist at Michigan State College recommends buckwheat, rye oats or any of the clovers or alfalfa for summer green manure crops in the area.

Ed Rebman, county agricultural agent, says the demands for alfalfa and clover for hay and seed purposes exceed the demands to use these crops for green manure. He also points out that some of the more depleted soils cannot produce clover or alfalfa satisfactorily. Buckwheat is the best crop for a summer green manure, the agent believes.

Several steps are necessary to get a good seeding of buckwheat for a green crop, according to Clanahan. First, the soil must be tested and limed to raise the pH to 6.5. Seed buckwheat in early June at a rate of 1½ bushels an acre on a well prepared seedbed. At least 300 pounds of 10-6-4, fertilizer an acre should be used. In August, when the first blossoms appear and well ahead of seed setting, disc down the buckwheat.

Broadcast June 2 Opens Dairy Month

Three Michigan State college staff members will inaugurate "June Dairy Month" over a nationwide radio broadcast on the National Broadcasting Cmpany's network on Saturday, June 2.

The National Farm and Home Hour, originating from Chicago, will pay tribute to the nation's dairymen and present information on the nutritutional value of dairy products. Dr. Dena Cedarquist, dairy nutrition researcher in home economics, and Don L. Murray, extension dairy specialist. will be interviewed by Earl C. Richardson, MSC extension editor.

The program will be on NBC stations Saturday, June 2 at 1 p. m. Michigan time.

Tri-County Grange Hears Bill Brake

The tri-county meeting was held at the Maple Grove hall, May 19. Geo. Smith district deputy introduced the speaker, William Brake. A potluck supper followed by a talk by Mr. Brake.

Mr. Brake explained how the grange originated and what the grange is. He urged the members to participate in a membership drive which is to be a living memorial to the late Albert Goss, former state master. The goal is 1,000,000 members by 1952. Mr. Brake answered questions on the floor of grange work.

4-H Achievement Awards Offered In Every State

For the first time in 4-H club history, the national 4-H Dairy Achievement Leadership and Meat Animals awards programs are being accepted by every state in the Union in 1951.

In all three programs, medals of honor are awarded to county winners, and 17-jewel wrist watches to state champions. Sectional winners picked from the latter will be given all-expense trips to the National 4-H Club Congress in Chicago next November. National winners receive $300 college scholarships. The Leadership and Meat Animal awards are being provided respectively by Edward Foss Wilson, and Thos. E. Wilson, Chicago meat packer executives. Dairy awards will be furnished by Lederle Laboratories.

The first place boy and girl in 4-H Leadership each will also receive a silver trophy, and the second place boy and girl each will be awarded a $150 college scholarship.

Last year's state winners in Michigan were: Dairy Achievement, Wilbur Rykert, Williamston; Leadership, Richard Labadie, Decatur, and Lois Cooley, Bellevue; and Meat Animal, David Brian of Howell.

All of these programs are conducted under the direction of the Cooperative Extension Service. County Extension agents will furnish full information.

Michigan 4-H Girl to Austria

Miss Kathryn Louise Stencel, 21, Ionia, receives a check from State 4-H Club Leader A. G. Kettunen to cover her expenses to Austria this summer. The oldest of 11 children of Mr. and Mrs. John Stencel, Ionia farmers, will be the Michigan delegate in the 1951 International Farm Youth Exchange program. She will work and live with farm families in Austria for three months. Dean Allen, Sparta (left) and Russell Mawby, Grand Rapids, Michigan IFYE delegates in 1950 and 1948, watch the procedure with fond memories of living with German and English families through the program. All three of the young people are students at Michigan State College. Miss Stencel has had eight years of 4-H Club work and has been a junior leader. She will leave in mid-June with 51 other delegates from 28 states. Michigan farm groups and individuals provided funds for her expenses. (MSC Photo)

Band Seeding May Lower Costs; Increase Yield

Band seeding of legumes has resulted in test stands 43 percent better than conventional broadcast seeding, M. B. Tesar, farm crops researcher at Michigan State college, reports.

Band seeding of legumes is done by dropping seeds in a band on top the ground, directly above the fertilizer which is placed about one and one-half inches deep with the small grain. A regular grain drill specially fitted with short lengths of garden hose, to place the legume seed on top the ground, is used.

Radio-active phosphorus, used in the plant science greenhouses at the Michigan Agricultural Experiment Station, supported field results which showed band seeding to be superior to conventional broadcast seeding.

Only those alfalfa seedlings which were within one inch left or right of a phosphorus fertilizer band received much stimulation from phosphorus fertilizer during the first month of growth.

Seedlings two or more inches away horizontally from the fertilizer band required two months to get much stimulation from phosphorus.

These field and greenhouse tests, Tesar says, indicate that band seeding enables a legume to get the early starter benefits of the phosphorus fertilizer applied with the seeding.

The increased stands due to band seeding indicate that it may prove a better seeding method. Use of the method may be reflected in reduced rates of seeding per acre with a resulting lower seed cost to the farmers according to Tesar.

Issue Bulletin On Custom Work Rates in State

If you're planning to hire custom farm work or to do custom work this year, a new Michigan State college folder will be of value to you.

"Rates for Custom Work In Michigan", prepared by B. R. Bookhout, MSC agricultural economist, lists custom rates reported by about 150 farmers throughout Michigan. Each farmer was asked to report the rates he charged for the prinicipal types of custom work in 1950, and to indicate what his 1951 rates would be. Results of the survey are reported in the new folder.

Custom work, Bookhout points out, is one method of solving the problem of how to make less farm machinery and farm labor serve more farmers. Custom work will become increasingly important in the months ahead, he believes.

A copy of the folder, F-161, may be obtained from county agricultural agent's offices or by writing to the Bulletin Office, Department of Information Services, Michigan State college, East Lansing.

Luggage

Nearly 20,000 bales of cotton a used in the manufacture of lugg annually.

Garden Tools Should Get Proper Care

With gardening season in full swing, Michigan State college extension specialists advise care in the use of common garden tools. Accidents frequently happen from the improper use of these implements.

Replace split or broken handles, they say. Carry cutting tools with the blade or points facing down. Pruning is much easier when you use the notch provided in the blade for cutting woody stems.

ORCHARD NOTES

By Claude Fairman

Now that all young fruit trees are trimmed and planted, these trees will grow up and not split down but will be low and wide spreading.

Spraying is likely foremost in every fruit growers mind. The spray calendar is written as a guide to help the grower select materials and to use and spray according to his conditions, locality, etc.

For sour cherries around here for the dreaded shot hole fungus or leaf spot. Growers have known for a long time that they had to spray oftener than the ten days to two weeks intervals.

On account of our heavy dews and humidity. This disease comes from the soil. Especially more so after a rain, the spores float up to and on the under side of leaves.

This very slight grayish material has its season and comes just as the blossom petals have fallen and its effect is noticeable just before and during harvest.

Sometimes when cherries have not been sprayed at all or not properly sprayed, or the sprays were not started early enough, the tree will lose most or all of its foliage and the crop will' not mature or get its size, color and flavor.

Starting to spray early enough is most important. The kinds and amounts of materials to use. Very often spraying as often as we have to here, the spray material is as injurious as the disease.

Copper the first and oldest material very often causes foliage injury and produces a smaller cherry. Sometimes this injury does not show up until after harvest. Sulphur came next and gave us a larger cherry. However, sulphur was not effective against leaf spot and if used strong enough to prevent it was also injurious.

Of the new organic materials "Fermate" has proven the best for us as a fungicide for all fruits. Sweet cherries, sour cherries, apples, etc. It is invigorating to the foliage instead of being harmful.

It gives us a natural sized cherry and keeps the trees free of all fungus diseases. On account of its high price we have experimented starting earlier and quitting earlier. Part of the orchard only the first three at weekly intervals. Using 1½ lbs. per 100 gallon of water. No lime is needed. We use over four applications of fermate. None after harvest spray.

Calendar of Coming Events for Farm Folks

June 3 —

The Norwood - Barnard MYF will meet at the Barnard Methodist church.

June 7 —

Regular meeting of the Norwood Local of the Farmers Union at 8:30 p. m. Potluck lunch.

June 13 —

Barnard Farm Bureau at the John L. Boss home. Mr. Fred Willis will be present to explain the new school tax election 8:00 p.m.

June 14 —

W.S.C.S. meeting at the home of Mrs. Lloyd Cummings at 2:00 p.m.

June 21 —

Antrim County Pastures Day at Robert White farm 10:00 a.m.

Makings of Good Fishing - -

Photo by Fran Martin

George Roff, superintendent of the U. S. Fish Culture State here, watches as Raymond Nowland Jr. weighs the fish before counting them in an effort to determine the number per tank and their their diet needs.

Guardians of the fishes, a million and a half of them, is quite a job but one performed annually by George Roff, superintendent of the U. S. Fish Culture Station here, and his assistants.

At present time they have in their care 1,365,190 lake trout and 218,996 brook trout at the station located on Lake Michigan at Palmer st. The fish are brought here immediately after they are hatched at the state hatchery at Oden. The lake trout eggs are furnished by Lake Superior fishermen and the brook trout eggs are from brood stock at Berlin, N. H.

* * *

AT ONE TIME the eggs were hatched here but in recent years they are taken to Oden which has a limitless water supply from flowing wells. At the local station water must be pumped into the tanks.

To begin with, the local station, which was constructed in 1917, is under the Fish and Wildlife division of the Department of the Interior and is one of two federal stations in the state. The other is at Northville and is also a hatchery. A third is being constructed west of the Soo on Lake Superior.

Lake trout raised at the local station are returned to Lake Superior and the brook trout are used to stock rivers, lakes and other streams. They are fingerling size when they are ready for planting in August and in about two months, the entire supply will be transported to the various sites in aerated tanks, tempered and planted.

From the time the fish ara brought here until thoy are ready for planting, they are kept in tanks though which five gallons of water passes per minute.

As 'new-borns', the fish are mere slivers and it takes 250 lake trout and 600 brook trout to make an ounce. By the time they are ready for planting they average about 100 lake trout and 150-200 brook trout to the pound.

* * *

HOW DO Mr. Roff and his assistants know how many fish they have? They count them. As they are placed in the tanks they are weighed and one ounce is counted After that so many ounces are placed in each tank.

Every two weeks they are graded and weighed and fewer fish placed in each tank. At first there were 24,000 to each tank but now there are only 20,000 per tank. The larger fish must be separated from the smaller ones for fish are carniverous and will prey upon the smaller and weaker of the species.

It is necessary, too, to know the number in each tank so the food supply may be determined. As they grow the supply is increased.

* * *

THE FOOD BILL for these fish gets to be quite an item too. For the first three and a half or four months, they are fed nothing but ground liver mixed with water. At first it takes only two pounds a week for the entire million and a half but as they grow it is increased until now their diet is being supplemented by a dry food containing cotton-seed oil, whitefish meal, skim milk, codliver oil, salt and other ingredients.

The brook trout which grow more rapidly have been receiving the supplement since mid-May. The lake trout are starting to receive it now. By the time they have reached the fingerling stage, they will consume 1200-1400 pounds of beef liver and dry food per month.

The water which pours through the tanks and provides the air supply is pumped from wells which furnished Charlevoix's first water supply. It is pumped into a large tank and than by means of gravity flows into the fish tanks thus keeping tho fish supplied with air.

* * *

IF THE SUPPLY of aerated water were to stop, the fish would die in a matter of 20 minutes or so. That is why there is always someone in attendance at the station.

The mortality rate is comparatively low, considering the fact that the small fish are brought from the hatchery without being graded or sorted.

There are 108 regulation tanks, as pictured, and four stock tanks. At the present time eight new stock tanks are being set up. The entire supply will be needed before the fish have reached the proper size for planting.

Depending on tha water and food supply, Roff says the brook trout will reach legal size when they are two years old, or less than 18 months after they are planted. Tho laka trout must be larger and so will not reach legal size until they aro about five years old.

Supervisor of the station here George Roff came here in 1945 from Northville and in November will have completed 24 years with the Fish and Wildlife service.

* * *

A NATIVE of Iowa, he entered the service in California and a year later was transferred to Manchester, Iowa, where the largest rainbow trout hatchery in the country is located. He was there 11 years, in northern Georgia three years and at Northville four years before coming here. He plans to continue in the work until he has completed 30 years service.

He finds the work very interesting, he says, and can always find some thing new. It must be interesting to hold a person for that many years.

Raymond Nowland jr., who started work in 1946 after four years in the U. S. Marine Corps is his regular assistant. During the rush season, Walter S. Muchler of Kalkaska is the night man.

Local Kiwanis Club Cited for Attendance

The Charlevoix Kiwanis club has been cited by the Michigan Kiwanis district for becoming the first club in the state to hold a 100 percent attendance meeting this year.

Zal Fryman of Petoskey, district lieutenant governor, presented a citation to Club President Gordon L. Freedman who accepted it on behalf of the club.

Crowded Rooms Annoying to Patients

(Continued from page 1)

patients during the night is an open secret and everyone early the next day knows the circumstances and confidential information. Night nurses report that the majority of the patients are awakened in the night by strange noises from other patients.

* * *

THE MATERNITY department is another of the vexing problems which try the patience of the mothers, relatives, nurses and the doctors.

You should see this department when Sir Stork visits several mothers at the hospital at night. At times two beds are placed in the hall.

No patient is ever happy about this situation. We also know about this condition at first hand. When our youngest boy was born, his mother was taken into the delivery room with labor pains indicating the new arrival would be coming into the world in a matter of a few minutes.

* * *

WHILE IN the waiting room, an expectant mother was admitted to the hospital, whose labor pains were further advanced. She was taken to the delivery room where she gave birth to a strapping youngster in a matter of minutes. This resulted in the shifting of Mrs. S. to the ward while the other mother was being cared for. Before the night was over four babies were born and the confusion was directly attributed to the crowded condition.

In fact one baby was born in the ward opposite the delivery room much to the concern of several other patients in the room. Sometimes mothers are quite bitter about not being able to get a private room in the maternity department. But it can't be helped.

The private room in this department is used most of the time for surgical patients. They need attention too.

The third article on hospital conditions will be published in next week's Courier.

Interest Mounts in Special School Election

City Tax Levy Remains Same As Last Year

The city council approved the levy of 20 mills on property on the Charlevoix tax rolls for the next fiscal year. This millage will raise $77,201.01 toward the city's $109,000 budget for the coming year.

This is the same levy as last year and provides 12.5 mills for general operation including the allocation made by the county tax commission, five mills for interest and sinking fund in paying the funded debt of the city and 2.5 mills for the street district fund.

At its Monday night meeting the council accepted the low bid of the Roosevelt Oil Company for 200,000 gallons of fuel for the light plant. The Roosevelt bid of .0955 was low.

THE PARKING meters on Bridge street and adjoining streets will be installed for operation starting June 25, the council decided.

The green fee for the Charlevoix Municipal Golf course will be $1.25 per day, an increase of 25 cents, for the 1951 season. Moore's Hudson Sales & Service was authorized to furnish the city with a 1951 Hudson police car. The city will pay $350 difference in the trade in of the 1950 Hudson on a new car.

Effective July 2, 1951, the charge for installing of water connections will be $50 instead of $35, the present rate. The council also cleared up certain restrictions on the Paul-Reed Inc., agreement for the deed to the property on which the firm is building.

Dr. Isaac Terr, city health officer, reported on several complaints of rubbish accumulation in the city. He recommended that the city take definite action and suggested that steps be taken to eliminate sewage wastes from visiting yachts. The possibility of constructing a building with toilets and showers, was discussed.

The council also discussed (no action taken) the need for spraying to reduce poison ivy and other noxious weeds.

Long Illness Proves Fatal To Mrs. Lagerman

Mrs. Edward Lagerman, 45, died late Saturday at the Charlevoix Hospital after a long illness.

Funeral services were held at St. Mary's church Monday with the Rev. Leo Malinowski officiating. Burial was in Holy Cross cemetery at St. James, Beaver Island.

Born at St. James Sept. 29, 1905, the former Margaret Left was married to Mr. Lagerman 24 years ago.

They came to Charlevoix to make their home 15 years ago. She was a member of St. Mary's church.

Besides her husband she is survived by six children, Mrs. Charles Hanson of Chicago, Sgt. Clifford R. of Selfridge Airforce Base, Michigan, Mary Alice, Eleanor Ann, Margaret Kay and Frank at home; two sisters, Mrs. Russell Rink and Mrs. Thomas Diehl of Chicago; four brothers, Franklin of Jacksonville Beach, Fla., Joseph of Chicago, Carl of St. James and Gerald of Charlevoix; and one grandson.

Bill Carey Receives ROTC Cadet Award

Cadet William R. Carey, Charlevoix junior, is one of 29 Michigan State College ROTC cadets to receive awards at the annual honor parade.

He received the Basic Air Force Award. Awards are based upon leadership, initiative, scholarship and general excellence as a member of the Reserve Officers Training Corps.

N. American Cruise To Bring 300 Here Tuesday

Some 300 business men from Grand Rapids will be aboard the North American when it docks here Tuesday morning, June 12, S. E. Coleman, secretary of the Board of Commerce, announced.

The Charlevoix city council, directors of the Board of Commerce and several other leaders in the community will be guests at a breakfast aboard the ship at 8 a.m., Mr. Coleman said.

Many of the visitors will play golf at the Belvedere and others will spend the morning fishing on the Jordan river. The Grand Rapids Chamber of Commerce is conducting the cruise which started at St. Joseph.

Three Members Re-Named to County Board

The bi-annual election of the Charlevoix county board of education was held in Boyne City Monday evening.

James H. Gallagher of St. James whose term expired was re-elected unanimously for a six-year term. William Paranns of Norwood and Ross Renwick of Walloon Lake who were appointees for vacancies until this election were also elected unanimously to complete the six-year terms which will expire in 1955.

Other members of the county board are Howard Porter of East Jordan and Mrs. Amandus Evers of Hayes township, Charlevoix.

Secretaries or directors of the various school districts in the county were eligible to vote in the election. Thirteen school districts of the 18 in the county were represented at the meeting at which Guy C. Conkle of Boyne City presided.

Among the various programs discussed were the new state aid bill which requires five mills for participation in the state aid fund; the visual education and testing program for next year and the possibility of participation in choral music instruction via University of Michigan through broadcasts on the Paul Bunyon network.

Mrs. Catherina C. Bergeon, county superintendent, attended and presented the above issue.

Attending from the Charlevoix area were Harold Withers of Charlevoix, Ole Nielsen of Ironton, Mrs. Dorothy Boyer of Eveline, Mrs. Maud Wiklanski of Murray, Harry Smith of Undine, Charles Brown of Bay Shore, Frank Poquette of Burgess and Albert Elliott of Marion Center.

Past Matrons Meet With Mrs. Leo Carey

Ten members of the Past Matron's club met Monday at the home of Mrs. Leo Carey for their regular May meeting.

A business session was followed by a social hour and refreshments.

Don't Be Afraid of Failure in Life, Graduates Told by Leonard

"Don't be afraid of failure!"

This was the challenge given the graduating seniors at commencement exercises last week by Donald Leonard, state commissioner of public safety.

Speaking to the 55 Charlevoix high school seniors, Commissioner Leonard said that a real test of an individual lies not so much in success or failure as the manner in which he approaches each new task doing his best as he goes along. Nothing is ever a failure, if out of it one lesson has been learned, if out of it we become more sympathetic or understanding.

"THE PERSON who has missed failure has lost one of the greatest values life can give" he said. Successive failures in life are rarely the result of a lack of power, but rather lack of aim.

The speaker reminded the graduates that the great days of the United States are by no means a thing of the past. The ever increasing complexities of civilization will present greater problems than those already described in the history books. The solution will be yours, he asserted.

• • •

TURNING TO the challenge facing the graduates as well as adults in today's world, the director of the State Police said the danger of communism in this country is greater than ever before. While the nation worries about the Communists from outside our borders, little attention is given that Communist influence in our nation.

Sharply critical of those persons on public payrolls who refuse to take a loyalty oath, Mr. Leonard said that the average citizen has a right to know if the public's employes are loyal to the government which pays their wages.

In a realistic appraisal of the dangers of communism in this country, the speaker said the enemies of the nation are not idle. Under the cloak of freedom, they spout off against the government and the American way of life.

• • •

LEONARD CALLED for a complete prevention of the future infiltration of Communists to this country and eradicate those who are here from our American society before they destroy the freedom and liberty which they now abuse and malign.

"In combatting this menace we should never tolerate the teaching to our children and students the falsehoods com-

Plans Made For Naming Venetian Queen

This is 'Queen' season in Charlevoix. Plans are being made to accept the names of candidates for the Venetian Night queen. She will also represent Charlevoix at the Cherry Festival in Traverse City late in June when the Cherry Queen is selected.

The Lions and Kiwanis Clubs have been asked to select the queen and to sponsor her and her court.

Jack Mailhot has been named chairman of the Lions club committee. He will accept applications of those wishing to enter the contest.

The contestant must be between the ages of 17 and 23 and never been married.

She will serve as queen of the Venetian Night parade here in July and also represent the city in the Cherry Queen contest.

Child Welfare Worker Assigned to Area

A child welfare worker has been assigned to Charlevoix and Emmet counties according to a communication received by Probate Judge Floyd A. Supp.

The letter came from Gunnar Dybwad of the State Department of Social Welfare and said the worker, whose name would be announced later would assume her duties July 1 and would make Petoskey her headquarters.

It is expected she will handle non-court cases referred to her by schools, social agencies or individuals. The work will cover juveniles through 17 years of age and in special cases through 19 years.

The worker's salary and mileage is paid by the state.

Many a hot head develops cold feet when someone calls his bluff.

Parade to Point Up Needs for New High School

The eyes and the ears of the voters of this community will receive a reminder Thursday, June 14, of the double election being held on school issues that day when a parade marches through the streets from Kipke Field to the Charlevoix public schools.

The purpose of the parade will be to make voters conscious of the fact that a special election is being held Thursday to vote for a new school.

The parade will form at Kipke Field at 10:30 a.m. and will start its march at 11 a.m.

FEATURED IN THE parade will be floats by various fraternal and church groups as well as by the high school classes from the seventh through the twelfth grades.

Youngsters of all ages will march and also ride decorated bicycles.

Prizes will be offered for floats, decorated bicycles and slogans.

• • •

JUDGES for the parade will be Lee Sneathen, Samuel Kelly, John L. Ross, Mrs. Orville Hilton and Fran Martin.

The following organizations have been contacted by the committee and are expected to enter floats in the parade.

Easter Stars, Dickens Club, Shakespeare club, VFW and Auxiliary, American Legion Auxiliary, Rebekah lodge, Odd Fellows, Masons, Kiwanis Club, Lions Club, Rod and Gun Club, Knights of Pythias and the Farm Bureau.

Also the following churches: Congregational, Baptist, Methodist, Church of God, and St. Mary's Catholic churches.

• • •

THE CHARLEVOIX high school band directed by C. A. Odmark, the Boy Scouts, the Girl Scouts and the 4-H clubs have assured the committee they will participate in the event.

Youngsters who will ride their horses in the parade include Ken Case, Tom Goss, Larry and Tom Swanson, Joe Armstrong, Thelma Mathews, Junior and Don Falting.

The committee in charge of the event includes Mrs. Robert Goss, Mrs. Clayton Smith, Mrs. Kit Carson, Miss Frances Milner and Herbert Schofield.

Persons wishing to drive their cars in the parade are invited to do so. They may decorate or not as they please. They are requested to be at Kipke field at 10:30 a.m.

Hospital Needs Out-Patient Facilities for Emergency Care

This is another in a series of news articles published by the Courier on actual conditions at the Charlevoix hospital, showing the great need for a new hospital. The Courier believes that the community and surrounding areas will support the drive for a new hospital if they are aware of the crowded conditions.

After discussing the first and second floors of the hospital, we turn now to the nursery.

The nursery has been too small for several years. Legal limitation prevents any more than five babies being placed in the present nursery. Principal reason for this is that authorities do not want the babies too close to one another.

One thing that can't be minimized about the present hospital is . . . excellent care by the nurses and service by the aides. Patients daily express themselves as to how comforting the nurses and the aides have been.

ANOTHER patient provoking circumstance is the fact that many patients are paying for semi-private rooms but are not able to obtain anything but a ward bed. It is a legitimate complaint but one which baffles the hospital administration because it attempts to please the patients if at all possible.

The kitchen is another source of complaints. The odor of food from the kitchen to the rooms across the hall has been a headache to patients in the vicinity of the kitchen. The kitchen door cannot be closed at all times because it's only means of exit into the hall for conveying food to the patients.

• • •

SOME HAVE wondered why a kitchen could not be constructed in the basement. That is an easy one to answer if you have been in the basement. They are more than cramped at present for storage space for food, hospital, x-

Auto Accident Claims Life of John H. Burns

Funeral services for John H. Burns, 25, who was killed in an auto accident on the Ellsworth-Atwood road Sunday evening, were held at the Atwood Christian Reformed church Wednesday with burial in the Atwood cemetery.

He died as the result of chest and head injuries suffered when he was thrown from the drivers' seat when his car struck another car driven by Earl Reible, 18, of Ellsworth as the latter drove out from a crossroad without stopping, Sheriff Howard Tanner of Antrim county said.

Burns' wife, the former Fay Strang, 24, and their 2½ year-old son, Roy, were hospitalized overnight at the Charlevoix hospital for lacerations and bruises.

Reible and Bert Snover, 17, also of Ellsworth were treated for severe lacerations and were discharged Monday. A third passenger in the car, Richard Wentworth, 17, was treated and discharged Sunday evening.

Besides his widow, Burns is survived by his parents, Mr. and Mrs. Henry Burns of Atwood.

Most District Schools Ask for 10 to 20 Mills

A survey conducted by the Michigan Education association reveals that the majority of school districts voting on bond issues ask approval for 10 to 20 mills. Some districts have asked for as high as 35 mills.

Charlevoix is asking for 17 mills but actually that millage is asked only to get a lower interest rate for the $650,000 bond issue.

Boyne Valley bonded its school district for 35 mills for five years. Walloon Lake bonded for 20 mills for 20 years as did Gaylord. Elk Rapids bonded for 15 mills, Alpena school district for 15.2 mills, Suttons Lake, 17 mills, Oscoda, 14 mills and Bear Lake Manistee county 15 mills.

Anna Marie Perron Passes At Hospital

Anna Marie Perron, six-weeks old daughter of Mr. and Mrs. Simeon Perron, died late Tuesday at the Charlevoix Hospital after a ten-day illness.

Graveside services were conducted by the Rev. R. B. Warner at Brookside cemetery Friday morning.

Surviving besides the parents are two sisters, Shirley and Eva; two brothers, Simeon and Edward; the paternal grandparents, Mr. and Mrs. Louis Greiner and the maternal grandparents, Mr. and Mrs. Earl Van Zant of Sparta.

Voters Will Decide on Merits of New School Building Here June 14

The propositions upon which the voters of Charlevoix Township Unit School District will vote upon on June 14 are to authorize a $650,000 bond issue to construct a new high school and to authorize the levy of additional taxes for the sole purpose of paying off the bonds.

The territory of the school district consists of the City of Charlevoix, Charlevoix Township, and part of the Townships of Hayes, Marion, Norwood and Banks. Its assessed valuation is $5,179,750.

The maturities of the bonds will be spread over 18 years but they will be callable so that they can be paid ahead of time and the plan is to do so.

The interest rate that the bonds will bear cannot be determined until the bonds are sold because the buyers bid on the interest rate with the one bidding the lowest rate of interest being awarded the sale of the bonds.

The interest rate will probably be between 2% and 3% because the bonds are tax exempt but to command the sale of the bonds at a low interest rate it is necessary to make the bonds attractive to investors by providing a wide margin of safety through authorizing more taxing power. More millage over a greater number of years) solely for this purpose than it will be necessary to levy to pay off the bonds.

This additional taxing power is for the taxpayers own benefit as the greater the margin of safety the lower the interest rate will be and it cannot harm the taxpayers because when the bonds are paid off the power to levy the tax ceases.

The reason that this margin of safety is necessary through authorising additional taxing power is that school districts are tax limited districts and are limited to the taxing power authorised to pay off their bonds.

This is not true of cities which the law authorizes and requires to levy such additional taxes as are necessary to pay off their general obligation bonds if the additional taxing power authorized by the voters should at some future time prove insufficient.

Hence to make school district bonds good security it is necessary that a margin of safety in a reserve of taxing power be authorized to make certain that the bonds will be paid in the event that at some unforseeable time through some catastrophe the tax collections should fall off below the amount necessary to pay the bonds as they mature or an unlooked for major reduction of the assessed valuation of the district requires the levy of the additional reserve millage to raise the amount necessary each year to pay the bonds.

Circumstances that would require the use of the reserve of taxing power are extremely un-

Rites Thursday For Paul Heise, Accident Victim

Funeral services for Paul Heise, 68, were held at the See Funeral Home Friday with the Rev. G. E. Whitten officiating. Burial was in Brookside cemetery.

Mr. Heise died late Tuesday at the Charlevoix Hospital from injuries suffered when he was struck by a car while riding his bicycle to Brookside cemetery to place flowers on his wife's grave.

The accident occurred about 6:15 p.m. as he rode off State st. onto Stover road into the path of a car driven by Rowley Williams going west on Stover road. Mr. Williams said he was partially blinded by the sun and did not see Mr. Heise until he rode in front of him at the main gate of the cemetery.

Mr. Heise was taken to the Charlevoix hospital where he died at 7:50 from mutiple fractures, head and internal injuries.

Born in St. Joseph, Mich., Dec. 8, 1882, he came to this community with his parents as a child. He had always resided here. His wife, the former Marie Husbey, died in 1921. He had served as caretaker at summer homes here for several years.

Surviving are five children, Mrs. Perry Reeder and Kenneth, of Saginaw, Robert of Detroit, Lavern and Clarence P. of Charlevoix; three brothers, Chief of police Clarence, Charles and William of this city; a sister, Mrs. Bertha Duncan of Grand Rapids and seven grandchildren.

ATTENTION — BOYS

All boys who want to caddy Tuesday, June 12, for visitors aboard the North American, are asked to report at 8:30 a.m. at the Belvedere caddy house.

Teachers Leave School Duties

With the closing of the Charlevoix public schools for the 1950-51 school year many members of the faculty have gone to their respective homes, are planning to leave for summer school or taking summer jobs.

Mrs. Kay Smith, assistant kindergarten teacher, is the only member of the faculty who will not be returning in the fall, Supt. Roy G. Bennett announced. Her successor has not been named.

Five members of the faculty plan to attend summer school. They are Mary Ann Murphy, Mrs. Helen Richards and Mrs. Ethel Courier who plan to attend Central Michigan college at Mt. Pleasant, M. L. Billings who will attend Northern Michigan college at Marquette and Delbert Terrill who plans to continue his studies at Wayne University.

• • •

MRS. BILLINGS and family will go to Ishpeming and Mrs. Terrill and family will spend the summer with relatives in Ohio.

Grayde Patterson plans to spend the summer at Gainsboro, Tenn; Mrs. Laura Courtade, accompanied by her husband, Louis Courtade, will go to Kingsley; Donna Valley will join her family at their summer home at Mullet Lake.

Others will accept jobs here. S. E. Coleman will assume his duties as full-time secretary of the Board of Commerce; Ray L. Kipke will return to the Belvedere Golf Club; H. E. Bingham will take over his duties as business manager at Camp Charlevoix; Max Novak will continue his work with the Veterans Institute; C. A. Odmark will conduct the summer music program here and direct the city band in a series of summer concerts here.

• • •

FLORENZ MILNER will continue in her duties as librarian at the Charlevoix public library. Frances Milner will return to the Polly-Kay shop. Mr. and Mrs. Louis Motto who conducted the art program in the local schools will operate a gift shop at Romona Park Hotel. Mrs. Jeanette Abfaller will remain here to tutor.

Others who plan to remain here or accept summer employment are Mrs. Dorothy McRae, Mrs. Elizabeth Trimble, Mrs. Bertha Shetterly, Mrs. Bessie Coleman, Mrs. Dorothea Badger, Larry Tuomela, Glenn Snider, Mrs. Geraldine Goss, Leonard Burns, Robert Richards, Uno Suomela.

Supt. Bennett will conduct administrator's duties. Mrs. Hazel Reed, secretary, will continue in that position for the summer.

Coming Events

June 4—Guild of Lutheran Women will meet at the home of Mrs. Harold Kruse at Eastport.

June 6—The Women's Fellowship of the Congregational Church will meet with Mrs. Alfred Brow on Belvedere Avenue at 2:30 p.m.

June 9—The ladies auxiliary of the Charlevoix Rod and Gun club are sponsoring an all games card party. Everyone invited. Everyone invited.

June 11—The regular meeting of the Ladies Auxiliary of the Charlevoix Rod and Gun Club will meet at the club house and have a potluck supper for the husbands at 6:30.

June 12 — Charlevoix county achievement day at East Jordan tourist park 7 p.m. for members and families. Potluck supper will each family bring dish to pass and table service.

June 13—The Margaret Parker circle will meet with Mrs. Alice Miller on Belvedere ave. for their last meeting.

June 18 — Guild of Lutheran Women will meet with Mrs. Pauline Block for a social meeting.

July 19-20 — W.S.C.S. annual Bazaar at Brown Motors. Fancy work and baked goods.

Let's End the Holiday Muddle

A couple of years back we made the suggestion in these columns that Michigan do something about eliminating middle-of-the-week holidays. The editorial was reprinted by a number of the state's newspapers and several of our legislators over at Lansing exhibited interest in the proposal. But nothing ever came of it—probably because a majority of our holidays in recent years have fallen on week-ends.

Now, however, the cycle has changed and we're again involved in a holiday situation that seriously disrupts business and industry throughout the state. Memorial Day and Independence Day both fall on Wednesday this year. By custom, business places and factories close for the one-day observance.

The middle-of-the-week interruption and the resultant absenteeism on subsequent days represent a considerable economic loss for both business management and workers. And certainly the one-day vacation is not nearly so satisfactory to most of us as a long week-end during the summer months.

The state's No. 2 industry—the tourist business—would have much to gain, too, if Michigan observed all of its summer holidays on week-ends. Few of us in the southern part of the state will attempt a trip into the northern resort territory for only one day.

Why not, then, schedule our Memorial Day observance for the last Sunday in May and Independence Day for the first Sunday in July—taking the following Monday as a holiday on each occasion? Labor Day is set by statute as the first Monday in September so that already meets our week-end holiday requirements.

Although we're not in favor of flaunting tradition too much, we might also suggest that there is no valid reason that comes to our mind why Thanksgiving Day must be observed on Thursday. In fact it might be more properly observed in our churches and homes on the fourth Sunday in November—with the following Monday as a holiday for working off the effects of the turkey and trimmings.

While they're at it, the legislators could straighten out another bad situation by re-scheduling the opening of our several hunting and fishing seasons in Michigan. For the convenience of the greatest number, all of these seasons should open on Saturday.

At present, only the trout season always starts on Saturday. Small game and bird hunting opens traditionally on October 15; deer hunting on November 15; and the bass fishing season on June 25. When those days fall in the middle of the week they always result in inconvenience industry.

We can't see why there should be any serious opposition to any of these proposals. Won't someone in our legislature come forward and sponsor the measures that will clear up the holiday muddle? We feel certain other neighboring states would follow Michigan's lead.

(Reprinted from the Clinton County Republican News.)

Voice of Our Readers . . .

Dear Mr. Editor:

Realizing there is perhaps need of added facilities for our high school, and there being many conflicting claims, and not being able to get the facts and arguments" out in the open" so I may be able to vote intelligently on the coming proposed $650,000 bond issue for a new high school, would you please obtain and publish answers to the following questions:

• • •

1. **CAN WE AFFORD** a $650,000 school at this time? Our City tax rate is now 20 mills (2%), County and School (maximum allowed by law—15 mills 1.5%), and the proposed bond issue for new school will add 17 mills (1.7%). This seems to total 52 mills or 5.2% of the value of our property (as assessed) each year. Over a period of 20 years this will be 5.2% x 20 making a total of 104% of the value of our property. If this bond issue carries may we then not expect to pay in local taxes for City, County and School the entire value of our property, as assessed, plus an additional 4%. With increasing costs of government and assesed valuations can we afford this for the next 20 years? Is this not like repurchasing our property over a 20 year period? The power to tax is the power to destroy. Should we not therefore give this proposition grave consideration? In other words: If my present assessed valuation is $3500 and is not raised, and other local taxes are not increased further, and this bond issue carries, we can expect to pay in purely local taxes in the next 20 years as follows:

Assessed valuation—$3500.00 plus
4% more 140.00
Total $3640.00

This is $15.17 a month for taxes alone.

• • •

2. **DO WE ACTUALLY** have present and urgent need for a new 27 room high school, Will not a 4 or 5 room addition to our present school, as proposed by the President of the Board of Education earlier this year, take care of our present needs and at a small fraction of the $650,000 proposed? Will not a 27 room school cost more to keep-up in fuel, janitor, teachers, and insurance than the present one, and where is the extra money to come from for same?

• • •

3. **WILL THIS TAX** burden of 52 mills per $1,000.00 valuation tend to make property in this district less saleable? This is a vicinity of home owners, but will we be likely to hesitate to build or improve our property in the next 20 years if we believe a large share of same will go for taxes?

• • •

4. **IS NOT THIS** 52 mills of taxes a first lien on our property and even ahead of a first mortgage? Is it not true that if I am unable, for any reason, to pay my taxes within 3 years after due that my property will be sold for such taxes?

• • •

5. **SINCE THIS** 17 mill hike will be only 3 mills below the highest possible tax that can be levied for all purposes and regardless of need; where and by what means will it be possible to raise sufficient money within the next 20 years to build or re-build our grade school, gym, court house, or any other public building? In the event of its damage or destruction by fire? Should not the school authorities give some consideration to the possible needs of the grade school, gym, or of other government units, and whose needs could become much greater than those of the high school? The county will be, as I hear, some $30,000.00 in the red this year, the State millions probably, and the only way they can raise money is by "more taxes". If the court house was destroyed would we not have to give it to Boyne City by default?

• • •

6. **HOW MANY** additional teachers will be required for the proposed new 27 room high school and where will the money come from to pay them? In past years the school board claimed it required, and usually got, from 2 to 5 extra mills over the 15 mills limitation in order to operate the school. Where, oh where, will they expect to get this extra milleage to operate a vastly larger school and additional teachers and janitors?

• • •

7. **CAN THE TAXPAYER** here afford this added burden? The City budget is some $22,000.00 over last year, income and withholding taxes are going up along with all excise, gasoline and other taxes. Assessments are going up, as well as prices. Are we about to destroy ourselves with taxation? Will not a little recession "set us on our ears" in many cases? Many have mortgages and find it hard enough to keep up now.

• • •

8. **THE PRESENT** high school building is old but structurally sound. Why is it not good enough to house school "shop", agricultural and possibly some other school functions? Has the theory of wilfull destruction of useful property taken over so that we may expect little pigs to be plowed under again shortly? Why does the school board propose the destruction of this useful building? It should be with any repair, be standing there and in use long after most of the present taxpayers will be gone.

• • •

9. **IS THIS A** sensible time to vote on the proposition? Would it not be better to wait until the present "police action" in Korea ceases to be an "emergency" and prices of material and labor stabilize? Perhaps a public works program will come along and pay half the cost. Should we plunge in and gamble on whether we can afford this 27 room building, a new hospital, perhaps a new court house, and then wake up to find we have "over-bid" our hands and get "set" out of our property.

• • •

10. **WHY THIS VOTE** on June 14th rather than at the annual July meeting? The polls must be open all day in July to vote for trustees anyway, why the rush? Our summer tax statements will not be out until the last of June and until then we will not know what our assessments are for 1951, and we will not know until later what effect the appeal to the state tax commission by either the school board or some supervisors is going to do to our assessments.

• • •

11. **SHOULD THE** taxpayers be expected to give up essentials? Should we expect the taxpayers to give up their little pleasures in life, or even essentials, while his "non-taxpaying" neighbor can enjoy such things and a new school too (at the taxpayers) expense. A taxpayer should be able to feel that he can contribute to his church, the new hospital, his favorite charities, and to have some small pleasures without feeling that he is depriving the community of a school, and being called a "cheapskate". Cheapskate or no, everyone will have to dig down and pay, and whether he wants to or not, rich or poor.

This letter should not be considered as knocking a new school, but to try to get the facts. The spending of public money is easy, even the taxpayers are "groggy" and discouraged lately, but, if they are voted, you pay them "or else". We should have all possible information so we may hope to vote intelligently. We think the Russians are dumb and "propogandized", so let us not be so. If required to pay 104% of the value of my property, as assessed, in the next 20 years I would like to know that it is urgent and necessary and that I will not be depriving my children of a home, and possibly food and clothing, just to set them up in a beautiful building for a little over 8 months a year.

Yours very truly,
Walker A. Miles

Dear editor:

This is in reply to Walker Miles and his questions on the proposed new school.

His first question is very misleading because $650,000 is the total amount to be raised for the new school. It is impossible to levy 17 mills for 20 years because the school would require that much millage for only a little over eight years to pay off the bond issue. The vote is for $650,000.

• • •

IF 17 MILLS were levied for 20 years, it would mean the district would raise $88,179 which multiplied by 20 equals $1,763,580.

Actually a 17-mill levy would pay off the bond issue in 9 years. Although 17 mills for 20 years is asked to be authorized, much of this is not required but is provided merely to make the bonds attractive and save the taxpayers money by securing a lower interest rate.

To pay off the issue requires 12 mills for 13 years and only 3.8 mills on the 14th year. This is a total of 147.2 mills or 14.72 percent of the assessed valuation over a period of 14 years. Assessed valuation is roughly not over 40 percent of actual valuation.

Actual valuation is meant when one speaks of re-purchasing his home. Actually Miles would pay only 40 percent of 14.72 percent or a total of 5.0% of actual valuation over a period of 14 years.

• • •

IT IS MISLEADING and untrue to take ASSESSED VALUATION, total all taxes over a period of 20 years and say you are repurchasing your home. This is absolutely false.

Let's stick to the facts. Miles' actual assessment is $2200. This is not more than 30% of the actual value of his property. Would you take $7,333 for your home, Walker?

Taking his figures of 3.5% for the city, county and school taxes and adding to it 1-20th of 14.72 or .736% for the new school if spread over 20 years equals 4.238% of the assessed valuation per year for ALL local taxes.

Since his assessed valuation is not more than roughly 30 percent of the actual valuation, his total taxes on his actual valuation per year is 1.27 or 25.418% for 20 years. This is a far cry from re-purchasing one's home. The 25 percent figure is not unreasonable for all of the services that local taxes return to an individual.

• • •

SO LET'S stick to the facts. The cost of the new school to Mr. Miles will be 1.2% of $2200 or $28.40 per year or 7.2 cents a day for 13 years and $8.36 for the whole 14th year. This is a total of $351.88 over a period of 14 years. Again this is a far cry from purchasing his home again. Miles would pay less over a period of years if the interest rate is lower than 3% or if the valuation is increased.

Point No. 2 — Yes we have need for a 27 room high school. Educators point out that our present school is inadequate for many reasons. Not enough room for agriculture, commercial, science, band, physical education, music and metal and woodshop activities. Only 20 percent of the graduates go to college but the bulk of the training is for college preparatory instead of for preparing for farm, office or skilled mechanics.

• • •

YES, IT WILL require an extra teacher or two and another part-time janitor. But is that too much to expect considering that the community is trying to give the children a good education.

Point No. 3 — Absolutely not. Why would the taxes make your property less saleable. The first thing that a new industry wants to determine when they ponder moving into a small town is the school facilities. A new school would enhance property values.

Point No. 4 — Let's be reasonable. Certainly taxes are a lien on your property. They always have been. You have to pay your taxes if you intend to keep your property. But that is nothing new.

• • •

POINT NO. 5 — Someone has been giving Miles some faulty legal advice. There is no limit on tax levies voted by the taxpayers in Charlevoix. That means that the 50 mill limitation does not apply because it is specifically exempt as a fourth class city. The 50 mill limitation effects only the county, township and school tax, hence if the new bond issue passes, it would mean that only 32 mills would be raised for county, township and school taxes. This is from a 1048 opinion of the state attorney general.

Point No. 6 — Answered in point No. 2.

Point No. 7 — Let's not befog the issue. The extra 12 mills needed by the school is not related to the excise, gas and other taxes. This is only a reasonable plan for a small school district to raise enough funds for a school by which the students can equip themselves for a better future. You can't hang all of the ills in this world on the Charlevoix school district wanting to build a new school.

• • •

POINT NO. 8 — Who said the school was structurally sound? The contruction engineers of the department of public instruction and the fire marshall's division say the building is a close relative to a fire trap. The building is almost unsafe for children. Ask the children and the teachers.

Visit the school when classes change, see the crowded corridors and a single stairway, the only exit from session, except the single lane fire escape. For a building to store merchandise, it might fill the bill but not for children whose lives would hang in jeopardy in the event of a fire.

• • •

THE BRICK front fools you. Behind it you find mostly antiquated wood and flimsy walls, a tinder box in case of fire. School buildings like other institutions outlive their usefulness. Consider the fact that four classrooms are jammed daily with 35 to 40 students when they were intended for only 20 to 25. How possibly can 40 students get as good an education from a teacher as 20 can.

Is it good business to have young seventh graders in the same study hall with 11th and 12th graders? Only a few people can take typing because there is no more room. How about the flimsy glass partition separating the typing students from the bookkeeping pupils. How can they concentrate on their work in the confusion of clanging typewriters.

• • •

INADEQUATE spacing and lack of subjects causes many students to drop out after the ninth grade, Principal Bingham reports. Seventh and eighth grade boys can take shop only twice a week because of inadequate facilities.

Lighting and ventilation facilities are poor. Physical education greatly restricted because the band uses most of the gym.

Point No. 9 — Answered elsewhere in this letter.

Point No. 10 — A special voting day was thought best because there would be no other conflicting business. This method is favored in most communities.

Point No. 11 — We do not think that the average person who will pay 5½ cents per day more in order to provide this new high school will be giving up any essentials. Walker, would you deny Charlevoix's children a chance to get better schooling for the price of a chocolate bar or a package of gum.

When you think how really small the cost would be to you and others here in the district, it seems ridiculous that you would object to paying in your case 7.2 cents a day on your assessed valuation for better schooling. As for the term "cheapskate" used by you, no one has used the term publicly except yourself.

• • •

IN CLOSING, Walker, we can't help but feel that if you were really interested about learning the facts in this school issue, you could have brought this up a long time ago. Where were you at the Open House, the general committee meetings which were open to all interested in the school and at the other open meetings when this project has been discussed?

Why wait until the last moment to bring your misleading letter into the open. We welcome the opportunity to give you the facts because we feel that the children of this community have a right to a better education than we received.

If you think that old school building will do the job required of it 51 years later, than why don't we drive 1901 cars and use gas lamps on our streets and use a horse and buggy for transportation.

ODDS 'N ENDS

By Fran Martin

Here's a fish story that's really one for the books . . . while fishing on the Jordan river recently Mrs. Harrison Trimble caught two brook trout at the same time without either of them taking a hook . . . in fact, her friends are now telling that 'she's taking to lassoing them . . . Seems one fish was snagged by a hook and the other one got tangled in the line which was caught in its gills . . . Only one was legal size though . . .

• • •

THE GRADUATES are all graduated and have returned from their trip to Niagara without mishap and the commencement activities are over for another year . . , Everyone is complimenting Rev. L. L. Lewis on his wonderful baccalaureate sermon . . . and the Community choir on its fine concert . . . One note about the baccalaureate . . . It was Rev. Lewis' first baccalaureate sermon . . and his daughter, Joan, was a member of the graduating class . . . And everyone enjoyed Donald Leonard's commencement address . . . it was something a little different in the way of commencement addresses, and we might add, well worth-while . . . And didn't you have at least a little lump in your throat as the graduates sang Alma Mater . . . We're going to miss that gang . . .

• • •

DON'T FORGET next Tuesday the North American is going to pay a visit to Charlevoix . . with the Grand Rapids Chamber of Commerce members on board . . . They'll spend several hours here . . . enjoying golfing and sightseeing and what-have-you . . . . Let's hope they have a good time and that they'll return again another year . . .

If you'd like to spend an enjoyable and profitable afternoon make a trip to the Federal fish culture station on Palmer st. formerly known as the fish hatchery . . . As we did you'll learn the most amazing things about fish . . . And if you think those fish don't get care, you're wrong . . . After an afternoon there we swear they do ever thing but call them by their first names . . After talking with Mr. Roff and his men we've decided it's a pretty interesting job . . . But if you decide to go down there for a visit, make it a hot day this summer for the station is just about the coldest place we know . . . in the summer it has it's own air-conditioning system . . . from the flowing water . . .

Have you ever seen anything lovelier than the view across Round Lake to the Chicago club, Little Island and the Belvedere club . . It looks extra beautiful to us . . . Or could it be that we got awfully tired of the snow . . .

• • •

AND WASN'T it wonderful last week-end seeing so many of the kids (if we may still call them that) home from the services. What with the college students home, it looked a little like one would want it all the time . . . There are so few of that group around that one misses them . . .

Add two happy families to your list . . . the Andrew Essenbergs and the Carl Russells whose sons, Andy Essenberg and Jerry Russell are enroute home from Korea . . . Both boys were in Japan when the conflict started almost a year ago and were with units that were among the first to go into battle . . .

• Gerald Left and William Bennett left Thursday for a ten-day visit in Chicago with the former's grandparents, Mr. and Mrs. H. C. Feiereisel and other relatives.

• Charles Stevens has returned to Benton Harbor after spending the week-end here. Mrs. Stevens and son, Bruce, who accompanied him remained for a week's visit.

• Mr. and Mrs. Eisendrath of Glencoe, Ill., spent the week-end here. They plan to return late in June for the summer.

• Charles Supernaw and his guest, Doris Whatman, of Rochester, spent the week-end with his parents, Mr. and Mrs. Frank Supernaw. On their return they were accompanied by Mrs. Supernaw who will spend two weeks in southern Michigan.

METHODIST CHURCH

411 Antrim St. Telephone 812-R

George E. Whitten D. D. Minister

Sunday at 10:30 Dr. G. E. Whitten will review the book of Ruth. Dr. Whitten calls this book the "Romance of a Loyal Heart" he has traveled over this love trail from Bethlehem to Moab. Special seats will be reserved for the Eastern Star Lodge who will attend in a body. All members of the Masonic Lodge are cordially invited to attend. Everyone welcome.

Graduates Honored At St. Mary's Fete

Members of St. Mary's church who were graduating from St. Mary's school and the Charlevoix high school and their parents were honored Sunday at a dinner at St. Mary's school hall.

Tables were decorated in gold and white and decorated with spring flowers.

High school graduates were; Fritz Allard, Gregory Bryan, Rosanna Gillispie, Sam Hamilton, Suzanne LaBlance, Dona McFarland, Mona McFarlnd, William Wallace and Ronald Wojan.

Eighth grade graduates were Thomas Gibbons, Donald Heilig, William Haggard, Thomas LaBlance, Charles McDonald, Constance Oleksy, Roger Pischner, Anthony Wojan, and Daniel Wojan.

Charlevoix IN UNIFORM

Pfc. William Novotny arrived Saturday from Camp Lee., Va., to visit his parents, Mr. and Mrs. A. F. Novotny, before reporting at Camp Stoneman, Calif., June 23. He enlisted in the U.S. Army Airforce in January and received basic training at Lackland AFB, Tex. He has as his guest for several days, Carol Van Wormer of Grand Rapids.

• • •

Sgt. Glenn Cook, who has completed three years in the Army Airforce, arrived home Thursday for a 30-day fulough with his mother, Mrs. Albert Cook. He has been stationed on Guam for the past 27 months. He will report at Westover Field, Chicopee, Mass., when he returns to duty.

• • •

Pfc. Gerald Russell, a veteran of the Korean conflict, is enroute home his parents, Mr. and Mrs. Carl Russell, learned Monday when letters were returned marked "Enroute to U.S." It was the first they knew of his return through the army rotation plan. He enlisted in the army in Dec. 1949, was sent to Japan the following April and went to Korea in July, 1950. He has been wounded twice while serving with his infantry division.

• • •

Pvt. Homer Talboys arrived home late Saturday from Camp McCoy, Wis., to spend a furlough with his mother, Mrs. Talboys and his brother-in-law and sister, Mr. and Mrs. Rex Davis. On Sunday they went to Alpena to see Mr. Talboys who sails about the freighter, John Mitchell of the Huron Cement Co. who was in port for several hours.

• • •

Sgt. Stanley Evers of Selfridge AFB spent the week-end with his parents, Mr. and Mrs. A. Evers.

Employing his musical talents to advantage while receiving recruit training at the Naval Training Center, Great Lakes, Ill., is Bruce L. Barker, son of Mr. and Mrs. L. H. Barker who is a member of the Recruit Drum and Bugle Corps, a volunteer organization composed solely of Navy Recruits.

The Drum and Bugle Corps marches at all the recruit reviews held at the Training Center and also is scheduled for occasional trips to nearby communities to participate in parades and other civic activities.

• • •

Pfc. Junior Potter who has completed training at Lackland AFB, Tex., and Fort Sam Houston, Tex., arrived home last week to spend a three weeks furlough with his parents, Mr. and Mrs. Hiram Potter. He will report at Camp Kilmer, N. J., when he returns to duty.

• • •

Cpl. Patrick R. Martin of Fort Campbell, Ky., spent the week-end with his mother, Mrs. John Martin.

• • •

Pvt. Richard Rickerd of Camp MacArthur, Calif., spent four days last week with his mother, Mrs. John Rickerd.

• • •

Cpl. David Hamilton arrived last Wednesday from Fort Sill, Okla., to spend a furlough with his parents, Mr. and Mrs. Ralph S. Hamilton.

• • •

Cpl. Andrew Essenberg, who last week notified his parents, Mr. and Mrs. Andrew Essenberg sr. that he was being returned home from Korea, sailed for home aboard the Thomas Jefferson May 31, he cabled his parents last Wednesday.

IT HAPPENED ON ....
BEAVER ISLAND

By Mrs. J. C. Hanley

Beaver Island's two graduates, Marguerite Connaghan and Sally Cutt, received their diplomas Monday evening in Holy Cross Church. They wore white caps and gowns and were accompanied into church with a procession of the high school and eighth grade students. All the young ladies wore formals in pastel shades.

Father Aiden OFM gave the graduation address. Father Giles OFM presented the diplomas, and both graduates received gold pins for scholarship awards.

After graduation excercises, a dance was held in the hall to celebrate the occasion.

* * *

THE SACRAMENT of confirmation was administered to a class of 52 Wednesday morning by auxiliary Bishop Francis Joseph Rancans of Grand Rapids. Bishop Rancans was accompanied to the Island by Father Angelus OFM, who acted as assistant and interperter.

Bishop Rancans, a refugee from Latvia, a communist dominated country, has been in this countury only a short time and is unable to speak the English language. At present, he is assisting Bishop Haas, bishop of the dioceses of Grand Rapids, while awaiting the liberation of his homeland. Bishop Rancans has seen many hardships and his escape from behind the iron curtain was one of harrowing experiences.

Bishop Rancans and Father Angelus arrived on Tuesday's boat. They returned to the maintand via McPhillips Flying Service Wednesday after confirmation exercises.

* * *

TUESDAY EVENING,.. members of the Beaver Island Association of Commerce met at the King Strang hotel. Plans were made for a clean-up, paint-up week and a contest for the most attractive yards. Ed Burke was appointed as chairman of this committee. Mrs. Lloyd McDonough, Mrs. Florence Ricksgers and Mrs. Eugene Kinney were appointed to investigate the possiblities of estabiishing a public library on the island. Five hundred books have already been donated by Tom Walsh of Grand Rapids for this project. A membership drive has been inaugurated with Joe McNamee as chairman. After the meeting, a Dutch lunch was served in the dining room of the hotel.

* * *

MONDAY'S BOAT brought across the Indian children who were students at Holy Childhood school, Harbor Springs, during the past school year.

Doctor and Mrs. Russell Palmer left on Tueday's boat to spend two weeks on the mainland.

Mrs. Jack Johnson was on the island for a few days last week. She was accompanied by Mrs. Helen Peas, Ludington and Arthur Johnson, children of Mr. Johnson. Arthur remained on the island and will assist in the construction of the hotel.

Mr. and Mrs. Peter Gallagher, and little daughter, Dorothy Lee, Lansing, and Verdona Darling, also of Lansing, arrived to visit Peter's mother and family.

* * *

MRS. ROLLAND McCann has returned to Chicago after spending several weeks with her father, Gus Mielke. Mrs. Evelyn Vaden, a good friend of the Mielke family and a practical nurse, arrived Wednesday from California to take charge at the Mielke home.

Mrs. Nora Gallagher was taken to the Charlevoix Hospital Thursday. Upon examination, she was rushed to the operating room for an appendectomy. We are happy to report Nonie is coming along nicely - but she did have a close call.

The island's angel of mercy, Mrs. "Bud" Sandenburg, went along to the hospital with Nonie. Bid is always on hand in case of an emergency and she's never too tired to help the sick even though she clerks six days a week at one of the stores.

Four Detroit Tiger fans, Lloyd McDonough, Archie LaFreniere, Burt McDonough and Lawrence McDonough, left on Friday's boat to attend the ball game Saturday afternoon. En route, they stopped by Grand Rapids to visit Joy McDonough and Lillian Connaghan, students at the Mercy Central School of Nursing.

* * *

MRS. MARY "Vesti" McDonough took to the air Saturday and flew all the way from the island to Chicago. She will visit her daughter and son-in-law, Mr. and Mrs. Charles Teter.

Mrs. Patrick Burke and Mrs. Rose Benjamine left Saturday to return to Chicago. Mrs. Burke's mother, Mrs. Mary Greene, and Mrs. Dan Boyle returned to Chicago with them. Mrs. Boyle will visit her son and daughter-in-law, Mr. and Mrs. Jack Boyle.

Father John Loftus OFM, editor of the Franciscan publication, The Companion, from Mt. Saint Francis Seminary, Mt. Saint Franceis, Ind., spent a few days on the island during the week as the guest of Father Giles.

* * *

MR. AND MRS. Ben East were guests at the King Strang hotel over the week-end. Ben is on the editorial staff of Outdoor Life Magazine and is here to get material for another article.

Mary LaFreniere returned to the island after being employed in Chicago since her graduation last year. Mary will assist Archie in the Shamrock during the summer months.

It's lilac and tulip time on the island. Beaver is beautiful and fresh looking with the new leaves out and the grass so green from the spring rains. Going out Kings Highway, Indian Paint Brush is blooming on either side of the road and the wild strawberry vines are loaded with blossoms.

Commercial Fish Haul Shows 16% Increase

LANSING—A larger haul of smelt hiked total March and April commercial fish production in Michigan Great Lakes waters about 16 percent over the comparative two-month take last year.

The conservation department announces that over 3,352,000 pounds of smelt and other fish were netted as contrasted to 2,815,000 pounds in March and April of 1950.

Smelt acounted for over a third of the take, 1,402,000 pounds as compared to 1,178,000 pounds in the same 1950 period. Lake Michigan produced the entire tonnage except for 147,000 pounds from Lake Huron.

Some improvement in the lake trout catch was evident. Commercial fishermen reported 112,000 pounds as against, 43,000 pounds before. Practically all of the harvest was in Lake Superior, 372 pounds from Lake Michigan.

Nets caught 413,000 pounds of carp for the second best haul. About 252,000 pounds were from Lake Huron, 157,000 pounds from Lake Erie. An over 277,000-pound harvest placed third in the period last year.

Start Control for Curbing Lawn Weeds

White your lawn is getting a good start, don't let weeds do the same thing, advises Dr. B. H. Grigsby, weed control specialist at Michigan State college. He adivses spraying lawns with 2, 4-D for weed control.

When the weather is genarally warm is a good time to make a thorough application of the spray. Young weed seedlings will be susceptible to the spray.

Crab grass will not be killed by 2, 4-D, Dr. Grigsby points out.

A few words of advice include following manufacturers' directions, avoiding spray drift into shrubbery and flowering plants, thoroughly washing the sprayer and hose after use, and not spraying seedings of young grass.

RECORD OF COUNCIL

May 21, 1951

The Common Council of the City of Charlevoix met on the above date with Mayor John Knight presiding. Aldermen present: Heering, Kohler,. Zeitler, Bellinger, Gebeau, and Hamilton. Absent: None.

The minutes of the previous meetings were read and approved.

Moved by Alderman Bellinger and seconded by Alderman Kohler that the bid of the Lake Construction Company in the amount of $2,867.09 for repairs of the dock at the foot of Mason street be accepted. Motion carried by the following Yea and Nay vote. Yeas: Heering, Kohler, Zeitler, Bellinger, Gebeau, and Hamilton. Nays: None. Absent: None.

Alderman Gebeau offered the following resolution, seconded by Alderman Bellinger.

BE IT RESOLVED that the City of Charlevoix sell and convey to Robert A. Paul of 127 River Street, Charlevoix, Michigan, for the sum of Five Hundred ($500.00) Dollars and Other Valuable Considerations that parcel of Land situated and being in the Township of Chrlevoix, County of Charlevoix and State of Michigan, described as follows, viz:

"Commencing at the Intersection of the West and North eighth Lines, of section 24, Town 34 North, Range 8 West; thence East along the North eighth line of each section 24, 200 feet to the point of beginning for this description; thence continuing along said eighth line 200 feet; thence South parallel to the west eighth line of said section to it's intersection with the northwesterly line of Highway U.S. 31; thence in a southwesterly direction along the northwesterly line of said highway to it's intersection with a line which is parallel to the said west eighth line and 125 feet distant therefrom; thence north on said last described line to the point of beginning; being a part of Government Lot 3 of Section 24, Town 34, North, range 8 West." said conveyance containing a provision that said Robert A. Paul shall, within six months from the date hereof construct on said property a building suitable for light manufacturing purposes of masonry construction and of not less than the diminsions of 40 feet by 00 feet, and that upon failure to do so, the property shall revert to the City and the purchase price be refunded; said convoyance to also contain a restriction that the said property shall be kept and maintained in a good orderly manner in character with the neighborhood and so as to present an attractive appearance from the highway, and shall not be used for the open storage of junk, debris, old automobile parts and bodies and other similar unsightly uses.

BE IT FURTHER RESOLVED that the Mayor and the Clerk be and they are hereby authorized and directed to execute and deliver said conveyance in behalf of the City.

Resolution adopted by the following Yea and Nay vote. Yeas: Heering, Kohler, Zeitler, Bellinger, Gebeau, and Hamilton. Nays: None. Absent: None.

Moved by Alderman Hamilton and seconded by Alderman Gebeau that the Superintendent of Utilities be authorized to purchase material for a new Ferry Avenue electric circuit at the best price obtainable. Motion carried by the following Yea and Nay vote. Yeas: Heering, Kohler, Zeitler, Bellinger, Gebeau, and Hamilton. Nays: None. Absent: None.

Moved by Alderman Kohler and seconded by Alderman Gebeau that the City ask for bids on 200,000 gallons of Deisel Fuel according to specifications on file with the City Comptroller. Bids to be accepted until 8:00 p.m. on June 5th, 1951. The City reserves the right to accept or reject all bids. Motion carried by the following Yea and Nay vote. Yeas: Heering, Kohler, Zeitler, Bellinger, Gebeau, and Hamilton. Nays: None. Absent: None.

Moved by Alderman Kohler and seconded by Alderman Zeitler that the Superintendent of Sewage Disposal Plant be authorized to purchase chains for the disposal plant at the best price obtainable. Motion carried by the following Yea and Nay vote. Yeas: Heering, Kohler, Zeitler, Bellinger, Gebeau, and Hamilton. Nays None. Absent: None.

The Finance Committee, having examined bills totaling $8,494.75, find them correct and recommend they be allowed. Moved by Alderman Hamilton and seconded by Alderman Zeitler that the bills be allowed and orders drawn for their amounts. Motion carried by the following Yea and Nay vote. Yeas: Heering, Kohler, Zeitler, Bellinger, Gebeau, and Hamilton. Nays: None. Absent: None.

IRONTON

Mrs. Robert King

Guests for Memorial Day and the week-end at the Elwyn Johnson home were Mrs. Johnson's daughters and families and her son Edward Ward, there were Mr. and Mrs. Harry Overlander and three daughters, Mrs. Robert Wetherbee and one daughter all of Three Rivers. Mrs. Johnson hasn't seen her daughter, Mrs. Wetherbee in three years, had never seen her grandchild and is still waiting to meet her son-in-law, Mr. Wetherbee, who will join the family on Saturday. They will all return to Three Rivers late Sunday.

Milford Saunders had planned a big hay ride party for last Saturday night but it was rained out, so they played games and won prizes and had a happy time indoors. Refreshments were served. Those who attended the party were: Virginia (Babe) Burns, Leona Scott, Darlene Coatta, Nancy Ikens, Leola Scott, Earl Haskins, Carolyn Smith,. Doris Nielsen, Dwight Smith, Becky Badger, Charles Krahnke, Art Taylor, Victor Gibbons, Charles Rose and Milford Saunders.

Mr. and Mrs. Joe Howe spent last week here at their summer home.

Carolyn Smith of Charlevoix spent Wednesday afternoon and evening at the home of the Robert Kings helping to celebrate the 17th birthday of son, Bob Linxwiler. A picnic supper was served with a lighted birthday cake. Many more happy birthdays Bob.

Mr. and Mrs. Wayne Saunders spent Memorial Day with Mr. and Mrs. Oakley Saunders.

Don Bennett left Friday night for Rogers City to get his boat for the sailing season.

Those on the sick list this week are Roy Meyers and Jimmy Vanderwall, both are in Charlevoix hospital.

Mrs. Jack McDermott and son, Charles, also Carol Burgess returned to Detroit Sunday, with Mr. and Mrs. Joe Howe.

Barbara Bice of Charlevoix was a guest of Dorie Nielsen over the week-end.

Mr. and Mrs. Ed Beene, Mr. and Mrs. Tom Nielsen and family were dinner guests of Mr. and Mrs. Al Jannausch, Thursday evening. It was Mr. Jannausch's birthday.

A birthday party was given Thursday evening for Joe Howe of Detroit. Those present were Mr. and Mrs. Glen Williams, Mr. and Mrs. Roy Williams, Mr. and Mrs. Jack McDermatt and son, Charles. Mr. McDermott will soon be taking his training at Rock Island, Illinois.

Mr. and Mrs. Tom Nielsen spent Saturday evening with Mr. and Mrs. Robert King.

Lonnie and Tommie Thompson left Sunday to make their home in Lansing with their father and family. We hope you are very happy in your new surroundings kids.

Barbara and Marie Nielsen, daughters of Mr. and Mrs. Ole Nielsen took part in the piano recital given last week at the Congregational church in Charlevoix.

Martha Carlson has returned to school at Elkhart, Ind., after spending a week at home.

Mr. and Mrs. C. M. Bice and family were Sunday guests of Mr. and Mrs. Tom Nielsen.

After graduation a get together was held at Orlin Cunninghams. Their son, Ronald, being one of the graduates. Also Mr. and Mrs. Mick Cunningham and daughter, Beverly, Mrs. Winnie Bambach and daughter, Loanne. The graduates opened their gifts and refreshments were served.

Mrs. Gertrude Colwell is spending a few days in Central Lake visiting relatives and friends

Clare Williams is home on furlough from Korea, visiting his parents, Mr. and Mrs. Melvin Jones.

Mrs. Ross Alexander spent the week-end in Petoskey with her daughter, Mrs. Richard Friend, who is ill. Little Deborah came home with her for a days visit with her grandparents.

Mrs. Mary Bennett and Mrs. Violet Bustard and Linda, Mrs. Marion Lewis drove to Rogers City last Tuesday to meet the "Homer D. Williams" docked there.

Don Bennett, Danny Farmer and Mrs. Bennett spent last Monday in Ludington.

Mrs. Carrie Bird and daughter, Mabel, spent the week-end here in their summer home.

Mr. and Mrs. Jake Mendel of Petoskey were Sunday callers of Mr. and Mrs. **Ed Beene.**

Rev. Lewis from Charlevoix was at the Ironton church Sunday and held a very good service.

Mr. and Mrs. Robert Reber and Mr. and Mrs. D. Reber from Petoskey spent Sunday with Mr. and Mrs. Clyde Odgen.

Dr. H. L. Crain of Frankfort, Ind., who has a summer home at Bay View has consented to come to hold services every Sunday at the Ironton church starting July 1. He will continue through the summer months. There will be church however in the meantime. Please try and come.

Mr. and Mrs. Jay Miller of Dixon, Ill. are here for a short visit at their cottage.

Mr. and Mrs. Bob Wilson of Hudson, Ohio, came last week for a short stay in their summer home. Mr. Wilson flew back Sunday but Mrs. Wilson and grandchildren will remain a few days. The Wilson's are just back from their trip to Europe.

Guests of the Ralph Price's last week were Mrs. Prices' sister, Mrs. Gordon Belsterling and Mr. and Mrs. Dick Belsterling and two children of Peoria, Ill.

The Lorin Duffy's spent a few days last week in Traverse county where they attended Memorial services in Kingsley and a home coming at Summet City, Mr. Duffy's birthplace. Also visited relatives, and report a nice time.

Mrs. Alice Crago of Harbor Springs was a house guest at the home of Mr. and Mrs. Duffy.

Large Throng at Ellsworth School Graduation Rites

Ellsworth—A capacity crowd attended the Commencement exercises of the Banks Township school, Thursday evening at the Community Hall.

The band directed by Dean Fiedler, played for the processional as Arlene Klooster and Jahn DeVries members of the junior class, escorted the nine seniors to their places. They were followed by the eighth grade graduating class.

Two musical numbers, one an accordian solo by nine year old Patricia Endsley and the other a vocal solo by her father, Prof. Charles Endsley were greatly enjoyed by the audience.

Speeches given by the Valedictorian, Alonzo Barror and the Salutatorian, Gladys Fielstra were also well received.

The address of the evening was given by Prof. Charles Endsley of Kankakee, Ill. He used the title "Success" for his message to the graduates.

Lynn Carpenter of the Board of Education presented the diplomas to the Seniors and also the eighth grade.

Ellworth School Hires Four New Teachers

Ellsworth—Four new teachers have signed contracts to teach in the Banks Township Public school next term. James Wind will teach mathematics and his wife will teach music and girls athletics. Harold Jones will be the new commercial teacher. Miss Norma Armstrong has signed a contract to teach in the elementary grades.

With the school term ending May 31, most teachers have left for their homes. Miss Goldie Sherk will spend the summer at the home of her parents at East Tawas. Mr. and Mrs. Eugene Inman and daughter, have left for their home at Garden City.

Mr. and Mrs. Don Seefred and family have gone to New York for the summer. Mr. and Mrs. Neil Norcross will be spending their vacation at South Haven. Mr. and Mrs. Aylesworth and son have gone to their home at Empire. The other teachers plan to remain at their homes here.

Leonard Strange Honored at Party

Ellsworth—Mr. and Mrs. Roy Strange held a party Thursday evening in honor of the graduation of their son, Leonard, Patricia Endsley, nine year old daughter of Prof. Endsley of Kankakee, Ill., entertained the group with several accordian numbers.

The hostess served a lunch.

Attending the party were Mr. and Mrs. Ira Cook of Croswell, Mr. and Mrs. Joe Monteroy of East Jordan, Anse Carpenter and daughter and Mrs. Belle Carpenter of Central Lake, Prof. and Mrs. Endsley and daughter, Patricia, of Kankakee, Ill. Also, Mr. and Mrs. Max Bolser, Mr. and Mrs. Pete Vander Ark, Mr. and Mrs. Charles Masco, Otto Faltenberger, Rev. and Mrs. H. Diller and children, Mr. and Mrs. Henry Smith, Mr. and Mrs. Merion Best, Mr. and Mrs. Bernard Best and Marvin, Mr. and Mrs. John H. Burns, Polly Alward, Russell Hart, Jennie Veenstra, Adrien Goeman, Charlotte White, Mr. and Mrs. Grant Hastings and Mr. and Mrs. Don Campbell.

Ellsworth Spotlight

Mrs. William Best

Mrs. Miner Veenstra and three children left Sunday for Detroit where they will spend two weeks visiting her mother, Mrs. Ray Whitely, Sr. and other relatives.

Mr. and Mrs. Ira Cook of Croswell came Tuesday to spend a few days at the home of Mr. and Mrs. Ray Strange and family.

Mrs. Isabelle Vander Berg, Joan and Marvin of Detroit, were week-end guests at the home of her parents, Mr. and Mrs. W. P. Smith and also, visited other relatives.

At the picnic for the high school held at Whiting Park, Boyne City, Thursday, Lorraine Essenberg, daughter of Mr. and Mrs. Louis Essenberg had the misfortune to break her arm. She was taken to Charlevoix Hospital to have it set.

Mr. and Mrs. Henry Vander Ark took a trip through the "thumb district" of Michigan on Memorial Day.

Mr. and Mrs. Marvin Rubingh and daughter of Mt. Pleasant are spending a week with his parents, Mr. and Mrs. Gerret Rubingh and other relatives and friends.

Mr. and Mrs. Howard Elzinga and family of Bay City were week-end guests at the home of his parents, Mr. and Mrs. Henry Elzinga.

Mr. and Mrs. Richard Welland spent from Saturday until Tuesday visiting relatives in Detroit and Grand Rapids. Their daughter, Kathy, is staying with her grandparents, Mr. and Mrs. John Wieland.

Throughout the summer, Tuesday night will be family night at the Atwood Reformed church. There will be ball games and other types of recreation until sundown, then the group will go into the church for prayer meeting.

Rev. Wayne Lemmen is a delegate to the General Synod of the Reformed church in America, to be held in Buck Hill Falls, Pa. June 6-11.

Week-end guests at the John Wieland home were Mrs. Wieland's sister, Miss Jean Steenhagen and friend, Miss Pearl Nye of Grand Rapids. Mrs. Wieland's mother, Mrs. G. Steenhagen returned to her home at Muskegon Heights with them after spending a few days with her daughter.

Rev. H. Diller took his Sunday School class of boys on a trip to Tahquamenon Falls, Monday. Henry Smith accompanied the group.

Mr. and Mrs. Dean Fiedler moved last week to their new home which they have recently erected across from Mrs. Gertle Doctor's.

Marvin Wassenaar, student at Alma college arrived home this week to spend the summer vacation with his parents, Mr. and Mrs. Henry Wassanaar.

Mrs. Jennie Van Etten of Shortsville, New York, has been spending a few days at the home of her niece and family, Mr. and Mrs. John Klooster and family.

Mr. and Mrs. Charles Burbank of Detroit brought her mother, Mrs. Mabel Liberty to her home here and remained to spend the week-end. Mrs. Liberty who has been spending the winter in Detroit, will remain here for the summer.

Mr. and Mrs. George Griffin of Farmington spent last week at the home of Mr. and Mrs. Wren Chellis.

Mr. and Mrs. Rule Chellis of Detroit were week-end visitors at the home of his brother, Mr. and Mrs. Wren Chellis. His father, Ezekiel Chellis returned with them to his home here after spending the past two weeks visiting relatives in Detroit.

Mr. and Mrs. Mint Piersma of Grand Rapids were week-end guests of Mrs. Martha Brock.

Mr. and Mrs. John Vroom of Detroit spent the week-end at their summer home here.

Mrs. Isadore Levin and daughter returned to their home in Detroit Monday after spending a week at their cottage here.

Mr. and Mrs. Francis Finch and children are moving this week to their farm which they recently purchased near Williamsburg.

Mr. and Mrs. Bob Johnston returned home Monday after spending a week visiting relatives in Detroit.

ASK FOR BIDS

Sealed bids for the construction of 2.41 miles of grading and drainage structures on a county road in Wilson township will be opened at 11 a.m. June 6. The improvement is south from the north line of Section 13, Wilson township, northerly to junction of M-75, Boyne City.

May 22, 1951

Rod And Gun Club Plant Trout in Lake

Some 14,000 Rainbow trout were delivered to the Charlevoix Rod and Gun club Monday afternoon.

Most of the trout were put into Lake Charlevoix and the remainder of about 4,000 into Monroe creek. The trout delivered in 56 cans came from the trout hatchery at Northville.

J. C. Marshall handled arrangements for the delivery of the fish. A committee of club members assisted in the annual project.

Notice of Special Meeting
OF THE
Qualified Electors
OF
Charlevoix Township Unit School District
(CHARLEVOIX PUBLIC SCHOOLS)
Charlevoix and Antrim Counties, Michigan
To Be Held
June 14, 1951

TO THE QUALIFIED ELECTORS OF SAID SCHOOL DISTRICT:

PLEASE TAKE NOTICE that a special meeting of the qualified electors of said School District will be held in the High School building in the City of Charlevoix in said District on the 14th day of June, 1951, at 10 o'clock a.m.

THE POLLS OF ELECTION WILL OPEN AT 10 O'CLOCK, A.M. AND CLOSE AT 8 O'CLOCK, P.M., EASTERN STANDARD TIME:

The following propositions will be submitted to the vote of the electors qualified to vote thereon at said special meeting:

I. Shall the limitation on the total amount of taxes which may be assessed against all property in Charlevoix Township Unit School District (Charlevoix Public Schools), Charlevoix and Antrim Counties, Michigan, for all purposes, except taxes levied for the payment of interest and principal on obligations incurred prior to December 8, 1932, be increased, as provided by Section 21, Article X of the Constitution of Michigan, by one and seven tenths per cent (1.7%) of the assessed valuation, as equalized, of all property in the School District for a period of twenty (20) years, from 1951 to 1970, both inclusive, for the purpose of providing a debt retirement fund to pay the principal and interest on bonds of the School District in the principal amount of Six Hundred and Fifty Thousand Dollars ($650,000) to be issued for the purpose of erecting and furnishing a new high school building and acquiring additional land for site purposes in said District?

II. Shall Charlevoix Township Unit School District (Charlevoix Public Schools), Charlevoix and Antrim Counties, Michigan, borrow the sum of not to exceed Six Hundred and Fifty Thousand Dollars ($650,000) and issue its bonds therefor, for the purpose of erecting and furnishing a new high school building and acquiring additional land for site purposes in said District?

Each person voting on the proposition to increase the total tax rate limitation must be a citizen of the United States, above the age of 21 years, and have resided in the State of Michigan six months, and in the School District 30 days next preceding the election.

Each person voting on the proposition of borrowing and issuing the bonds of said School District must be a citizen of the United States, above the age of 21 years, and have resided in the State of Michigan six months, and in the School District 30 days next preceding the election, and have property assessed for taxes within the School District or be the lawful husband or wife of such person.

STATEMENT BY THE TREASURER OF THE COUNTY OF CHARLEVOIX, STATE OF MICHIGAN,
As Required By Act No. 293, Public Acts of Michigan for 1947

I, Lillis M. Flanders, Treasurer of Charlevoix County, Michigan, find that as of May 22nd, 1951, the total of all voted increases over and above the tax rate limitation established by Section 21, Article X of the Constitution of Michigan, in any local units of government affecting the taxable property located in Charlevoix Township Unit School District (Charlevoix Public Schools), Charlevoix and Antrim Counties, Michigan, is as follows:

None

DATED: May 22, 1951

LILLIS M. FLANDERS
Treasurer
Charlevoix County, Mich.

STATEMENT BY THE TREASURER OF THE COUNTY OF ANTRIM, STATE OF MICHIGAN, AS REQUIRED BY ACT NO. 293, PUBLIC ACTS OF MICHIGAN FOR 1947.

I, Leora M. Bailey, Treasurer of Antrim County, Michigan, find that as of May 22, 1951, the total of all voted increases over and above the tax rate limitation established by Section 21, Article X of the Constitution of Michigan, in any local units of government affecting the taxable property located in Charlevoix Township Unit School District (Charlevoix Public Schools), Charlevoix and Antrim Counties, Michigan, is as follows:

Local Unit	Voted Increases	Years Effective
Antrim County	2 mills	1951, 1952, 1953, 1954 1955.

DATED: May 22, 1951

LEORA M. BAILEY
Treasurer
Antrim County, Michigan

TAKE NOTICE That the Board of Education has estimated the total expense of erecting and furnishing a new high school building and acquiring additional land for site purposes in said District to be Six Hundred and Fifty Thousand ($650,000) Dollars, all of which it is necessary to raise by borrowing and issuing the bonds of the district.

This Notice is given by order of the Board of Education of Charlevoix Township Unit School District (Charlevoix Public Schools), Charlevoix and Antrim Counties, Michigan.

DATED: May 22, 1951

HAROLD WITHERS
Secretary, Board of
Education

Charlevoix County Farm News

Farm Report Shows Effects Of Income, Expense Change

There may be a long way to go before the farm economic picture changes as fast as the farmer changes shirts—but it seems to be catching up.

John Doneth of the Michigan State college agricultural economics department has lumped together the figures from about 250 farm account farms in the dairy-general and corn-livestock farming areas of central and south-eastern Michigan. He created the imaginary farm "Rolling Acres", operated by "George Bowers," to represent the average conditions on these farms and illustrate the risks and sudden changes possible in the business of farming.

In 1948 the Bowers' net income took a drop of $1,300 (29 percent) from the peak of $4,666 in 1947. It declined another $900 in 1949. In 1950 it showed a gain of $1,200 which was a 50 percent increase.

* * *

THESE changes occurred without any drastic shift in the organization of the farm or in methods of operation.

During the same three years, their farm expenses rose steadily. In 1948 costs jumped $700, the following year they were up another $300, and 1950 they rose another $400. In three years costs increased 22 percent, and totalled $8,253 last year.

Most of the farmers in this study are better-than-average farmers, operating larger-than-aveage farms, Doneth points out. But the changes and problems here are typical of those on thousands of other Michigan farms, he believes.

* * *

HERE ARE typical major changes in the Bowers' economic picture of the last 10 years—the "Changing Decade."

1. Both total income and expenses have more than tripled. Bowers now spends over twice as much to operate his farm as his gross income was in 1041.

2. Net earnings also tripled, but this isn't nearly as significant as it sounds because the dollar doesn't buy what is used to.

3. "Rolling Acres" has increased about 25 percent in acreage to its present 200 acres.

4. Total investment doubled. Machinery investment increased four times. The labor force decreased 10 percent. The total farm investment figure of $31,000 would be much higher if the farm and personal property were listed at actual present prices.

Grass Days Set For This Month in Northern Sector

The fourth round of Grass Days in Michigan will be staged this year in six counties of the lower peninsula. In case you're memory needs refreshing, Grass Days are designed to promote more and better grassland farming in Michigan by demonstrating the kind of good practices that enable you to get the most from the use of grass on your farm. And by grassland farming the agriculturalists don't mean turning the entire farm over to grass and legumes but rather getting the right balance into your regular rotation.

The two grass days in this area, according to Ed Rebman, county agent, are Friday, June 22 in Manistee county at the Flora Dontz farm near Manistee and on Monday, June 25 in Oscoda county at the Clifford Shantz and Ellsworth and Arnold Handrick farms near Fairview.

At grass days you will see the results of fertilization plots, best recommended practices for seeding grass and legumes, conservation practices, chemical weed control, and many other things. Farm machinery dealers will have the usual big displays and the machinery for harvesting forage will be seen in action on the afternoon program. We think it's good business to attend the Grass Day in your area.

Pasture Story by MSC Man Printed Abroad

A magazine article, "Building Better Pastures," by a Michigan State College staff member, has been chosen by the U. S. Department of State for translation and re-publication in periodicals in continental Europe, Latin America, the Middle East, the Far East and Africa.

Milo B. Tesar, MSC farm crops specialist, who wrote the article for the Michigan Farmer, state farm publication, is well known to farmers for his work in the improvement of hay and pastureland. Tesar spoke here at the second annual Farmers Day program.

Adjust Sprayer for Best Insect Control

Equipment in good condition is just as necessary for insect control as the correct insecticide, report Michigan State college entomologists. Poor equipment will not do a good job of coverage.

Good coverage is highly important and requires enough nozzles and correct pressure. Nozzles should be adjusted to meet the spraying and dusting requirements of each crop treated. Needs vary with the crops and should be considered each time a different crop is treated.

The entomologists emphasize that nozzles of dusters and sprayers can be too close or too far away from crops. Canvas trailers can be used with the dust to improve coverage, provided they do not damage the crop mechanically or scatter disease.

ORCHARD NOTES

By Claude Fairman

Just happened to think back a few years ago. While spraying last week I could not help but notice what a heavy crop of sweet cherries we had.

Our good orchard inspector asked me how we produced such large regular crops. He and our county agent of Charlevoix county invited me to a meeting of cherry growers at East Jordan.

I told them of my soil management, spraying, etc. And that our success was largely due to the spray material called Termate.

I talked first. The district Horticultureist from Traverse City was there and he talked last mainly to counter act the spray material. At that time I was so elated over our findings here f asked for a spot on the bill at the spring meeting at the State Horticulture Society.

They gave me a spot down with the ? Box I refused to go. However the Dow Chemical man had a good spot. I inquired and asked Antrim Co what the matter was. Reply. In the dark ages for the district horticultureist.

The main head from Lansing told me I had a good spot here and that I was doing alright and not to worry. I am not selling spraymaterials nor favoring any one cmpany. Porters large orchards my neighbors and many more are using Termate as their main fungicide. Despite the regular daily talks over the radio from Traverse City.

There has been more damage done from the use of sod orchards for stone fruits and harmful spray materials than any other cause. Any brand of Arsenate of Lead is good. D. N. Compounds only Elgentol and Krenite are good for peach leaf curl and it is the best

Any brand of Terbam is good to use. It all comes from one co. the Dupont. Any brand of Parathion is good, it all comes from one company.

Just what you need FOR EASIER, FASTER HAY MAKING

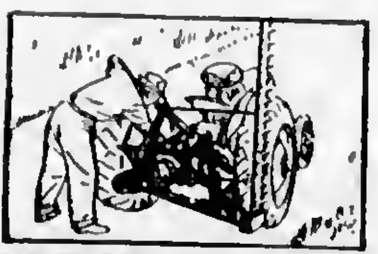
Dearborn FARM EQUIPMENT

Every farmer likes to get his hay in while the weather is right . . . here is the mower to help him do it. This mower can be attached to the Ford Tractor in eight minutes and a lot of hay mowed by dinner time. Can be detached just as quickly for switching to other equipment.

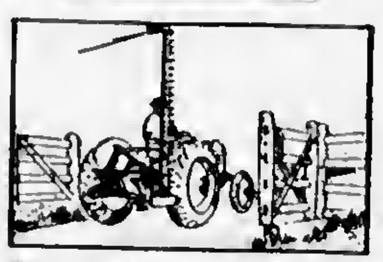
The speed of the new Ford Tractor and the improved, short-turning brakes, make a big mowing job nothing to worry about. And this mower is built to stand the gaff...has a steel pitman and roller bearings.

With Ford Hydraulic Touch Control you easily lift the cutter bar over stumps, stones or other obstructions . . . no pulling on mower levers or ropes. If an obstruction is hit, the bar swings to the rear. Backing the tractor resets the bar for use. Ask us for a demonstration.

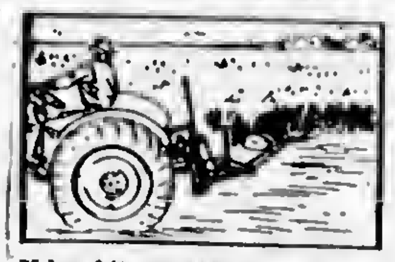
Ford TRACTOR



Mower attached and power take-off connected in eight minutes.



Fast, safe transport. Good ground clearance.



If bar hits an obstruction, automatic release prevents damage.

No lever tugging. Hydraulic Touch Control lifts bar over rocks or stumps.

Gravel Beneficial In Poultry Yards

A good layer of gravel in chicken yards when close to buildings where they can't be plowed will aid in disinfecting the area, says C. C. Shepard, Michigan State College poultry specialist.

Water will drain down through the gravel and carry away disease organisms. Work at MSC's Lake City Experiment Station has shown good results with turkeys on gravel.

Pasture Aids in Control of Worms in Poultry

Good pasture will help farmers to control worms in chickens, J. M. Moore, extension poultryman at Michigan State College, advised this week.

Worm control is the most important reason why a new pasture should be provided each year for the growing flock, he says. So far as the egg business is concerned, the most difficult job the poultryman faces is to develop healthy, well-grown replacement pullets for the laying house.

Some of the better pasture grasses are a brome-alfalfa mixture or ladino, if the soil and temperture are suited to ladino. In the alfalfa-brome mixture, the brome provides early pasture while alfalfa is unsurpassed in providing a succulent green feed during the hot, dry part of the summer.

Any poultry pasture should be clipped or pastured by other farm animals occasionally so that new, tender grass is always provided for the chickens, Moore advises. Fibrous, dry, well-matured grasses are of little use for a poultry range.

Chickens are not good rangers, the poltryman says. They will go little distance from the summer-shelter unless the feeders are allowed to become empty part of the day. Unless the house is moved, they do not get full advantage of the pasture provided.

Stem Rust Must Be Controlled for High Grain Yield

"Control Stem Rust by Barberry Eradication" is a new Michigan State College extension publication to aid farmers in the fight against stem rust in grain crops.

Co-authors E. A. Andrews, MSC extension plant pathologist, and M. E. Turner, USDA barberry eradication leader for Michigan, cite that two new races of stem rust broke out over a wide area for the first time in 1950. Control will become even more important as the need for cereal crops increases.

Stem rust is caused by a fungus plant that lives alternatley on the barberry bush, and the small grains and many wild grasses. The rust-spreading barberry was brought to Michigan by pioneers about 1805 and used for hedge and ornamental planting. Local destructive epidemics of stem rust in the wheat, oat, barley and rye crops followed the introduction.

The disease became so severe in some localities that production of small grain was discontinued. As a result, in 1918, barberry was outlawed and its systematic eradication begun.

Federal, state, county, and local agencies now cooperate in the barberry-eradication work in Michigan.

The authors recommend the following steps to help control stem rust:

1. Destroy all rust-spreading barberry bushes.
2. Grow only varieties of grain that are resistant to stem rust and that are recommended by Michigan State College.
3. Plant spring crops early and grow early-maturing varieties.

Cattle Bloat Is Danger in Spring

Springtime is cattle bloat time. George Parsons, extension dairyman at Michigan State College, cautions that death of the animal sometimes results from severe bloat.

Bloat is a condition in which the rumen of the cow becomes swollen by accumulation of gases. It is common in cattle and sheep and occasionally affects horses.

Bloat is not due to special gas formation by feed materials, but to the failure of the gases to be released at normal rates.

Parsons points out that feeds usually responsible for bloat are alfalfa, the clovers, peas, beans, as well as grass, cabbage leaves, and beet tops. When these feeds are wet as a result of frost, dew or rain, they present even greater bloat dangers.

Symptons of bloat are easily recognized. The first sign is a great swelling of the upper left side of the abdomen of the animal giving a lopsided appearance.

Alfalfa Proves Its Value in Rotation

Grass Day programs throughout Michigan during June will demonstrate to farmers the production and utilization of legumes and grasses in good farming programs.

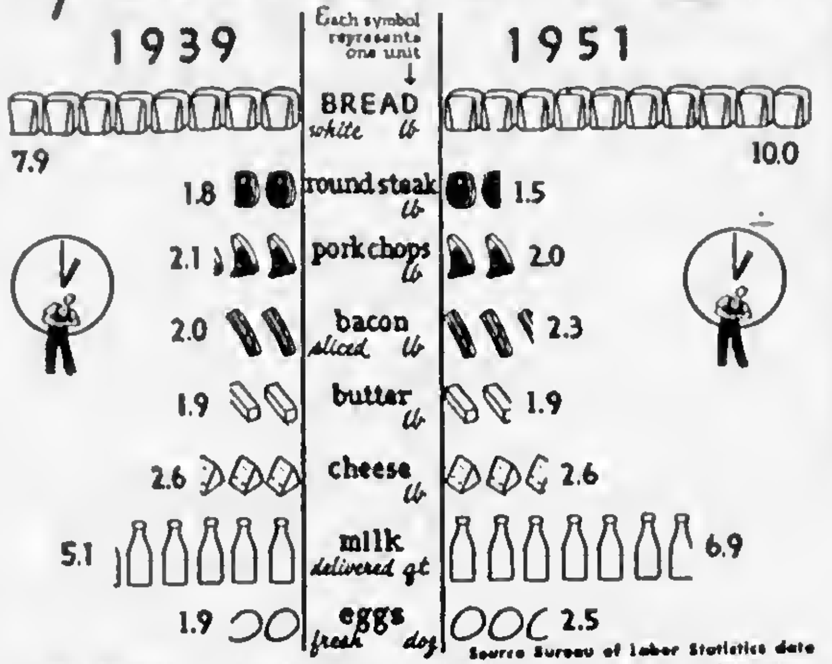
E. D. Longnecker, extension soils specialist at Michigan State college, says demonstrations have been set up at each of the six host farms by MSC agricultural specialists, cooperating with county agricultural agents.

Longnecker believes that a good balance of hay and pasture in the farm cropping program is essential to protect the soil. Tests conducted by the college show the use of legumes in crop rotations not only conserves and builds up the soil, but pays bigger returns over a five-year period.

Stone Age Tool Chest

The little Stone Age boy who lived about 10,000 B. C., was as proud of his tool chest as any little boy of today. It contained chisels, drills, saws, and stone axes and stone knives with edges that had been ground sharp and smooth on a whetstone.

FOOD BOUGHT by ONE HOUR OF LABOR



Source Bureau of Labor Statistics data

The average American worker today can buy more food with an hour's labor than at any time in recent years, despite advanced retail prices, according to reports submitted to the House Agriculture Committee by Secretary of Agriculture Charles F. Brannan.

"An hour's earnings in a factory may buy less of some things now than it has in the past, but it will buy more food," he said.

Comparing February, 1951, purchasing power with other years, the figures showed that an hour of factory labor buys 25% more bread than in 1939, 50% more than in 1929 and twice as much as in 1919.

Analyses show that bread also contains more actual nutritive value, penny-for-penny, than any other food, according to the American Bakers Association. The baking industry this year is observing the tenth anniversary of white bread enrichment, which nutrition experts declare has improved materially the health of the American people.

Citing this improvement in health, Dr. Elmer L. Henderson, president of the American Medical Association, states that "I do not think it is too much to say that a very important part of the more buoyant health and increased mental and physical vigor the American people enjoy today can be directly credited to the enrichment of bread with essential vitamins and minerals."

6% TODAY?

(Continued from Page 1)

likely.

TO PROVIDE solely for the payments of the bonds with a large reserve of taxing power the electors are asked to increase the tax rate limitation of the district by 17 mills for a period of 20 years. This is 2 years beyond the maturities of the bonds and over 7 mills more than would ordinarly be required to meet the payments of interest and principal on the bonds as they mature.

Under present circumstances if the full 17 mills were levied each year the bonds would be paid off and the taxing power cease in 9 years with the millage reduced to 13.18 mills on the 9th year.

The school district plans to levy only sufficient millage to raise $60,000 per year. This will pay the principal and interest on the bonds as they mature, which will range from $43,000 to $49,000 per year and provide a reserve fund from which bonds will be called ahead of their maturity.

With the present assessed valuation this would mean a levy of 12 mills per year and if the bonds are 3% they would be retired with a levy of 12 mills for 13 years and a levy of 3.8 mills on the 14th year.

If the bonds are 2% the bonds would be retired with a levy of 12 mills for 12 years and a levy of 1.2% on the 13th year.

• • •

THESE computations make no allowance for an increase in assessed valuation of the district which will reduce the millage requirement over a period of years. The City of Charlevoix for example has grown from an assessed valuation of $2,434,350 in 1941 to $3,880,050 in 1951. Much of this increase is accounted for through new construction.

The bond will require that the district raise $60,000 per year until they are retired. Increased valuation of the district will proportionately reduce the millage needed to do this below the 12 mills now required. Charlevoix's assessed valuation has increased over 50% in 10 years. A 50% increase would lower the millage required of the district by one third of the 12 mills to 8 mills.

Extension Day Put Off Until June 12

The Charlevoix Extension Achievement Day has been postponed until Tuesday, June 12, at the East Jordan Community Park.

The event will open with a potluck supper at 7 p.m.

A program featuring a speaker will follow.

The public is invited to attend.

Comings — Goings

Charlevoix Hospital

Patients admitted recently include:

May 28—William VanderWall of Ironton Francis Scott of East Jordan; Henry Burns of Ellsworth; Roy Meyers of Ironton.

May 29—Mrs. June VanderArk of Ellsworth; Elsie Lambert of Muskegon; Mrs. Ella Schrader; George Parsons; Mrs. Wilma Zoulek of East Jordan; Paul Heise.

May 30—Mrs. Lorraine Palmer of St. James; Joyce Stoel of Ellsworth; Danny Reuhling of East Jordan.

May 31—Mrs. Nora Gallagher of St. James; Lorraine Essenberg of Ellsworth; Mrs. Shirley Isaman of East Jordan; Reuben Pearl; Mrs. Mildred Bushart of East Jordan.

June 1—Paul Bowen of East Jordan; Gerald Sutton.

June 2—Mrs. Lorraine Palmer; Martha Green; Mrs. Phelina Tornga of Ellsworth.

June 3—Baby Rosemary Case of Bay Shore; Grace Blekkend of Boyne City; Roy Burns of Ellsworth; Mrs. Fay Burns of Ellsworth; Mrs. Mary Balch; C. A. Odmark; Bert Snover of Ellsworth; Earl Reibel of Ellsworth.

Patients discharged recently include:

May 28—Mrs. Emma Hair; Mrs. Marilyn Roberts and infant son of Boyne City; Nancy Wolgamott; Mrs. Barbara Chambers of Lansing; Mrs. Carrie Goodman of East Jordan; Robert Ouderkirk; Douglas Russell.

May 29—Mrs. Phelina Tornga of Ellsworth; Mrs. Anna Crain; Fred Southwood; Charles Marshall.

May 30—Mrs. Donna Mills and infant daughter; Elsie Lambert of Muskegon; Shirley Farmer of East Jordan; Mrs. Wilma Zoulek of East Jordan.

May 31—Mrs. Lorraine Palmer of St. James; James VanderWall of Ironton; Danny Reuhling of East Jordan; Henry Burns of Ellsworth.

June 1 — Mrs. Edith Zeltler; Mrs. Ella Schrader.

June 2—Colin McKenzie; Leonard Kraemer of Boyne City.

June 3—Mrs. June VanderArk and infant daughter of Ellsworth; George Parsons; Joyce Stoel of Ellsworth; Jack Vosburg.

BABY TALK

Births recorded at the Charlevoix Hospital recently include:

A daughter, Mary Dell, born to Mr. and Mrs. Willard VanderArk of Ellsworth May 29.

A daughter born to Mr. and Mrs. John Isaman of East Jordan May 31.

A daughter, Mary Anne, born to Mr. and Mrs. Clarence Palmer of St. James June 2.

Staff Sgt. and Mrs. James Eccleston of Honolulu, T.H. are the parents of a son, John Thomas, born May 20 at Queens Hospital. Staff Sgt. Eccleston is the son of Mrs. Anna Eccleston of this city.

Good Will Cavalcade Visits Here Friday

The third annual Northern Michigan Cavalcade will visit Charlevoix Friday, June 8, S. E. Coleman, secretary of the Board of Commerce, announced.

The Good Will Cavalcade will make a 15-minute stop during the afternoon, he said. The group will organize at Alanson at 8 a.m. and proceed north on US 31 to Mackinaw and south to Gaylord on US 27 for a luncheon stop.

After the luncheon, the Cavalcade will cross to the Lake Charlevoix communities of Boyne City, East Jordan and Charlevoix and then to Harbor Springs and Petoskey.

Knight Owls Face East Jordan Sunday

The Charlevoix Knight Owls will play their third game of the season here at 8:30 p.m. Sunday against East Jordan.

The Owls made only four hits off Dick Bare in losing to Petoskey 5-2 Sunday. Charles Fairbanks held Petoskey to four hits but sloppy fielding and wildness contributed to defeat him. Ted Ager led the Owls with three hits.

An admission of 25 cents for adults and 10 cents for children will be charged for the Owl games. This becomes necessary as voluntary contributions did not pay for the cost of a single ball used in the contest.

Three Children Win Attendance Awards

The closing exercises of the Church School of Christ Episcopal church were held last Sunday, with awards for excellent attendance going to Charles and Martha Coleman and Jonathon Knight. Church School will be resumed in September.

There will be no service in Christ Episcopal church next Sunday, as the congregation and friends are invited to attend the Confirmation Service and reception to be held in Emmanuel Episcopal church, Petoskey, at 5 p.m. The Rt. Rev. Lewis Bliss Whittemore, bishop of the diocese of western Michigan, will confirm classes from both Charlevoix and Petoskey.

Starting on Sunday, June 17, and continuing through the summer, services at Christ Episcopal church will be held at 11 a.m. instead of 5 p.m.

Petoskey Man Held For Tavern Theft

Alton Sabin, 41, of Petoskey is being held in the Charlevoix county jail on a charge of breaking and entering the Birches May 26 and taking liquor, cigars and other items including $6.00 in cash.

He was arraigned in Justice Court Tuesday before Capt. H. E. Paddock and demanded examination. June 15 has been set for the hearing. He is being held on $1500 bond which was not furnished.

He was apprehended Saturday following extensive work by Chief Clarence Heise and his force.

Don't Be Afraid of Failure — Leonard

(Continued from page 1)

munism or the philosophy which finds no room for God and religion. There is a big job to do and it presents a distinct challenge to those who are interested in the future of our country."

He urged all of his listeners to accept the challenge and the responsibilities of citizenship.

The graduates were presented diplomas by Bonnie Nickerson, president of the board of education. School Superintendent Roy G. Bennet introduced the speaker. Harry Bingham, principal, introduced the graduating class. Joyce E. McGhan gave the valedictory and George VerWys the salutatory. The high school band, directed by C. A. Odmark, played several selections. The Rev. Geo. E. Whitten gave the invocation and Rev. W. D. Wood the benediction.

Hospital needs Out-Patient Facilities

(Continued from page 1)

ray, laboratory supplies and drugs.

The biggest fault with the hospital building is that it was not meant to be a hospital. As a result its rooms are outmoded for the care of the ill and are crowded beyond belief.

When one considers that hospital patients in Charlevoix or any other community are bound to increase, it is easy to conclude that a new hospital will have to become a reality if the community is not to lose the outstanding institution here.

Another sharp limitation on the hospital is the lack of first aid and emergency treatment space. The operating room, x-ray room and basal melatolism room are used more than often to accomodate patients for emergency treatments.

The layout of the kitchen is such that more help is needed to speed the service. Of course that does not prevent the kitchen crew from turning some of the best meals ever prepared in any hospital.

Patients when discharged have been quick to complement the nursing staff and the superintendent for exceptional care and tasty food. The excellent care is provided in a building which was not meant for a hospital.

Returns Home

S.F.C. and Mrs. Don W. Brown of Waynesville Mo., returned home late Saturday after visiting relatives and friends and also attending the graduation of Mrs. Brown's sister, Viola Andersen. They were accompanied by Mrs. Brown's grandmother, Mrs. Anna Sorenson of Quincey, Ill., and also attended the graduation exercises.

Clinic Set for Afflicted Children June 26

The Michigan Crippled Children's commission will conduct a one-day clinic at the Charlevoix elementary school Tuesday, June 26, Dr. A. F. Litzenberger, director of District Health Unit No. 3, announced.

The clinic is being sponsored by the Northern Michigan Medical Society and District Health Unit for crippled and afflicted children in Antrim, Emmet, Otsego and Charlevoix counties.

Dr. Carl Badgley, chief of the University of Michigan orthopedic department and Dr. Jerome T. Jerome, orthopedic specialist of Traverse City, will conduct the clinic.

Miss Elizabeth Ober, consultant for the northern area of the Crippled Children's commission, will also be present.

Mrs. Robert McClure has been named chairman of the committee of volunteer workers who will assist with the clinic.

Dr. Litzenberger, who is arranging the clinic, said the clinic will be conducted by appointment only. Children must be referred to the clinic by physicians in the northern orea or through the Health Unit. Parents are warned not to bring their children without an appointment.

Cruise Visitor Nearly Misses Boat

Noel K. Black of Grand Rapids nearly missed the boat.

It was so close that the gang plank on the North America had been raised and had to be lowered again ao he could go aboard. Mr. Black, manager of the Morton hotel in Grand Rapids and president of the Michigan Hotel association, was a guest of the E. L. Kramers of the Baach hotol during his short visit hera.

After seaing the sights in Charlevoix, Mr. Black told tha Kramera ha hopea to come back for a few days this summer. He said ha had no idea Charlevoix waa as beautiful as it is. Ha praised the Beach hotel facilities and the community's natural beauty.

Camp Charlevoix Opens 25th Year On June 30

Camp Charlevoix will observe its Silver Anniversary this year when it opens June 30, Mr. and Mrs. Kenneth W. Smith of Grosse Pointe announced.

A full complement of boys from 12 states is reported, Mr. Smith said. Staff members from 17 colleges and universities will arrive prior to the official opening of comp.

Members of the staff include Al Dorow of Imlay City, star quarterback on Michigan State's team, who will supervise athletics, Cowboy Ronald Geis of Oklahoma A & M and Indian Chief Standing Eagle of Northeastern Oklahoma A & M will teach indian dancing and handicraft.

Mr. and Mrs. Smith are owners and directors of the camp.

Foreign Engineers Visit City on Tour of Nation

Fifty-three road engineers from 25 foreign countries visited Charlevoix Monday for several hours.

They continued on their nationwide tour under the sponsorship of the U. S. government's goodwill policy late Monday afternoon. They were greeted by Henry C. Heckler, Lions Club president, and Richard Herrick, club secretary, on behalf of the Lions, Kiwanis and the Board of Commerce.

Almost without exception, the men spoke good English and marveled at the scenic beauties on their tour of the city and surrounding area. Most of them took occasion to send letters and cards to their homes in for off lands.

Most of the countries in South America, Europe and Africa were represented as well as Australia. All were enthusiastic about the American abundance in everyday livin.g

They had lunch at Sternberg's Sugar Bowl.

Injured in Mishap

Steve Paterka is recovering in Charlevoix hospital from neck and shoulder injuries suffered when his car left the road and struck a bank Saturday night, on M-66 south of Ironton. His condition is not reported as serious.

Three Take Oath in Citizenship Ceremony

Photo By Louis McKenzie

Threa Charlevoix county residents became United States citizens last week in a naturalization ceremony in circuit court here. Taking the oath wera Mrs. Katia Chvatil of Charlevoix, Mrs. Helen Dubas ond Rev. Johann Bekkering, pastor of Barnard Reformed church. County Clerk F. R. Bulow administers tho oath and Circuit Judge Charles Brown presides.

Relates Experiences on 11-Day Trip to Alaska

To Alaska via the Alcan highway and return via air . . . 10,000 miles in 11 days . . . was the trek made by H. O. Krahnke and his son, Charles, who returned here Thursday from the interesting trip.

The pair left here May 28 with a passenger car and a pick-up truck as a tow. They picked up Highway 2 at the Straits and went west to Shelby, Mont., before starting northwest into Canada via Colgary and Edmonton to Mileo where the famous Alcan highway begins. They traveled 4,100 miles from Charlevoix to Fairbanks, 1,527 on the Alcan highway.

The highway itself is rough, Charles said. In fact, he added, rougher than any road around here. It is narrow, is made of gravel and has many bridges including a suspension bridge over the Peace River.

ONE OF the most interesting sights was the Indian trading post at Champagne in the Yukon territory where the Indians were bringing in the last of the furs they trapped in the winter. Log cabins were built oround the main trading post and there were corrals for saddle horses and pack horses. As Charles put it, "It looked like a dressed up scene out of a movie".

The weather, during the day was in the 60's all the way but in the evening it cooled off.

Driving from Fairbanks to Anchorage, some 365 miles, they drove from 5:30 p. m. to 1 a. m. by the light of the midnight sun and never had to turn the lights on. At 1:30 the rays of the sun could be seen coming over the horizon.

Enroute they say a cow moose and two calves and some buffaloes. They also saw countless porcupines, which were much larger and more yellow than the ones here.

OF MOUNTAINS they saw, the Rainbow Mountains between Anchorage and Fairbanks were the most beautiful.

They also saw river boats at White Horse and the cabin where Robert W. Service wrote his many poems and stories of the Yukon territory.

Enroute they paid as much as 64 cents a gallon for gasoline and averaged 40 cents a gallon throughout the trip.

When hotels weren't available, they slept in sleeping bags and cooked out along the way. They were told by the grocer where they sold their extra food that eggs are 94 cents a dozen.

• • •

THEY ARRIVED in Fairbanks Monday night, a week after leaving here, and went to Anchorago the next night. They left via air from Anchorage at 0:30 Wednesday morning and after changing planes at Seattle, Wash., arrived at Willow Run at 1:30 p. m. Thursday.

Cruise Ship Members Enjoy Charlevoix Visit

A record number of executives aboard the North American cruise chartered by the Grand Rapids Chamber of Commerce, enjoyed their stopover in Charlevoix Tuesday.

Directors of the Board of Commerce here and various business men were guests at a breakfast aboard ship. S. E. Coleman arranged golf games for some 50 men and fishing on the Jordan river for another group. Many others toured the city and shopped in local stores.

Grand Rapids visitors commended the Board of Commerce here and others who made their short visit here so enjoyable. Irving Quimby of the Quimby-Walstrom Paper Co., said his group always looks forward to visiting Charlevoix and enjoying the community's bospitality.

A number of the visitors said they plan to spend some time here later this summer. G. W. Mathisen was commodore for the trip. Alex McFaygen, secretary of the Grand Rapids Chamber, worked out arrangements with Mr. Coleman on the visit here.

The ship left port here at 10 a.m. but the golfers and fishermen took chartered busses to Traverse City where they met the ship.

Children Have Big Time at Beach Hotel

Some 150 to 200 children hod the time of their life last Friday at the Beach hotel.

They had all the ice cream they could eat plus balloons and other favors.

Mr. and Mrs. Gene L. Kramer, owners of the Beach hotel, were the kind hosts. The children's party was held just prior to beginning preparattions for the summer season.

"We've always wonted to have the children of the community at a party in the hotel", the Kramers said, "and this was a good chance. We had as much fun and enjoyment as the children did".

Saturday Noon Is Deadline for Queen Entries

Candidates for the Venetian Night Queen will be accepted until noon Saturday, according to an announcement made by the committees of the Kiwanis and Lions Clubs who are sponsoring the election.

Jack Mailhot who is accepting the names said Wednesday that four girls had already entered the contest and more were expected before the closing date Saturday.

• • •

TENTATIVE PLANS are being made to select the queen from the group of candidates at a luncheon to be given June 20 for the candidates and the judges composed of a committee from each sponsoring organizotion.

The candidate must be between 17 and 23 years of oge and never been married.

She will reign as queen of the annual Venetian Night celebration here July 29 after being crowned at the Queen's ball July 28. She will also be Charlevoix's candidate for the Cherry Queen at Traverse City late this month.

Attend Meeting

Karl Erber, Charlevoix county road commissioner and Ralph S. Hamilton, clerk of the road commission, were in Petoskey Tuesday to attend the 29th senatorial district meeting of the Road Commission.

Be Sure To Vote Today

Views of Hospital Conditions Provided by Miss Baumgartner

The Courier has asked Miss Ann Baumgartner, hospital superintendent, to write her analysis of conditions in the existing, inadequate building. The following news article is the result of her observation and is the continuance of a series attempting to show the great need of this community and surrounding area for a new building. The drive for funds has reached above the $100,000 mark. Some $120,000 is still needed.

By Miss Ann Baumgartner

May was a month of headaches. We have had again as many patients as last May, one year ago. We have continuous crowded conditions, small rooms have two patients. A crowded, inconvenient front room and the semi-private rooms are so small.

We have a very ill patient with an oxygen tent and wagensteen in the room and have to give several treatments, it's impossible to put another patient in the room due to the cramped conditions. Therefore, it leaves another bed vacant and no private room available for that ill patient. This has happened very frequently within the year.

• • •

WE HAVE another gripe, so many of our patients are ambulatory and we don't have enough bathrooms and rest rooms, and the walking distance is to far for some of the patients. There are only two bathtubs for the hospital.

The laboratory technician is also overtaxed with inconvenient conditions. Her tiny laboratory, large enough for one person only, has had nurses and aides use the laboratory for a utility room, which hinders her in her work.

(Continued on page 12)

Urges Preservation of Natural Beauty Spots in Jordan Valley

By Joseph F. Bugai

Saving our state forests from ruin by profit-bent groups is becoming a real problem to outdoors sportsmen and lovers of our Great Outdoors. This has been most recently evidenced in connection with the Jordan Forest, using first a certain "Dead Man's Hill" as the entering wedge.

The value of this particular hill exists in that from its height one can view the soul-satisfying display of natural wilderness, with the serene Jordan river meandering its course along the peaceful Jordan valley. The scenic hill, with reasonable automobile access to it, has been in existence for a good many years, and has been enjoyed by many people who came there individually or in small groups not only to admire the lovely scenery but to spend a few moments there in peaceful quietude oway from the crowds and carnival surroundings. There are many spots in the Jordan forest of considerable scenic interest and, just like this hill, each must depend upon adjoining wonders to make it wonderful.

It was the hope to save this and the rest of the Jordan valley unspoiled. Just like it was, that led to the establishment in 1934 of the Jordan River State Forest, now embracing around twenty thousand acres, administration of it being vested in the Forestry Division of our Department of Conservation.

The area abounds with considerable wild life; deer, rabbits, partridge, many song birds. It contains many pure water small streams the origin of which can be easily found in boiling springs against the hillsides. It also contains approximately eighteen miles of spring-fed Jordan river from a point where it starts from springs and then rapidly grows in size, with perhaps the best natural trout reproduction cover in the state. It is all pollution free, and excepting a few threatening spots the area is free of soil erosion.

• • •

THE ESTABLISHED Forest is neither round nor square, but follows a pattern somewhat like skirting the river, which originates near Elmira, winding its course south-westernly about ten miles, then gradually turning northernly toward Lake Charlevoix at East Jordan, forming a horseshoe pattern in Antrim county, the lower eight miles of the river being outside of the Forest area. The forest area is mostly rolling, with hills of more than average height flanking the river valley particularly in the upper strechces. It is all wooded, mostly young timber such as maple, beech, elm, basswood and other hardwoods in the upland, and spruce, balsam, cedar and other softwoods in some of the lowlands and the river valley, being highly representative of all species native to Michigan. Flowers too can be found here in abundance, and occasionally o wild orchid along the river bank.

In recent months there appeared new discoverers of this lovely area, and plans were formulated

(Continued on page eight)

School Board Stresses Pressing Need to Relieve Overcrowding

Charlevoix school district voters who will decide the merits of the new school issue at a special election today were presented a final plea that it is more economical to build now than later and that the overcrowding of the 51-year-old, unsafe building is "shortchanging our children."

In its statement, the Board of Education, listed preasing reasona why the community should support the proposal to build the $650,000 school bonding propoaal.

It was pointed out at Monday night's board meeting that the present high school, constructed to handle 150 high school students now is being jammed by 350 pupils from the seventh grade up. This is 233% of its original capacity.

This overcrowding results in confusion, handicops instruction and denies many children the proper educational opportunities, the statement said. This was also emphasized by Dr. E. D. Vredevoe, University of Michigan school authority, in his analysis of the school facilities.

• • •

SUPPORTING the belief that the present structure is unsafe, the statement said that the building is brick veneer with wooden supports and is structurally unsound for remodeling. The building is overcrowded now and community surveys indicate that the district population is increasing.

Board members are unanimous in agreeing thot these conditions cannot be permitted to continue. "It is cheaper to construct the entire building now as building costs have already gone up $158,000 since 1948 on this same building.

"It will cost more to build part of the building at a time piecemeal. Inasmuch as sooner or later the building will have to be constructed to give the children adequate educational facilities, it will save the taxpayers money to finance the project over a period of years."

Tho Board insists that the actual lavy will ba not mora than 12 mills for not longer than 14 years. This will decroaso over tha years as the assessed valuation of tho district increases through new construction.

The proposition seeks authority to levy 17 mills for 20 years. The additional millage above the necessary 12 are sought only to obtain a lower rate of interest and to save the taxpayers' money. This is standard procedure in every school bonding issue in Michigan. It is reasonable because the more protection the bond buyer has on his investment, the lower the interest becomes.

• • •

REGARDLESS how fast or slow the bonding issue is paid off, the amount to be raised remains at $650,000 plus interest which cannot be determined until the bonds are sold. The taxing authority ceases when the principal and interest are paid.

The present building plan is the result of five years of study by the board and school experts. The board emphasizes that building the new school on the present site will mean at least $10,000 in yearly operational savings than if it were built elsewhere.

If another sita wera used, it wos pointed out that duplicotion of many facilities would ba necessary. A building on another sita would moan tha addition of at least one more teacher, another janitor and duplication of cafoteria facilities plus more transportation expenses.

In 10 years, the Board believes it would cost $100,000 more for operation expenses on a different site, thus compelling the use of the present site.

AS FOR the matter of buying additional property on Mason and Clinton streets, the Board went on record as saying that no more than two houses are needed under the present plan for the building on the present site.

In years to come, it was explained, the Board would buy other property in the areo to enlarge the playground when the property becomes available.

Pleading for a vote of confidence on the proposed building plan, the Board urged voters to give careful consideration to this issue.

School Issues Outlined for Voters Here

Here are the facts on the school issue which will be voted upon today in a special school election by Charlevoix school district voters.

The proposals:

1. Authorization of the levy of 17 mills for 20 years of additional taxes for the sole purpose of paying off the bonds.

Any qualified school elector may vote on this issue. The voter does not have to own property to cast a ballot on this proposal.

2. Authorization of a $650,000 bond issue to construct a new high school.

Only persons having property assessed for taxes within the school district or be the lawful husband or wife of a taxpayer is eligible to vote on this issue.

Polls in the Charlevoix high school election will be opened at 10 a. m. today (Thursday) EST and close at 8 p. m.

The territory in the school district includes the city of Charlevoix, Charlevoix township, and part of the townships of Hayes, Marion, Norwood and Banks.

Election Parade

The parade planned for 11 a.m. Thursday to remind voters of the special election will form at Kipke Field at 10:30 a.m. and start its march through the business section at 11 a.m.

Judges will be located at the east side of Bridge st. at Mason st. to select the best float, slogan and best decorated bicycle.

Many civic, fraternal and church groups are planning to enter floats in the parade. The Charlevoix high school band will lead the parade in which the Boy Scouts, Girl Scouts and school children will participate.

Coming Events

June 14 — Past Noble Grand Club will meet with Mrs. Ray Seymour at 6:30 p.m. potluck supper.

June 15—Cream chicken dinner at the Church of God Fellowship hall at 8:00 p.m.

June 18—American Legion auxiliary will meet with Mrs. Maurice Dixon, W. Lincoln ave. at 8 p.m.

June 18 — Guild of Lutheran Women will meet with Mrs. Pauline Block for a social meeting.

June 19—The Garden Club will meet at the farm home of Mrs. Arlo Wickersham.

A Guest Editorial on the School Issue

By Mrs. Kit Carson

It will be our privelege today to vote Yes on two proposals which will enable all of the children of our community to have adequate classroom space and an equal oportunity for all children with their varied talents to become educated individuals.

This project and service should include every family in our school district. Our population has been growing much faster than the adequate facilities for this growth.

Our national income is at its summit, and our dexterity has not kept pace. The increase in our school census, is in a measure due to prosperity. Improved highways and modern transportation have helped to increase school population. Children go to school longer than they used to because they are protected by labor law through their teens.

We can exercise decisive influence if we will get together with our fellow citizens in this crisis. Public support is now imperative.

All that our recruits in foreign fields are doing will be useless if we can not have the vision to see that peace for the world will ultimately come thru education.

The crusade for peace can begin in the school district of Charlevoix. Through education will come tolerance, and through tolerance will come peace, first in our own soul and then in the souls of mankind throughout the world.

Memory is a part of us all. What we do today becomes a memory tomorrow. In the hush of the twilight memory is with us. In the blush of the dawn new hope is born. In the stillness of the night comes gentle sleep when accomplishment has been attempted. Good people of our school district think, think daily until the vision is yours of this quotation.

"Do not rob tomorrow's memories by today's economies."

Increase in Gas Tax Welcomed by Road Groups

Barring an unexpected reversal by the Michigan Supreme Court, the increase in gas taxes, long a thorny and controversial issue, will prove a boon to Charlevoix and other Michigan counties.

Road Commission Clerk Ralph Hamilton estimates that the county will receive $70,373 additional revenue a year from the 1 1/2 cent increase in gasoline taxes. The cities of Charlevoix, Boyne City and East Jordan together will receive $30,751 a year. The city of Charlevoix is slated to receive $7,664 under this setup.

Officials at the Road Commission here point out that the added levy is sorely needed. Even though the additional revenue is welcome, they point out that the increase will not compensate for the rise in materials and labor in the last five years.

Supporting evidence of this is provided in the study on snow removal costs in Charlevoix county and the money provided by the state to the county for the McNitt (township) roads. The complete budget for this county for McNitt roads this year was $37,159.34. This is for maintenance only. Snow removal on these roads cost $37,030, leaving $129 to repair township roads for the remainder of 1951.

It is readily seen that the county roads can't be improved unless they obtain more money. The increasing cost of snow removal was only one of a long list of increases for the county roads. Meantime, their budget of funds has been strictly confined.

It cost the county $159.27 per mile for snow removal this past winter. This was an increase of $50.27 per mile. This reflects the rising cost of snow removal as well as a much heavier snowfall.

Motorists are prone to criticize the roads in this and other counties without giving any consideration for the job of the road commissioners who only have so much money to spend. When it is spent, there is no more until the next year.

So it is with satisfaction that the Road Commission in this county looks forward to spending the increase in gas taxes as judiciously as possible. The Road Commission wants to do a better job on the roads as quickly as possible.

Personal

- Sue Miles, Lorna Lewis and Phyllis Mason, who have all completed the Wayne University phase of their nurses training at Grace Hospital in Detroit, arrived home Sunday for a nine day visit with their respective parents. They will return later in the summer for longer vacation periods.
- Donna Reed, Mr. and Mrs. Peter Leet and his mother, Mrs. Graco Leet from Grosse Isle arrived Thursday to spend the week-end with Mrs. Leets grandmother, Mrs. Dora Hamilton. Mr. Leet is stationed at the Grosse Isle Naval Air Base. They were accompanied by Mrs. Leets mother, Mrs. Floyd Tack of Battla Creek.

ODDS 'N ENDS

By Fren Mertin

We'll pobably never know exactly what they were, but one can't help but wonder what all the big planes were that went over Friday night, . . . looking up at them one couldn't help but be grateful that they're ours and not enemy planes . . . Since we're off the regular air-lanes we miss most of that traffic so it really was something to see . . .

Don't know whether you like dogs or not but we have a soft spot in our hearts for man's best friend . . . Saw a beautiful animal last week . . . He's Ace, the enormous Boxer which belongs to the Andersons from Lansing . . . His keeper says he's the mildest animal, shares his food with any stray dog and as sweet-tempered as can be . . . To see him one would think he'd lick his weight in wild-cats at the drop of the hat . . . If you see him around in the station-wagon, take a look at him, we're sure that you'll agree he's a beautiful specimen . . .

• • •

A REMINDER to the families of the boys and girls in the service . . ., If your boy or girl is not receiving the Courier . . . call the office and leave his name and address . . . The Charlevoix Service Organization now has enough funds to send the paper to anyone who wants it . . . He just has to be from Charlevoix . . . And when his address is changed, don't forget to tell us about it . . .

We learned last Saturday that Mrs. Albert Sinclair of East Jordan who is recuperating from an attack of polio is now at Warm Springs, Ga. . . . That's encouraging for one isn't taken there unless there is hope that something can be done for the patient . . . She's a brave soul to have come this far and we know that you'll all want to add your wishes to ours that the trip will be well worth all the efforts that's gone into it . . . And you can be grateful that you've been able to aid another polio victim by your contribution to the March of Dimes in this county . . .

• • •

HAVE YOU noticed the beautiful hawthorne trees in blossom around town . . . What always amazes us is the fact that such big healthy trees have such delicate and beautifully shaded flowers . . . We don't know of anything that's enjoyed more by everyone than these trees at various locations around town . . So a thank you to all those people who have them in their yards and share their beauty with us . . We were at the Ironton Congregational church Saturday for the wedding of Charlie Fairbanks and Puddy Thomson . . . It was a lovely wedding with all those close to the couple present . . . What struck us most about the people of Ironton was their pride in their church and the warmth with which they greeted you and made you feel at home . . . It's spirit that's often lacking in larger places . . . but those people have it and we hope they always keep it . . . It makes one feel privileged to be there . . .

• • •

An orchid . . . to a lot of people who have given so generously of their time and talents toward making the Girl Scout Day Camp such a huge success . . . Many persons who have no one in the Scouts have given of their talents to bring story hours, art classes, handicraft and other interesting past-time and hobbies to all these lucky youngsters . . . Even the Senior Scouts came through to give their assistance in making the camp one of the most successful we've had . . .

And we understand the other camping trips were successful too . . . As one youngster said . . Why, it didn't even rain one day . . . Did you ever stop to think what all the leaders, nurses and assistant leaders give to the youngsters in your community . . And we might add, you do your bit through your contribution to the Community Chest . . .

• • •

HERE'S AN accident that's one for the books . . . Mrs. Glenroy Ikens told us about it when we asked why little Sally had the patch on her forehead . . . Sally, standing on a chair watching her mother preparing some frozen orange juice, sneezed and cut her forehead on the open can . . .

Voice of Our Readers . . .

It is not the time to build a high school.

In the face of all facts and conditions are we wise to build a high school or any public building, except for war purposes, at this time?

With the shortage and rationing of building materials, and with the scarcity, in efficiency and high cost of labor and inflation, taking us, no one knows where a building could be halted and stand years before completion.

With other school boys giving their blood and every heritage of life for us and our way of life, are we not being a little selfish in asking for some things we think, or should have, but could do without.

There are abandoned and vacant school houses in fair condition, that could be re-opened and used.

There are vacant buildings in your city that could be temporarily converted into school rooms in an emergency, and we are in an emergency, is it the time to sell bonds and increase taxes?

The writer of this article doesn't believe it is the school boys and girls of today, that are asking for this school house. They are serious. They know many mistakes have been made by their parental generation. They also know they are going to be called upon to settle those mistakes.

And they will settle them, new high school, old high school or no high school.

Lucille Holmes

To the Editor:

As Mayor I received a telegram from the War Department suggesting a civic welcome for the first boy home from Korea, Lawrence Klooster. After talking with various people it was thought better to wait till Andy Essenberg and Gerald Russell got home, and hold a celebration for these three plus Earl Dean Stephens who was home earlier.

How about starting a fund in each bank, "Korean Vets Fund" to buy these boys a present which could be suitably engraved? If everyone would kick in a buck, we'd have the money in no time.

John Knight

Attends Training Camp

Bud Grimin, local U.S soil conservation technician, returned Monday from a four-week training session at the Soil Conservation Service Research Training Center, Coshocton, O. Mr. Grimins was one of five from Michigan who attended the training center. Also present were 19 technicians from seven other midwestern states.

LUMBER AND BUILDING SUPPLIES

If You're Building or Repairing

Save Money at Carson's

Endurance—

others talk about it, but

MERCURY Proves it!

3-WAY CHOICE! Mercury now proudly makes available a triple choice in transmissions. Merc-O-Matic Drive, the new simpler, smoother, more efficient automatic transmission—or thrifty Touch-O-Matic Overdrive are optional at extra cost. There's also silent-ease standard transmission.

Facts Prove it!

YES, OFFICIAL REGISTRATIONS PROVE THAT 82% OF ALL MERCURYS EVER BUILT FOR USE IN THIS COUNTRY ARE STILL ON THE ROAD!

Extra Durability—Mercury's heavy-gage, all-steel body and frame has special "bridge-type" bracing, reinforcing, welding—to withstand hard use.

Less Maintenance—Mercury engine features like "controlled finish" cylinder walls, "full-flow" cooling, and chrome-plated top piston rings help assure top performance for thousands of extra miles.

Miles Prove it!

YES, MILE AFTER MILE OF TESTING—UNDER WORST POSSIBLE DRIVING CONDITIONS—PROVES MERCURY'S AMAZING DURABILITY.

The Mercury you see in showrooms is built to withstand rougher handling than you will probably ever give it. Every part of the Mercury—the chassis, body, steering assembly, the "Hi-Power Compression" engine—is test proven to serve, to perform, to last years longer than you'd ever expect!

It's proof that may astonish you, but it's no surprise to Mercury owners. They know the dependability of their cars—the brawny frames, powerful engines, sturdy bodies.

They know about the economy that took first-in-class honors two years in a row in Mobilgas Economy Run. They know about low upkeep, too!

And your Mercury dealer can tell you his experience regarding resale value. He'll show you why your Mercury's value stays up—and he'll even prove it with used car market reports. Just one more way you save with the great new Mercury!

Standard equipment, accessories, and trim illustrated are subject to change without notice.

Try it today— MERCURY For "the buy of your life!"

He is now serving with his unit on the eastern front in Korea.

• • •

Benjamin S. Gill, EMC, accompanied by Mrs. Gill and daughter's, Carrol and Bennie, arrived Sunday from San Diego, Calif., to spend a leave with their respective mothers, Mrs. Fred Gill, sr. and Mrs. John Martin.

BABY TALK ....

Mr. and Mrs. J. Gilbert Powers of West Los Angeles, Calif., are the parents of a son born June 6. Mr. Powers is the son of Mr. and Mrs. Harry Powers of this city.

Mr. and Mrs. Harry Goldstick of South Boston, Mass., announce the birth of a daughter, Marcia. June 7.

Girl Scout News

Troop No. 5—Returned from Camp at Indian River. They all had a good time despite the bad weather and are anxiously waiting to see how the movies they took turned out. The leaders were Mrs. Jack Mailhot, Dorothea Kelly.

Troop No. 7—Under the leadership of Miss Barbara White and Mrs. Mark Cross, Troop No. 3 under the leadership of Mrs. Randall Crump and Troop No. 4 under the leadership of Mrs. Joe Williams and Mrs. Ray Kipke returned from Ocqueoc Camp and all reported a wonderful time. The highlight of the camping was a pet deer already named "Queenie" who was tame enough for the girls to feed bread and put their arms around.

Troop No. 2—Under the leadership of Mrs. Louis O'Niel and Mrs. George Smith returned from Tenbrook cabins at Central Lake and reported a really wonderful time. Aside from every one enjoying each day and it's activities they were able to report the fact that there were no mosquitoes on Intermediate Lake.

Special thanks are given to the Health Unit for giving a physical examination to each of the girls who went troop camping. It was certainly appreciated.

Day camping registered 52 girls and reported a week full of fun and happy children. Each day under the leadership of Mrs. Herbert Irish and the guidance of the unit leaders and assistants a full schedule was planned. The activities were cook outs--experimenting with tin can cooking, art and handicraft, story telling, sports, etc.

Thanks are given to the volunteer helpers who were: Mrs. George Roff, Mrs. Ronald Abfalter, Mrs. Charles Duerr, Mrs. Alden Ulrich, Mrs. Fay Davis, Miss Kay Fitch, Mrs. Karl Erber, Mrs. Lawrence Korth, Mrs. Kenneth Cellner, Mrs. Edwin McCann, Mrs. Franklin Curtis, and Mrs. Carlton Smith.

The nurses who's services were appreciated were; Mrs. Larry Grate, Mrs. Sims Baker, Mrs. Robert Gill and Mrs. Mike Bice.

The high school girls who assisted were Debbe Bergeon, Barbara Roff, Joyce Dutcher, Elaine Peters, Jackie Cooper, JoAnn Pischner, and Carol Cross. Their help was also greatly appreciated.

Special mention and thanks are given to the bus driver, Mr. Albert Thorpe, who drove the girls to and from the camp grounds all week.

The bus was furnished through the courtesy of the Charlevoix Public Schools.

Many thanks to the Church of God for the use of their camp grounds. It is a lovely and ideal spot for camping.

Troop No. 8—Under the leadership of Mrs. Ralph Hamilton and Mrs. Joe Williams left for Camp Charlevoix on June 10. The McFarland twins accompanied the troop as assistants to the leaders.

Troop No. 1—Under the leadership of Mrs. Lester Smith and Miss Ruth Richards left on the 10th of June for camp at Indian River.

• • •

Girl scoot troop number 4 has been meeting from February until now, we have given two successful bake sales. In troop meetings we have completed two badges which are the good grooming badge and handy woman. The troop members are earning cooking badges and a variety of others at home. We are planning to go camping at Ocqueoc.

All the members wish to thank the leaders who help us. They are Mrs. Brady, Mrs. Williams, and Mrs. Kipke.

Scribe, Roberta Swanson

Ag Teacher Here Takes Saranac Post

Ray Sherrock of Detroit spent the week-end visiting Mr. and Mrs. John Cook.

Mr. and Mrs. William Alward of Norwood visited Mr. and Mrs. George Parsons Sunday evening.

Mr. and Mrs. Claude Fairman and children visited Mrs. Fairman's sister's family, Mr. and Mrs. Clarence Bailey in Ludington Sunday.

Bill, Dick and Jim Jolliffe of Grand Rapids spent the week-end visiting their folks, the William Jolliffe family.

Jiles Warner and Glen Lawrence of Grand Rapids were here for the week-end.

Mr. and Mrs. Charles Warner were supper guests of Mr. and Mrs. Jasper Warner Sunday evening.

Mr. and Mrs. Walter Checque of Detroit visited their son-in-law and daughter, Mr. and Mrs. Doyle Warner Friday. They and the Doyle Warners were supper guests at the Charles Warner home. Evening visitors were Mr. and Mrs. Holmes of Clark, Mr. and Mrs. Bert Warner, Blanche Rickard and Mrs. Webster of Charlevoix.

Mr. and Mrs. Charles Murphy of East Jordan visited the Clyde Warner family Sunday.

Grant Fuller, 14, of Central Lake is spending his summer vacation with the Clyde Warners.

Betty Warner is employed at the Charlevoix hospital.

County Reports 138 Inches of Snow This Winter

A total of 138 inches of snow fell in Charlevoix county during the past winter according to Trim Reynolds, superintendent of the County Road Commission.

This was 27 inches more than fell the year before. However, it is conceded that a little more than that could have fallen at other points in the county. Trim's meausurement was official for the Road commission.

It was also revealed that it cost the county $159.27 per mile for snow removal last winter, for a total of $37,030 for removal of snow on McNitt (township) roads. The total McNitt budget for the county was $37,159 which means that the county has less than $129 left to do any repairing on township roads.

To help the townships so that they could allocate more township funds for betterment projects this year which would help in lowering snow removal costs, the Road commission is charging the townships with only one-half the costs for the past fiscal season, Clerk Ralph Hamilton said.

It cost the county $50 more per mile for snow removal this year than it did last year due to a heavier snowfall and increased labor and materials cost.

IRONTON

Mrs. Robert King

Mrs. Robert Clow, Traverse City visited with her sister, Mrs. Mina Foy for a few days last week.

Doan Ogden, Romeo, Mich., spent a few days last week with his parents, Mr. and Mrs. Clyde Ogden.

Mr. and Mrs. Noel Thomson and family left Sunday to make their home in Ohio.

Jim Foster is at the Rock Island Arsenal with the reserve unit for two weeks.

Gordon Freedman and Robert King flew to Traverse City Saturday on business.

Mrs. Ross Alexander gave a bridal shower Friday for Miss Virgileen Thomson. A unique game was played, with each one being given a clothes pin, napkin and piece of string. They were to design a bride. Mrs. Ed Beene won 1st prize for making the most beautiful bride.

Miss Thomson received many lovely gifts. 12 ladies were present. Refreshments were served.

Mr. and Mrs. Oakley Saunders were Sunday dinner guests of Mr. and Mrs. Arlo Wickersham.

Melody and Claudia King accompanied their grandparents. Mr. and Mrs. Sam King to Boyne City Sunday to visit their great-grandparents, Mr. and Mrs. Edward Davy.

Rev. Webster of Boyne City First Pres. church will be at the Ironton church next Sunday.

There will be no Ladies Aid meeting until further notice.

Roy Meyers is at home again after a stay in Charlevoix hospital. We hear he is getting along fine.

Mrs. Lottie Tumath and her two daughters, Eleanor and Mrs. Katherine Nebis and two sons are here in their summer cottage. The girls are getting their mother settled for the summer. We are glad you're back, Mrs. Tumath.

Mr. and Mrs. Jay Miller of Dixon returned to their home there Sunday. They will be here again later in the summer.

Mr. and Mrs. Robert King spent Saturday evening with Mr. and Mrs. Tommie Nielsen.

Last Tuesday Mr. Loren Duffy had quite an experience. It took him 13 minutes to land a 3½ lb. steelhead—he finally brought the big fellow in with the able assistance of Ed Beene and Bob Beedle. This was near Holy Island. Don't we all wish we'd have Mr. Duffy's luck—

That's all for now folks—see you next week—

Speak Vows in Church Ceremony

In a ceremony solemnized at the Church of God May 30, Mrs. Lucy Molet and Orton VanDusen exchanged their marriage vows before the Rev. W. D. Wood.

Immediately following the ceremony a reception for 75 guests was held at Fellowship hall.

The Barnard Grange honored Mr. and Mrs. Orton VanDusen on Friday evening.

The couple was presented with a gift from the organization. Refreshments were served late in the evening.

What women know best:

AS EVERY HOUSEWIFE KNOWS, it takes a lot of careful planning to make ends meet in these changing times. Yet many women are doing not only that, but also are seeing to it that money is put aside for future family needs. With typically shrewd feminine financial sense, they turn to the bank to safeguard their funds. Are you saving?

Dollar for Dollar you can't beat a Pontiac

A Beautiful Long-Time Investment!

Naturally, Pontiac's captivating beauty is the first thing that attracts you—but it's only a small part of the whole great Pontiac story. Talk to any Pontiac owner and you'll hear about months and years and thousands of miles of enjoyable driving with an absolute minimum of service attention—that's Pontiac's famous dependability.

Add them together—beauty, performance, dependability—and you'll know for sure that Dollar for Dollar You Can't Beat a Pontiac. Come in and get the facts!

Equipment, accessories and trim illustrated are subject to change without notice.

Charlevoix IN UNIFORM

Richard Southwood, seaman first class, arrived from the U.S. Naval Air Station at Pensacola, Fla., Thursday to spend a leave with his parents, Mr. and Mrs. Fred Southwood.

• • •

Pfc. Earldean Stephens of Camp Roberts, Calif., visited briefly with relatives and friends over the week-end while on furlough. He is visiting his parents, Mr. and Mrs. John Stephens, at Tecumseh.

• • •

Richard Scheid, ATAA, who is stationed at Hawaii with the Navy, recently passed admittance examinations for second year college. He had earlier passed his first year exams. He formerly attended the Charlevoix high school and has been in the Navy for two years. He is the son of Mr. and Mrs. Alfred R. Scheid who now reside in Cincinnati.

• • •

Sgt. George Fratrick, who is serving in Korea, hopes to return home later this summer, he has written his brother, John Fratrick. A veteran of World War II, he reenlisted and was in Japan when the Korean conflict started almost a year ago. He is with the 3rd. Inf. division which went to Korea late last August. He is now serving with his unit on the eastern front in Korea.

• • •

Benjamin S. Gill, EMC, accompanied by Mrs. Gill and daughter's, Carrol and Bennie, arrived Sunday from San Diego, Calif., to spend a leave with their respective mothers, Mrs. Fred Gill, sr, and Mrs. John Martin.

BABY TALK ....

Mr. and Mrs. J. Gilbert Powers of West Los Angeles, Calif., are the parents of a son born June 6. Mr. Powers is the son of Mr. and Mrs. Harry Powers of this city.

Mr. and Mrs. Harry Goldstick of South Boston, Mass., announce the birth of a daughter, Marcia, June 7.

Girl Scout News

Troop No. 5—Returned from Camp at Indian River. They all had a good time despite the bad weather and are anxiously waiting to see how the movies they took turned out. The leaders were Mrs. Jack Mailhot, Dorothea Kelly.

Troop No. 7—Under the leadership of Miss Barbara White and Mrs. Mark Cross, Troop No. 3 under the leadership of Mrs. Randall Crump and Troop No. 4 under the leadership of Mrs. Joe Williams and Mrs. Ray Kipke returned from Ocqueoc Camp and all reported a wonderful time. The highlight of the camping was a pet deer already named "Queenie" who was tame enough for the girls to feed bread and put their arms around.

Troop No. 2—Under the leadership of Mrs. Louis O'Niel and Mrs. George Smith returned from Tenbrook cabins at Central Lake and reported a really wonderful time. Aside from every one enjoying each day and it's activities they were able to report the fact that there were no mosquitoes on Intermediate Lake.

Special thanks are given to the Health Unit for giving a physical examination to each of the girls who went troop camping. It was certainly appreciated.

Day camping registered 52 girls and reported a week full of fun and happy children. Each day under the leadership of Mrs. Herbert Irish and the guidance of the unit leaders and assistants a full schedule was planned. The activities were cook outs—experimenting with tin can cooking, art and handicraft, story telling, sports, etc.

Thanks are given to the volunteer helpers who were: Mrs. George Roff, Mrs. Donald Abfalter, Mrs. Charles Duerr, Mrs. Alden Ulrich, Mrs. Fay Davis, Miss Kay Fitch, Mrs. Karl Erber, Mrs. Lawrence Korth, Mrs. Kenneth Cellner, Mrs. Edwin McCann, Mrs. Franklin Curtis, and Mrs. Carlton Smith.

The nurses who's services were appreciated were; Mrs. Larry Grate, Mrs. Sims Baker, Mrs. Robert Gill and Mrs. Mike Bico.

The high school girls who assisted were Debbe Bergeon, Barbara Roff, Joyce Dutcher, Elaine Peters, Jackie Cooper, JoAnn Pischner, and Carol Cross. Their help was also greatly appreciated.

Special mention and thanks are given to the bus driver, Mr. Albert Thorpe, who drove the girls to and from the camp grounds all week.

The bus was furnished through the courtesy of the Charlevoix Public Schools.

Many thanks to the Church of God for the use of their camp grounds. It is a lovely and ideal spot for camping.

Troop No. 8—Under the leadership of Mrs. Ralph Hamilton and Mrs. Joe Williams left for Camp Charlevoix on June 10. The McFarland twins accompanied the troop as assistants to the leaders.

Troop No. 1—Under the leadership of Mrs. Lester Smith and Miss Ruth Richards left on the 10th of June for camp at Indian River.

• • •

Girl scout troop number 4 has been meeting from February until now, we have given two successful bake sales. In troop meetings we have completed two badges which are the good grooming badge and handy woman. The troop members are earning cooking badges and a variety of others at home. We are planning to go camping at Ocqueoc.

All the members wish to thank the leaders who help us. They are Mrs. Brody, Mrs. Williams, and Mrs. Kipke.

Scribe, Roberta Swanson

Present: Honorable Floyd A. Supp, Judge of Probate.

The above estate having been admitted to probate and Lillis M. Flanders appointed Executrix.

It is Ordered, That 2 months from this date be allowed for filing claims against said estate; and that all creditors of said deceased are required to prove their claims to said Court at the hearing on claims to be held at the Probate Office in the said City of Charlevoix, on July 31st, 1951, at 2 o'clock in the afternoon;

It is Further Ordered, That public notice thereof be given by publication of this order for three successive weeks previous to said day of hearing in the Charlevoix Courier a newspaper printed and circulated in said County.

Floyd A. Supp,
Judge of Probate

Knight Owls Face Petoskey Sunday

The Charlevoix Knight Owls will play host to Petoskey Home Dairy Sunday, June 17 at 8:30 p.m. in Charlevoix.

The Owls walloped East Jordan 19-4 last Sunday with Chick Gallagher getting the first home run over the new fence and two singles to lead the attack. Junior Supernaw held the losers to six hits.

1951 — Junior Softball League — 1951

All Jr. League games will be played on the Belvedere field. The entry fee for each team is $10.00. The League will furnish balls, bats, plate umpire and official scorekeeper for each game. The HOME team will furnish the base umpire for each game. All games will start promptly at 6:45. Teams must furnish their own practice balls. Starting July 23 the Belvedere will enter a team for the second round.

Thomson-Fairbanks Nuptials Read at Ironton Church Rites

Virgeleen Thomson, daughter of Mr. and Mrs. Noel Thomson of Ironton, became the bride of Charles Fairbanks, son of Mr. and Mrs. Ronald Fairbanks of Grand Rapids, at a ceremony solemnized at the Ironton Congregational church Saturday afternoon. The Rev. W. D. Wood read the double ring service before an altar decorated with baskets of spring flowers and lighted tapers in candelabra in the presence of 150 guests.

Preceding the service Mrs. Alma Larsen of East Jordan, at the piano, played a program of traditional music and accompanied William Walker who sang "I Love You Truly" and "O Promise Me".

The bride, given in marriage by her father, selected a gown of white satin designed with a square neckline, long sleeves, fitted bodice and cathedral length train. A satin coronet held her fingertip veil of bridal illusion and she carried a cascade bouquet of white carnations and sweetpeas.

Attends Sister

Erma Jean Thomson, sister of the bride and her only attendant, wore a yellow taffeta gown styled with a round neckline, cap sleeves and princess skirt. She carried a bouquet of lavender and white carnations and sweetpeas.

Shayne Fairbanks of Grand Rapids, sister of the bridegroom was flower girl. She wore a floor-length gown of aqua taffeta and carried a basket of pink sweetpeas and stock.

James Bowman assisted the bridegroom as best man. Ushers were Duane Thomson, brother of the bride, and William Wallace.

Mrs. Thomson selected a black suit with white accents and black and white accessories for her daughter's wedding. Mrs. Fairbanks, mother of the bridegroom, wore a beige linen afternoon dress with navy and white accessories. Both had corsages of red and white carnations.

Reception Follows

Following the ceremony a reception was held in the church parlors. A five-tiered wedding cake centered the refreshment table which was decorated with spring flowers.

Mrs. Clifford Riley, aunt of the bridegroom, Mrs. Ernest Bron, sister of the bride, and Mrs. Alfred Larsen of East Jordan, presided at the refreshment table.

After a brief wedding trip the couple has returned here to make their home. For traveling the bride wore a gray glen plaid suit and white accessories.

Among those from away who attended the service were Mrs. Agnes Fairbanks, Mr. and Mrs. Fairbanks, daughter, Shayne and son, Bruce, of Grand Rapids and Mr. and Mrs. Percy Brown of Pontiac.

Summer Music

The summer music program for children which was to have started next Monday has been postponed until the following Monday, June 25, C. A. Odmark, band director, announced.

Card of Thanks

We wish to thank Dr's. Grate and Saltonstall and the entire hospital staff for their fine care and treatment during my recent stay in the hospital.

Also, many thanks to those who sent flowers, cards or came to visit. And many thanks to Rev. L. Lewis for his friendly visits and kind words.

Mr. and Mrs. Glenn Crain

Card of Thanks

This expresses our sincere thanks to the many relatives and friends for kindnesses shown at the tragic loss of our loved one, John Burns, especially Rev. Goodyke for his comforting words, Mrs. Casey Veenstra, Mrs. Henry Elzinga and John Elzinga for their beautiful music, and Mr. and Mrs. Grant Hastings for their kind services.

We especially appreciate your prayers and your sympathy shown thru cards and letters, flowers and calls, also, your generous money gifts.

Your thoughtfulness has eased our sorrow and warmed our hearts.

Mrs. Faye Burns and son Roy Henry.

Notice of Special Meeting
OF THE
Qualified Electors
OF
Charlevoix Township Unit School District
(CHARLEVOIX PUBLIC SCHOOLS)
Charlevoix and Antrim Counties, Michigan
To Be Held
June 14, 1951

TO THE QUALIFIED ELECTORS OF SAID SCHOOL DISTRICT:

PLEASE TAKE NOTICE that a special meeting of the qualified electors of said School District will be held in the High School building in the City of Charlevoix in said District on the 14th day of June, 1951, at 10 o'clock a.m.

THE POLLS OF ELECTION WILL OPEN AT 10 O'CLOCK, A.M. AND CLOSE AT 8 O'CLOCK, P.M., EASTERN STANDARD TIME:

The following propositions will be submitted to the vote of the electors qualified to vote thereon at said special meeting;

I. Shall the limitation on the total amount of taxes which may be assessed against all property in Charlevoix Township Unit School District (Charlevoix Public Schools), Charlevoix and Antrim Counties, Michigan, for all purposes, except taxes levied for the payment of interest and principal on obligations incurred prior to December 8, 1932, be increased, as provided by Section 21, Article X of the Constitution of Michigan, by one and seven tenths per cent (1.7%) of the assessed valuation, as equalized, of all property in the School District for a period of twenty (20) years, from 1951 to 1970, both inclusive, for the purpose of providing a debt retirement fund to pay the principal and interest on bonds of the School District in the principal amount of Six Hundred and Fifty Thousand Dollars ($650,000) to be issued for the purpose of erecting and furnishing a new high school building and acquiring additional land for site purposes in said District?

II. Shall Charlevoix Township Unit School District (Charlevoix Public Schools), Charlevoix and Antrim Counties, Michigan, borrow the sum of not to exceed Six Hundred and Fifty Thousand Dollars ($650,000) and issue its bonds therefor, for the purpose of erecting and furnishing a new high school building and acquiring additional land for site purposes in said District?

Each person voting on the proposition to increase the total tax rate limitation must be a citizen of the United States, above the age of 21 years, and have resided in the State of Michigan six months, and in tho School District 30 days next preceding the election.

Each person voting on the proposition of borrowing and issuing the bonds of said School District must be a citizen of the United States, above the age of 21 years, and have resided in the State of Michigan six months, and in the School District 30 days next preceding the election, and have property assessed for taxes within the School District or be the lawful husband or wifo of such person.

STATEMENT BY THE TREASURER OF THE COUNTY OF CHARLEVOIX, STATE OF MICHIGAN,
As Required By Act No. 293, Public Acts of Michigan for 1947

I, Lillis M. Flanders, Treasurer of Charlevoix County, Michigan, find that as of May 22nd, 1951, the total of all voted increases over and above the tax rate limitation established by Section 21, Article X of the Constitution of Michigan, in any local units of government affecting the taxable property located in Charlevoix Township Unit School District (Charlevoix Public Schools), Charlevoix and Antrim Counties, Michigan, is as follows:
None
DATED: May 22, 1951

LILLIS M. FLANDERS
Treasurer
Charlevoix County, Mich.

STATEMENT BY THE TREASURER OF THE COUNTY OF ANTRIM, STATE OF MICHIGAN, AS REQUIRED BY ACT NO. 293, PUBLIC ACTS OF MICHIGAN FOR 1947.

I, Leora M. Bailey, Treasurer of Antrim County, Michigan, find that as of May 22, 1951, the total of all voted increases over and above the tax rate limitation established by Section 21, Article X of the Constitution of Michigan, in any local units of government affecting the taxable property located in Charlevoix Township Unit School District (Charlevoix Public Schools), Charlevoix and Antrim Counties, Michigan, is as follows:

Local Unit	Voted Increases	Years Effective
Antrim County	2 mills	1951, 1952, 1953, 1954 1955.

DATED: May 22, 1951

LEORA M. BAILEY
Treasurer
Antrim County, Michigan

TAKE NOTICE That the Board of Education has estimated the total expense of erecting and furnishing a new high school building and acquiring additional land for site purposes in said District to be Six Hundred and Fifty Thousand ($650,000) Dollars, all of which it is necessary to raise by borrowing and issuing the bonds of the district.

This Notice is given by order of the Board of Education of Charlevoix Township Unit School District (Charlevoix Public Schools), Charlevoix and Antrim Counties, Michigan.
DATED: May 22, 1951

HAROLD WITHERS
Secretary, Board of
Education

Urges Preservation Of Beauty Spot

(Continued from Page 1)

and highly publicized to have constructed high grade roads, picnic tables, kitchenettes, outhouses, etc., and the promotion is visibly attested to by numerous commercial signs directing sight-seeing public to the Hills and through the Forest, the signs being placed outside of the Forestry Division jurisdiction. Even the offices of our political representatives and our governor were used in support of the ill-advised projected exploitation. Outdoors sportsmen have fought for years to preserve our natural resources and to have a politics-free Conservation Department.

* * *

ONE CANNOT now help wondering whether this beautiful valley could not have been more easily preserved in private hands, possibly as a private club.

The urging of sight-seeing traffic to "Dead Man's Hill" does not in itself appear wrong, but in this particular case it invites irrepairable damage, not only in the loss of the wilderness atmosphere, but we have a soil erosion problem confronting us at this particular spot, which will be aggravated by increased public use of the hillside. Natural sequence to going on the hill is driving down to the river, with some folks walking or sliding downhill in the sand. This process is already started, and there is practically no control over it. Unless a definite and long-term program is adopted promptly much of the sand in the hillside will be at the bottom and in the river. When that happens, the "Hill" and the valley below it will not mean much to anyone, and the river for several miles will have been ruined for all time.

It is simply impossible to have a tourist park and a natural wilderness forest in the same place at the same time. The first is man-made, while the second is nature's creation. Not only were valuable fishing and hunting rights preserved to the public for all time, but the real value of the Jordan Forest lies in the preservation of its natural surroundings and wilderness atmosphere.

* * *

IN THIS part of lower Michigan one can travel hundreds of miles on paved roads in almost any direction and be going through forests and woods of some kind more than half of the time, with some very beautiful scenery. Must we have a road to every acre and along every foot of the river in this particular forest? Is it not enough to be able to get to it, or must we have a highway through it? The Jordan Forest is so located that since the general lumbering operations every part of it and the river has been reasonably accessible, with township and other roads jutting into it from all sides, and lumbering trails within. There never was need for additional roads. There is no need for them now. We not only deceive ourselves but we cheat our children and their children when we insist that the very few God-given spots of nature still remaining in our state must be viewed from a pavement at sixty miles an hour.

As time passes, our people become more and more hungry for a secluded spot, away from the rumble of motors, where one can sit down all by himself in peaceful contentment, and possibly commune with his God in silence, be inspired by nature's wonders, and be refreshed by the pure air found only in the wilderness. To the fulfillment of these thoughts the creation of the Jordan Forest was dedicated. This is the soul of the Jordan Valley.

Please, may we have it preserved that way for ourselves and our children? And wherever flowers and trees sprout, even between the wagon wheel tracks on the trails, may they be permitted to grow unmolested? And upon maturity, may they be permitted to end their existence in the manner that nature prescribed just natural-like?

There must be folks among us who value these gifts of nature apart and above money considerations, and to such the trees and the flowers, the hills and the valleys, the deer, the birds, and even the sparkling ripples of the Jordan, beckon for friendship.

From where I sit ... *by* Joe Marsh

Hope "Cappy" Told Him Where To Get Off!

"Cappy" Fisher—who just retired after thirty-five years as a railroad conductor — was telling about a salesman who was often one of his passengers.

"That man was so busy," says Cappy, "he used to bring a dictaphone on the train to catch up on his letters. On one trip he'd been rushing around so much he clean forgot to bring his ticket. Left it on his desk."

When Cappy started to tell him not to worry about the ticket, the salesman busts out with "Who's worried about the ticket? It's just that now I don't know what city I was going to get off at!"

Cappy might have been pulling our leg, but from where I sit, lots of us get so wrapped up in ourselves we often forget "where we're going." Some folks get so narrow they even begrudge their neighbors the right to enjoy a glass of beer now and then. Let's not forget that just as trains run on steam and oil, democracies run on freedom and tolerance!

Joe Marsh

Copyright, 1951, United States Brewers Foundation

WE MUST HAVE

The New School

Here Are the Facts

1. The present building is overcrowded by 233% of capacity.

The school was intended for 150 high school students.

It now is jammed over 350 pupils from 7th grade up.

This overcrowding results in confusion, handicaps instruction, and denies the children of proper educational opportunities.

2. The present building is unsafe.

—It is a wooden building with brick veneer.

—Cannot be made fireproof.

—Structurally unsound for remodeling.

—We owe it to our children to stop overcrowding them from the 7th grade up in a fire trap.

We Must Build Now!

HERE IS WHY . . .

1. These conditions cannot go on.
2. It is cheaper to construct the complete building now . . .
3. Building costs for this same building have gone up $158,000 since 1948.

AND COSTS WILL CONTINUE TO RISE

4. It will cost more to build part at a time and do the job piecemeal.
5. It will save money to do it all now and spread the financing over a period of years.

The Actual Cost Will Be

- A $650,000 Bond Issue
- Actual Levy of not more than 12 mills for not over 14 years. This will decrease over the years as assessed valuation of the district increases through new construction.
- The propostion asks for authority to levy 17 mills for 20 years BUT all of this over 12 mills for 14 years is to attract lower interest rates and save the taxpayers money.

This additional taxing Power cannot be used after the bonds are paid or for any other purpose.

The Proposed Building Plan Is Best

1. It is the result of a five year study by the Board of Education and consulting experts.
2. Building the school at the same site will save the taxpayers over $10,000 per year in actual operating costs alone over a plan of using another site. This will save over $100,000 in 10 years and is a constant yearly saving forever.
3. This compels the use of the present site.

We must face our responsibilities

We can't argue over site locations and plans over a period of years while leaving the children neglected and subjected to hazards.

HAVE FAITH IN YOUR BOARD OF EDUCATION. THEY GIVE YOU THE BEST AND MOST ECONOMICAL PLAN.

Keep faith with your children and all the children of our community!

Ellsworth Spotlight

Mrs. William Best

A daughter was born to Mr. and Mrs. Robert Smalley, Monday, June 11 at the Charlevoix Hospital. She weighed 6 lbs. 8 oz.

Ellsworth streets received a much needed repair job last week. The work was done by Antrim County Road Commission crews under the supervision of Peter Wieland, village street superintendent.

Mr. and Mrs. Robert Fowler left Tuesday on a business trip to Oil City, Pa. They plan to be gone a week.

Mr. and Mrs. Elmer Klooster and his mother, Mrs. Peter Klooster were in Grand Rapids for the week-end visiting the latter's daughter, Mrs. Louis Oosterbaan, a former resident of the community, who is recuperating from a major operation at Blodgett Hospital. The Kloosters also visited other relatives there.

Mr. and Mrs. Henry Smith and family have moved from the Dawson house into one of the Yettaw cabins for a couple of weeks.

Bob Smalley attended the annual Spring Food Show in Traverse City Tuesday evening.

Mr. and Mrs. Bernie Klooster and son, Gerald, and Earl Dobben of Fremont, spent the week-end with Mr. and Mrs. Jake Klooster.

Mr. and Mrs. George Elzinga of Kalamazoo are spending a week with Mr. and Mrs. Henry Vander Ark. While here they are making repairs on their former home.

Mr. and Mrs. Robert Kelsey and Ronnie returned last week from a three week vacation trip through southern states. They spent a few days with Mr. and Mrs. Eugene Best, then returned to their home at Clare.

Mr. and Mrs. Marvin Rubingh and daughter returned to their home at Mt. Pleasant after spending a week with his parents, Mr. and Mrs. Gerrit Rubingh and other relatives and friends.

Mrs. Maggie Rogers of Lansing is spending a few days at the home of Mr. and Mrs. John Peebles and also visiting other relatives in this area.

Mr. and Mrs. Burr Abrahamson and family of Mt. Pleasant spent the week-end with her parents, Mr. and Mrs. Gerrit Rubingh.

Mr. and Mrs. Lee Danforth and son, Keith, of East Jordan were Sunday afternoon callers at the Merion Best home.

The baked sale held by the Ellsworth Extension club Saturday afternoon at the Quality Food Store netted over $20.

Joe Cooper is having a two weeks vacation from his job as custodian at the Ellsworth Community Hall. Mr. and Mrs. Cooper left Monday for Chicago to spend their vacation with relatives there.

Week-end visitors at the home of Mr. and Mrs. William Petter and family were Mr. and Mrs. Joe Sommerville and daughter of Muskegon and Mr. and Mrs. Harold Petter of Traverse City. The Harold Petters also visited her parents, Mr. and Mrs. Darwin Orcutt.

Sunday dinner guests at the home of Mr. and Mrs. Wren Chellis were Mr. and Mrs. Gordon Ranney and children of Petoskey, Mr. and Mrs. Bud Chellis and Bruce and Walter McElroy.

A children's Day program was presented Sunday evening at the Atwood Reformed church.

Mr. and Mrs. Gerald Boss and Mr. and Mrs. Sandy Matchett all of Charlevoix were Sunday afternoon visitors at the home of Mr. and Mrs. Wren Chellis. In the evening Mr. and Mrs. Edward Komradt of East Jordan called at the Chellis home.

The Ellsworth Home Extension club met Tuesday evening at the home of Mrs. Edward Denny.

Mr. and Mrs. John Oosterbaan spent Thursday at Rudyard and Sault St. Marie. Mrs. Ben Timmer who has been visiting relatives at Rudyard since Memorial Day, returned with them.

The eighth grade graduating class of the Ebenezer Christian school went on a trip Thursday and Friday to Detroit. Mr. and Mrs. John Drenth and Mr. and Mrs. Bud Karsten accompanied them.

Mr. and Mrs. John Tanmer took their son, James, to Munson Hospital, Traverse City, Sunday afternoon. On Tuesday morning he had his arm re-set.

Mr. and Mrs. Jake Klooster left Monday for a one week fishing trip in the Upper Peninsula.

Lawrence Boss of Barnard spent Saturday visiting Arthur Ruis, sr.

Fay Doctor, daughter of Mr. and Mrs. Si Doctor is spending several days with her grandmother, Mrs. Gertie Doctor.

Mrs. Bessie Woldyke and son-in-law and daughter, Mr. and Mrs. George Baker of Grandville are visiting the former's sister, and family, Mr. and Mrs. Albert Fielstra.

Del Clow and August Vander Ark spent the week-end with "Doc" White of Charlevoix at his cabin near Cadillac.

The Ellsworth Christian Reformed church will hold Sunday evening services during the months of June, July, and August.

Flag Day will be observed on Thursday, June 14, with a display of flags by business men in the village.

The Pilgrim Holiness Sunday school held a wiener roast at the East Jordan park Monday evening.

Mr. and Mrs. Ethan Edson and children were Sunday dinner guests at the home of her parents, Mr. and Mrs. William Derenzy.

The North Echo District Ladies Aid met with Mrs. Ethan Edson Thursday afternoon.

Mr. and Mrs. Charles Edson were Sunday supper guests of Mr. and Mrs. Ira Springstead of Central Lake.

Mrs. Rex Gibbard of East Jordan has leased the Ellsworth Beauty Shop and plans to open it for business soon.

Cynthia Edson, daughter of Mr. and Mrs. Ethan Edson spent a few days last week with her aunt and uncle, Mr. and Mrs. Theo Jeffery of East Jordan.

School Trustee Nominations

Nominating Petitions for Candidates for two school trustees:

One for Three Years

One for One Year

should be filed with the Secretary of the Board of Education by June 15, 1951.

Petitions are available at the school office and the office of the Courier.

HAROLD WITHERS
Secretary
Board of Education

NOTE:

The terms of office of Harold Withers and Mrs. Kit Carson will expire this year.

(CHARLEVOIX TOWNSHIP UNIT SCHOOL District)

Protection For Jewelry

Finishes are used on costume jewelry for protection and decoration. Some jewelry pieces require one or more decorative colors followed by a clear, protective finish. Others, such as chain necklaces and buckles, are coated only with a transparent, protective finish.

Garden Insects

If rotenone is combined with D. D. T. pratically all insects of vegetable and flower gardens can be controlled. But vegetables should always be carefully washed before using when D. D. T. has been used on them.

COME IN TODAY FOR A DEMONSTRATION

POWER-PACKED -and then some!

THERE are a lot of reasons you can expect a new GMC to keep hauling a lot longer than any other truck you can buy.

First is the fact of horsepower. Whether it's a gasoline-powered ½- to 2-tonner with horsepower unbeaten in its class, or one of the new heavy-duty Diesels—*you can't beat a GMC for "go"!*

But the extra value you find in these great trucks doesn't end at the power plant.

There's the smooth GMC Synchro-Mesh Transmission linked to a sharp-shooting drive line, pouring every ounce of power back to the rugged rear axle. *And the solid way horsepower becomes wheel-action*—you know there's extra depth of truck performance engineered right down through a GMC's broad-shouldered frame!

And standing guard over these long-time trucks are husky brakes with more area than most—the surest, easiest steering ever devised to direct a pay load home—all controlled from a spacious "Six-Footer" Cab that's Weathersealed for a lifetime.

GMC's come in the widest range of engine-body-chassis combinations to fit any trucking need. The prices? *No better buy anywhere!* Come see for yourself.

You'll do better on a used truck with your GMC dealer

Styled to stay ahead—acclaimed by the Society of Motion Picture Art Directors as the year's "Most advanced concept of automotive styling."

Now that you're buying "for keeps"—

Buy the newest new car of them all!

As every thoughtful person knows: *the car you buy today is a car you should be proud to own "for keeps!"*

In times like these, it's actually *extravagant* to buy a lightly built car that begs for frequent trading.

That's the big economy reason why so many far-sighted buyers are now taking the easy step up to their first Packard.

And here's what they enjoy: Exclusive, award-winning beauty to keep it distinctive, regardless of its age. A lastingly new brand of performance from America's highest-compression eights . . . and Packard's exclusive *Ultramatic Drive*. A matchless combination of gentle *smoothness* and firm, *road-hugging* safety with Packard's famed Limousine Ride. All backed by the greatest durability record in motordom:

Of all the Packards built, in the last 52 years, over 50% are still in service!

Car details as shown subject to change without notice

It's more than a car—it's a PACKARD

Charlevoix County Farm News

Forage Utilization To Be Topic At Antrim Pasture Day June 21

Forage Utilization by the Dairy Cow will be discussed by Dr. Ralph E. Hodgson, renown Dairy expert from the Bureau of Dairy Industry, United States Department of Agriculture. At the Antrim Pasture Day, Thursday, June 21, according to Ed Rebman, county agricultural agent. This event will be centered at the Robert White farm, four miles north of Kewadin on US 31.

The program is scheduled to begin at 10.00 a.m. with the viewing of pastura plots on tha White farm. These plots are ona-half acre in siza and consist of thraa legumes: alfalfa, birdsfoot trefoil and ladino clovar in combination with differant grasses: ..bromegrass, ..orchard grass and alta fescue.

The plots were established in May, 1949 and were pastured extensively in 1950 and are being pastured at present. In addition, a sizable field of ladino clover adjoining these plots was established in 1950 and is now being pastured by the twenty-five head of dairy cows.

GRASS SILAGE making will be demonstrated, using all farmer owned and operated equipment. The dairy barn will be open for inspection which features a mechanical gutter-cleaner. The milk house will also be open for inspection.

Dr. Hodgson's talk is scheduled for 1:00 p.m. and following this, several tours have been scheduled to visit farms within the area that have various pastures. These will include the farms of Mervyn Barnes, Beverly Veliquette, John Stevens, Frank Hoopfer and Lennie Haller. They will include various types of pasture; reed canary, ladino clover, alfalfa bromegrass, white dutch clover and birdsfoot trefoil.

• • •

AT THE JOHN Steven's farm, the Martin Hay Dryer will be demonstrated. This is a relatively new method of drying hay using a field chopper, storage dryer and self-feeding for the beef herd of this particular farm.

Lunches and refreshments will be available at the farm through various cooperating organizations.

The pastures day is the first such day to be held in Michigan and is being sponsored by the Agricultural Extension Service, Antrim Soil Conservation District and the Soil Conservation Service.

Now Is Time To Prune Scotch, Red Pine Trees

There are many plantations of Red and Scotch Pine trees in Charlevoix county that are being grown for Christmas trees Ed Rebman county agricultural agent stated today. The recent upswing in the popularity of pines for this use hinges primarily on their inherent ability to retain their needles when exposed to high roof temperatures and low humidities.

According to Lester E. Bell, Extension Forester at Michigan State College, the quality of these trees can be materially increased by judicious pruning or shaping. Bell recommends that the pruning be done on the new growth in the early part of the summer. He says the pines in southern Michigan are ready to prune now and that the trees in the northern counties will be ready by the tenth of June.

The technique employed is aimed at shaping the tree to a conical outline, reducing excessive height growth, and producing a tree with dense foliage free of noticeable holes or open spots.

Bell suggests that hedge shears are the best tool to use but hand pruners or a jack knife may be used satisfactorily.

Only new growth should be pruned unless some radical change in the tree form is desired.

Complete information on tree pruning techniques can be obtained from the various county agricultural agents offices or by writing to the Forestry Department at Michigan State College.

ORCHARD NOTES

By Claude Fairman

Arsenate of Lead is used as a poison against fruit fly, curculio and many other insects and at times very harmful to tree and foliage.

Newer and better materials are being tried in the East which we hope to have soon. Arsenate of Lead is not as harmful when mixed with fermate.

Arsenate should not be applied to freshly planted trees unless they are in full vigor and some insect or worm is actually eating the leaves badly.

Any fruit trees that are in low vigor should be sprayed sparingly with Arsenate of Lead.

This material should be added to the spray tank after the tank is full. After spraying out one tank and re-loading the second and there after and coming to the first tree it is better to spray on the ground at first as it is liable to kill a sweet cherry tree. I had the experience of killing some that way.

Some of the materiol settles down to the bottom of tank and in the sediment bulb. Plums and Prunes will stand one application of arsenate at petal fall.

Where sour and sweet cherries are sprayed weekly, the lead should be omitted so as to use lead on every other spraying.

As lead on one spray and the next spraying no lead. Except in the fruit fly time. When early Richmond cherries show pink is a warning. Also notices are put out to' growers by the company agent.

Cages of flys are kept at Boyne City by County agent and the Charlevoix county orchard inspector.

Here to home we figure that we have stopped the shot hole fungus with the first three sprays at weekly intervals with Fermate and scab on apples up to and during bloom. Six years of our own experiment.

However we now use some fermate as a softner for the arsenate of lead on the ofter spray for insects. We have made yearly inspections of orchards in several counties adjoining us noting soil management and spraying.

Sweet Potato

The sweet potato's technical name is Ipomoea batatas. Its family is that of the morning glory. The white potato, the Solanum tuberosum, is related to the nightshade.

IT HAPPENED ON ....

BEAVER ISLAND

By Mrs. J. C. Hanley

he brightest spots in ge is McDonough's t has been given a face and a very new look. n brick and plate glass has placed the wooden front and dinory glass windows of the store.

The front to the upstaris dwelling has been finished off with asbestos shingles in a soft shade of green and a large picture window giving a panamora view of the harbor. The storage room to the side of the building has the green asbestos shingle finish. It's a big improvement and a credit to the village.

It's full steam ahead down ot the mill—Pischner's mill. Lumber is beginning to pile up on Gallogher's dock.

Jim Corpenter and crew hove organized camp for summer cutting ond finishing for Zeibarth's lumber project.

• • •

MONDAY, MRS. Irene LaFreniere, Mrs. Mary Martin and Mrs. Mary Gatliff left by plane for visits to the doctor in Charlevoix.

The North Shore left the island at noon Tuesday to accomodate the friends and relatives of the Lagerman family who were returning to the mainland.

Just before the boot left the island Tuesday, Kenneth McDonough injured his knee. Kenneth and his mother, Mrs. Bill McDonough, made a quick dash to the boat to go across for a check up at the doctor's. According to the doctor, the injury was not serious. They returned Wednesday.

Ted Danaj, Detroit, arrived Monday to spend his vacation as the guest of Bertha McDonough. Ted brought up his car and this time has had the oppurtunity to get around the Island with a very attractive blond as his guide. . . meaning Bertha, of course.

PVT. CHARLES McCauley has been transferred from Fort Knox to Valley Forge Army Hospital. His address is Pvt. Charles W. McCauley, US55073892, Valley Forge Hospital, Ward 21c, Phoenixville, Pa. Charles will be happy to hear from his friends while recuperating.

Pvt. Bud Left and Pvt. Roger Ricksgers of Fort Knox, Ky., and St. James, Beaver Island spent the week-end as guests of Pvt. Ricksgers fiancee, Mary Ann Bonczkowski and her parents, Mr. and Mrs. Jerome Bonczkowski in Grand Rapids.

Mrs. Lizzie McCauley had as her guest, her daughter and son-in-law, Mr. and Mrs. Wayne Long and their little daughter from Pontiac.

Mrs. Marvin Cross and little daughter, Debora Jean, are the guests of Mrs. Cross' parents, Mr. and Mrs. Ed Burke.

Gene Kinney and doughters, Marilyn and Pat, left on Wednesday's boat to visit in Detroit.

• • •

MRS. CLARENCE Palmer and infant daughter returned to the island Wednesday. Baby Mary Ann put in her appearance June 2nd at the Charlevoix hospital.

The four Tiger fans, Burt McDonough, Archie LaFreniere, Lloyd and Lawrence McDonough, returned with glowing accounts of a swell time hod while watching their favorite team play. They were accompanied to the ball game by Joy McDonough, Lloyd's daughter and Lillion Connoghan, both students at Mercy Central School of Nursing, Grand Rapids. The ball gome was exciting, they say, but the highlight of Burt's excitement was buying out a side-walk peddler. He couldn't resist the bright colored combs, suspenders, beanies, shoe loces, etc, The more he saw the more he wanted to buy. It took a pow'ful lot of tugging at the coat tail to pull him away before he cleaned out the joint.

• • •

JAMES GALLAGHER (the Young) took his son out to his farm one day last week and what a big surprise was in the barn. When Brian took a look, there he sow the cutest little colt and what a thrill when his dad said, "He's all yours".

Rosalie and Billy Bonnet and Charles Dudley received a thrill last week when the North Shore brought across three shinny new bicycles with their names.

Wedding bells rang recently for one of the North Shore's crew, Bobby Miller. Bobby's bride is the former Mrs. Betty Moody, daughter of Mrs. Edyth Kleinhinz of St. James.

Friday, no less than twelve B-36 planes flew over the island causing a bit of excitement.

Patrick LaFreniere and Douglas Burke were home on short leave from the car ferries. Douglas works out of Ludington and Patrick out of Muskegon.

• • •

MR. and MRS. Ed "Bruts" Boyle and children spent four days on the island. They returned to their home in Chicago Monday morning.

Father Richard MacLellan, Richard Lyons and Martin Laughlin, all of Indianapolis, spent Sunday on the island and crossed to the mainland Monday morning.

Mrs. Lester Soergel and sons and Grace Marie McCann, South Haven, arrived Sunday to visit Mrs. Soergel's father, Gus Mielke.

You can watch the descent of of a coin for 40 feet the the bottom of Big Springs near Manistique, Michigan.

Hay Crushing Method Attracts More Attention

Hay crushing is a haying method that is attracting more attention each year, reports R. W. Kleis, Michigan State College agricultural engineer.

Crushing helps overcome several Michigan haying problems, he points out. A large percentage of the hay harvested in the stote each year is either completely spoiled or seriously damaged by bad weather while curing. Crushing is one of the ways to speed up the drying process to cut down the time hay is subject to weather damage.

Kleis recently prepared a new Michigan State College extension folder, "Hay Crushing" in which he cites that the general purpose of crushing hay is to crack and crush the stems . . . especially coarser ones . . . so that there will be more surfoce exposed to the air. Moisture and plant juices in the interior of the stem are brought into more direct contact with the drying air. Both these factors tend to step up the rate of drying and allow stems to dry nearly as fast as the leaves.

Several makes of hay crushers ore now on the market. While they differ some in design, they all accomplish the same general purpose in much the same woy.

Whether or not the purchase of a hay crusher is justified by the savings in hay and hay quality depends on the operating conditions of each individual farm, Kleis points out. Such things as acreage of hay, value of hoy, local weather conditions, hilliness of the fields, and size of the tractor must be considered.

A more complete discussion of hay crushers and their operation will be found in Kleis' folder, F-162, "Hay Crushing." It is available at county agricultural agents' offices or by writing to the Bulletin Office, Department of Information Services, Michigan State College, East Lansing.

Some of the world's finest gypsum is taken from open pits in Iosco county.

CASE "SC" TRACTOR
Fewer Hours at the Wheel
More Acres in the Field

THE MORE YOU LOOK • THE BETTER YOU'LL LIKE A CASE

● Here's a FULL 2-plow tractor. It has the power, speed and traction to get full capacity from all implements of 2-plow rating. Its extra power is a big help in corn-picking and other power-take-off jobs. Its Quick-Dodge Steering makes easy work of cleao, fast cultivating. Its fuel-saving fourth gear handles light work at reduced engine speed, and it's just right for safe hauling. It's the kind of tractor that gets more dooe. Come in and see about it.

RECORD OF COUNCIL

June 4, 1951

The Common Council of the City of Charlevoix met on the above date with Mayor John Knight presiding. Aldermen present: Hamilton, Heering, Zeitler, Bellinger, and Gebeau. Absent Kohler.

The minutes of the previous meetings were read and approved.

The Paul-Reed resolution was offered by Alderman Gebeau and seconded by Alderman Bellinger to make minor changes in the property deed.

Resolution adopted by the following Yea and Nay vote. Yeas: Hamilton, Heering, Zeitler, Bellinger, and Gebeau. Nays: None. Absent: Kohler.

Moved by Alderman Hamilton and seconded by Alderman Zeitler that the greens fees at the Charlevoix Municipal Golf Course be raised 25% for the 1951 season. Motion carried by the following Yea and Nay vote. Yeas: Hamilton, Heering, Zeitler, Bellinger, and Gebeau. Nays: None. Absent: Kohler.

Moved by Alderman Zeitler and seconded by Alderman Heering that the bid of the Roosevelt Oil Company for 200,000 gallons of fuel oil at .0955 per gallon be accepted providing no lower bid is received by 8:00 P.M. of June 5, 1951 which was date set for receiving bids. Motion carried by the following Yea and Nay vote. Yeas: Hamilton, Heering, Zeitler, Bellinger, and Gebeau. Nays: None. Absent: Kohler.

Ordinance No. 247 was offered by Alderman Heering and supported by Alderman Hamilton. Adopted by the following Yea and Noy vote. Yeas: Hamilton, Heering, Zeitler, Bellinger and Gebeau. Nays: None. Absent: Kohler.

Ordinance No. 247

An ordinance to provide for and appropriate the several amounts required to defray the expenses and liabilities of the City of Charlevoix for the fiscal year beginning March 1, 1951; to provide for an interest and Sinking Fund to pay the funded debt of the City and the interest thereon; to provide for the several Street District Funds; viz; Street District No. 1 Fund, Street District No. 2 Fund, and Street District No. 3 Fund, to defray the expenses of working upon the streets in each respective Street District.

THE CITY OF CHARLEVOIX ORDAINS:

Section 1. That to defray the expenses and pay the liabilities of the City of Charlevoix, Michigan, for the fiscal year beginning March 1, 1951, chargeable to the several funds provided by law and duly created, it is necessary to appropriate to such funds for the respective purposes thereof the following sums of money:

Contingent Fund	$ 8,778.10	(2.3 mills)
Park Fund	5,790.07	(1.5 mills)
General Street Fund	4,732.10	(1.2 mills)
Docks & Harbor Fund	5,790.07	(1.5 mills)
Fire Fund	3,860.05	(1.0 mills)
Police Fund	5,790.07	(1.5 mills)
Cemetery Fund	5,790.07	(1.5 mills)
Advertising Fund	7,720.10	(2.0 mills)
Total General Fund	$48,250.63	(12.5 mills)
Interest & Sinking Fund	19,300.25	(5.0 mills)
Special Street District Funds:		
Street District No. 1	3,623.00	(2.5 mills)
Street District No. 2	2,299.00	(2.5 mills)
Street District No. 3	3,728.12	(2.5 mills)
Total Street District Funds	9,650.12	
TOTAL ALL FUNDS	$77,201.01	(20 mills)

Section 2. That there be raised by tax upon the July tax roll for the year 1951, to be assessed upon the real and personal property in said city, a total sum of money equal to 12.5 mills on each dollar of the total assessed valuation of such property as shown on the assessment roll of said year, such sum, including the allocation made by the County Tax Commission. Also a further sum equal to 5 mills on each dollar of said valuation for the uses and purposes of the interest and Sinking Fund in paying the funded debt of the City of Charlevoix and the matured interest thereon. Also, that there be raised by tax upon said tax roll, to be assessed upon the real and personal property in Street District No. 1, Street District No. 2, and Street District No. 3, respectively, a further sum equal to 2.5 mills on each dollar for the uses and purposes of the Street District Fund for each Street District, respectively, in defraying the cost of improving, repairing and cleaning the streets of each respective Street District. Such taxes shall be entered upon the tax roll, assessed and levied, ond as collected shall be apportioned accordingly and the amounts therein assessed and levied aforesaid for the Street District No. 1, Street District No. 2, and Street District No. 3 Fund, and the interest and Sinking Fund shall be apportioned to said funds as herein prescribed.

Section 3. The City Assessor shall assess and spread the total of the amounts herein specified on said July tax roll in the manner provided by law, together with all unpaid special assessments appearing on the special assessment rolls of said City as a lien upon lands described in said rolls, which Special Assessment shall be spread and levied against the respective lands and premises liable therefor according to such Special Assessment Roll.

Section 4. The City Treasurer shall collect the taxes levied and spread under the provisions of this Ordinance, and when collected, credit the several funds as herein prescribed pro rata as the appropriation to each fund shall bear to the total of all taxes assessed and spead on said tax roll, and shall collect all special assessments on said tax roll, and when collected credit the same to the special assessment funds as provided by law.

Section 5. Ordinance No. 239 and all other appropriations ordinances are hereby repealed.

Section 6. This Ordinance is ordered to take immediate effect.

Moved by Alderman Heering and seconded by Alderman Zeitler that the standing bid of Moore's Hudson Sales and Service in the amount of $350.00 difference in trade with present police car for new Hudson be accepted. Motion carried by the following Yea and Nay vote. Yeas: Hamilton, Heering, Zeitler, Bellinger, and Gebeau. Nays: None. Absent: Kohler.

Resolution offered by Alderman Zeitler and supported by Alderman Hamilton. "RESOLVED THAT the regulation of parking under Ordinance No. 226 which provides for the regulation of parking by the use of parking meters be placed in effect and enforced commencing on Monday, June 25, 1951 and that the City Clerk publish notice thereof in the Charlevoix Courier."

Resolution adopted by the following Yea and Nay vote. Yeas: Hamilton, Heering, Zeitler, Bellinger, and Gebeau. Nays: None. Absent: Kohler.

Moved by Alderman Hamilton and seconded by Alderman Gebeau that a charge of $50.00 be made for each new water connection to be effective as of July 2, 1951. Motion carried by the following Yea and Nay vote. Yeas: Hamilton, Heering, Zeitler, Bellinger, and Gebeau. Nays: None. Absent: Kohler.

The finance committee having examined bills totalling $9,971.43 find them correct and recommend they be allowed.

HUGH MAYNE, City Clerk

Sale of Cruisers Revealed Here

Two well-known Charlevoix cruisers have been sold recently and left here for other ports, James Bellinger, of Bellinger Marine Service, has announced.

The Mathews 38 foot cruiser, Anna H., formerly owned by Don Clothier, has been sold to Dr. A. B. Aldrich and party of Hancock and left here early this week for the Lake Superior port.

Kay Fitch's Richardson cruiser, Lets Go, has been sold to Charles Hebert, a former resident who is now living in Escanaba. The boat was taken to the upper peninsula port last week.

Lawrence Klooster Arrives in States

Pfc Lawrence Klooster, of Charlevoix, RR 1, was among the western Michigan soldiers being returned to this county through the rotation plan. He landed Saturday in Seattle, Wash., and is enroute to his home near Atwood to visit his relatives.

He enlisted in the army more than two years ago and was in Japan with the 24th Infantry Division when the Korean Conflict started almost a year ago. He went to Korea early in July.

He is the son of the late Mr. and Mrs. Thomas Klooster and is the nephew of Mr. and Mrs. Ralph Klooster, RR 3, Charlevoix.

Dr. Palmers Extend Greetings to Governor

Dr. and Mrs. Russell Palmer who have been vacationing from Beaver Island, were guests of Dr. Albert Heustis, director of the Michigan Department of Health in Lansing last week.

While in Lansing they extended the greetings of Beaver Island to Governor and Mrs. G. Mennen Williams. They visited in Detroit before going to Lansing.

Mrs. Palmer will remain in Charlevoix until the middle of July before returning to the Island. Dr. Palmer was to leave this morning for the Island.

Two Local Graduates Get College Degrees

Two Charlevoix men received their degrees from Michigan Colleges this June.

Douglas Byers, son of Mr. and Mrs. Harold Byers, received his Bachelor of Arts degree with a major in business administration from Michigan State College, East Lansing, last week.

James Roberts, son of Mrs. Bertha Roberts, will receive his Bachelor of Science degree with a major in Mathematics Saturday from Central Michigan College at Mt. Pleasant.

Attend Retreat

The annual Northwestern Michigan Catholic Laymen's Retreat was held at Leland June 8-9-10. Attending from here were Ralph S. Hamilton, Frank Oleksy and George LaBlance, jr.

Mrs. Lagerman Buried on Island

Beaver Island—The body of Mrs. Margaret Lagerman was brought to the island on Monday's boat for burial. Monday evening, friends and relatives gathered at the home of Mr. and Mrs. Ray Cull for the rosary.

Tuesday morning, the funeral procession proceeded to Holy Cross Cemetery where they were met by Father Giles who officiated at the grave. The funeral Mass was held in St. Mary's church, Charlevoix. Besides the immediate family, those from out-of-town who accompanied Mrs. Lagerman to the island were Franklin Left, Jacksonville, Beach, Fla.; Carl Left, Great Lakes seaman, also Mr. and Mrs. Gerald Left, Mrs. Earl Miller, Mrs. Annie McCann, Mrs. Nellie McCafferty, Mrs. Mildred Peterson, Mr. Floyd Brown, Janice Zeitler, Dick Donaldson, Ronald Cunningham, Charlevoix; Mr. and Mrs. Joseph Left, Mrs. Thomas Dehal, Mr. and Mrs. Russell Rink, Chicago; also two brothers and one sister of Mr. Lagerman's from Milwaukee.

Superintendent Tells Hospital Conditions

(Continued from page 1)

She needs all the space for the many tests she is doing for patients.

• • •

HER WORK has more than trippled since her employment two years ago. She never has a place for her donors when she takes blood for typing and cross-matching. As the laboratory is too small she puts them in the hall, x-ray, or wherever space is available.

The Charlevoix people are fortunate to have an x-ray and laboratory technician who is so well trained, but due to this condition could very well leave us and take a better hospital with a well equipped laboratory.

Many patients have complained of no dressing room for the x-ray. The x-ray room is located in such a way that it is used a great deal for public traffic, there is always someone going in for different needs, as out-patient medicine chest is in the x-ray department and bandages, and orthopedic dressings are in the same room.

• • •

SO YOU can see how the patient and technician feel about this. Many a time a patient vanished into the dark room to get out of sight. There is no room for her tests, such as E. K. G. and B. M. R. tests, we place them in any inconvenient room. Due to being so well trained she gets her tests, but she should have a room for just that purpose. So you can readily see why we need a new hospital.

The operating room is another space that is outmoded. The sterilizing room across the hall makes it very inconvenient.

• • •

THAT IS a very good reason for wanting a better operating room department and sterilizing room. The Health Department from Lansing says an operating room that opens right into the hall is bad and he can see a new hospital is needed badly and he also mentioned that we must have some fine surgical nurses and doctors to overcome these handicaps.

We have no room for oxygen tents, extra children's cribs and spare furniture such as dressers and chairs, which are taken out of rooms where we add extra beds, therefore, we have to place them in the basement hall.

• • •

THERE ISN'T ever enough space to carry supplies through the basement hall, without continually moving everything out. The stairways are hazardous too, the employees have to walk through these crowded rooms, to the deep freeze, fruit and vegetable room.

Many unnecessary steps are taken by the women in the kitchen to the basement as the space is so small, they can't keep everything in the kitchen.

The ambulance entrance is also very conspicuous. All the patients see what is coming and going and you see what that means. An endless question is what happened, to who?

Besides, Its hazardous in the winter and also some patients have used the steps and fallen. This type of incline and steps combined is not too satisfactory for a hospital.

Three Veterans Relate Grim Story of Korean Fighting

By Fran Martin

Charlevoix is welcoming home three of its Korean war veterans.

They are Sgt. Clair Williams, a World War II veteran, who served with the Seventh Division; Pfc. Lawrence Klooster who saw service with the 24th Division and Cpl. Essenberg who was with the First Cavalry Division.

All three, although they served in different sectors, have many things in common. They all agree it is hard to believe they are really home. There were many times when they thought they would never make it home again.

They say it has been ROUGH, and they mean just that, in Korea from the day they landed until they were pulled out of the lines to come home on the army's rotation plan.

They also feel that the UN troops should be allowed to bomb Red bases in Manchuria for as long as the Reds can get supplies the war will go on.

• • • •

THEY ALL feel the same, too, about General MacArthur's dismissal. As Sgt. Williams said, "The soldiers were stunned for they never thought he would leave them under any circumstances. They were shocked that the President would do such a thing." They all feel he received a ' dirty deal' in the manner in which he was relieved of his command.

Cpl. Essenberg said that those he knew felt General MacArthur understood the Orientals better than anyone else.

Among them they have an assortment of medals and ribbons not often seen. There are two bronze stars for bravery in action, two Korean citations given by the South Korean government to UN divisions, two combat infantry badges, a Purple Heart medal, three Japanese occupation ribbons, one Korean occupation ribbon and three Korean campaign ribbons with stars.

Sgt. Williams was the last of the three to go into action in Korea but was the first to come home. Prior to this enlistment he served three years in World War II and was in the European theatre. He re-enlisted in 1947 and went to Korea to serve with the army of occupation in November of the same year.

While there he served as private secretary to General Dean who has been missing in action since the early days of the war. He said General Dean was loved by the South Koreans when he served as military advisor to their government.

• • • •

WHEN AMERICAN troops were moved from Korea in 1948, he went to Japan where he joined the 24th Infantry Division

It was with his outfit that he participated in the Inchon landing with the First Marine Division on September 20, 1050. In a matter of days the unit was in Seoul and he said one could hardly recognize it, as the place he had been in peace time.

In November 1950 his unit, the 31st Infantry Regiment of the Seventh Division crossed the 38th parallel for the first time. They continued north and when the First Marine Division was trapped near the Manchurian in late November by the Chinese Reds and North Koreans the Seventh was sent in to rescue them and they were trapped with the Marines near Hauagri.

Later they made their way to the East Coast after suffering heavy losses and were evacuated from Hungnem by ships and taken to Pusan. While surrounded by the enemy, Sgt. Williams said he saw some of the coldest weather he ever hopes to see again. The temperature was always below zero and sometimes it dropped to 60 degrees below. They had C rations which kept them going even if they weren't too tasty.

He recrossed the parallel going south via ship and after a few days at Pusan was sent to the Taegue area.

He was awarded the bronze star for bravery in action near Suwan on Hill 113 in September. It was here that he was wounded and received the Purple Heart medal and was also awarded the Combat Infantry badge.

SGT. WILLIAMS, who saw action in Europe during World War II, says there is no comparison between the two actions.

This is a foot soldier's war, he went on. In Europe there was always the threat of air action but in Korea we seldom saw planes or had to worry about them until early this year.

Without warning he was pulled from the lines May 3 and brought home to visit his parents, Mr. and Mrs. Melvin Jones of Ironton. He plans to go to southern Michigan later this week to visit a brother, Sgt. Stanley Dean whom he hasn't seen for more than five years and who is stationed at Selfridge AFB. Another brother, M/Sgt. Elliott Howe, whom he hasn't seen for six years will come from a Missouri camp to join them. He will go to Fort Riley, Kans., after reporting at Fort Custer.

• • • •

PFC. KLOOSTER enlisted in June, 1949 and the following September was shipped to Japan where he was assigned to the First Cavalry Division for six months before joining the 24th Division with whom he went to Japan on July 6, 1050.

Two days later he was at the front where his outfit was one of the divisions which held the Taijon-Pusan perimiter until September. It was during these dark days that the divisions held with their backs to the sea.

His unit, the Third Engineers of the 24th Division, crossed the parellel in October and were within 12 miles of the Manchurian border on the west coast when they were pushed back by the Chinese Reds and North Koreans in December.

They withdrew south across the parallel

Final Details for the special clinic Tuesday, June 26 at the Charlevoix elementary school for crippled and afflicted children are discussed by Dr. A. F. Litzenburger, director of the district health department, second from right, Mrs. Robert McClure, extreme right, Mrs. Margaret Davenport and Mrs. Marian Rice, extreme left.

Passes Two Weeks After Graduation

Untimely Death Claims Gleneen E. Pemberton, 17

By Vic Spaniolo

Comely Gleneen E. Pemberton went to her death with the realization that she had achieved her most cherished ambition, graduation from high school with her class.

Untimely death claimed her early last Saturday in the University of Michigan hospital where she had been taken two days before for treatment and observation by her parents, Mr. and Mrs. Glenn Pemberton. She died shortly after an operation.

Death from a brain injury, believed caused seven years ago when she struck her head in a shallow dive at Mt. Clemens, robbed her family of its only child. Her passing came a short 17 days after her graduation.

• • •

WHILE HER DEATH was unexpected she had been suffering from severe headaches and had been under the care of doctors for an extended period. But Gleneen was a plucky girl. Even when the headaches became unendurable, she kept up a stiff front so as not to worry her mother and father.

Few of her friends or teachers ever realized that she was undergoing suffering. She was not the type to complain. Her heart was set on graduation and taking the senior trip.

• • •

MANY WERE the times in the last few months when she literally forced herself to attend classes, but she did not want anyone to express sympathy for her. There were times when she would become faint at home but did her best to cover up so her folks would not worry unnecessarily.

A kindly girl, she was not the type to push herself forward. She was well-liked and enjoyed being with her friends in various school activities. She was also close to her parents. Always cheerful, she loved to ride horseback and to swim. She had to give up horseback riding last summer.

• • •

DURING THE last few months, she must have been fearful many times she would not be able to graduate with her class, but her determination carried her through the many trials.

She often spoke of her wishing to graduate more than anything else. Even on the eve of graduation, it was not certain whether she could go through the ceremony. But she had looked forward so long to graduation day. Her doctor approved and she went through commencement ceremonies and enjoyed the senior trip.

• • •

VIRTUALLY no one was aware of the condition which was to become worse by the day.

• • •

HER CLASSMATES recall the many times when her laugh and cheerful words made their teenage problems take on a brighter aspect. Unselfish to a marked degree, she helped to make others happy around her.

Gleneen was born March 24, 1934. Besides her parents, she leaves her grandparents, Mr. and Mrs. Amos O'Neil of Charlevoix and a host of friends, young and old, who will miss her smiling, cheerful face.

Her classmates attended the funeral services virtually en masse. Some 275 persons heard the Rev. L. L. Lewis, whose daughter was a friend of Gleneen, pray for strength and faith for the parents and friends in the days to come.

• • •

SPEAKING from the 14th chapter of John, Reverend Lewis repeated 'Put your faith and trust in me. Ye believe in God, believe in Me also. Beloved God has given us light so we can find our way to his side.

Temper your grief with the thought that Gleneen has joined the Lord and that tomorrow in eternity is when the real life begins. We are only preparing for the real life today.

• • •

SHE HAS ONLY left the life on earth to live in the kingdom of Jesus.

Pallbearers were William Wallace, George VerWys, James Bowman, Charles Rose, Don Hardy and Allan Louiselle. Honorary pallbearers were Alvin Ranger, Dale Suomela, Ronald Cunningham, Tom Donaldson, Charles Fairbanks, William Ward, Dwight Smith and Samuel Hamilton.

Her many friends made contributions to the new hospital fund, various churches, the Lenore Goldman fund and other charities in Gleneen's memory.

Joan Ward Chosen Venetian Queen

Joan Ward, five-foot five inch blue-eyed blonde, has been chosen to reign as Charlevoix Venetian Night Queen for 1951 and to represent Charlevoix in the Cherry Queen contest at Traverse City June 29, Jack Mailhot, chairman of the Queen's committee, has announced.

In her court will be the other four candidates for the honor, Viola Andersen, Mary Louise Gennett, Joan Hess and Colleen Reed.

Miss Ward was selected by four judges from the Petoskey Kiwanis and Lions Clubs at a dinner at the Bay View Country club Monday evening.

Miss Ward, who is 21 years old, is a 1947 graduate of the Charlevoix high school and in 1950 graduated from the Elkhart, Ind., Business University. Until recently she was employed as a medical secretary at Detroit Memorial Hospital.

She will assume her duties as queen at the Coronation Ball at the Beach Hotel July 28 when she will receive her crown from Ann Gill, 1950 Venetian Queen.

Plans Complete For Clinic Here June 26

Plans have been completed for the special clinic for crippled and afflicted children from four northern Michigan counties at the Charlevoix Elementary school Tuesday, June 26.

Dr. A. F. Litzenberger, director of the District Health Unit No. 3 who is arranging the clinic said the success of the clinic is assured.

He went on to say that many appointments have already been made and more are expected before Tuesday.

• • •

DR. CARL Badgley, chief of orthopedic department at the University of Michigan, and Dr. J. T. Jerome, orthopedic specialist of Traverse City, will examine children from Antrim, Charlevoix, Emmet and Otsego counties who have been referred to the clinic by the members of the northern Michigan Medical Society of the Health Unit. The Michigan Crippled Children's Commission is sponsoring the clinic.

Mrs. Robert McClure, chairman of the committee of volunteer workers is still recruiting workers to assist in the day-long clinic. Mrs. Margaret Davenport and Mrs. Marian Rice are also completing their arrangements.

• • •

DR. LITZENBERGER said the staff would be ready for any number of youngsters who will visit the clinic to be examined by outstanding orthopedic doctors.

Mrs. McClure has named the following who will assist with the clinic: registrar, Mrs. Jeff Novotny; assistant registrar, Mrs. Charles Bellinger; new histories, Mrs. G. B. Saltonstall.

Examining room, Mrs. Robert Wexstaff, Mrs. C. M. Bice, Mrs. L. E. Grate, Mrs. Robert Paul, Mrs. Albert Cook, Mrs. Robert Miles.

• • •

GIRLS DRESSING room, Miss Frances Milner and Mrs. Louis O'Niell; Boys dressing room, Mrs. Ralph McRae and Mrs. John Mol; nurse in charge of records, Mrs. C. C. Sessions; typist, Mrs. Ivan Phillips.

Transportation for x-rays, Mrs. Ralph Hess and Mrs. Charles Bleha; play facilities, Mrs. E. D. Hawley and Mrs. Stewart Henner; messenger, Joan Hess.

Rites Held Saturday For Robert Evans, Sr.

Ellsworth—Funeral services for Robert Evans, Sr., who died Tuesday morning, were held Saturday afternoon from the United Missionary church East Jordan. Rev. H. Diller, pastor of the Ellsworth Pilgrim Holiness church conducted the service, assisted by Rev. Tompson of East Jordan. Burial was in Sunset Hill cemetery, East Jordan.

Mr. Evans was a former resident of this community for many years.

He is survived by his wife, Toni, one daughter, Mrs. Dean Fiedler of Ellsworth, and three sons, Robert of East Jordan, Curtis of Flint and Howard in the Armed Forces.

Knight Owls Face Traverse City Sunday

Charlevoix Knight Owls face their first major opponent here Sunday, June 24, at 8:30 p.m. when they tangle with a powerful Traverse City Drive Gear team, currently leading the Class A league.

Retiring Postmaster Turns Over Keys

Photo by Fran Martin

Retiring postmaster Joseph M. Foster hands the keys and stamp book to his successor, Peter H. Timmer, as he leaves the postmaster office Friday night. Timmer received the appointment as acting postmaster Friday from the U. S. Post office Department and assumed his duties Saturday.

Peter H. Timmer, a member of the Charlevoix post office staff since 1927, was appointed acting postmaster of the local post office effective Saturday. He succeeds Joseph M. Foster who had served as postmaster since May 1, 1936.

Mr. Timmer has been assistant postmaster since 1936.

Timmer's successor in the office of assistant postmaster has not been named.

As long as Mr. Timmer is serving as acting postmaster the position of assistant postmaster will remain vacant. Additional temporary help will be employed as needed. However due to the national emergency all employes hired for this work and also for the summer resort season will be on a strictly temporary basis, as the civil service commission is not certifying any probational appointments.

William Seese has been employed as temporary substitute carrier who, in addition to other employment, will deliver mail on the Belvedere resort this summer.

Carlton H. Smith will assist in the office at the stamp window and in the sorting of mail.

Grover C. Geneit, regular classified substitute will continue to service as replacement for clerks and carriers on leave and to assist during rush hours.

Leave for Induction

Two Charlevoix county inductees left Wednesday for Detroit for induction into the armed services.

They were Lyle R. Etcher and Robert R. Wales of East Jordan.

School Board Seeks Answer To Vote Defeat

The Charlevoix Board of Education, its plan for a new high school building vetoed by voters, today sought the answer to the overcrowding problem of the present 51-year old building.

District school voters, in a record turnout, voted down a plan to raise $650,000 for a new 27-room high school last Thursday at a special election by a 2 to 1 margin.

Both proposals lost by that margin. The first proposal to authorize the levying of 17 mills for 20 years, was defeated 645 to 315. The second proposal, to authorize the $650,000 bond issue, was voted down by a 645 to 295 margin.

• • •

BONNIE Nickerson, president of the school board, said that plans were uncertain as to the next step in attempting to relieve the overcrowding of the school, now handling 350 students from the seventh grade up, as compared with the original capacity of 150 students.

Board members stressed the fact that the school district faces a critical problem in attempting to alleviate the crowded situation. While there has been no official credence to several reports, there is repeated talk in some quarters that the gymnasium may be divided into classrooms to relieve crowded classrooms.

Kiwanis Float Wins First Prize in School Parade

Parade judges found it a difficult task to select the winning floats, slogans and bicycles in the parade held Thursday in connection with the special school election.

The winning float, entered by the Kiwanis portrayed the contrast between 1901 and 1951 by means of swim suits of both eras modeled by Mrs. Robert McClure and George Wolfe for 1901 and Joan Hess and James Bowman for 1951.

A horse-drawn wagon carried the 1901 model and a modern truck the 1951 models.

A LOG school house with teacher and pupils garbed in oldfashioned costumes won the second prize. The float was entered by the Eastern Star.

The quarter-mile long parade, led by the Charlevoix high school band, featured many other clever and original floats entered by schools, fraternal and civic clubs.

The V. F. W., featuring a modern day serviceman and an old had the winning slogan "Old Soldiers never die . . . schools do".

THE BICYCLE prizes were a-

(Continued on Page 10)

Police Will Step-up Drive On Speeders

The city council urged the police department to step-up its drive against speeders, after hearing several complaints of fast driving on Bridge street.

It also authorized the construction of signs forbidding U turns at either side of the bridge and atop both hills on Bridge st.

Police Chief Clarence Heise said that four speeders had been given tickets for fast driving and reckless driving in recent days and assured the council that efforts will be made to curb speeding and other traffic violations.

• • •

AFTER considerable discussion the council voted to give Leslie Everts, cemetery superintendent, $18 per month for driving expenses in connection with the job. He also was given $50 for mileage up to May 15.

The council agreed that the mileage money will be stopped as soon as the light department can turn over its old line truck to Everts. He previously submitted a claim for mileage for his car which he used during the last year on city business.

A proposal by Robert Neff that a pine tree in the park which partly covers the Quality Food sign be moved at the store's expense, was referred to the parks committee.

• • •

IN RESPONSE to a question as to when city street crews will begin work on West Upright, Leo Allard said it would be in about two weeks. Allard was also asked to determine how much work is necessary to repair the city warehouse and disposal plant.

Three Men Vie For School Board Seat on July 9

Four candidates will seek election to the Charlevoix Board of Education at the annual meeting to be held at the high school July 9.

Two posts on the board are open.

Harold Withers whose three-year term expires next month will seek re-election and will be opposed by John Knight and Vernon Mathews.

Mrs. Eleanor Carson, who is seeking election to the one-year unexpired term to which she was appointed last fall, is unopposed.

Attend Convention

Ellsworth—Del Clow and Henry Elzinga who attended the State M.U.C.C. Convention at St. Ignace last week report the largest convention in the life of the club. Over 400 attended the banquet Saturday night.

Coming Events

June 27—The ladies auxiliary of the Charlevoix Rod and Gun club are sponsoring an all games party at the club house at 8:00 p.m. Public invited.

June 27 — Episcopal Women's Guild will meet at Ironton home of Mrs. Frank Milward for luncheon meeting.

June 28 — Musical "Life of Christ in Song" Community Church of God Youth Missionary Group. 8:00 p.m. at the church.

June 29 — National Cherry Queen will be selected at Traverse City.

The Editorial Page

It Takes Courage To Sign Your Name

It takes courage to sign your name.

This is the only conclusion that can be reached after this newspaper was forced to discard a number of letters on the school issue because the letters bore no signature.

This failure to sign one's name to a letter to the editor is a disgusting feature of anonymous writers. Every newspaper discards more letters than are printed for the simple reason that they contain no hint as to the author.

During the recent school discussions on the pros and cons of the new high school building, feelings ran a little high and it seemed a natural thing to pen a letter to the editor. This is the American way of expression **when the letters are signed.**

Letters coming into the Courier which contain no signature will never be used because we will not become a partner to any hidden attack on any person or subject. The letters must be signed and the signatures will be withheld from publication but placed on file. This newspaper must know who is writing the letters.

We print letters with initials appearing in the paper but only when we have the full name of the writer on file. There are various reasons why a person would not want his name attached to his letter. As long as we know that the signature is affixed to the letter, it will be printed.

In the last week we received several letters with initials, crudely printed, for publication. The letters carried no signatures and they were not printed in this newspaper.

The writer of one of these letters took issue with another letter and said "it was on the sarcastic side." Then shortly later in his letter, the writer became sarcastic himself. But then the writer neglected to sign his name.

These unsigned letters to us always seem like a "knife in the dark" and usually attack something bitterly. It's easy to criticize something in the community or some individual without signing one's name. Your opponent can't answer the charges because he does not know who is doing the striking.

It's not the American way of doing things. If you have something you want to say—BY ALL MEANS SAY IT OR WRITE IT BUT FOR HEAVEN'S SAKE HAVE COURAGE ENOUGH TO SIGN THE LETTER. An unsigned letter is a coward's way of writing. If you don't want your name used, ask the editor to withhold it. But at least he knows he is not contributing to an attack by a cowardly author.

This Is a High Tax Habit

Apparently nothing can curb the administration policy of reckless spending. It's a bad habit that seems to be thoroughly entrenched.

Representative Thomas A. Jenkins (R), Ohio, offers the following figures to show how budget requests are snow-balling the non-defense agencies:

In 1948 the State Department spent $154 million; for 1952 that department asks $302 milliod.

The Labor Department got $86 million in '48, and asks $221 million for '52.

Federal Security Agency got along on $937 million in '48 and seeks $2,154 mil- for '52.

In 1948 Interior spent $350 million, asks $610 million for the coming year.

The Army Engineers spent $384 million on civil works during 1948, and have budgeted $629 million next year.

The Housing and Home Finance Agency got $13 million in 1948, and wants $39 million for 1952.

In 1948 the Department of Agriculture got by with $985 million, asks $1,348 million next year.

These are a few of the reasons President Truman is requesting $16 billion in new taxes. They are also reasons we are in the agonies of ever mounting inflation, with prices getting beyond the reach of the workingman's pocketbook.

The House has been working on the major appropriation bills but still has a lot of unfinished business to accomplish on money matters. The Senate has even more work to do on money matters.

Add to this consideration of foreign aid bills, control bills to cover prices, wages and materials, action on selective service matters, and a lot of other things and the conclusion is Congress will undoubtedly be in session all summer.

ODDS 'N ENDS

By Fran Martin

Thursday will mark the official arrival of summer . . . according to the calendar . . . but the weather we had over the week-end marked its official arrival as far as we're concerned . . . That and the fact that home grown strawberries . . . which we dearly love . . . are on the market . . . leave no doubt that the days of barefoot boys and summer visitors and queens and anything else that reminds one of summer is really here . . .

And added to that . . . did you ever see so many mosquitoes in your life . . . Honest, they're just about big enough to carry one off and we'll bet they attack in formations . . .

• • •

NOW THAT Joe Foster is retiring as postmaster after 15 years one month and 15 days at the job, the fish are going to have to be careful . . . He swears he's going to spend a lot of time on the lake and with bass season coming up you'll no doubt see him out every morning . . . Congratulations to his successor, Pete Timmer, who's been around the postoffice for so long that he's kind of a fixture . . . or something . . . More and more postmasters are being appointed from the ranks but this is the first time we've had such an appointment . . . Let's hope it will be permanent . . .

Wasn't that parade last Thursday just about the cleverest thing you've ever seen . . . who ever would have thought there could be so many original floats, costumes and slogans as there were . . . The committee in charge of the affair sure deserves a big 'thank you' . . . They in turn would like to thank everyone who participated and others who made it such a success . . . And if you think it wasn't difficult judging the event, you've another guess coming . . . the judges really had quite a time . . . Speaking in their behalf we'd like to say we wish we could have given everyone a prize for everyone deserved one . . .

• • •

ISN'T IT GOOD to see our boys home from the Korean fighting front . . . There's Andy Essenberg, Lawrence Klooster and Clair Williams who have all arrived recently . . . And they all say the same thing . . . After what we've seen it's difficult to realize we're really home . . . We hope you appreciate what they and their comrades have done as much as they appreciate you and what you stand for . . . In the next few weeks more of them will be home . . . Let's let them know we're happy to have them home . . .

Next Monday will be the first anniversary of the Korean war . . . Let's say a prayer that it won't go on much longer . . .

• • •

AT THE TIME this is being written your Venetian night queen for 1951 has not been selected . . . But before the week is out we'll know who she'll be . . . We'd like to take this opportunity to wish her lots of luck . . . No matter which of the five candidates is selected we know she'll make a queen we'll love and be proud of . . . May her reign be a happy and successful one . . .

The community was shocked last Saturday morning to learn of the death of one of our recent graduates, Gleneen Pemberton . . she of the happy disposition and slow smile . . . who less than three weeks before had been one of the 55 graduates to walk down the aisle and receive her coveted diploma . . . We think everyone knows what a pal she was to her parents, particularly her dad for they seemed to do everything together . . . From everyone who knows you, Glenn and Freda, our deepest sympathy . . .

Marilyn Ikens Feted At Bridal Shower

Marilyn Ikens, whose marriage to Dale Boss will be an event of June 23, was honored at a bridal shower given Wednesday evening by Mrs. John Norton at the home of the latter's mother, Mrs. Floyd Ikens.

The thirty guests enjoyed games with prizes and refreshments. Bouquets of spring flowers and lighted tapers decorated the refreshment table.

The bride-elect was presented with many lovely gifts.

PARKING METERS

Parking Meters Will Be In Effect on JUNE 25

On Bridge street and various approaches to the business district as prescribed in the ordinance on parking meters.

The meters may be in operation before June 25 but violations will not be checked until that date.

The co-operation of the residents and visitors of Charlevoix is sought in the operation of the meters for the public good.

Starting with June 25, the meters will be checked by an officer for violations.

City of Charlevoix

I See by the Courier . . .

• Margaret Roussin and Sally Salomon returned to Grand Rapids recently after spending a week-end with the former's parents, Mr. and Mrs. Bud Fisher.

• Mr. and Mrs. Edward Scott and son-in-law and daughter, Mr. and Mrs. Clifton Gregory spent the week-end recently with relatives in Grand Rapids and in Kalamazoo with the former's son-in-law and daughter, Mr. and Mrs. K. S. Preston.

• Theresa Zeitler and her guest, Betty Gschneidner, of Detroit spent the week-end with the former's mother, Mrs. John Zeitler, Sr.

• Mrs. Harold DeJongh returned to Holland Sunday after visiting since Tuesday with her mother, Mrs. Milton Block. Mr. DeJongh and son, Paul, came for her.

• Mr. and Mrs. Bud Gebeau and daughter, Sherri, of Midland, visited Sunday and Monday with their respective parents, Mr. and Mrs. Harry Gebeau and Mr. and Mrs. Walter Taylor.

• Mr. and Mrs. Benjamin Gill and two daughters of San Diego who are visiting here, Mrs. Fred Gill, Sr., Mr. and Mrs. Robert Gill and daughter and Mary Sue Gill spent Sunday at Elmira with Mr. and Mrs. Robert Duff and family.

• Mr. and Mrs. C. A. Odmark and son, Dickie and daughter, Julie, left Thursday for Muskegon to spend several days with his parents, Mr. and Mrs. August Odmark. Their son, Bobby, who has been visiting his grandparents will return with them.

• Robert Sterritt and daughter, Beverly, arrived Friday from Muskegon to visit his mother, Mrs. E. C. Sterritt. Mr. Sterritt will remain a week and Beverly will spend the summer here.

Van Peenen-Publow Wedding Vows Are Exchanged in Candlelight Service

In a candlelight ceremony performed at the Mt. Hope Methodist church in Lansing Saturday evening Sandra Sue Van Peenen became the bride of John S. Publow.

The bride is the daughter of Mr. and Mrs. Willis Van Peenen of Lansing and the bridegroom is the son of Mrs. Earl Publow of Lansing and Norwood and the late Mr. Publow.

The Rev. Warren Brown read the service before an altar decorated with baskets of white snapdragons, peonies and gladioli, white tapers and palms. Wanda Van Peenen, sister of the bride was soloist and Mrs. Carl Gilson was organist.

The bride selected a gown of white organza over slipper satin with a nylon net yoke trimmed with Swedish lace.

Her fingertip veil of bridal illusion fell from a headpiece of shirred net and medallions of Swedish lace. She carried a Colonial cascade bouquet of stephanotis, phalaenopsis and variegated ivy.

Mrs. Robert Mosher, aunt of the bride, was matron of honor, Jacqueline Wise, was maid of honor and Shirlie Huested and Joan Risk were bridesmaids. Cecile Lee Van Peenen, nine-year old sister of the bride, was junior bridesmaid. Flower girls were Linda Gay Richardson and Tamela Lynn Van Peenen, another sister of the bride. Ring bearer was Richard Nussrallah of Cleveland, Ohio, a cousin of the bride.

The senior bridal attendants were gowned in taffeta. Mrs. Mosher's frock was of lime; Miss Wise's coral; Miss Huested and Cecile Lee's of blue and Miss Risk's yellow. Matron and maid of honor carried red garnet roses. The flower girls were gowned in white. Colonial cascade roses in pink were carried by the bridesmaids and flower girls.

Mrs. John Publow

Martin W. Richardson assisted his nephew as best man. Ushers were Tedd White, Phillip Winnicke and Alan Campbell. Junior usher was Ronald Hansen.

Immediately following the ceremony a reception for 250 guests was held in the church parlors.

Mrs. Van Peenen chose a navy lace dress with white accessories and a white orchid corsage for her daughter's wedding. Mrs. Publow wore a navy sheer gown, pink accessories and a corsage of pink delight roses.

After a wedding trip through northern Michigan the couple will reside in Dearborn.

Among those from out of town who attended the wedding were Mr. and Mrs. Vern Baumbach, Mr. and Mrs. Stanley Lord, Mr. and Mrs. Milton Richardson, Dawson Way and Robert Clark of Charlevoix.

• Sam Levinson arrived Saturday from Chicago to spend the summer at Shady Corner.

• Guy Meyers of Cleveland, Ohio, visited briefly last Tuesday with his brother, Fred S. Meyers, who is a patient at the Charlevoix Hospital and Mrs. Meyers. On Thursday Mr. Meyers' nephew, Clair Meyers of New York, N. Y., visited here. Their son-in-law and daughter, Mr. and Mrs. R. A. MacMullan and daughter, Sally, of the Heights visited here Friday evening and Saturday.

Rosemary Burns Speaks Vows In Grand Rapids

At a wedding ceremony performed at the Eighth Reformed church in Grand Rapids Saturday, Miss Rosemary Burns became the bride of Clinton Sexton, Jr.

The bride is the daughter of Mr. and Mrs. Peter Burns of Ellsworth and the bridegroom is the son of Mrs. Hattie Sturgell of Colson, Ky.

The Rev. T. Jansma officiated at the ceremony.

The bride selected a street length dress of pale blue net over satin, matching accessories and a corsage of white carnations for her wedding.

Greta Ruis, as maid of honor, wore an orchid dress, matching accessories and a corsage of yellow carnations.

Roy Sexton assisted his brother as best man.

Mrs. Burns chose a blue suit, matching accessories and an orchid corsage for her daughter's wedding.

A dinner for the wedding party was held at Adam's Cafe immediately after the ceremony.

The couple will reside in Grand Rapids following a southern wedding trip.

Mr. and Mrs. C. B. Meggison have had as their guests their sons-in-law and daughters, Mr. and Mrs. Kenneth Wilson who returned to Ann Arbor Wednesday after spending several days here and Mr. and Mrs. Jack DeWildt and daughters, Gail Ann and Jaci Lynn, returned to Grand Rapids Sunday after spending the

METHODIST CHURCH
411 Antrim St. Telephone 812-R
George E. Whitten D. D. Minister

Sunday at the First Methodist church. The church school will start at 9:30 Mr. Lesley Everts, superintendent. Then at 10:30 Dr. Whitten will speak in the Morning Worship on the subject "Anchored To The Infinite". This sermon will help you master your nerves problems.

"Joe's experience sold me!...

I'd been passing up the Blue Cross-Blue Shield protection we can get through our company—until I saw how those plans helped him when he needed it."

"When Blue Cross and Blue Shield were made available where I work, Joe signed up first thing. I held off, myself. Figured I didn't need the protection—we're pretty healthy in our family—and I'd 'save' the few cents a day it costs.

"But last year Joe had to go to the hospital for quite a stay. He needed all kinds of drugs and treatment. Then his little girl was taken sick and went to the hospital, too. Joe admits he'd be in debt today if it weren't for the way Blue Cross covered the . . .

. . . hospital bills—and Blue Shield paid for most of the medical and surgical treatment. Joe's case opened my eyes . . . I signed up my whole family at the next enrollment period. It doesn't pay to pass up *that* kind of protection!"

Ellsworth Spotlight

Mrs. William Best

Mr. and Mrs. Peter Wieland spent the week-end in Grand Rapids.

Mr. and Mrs. Bryce Vance of East Jordan were Sunday visitors at the home of Mr. and Mrs. Bud Chellis and Bruce.

Mr. and Mrs. Andrew Ploegstra of Rudyard spent Wednesday with their daughter and her husband, Mr. and Mrs. John Drenth. On Saturday Mrs. Drenth's brother and his wife, Mr. and Mrs. Herman Ploekstra also of Rudyard came to spend the day with the Drenth's.

James Timmer, patient at Munson hospital, Traverse City, will soon undergo surgery to have a piece of bone grafted into his arm. He will have to remain at the hospital for three months for treatments. He would appreciate visits or cards and letters during this long time that he will be hospitalized.
